The Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451 (as amended), are made under the Health and Safety at Work etc Act 1974 ss 15(1), (2), (3), (4)(a), (5)(b), (6)(b), 82(3)(a), Sch 3 paras 1(1)-(3), 12, 15(1), 16 (as amended) (powers to make health and safety regulations: see HEALTH AND SAFETY AT WORK vol 52 (2009) PARAS 424, 425). As to criminal proceedings for contravention of health and safety regulations see HEALTH AND SAFETY AT WORK vol 53 (2009) PARA 852 et seq.

UPDATE

911-946 Safe Installation and Use of Gas Fittings and Appliances

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(v) Gas Standards and Safety/D. SAFE INSTALLATION AND USE OF GAS FITTINGS AND APPLIANCES/ (B) Gas Fittings; General Provisions/915. Materials and workmanship.

915. Materials and workmanship.

No person must install a gas fitting¹ unless every part of it is of good construction and sound material, of adequate strength and size to secure safety and of a type appropriate for the gas² with which it is to be used³. Without prejudice to the generality of the above requirements, no person must install in a building any pipe or pipe fitting for use in the supply of gas which is:

- 1728 (1) made of lead or lead alloy; or
- 1729 (2) made of a non-metallic substance unless it is:
- 135
- 205. (a) a pipe connected to a readily movable gas appliance⁴ designed for use without a flue⁵; or
- 206. (b) a pipe entering the building and that part of it within the building is placed inside a metallic sheath which is so constructed and installed as to prevent, so far as is reasonably practicable, the escape of gas into the building if the pipe should fail⁶.
- 136

No person must carry out any work in relation to a gas fitting or gas storage vessel⁷ otherwise than in accordance with appropriate standards and in such a way as to prevent danger to any person⁸.

1 For the meaning of references to installing a gas fitting see PARA 913 note 1 ante; and for the meaning of 'gas fitting' see PARA 911 note 3 ante.

2 For the meaning of 'gas' for these purposes see PARA 911 note 3 ante.

3 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 5(1). As to the application of reg 5 see PARA 911 ante; and as to exemptions see PARA 912 ante.

The Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451 (as amended), are made under the Health and Safety at Work etc Act 1974 ss 15(1), (2), (3), (4)(a), (5)(b), (6)(b), 82(3)(a), Sch 3 paras 1(1)-(3), 12, 15(1), 16 (as amended) (powers to make health and safety regulations: see HEALTH AND SAFETY AT WORK vol 52 (2009) PARAS 424, 425). As to criminal proceedings for contravention of health and safety regulations see HEALTH AND SAFETY AT WORK vol 53 (2009) PARA 852 et seq. No person is, however, to be guilty of an offence by reason of contravention of the Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 5(1) in any case in which he can show that he took all reasonable steps to prevent that contravention: reg 39.

4 For the meaning of 'gas appliance' see PARA 911 note 6 ante.

5 For the meaning of 'flue' see PARA 913 note 19 ante.

6 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 5(2). See also note 3 supra.

7 For the meaning of 'gas storage vessel' see PARA 911 note 3 ante.

8 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 5(3). See also note 3 supra.

UPDATE

911-946 Safe Installation and Use of Gas Fittings and Appliances

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(v) Gas Standards and Safety/D. SAFE INSTALLATION AND USE OF GAS FITTINGS AND APPLIANCES/ (B) Gas Fittings; General Provisions/916. General safety precautions.

916. General safety precautions.

No person must carry out any work in relation to a gas fitting¹ in such a manner that gas² could be released unless steps are taken to prevent the gas so released constituting a danger to any person³. No person carrying out work in relation to a gas fitting must leave the fitting unattended unless every incomplete gasway has been sealed with the appropriate fitting or the gas fitting is otherwise safe⁴.

Any person who disconnects a gas fitting must, with the appropriate fitting⁵, seal off every outlet of every pipe to which it was connected⁶.

No person carrying out work in relation to a gas fitting which involves exposing gasways which contain or have contained flammable gas must smoke or use any source of ignition in such a manner as may lead to the risk of fire or explosion⁷; and no person searching for an escape of gas must use any source of ignition⁸.

Where a person carries out any work in relation to a gas fitting which might affect the gas tightness of the gas installation he must immediately thereafter test the installation for gas tightness at least as far as the nearest valves upstream and downstream in the installation⁹.

No person must:

- 1730 (1) install a gas storage vessel¹⁰ unless the site where it is to be installed is such as to ensure that the gas storage vessel can be used, filled or refilled without causing a danger to any person¹¹;
- 1731 (2) install in a cellar or basement a gas storage vessel or an appliance fuelled by liquefied petroleum gas which has an automatic ignition device or a pilot light¹²;
- 1732 (3) intentionally or recklessly interfere with a gas storage vessel or otherwise do anything which might affect a gas storage vessel so that the subsequent use of that vessel might cause a danger to any person¹³;
- 1733 (4) store or keep gas¹⁴ consisting wholly or mainly of methane on domestic premises¹⁵.

1 For the meaning of 'work' in relation to a gas fitting see PARA 913 note 1 ante; and for the meaning of 'gas fitting' see PARA 911 note 3 ante.

2 For the meaning of 'gas' for these purposes see PARA 911 note 3 ante.

3 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 6(1). As to the application of reg 6 see PARA 911 ante; and as to exemptions see PARA 912 ante.

The Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451 (as amended), are made under the Health and Safety at Work etc Act 1974 ss 15(1), (2), (3), (4)(a), (5)(b), (6)(b), 82(3)(a), Sch 3 paras 1(1)-(3), 12, 15(1), 16 (as amended) (powers to make health and safety regulations: see HEALTH AND SAFETY AT WORK vol 52 (2009) PARAS 424, 425). As to criminal proceedings for contravention of health and safety regulations see HEALTH AND SAFETY AT WORK vol 53 (2009) PARA 852 et seq.

4 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 6(2). See also note 3 supra.

5 'Appropriate fitting' means a fitting which (1) has been designed for the purpose of effecting a gas tight seal in a pipe or other gasway; (2) achieves that purpose when fitted; and (3) is secure, so far as is reasonably practicable, against unauthorised opening or removal: *ibid* reg 2(1).

6 *Ibid* reg 6(3). See also note 3 *supra*.

7 *Ibid* reg 6(4). See also note 3 *supra*.

8 *Ibid* reg 6(5). See also note 3 *supra*.

9 *Ibid* reg 6(6). See also note 3 *supra*.

10 For the meaning of 'gas storage vessel' see PARA 911 note 3 *ante*.

11 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 6(7). See also note 3 *supra*.

12 *Ibid* reg 6(8). See also note 3 *supra*.

13 *Ibid* reg 6(9). See also note 3 *supra*. For the meaning of 'recklessly' in the context of the criminal law see CRIMINAL LAW, EVIDENCE AND PROCEDURE vol 11(1) (2006 Reissue) PARA 11.

14 For this purpose, such gas from time to time present in pipes or in the fuel tank of any vehicle propelled by gas is to be deemed not to be stored or kept: *ibid* reg 6(10).

15 *Ibid* reg 6(10). See also note 3 *supra*.

UPDATE

911-946 Safe Installation and Use of Gas Fittings and Appliances

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(v) Gas Standards and Safety/D. SAFE INSTALLATION AND USE OF GAS FITTINGS AND APPLIANCES/ (B) Gas Fittings; General Provisions/917. Protection against damage.

917. Protection against damage.

Any person installing a gas fitting¹ must ensure that it is properly supported and so placed or protected as to avoid any undue risk of damage to the fitting².

No person must install a gas fitting if he has reason to suspect that foreign matter may block or otherwise interfere with the safe operation of the fitting unless he has fitted to the gas inlet of, and any airway in, the fitting a suitable filter or other suitable protection³. Nor must a person install a gas fitting in a position where it is likely to be exposed to any substance which may corrode gas fittings unless the fitting is constructed of materials which are inherently resistant to being so corroded or it is suitably protected against being so corroded⁴.

1 For the meaning of references to installing a gas fitting see PARA 913 note 1 ante; and for the meaning of 'gas fitting' see PARA 911 note 3 ante.

2 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 7(1). As to the application of reg 7 see PARA 911 ante; and as to exemptions see PARA 912 ante.

The Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451 (as amended), are made under the Health and Safety at Work etc Act 1974 ss 15(1), (2), (3), (4)(a), (5)(b), (6)(b), 82(3)(a), Sch 3 paras 1(1)-(3), 12, 15(1), 16 (as amended) (powers to make health and safety regulations: see HEALTH AND SAFETY AT WORK vol 52 (2009) PARAS 424, 425). As to criminal proceedings for contravention of health and safety regulations see HEALTH AND SAFETY AT WORK vol 53 (2009) PARA 852 et seq.

3 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 7(2). See also note 2 supra.

4 Ibid reg 7(3). See also note 2 supra. No person is, however, to be guilty of an offence by reason of contravention of reg 7(3) in any case in which he can show that he took all reasonable steps to prevent that contravention: reg 39.

UPDATE

911-946 Safe Installation and Use of Gas Fittings and Appliances

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(v) Gas Standards and Safety/D. SAFE INSTALLATION AND USE OF GAS FITTINGS AND APPLIANCES/ (B) Gas Fittings; General Provisions/918. Existing gas fittings.

918. Existing gas fittings.

No person must make any alteration to any premises in which a gas fitting¹ or gas storage vessel² is fitted if that alteration would adversely affect the safety of the fitting or vessel in such a manner that, if the fitting or the vessel had been installed after the alteration, there would have been a contravention of, or failure to comply with, the relevant³ regulations⁴. Nor must a person do anything which would affect a gas fitting or any flue⁵ or means of ventilation used in connection with the fitting in such a manner that the subsequent use of the fitting might constitute a danger to any person, except that this does not apply to an alteration to premises⁶.

In relation to any place of work under his control, an employer or a self-employed person must ensure, so far as is reasonably practicable, that the above provisions are complied with⁷.

1 For the meaning of 'gas fitting' see PARA 911 note 3 ante.

2 For the meaning of 'gas storage vessel' see PARA 911 note 3 ante.

3 I.e. a contravention of, or failure to comply with, the Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451 (as amended): see PARA 911 et seq ante, PARA 919 et seq post.

4 Ibid reg 8(1). As to the application of reg 8 see PARA 911 ante; and as to exemptions see PARA 912 ante.

The Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451 (as amended), are made under the Health and Safety at Work etc Act 1974 ss 15(1), (2), (3), (4)(a), (5)(b), (6)(b), 82(3)(a), Sch 3 paras 1(1)-(3), 12, 15(1), 16 (as amended) (powers to make health and safety regulations: see HEALTH AND SAFETY AT WORK vol 52 (2009) PARAS 424, 425). As to criminal proceedings for contravention of health and safety regulations see HEALTH AND SAFETY AT WORK vol 53 (2009) PARA 852 et seq.

5 For the meaning of 'flue' see PARA 913 note 19 ante.

6 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 8(2). See also note 4 supra.

7 Ibid reg 8(3). See also note 4 supra.

UPDATE

911-946 Safe Installation and Use of Gas Fittings and Appliances

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(v) Gas Standards and Safety/D. SAFE INSTALLATION AND USE OF GAS FITTINGS AND APPLIANCES/ (B) Gas Fittings; General Provisions/919. Emergency controls.

919. Emergency controls.

No person must for the first time enable gas¹ to be supplied for use in any premises unless there is provided an appropriately sited emergency control² to which there is adequate access³.

Any person installing an emergency control must ensure that:

- 1734 (1) any key, lever or hand-wheel of the control is securely attached to the operating spindle of the control;
- 1735 (2) any such key or lever is attached so that:
- 137 207. (a) the key or lever is parallel to the axis of the pipe in which the control is installed when the control is in the open position; and
- 208. (b) where the key or lever is not attached so as to move only horizontally, gas cannot pass beyond the control when the key or lever has been moved as far as possible downwards;
- 138 1736 (3) either the means of operating the key or lever is clearly and permanently marked or a notice in permanent form is prominently displayed near such means so as to indicate when the control is open and when the control is shut; and
- 1737 (4) any hand-wheel indicates the direction of opening or closing of the control⁴.

Where a person installs an emergency control which is not adjacent to a primary meter⁵, he must immediately thereafter prominently display on or near the means of operating the control a suitably worded notice in permanent form indicating the procedure to be followed in the event of an escape of gas⁶; and where any person first supplies gas⁷ to premises where an emergency control is installed, he must ensure that the notice so required remains suitably worded or must, where necessary, forthwith amend or replace that notice so as to give effect to the above requirements⁸.

The above provisions do not apply where gas is supplied in a refillable cylinder⁹ except where two or more cylinders are connected by means of an automatic change-over device¹⁰.

1 For the meaning of 'gas' for these purposes see PARA 911 note 3 ante.

2 For the meaning of 'emergency control' see PARA 911 note 3 ante.

3 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 9(1). As to the application of reg 9 see PARA 911 ante; and as to exemptions see PARA 912 ante.

The Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451 (as amended), are made under the Health and Safety at Work etc Act 1974 ss 15(1), (2), (3), (4)(a), (5)(b), (6)(b), 82(3)(a), Sch 3 paras 1(1)-(3), 12, 15(1), 16 (as amended) (powers to make health and safety regulations: see HEALTH AND SAFETY AT WORK vol 52 (2009) PARAS 424, 425). As to criminal proceedings for contravention of health and safety regulations see HEALTH AND SAFETY AT WORK vol 53 (2009) PARA 852 et seq.

4 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 9(2). See also note 3 supra.

5 'Primary meter' means the meter nearest to and downstream of a service pipe or service pipework for ascertaining the quantity of gas supplied through that pipe or pipework by a supplier: *ibid* reg 2(1). For the meanings of 'service pipe' and 'service pipework' see PARA 911 notes 3, 5 *ante*.

6 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 9(3). See also note 3 *supra*.

7 For these purposes, a person to whom gas is supplied and who provides that gas for use in a flat or part of premises let by him is not in so doing to be deemed to be supplying gas: *ibid* reg 2(2)(b).

8 *Ibid* reg 9(4). See also note 3 *supra*.

9 For the meaning of 'refillable cylinder' see PARA 911 note 3 *ante*.

10 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 9(5). See also note 3 *supra*.

UPDATE

911-946 Safe Installation and Use of Gas Fittings and Appliances

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(v) Gas Standards and Safety/D. SAFE INSTALLATION AND USE OF GAS FITTINGS AND APPLIANCES/ (B) Gas Fittings; General Provisions/920. Maintaining electrical continuity.

920. Maintaining electrical continuity.

In any case where it is necessary to prevent danger, no person must carry out work in relation to a gas fitting¹ without using a suitable bond to maintain electrical continuity until the work is completed and permanent electrical continuity has been restored².

¹ For the meaning of 'work' in relation to a gas fitting see PARA 913 note 1 ante; and for the meaning of 'gas fitting' see PARA 911 note 3 ante.

² Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 10. As to the application of reg 10 see PARA 911 ante; and as to exemptions see PARA 912 ante.

The Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451 (as amended), are made under the Health and Safety at Work etc Act 1974 ss 15(1), (2), (3), (4)(a), (5)(b), (6)(b), 82(3)(a), Sch 3 paras 1(1)-(3), 12, 15(1), 16 (as amended) (powers to make health and safety regulations: see HEALTH AND SAFETY AT WORK vol 52 (2009) PARAS 424, 425). As to criminal proceedings for contravention of health and safety regulations see HEALTH AND SAFETY AT WORK vol 53 (2009) PARA 852 et seq.

UPDATE

911-946 Safe Installation and Use of Gas Fittings and Appliances

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(v) Gas Standards and Safety/D. SAFE INSTALLATION AND USE OF GAS FITTINGS AND APPLIANCES/ (C) Meters and Regulators/921. General safety provisions concerning meters.

(C) METERS AND REGULATORS

921. General safety provisions concerning meters.

No person must install a meter:

- 1738 (1) in any premises unless the site where it is to be installed is such as to ensure so far as is reasonably practicable that the means of escape from those premises in the event of fire is not adversely affected¹;
- 1739 (2) in any premises unless it is of sound construction adequate to ensure so far as is reasonably practicable that, in the event of fire, gas² is not able to escape in hazardous quantities; but this does not apply to any meter installed in non-domestic premises to which gas is supplied through a readily accessible service valve³;
- 1740 (3) unless the installation is so placed as to ensure that there is no risk of damage to it from electrical apparatus⁴;
- 1741 (4) except in a readily accessible position for inspection and maintenance⁵.

Where a meter has bosses or side pipes attached to the meter by a soldered joint only, no person must make rigid pipe connections to the meter⁶.

Where a person installs a meter and the pipes and other gas fittings⁷ associated with it, he must ensure that:

- 1742 (a) immediately thereafter they are adequately tested to verify that they are gas tight and examined to verify that they have been installed in accordance with the relevant regulations⁸; and
- 1743 (b) immediately after such testing and examination, purging is carried out throughout the meter and every other gas fitting through which gas can then flow so as to remove safely all air and gas other than the gas to be supplied⁹.

1 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 12(1). As to the application of reg 12 see PARA 911 ante; and as to exemptions see PARA 912 ante.

The Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451 (as amended), are made under the Health and Safety at Work etc Act 1974 ss 15(1), (2), (3), (4)(a), (5)(b), (6)(b), 82(3)(a), Sch 3 paras 1(1)-(3), 12, 15(1), 16 (as amended) (powers to make health and safety regulations: see HEALTH AND SAFETY AT WORK vol 52 (2009) PARAS 424, 425). As to criminal proceedings for contravention of health and safety regulations see HEALTH AND SAFETY AT WORK vol 53 (2009) PARA 852 et seq.

2 For the meaning of 'gas' for these purposes see PARA 911 note 3 ante.

3 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 12(2). See also note 1 supra. 'Service valve' means a valve (other than an emergency control) for controlling a supply of gas, being a valve (1) incorporated in a service pipe; and (2) intended for use by a transporter of gas; and (3) not situated inside a building: reg 2(1). 'Transporter' in relation to gas means a person who conveys gas through a distribution main: ibid reg 2(1). For the meanings of 'service pipe' and 'distribution main' see PARA 911 note 3 ante.

4 Ibid reg 12(3). See also note 1 supra.

5 Ibid reg 12(4). See also note 1 supra.

6 Ibid reg 12(5). See also note 1 supra.

7 For the meaning of 'gas fittings' see PARA 911 note 3 ante.

8 Ie in accordance with the Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451 (as amended): see PARA 911 et seq ante; the text and notes 1-7 supra; and PARA 922 post.

9 Ibid reg 12(6). See also note 1 supra.

UPDATE

911-946 Safe Installation and Use of Gas Fittings and Appliances

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(v) Gas Standards and Safety/D. SAFE INSTALLATION AND USE OF GAS FITTINGS AND APPLIANCES/ (C) Meters and Regulators/922. Meter housings.

922. Meter housings.

Where a meter is housed in a meter box¹ or meter compound² attached to or built into the external face of the outside wall of any premises, the meter box or meter compound must be so constructed and installed that any gas³ escaping within the box or compound cannot enter the premises or any cavity in the wall but must disperse to the external air⁴.

No person must:

- 1744 (1) knowingly store readily combustible materials in any meter box or meter compound⁵;
- 1745 (2) install a meter in a meter box provided with a lock, unless the consumer has been provided with a suitably labelled key to that lock⁶;
- 1746 (3) install a meter within a meter compound which is capable of being secured unless the consumer has been provided with a suitably labelled key for that compound⁷.

1 For these purposes, 'meter box' means a receptacle or compartment designed and constructed to contain a meter with its associated fittings: Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 11.

2 For these purposes, 'meter compound' means an area or room designed and constructed to contain one or more meters with their associated fittings: *ibid* reg 11.

3 For the meaning of 'gas' for these purposes see PARA 911 note 3 ante.

4 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 13(1). As to the application of reg 13 see PARA 911 ante; and as to exemptions see PARA 912 ante.

The Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451 (as amended), are made under the Health and Safety at Work etc Act 1974 ss 15(1), (2), (3), (4)(a), (5)(b), (6)(b), 82(3)(a), Sch 3 paras 1(1)-(3), 12, 15(1), 16 (as amended) (powers to make health and safety regulations: see HEALTH AND SAFETY AT WORK vol 52 (2009) PARAS 424, 425). As to criminal proceedings for contravention of health and safety regulations see HEALTH AND SAFETY AT WORK vol 53 (2009) PARA 852 et seq.

5 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 13(2). See also note 4 supra.

6 *Ibid* reg 13(3). See also note 4 supra.

7 *Ibid* reg 13(4). See also note 4 supra.

UPDATE

911-946 Safe Installation and Use of Gas Fittings and Appliances

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(v) Gas Standards and Safety/D. SAFE INSTALLATION AND USE OF GAS FITTINGS AND APPLIANCES/ (C) Meters and Regulators/923. Regulators.

923. Regulators.

No person must install a primary meter¹ or meter bypass² used in connection with a primary meter unless:

- 1747 (1) there is a regulator controlling the pressure of gas³ supplied through the meter or the bypass, as the case may be, which provides adequate automatic means for preventing the gas fittings⁴ connected to the downstream side of the regulator from being subjected to a pressure greater than that for which they were designed;
- 1748 (2) where the normal pressure of the gas supply is 75 millibars or more at the inlet to the regulator, there are also adequate automatic means for preventing, in case the regulator should fail, those gas fittings from being subjected to such a greater pressure; and
- 1749 (3) where the regulator contains a relief valve or liquid seal, such valve or seal is connected to a vent pipe of adequate size and so installed that it is capable of venting safely⁵.

Without prejudice to the above requirements, no person must cause gas to be supplied from a gas storage vessel⁶, other than a refillable cylinder⁷ or a cylinder or cartridge designed to be disposed of when empty, to any service pipework or gas fitting unless:

- 1750 (a) there is a regulator installed which controls the nominal operating pressure of the gas;
- 1751 (b) there is adequate automatic means for preventing the installation pipework and gas fittings downstream of the regulator from being subjected to a pressure different from that for which they were designed; and
- 1752 (c) there is an adequate alternative automatic means for preventing the service pipework from being subjected to a greater pressure than that for which it was designed should the regulator referred to in head (a) above fail⁸.

No person must cause gas to be supplied through an installation consisting of one or more refillable cylinders unless the supply of gas passes through a regulator which controls the nominal operating pressure of the gas⁹. Without prejudice to that prohibition, no person must cause gas to be supplied through an installation consisting of four or more refillable cylinders connected to an automatic change-over device unless there is an adequate alternative means for preventing the installation pipework and any gas fitting downstream of the regulator from being subjected to a greater pressure than that for which it was designed should the regulator fail¹⁰.

Where a person installs a regulator for controlling the pressure of gas through a primary meter, a meter bypass used in connection with a primary meter or from a gas storage vessel, or installs a gas appliance¹¹ itself fitted with a regulator for controlling the pressure of gas to that appliance, he must immediately thereafter ensure, in either case, that the regulator is

adequately sealed so as to prevent its setting from being interfered with without breaking of the seal¹². In relation to:

- 1753 (i) gas from a distribution main¹³, no person except the transporter¹⁴ or a person authorised to act on his behalf;
- 1754 (ii) gas from a gas storage vessel, no person except the supplier¹⁵ or a person authorised to act on his behalf,

must break a seal so applied other than a seal applied to a regulator for controlling the pressure of gas to the appliance to which that regulator is fitted¹⁶. A person who breaks a seal so applied must apply as soon as is practicable a new seal which is adequate to prevent the setting of the regulator from being interfered with without breaking such seal¹⁷.

1 For the meaning of 'primary meter' see PARA 919 note 5 ante.

2 'Meter bypass' means any pipe and other gas fittings used in connection with it through which gas can be conveyed from a service pipe or service pipework to installation pipework without passing through the meter: Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 2(1). For the meaning of 'service pipe' see PARA 911 note 3 ante; and for the meanings of 'service pipework' and 'installation pipework' see PARA 911 note 5 ante.

3 For the meaning of 'gas' for these purposes see PARA 911 note 3 ante.

4 For the meaning of 'gas fittings' see PARA 911 note 3 ante.

5 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 14(1). As to the application of reg 14 see PARA 911 ante; and as to exemptions see PARA 912 ante.

The Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451 (as amended), are made under the Health and Safety at Work etc Act 1974 ss 15(1), (2), (3), (4)(a), (5)(b), (6)(b), 82(3)(a), Sch 3 paras 1(1)-(3), 12, 15(1), 16 (as amended) (powers to make health and safety regulations: see HEALTH AND SAFETY AT WORK vol 52 (2009) PARAS 424, 425). As to criminal proceedings for contravention of health and safety regulations see HEALTH AND SAFETY AT WORK vol 53 (2009) PARA 852 et seq.

6 For the meaning of 'gas storage vessel' see PARA 911 note 3 ante.

7 For the meaning of 'refillable cylinder' see PARA 911 note 3 ante.

8 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 14(2). See also note 5 supra.

9 Ibid reg 14(3). See also note 5 supra.

10 Ibid reg 14(4). See also note 5 supra.

11 For the meaning of 'gas appliance' see PARA 911 note 6 ante.

12 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 14(5). See also note 5 supra.

13 For the meaning of 'distribution main' see PARA 911 note 3 ante.

14 For the meaning of 'transporter' see PARA 921 note 3 ante.

15 For these purposes, 'supplier' in relation to gas means (1) a person who supplies gas to any premises through a primary meter; or (2) a person who provides a supply of gas to a consumer by means of the filling or refilling of a storage container designed to be filled or refilled with gas at the place where it is connected for use whether or not such container is or remains the property of the supplier; or (3) a person who provides gas in refillable cylinders for use by a consumer whether or not such cylinders are filled or refilled directly by that person and whether or not such cylinders are or remain the property of that person, but a retailer is not to be deemed to be a supplier when he sells a brand of gas other than his own: Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 2(1).

16 Ibid reg 14(6). See also note 5 supra.

17 Ibid reg 14(7). See also note 5 supra.

UPDATE

911-946 Safe Installation and Use of Gas Fittings and Appliances

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(v) Gas Standards and Safety/D. SAFE INSTALLATION AND USE OF GAS FITTINGS AND APPLIANCES/ (C) Meters and Regulators/924. Emergency notices on or near meters.

924. Emergency notices on or near meters.

No person must supply gas¹ through a primary meter² installed after 31 October 1998³ or for the first time supply gas through an existing primary meter after that date unless he ensures that a suitably worded notice in permanent form is prominently displayed on or near the meter indicating the procedure to be followed in the event of an escape of gas⁴. Where a meter is installed or relocated in any premises in either case at a distance of more than 2 metres from, or out of sight of, the nearest upstream emergency control⁵ in the premises, no person must supply or provide gas for the first time through that meter unless he ensures that a suitably worded notice in permanent form is prominently displayed on or near the meter indicating the position of that control⁶.

1 For the meaning of 'gas' for these purposes see PARA 911 note 3 ante; and for the meaning of references to a person supplying gas see PARA 919 note 7 ante.

2 For the meaning of 'primary meter' see PARA 919 note 5 ante.

3 I.e. after the date when the Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451 (as amended), came into force: see reg 1.

4 Ibid reg 15(1). As to the application of reg 15 see PARA 911 ante; and as to exemptions see PARA 912 ante.

The Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451 (as amended), are made under the Health and Safety at Work etc Act 1974 ss 15(1), (2), (3), (4)(a), (5)(b), (6)(b), 82(3)(a), Sch 3 paras 1(1)-(3), 12, 15(1), 16 (as amended) (powers to make health and safety regulations: see HEALTH AND SAFETY AT WORK vol 52 (2009) PARAS 424, 425). As to criminal proceedings for contravention of health and safety regulations see HEALTH AND SAFETY AT WORK vol 53 (2009) PARA 852 et seq. No person is, however, to be guilty of an offence by reason of contravention of the Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451 reg 15 in any case in which he can show that he took all reasonable steps to prevent that contravention: reg 39.

5 For the meaning of 'emergency control' see PARA 911 note 3 ante.

6 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 15(2). See also note 4 supra.

UPDATE

911-946 Safe Installation and Use of Gas Fittings and Appliances

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(v) Gas Standards and Safety/D. SAFE INSTALLATION AND USE OF GAS FITTINGS AND APPLIANCES/ (C) Meters and Regulators/925. Primary meters.

925. Primary meters.

No person must install a prepayment meter as a primary meter¹ through which gas² passes to a secondary meter³.

Any person:

1755 (1) who first provides gas through any service pipe⁴ or service pipework⁵ after 31 October 1998⁶ to more than one primary meter; or

1756 (2) who subsequently makes any modification which affects the number of primary meters so provided,

must ensure that a notice in permanent form is prominently displayed on or near each primary meter indicating that more than one primary meter is provided with gas through that service pipe or service pipework⁷.

Where a primary meter is removed, the person who last supplied gas⁸ through the meter before removal must:

1757 (a) where the meter is not forthwith reinstalled or replaced by another meter:
139

209. (i) close any service valve⁹ which controlled the supply of gas to that meter and did not control the supply of gas to any other primary meter; and

210. (ii) seal the outlet of the emergency control¹⁰ with an appropriate fitting¹¹; and

211. (iii) clearly mark any live gas pipe in the premises in which the meter was installed to the effect that the pipe contains gas; and

140

1758 (b) where the meter has not been reinstalled or replaced by another meter before the expiry of the period of 12 months beginning with the date of removal of the meter and there is no such service valve as is mentioned in head (a)(i) above, ensure that the service pipe or service pipework for those premises is disconnected as near as is reasonably practicable to the main or storage vessel and that any part of the pipe or pipework which is not removed is sealed at both ends with the appropriate fitting¹².

Where a person proposes to remove a primary meter he must give sufficient notice of it to the person supplying gas through the meter to enable him to comply with heads (a) and (b) above¹³.

1 For the meaning of 'primary meter' see PARA 919 note 5 ante.

2 For the meaning of 'gas' for these purposes see PARA 911 note 3 ante.

3 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 16(1). 'Secondary meter' means a meter, other than a primary meter, for ascertaining the quantity of gas provided by a person for use by another person: reg 11. As to the application of reg 16 see PARA 911 ante; and as to exemptions see PARA 912 ante.

The Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451 (as amended), are made under the Health and Safety at Work etc Act 1974 ss 15(1), (2), (3), (4)(a), (5)(b), (6)(b), 82(3)(a), Sch 3 paras 1(1)-(3), 12, 15(1), 16 (as amended) (powers to make health and safety regulations: see HEALTH AND SAFETY AT WORK vol 52 (2009) PARAS 424, 425). As to criminal proceedings for contravention of health and safety regulations see HEALTH AND SAFETY AT WORK vol 53 (2009) PARA 852 et seq.

4 For the meaning of 'service pipe' see PARA 911 note 3 ante.

5 For the meaning of 'service pipework' see PARA 911 note 5 ante.

6 The date when the Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451 (as amended), came into force: see reg 1.

7 Ibid reg 16(2). See also note 3 supra. No person is, however, to be guilty of an offence by reason of contravention of reg 16(2) in any case in which he can show that he took all reasonable steps to prevent that contravention: reg 39.

8 For the meaning of references to persons supplying gas see PARA 919 note 7 ante.

9 For the meaning of 'service valve' see PARA 921 note 3 ante.

10 For the meaning of 'emergency control' see PARA 911 note 3 ante.

11 For the meaning of 'appropriate fitting' see PARA 916 note 5 ante.

12 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 16(3). See also note 3 supra. No person is, however, to be guilty of an offence by reason of contravention of reg 16(3) in any case in which he can show that he took all reasonable steps to prevent that contravention: reg 39.

13 Ibid reg 16(4). See also note 3 supra.

UPDATE

911-946 Safe Installation and Use of Gas Fittings and Appliances

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(v) Gas Standards and Safety/D. SAFE INSTALLATION AND USE OF GAS FITTINGS AND APPLIANCES/ (C) Meters and Regulators/926. Secondary meters.

926. Secondary meters.

Any person supplying or permitting the supply of gas¹ through a primary meter² to a secondary meter³ must ensure that a line diagram in permanent form is prominently displayed on or near the primary meter or gas storage vessel⁴ and on or near all emergency controls⁵ connected to the primary meter showing the configuration of all meters, installation pipework⁶ and emergency controls⁷. Any person who changes the configuration of any meter, installation pipework or emergency control so that the accuracy of that line diagram is affected must ensure that the line diagram is amended so as to show the altered configuration⁸.

1 For the meaning of 'gas' for these purposes see PARA 911 note 3 ante; and for the meaning of references to a person supplying gas see PARA 919 note 7 ante.

2 For the meaning of 'primary meter' see PARA 919 note 5 ante.

3 For the meaning of 'secondary meter' see PARA 925 note 3 ante.

4 For the meaning of 'gas storage vessel' see PARA 911 note 3 ante.

5 For the meaning of 'emergency control' see PARA 911 note 3 ante.

6 For the meaning of 'installation pipework' see PARA 911 note 5 ante.

7 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 17(1). As to the application of reg 17 see PARA 911 ante; and as to exemptions see PARA 912 ante.

The Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451 (as amended), are made under the Health and Safety at Work etc Act 1974 ss 15(1), (2), (3), (4)(a), (5)(b), (6)(b), 82(3)(a), Sch 3 paras 1(1)-(3), 12, 15(1), 16 (as amended) (powers to make health and safety regulations: see HEALTH AND SAFETY AT WORK vol 52 (2009) PARAS 424, 425). As to criminal proceedings for contravention of health and safety regulations see HEALTH AND SAFETY AT WORK vol 53 (2009) PARA 852 et seq. No person is, however, to be guilty of an offence by reason of contravention of the Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 17(1) in any case in which he can show that he took all reasonable steps to prevent that contravention: reg 39.

8 Ibid reg 17(2).

UPDATE

911-946 Safe Installation and Use of Gas Fittings and Appliances

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(v) Gas Standards and Safety/D. SAFE INSTALLATION AND USE OF GAS FITTINGS AND APPLIANCES/ (D) Installation Pipework/927. Safe use of pipes.

(D) INSTALLATION PIPEWORK

927. Safe use of pipes.

No person must install any installation pipework¹ in any position in which it cannot be used with safety having regard to the position of other pipes, pipe supports, drains, sewers, cables, conduits and electrical apparatus and to any parts of the structure of any premises in which it is installed which might affect its safe use².

Any person who connects any installation pipework to a primary meter³ must, in any case where electrical equipotential bonding may be necessary, inform the responsible person⁴ that such bonding should be carried out by a competent person⁵.

1 For the meaning of 'installation pipework' see PARA 911 note 5 ante.

2 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 18(1). As to the application of reg 18 see PARA 911 ante; and as to exemptions see PARA 912 ante.

The Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451 (as amended), are made under the Health and Safety at Work etc Act 1974 ss 15(1), (2), (3), (4)(a), (5)(b), (6)(b), 82(3)(a), Sch 3 paras 1(1)-(3), 12, 15(1), 16 (as amended) (powers to make health and safety regulations: see HEALTH AND SAFETY AT WORK vol 52 (2009) PARAS 424, 425). As to criminal proceedings for contravention of health and safety regulations see HEALTH AND SAFETY AT WORK vol 53 (2009) PARA 852 et seq.

3 For the meaning of 'primary meter' see PARA 919 note 5 ante.

4 'The responsible person', in relation to any premises, means the occupier of the premises or, where there is no occupier or the occupier is away, the owner of the premises or any person with authority for the time being to take appropriate action in relation to any gas fitting therein: Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 2(1). For the meaning of 'gas fitting' see PARA 911 note 3 ante.

5 Ibid reg 18(2).

UPDATE

911-946 Safe Installation and Use of Gas Fittings and Appliances

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(v) Gas Standards and Safety/D. SAFE INSTALLATION AND USE OF GAS FITTINGS AND APPLIANCES/ (D) Installation Pipework/928. Enclosed pipes.

928. Enclosed pipes.

No person must:

- 1759 (1) install any part of any installation pipework¹ in a wall or a floor or standing of solid construction unless it is so constructed and installed as to be protected against failure caused by the movement of the wall, the floor or the standing as the case may be²;
- 1760 (2) install any installation pipework so as to pass through a wall or a floor or standing of solid construction, whether or not it contains any cavity, from one side to the other unless:
- 141
 - 212. (a) any part of the pipe within such wall, floor or standing as the case may be takes the shortest practicable route; and
 - 213. (b) adequate means are provided to prevent, so far as is reasonably practicable, any escape of gas³ from the pipework passing through the wall, floor or standing from entering any cavity in the wall, floor or standing⁴;
- 142
 - 1761 (3) install any part of any installation pipework in the cavity of a cavity wall unless the pipe is to pass through the wall from one side to the other⁵; but this does not apply to the installation of installation pipework connected to a living flame effect gas fire⁶ provided that the pipework in the cavity is as short as is reasonably practicable, is enclosed in a gas tight sleeve and sealed at the joint at which the pipework enters the fire⁷;
 - 1762 (4) install any installation pipework or any service pipework⁸ under the foundations of a building or in the ground under the base of a wall or footings unless adequate steps are taken to prevent damage to the installation pipework or service pipework in the event of the movement of those structures or the ground⁹;
 - 1763 (5) where any installation pipework is not itself contained in a ventilated duct, install any installation pipework in any shaft, duct or void which is not adequately ventilated¹⁰.

1 For the meaning of 'installation pipework' see PARA 911 note 5 ante.

2 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 19(1). As to the application of reg 19 see PARA 911 ante; and as to exemptions see PARA 912 ante.

The Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451 (as amended), are made under the Health and Safety at Work etc Act 1974 ss 15(1), (2), (3), (4)(a), (5)(b), (6)(b), 82(3)(a), Sch 3 paras 1(1)-(3), 12, 15(1), 16 (as amended) (powers to make health and safety regulations: see HEALTH AND SAFETY AT WORK vol 52 (2009) PARAS 424, 425). As to criminal proceedings for contravention of health and safety regulations see HEALTH AND SAFETY AT WORK vol 53 (2009) PARA 852 et seq.

3 For the meaning of 'gas' for these purposes see PARA 911 note 3 ante.

4 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 19(2). See also note 2 supra.

5 Ibid reg 19(3). See also note 2 supra.

6 For this purpose, a 'living flame effect gas fire' means a gas fire (1) designed to simulate the effect of a solid fuel fire; (2) designed to operate with a fanned flue system; and (3) installed within the inner leaf of a cavity wall: *ibid* reg 4. For the meaning of 'flue' see *PARA 913* note 19 *ante*.

7 *Ibid* reg 19(4).

8 For the meaning of 'service pipework' see *PARA 911* note 5 *ante*.

9 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 19(5). See also note 2 *supra*.

10 *Ibid* reg 19(6). See also note 2 *supra*.

UPDATE

UPDATE

911-946 Safe Installation and Use of Gas Fittings and Appliances

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(v) Gas Standards and Safety/D. SAFE INSTALLATION AND USE OF GAS FITTINGS AND APPLIANCES/ (D) Installation Pipework/930. Clogging precautions.

930. Clogging precautions.

No person must install any installation pipework¹ in which deposition of liquid or solid matter is likely to occur unless a suitable vessel for the reception of any deposit which may form is fixed to the pipe in a conspicuous and readily accessible position and safe means are provided for the removal of the deposit².

1 For the meaning of 'installation pipework' see PARA 911 note 5 ante.

2 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 21. As to the application of reg 21 see PARA 911 ante; and as to exemptions see PARA 912 ante.

The Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451 (as amended), are made under the Health and Safety at Work etc Act 1974 ss 15(1), (2), (3), (4)(a), (5)(b), (6)(b), 82(3)(a), Sch 3 paras 1(1)-(3), 12, 15(1), 16 (as amended) (powers to make health and safety regulations: see HEALTH AND SAFETY AT WORK vol 52 (2009) PARAS 424, 425). As to criminal proceedings for contravention of health and safety regulations see HEALTH AND SAFETY AT WORK vol 53 (2009) PARA 852 et seq.

UPDATE

911-946 Safe Installation and Use of Gas Fittings and Appliances

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(v) Gas Standards and Safety/D. SAFE INSTALLATION AND USE OF GAS FITTINGS AND APPLIANCES/ (D) Installation Pipework/931. Testing and purging of pipes.

931. Testing and purging of pipes.

Where a person carries out work in relation to any installation pipework¹ which might affect the gas tightness of any part of it, he must immediately thereafter ensure that:

- 1764 (1) that part is adequately tested to verify that it is gas tight and examined to verify that it has been installed in accordance with the relevant regulations²; and
- 1765 (2) after such testing and examination, any necessary protective coating is applied to the joints of that part³.

Where gas⁴ is being supplied to any premises in which any installation pipework is installed and a person carries out work in relation to the pipework, he must also ensure that:

- 1766 (a) immediately after complying with the provisions of heads (1) and (2) above, purging is carried out throughout all installation pipework through which gas can then flow so as to remove safely all air and gas other than the gas to be supplied;
- 1767 (b) immediately after such purging, if the pipework is not to be put into immediate use, it is sealed off at every outlet with the appropriate fitting⁵;
- 1768 (c) if such purging has been carried out through a loosened connection, the connection is retested for gas tightness after it has been retightened; and
- 1769 (d) every seal fitted after such purging is tested for gas tightness⁶.

Where gas is not being supplied to any premises in which any installation pipework is installed:

- 1770 (i) no person must permit gas to pass into the installation pipework unless he has caused such purging, testing and other work as is specified in heads (a) to (d) above to be carried out;
- 1771 (ii) a person who provides a gas supply⁷ to those premises must, unless he complies with head (i) above, ensure that the supply is sealed off with an appropriate fitting⁸.

1 For the meaning of 'installation pipework' see PARA 911 note 5 ante.

2 ie in accordance with the Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451 (as amended): see PARA 911 et seq ante, PARA 932 et seq post.

3 Ibid reg 22(1). As to the application of reg 22 see PARA 911 ante; and as to exemptions see PARA 912 ante.

The Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451 (as amended), are made under the Health and Safety at Work etc Act 1974 ss 15(1), (2), (3), (4)(a), (5)(b), (6)(b), 82(3)(a), Sch 3 paras 1(1)-(3), 12, 15(1), 16 (as amended) (powers to make health and safety regulations: see HEALTH AND SAFETY AT WORK vol 52 (2009) PARAS 424, 425). As to criminal proceedings for contravention of health and safety regulations see HEALTH AND SAFETY AT WORK vol 53 (2009) PARA 852 et seq.

4 For the meaning of 'gas' for these purposes see PARA 911 note 3 ante.

5 For the meaning of 'appropriate fitting' see PARA 916 note 5 ante.

6 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 22(2). See also note 3 supra.

7 For the meaning of references to a person who supplies gas see PARA 919 note 7 ante.

8 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 22(3). See also note 3 supra.

UPDATE

911-946 Safe Installation and Use of Gas Fittings and Appliances

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(v) Gas Standards and Safety/D. SAFE INSTALLATION AND USE OF GAS FITTINGS AND APPLIANCES/ (D) Installation Pipework/932. Marking of pipes.

932. Marking of pipes.

Any person installing, elsewhere than in any premises or part of premises used only as a dwelling or for living accommodation, a part of any installation pipework¹ which is accessible to inspection must permanently mark that part in such a manner that it is readily recognisable as part of a pipe for conveying gas². The responsible person³ for the premises in which any such part is situated must ensure that the part continues to be so recognisable so long as it is used for conveying gas⁴.

1 For the meaning of 'installation pipework' see PARA 911 note 5 ante.

2 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 23(1). As to the application of reg 23 see PARA 911 ante; and as to exemptions see PARA 912 ante. For the meaning of 'gas' for these purposes see PARA 911 note 3 ante.

The Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451 (as amended), are made under the Health and Safety at Work etc Act 1974 ss 15(1), (2), (3), (4)(a), (5)(b), (6)(b), 82(3)(a), Sch 3 paras 1(1)-(3), 12, 15(1), 16 (as amended) (powers to make health and safety regulations: see HEALTH AND SAFETY AT WORK vol 52 (2009) PARAS 424, 425). As to criminal proceedings for contravention of health and safety regulations see HEALTH AND SAFETY AT WORK vol 53 (2009) PARA 852 et seq.

3 For the meaning of 'the responsible person' see PARA 927 note 4 ante.

4 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 23(2). See also note 2 supra.

UPDATE

911-946 Safe Installation and Use of Gas Fittings and Appliances

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(v) Gas Standards and Safety/D. SAFE INSTALLATION AND USE OF GAS FITTINGS AND APPLIANCES/ (D) Installation Pipework/933. Large consumers.

933. Large consumers.

Where the service pipe¹ to any building having two or more floors to which gas is supplied or, whether or not it has more than one floor, a floor having areas with a separate supply of gas has an internal diameter of 50 millimetres or more, no person must install any incoming installation pipework² supplying gas³ to any of those floors or areas, as the case may be, unless:

1772 (1) a valve is installed in the pipe in a conspicuous and readily accessible position; and

1773 (2) a line diagram in permanent form is attached to the building in a readily accessible position as near as practicable to either the primary meter⁴ (or, where there is no primary meter, the emergency control⁵), or the gas storage vessel⁶, indicating the position of all installation pipework of internal diameter of 25 millimetres or more, meters, emergency controls, valves and pressure test points⁷ of the gas supply systems in the building⁸.

The above provision applies to service pipework⁹ as it applies to a service pipe except that the reference therein to '50 millimetres or more' is to be a reference to '30 millimetres or more'¹⁰.

1 For the meaning of 'service pipe' see PARA 911 note 3 ante.

2 For the meaning of 'installation pipework' see PARA 911 note 5 ante.

3 For the meaning of 'gas' for these purposes see PARA 911 note 3 ante.

4 For the meaning of 'primary meter' see PARA 919 note 5 ante.

5 For the meaning of 'emergency control' see PARA 911 note 3 ante.

6 For the meaning of 'gas storage vessel' see PARA 911 note 3 ante.

7 For this purpose, 'pressure test point' means a gas fitting to which a pressure gauge can be connected: Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 24(3).

8 Ibid reg 24(1). As to the application of reg 24 see PARA 911 ante; and as to exemptions see PARA 912 ante. For the meaning of 'gas' for these purposes see PARA 911 note 3 ante.

The Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451 (as amended), are made under the Health and Safety at Work etc Act 1974 ss 15(1), (2), (3), (4)(a), (5)(b), (6)(b), 82(3)(a), Sch 3 paras 1(1)-(3), 12, 15(1), 16 (as amended) (powers to make health and safety regulations: see HEALTH AND SAFETY AT WORK vol 52 (2009) PARAS 424, 425). As to criminal proceedings for contravention of health and safety regulations see HEALTH AND SAFETY AT WORK vol 53 (2009) PARA 852 et seq.

9 For the meaning of 'service pipework' see PARA 911 note 5 ante.

10 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 24(2). See also note 8 supra.

UPDATE

911-946 Safe Installation and Use of Gas Fittings and Appliances

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(v) Gas Standards and Safety/D. SAFE INSTALLATION AND USE OF GAS FITTINGS AND APPLIANCES/ (E) Gas Appliances/934. Safety precautions; in general.

(E) GAS APPLIANCES

934. Safety precautions; in general.

No person must:

- 1774 (1) install a gas appliance¹ unless it can be used without constituting a danger to any person²;
- 1775 (2) connect a flued domestic gas appliance to the gas³ supply system except by a permanently fixed rigid pipe⁴;
- 1776 (3) install a used gas appliance without verifying that it is in a safe condition for further use⁵;
- 1777 (4) install a gas appliance which does not comply with any enactment imposing a prohibition or restriction on the supply of such an appliance on grounds of safety⁶;
- 1778 (5) install a gas appliance without there being at the inlet to it means of shutting off the supply of gas to the appliance unless the provision of such means is not reasonably practicable⁷.

No person carrying out the installation of a gas appliance must leave it connected to the gas supply unless either the appliance can be used safely or the appliance is sealed off from the gas supply with an appropriate fitting⁸.

No person must carry out any work in relation to a gas appliance which bears an indication that it conforms to a type approved by any person as complying with safety standards in such a manner that the appliance ceases to comply with those standards⁹; and no person carrying out work in relation to a gas appliance which bears an indication that it so conforms must remove or deface the indication¹⁰.

Where a person performs work on a gas appliance he must immediately thereafter examine:

- 1779 (a) the effectiveness of any flue¹¹;
- 1780 (b) the supply of combustion air;
- 1781 (c) its operating pressure¹² or heat input or, where necessary, both;
- 1782 (d) its operation so as to ensure its safe functioning,

and forthwith take all reasonably practicable steps to notify any defect to the responsible person¹³ and, where different, the owner of the premises in which the appliance is situated or, where neither is reasonably practicable, in the case of an appliance supplied with liquefied petroleum gas, the supplier¹⁴ of gas to the appliance, or, in any other case, the transporter¹⁵. This does not, however, apply in respect of the direct disconnection of the gas supply of a gas appliance or the purging of gas or air from an appliance or its associated pipework or fittings in any case where that purging does not adversely affect the safety of that appliance, pipe or fitting¹⁶.

1 For the meaning of 'gas appliance' see PARA 911 note 6 ante.

2 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 26(1). As to the application of reg 26 see PARA 911 ante; and as to exemptions see PARA 912 ante.

The Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451 (as amended), are made under the Health and Safety at Work etc Act 1974 ss 15(1), (2), (3), (4)(a), (5)(b), (6)(b), 82(3)(a), Sch 3 paras 1(1)-(3), 12, 15(1), 16 (as amended) (powers to make health and safety regulations: see HEALTH AND SAFETY AT WORK vol 52 (2009) PARAS 424, 425). As to criminal proceedings for contravention of health and safety regulations see HEALTH AND SAFETY AT WORK vol 53 (2009) PARA 852 et seq.

3 For the meaning of 'gas' for these purposes see PARA 911 note 3 ante.

4 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 26(2). See also note 2 supra.

5 Ibid reg 26(3). See also note 2 supra.

6 Ibid reg 26(4). See also note 2 supra.

7 Ibid reg 26(6). See also note 2 supra.

8 Ibid reg 26(5). See also note 2 supra. For the meaning of 'appropriate fitting' see PARA 916 note 5 ante.

9 Ibid reg 26(7). See also note 2 supra.

10 Ibid reg 26(8). See also note 2 supra.

11 For the meaning of 'flue' see PARA 913 note 19 ante.

12 For these purposes, 'operating pressure', in relation to a gas appliance, means the pressure of gas at which it is designed to operate: Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 25.

13 For the meaning of 'the responsible person' see PARA 927 note 4 ante.

14 For the meaning of 'supplier' see PARA 923 note 15 ante; and for the meaning of references to a person supplying gas see PARA 919 note 7 ante.

15 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 26(9). See also note 2 supra. For the meaning of 'transporter' see PARA 921 note 3 ante.

16 Ibid reg 26(10). See also note 2 supra.

UPDATE

911-946 Safe Installation and Use of Gas Fittings and Appliances

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(v) Gas Standards and Safety/D. SAFE INSTALLATION AND USE OF GAS FITTINGS AND APPLIANCES/ (E) Gas Appliances/935. Flues.

935. Flues.

No person must:

- 1783 (1) install a gas appliance¹ to any flue² unless the flue is suitable and in a proper condition for the safe operation of the appliance³;
- 1784 (2) install a flue pipe⁴ so that it enters a brick or masonry chimney in such a way that the seal between the flue pipe and the chimney cannot be inspected⁵;
- 1785 (3) connect a gas appliance to a flue which is surrounded by an enclosure unless that enclosure is so sealed that any spillage of products of combustion cannot pass from the enclosure to any room or internal space other than the room or internal space in which the appliance is installed⁶;
- 1786 (4) install a power operated flue system for a gas appliance unless it safely prevents the operation of the appliance if the draught fails⁷;
- 1787 (5) install a flue other than in a safe position⁸.

1 For the meaning of 'gas appliance' see PARA 911 note 6 ante.

2 For the meaning of 'flue' see PARA 913 note 19 ante.

3 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 27(1). As to the application of reg 27 see PARA 911 ante; and as to exemptions see PARA 912 ante.

The Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451 (as amended), are made under the Health and Safety at Work etc Act 1974 ss 15(1), (2), (3), (4)(a), (5)(b), (6)(b), 82(3)(a), Sch 3 paras 1(1)-(3), 12, 15(1), 16 (as amended) (powers to make health and safety regulations: see HEALTH AND SAFETY AT WORK vol 52 (2009) PARAS 424, 425). As to criminal proceedings for contravention of health and safety regulations see HEALTH AND SAFETY AT WORK vol 53 (2009) PARA 852 et seq.

4 For these purposes, 'flue pipe' means a pipe forming a flue but does not include a pipe built as a lining into either a chimney or a gas appliance ventilation duct: Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 25.

5 Ibid reg 27(2). See also note 2 supra.

6 Ibid reg 27(3). See also note 2 supra.

7 Ibid reg 27(4). See also note 2 supra.

8 Ibid reg 27(5). See also note 2 supra. No person is, however, to be guilty of an offence by reason of contravention of reg 27(5) in any case in which he can show that he took all reasonable steps to prevent that contravention: reg 39.

UPDATE

911-946 Safe Installation and Use of Gas Fittings and Appliances

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(v) Gas Standards and Safety/D. SAFE INSTALLATION AND USE OF GAS FITTINGS AND APPLIANCES/ (E) Gas Appliances/936. Access to appliance and to manufacturer's instructions.

936. Access to appliance and to manufacturer's instructions.

No person must install a gas appliance¹ except in such a manner that it is readily accessible for operation, inspection and maintenance².

Any person who installs a gas appliance must leave for the use of the owner or occupier of the premises in which the appliance is installed all instructions provided by the manufacturer accompanying the appliance³.

1 For the meaning of 'gas appliance' see PARA 911 note 6 ante.

2 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 28. As to the application of regs 28, 29 see PARA 911 ante; and as to exemptions see PARA 912 ante. As to maintenance see PARAS 942-943 post.

The Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451 (as amended), are made under the Health and Safety at Work etc Act 1974 ss 15(1), (2), (3), (4)(a), (5)(b), (6)(b), 82(3)(a), Sch 3 paras 1(1)-(3), 12, 15(1), 16 (as amended) (powers to make health and safety regulations: see HEALTH AND SAFETY AT WORK vol 52 (2009) PARAS 424, 425). As to criminal proceedings for contravention of health and safety regulations see HEALTH AND SAFETY AT WORK vol 53 (2009) PARA 852 et seq.

3 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 29. See also note 2 supra.

UPDATE

911-946 Safe Installation and Use of Gas Fittings and Appliances

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(v) Gas Standards and Safety/D. SAFE INSTALLATION AND USE OF GAS FITTINGS AND APPLIANCES/ (E) Gas Appliances/937. Room-sealed appliances.

937. Room-sealed appliances.

No person must:

- 1788 (1) install a gas appliance¹ in a room used or intended to be used² as a bathroom or a shower room unless it is a room-sealed appliance³;
- 1789 (2) install a gas fire, other gas space heater or a gas water heater⁴ of more than 14 kilowatt gross heat input in a room used or intended to be used as sleeping accommodation unless the appliance is a room-sealed appliance⁵;
- 1790 (3) install a gas fire, other gas space heater or a gas water heater of 14 kilowatt gross heat input or less in a room used or intended to be used⁶ as sleeping accommodation and no person must install an instantaneous water heater unless, in each case:

143

- 214. (a) it is a room-sealed appliance; or
- 215. (b) it incorporates a safety control designed to shut down the appliance before there is a build up of a dangerous quantity of the products of combustion in the room concerned⁷.

144

1 For the meaning of 'gas appliance' see PARA 911 note 6 ante.

2 The references in the Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 30(1), (3) (see heads (1), (3) in the text) to a room used or intended to be used for the purpose therein referred to includes a reference to (1) a cupboard or compartment within such a room; or (2) a cupboard, compartment or space adjacent to such a room if there is an air vent from the cupboard, compartment or space into such a room: reg 30(4).

3 Ibid reg 30(1). As to the application of reg 30 see PARA 911 ante; and as to exemptions see PARA 912 ante.

'Room-sealed appliance' means an appliance whose combustion system is sealed from the room in which the appliance is located and which obtains air for combustion from a ventilated uninhabited space within the premises or directly from the open air outside the premises and which vents the products of combustion directly to open air outside the premises: reg 2(1).

The Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451 (as amended), are made under the Health and Safety at Work etc Act 1974 ss 15(1), (2), (3), (4)(a), (5)(b), (6)(b), 82(3)(a), Sch 3 paras 1(1)-(3), 12, 15(1), 16 (as amended) (powers to make health and safety regulations: see HEALTH AND SAFETY AT WORK vol 52 (2009) PARAS 424, 425). As to criminal proceedings for contravention of health and safety regulations see HEALTH AND SAFETY AT WORK vol 53 (2009) PARA 852 et seq. See, however, note 5 infra.

4 'Gas water heater' includes a gas fired central heating boiler: Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 2(1).

5 Ibid reg 30(2). See also note 3 supra. No person is, however, to be guilty of an offence by reason of contravention of reg 30 (in so far as it relates to the installation of a gas fire, other gas space heater or a gas water heater of more than 14 kilowatt gross heat input) in any case in which he can show that he took all reasonable steps to prevent that contravention: reg 39.

6 See note 2 supra.

7 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 30(3). See also note 3 supra.

UPDATE

911-946 Safe Installation and Use of Gas Fittings and Appliances

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(v) Gas Standards and Safety/D. SAFE INSTALLATION AND USE OF GAS FITTINGS AND APPLIANCES/ (E) Gas Appliances/938. Suspended appliances.

938. Suspended appliances.

No person must install a suspended gas appliance¹ unless the installation pipework² to which it is connected is so constructed and installed as to be capable of safely supporting the weight imposed on it and the appliance is designed to be so supported³.

1 For the meaning of 'gas appliance' see PARA 911 note 6 ante.

2 For the meaning of 'installation pipework' see PARA 911 note 5 ante.

3 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 31. As to the application of reg 31 see PARA 911 ante; and as to exemptions see PARA 912 ante.

The Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451 (as amended), are made under the Health and Safety at Work etc Act 1974 ss 15(1), (2), (3), (4)(a), (5)(b), (6)(b), 82(3)(a), Sch 3 paras 1(1)-(3), 12, 15(1), 16 (as amended) (powers to make health and safety regulations: see HEALTH AND SAFETY AT WORK vol 52 (2009) PARAS 424, 425). As to criminal proceedings for contravention of health and safety regulations see HEALTH AND SAFETY AT WORK vol 53 (2009) PARA 852 et seq.

UPDATE

911-946 Safe Installation and Use of Gas Fittings and Appliances

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(v) Gas Standards and Safety/D. SAFE INSTALLATION AND USE OF GAS FITTINGS AND APPLIANCES/ (E) Gas Appliances/939. Flue dampers.

939. Flue dampers.

Any person who installs an automatic damper to serve a gas appliance¹ must:

- 1791 (1) ensure that the damper is so interlocked with the gas² supply to the burner that burner operation is prevented in the event of failure of the damper when not in the open position; and
- 1792 (2) immediately after installation examine the appliance and the damper to verify that they can be used together safely without constituting a danger to any person³.

No person must install a manually operated damper to serve a domestic gas appliance⁴; and no person must install a domestic gas appliance to a flue⁵ which incorporates a manually operated damper unless the damper is permanently fixed in the open position⁶.

1 For the meaning of 'gas appliance' see PARA 911 note 6 ante.

2 For the meaning of 'gas' for these purposes see PARA 911 note 3 ante.

3 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 32(1). As to the application of reg 32 see PARA 911 ante; and as to exemptions see PARA 912 ante.

The Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451 (as amended), are made under the Health and Safety at Work etc Act 1974 ss 15(1), (2), (3), (4)(a), (5)(b), (6)(b), 82(3)(a), Sch 3 paras 1(1)-(3), 12, 15(1), 16 (as amended) (powers to make health and safety regulations: see HEALTH AND SAFETY AT WORK vol 52 (2009) PARAS 424, 425). As to criminal proceedings for contravention of health and safety regulations see HEALTH AND SAFETY AT WORK vol 53 (2009) PARA 852 et seq.

4 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 32(2). See also note 3 supra.

5 For the meaning of 'flue' see PARA 913 note 19 supra.

6 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 32(3). See also note 3 supra.

UPDATE

911-946 Safe Installation and Use of Gas Fittings and Appliances

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(v) Gas Standards and Safety/D. SAFE INSTALLATION AND USE OF GAS FITTINGS AND APPLIANCES/ (E) Gas Appliances/940. Testing of appliances.

940. Testing of appliances.

Where a person installs a gas appliance¹ at a time when gas² is being supplied to the premises in which the appliance is installed, he must immediately thereafter test its connection to the installation pipework³ to verify that it is gas tight and examine the appliance and the gas fittings⁴ and other works for the supply of gas and any flue⁵ or means of ventilation to be used in connection with the appliance for the purpose of ascertaining whether:

- 1793 (1) the appliance has been installed in accordance with the relevant regulations⁶;
- 1794 (2) the operating pressure⁷ is as recommended by the manufacturer;
- 1795 (3) the appliance has been installed with due regard to any manufacturer's instructions provided to accompany the appliance; and
- 1796 (4) all gas safety controls are in proper working order⁸.

Where a person carries out such testing and examination in relation to a gas appliance and adjustments are necessary to ensure compliance with the requirements specified in heads (1) to (4) above, he must either carry out those adjustments or disconnect the appliance from the gas supply or seal off the appliance from the gas supply with an appropriate fitting⁹.

Where gas is not being supplied to any premises in which any gas appliance is installed:

- 1797 (a) no person must subsequently permit gas to pass into the appliance unless he has caused such testing, examination and adjustment as is specified above to be carried out; and
- 1798 (b) a person who subsequently provides a gas supply¹⁰ to those premises must, unless he complies with head (a) above, ensure that the appliance is sealed off from the gas supply with an appropriate fitting¹¹.

1 For the meaning of 'gas appliance' see PARA 911 note 6 ante.

2 For the meaning of 'gas' for these purposes see PARA 911 note 3 ante.

3 For the meaning of 'installation pipework' see PARA 911 note 5 ante.

4 For the meaning of 'gas fittings' see PARA 911 note 3 ante.

5 For the meaning of 'flue' see PARA 913 note 19 ante.

6 Ie in accordance with the Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451 (as amended): see PARA 911 et seq ante; the text and notes 1-5 supra, 7-11 infra; and PARA 941 et seq post.

7 For the meaning of 'operating pressure' see PARA 934 note 1 ante.

8 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 33(1). As to the application of reg 33 see PARA 911 ante; and as to exemptions see PARA 912 ante.

The Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451 (as amended), are made under the Health and Safety at Work etc Act 1974 ss 15(1), (2), (3), (4)(a), (5)(b), (6)(b), 82(3)(a), Sch 3 paras 1(1)-(3), 12, 15(1), 16 (as amended) (powers to make health and safety regulations: see HEALTH AND SAFETY AT WORK vol 52 (2009))

PARAS 424, 425). As to criminal proceedings for contravention of health and safety regulations see HEALTH AND SAFETY AT WORK vol 53 (2009) PARA 852 et seq. No person is, however, to be guilty of an offence by reason of contravention of the Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 33(1) in any case in which he can show that he took all reasonable steps to prevent that contravention: reg 39.

9 Ibid reg 33(2). See also note 8 supra. For the meaning of 'appropriate fitting' see PARA 916 note 5 ante.

10 For the meaning of references to a person supplying gas see PARA 919 note 7 ante.

11 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 33(3). See also note 8 supra.

UPDATE

911-946 Safe Installation and Use of Gas Fittings and Appliances

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(v) Gas Standards and Safety/D. SAFE INSTALLATION AND USE OF GAS FITTINGS AND APPLIANCES/ (E) Gas Appliances/941. Prohibition on use of unsafe appliances.

941. Prohibition on use of unsafe appliances.

The responsible person¹ for any premises must not use a gas appliance² or permit a gas appliance to be used if at any time he knows or has reason to suspect that it cannot be used without constituting a danger to any person³.

Any person engaged in carrying out any work⁴ in relation to a gas main, service pipe⁵, service pipework⁶, gas storage vessel⁷ or gas fitting⁸ who knows or has reason to suspect that any gas appliance cannot be used without constituting a danger to any person must forthwith take all reasonably practicable steps to inform the responsible person for the premises in which the appliance is situated and, where different, the owner of the appliance or, where neither is reasonably practicable, in the case of an appliance supplied with liquefied petroleum gas, the supplier⁹ of gas to the appliance, or, in any other case, the transporter¹⁰.

1 For the purposes of the Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 34(1) (see the text and notes 2-3 infra), the responsible person means the occupier of the premises, the owner of the premises and any person with authority for the time being to take appropriate action in relation to any gas fitting therein: reg 34(2). For the meaning of 'the responsible person' generally see PARA 927 note 4 ante.

2 For the meaning of 'gas appliance' see PARA 911 note 6 ante.

3 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 34(1). As to the application of reg 34 see PARA 911 ante; and as to exemptions see PARA 912 ante.

The Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451 (as amended), are made under the Health and Safety at Work etc Act 1974 ss 15(1), (2), (3), (4)(a), (5)(b), (6)(b), 82(3)(a), Sch 3 paras 1(1)-(3), 12, 15(1), 16 (as amended) (powers to make health and safety regulations: see HEALTH AND SAFETY AT WORK vol 52 (2009) PARAS 424, 425). As to criminal proceedings for contravention of health and safety regulations see HEALTH AND SAFETY AT WORK vol 53 (2009) PARA 852 et seq.

4 For this purposes, the expression 'work' is to be construed as if, in the definition of 'work' in the Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 2(1) (see PARA 913 note 1 ante), every reference to a gas fitting were a reference to a gas main, service pipe, service pipework, gas storage vessel or gas fitting: reg 34(4).

5 For the meaning of 'service pipe' see PARA 911 note 3 ante.

6 For the meaning of 'service pipework' see PARA 911 note 5 ante.

7 For the meaning of 'gas storage vessel' see PARA 911 note 3 ante.

8 For the meaning of 'gas fitting' see PARA 911 note 3 ante.

9 For the meaning of 'supplier' see PARA 923 note 15 ante.

10 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 34(3). See also note 3 supra.

UPDATE

911-946 Safe Installation and Use of Gas Fittings and Appliances

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(v) Gas Standards and Safety/D. SAFE INSTALLATION AND USE OF GAS FITTINGS AND APPLIANCES/ (F) Maintenance/942. Duties of employers and self-employed persons.

(F) MAINTENANCE

942. Duties of employers and self-employed persons.

It is the duty of every employer or self-employed person to ensure that any gas appliance¹, installation pipework² or flue³ installed at any place of work under his control is maintained in a safe condition so as to prevent risk of injury to any person⁴.

No person is, however, to be guilty of an offence by reason of contravention of the above requirement in any case in which he can show that he took all reasonable steps to prevent that contravention⁵.

1 For the meaning of 'gas appliance' see PARA 911 note 6 ante.

2 For the meaning of 'installation pipework' see PARA 911 note 5 ante.

3 For the meaning of 'flue' see PARA 913 note 19 ante.

4 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 35. As to the application of reg 35 see PARA 911 ante; and as to exemptions see PARA 912 ante.

The Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451 (as amended), are made under the Health and Safety at Work etc Act 1974 ss 15(1), (2), (3), (4)(a), (5)(b), (6)(b), 82(3)(a), Sch 3 paras 1(1)-(3), 12, 15(1), 16 (as amended) (powers to make health and safety regulations: see HEALTH AND SAFETY AT WORK vol 52 (2009) PARAS 424, 425). As to criminal proceedings for contravention of health and safety regulations see HEALTH AND SAFETY AT WORK vol 53 (2009) PARA 852 et seq. See, however, the text and note 5 infra.

5 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 39.

UPDATE

911-946 Safe Installation and Use of Gas Fittings and Appliances

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(v) Gas Standards and Safety/D. SAFE INSTALLATION AND USE OF GAS FITTINGS AND APPLIANCES/ (F) Maintenance/943. Duties of landlords.

943. Duties of landlords.

Every landlord¹ must ensure that there is maintained in a safe condition:

- 1799 (1) any relevant gas fitting²; and
- 1800 (2) any flue³ which serves any relevant gas fitting,

so as to prevent the risk of injury to any person in lawful occupation of relevant premises⁴. Without prejudice to the generality of that duty, a landlord must:

- 1801 (a) ensure that each appliance and flue to which that duty extends is checked for safety within 12 months of being installed and at intervals of not more than 12 months since it was last checked for safety, whether such check was made pursuant to the relevant regulations⁵ or not;
- 1802 (b) in the case of a lease commencing after 31 October 1998⁶, ensure that each appliance and flue to which the duty extends has been checked for safety within a period of 12 months before the lease commences or has been or is so checked within 12 months after the appliance or flue has been installed, whichever is later; and
- 1803 (c) ensure that a record in respect of any appliance or flue so checked is made and retained for a period of two years from the date of that check; and that record must include the following information:

145

- 216. (i) the date on which the appliance or flue was checked;
- 217. (ii) the address of the premises at which the appliance or flue is installed;
- 218. (iii) the name and address of the landlord of the premises, or, where appropriate, his agent, at which the appliance or flue is installed;
- 219. (iv) a description of and the location of each appliance or flue checked;
- 220. (v) any defect identified;
- 221. (vi) any remedial action taken;
- 222. (vii) confirmation that the check undertaken complies with the prescribed requirements⁷;
- 223. (viii) the name and signature of the individual carrying out the check; and
- 224. (ix) the registration number with which that individual, or his employer, is registered with a body approved by the Health and Safety Executive⁸ for the relevant statutory⁹ purposes¹⁰.

146

The record referred to in head (c) above, or a copy of it, must be made available upon request and upon reasonable notice for the inspection of any person in lawful occupation of relevant premises who may be affected by the use or operation of any appliance to which the record relates¹¹. Notwithstanding that requirement, every landlord must ensure that:

- 1804 (A) a copy of the record made pursuant to the requirements of head (c) above is given to each existing tenant¹² of premises to which the record relates within 28 days of the date of the check; and
- 1805 (B) a copy of the last record made in respect of each appliance or flue is given to any new tenant of premises to which the record relates before that tenant occupies those premises; except that, in respect of a tenant whose right to occupy those premises is for a period not exceeding 28 days, a copy of the record may instead be prominently displayed within those premises¹³.

Where, however, there is no relevant gas appliance in any room occupied or to be occupied by the tenant in relevant premises, the landlord may, instead of ensuring that a copy of the record is given to the tenant, ensure that there is displayed in a prominent position in the premises, from such time as a copy would have been required¹⁴ to have been given to the tenant, a copy of the record with a statement indorsed on it that the tenant is entitled to have his own copy of the record on request to the landlord at an address specified in the statement; and on any such request being made, the landlord must give to the tenant a copy of the record as soon as is practicable¹⁵.

Every landlord must ensure that any work¹⁶ in relation to a relevant gas fitting or any check of a gas appliance or flue carried out pursuant to heads (1) to (2) and (a) to (c) above is carried out by, or by an employee of, a member of a class of persons approved¹⁷ for the time being by the Executive¹⁸. A safety check carried out pursuant to heads (a) to (c) above must include, but is not to be limited to, an examination of certain prescribed¹⁹ matters²⁰.

Every landlord must also ensure that in any room occupied or to be occupied as sleeping accommodation by a tenant in relevant premises there is not fitted a relevant gas fitting of a type the installation of which would contravene the relevant regulation²¹ relating to room-sealed appliances²²; but this does not apply in relation to a room which since before 31 October 1998 has been occupied or intended to be occupied as sleeping accommodation²³.

Nothing done or agreed to be done by a tenant of relevant premises or by any other person in lawful occupation of them in relation to the maintenance or checking of a relevant gas fitting or flue in the premises, other than one in part of premises occupied for non-residential purposes, is to be taken into account in determining whether a landlord has discharged his obligations under the above provisions, except in so far as it relates to access to that gas fitting or flue for the purposes of such maintenance or checking²⁴. No person is, however, to be guilty of an offence by reason of contravention of the above provisions in any case in which he can show that he took all reasonable steps to prevent that contravention²⁵.

1 For these purposes, 'landlord' means (1) where the relevant premises are occupied under a lease, the person for the time being entitled to the reversion expectant on that lease or who, apart from any statutory tenancy, would be entitled to possession of the premises; and (2) where the relevant premises are occupied under a licence, the licensor, save that where the licensor is himself a tenant in respect of those premises, it means the person referred to in head (1) supra: Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 36(1). 'Lease' means (a) a lease for a term of less than seven years; and (b) a tenancy for a periodic term; and (c) any statutory tenancy arising out of a lease or tenancy referred to in head (a) or (b) supra; and in determining whether a lease is one which falls within head (a) supra: (i) any part of the term which falls before the grant must be left out of account and the lease is to be treated as a lease for a term commencing with the grant; (ii) a lease which is determinable at the option of the lessor before the expiration of seven years from the commencement of the term is to be treated as a lease for a term of less than seven years; (iii) a lease (other than a lease to which head (b) supra applies) is not to be treated as a lease for a term of less than seven years if it confers on the lessee an option for renewal for a term which, together with the original term, amounts to seven years or more; and (iv) a 'lease' does not include a mortgage term: reg 2(1).

'Relevant premises' means premises or any part of premises occupied, whether exclusively or not, for residential purposes (such occupation being in consideration of money or money's worth) under a lease or a licence; and 'statutory tenancy' means a statutory tenancy within the meaning of the Rent Act 1977 and the Rent (Agriculture) Act 1976 (see LANDLORD AND TENANT VOL 27(2) (2006 Reissue) PARAS 831 et seq, 1146-1149): Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 36(1).

2 'Relevant gas fitting' means (1) any gas appliance (other than an appliance which the tenant is entitled to remove from the relevant premises) or any installation pipework installed in any relevant premises; and (2) any gas appliance or installation pipework which, directly or indirectly, serves the relevant premises and which either (a) is installed in any part of premises in which the landlord has an estate or interest; or (b) is owned by the landlord or is under his control; except that it does not include any gas appliance or installation pipework exclusively used in a part of premises occupied for non-residential purposes: *ibid* reg 36(1). For the meanings of 'installation pipework' and 'gas appliance' see PARA 911 notes 5-6 ante.

3 For the meaning of 'flue' see PARA 913 note 19 ante.

4 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 36(2). As to the application of reg 36 see PARA 911 ante; and as to exemptions see PARA 912 ante.

The Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451 (as amended), are made under the Health and Safety at Work etc Act 1974 ss 15(1), (2), (3), (4)(a), (5)(b), (6)(b), 82(3)(a), Sch 3 paras 1(1)-(3), 12, 15(1), 16 (as amended) (powers to make health and safety regulations: see HEALTH AND SAFETY AT WORK vol 52 (2009) PARAS 424, 425). As to criminal proceedings for contravention of health and safety regulations see HEALTH AND SAFETY AT WORK vol 53 (2009) PARA 852 et seq. See, however, the text and note 25 *infra*.

For a case where a fine of £1,500 was imposed on the landlord of a property where a young woman died of carbon monoxide poisoning caused by the use of a defective gas fire see *R v Beedie* [1998] QB 356, CA.

5 *Ie* pursuant to the Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451 (as amended): see PARA 911 et seq ante, PARAS 944-945 post.

6 *Ie* the date when the Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451 (as amended), came into force: see reg 1.

7 *Ie* the requirements of *ibid* reg 36(9): see the text and notes 19-20 *infra*.

8 As to the Health and Safety Executive see HEALTH AND SAFETY AT WORK vol 52 (2009) PARA 361 et seq.

9 *Ie* for the purposes of the Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 3(3): see PARA 911 ante.

10 *Ibid* reg 36(3). See also note 4 *supra*.

11 *Ibid* reg 36(5). See also note 4 *supra*.

12 'Tenant' means a person who occupies relevant premises being (1) where the relevant premises are so occupied under a lease, the person for the time being entitled to the term of that lease; and (2) where the relevant premises are so occupied under a licence, the licensee: *ibid* reg 36(1).

13 *Ibid* reg 36(6). See also note 4 *supra*. A copy of the record given to a tenant pursuant to reg 36(6)(b) (see head (b) in the text) need not contain a copy of the signature of the individual carrying out the check if the copy of the record contains a statement that another copy containing a copy of such signature is available for inspection by the tenant on request to the landlord at an address specified in the statement, and on any such request being made the landlord must make such a copy available for inspection as soon as is practicable: reg 36(8).

14 *Ie* under *ibid* reg 36(6).

15 *Ibid* reg 36(7). See also note 4 *supra*.

16 For the meaning of 'work' in relation to a gas fitting see PARA 913 note 1 ante.

17 See note 9 *supra*.

18 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 36(4). See also note 4 *supra*.

19 *Ie* the matters referred to in *ibid* reg 26(9)(a)-(d): see PARA 934 ante.

20 *Ibid* reg 36(9). See also note 4 *supra*.

21 *Ie* *ibid* reg 30(2) or (3): see PARA 937 ante.

22 *Ibid* reg 36(11). See also note 4 *supra*.

23 Ibid reg 36(12). See also note 4 supra.

24 Ibid reg 36(10).

25 Ibid reg 39.

UPDATE

911-946 Safe Installation and Use of Gas Fittings and Appliances

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(v) Gas Standards and Safety/D. SAFE INSTALLATION AND USE OF GAS FITTINGS AND APPLIANCES/ (G) Miscellaneous Matters/944. Escape of gas.

(G) MISCELLANEOUS MATTERS

944. Escape of gas.

Where any gas¹ escapes² from any pipe of a gas supplier³ or from any pipe, other gas fitting⁴ or gas storage vessel⁵ used by a person supplied with gas by a gas supplier, the supplier of the gas must, within 12 hours of being so informed of the escape, prevent the gas escaping, whether by cutting off the supply of gas to any premises or otherwise⁶. In any proceedings for an offence under the above provision, however, it is a defence for the supplier of the gas to prove that it was not reasonably practicable for him effectually to prevent the gas from escaping within that period of 12 hours, and that he did effectually prevent the escape of gas as soon as it was reasonably practicable for him to do so⁷.

If the responsible person⁸ for any premises knows or has reason to suspect that gas is escaping into those premises, he must immediately take all reasonable steps to cause the supply of gas to be shut off at such place as may be necessary to prevent further escape of gas⁹. If gas continues to escape into those premises after the supply of gas has been shut off or when a smell of gas persists, the responsible person for the premises discovering such escape or smell must immediately give notice of the escape or smell to the supplier of the gas¹⁰.

Where an escape of gas has been stopped by shutting off the supply, no person must cause or permit the supply to be reopened, other than in the course of repair, until all necessary steps have been taken to prevent a recurrence of such escape¹¹.

Nothing in the above provisions applies to an escape of gas from a network¹² or from a gas fitting supplied with gas from a network¹³.

1 For the meaning of 'gas' for these purposes see PARA 911 note 3 ante.

2 For these purposes, any reference to an escape of gas from a gas fitting includes a reference to an escape or emission of carbon monoxide gas resulting from incomplete combustion of gas in a gas fitting, but, to the extent that the Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 37 (see the text and notes 2-13 infra) relates to such an escape or emission of carbon monoxide gas, the requirements imposed upon a supplier by reg 37(1) (see the text and notes 2-6 infra) are, where the escape or emission is notified to the supplier by the person to whom the gas has been supplied, limited to advising that person of the immediate action to be taken to prevent such escape or emission and the need for the examination and, where necessary, repair of the fitting by a competent person: reg 37(8).

3 For the meaning of 'supplier' see PARA 923 note 15 ante. The facts of fracture of a pipe and a consequent gas escape will not necessarily raise a prima facie case of negligence against a supplier which it must rebut, but they may do so in some circumstances: see *Lloyde v West Midlands Gas Board* [1971] 2 All ER 1240, [1971] 1 WLR 749, CA.

4 For the meaning of 'gas fitting' see PARA 911 note 3 ante.

5 For the meaning of 'gas storage vessel' see PARA 911 note 3 ante.

6 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 37(1). Nothing in the Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 37(1) prevents the supplier of the gas appointing another person to act on his behalf to prevent an escape of gas supplied by that supplier: reg 37(6). As to the application of reg 37 see PARA 911 ante; and as to exemptions see PARA 912 ante.

The Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451 (as amended), are made under the Health and Safety at Work etc Act 1974 ss 15(1), (2), (3), (4)(a), (5)(b), (6)(b), 82(3)(a), Sch 3 paras 1(1)-(3), 12, 15(1), 16 (as amended) (powers to make health and safety regulations: see HEALTH AND SAFETY AT WORK vol 52 (2009) PARAS 424, 425). As to criminal proceedings for contravention of health and safety regulations see HEALTH AND SAFETY AT WORK vol 53 (2009) PARA 852 et seq. See, however, the text and note 7 infra.

7 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 37(5). Nothing in reg 37(5) prevents the supplier of the gas appointing another person to act on his behalf to prevent an escape of gas supplied by that supplier: reg 37(6).

8 For the meaning of 'the responsible person' see PARA 927 note 4 ante.

9 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 37(2). See also note 6 supra.

10 Ibid reg 37(3). See also note 6 supra.

11 Ibid reg 37(4). See also note 6 supra.

12 Ie a network within the meaning of the Gas Safety (Management) Regulations 1996, SI 1996/551, reg 2: see PARA 903 note 2 ante.

13 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 37(7). As to such escapes of gas see PARA 907 ante.

UPDATE

911-946 Safe Installation and Use of Gas Fittings and Appliances

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(v) Gas Standards and Safety/D. SAFE INSTALLATION AND USE OF GAS FITTINGS AND APPLIANCES/ (G) Miscellaneous Matters/945. Use of antifluatuators and valves.

945. Use of antifluatuators and valves.

Where a consumer uses gas¹ for the purpose of working or supplying plant which is liable to produce pressure fluctuation in the gas supply such as to cause any danger to other consumers, he must comply with such directions² as may be given to him by the transporter³ of the gas to prevent such danger⁴.

Where a consumer intends to use for or in connection with the consumption of gas any gaseous substance⁵ he must:

- 1806 (1) give to the transporter of the gas at least 14 days' notice in writing of that intention; and
- 1807 (2) during such use comply with such directions as the transporter may have given to him to prevent the admission of such substance into the gas supply⁶.

Where a direction under the above provisions⁷ requires the provision of any device, the consumer must ensure that the device is adequately maintained⁸.

1 For the meaning of 'gas' for these purposes see PARA 911 note 3 ante.

2 Any direction given pursuant to the Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 38 must be in writing: reg 38(4).

3 For the meaning of 'transporter' see PARA 921 note 3 ante.

4 Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 38(1). As to the application of reg 38 see PARA 911 ante; and as to exemptions see PARA 912 ante.

The Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451 (as amended), are made under the Health and Safety at Work etc Act 1974 ss 15(1), (2), (3), (4)(a), (5)(b), (6)(b), 82(3)(a), Sch 3 paras 1(1)-(3), 12, 15(1), 16 (as amended) (powers to make health and safety regulations: see HEALTH AND SAFETY AT WORK vol 52 (2009) PARAS 424, 425). As to criminal proceedings for contravention of health and safety regulations see HEALTH AND SAFETY AT WORK vol 53 (2009) PARA 852 et seq.

5 For this purpose, 'gaseous substance' includes compressed air but does not include any gaseous substance supplied by the transporter: Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451, reg 38(2).

6 Ibid reg 38(2). See also note 4 supra.

7 Ie under ibid reg 38(1) or (2).

8 Ibid reg 38(3). See also note 4 supra.

UPDATE

911-946 Safe Installation and Use of Gas Fittings and Appliances

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(v) Gas Standards and Safety/E. PIPELINE SAFETY/946. General safety requirements.

E. PIPELINE SAFETY

946. General safety requirements.

The Pipelines Safety Regulations 1996¹ prescribe safety requirements for pipelines for the conveyance of gas and other fluids, other than (1) drains or sewers; (2) pipes or systems of pipes constituting or comprised in apparatus for heating or cooling or for domestic purposes; or (3) pipes used in the control and monitoring of any plant²; and excluding certain other prescribed descriptions of pipes³. For the purposes of those regulations, a pipeline for supplying gas to premises is deemed not to include anything downstream of an emergency control⁴.

Part II of the 1996 Regulations⁵ sets out general safety requirements with regard to pipelines and Part III⁶ of those regulations deals with major accident hazard pipelines⁷. Contravention of the regulations is an offence⁸; but in any proceedings for such an offence, it is a defence for the person charged to prove that the commission of the offence was due to the act or default of another person not being one of his employees and that he took all reasonable precautions and exercised all due diligence to avoid the commission of the offence⁹.

The 1996 Regulations are discussed in detail elsewhere in this work¹⁰.

1 Ie the Pipelines Safety Regulations 1996, SI 1996/825 (as amended): see RAILWAYS, INLAND WATERWAYS AND CROSS-COUNTRY PIPELINES vol 39(1A) (Reissue) PARA 610 et seq.

2 See *ibid* reg 3(1).

3 See *ibid* reg 4(2), Sch 1.

4 *Ibid* reg 3(4). 'Emergency control' means a valve for shutting off the supply of gas in an emergency, being a valve intended for use by a consumer of gas; and 'gas' has the same meaning as it has in the Gas Act 1986 Pt I (ss 4AA-48) (as amended) (see PARA 802 ante): Pipelines Safety Regulations 1996, SI 1996/825, reg 3(5).

5 Ie *ibid* Pt II (regs 5-17) (as amended): see RAILWAYS, INLAND WATERWAYS AND CROSS-COUNTRY PIPELINES vol 39(1A) (Reissue) PARA 611.

6 Ie *ibid* Pt III (regs 18-27): see RAILWAYS, INLAND WATERWAYS AND CROSS-COUNTRY PIPELINES vol 39(1A) (Reissue) PARA 612 et seq.

7 Ie pipelines in which a dangerous fluid is being, or is to be, conveyed: see *ibid* reg 18, Sch 2.

8 The Pipelines Safety Regulations 1996, SI 1996/825 (as amended), are made under the Health and Safety at Work etc Act 1974 ss 15(1), (2), (3)(a), (4)(a), (5)(b), (6)(b), 43(2), (6), 82(3)(a), Sch 3 paras 15(1), 16 (as amended) (powers to make health and safety regulations: see HEALTH AND SAFETY AT WORK vol 52 (2009) PARAS 424, 425). As to criminal proceedings for contravention of health and safety regulations see HEALTH AND SAFETY AT WORK vol 53 (2009) PARA 852 et seq. See, however, the text and note 23 *infra*.

9 Pipelines Safety Regulations 1996, SI 1996/825, reg 28(1). For restrictions on the circumstances in which such a defence may be relied on see reg 28(2), (3); and RAILWAYS, INLAND WATERWAYS AND CROSS-COUNTRY PIPELINES vol 39(1A) (Reissue) PARA 630.

10 See RAILWAYS, INLAND WATERWAYS AND CROSS-COUNTRY PIPELINES vol 39(1A) (Reissue) PARA 610 et seq.

UPDATE

911-946 Safe Installation and Use of Gas Fittings and Appliances

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(vi) Stamping etc of Gas Meters/A. METER TESTING AND STAMPING UNDER THE GAS ACT 1986/947. Prohibition on use of unstamped meters.

(vi) Stamping etc of Gas Meters

A. METER TESTING AND STAMPING UNDER THE GAS ACT 1986

947. Prohibition on use of unstamped meters.

In general¹, no meter must be used for the purpose of ascertaining the quantity of gas supplied through pipes to any person unless it is stamped either by, or on the authority of, a meter examiner appointed under the relevant statutory provisions² or in such other manner as may be authorised by regulations under those provisions³. If any person supplies gas through a meter which has not been so stamped, he is guilty of an offence and liable on summary conviction to a fine not exceeding level 3 on the standard scale⁴; and where the commission by any person of such an offence is due to the act or default of some other person, that other person is to be guilty of the offence⁵. In any proceedings for such an offence it is a defence for the person charged to prove that he took all reasonable steps and exercised all due diligence to avoid committing the offence⁶.

Nothing in the above provisions, however, restricts the use in Great Britain of any instrument which bears the mark of EEC initial verification⁷ for ascertaining the quantity of gas supplied, provided that the mark remains undefaced otherwise than by reason of fair wear and tear⁸.

1 The Gas Act 1986 s 17(1)-(13) (as substituted and amended) does not have effect in relation to the supply of gas to a person under any agreement providing for the quantity of gas supplied to him to be ascertained by a meter designed for rates of flow which, if measured at a temperature of 15°C and a pressure of 1013.25 millibars, would exceed 1600 cubic metres an hour: s 17(14) (s 17 substituted by the Gas Act 1995 s 10(1), Sch 3 para 13). Regulations under the Gas Act 1986 s 17 (as so substituted) may provide that s 17(14) (as substituted) is to have effect as if for the number of cubic metres an hour which is for the time being applicable for the purposes of that provision there were substituted such lower number of cubic metres an hour as the Gas and Electricity Markets Authority ('GEMA') considers appropriate: s 17(15) (as so substituted; amended by virtue of the Utilities Act 2000 s 3(2)). For the meanings of 'gas', and references to the supply of gas, see PARA 802 ante. As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

The Gas Act 1986 s 8B, Sch 2B para 3 (as added and amended) (consumers' duty to keep meters in proper order: see PARA 857 ante) does not apply in relation to certain meters used, in pursuance of such an agreement, for ascertaining the quantity of gas supplied: see Sch 2B para 3(8) (as added and amended); and PARA 857 ante.

2 I.e. appointed under ibid s 17 (as substituted and amended): see PARA 948 post.

3 Ibid s 17(1) (as substituted: see note 1 supra). A meter which is stamped under s 17 (as substituted and amended) and put into use before 30 October 2016 is not a 'relevant instrument' for the purposes of the Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647 (gas meters used for trade: see PARA 954 et seq post): see reg 3(2).

If the meter which is a 'relevant instrument' is put into use within the meaning of and in accordance with those 2006 Regulations, it is deemed to have been stamped for the purposes of the Gas Act 1986 s 17(1), (11) (as substituted and amended) (Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, reg 28(1), (2)); but this does not apply if the error of measurement of the meter exceeds certain prescribed limits (see reg 28(4)).

A meter to which the Gas (Meters) Regulations 1983, SI 1983/684, reg 3(1)(cc) (as added) applies (certain diaphragm meters: see PARA 949 note 8 post) which is manufactured or repaired in a member state other than the United Kingdom may be stamped by, or on the authority of, a person other than a meter examiner, if that

person is authorised by the Secretary of State for these purposes ('an authorised person'): reg 3A(1) (reg 3A added by SI 1993/1521). An authorised person must not stamp, or authorise the stamping of, any meter unless (1) he is satisfied that it is of such pattern and construction and is marked in such manner as is approved by the Secretary of State for these purposes; and (2) he has been provided with the requisite documentation relating to that meter: Gas (Meters) Regulations 1983, SI 1983/684, reg 3A(2) (as so added). For these purposes, 'requisite documentation' in relation to any meter means (a) the examination report of an approved body that the meter which is the subject of that report conforms to the standards prescribed in reg 3(1)(a), 3(1)(cc) (as amended); and if requested by an authorised person the results of the tests on which the examination report is based: reg 3A(3) (as so added). A body making an examination report in respect of a meter is an 'approved body' if it is the body in the member state in which the meter has been manufactured or repaired which has responsibility for the metrological control of gas volume meters or is a laboratory which has been accredited in that member state as being a body which conforms with the criteria set out in EN 45001: Gas (Meters) Regulations 1983, SI 1983/684, reg 3A(4) (as so added). For the meaning of 'United Kingdom' see PARA 602 note 7 ante.

The Gas (Meters) Regulations 1983, SI 1983/684 (as amended) now have effect by virtue of the Gas Act 1995 s 17(1), Sch 5 para 22. They do not, however, apply to a meter which is a relevant instrument within the meaning of the Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647 (see PARA 954 post), except that the Gas (Meters) Regulations 1983, SI 1983/684, reg 4 (as amended) (see PARA 949 note 14 post) and (so far as is necessary for the interpretation of that regulation) reg 2 (as amended) do so apply (with modifications in the case of reg 4 (as amended)): see the Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, reg 28(5), (6).

4 Gas Act 1986 s 17(11) (as substituted: see note 1 supra). As to the standard scale see PARA 613 note 11 ante. See also note 3 supra; and PARA 949 the text and notes 16-19 post.

5 Ibid s 17(12) (as substituted: see note 1 supra). A person may be charged with and convicted of the offence by virtue of s 17(12) (as substituted) whether or not proceedings are taken against the first-mentioned person: s 17(12) (as so substituted). See also PARA 949 the text and note 20 post.

6 Ibid s 17(13) (as substituted: see note 1 supra). See also PARA 949 the text and note 21 post.

7 For the mark of EEC initial verification for these purposes see the Measuring Instruments (EEC Requirements) Regulations 1988, SI 1988/186, reg 4(1), (2), Sch 1 para 5 (amended by SI 1988/1128).

8 Measuring Instruments (EEC Requirements) Regulations 1988, SI 1988/186, reg 6 (substituted for these purposes by the Measuring Instruments (EEC Requirements) (Gas Volume Meters) Regulations 1988, SI 1988/296, reg 2, Schedule para 6). As to such instruments see PARAS 950-952 post.

UPDATE

947-949 Meter Testing and Stamping under the Gas Act 1986

The functions of the Gas and Electricity Markets Authority ('the Authority') under gas meter legislation are transferred to the Secretary of State: Energy Act 2008 s 92(1). 'Gas meter legislation' means (1) the Gas Act 1986 s 17, and (2) gas meter regulations; and 'gas meter regulations' means (a) the Measuring Instruments (EEC Requirements) Regulations 1988, SI 1988/186; (b) the Measuring Instruments (EEC Requirements) (Gas Volume Meters) Regulations 1988, SI 1988/296; (c) the Measuring Instruments (Non-Prescribed Instruments) Regulations 2006, SI 2006/1270; (d) the Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647; (e) any regulations made, or treated as made, under the Gas Act 1986 s 17: Energy Act 2008 s 92(5). References in gas meter legislation to the Authority (including references in that legislation which, by virtue of the Utilities Act 2000 s 3(2), are treated as references to the Authority) are to be treated, so far as necessary for the purposes or in consequence of the transfer, as if they were references to the Secretary of State: Energy Act 2008 s 92(2). Regulations made, or treated as made, by the Authority under the Gas Act 1986 s 17 (gas meter testing and stamping) and in force immediately before commencement have effect on and after commencement as if they had been made by the Secretary of State: Energy Act 2008 s 92(3). 'Commencement' means the day on which s 92 comes into force (ie 1 April 2009: see SI 2009/45): Energy Act 2008 s 92(5). Anything else done by the Authority under gas meter legislation which has effect immediately before

commencement has effect on and after commencement as if it had been done by the Secretary of State: s 92(4).

947 Prohibition on use of unstamped meters

NOTE 1--Gas Act 1986 s 17 further amended: Energy Act 2008 s 93, Sch 6.

NOTE 7--SI 1988/186 Sch 1 para 5 further amended: SI 2008/1267.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(vi) Stamping etc of Gas Meters/A. METER TESTING AND STAMPING UNDER THE GAS ACT 1986/948. Appointment of meter examiners; meter examiners' fees.

948. Appointment of meter examiners; meter examiners' fees.

The Gas and Electricity Markets Authority ('GEMA')¹ must appoint competent and impartial persons as meter examiners for the relevant² statutory purposes³. There must be paid out of money provided by Parliament to meter examiners who are members of the Authority's staff such remuneration and such allowances as may be determined by the Authority with the approval of the Treasury, and such pensions as may be so determined may be paid out of money provided by Parliament to or in respect of such examiners⁴.

All fees payable to meter examiners⁵ who are members of the Authority's staff for the performance of functions conferred by or under the relevant statutory provisions⁶ must be paid to the Authority; and any sums received by it under those provisions must be paid into the Consolidated Fund⁷. The fees to be paid to meter examiners who are members of the Authority's staff for the performance of functions so conferred, and the persons by whom they are to be paid, are to be such as the Authority may, with the approval of the Treasury, from time to time determine; and such a determination may make different provision for different areas or in relation to different cases or different circumstances and may make such supplementary, incidental or transitional provision as the Authority considers necessary or expedient⁸.

1 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

2 I.e. for the purposes of the Gas Act 1986 s 17 (as substituted and amended): see PARA 947 ante; the text and notes 3-8 infra; and PARA 949 post.

3 Ibid s 17(6) (s 17 substituted by the Gas Act 1995 s 10(1), Sch 3 para 13; the Gas Act 1986 s 17(6)-(8), (10) amended by virtue of the Utilities Act 2000 s 3(2)). As to the application of the Gas Act 1986 s 17 (as substituted and amended) see PARA 947 note 1 ante.

4 Gas Act 1986 s 17(7) (as substituted and amended: see note 3 supra).

5 As to the prescribed fees see the Gas (Meters) Regulations 1983, SI 1983/684, reg 5, Sch 1 (substituted by SI 1991/1471).

The Gas (Meters) Regulations 1983, SI 1983/684 (as amended) now have effect by virtue of the Gas Act 1995 s 17(1), Sch 5 para 22. They do not, however, apply to a meter which is a relevant instrument within the meaning of the Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647 (see PARA 954 post), except that the Gas (Meters) Regulations 1983, SI 1983/684, reg 4 (as amended) (see PARA 949 note 14 post) and (so far as is necessary for the interpretation of that regulation) reg 2 (as amended) do so apply (with modifications in the case of reg 4 (as amended)): see the Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, reg 28(5), (6).

6 I.e. conferred by or under the Gas Act 1986 s 17 (as substituted and amended).

7 Ibid s 17(8) (as substituted and amended: see note 3 supra). As to the Consolidated Fund see CONSTITUTIONAL LAW AND HUMAN RIGHTS vol 8(2) (Reissue) PARA 711 et seq; PARLIAMENT vol 78 (2010) PARAS 1028-1031.

8 Ibid s 17(10) (as substituted and amended: see note 3 supra).

UPDATE

947-949 Meter Testing and Stamping under the Gas Act 1986

The functions of the Gas and Electricity Markets Authority ('the Authority') under gas meter legislation are transferred to the Secretary of State: Energy Act 2008 s 92(1). 'Gas meter legislation' means (1) the Gas Act 1986 s 17, and (2) gas meter regulations; and 'gas meter regulations' means (a) the Measuring Instruments (EEC Requirements) Regulations 1988, SI 1988/186; (b) the Measuring Instruments (EEC Requirements) (Gas Volume Meters) Regulations 1988, SI 1988/296; (c) the Measuring Instruments (Non-Prescribed Instruments) Regulations 2006, SI 2006/1270; (d) the Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647; (e) any regulations made, or treated as made, under the Gas Act 1986 s 17: Energy Act 2008 s 92(5). References in gas meter legislation to the Authority (including references in that legislation which, by virtue of the Utilities Act 2000 s 3(2), are treated as references to the Authority) are to be treated, so far as necessary for the purposes or in consequence of the transfer, as if they were references to the Secretary of State: Energy Act 2008 s 92(2). Regulations made, or treated as made, by the Authority under the Gas Act 1986 s 17 (gas meter testing and stamping) and in force immediately before commencement have effect on and after commencement as if they had been made by the Secretary of State: Energy Act 2008 s 92(3). 'Commencement' means the day on which s 92 comes into force (ie 1 April 2009: see SI 2009/45): Energy Act 2008 s 92(5). Anything else done by the Authority under gas meter legislation which has effect immediately before commencement has effect on and after commencement as if it had been done by the Secretary of State: s 92(4).

948 Appointment of meter examiners; meter examiners' fees

TEXT AND NOTES--Gas Act 1986 s 17 further amended: Energy Act 2008 s 93.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(vi) Stamping etc of Gas Meters/A. METER TESTING AND STAMPING UNDER THE GAS ACT 1986/949. Examination and stamping of meters.

949. Examination and stamping of meters.

It is the duty¹ of a meter examiner² who is a member of the Gas and Electricity Markets Authority's ('GEMA's')³ staff, on being required to do so by any person and on payment of the requisite fee⁴:

- 1808 (1) to examine any meter used or intended to be used for ascertaining the quantity of gas supplied⁵ to any person; and
- 1809 (2) to stamp, or authorise the stamping of, that meter⁶;

but a meter examiner must not stamp, or authorise the stamping of, any meter unless he is satisfied that it is of such pattern and construction and is marked in such manner as is approved by the Authority and that the meter conforms with such standards as may be prescribed⁷ for these purposes⁸.

A meter examiner may, however, stamp or authorise another person to stamp a meter, notwithstanding that he has not himself examined it, if:

- 1810 (a) the meter was manufactured or repaired by the person submitting it to the examiner;
- 1811 (b) that person has obtained the consent of the Authority to his submission; and
- 1812 (c) any conditions subject to which the consent was given have been satisfied⁹.

A meter examiner may also authorise another person to stamp a meter, notwithstanding that he has not himself examined it, if:

- 1813 (i) the meter was manufactured or repaired by that person;
- 1814 (ii) that person has obtained the consent of the Authority to his stamping of the meter; and
- 1815 (iii) any conditions subject to which the consent was given have been satisfied¹⁰.

Regulations¹¹, which must be made by the Authority with the consent of the Secretary of State¹², may make provision:

- 1816 (A) for re-examining meters already stamped, and for the cancellation of stamps in the case of meters which no longer conform with the prescribed standards and in such other circumstances as may be prescribed¹³;
- 1817 (B) for requiring meters to be periodically overhauled¹⁴; and
- 1818 (C) for the revocation of any approval given by the Authority to any particular pattern or construction of meter, and for requiring existing meters of that pattern or construction to be replaced within such period as may be prescribed for these purposes¹⁵.

Any person who supplies gas through a meter which has not been overhauled¹⁶ or replaced¹⁷ in accordance with a requirement imposed, or notice published, under the relevant regulations¹⁸, is guilty of an offence and liable on summary conviction to a fine not exceeding level 3 on the standard scale¹⁹; and where the commission by any person of such an offence is due to the act or default of some other person, that other person is to be guilty of the offence²⁰. In any proceedings for such an offence it is, however, a defence for the person charged to prove that he took all reasonable steps and exercised all due diligence to avoid committing the offence²¹.

1 le subject to the Gas Act 1986 s 17(3)-(5) (as substituted and amended): see the text and notes 7-10 infra.

2 As to the appointment of meter examiners see PARA 948 ante.

3 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

4 As to meter examiners' fees see PARA 948 ante. For the prescribed fees see the Gas (Meters) Regulations 1983, SI 1983/684, reg 5, Sch 1 (substituted by SI 1991/1471).

The Gas (Meters) Regulations 1983, SI 1983/684 (as amended) now have effect by virtue of the Gas Act 1995 s 17(1), Sch 5 para 22. They do not, however, apply to a meter which is a relevant instrument within the meaning of the Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647 (see PARA 954 post), except that the Gas (Meters) Regulations 1983, SI 1983/684, reg 4 (as amended) (see note 13 infra) and (so far as is necessary for the interpretation of that regulation) reg 2 (as amended) do so apply (with modifications in the case of reg 4 (as amended)): see the Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, reg 28(5), (6).

5 For the meanings of 'gas', and references to the supply of gas, see PARA 802 ante.

6 Gas Act 1986 s 17(2) (s 17 substituted by the Gas Act 1995 s 10(1), Sch 3 para 13; the Gas Act 1986 s 17(2)-(5), (9) amended by virtue of the Utilities Act 2000 s 3(2)). As to the application of the Gas Act 1986 s 17 (as substituted and amended) see PARA 947 note 1 ante.

If the meter which is a 'relevant instrument' is put into use within the meaning of and in accordance with the Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647 (see PARA 954 et seq post), the Gas Act 1986 s 17(2)(b), (as substituted and amended) (see head (2) in the text); and s 17(3)-(5) (as substituted and amended) must be disregarded (Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, reg 28(1), (3)); but this does not apply if the error of measurement of the meter exceeds certain prescribed limits (see reg 28(4)).

7 For the meaning of 'prescribed' see PARA 797 note 5 ante.

8 Gas Act 1986 s 17(3) (as substituted and amended: see note 6 supra). As to the disapplication of this provision in certain circumstances see note 6 supra. For the prescribed standards for meters see the Gas (Meters) Regulations 1983, SI 1983/684, reg 3(1)-(3) (amended by SI 1993/1521). A meter must be such that no gas or air will escape from it: Gas (Meters) Regulations 1983, SI 1983/684, reg 3(1)(a). For the additional standards prescribed for diaphragm meters see reg 3(1)(b), (d)-(e), (2), (3) (as so amended); and for the additional standards prescribed for meters other than diaphragm meters see reg 3(1)(c), (cc), (2) (as so amended). 'Diaphragm meter' means a meter constructed so that it contains a flexible partition: reg 2. See also note 4 supra.

9 Gas Act 1986 s 17(4) (as substituted and amended: see note 6 supra). As to the disapplication of this provision in certain circumstances see note 6 supra.

10 Ibid s 17(5) (as substituted and amended: see note 6 supra). As to the disapplication of this provision in certain circumstances see note 6 supra.

11 le regulations under ibid s 17 (as substituted and amended): see PARAS 947-948 ante; and the text and notes 1-10 supra, 11-15 infra.

12 As to the Secretary of State see PARA 601 note 1 ante.

13 Gas Act 1986 s 17(9)(a) (as substituted and amended: see note 6 supra). Where there is a dispute between any person to whom gas is supplied and the person supplying the gas as to the accuracy with which a meter stamped under s 17 (as substituted and amended) registered the quantity of gas supplied to that person and either party to the dispute requires a meter examiner appointed under s 17 (as substituted and amended) to re-examine the meter, and the names and addresses of both parties to the dispute are communicated in writing to the meter examiner, it is the duty of the meter examiner, on payment of the requisite fee, to re-

examine the meter: Gas (Meters) Regulations 1983, SI 1983/684, reg 4(1) (reg 4(1), (3)-(5) amended by SI 1995/1251). If a meter examiner, on re-examining the meter, is satisfied that the meter does not conform with the standards prescribed by the Gas (Meters) Regulations 1983, SI 1983/684, reg 3 (as amended) (see note 8 supra), it is the duty of the meter examiner to cancel the stamp with which the meter is already stamped by defacing it: reg 4(2). If a meter examiner on re-examining a meter is satisfied that the meter does not conform with the standard prescribed by reg 3(1)(b)(i) or a standard prescribed by reg 3(1)(c) or reg 3(1)(cc) (as added), it is the duty of the meter examiner to give to each of the parties to the dispute a certificate signed by the meter examiner stating the degree exceeding the degree permissible for that standard to which the meter when re-examined registered erroneously: reg 4(3) (as so amended). If a meter examiner on re-examining a meter is satisfied that the meter conforms with the standard prescribed by reg 3(1)(b)(i) or the standards prescribed by reg 3(1)(c) or reg 3(1)(cc) (as added), it is the duty of the meter examiner to give to each of the parties to the dispute a certificate signed by the meter examiner stating that the meter when re-examined registered accurately: reg 4(4) (as so amended). If a meter examiner on re-examining a meter is satisfied that the meter is so defective that he cannot examine it for conformity with the standard prescribed by reg 3(1)(b)(i) or the standards prescribed by reg 3(1)(c) or reg 3(1)(cc) (as added), it is the duty of the meter examiner to give to each of the parties to the dispute a certificate signed by the meter examiner stating that the meter when re-examined could not be so examined and to cancel the stamp with which the meter is already stamped by defacing it: reg 4(5) (as so amended). See also note 4 supra.

The Authority may charge such reasonable fees as it may determine in respect of any costs reasonably incurred by it for the purpose of re-examining under reg 4 (as so amended) meters bearing the mark of EEC initial verification: Measuring Instruments (EEC Requirements) (Gas Volume Meters) (Amendment) Regulations 1996, SI 1996/319, reg 3(iii) (amended by virtue of the Utilities Act 2000 s 3(2)).

14 Gas Act 1986 s 17(9)(b) (as substituted and amended: see note 6 supra). Subject to the Gas (Meters) Regulations 1983, SI 1983/684, reg 3B(2) (as added), the Secretary of State may require, on approving the pattern and construction of any meter under the Gas Act 1986 s 17(3) (as substituted and amended: see note 6 supra) or for the purpose of the Gas (Meters) Regulations 1983, SI 1983/684, reg 3A(2)(a) (as added) (see PARA 947 note 3 ante), that meters of the approved pattern and construction which are used for the purpose of ascertaining the quantity of gas supplied through pipes to any person must be overhauled in a specified manner at specified intervals during the period of such use: reg 3B(1) (reg 3B added by SI 1993/1521). No requirement must, however, be so imposed on approving the pattern and construction of a modified prototype examined by a meter examiner before the date on which the relevant regulations came into force (ie 12 July 1993: see the Gas (Meters) (Amendment) Regulations 1993, SI 1993/1521, reg 1: Gas (Meters) Regulations 1983, SI 1983/684, reg 3B(2) (as so added). Where the Secretary of State so imposes an overhaul requirement, he must publish a notice in the London and Edinburgh Gazettes specifying the requirement and describing the meters in respect of which it applies: reg 3B(3) (as so added). The Secretary of State may at any time withdraw a requirement so imposed by publishing a notice of withdrawal in the London and Edinburgh Gazettes: reg 3B(4) (as so added). 'Modified prototype' means a prototype which was examined by a meter examiner prior to modification: reg 2 (definition added by SI 1993/1521). See also note 4 supra.

15 Gas Act 1986 s 17(9)(c) (as substituted and amended: see note 6 supra). The Secretary of State may, after consultation with such persons appearing to him to be interested as he thinks fit, revoke any approval of pattern and construction which was granted under s 17(3) (as substituted and amended) or for the purpose of the Gas (Meters) Regulations 1983, SI 1983/684, reg 3A(2)(a) (as added) (see PARA 947 note 3 ante), after the date on which the relevant regulations came into force (ie 12 July 1993: see the Gas (Meters) (Amendment) Regulations 1993, SI 1993/1521, reg 1) if he considers that (1) meters of the approved pattern and construction have revealed in service a defect of a general nature which makes them unsuitable for their intended use; or (2) meters of the approved pattern and construction can no longer be manufactured so as to comply with standards applicable under the Gas (Meters) Regulations 1983, SI 1983/684, reg 3 (as amended) (see note 8 supra): reg 4A(1) (reg 4A added by SI 1993/1521). Where the Secretary of State so revokes an approval of pattern and construction, (a) he must give a statement in writing of his grounds for doing so to any person appearing to him to be concerned; and (b) he may publish in the London and Edinburgh Gazettes a notice requiring all meters of the pattern and construction in question used for the purpose of ascertaining the quantity of gas supplied through pipes to any person to be replaced within a period of six months beginning with the date of the notice: Gas (Meters) Regulations 1983, SI 1983/684, reg 4A(2) (as so added). The Secretary of State may at any time withdraw a notice under head (b) supra by publishing a notice of withdrawal in the London and Edinburgh Gazettes: reg 4A(3) (as so added). See also note 4 supra.

16 Ie in accordance with a requirement imposed under *ibid* reg 3B(1) (as added): see note 14 supra.

17 Ie in accordance with a requirement of a notice published under *ibid* reg 4A(2)(b) (as added): see note 15 supra).

18 See notes 16-17 supra.

19 Gas (Meters) Regulations 1983, SI 1983/684, reg 4B(1) (reg 4B added by SI 1993/1521). As to the standard scale see PARA 613 note 11 ante. See also note 4 supra.

20 Gas (Meters) Regulations 1983, SI 1983/684, reg 4B(2) (as added: see note 19 supra). A person may be charged with and convicted of the offence by virtue of this provision whether or not proceedings are taken against the first-mentioned person: reg 4B(2) (as so added). See also note 4 supra.

21 Ibid reg 4B(3) (as added: see note 19 supra). See also note 4 supra.

UPDATE

947-949 Meter Testing and Stamping under the Gas Act 1986

The functions of the Gas and Electricity Markets Authority ('the Authority') under gas meter legislation are transferred to the Secretary of State: Energy Act 2008 s 92(1). 'Gas meter legislation' means (1) the Gas Act 1986 s 17, and (2) gas meter regulations; and 'gas meter regulations' means (a) the Measuring Instruments (EEC Requirements) Regulations 1988, SI 1988/186; (b) the Measuring Instruments (EEC Requirements) (Gas Volume Meters) Regulations 1988, SI 1988/296; (c) the Measuring Instruments (Non-Prescribed Instruments) Regulations 2006, SI 2006/1270; (d) the Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647; (e) any regulations made, or treated as made, under the Gas Act 1986 s 17: Energy Act 2008 s 92(5). References in gas meter legislation to the Authority (including references in that legislation which, by virtue of the Utilities Act 2000 s 3(2), are treated as references to the Authority) are to be treated, so far as necessary for the purposes or in consequence of the transfer, as if they were references to the Secretary of State: Energy Act 2008 s 92(2). Regulations made, or treated as made, by the Authority under the Gas Act 1986 s 17 (gas meter testing and stamping) and in force immediately before commencement have effect on and after commencement as if they had been made by the Secretary of State: Energy Act 2008 s 92(3). 'Commencement' means the day on which s 92 comes into force (ie 1 April 2009: see SI 2009/45): Energy Act 2008 s 92(5). Anything else done by the Authority under gas meter legislation which has effect immediately before commencement has effect on and after commencement as if it had been done by the Secretary of State: s 92(4).

949 Examination and stamping of meters

TEXT AND NOTES 6, 13-15--Gas Act 1986 s 17(2), (9) further amended: Energy Act 2008 s 93(2), (5), Sch 6.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(vi) Stamping etc of Gas Meters/B. COMPLIANCE WITH EUROPEAN COMMUNITY REQUIREMENTS/(A) Gas Volume Meters where Pattern Approval was granted before 30 October 2006/950. Initial verification of meters.

B. COMPLIANCE WITH EUROPEAN COMMUNITY REQUIREMENTS

(A) GAS VOLUME METERS WHERE PATTERN APPROVAL WAS GRANTED BEFORE 30 OCTOBER 2006

950. Initial verification of meters.

The statutory restrictions on the use of unstamped meters¹ do not operate to restrict the use of any volumetric meter with deformable walls or rotary pistons, or of any turbine meter², which bears the mark of EEC initial verification³ for ascertaining the quantity of gas supplied⁴.

An application may be made⁵ to a meter examiner⁶ for consideration of any such instrument⁷ and the meter examiner must determine whether an EEC pattern approval⁸ is in force in respect of the instrument and, if so, whether it conforms to the approved pattern and to the requirements for EEC initial verification⁹. Where the examiner is satisfied that the meter conforms to those requirements and that an EEC pattern approval is in force in respect of it and that it conforms to the approved pattern, he must affix the appropriate mark or authorise it to be affixed¹⁰. If he refuses to do so, he must give the applicant a written statement of his reasons for refusing¹¹.

1 Ie the Gas Act 1986 s 17 (as substituted and amended): see PARAS 947-949 ante.

2 Ie any instrument to which EEC Council Directive 71/318 (OJ L202, 6.9.71, p 21) (as amended and now repealed) ('the Directive on Gas Volume Meters') applied: see the Measuring Instruments (EEC Requirements) (Gas Volume Meters) Regulations 1988, SI 1988/296, reg 2. Those regulations, and the Measuring Instruments (EEC Requirements) Regulations 1988, SI 1988/186 (as amended), which they apply with prescribed modifications, continue to apply to gas volume meters in respect of a pattern of which EEC pattern approval was granted before 30 October 2006: see the Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, reg 4(1)(i).

3 For the mark see the Measuring Instruments (EEC Requirements) Regulations 1988, SI 1988/186, reg 4, Sch 1 para 5 (amended by SI 1988/1128).

4 Measuring Instruments (EEC Requirements) Regulations 1988, SI 1988/186, reg 6 (substituted by SI 1988/296). This exemption operates only provided the mark remains undefaced otherwise than by reason of fair wear and tear: Measuring Instruments (EEC Requirements) Regulations 1988, SI 1988/186, reg 6 (as so substituted).

5 The application must be made in such manner as the Gas and Electricity Markets Authority ('GEMA') may direct: *ibid* reg 13(1) (substituted by SI 1988/296; amended by SI 1996/319, reg 2; and by virtue of the Utilities Act 2000 s 3(2)). As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante. The Authority may charge such reasonable fees as it may determine in respect of any costs reasonably incurred by it for the purpose of considering such an application: Measuring Instruments (EEC Requirements) (Gas Volume Meters) (Amendment) Regulations 1996, SI 1996/319, reg 3(ii) (amended by virtue of the Utilities Act 2000 s 3(2)).

6 'Meter examiner' means a meter examiner appointed or holding office under the Gas Act 1986 s 17 (as substituted and amended) (see PARA 948 ante): Measuring Instruments (EEC Requirements) Regulations 1988, SI 1988/186, reg 2(1) (definition added by SI 1988/296).

7 Measuring Instruments (EEC Requirements) Regulations 1988, SI 1988/186, reg 13(1) (reg 13 substituted by SI 1988/296).

8 As to pattern approval see PARA 951 post.

9 Measuring Instruments (EEC Requirements) Regulations 1988, SI 1988/186, reg 13(2) (as substituted: see note 7 supra). The conduct of EEC initial verification is for this purpose governed by reg 13(4), Sch 3 (reg 13(4) as substituted (see note 7 supra); Sch 3 amended by SI 1988/296; SI 1996/319; and by virtue of the Utilities Act 2000 s 3(2)).

10 Measuring Instruments (EEC Requirements) Regulations 1988, SI 1988/186, reg 13(2) (as substituted: see note 7 supra). He must at the same time apply or authorise the application of any seals required by the Directive on Gas Volume Meters to be applied in connection with initial verification: reg 13(2) (as so substituted).

11 Ibid reg 13(3) (as substituted: see note 7 supra).

UPDATE

950 Initial verification of meters

NOTE 3--SI 1988/186 Sch 1 para 5 further amended: SI 2008/1267.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(vi) Stamping etc of Gas Meters/B. COMPLIANCE WITH EUROPEAN COMMUNITY REQUIREMENTS/(A) Gas Volume Meters where Pattern Approval was granted before 30 October 2006/951. Approval and revocation of patterns.

951. Approval and revocation of patterns.

Pattern approval of a gas volume meter¹ might be granted by the Gas and Electricity Markets Authority ('GEMA')² on submission of the pattern for the purpose by the manufacturer or his authorised representative³. It must have been granted before 30 October 2006⁴ and is valid for ten years⁵.

The Authority may also revoke any pattern approval after consultation with such persons as appear to it to be interested⁶. A pattern approval may be revoked on any one or more of the following grounds:

- 1819 (1) if meters constructed according to the pattern in question reveal in service a defect of a general nature which makes them unsuitable for their intended use;
- 1820 (2) if meters which are exempt from EEC initial verification⁷ on the basis that they are constructed in accordance with the approved pattern do not conform to that pattern or to the relevant requirements⁸;
- 1821 (3) if the metrological requirements specified in the certificate of pattern approval are not satisfied;
- 1822 (4) if the Authority is satisfied that the approval was improperly procured;
- 1823 (5) if any condition imposed⁹ is contravened; or
- 1824 (6) if meters constructed according to the pattern in question frequently fail a statistical check of attributes¹⁰ and no improvement of the quality level is found once the shortcoming has been brought to the attention of the holder of the pattern approval¹¹.

If an approval is revoked, the Authority must give a statement in writing of the reasons to any person appearing to the Authority to be interested¹².

1 For the meaning of 'meter' for these purposes see PARA 950 the text and note 2 ante.

2 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

3 See the Measuring Instruments (EEC Requirements) Regulations 1988, SI 1988/186, reg 8, Schs 1, 2 (amended by SI 1988/296; SI 1988/1128; SI 1996/319; and by virtue of the Utilities Act 2000 s 3(2)). As to the Authority's power to charge such reasonable fees as it might determine in respect of any costs reasonably incurred by it for the purpose of an examination of any pattern of instrument so submitted for approval see the Measuring Instruments (EEC Requirements) (Gas Volume Meters) (Amendment) Regulations 1996, SI 1996/319, reg 3(i) (amended by virtue of the Utilities Act 2000 s 3(2)).

4 See the Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, reg 4(1)(i).

5 See the Measuring Instruments (EEC Requirements) Regulations 1988, SI 1988/186, reg 8(5).

6 Ibid reg 11(1) (reg 11 amended by SI 1996/319; and by virtue of the Utilities Act 2000 s 3(2)).

7 As to initial verification see PARA 950 ante.

8 le the requirements of EEC Council Directive 71/318 (OJ L202, 6.9.71, p 21) (as amended and now repealed).

9 le under the Measuring Instruments (EEC Requirements) Regulations 1988, SI 1988/186, reg 9(2) (conditions which might be imposed when pattern approval was granted).

10 le a statistical check of attributes carried out under ibid reg 13(4), Sch 3 (reg 13(4) substituted, and Sch 3 amended, by SI 1988/296).

11 Ibid reg 11(2) (as amended: see note 6 supra).

12 Ibid reg 11(4) (as amended: see note 6 supra).

UPDATE

951 Approval and revocation of patterns

NOTE 3--SI 1988/186 Sch 1 further amended: SI 2008/1267.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(vi) Stamping etc of Gas Meters/B. COMPLIANCE WITH EUROPEAN COMMUNITY REQUIREMENTS/(A) Gas Volume Meters where Pattern Approval was granted before 30 October 2006/952. Restrictions on the use of meters of approved patterns.

952. Restrictions on the use of meters of approved patterns.

Where a pattern approval¹ is in force, the manufacturer must cause the sign of EEC pattern approval to be affixed to meters conforming to the approved pattern².

Where the Gas and Electricity Markets Authority ('GEMA')³ revokes⁴ an EEC pattern approval or it appears to the Authority to have been revoked by another member state, the Authority may publish in the London Gazette a notice requiring all meters of that pattern used to ascertain the quantity of gas supplied to any person to be replaced within six months from the date of the notice⁵. If after the end of that period any person supplies gas⁶ through such an instrument he is guilty of an offence⁷ and liable on summary conviction to a fine not exceeding £200⁸.

Where, in the case of meters constructed according to a pattern in respect of which a pattern approval granted by another member state is in force, the Authority is satisfied that such meters reveal in service a defect of a general nature which renders them unsuitable for their intended use, the Authority may publish in the London Gazette a notice requiring all instruments of that pattern used to ascertain the quantity of gas supplied to any person to be replaced within six months from the date of the notice⁹. Such a notice must give particulars of the pattern to which it relates and must include a statement of the grounds for publication of the notice¹⁰. If after the end of that period any person supplies gas¹¹ through such an instrument he is guilty of an offence¹² and liable on summary conviction to a fine not exceeding £200¹³.

1 Ie whether that approval has been granted by the United Kingdom or any other member state: Measuring Instruments (EEC Requirements) Regulations 1988, SI 1988/186, reg 12(2). For the meaning of 'United Kingdom' see PARA 602 note 7 ante.

2 Ibid reg 12(2). The sign must be affixed at a visible point on the meter and must be legible and indelible: ibid reg 12(4).

3 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

4 As to revocations of pattern approvals see PARA 951 ante. As to offences in relation to EEC pattern approvals see PARA 953 post. As to the Secretary of State see PARA 601 note 1 ante.

5 Measuring Instruments (EEC Requirements) Regulations 1988, SI 1988/186, reg 15(1) (regs 15-16, 20 substituted for these purposes by SI 1988/296; amended by SI 1996/319; and by virtue of the Utilities Act 2000 s 3(2)).

6 For these purposes, where a person provides through an instrument of a category to which the Directive on Gas Volume Meters applied (see PARA 950 note 2 ante), for use in a flat or part of a building let by him, gas supplied by him, he and not the person supplying the gas to him is to be deemed to supply gas through the instrument: Measuring Instruments (EEC Requirements) Regulations 1988, SI 1988/186, reg 15(2) (as substituted: see note 5 supra).

7 Ibid reg 15(1) (as substituted: see note 5 supra).

8 Ibid reg 20 (as substituted: see note 5 supra). Where an offence under any provision of the Measuring Instruments (EEC Requirements) Regulations 1988, SI 1988/186 (as amended), which has been committed by a body corporate is proved to have been committed with the consent or connivance of, or to be attributable to any neglect on the part of, any director, manager, secretary or other similar officer of the body corporate, or

any person who was purporting to act in any such capacity, he as well as the body corporate is deemed to be guilty of that offence and is liable to be proceeded against and punished accordingly: reg 28(1) (as so substituted). Where the affairs of a body corporate are managed by its members, reg 28(1) (as so substituted) applies in relation to the acts and defaults of a member in connection with his functions of management as if he were a director of the body corporate: reg 28(2) (as so substituted).

9 Ibid reg 16(1) (as substituted and amended: see note 5 supra). The Authority may at any time withdraw a notice by publishing a notice of withdrawal in the London Gazette: reg 16(4) (as so substituted and amended).

10 Ibid reg 16(2) (as substituted and amended: see note 5 supra).

11 Ibid reg 15(2) (as substituted and amended) (see note 6 supra) applies for these purposes: see reg 16(3) (as substituted: see note 5 supra).

12 Ibid reg 16(1) (as substituted: see note 5 supra).

13 Ibid reg 20 (as substituted: see note 5 supra). See also note 8 supra.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(vi) Stamping etc of Gas Meters/B. COMPLIANCE WITH EUROPEAN COMMUNITY REQUIREMENTS/(A) Gas Volume Meters where Pattern Approval was granted before 30 October 2006/953. Offences relating to EEC signs and marks on meters.

953. Offences relating to EEC signs and marks on meters.

Any person who supplies gas through any volumetric meter with deformable walls or rotary pistons or any turbine meter¹ which to his knowledge either (1) bears any EEC sign or mark which is a forgery or counterfeit, or which has been transferred from another instrument, or which has been improperly altered or defaced²; or (2) does not comply with the relevant requirements³ by reason of any alteration made in it after any EEC sign or mark was properly applied to it⁴, is guilty of an offence⁵ and liable on summary conviction to a fine not exceeding level 3 on the standard scale⁶.

Any person who is not a meter examiner, or acting under the authority of one⁷, who marks in any manner any plug, seal or plate used or designed for use for the reception of any EEC mark on a volumetric meter with deformable walls or rotary pistons or on any turbine meter⁸, is guilty of an offence⁹ and liable on summary conviction to the like penalty¹⁰.

Any person who is not a manufacturer¹¹ authorised or required¹² to mark any such meter with any EEC sign¹³, nor the duly authorised agent of any such manufacturer, but who does so mark any such meter¹⁴, and any person who forges, counterfeits or, except pursuant to a duty imposed on a meter examiner, alters or defaces any EEC sign or mark¹⁵, or who removes any EEC sign or mark from such a meter and inserts it into any other measuring instrument¹⁶, is guilty of an offence¹⁷ and is also liable on summary conviction to the like penalty¹⁸.

Any person who makes any alteration in a meter after any EEC sign or mark has been properly¹⁹ applied to it, so that the meter no longer complies with the relevant requirements²⁰, is guilty of an offence²¹ and is also liable on summary conviction to the like penalty²².

1 Ie a meter to which EEC Council Directive 71/318 (OJ L202, 6.9.71, p 21) (as amended; now repealed) applied: see PARA 950 note 2 ante.

2 See the Measuring Instruments (EEC Requirements) Regulations 1988, SI 1988/186, reg 17(3)(a) (regs 17-20 substituted for these purposes by SI 1988/296). As to the applicable EEC signs and marks see PARAS 950-952 ante.

3 Ie those of the Directive cited in note 1 supra.

4 See the Measuring Instruments (EEC Requirements) Regulations 1988, SI 1988/186, reg 17(3)(b) (as substituted: see note 2 supra).

5 Ibid reg 17(3) (as substituted: see note 2 supra). Proceedings for an offence under reg 17 (as substituted) may only be instituted by or with the consent of the Gas and Electricity Markets Authority ('GEMA') or the Director of Public Prosecutions: reg 19 (as so substituted; amended by SI 1996/319; and by virtue of the Utilities Act 2000 s 3(2)). As to the position where the offence is committed by a body corporate see PARA 952 note 8 ante. As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

6 Measuring Instruments (EEC Requirements) Regulations 1988, SI 1988/186, reg 20 (as substituted (see note 2 supra); amended by virtue of the Criminal Justice Act 1988 s 52). As to the standard scale see PARA 613 note 11 ante.

7 As to the appointment and functions of meter examiners see PARAS 948-949 ante.

8 See note 1 supra.

9 Measuring Instruments (EEC Requirements) Regulations 1988, SI 1988/186, reg 17(1)(a) (as substituted: see note 2 supra).

10 See *ibid* reg 20 (as substituted and amended: see notes 2, 6 supra). A person may not be guilty of an offence under reg 17(1) (as substituted) by reason solely of the destruction or obliteration of any sign, mark, plug, seal or plate in the course of the adjustment or repair of a meter by, or by the duly authorised agent of, a person who is the manufacturer of such meters or is regularly engaged in the business of repairing them: reg 17(2) (as so substituted). For the meaning of 'manufacturer' see note 11 *infra*. As to the institution of proceedings for such an offence see note 5 supra; and as to the position where the offence is committed by a body corporate see PARA 952 note 8 *ante*.

11 Where more than one person is responsible for the manufacture of a meter, including its ancillary equipment, the manufacturer is taken to be the person responsible for the final stage of manufacture: *ibid* reg 2(1).

12 *Ie* under the Measuring Instruments (EEC Requirements) Regulations 1988, SI 1988/186 (as amended). In the case of gas volume meters the requirement is under reg 12(2).

13 For the signs of EEC pattern approval see *ibid* reg 4(1), Sch 1 (as amended).

14 See *ibid* reg 17(1)(b) (as substituted: see note 2 supra). See also note 10 supra.

15 See *ibid* reg 17(1)(c) (as substituted: see note 2 supra). See also note 10 supra.

16 See *ibid* reg 17(1)(d) (as substituted: see note 2 supra). See also note 10 supra.

17 See *ibid* reg 17(1)(b)-(d) (as substituted: see note 2 supra). See also note 10 supra.

18 See *ibid* reg 20 (as substituted and amended: see notes 2, 6 supra).

19 *Ie* under the provisions of *ibid* reg 12(2) or reg 13(2) (reg 13(2) substituted by SI 1988/296).

20 See note 3 supra.

21 Measuring Instruments (EEC Requirements) Regulations 1988, SI 1988/186, reg 17(1)(e) (as substituted: see note 2 supra). See also note 10 supra.

22 See note 18 supra.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(vi) Stamping etc of Gas Meters/B. COMPLIANCE WITH EUROPEAN COMMUNITY REQUIREMENTS/(B) Requirements of the Measuring Instruments (Gas Meters) Regulations 2006/954. Relevant instruments.

(B) REQUIREMENTS OF THE MEASURING INSTRUMENTS (GAS METERS) REGULATIONS 2006

954. Relevant instruments.

For the purposes of the Measuring Instruments (Gas Meters) Regulations 2006¹, a 'relevant instrument' is a gas meter² which is for use for trade³.

A relevant instrument is not, however:

1825 (1) an instrument which is stamped under the relevant provisions of the Gas Act 1986⁴ and put into use before 30 October 2016⁵, or stamped under the corresponding Northern Ireland provisions⁶ and put into use before that date⁷;

1826 (2) an instrument:

147

225. (a) in respect of a pattern of which EEC pattern approval was granted before 30 October 2006 under the Measuring Instruments (EEC Requirements) Regulations 1988⁸, as applied to gas meters by the Measuring Instruments (EEC Requirements) (Gas Volume Meters) Regulations 1988⁹, or by any other member state in accordance with the relevant provisions of measures in force which implement the 1971 Directive on Gas Volume Meters¹⁰, and which is in force; and

226. (b) which bears a mark of EEC initial verification¹¹ affixed under those regulations, as so applied, or by any other member state in accordance with those provisions¹²;

148

1827 (3) an instrument which is used under an agreement providing for the supply of a quantity of gas at a rate of flow which, if measured at a temperature of 15°C and a pressure of 1013.25 millibars, would exceed 1600 cubic metres an hour or the equivalent quantity in kilograms¹³;

1828 (4) an instrument which is not compliant with the essential requirements¹⁴ and which is displayed or presented at a trade fair, exhibition or demonstration, if a sign displayed visibly on or near the instrument clearly indicates that the instrument is not compliant with those requirements and cannot be acquired or used until it is made compliant with those requirements by the manufacturer¹⁵.

1 Ie the Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647: see PARA 955 et seq post.

2 For these purposes, 'gas meter' means an instrument designed to measure, memorise and display the quantity of fuel gas (volume or mass) that has passed it: *ibid* reg 2(1).

3 *Ibid* reg 3(1).

4 Ie under the Gas Act 1986 s 17 (as substituted and amended): see PARAS 947-949 ante.

5 Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, reg 3(2).

6 Ie under the Gas (Northern Ireland) Order 1996, SI 1996/275, art 22.

7 Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, reg 3(3).

8 Ie under the Measuring Instruments (EEC Requirements) Regulations 1988, SI 1988/186 (as amended): see PARA 951 ante.

9 Ie by the Measuring Instruments (EEC Requirements) (Gas Volume Meters) Regulations 1988, SI 1988/296 (as amended): see PARAS 950-953 ante.

10 See PARA 950 note 2 ante.

11 As to such marks see PARA 950 ante.

12 Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, reg 3(4).

13 Ibid reg 3(5).

14 'Essential requirements' means the requirements set out in *ibid* Sch 1 Pt 1 (reg 2(1)) and are the relevant requirements relating to relevant instruments contained in European Parliament and EC Council Directive 2004/22 (OJ L135, 30.4.2004, p 1) on measuring instruments, Annex 1 and Annex M1-002, as so set out (Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, Sch 1 Pt 1 para 1). Those requirements relate to: (1) allowable errors; (2) reproducibility; (3) repeatability; (4) discrimination and sensitivity; (5) reliability; (6) protection against corruption; (7) information to be borne by and to accompany the relevant instrument; (8) indication of result; (9) conformity evaluation; (10) rated operating conditions; (11) maximum permissible error ('MPE'); (12) permissible effect of disturbances; (13) durability; (14) suitability; and (15) units: see Sch 1 Pt 1 paras 3-17. For the applicable statutory definitions of certain terms used therein see Sch 1 Pt 1 para 2.

15 Ibid reg 3(6).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(vi) Stamping etc of Gas Meters/B. COMPLIANCE WITH EUROPEAN COMMUNITY REQUIREMENTS/(B) Requirements of the Measuring Instruments (Gas Meters) Regulations 2006/955. Requirements for placing on the market and putting into use of gas meters.

955. Requirements for placing on the market and putting into use of gas meters.

No person must place on the market¹ or put into use² a relevant instrument³ unless the following requirements, or the corresponding requirements of the relevant European Directive⁴ as implemented under the law of another member state, are met:

- 1829 (1) the instrument is compliant with the essential requirements⁵;
- 1830 (2) the manufacturer⁶ has demonstrated its compliance with the essential requirements⁷;
- 1831 (3) the instrument has affixed to it the CE marking⁸, the M marking⁹ and the identification number of the notified body¹⁰ which carried out the conformity assessment procedure¹¹ in respect of the instrument; and
- 1832 (4) the instrument is put into use in accordance¹² with the prescribed putting into use requirements¹³.

Where a person fails to comply with the requirements of head (1), head (2) or head (3) above, he is guilty of an offence¹⁴ and any relevant instrument to which the offence relates and which has not been put into use is liable to be forfeited¹⁵.

1 'Place on the market' means making available for the first time in a member state a relevant instrument intended for an end user, whether for reward or free of charge: Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, reg 2(1). A reference to a member state for these purposes includes Norway, Iceland and Liechtenstein: reg 2(2).

2 'Put into use' means the first use of a relevant instrument intended for the end user for the purposes for which it was intended: *ibid* reg 2(1).

3 For the meaning of 'relevant instrument' see PARA 954 ante.

4 *Ie* European Parliament and EC Council Directive 2004/22 (OJ L135, 30.4.2004, p 1).

5 As to the essential requirements see PARA 954 note 14 ante.

6 'Manufacturer' means a person responsible for the conformity of a relevant instrument with the essential requirements with a view to either placing it on the market under his own name or putting it into use for his own purposes, or both: Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, reg 2(1).

7 *Ie* in accordance with *ibid* reg 5. A manufacturer may demonstrate that a relevant instrument is compliant with the essential requirements by (1) using any technical solution that is compliant with the essential requirements; (2) correctly applying solutions set out in the relevant national standard; or (3) correctly applying solutions set out in the relevant normative document, and selecting and following one of the conformity assessment procedures: reg 5(1). A relevant instrument which is compliant with the relevant national standard or relevant normative document is to be presumed to be compliant with the essential requirements: reg 5(2). Where the relevant instrument is compliant only in part with the relevant national standard or relevant normative document, it is to be presumed to be compliant only with that part of the essential requirements which corresponds to the element of the relevant national standard or relevant normative document with which the instrument is compliant: reg 5(3). 'Relevant national standard' means a standard applicable to a relevant instrument (1) implementing a harmonised standard that has been published in the Official Journal C series; and (2) the reference of which is published in the United Kingdom by the Secretary of State or in another member state by the competent authority pursuant to the third sub-paragraph of European Parliament and EC Council

Directive 2004/22 (OJ L135, 30.4.2004, p 1), art 13.1; 'relevant normative document' means a normative document applicable to a relevant instrument, the reference of which is published in the United Kingdom by the Secretary of State or in another member state by the competent authority pursuant to the third sub-paragraph of art 13.2; 'normative document' means a document containing technical specifications adopted by the Organisation Internationale de Métrologie Légale, subject to the procedure stipulated in art 16.1, the reference of which is published by the Commission in the Official Journal pursuant to art 16.1(b); and 'harmonised standard' means a technical specification adopted by the European Committee for Standardisation ('CEN'), the European Committee for Electrotechnical Standardisation ('CENELEC') or the European Telecommunications Standards Institute ('ETSI') or jointly by two or all of these organisations, at the request of the Commission pursuant to European Parliament and EC Council Directive 98/34 (OJ L204, 21.7.98, p 37) laying down a procedure for the provision of information in the field of technical standards and regulations and of rules on information society services, as amended by European Parliament and EC Council Directive 98/48 (OJ L217, 5.8.98, p 18), and prepared in accordance with the general guidelines agreed between the Commission and one or more of CEN, CENELEC and ETSI: Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, reg 2(1).

8 As to the CE marking see *ibid* reg 12(3)(a), Sch 4 paras 1, 4-5.

9 As to the M marking see *ibid* reg 12(3)(b), Sch 4 paras 2, 4-5.

10 As to the identification number of the notified body see *ibid* reg 12(3)(c), Sch 4 paras 3-5. 'Notified body' means (1) the Secretary of State; or (2) a United Kingdom notified body (ie a person designated under reg 7: see PARA 956 post); and (3) for the purposes of reg 4(1)(c) (see head (3) in the text), reg 15(6) (see PARA 959 post) and reg 17(1)(b) (see PARA 961 post), a person designated by another member state, who has been notified to the European Commission and the other member states pursuant to European Parliament and EC Council Directive 2004/22 (OJ L135, 30.4.2004, p 1), art 11(1): Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, reg 2(1).

11 'Conformity assessment procedure' means any procedure referred to in *ibid* reg 6: reg 2(1). The conformity assessment procedures are the procedures as follows: (1) B and F; (2) B and D; and (3) H1; and (a) 'B' means type examination, set out in European Parliament and EC Council Directive 2004/22 (OJ L135, 30.4.2004, p 1), Annex B; (b) 'D' means declaration of conformity to type based on quality assurance of the production process, set out in Annex D; (c) 'F' means declaration of conformity to type based on product verification, set out in Annex F; and (d) 'H1' means declaration of conformity based on full quality assurance plus design examination, set out in Annex H1: Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, reg 6(1), (3). The manufacturer or his authorised representative must provide to the notified body carrying out the relevant conformity assessment procedure the technical documentation set out in Sch 3: reg 6(2). The technical documentation must render the design, manufacture and operation of the relevant instrument intelligible and must permit an assessment of its conformity with the appropriate requirements of the 2006 Regulations: Sch 3 para 1. The technical documentation must be sufficiently detailed to ensure the definition of the metrological characteristics, the reproducibility of the metrological performances of produced relevant instruments when properly adjusted using appropriate intended means and the integrity of the instrument: Sch 3 para 2. It must include, in so far as relevant for assessment and identification of the type and/or instrument: (i) a general description of the instrument; (ii) conceptual design and manufacturing drawings and plans of components, sub-assemblies and circuits; (iii) manufacturing procedures to ensure consistent production; (iv) if applicable, a description of the electronic devices with drawings, diagrams, flow diagrams of the logic and general software information explaining their characteristics and operation; (v) descriptions and explanations necessary for the understanding of heads (ii)-(iv) *supra*, including the operation of the instrument; (vi) a list of the relevant national standards and/or relevant normative documents, applied in full or in part; (vii) descriptions of the solutions adopted to meet the essential requirements where the relevant national standards and/or relevant normative documents have not been applied; (viii) results of design calculations and examinations; (ix) the appropriate test results, where necessary, to demonstrate that the type and/or instrument is compliant with the requirements of those regulations under declared rated operating conditions and under specified environmental disturbances and the durability specifications; and (x) the EC-type examination certificates or EC design examination certificates in respect of instruments containing parts identical to those in the design: Sch 3 para 3. The manufacturer must specify where seals and markings have been applied (Sch 3 para 4); and must indicate the conditions for compatibility with interfaces and sub-assemblies, where relevant (Sch 3 para 5).

12 *Ie* in accordance with *ibid* Sch 1 Pt 2 (para 18).

13 *Ibid* reg 4(1). There are prescribed requirements for the measurement of residential use and of commercial and/or light/industrial use: see Sch 1 Pt 2 para 18(1), (2). The person responsible for installing a relevant instrument must have regard to the requirements under Sch 1 Pt 1 para 12(b) and (c) (rated operating conditions: see PARA 954 note 14 head (10) *ante*) and must ensure that the relevant instrument is appropriate for the accurate measurement of consumption that is foreseen or foreseeable: Sch 1 Pt 2 para 18(3).

14 A person guilty of an offence under the 2006 Regulations is liable, on summary conviction, to a fine not exceeding level 5 on the standard scale: *ibid* reg 21. As to the standard scale see *PARA 613* note 11 *ante*. As to proceedings for such an offence, the defence of due diligence and the liability of persons other than the principal offender see *PARA 964* *post*.

15 *Ibid* reg 4(2).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(vi) Stamping etc of Gas Meters/B. COMPLIANCE WITH EUROPEAN COMMUNITY REQUIREMENTS/(B) Requirements of the Measuring Instruments (Gas Meters) Regulations 2006/956. Designation of notified bodies.

956. Designation of notified bodies.

The Gas and Electricity Markets Authority ('GEMA')¹, on the application of a person resident, incorporated or carrying on business in Great Britain², and the Northern Ireland Authority for Energy Regulation ('NIAER'), on the application of a person resident, incorporated or carrying on business in Northern Ireland, may designate that person to be a United Kingdom notified body³. GEMA (or, as the case may be, NIAER) must not, however, make such a designation unless it is satisfied that the person meets the notified body criteria⁴. A person who meets the criteria laid down in a national standard⁵ is to be presumed to meet that part of the notified body criteria which corresponds to the criteria in the national standard⁶.

A designation must be in writing⁷. It may be made subject to such conditions as may be specified in the designation, which may include conditions which:

- 1833 (1) are to apply upon or following termination of the designation;
- 1834 (2) require the use of test equipment for the purpose of conformity assessment appropriate to the relevant instrument⁸ being assessed; and
- 1835 (3) limit the description of any relevant instrument for which the person is designated⁹.

A designation may¹⁰ be for such period as may be specified in the designation¹¹. It must specify the conformity assessment procedures¹² and specific tasks, which may be framed by reference to any circumstances, which the person has been designated to carry out¹³; and may include a requirement to publish from time to time the scale of fees which the person charges¹⁴ or such information about the basis of calculation of such fees as may be specified¹⁵.

GEMA (except in relation to designations made by NIAER) and NIAER (in relation to designations made by it) must, from time to time, publish a list of notified bodies indicating, in the case of each United Kingdom notified body, the descriptions of any relevant instrument in respect of which that notified body is designated; and such a list may include information concerning any condition to which the designation of any United Kingdom notified body is subject¹⁶. GEMA (in relation to designations made by it) and NIAER (in relation to designations made by it) must also, from time to time, carry out an inspection of each United Kingdom notified body with a view to verifying that it:

- 1836 (a) meets the notified body criteria;
- 1837 (b) complies with any condition to which its designation is subject; and
- 1838 (c) complies with the relevant regulations¹⁷,

but, unless it appears that there are circumstances which make it necessary or expedient to do so, must not carry out an inspection within two years from the date of designation or of any later inspection¹⁸. GEMA or NIAER may charge any person fees to recover the full costs reasonably incurred by it in making a designation or in carrying out such an inspection¹⁹.

GEMA (in relation to designations made by it) or NIAER (in relation to designations made by it) may:

- 1839 (i) vary a designation made under the above provisions if:
 149
 227. (A) the United Kingdom notified body so requests; or
 228. (B) it appears to GEMA (or, as the case may be, NIAER) necessary or expedient to do so²⁰;
 150
 1840 (ii) terminate a designation so made:
 151
 229. (A) on the expiry of 90 days' notice in writing at the request of the United Kingdom notified body;
 230. (B) if it appears to GEMA (or, as the case may be, NIAER) that any condition of the designation is not complied with; or
 231. (C) if in the opinion of GEMA (or, as the case may be, NIAER) the United Kingdom notified body ceases to satisfy the notified body criteria²¹.
 152

Where GEMA or NIAER is minded to vary a designation pursuant to head (i)(B) above or to terminate a designation pursuant to head (ii)(B) or head (ii)(C) above, it must give notice in writing to the United Kingdom notified body of its reasons and give that notified body the opportunity to make representations within a period of 21 days from the date of that notice and consider any representations made to it within that period²². If a designation is terminated, GEMA (or, as the case may be, NIAER) may give such directions, either to the United Kingdom notified body the subject of the termination or to another United Kingdom notified body, for the purposes of making arrangements for the determination of outstanding applications as it considers appropriate; and may, notwithstanding that power to give directions, authorise another United Kingdom notified body to take over the functions of the United Kingdom notified body the subject of the termination in respect of such cases as GEMA (or, as the case may be, NIAER) may specify²³.

1 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante.

2 For the meaning of 'Great Britain' see PARA 602 note 7 ante.

3 Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, reg 7(1). In exercising the power so conferred on it, GEMA (or, as the case may be, NIAER) may (in addition to the matters of which it is required to satisfy itself pursuant to reg 7(2): see the text and note 4 infra) have regard to any matter appearing to it to be relevant: reg 7(5).

4 Ibid reg 7(2). 'Notified body criteria' means the criteria set out in ibid Sch 2 Pt 1 (paras 1-8): reg 2(1). Those criteria are as follows (Sch 2 Pt 1 paras 1-8), ie:

- 49 (1) the body, its director and staff involved in conformity assessment tasks must not be the designer, manufacturer, supplier, installer or user of the relevant instrument that they inspect, nor the authorised representative of any of them; in addition, they may not be directly involved in the design, manufacture, marketing or maintenance of the relevant instrument, nor represent the parties engaged in these activities; but the preceding criterion does not preclude in any way the possibility of exchanges of technical information between the manufacturer and the body for the purposes of conformity assessment;
- 50 (2) the body, its director and staff involved in conformity assessment tasks must be free from all pressures and inducements, in particular financial inducements, that might influence their judgment or the results of their conformity assessment, especially from persons or groups of persons with an interest in the results of the assessments;

- 51 (3) the conformity assessment must be carried out with the highest degree of professional integrity and requisite competence in the field of metrology; should the body sub-contract specific tasks, it must first ensure that the sub-contractor meets the requirements of the 2006 Regulations, and in particular of Sch 1; and the body must keep the relevant documents assessing the sub-contractor's qualifications and the work carried out by him under those regulations at the disposal of GEMA (or NIAER, where that authority designates the body);
 - 52 (4) the body must be capable of carrying out all the conformity assessment tasks for which it has been designated, whether those tasks are carried out by the body itself or on its behalf and under its responsibility; it must have at its disposal the necessary staff and must have access to the necessary facilities for carrying out in a proper manner the technical and administrative tasks entailed in conformity assessment;
 - 53 (5) the body's staff must have:
 49. (a) sound technical and vocational training, covering all conformity assessment tasks for which the body was designated;
49
 50. (b) satisfactory knowledge of the rules governing the tasks which it carries out, and adequate experience of such tasks;
50
 51. (c) the requisite ability to draw up the certificates, records and reports demonstrating that the tasks have been carried out;
51
 - 54 (6) the impartiality of the body, its director and staff must be guaranteed; the remuneration of the body must not depend on the results of the tasks it carries out and the remuneration of the body's director and staff must not depend on the number of tasks carried out or on the results of such tasks;
 - 55 (7) the body must satisfy GEMA (or NIAER, where that authority designates the body) that it has adequate civil liability insurance;
 - 56 (8) the body's director and staff must be bound to observe professional secrecy with regard to all information obtained in the performance of their duties pursuant to the 2006 Regulations, except vis-à-vis the authority of GEMA (or NIAER, where that authority designates the body).
- 5 For these purposes, 'national standard' means a standard applicable to the designation of notified bodies (1) implementing a harmonised standard that has been published in the Official Journal; and (2) the reference of which is published in the United Kingdom by the Secretary of State or in another member state by the competent authority pursuant to European Parliament and EC Council Directive 2004/22 (OJ L135, 30.4.2004, p 1), art 11.2: Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, reg 7(6). For the meaning of 'harmonised standard' see PARA 955 note 7 ante.
- 6 Ibid reg 7(3).
- 7 Ibid reg 7(4)(a). 'In writing' includes text that is (1) transmitted by electronic means; (2) received in legible form; and (3) capable of being used for subsequent reference: reg 2(1).
- 8 For the meaning of 'relevant instrument' see PARA 954 ante.
- 9 Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, reg 7(4)(b).
- 10 Ie subject to ibid reg 10: see the text and notes 20-23 infra.
- 11 Ibid reg 7(4)(c).
- 12 For the meaning of 'conformity assessment procedure' see PARA 955 note 12 ante.
- 13 Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, reg 7(4)(d).
- 14 Ie pursuant to ibid reg 11. A United Kingdom notified body may charge such fees in connection with, or incidental to, the carrying out of conformity assessment procedures or specific tasks as it may determine: reg 11(1). Those fees must not, however, exceed the following: (1) the costs incurred or to be incurred by the United Kingdom notified body in performing the relevant function; and (2) an amount on account of profit which is reasonable in the circumstances having regard to the character and extent of the work done or to be done by that notified body on behalf of the applicant and the commercial rate normally charged on account of profit for

that work or similar work: reg 11(2). The power to charge fees includes the power to require the payment of fees or a reasonable estimate of such fees in advance of carrying out the work requested by the applicant: reg 11(3). Where any fees payable to a United Kingdom notified body pursuant to reg 11 remain unpaid 28 days after either the work has been completed or payment of the fees has been requested in writing, whichever is the later, the notified body may by 14 days' notice in writing provide that, unless the fees are paid before the expiry of the notice, the certificate or notification appropriate to the relevant conformity assessment procedure will be suspended until payment of the fees has been received: reg 11(4).

15 Ibid reg 7(4)(e).

16 Ibid reg 9(1).

17 It complies with the Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647.

18 Ibid reg 9(2).

19 Ibid reg 11(5). Where, in accordance with reg 25 (which confers power on GEMA to act on behalf of NIAER), GEMA, acting on behalf of NIAER, makes a designation under reg 7 or carries out an inspection under reg 9, GEMA may charge any person fees to recover the full costs reasonably incurred by it in making the designation or carrying out the inspection: reg 11(6).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(vi) Stamping etc of Gas Meters/B. COMPLIANCE WITH EUROPEAN COMMUNITY REQUIREMENTS/(B) Requirements of the Measuring Instruments (Gas Meters) Regulations 2006/957. Functions of notified bodies.

957. Functions of notified bodies.

A notified body¹ must carry out the following functions².

It must³ assess an application made by a manufacturer⁴ for the issue of a certificate of conformity, a design or type examination certificate or a notification of approval of the manufacturer's quality system, in accordance with the Annex to the relevant European Directive⁵ which is applicable to the relevant conformity assessment procedure⁶ in respect of a relevant instrument⁷. In determining such an application, the notified body must have regard to the actual or usual environment of the relevant instrument and may have regard to any other standard or other technical criteria appearing to it to be relevant⁸. Where in the opinion of the notified body the relevant instrument to which an application relates is compliant with the essential requirements⁹, it must issue a certificate or notification in accordance with the prescribed procedure¹⁰; and where such a certificate or notification is issued by a United Kingdom notified body¹¹, it must send a copy to the Gas and Electricity Markets Authority ('GEMA'), or to the Northern Ireland Authority for Energy Regulation ('NIAER'), where that authority has designated the body¹². Where, however, in the opinion of the notified body, the relevant instrument to which an application relates is not compliant with the essential requirements, it must issue a notice to the applicant in accordance with the prescribed procedure¹³.

A notified body must not accept an application for a certificate or notification in respect of a relevant instrument unless the application is in writing¹⁴, in English or another language acceptable to that notified body, is accompanied by all relevant documentation, in which all writing is in English or another language acceptable to that notified body, and includes particulars of which applicable standards the manufacturer has applied or proposes to apply in respect of the instrument¹⁵. A notified body is not to be required to determine an application for a certificate or notification where the manufacturer has not:

- 1841 (1) granted the notified body access to a relevant instrument to which the application relates or the production facilities for the instrument, including, where applicable, the production facilities envisaged in relation to a representative instrument, to the extent that the notified body reasonably requests; and
- 1842 (2) made available to the notified body such information as it may reasonably require to determine the application¹⁶;

and a notified body is not to be required to carry out specified conformity assessment procedures and specific tasks¹⁷ if either the person making the application has not submitted with the application the amount of the fee which the notified body requires to be submitted with the application¹⁸ or the notified body reasonably believes that, having regard to the number of applications made to it pursuant to its designation which are outstanding, it will be unable to commence the required work within three months of receiving the application¹⁹.

A notified body may, in exercising its functions, either arrange for some other person to carry out any test, assessment or inspection on its behalf or require the applicant to satisfy another person with respect to any matter at the applicant's expense²⁰; but nothing in this provision

authorises a notified body to rely on the opinion of another person with regard to whether a relevant instrument is compliant with any of the essential requirements²¹.

A certificate or notification issued by a notified body must be in writing and, in addition to the requirements provided for in the conformity assessment procedures, it must be in English and must give the name and address of the applicant and, where the applicant is not the manufacturer, of the manufacturer²². It must be signed by or on behalf of the notified body and give the identification number²³ of the notified body²⁴; and must bear the date of issue and the number of the certificate or notification²⁵. It must also give particulars of the relevant instrument (where applicable, in relation to each variant) to which it relates sufficient to identify it, and must state whether the instrument to which it relates is a single item or a representative, or if it covers a number of variants of that instrument²⁶; and it must certify that the instrument to which it relates is compliant with the essential requirements²⁷.

A certificate or notification may be unconditional or may be subject to such conditions as the notified body considers appropriate²⁸. Such conditions may include:

- 1843 (a) a limitation on the environment for which the relevant instrument is stated to be suitable; or
- 1844 (b) a requirement that the instrument is only to be installed at a specific site²⁹.

The conditions so imposed may be varied³⁰ by the notified body which issued the certificate or notification and such variation may include the imposition of new conditions or the removal of conditions³¹.

The notified body which issued the certificate or notification must withdraw that certificate or notification in accordance with the following provisions if it appears that the relevant instrument to which it relates is not compliant with the essential requirements³². Where a notified body is minded to:

- 1845 (i) refuse to issue a certificate or notification;
- 1846 (ii) vary a certificate or notification, other than at the request of the person to whom it was given; or
- 1847 (iii) withdraw a certificate or notification,

it must give the applicant, or the person to whom the certificate or notification was given, a notice in writing:

- 1848 (A) giving reasons for the refusal, variation or withdrawal;
- 1849 (B) specifying the date on which the refusal, variation or withdrawal is to take effect; and
- 1850 (C) giving the applicant or person the opportunity to make representations within 21 days from the date of the notice and stating that the notified body must consider any representations made to it within that period by that applicant or person³³.

Where a notified body, having considered representations so made to it, remains of the opinion that an application for a certificate or notification should be refused, or that a certificate or notification should be varied or withdrawn, it must give notice in writing to the applicant or the person to whom the certificate or notification was given, and give that applicant or person information about the judicial remedies available to him³⁴.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(vi) Stamping etc of Gas Meters/B. COMPLIANCE WITH EUROPEAN COMMUNITY REQUIREMENTS/(B) Requirements of the Measuring Instruments (Gas Meters) Regulations 2006/958. Marking and identification requirements.

958. Marking and identification requirements.

Where a relevant instrument¹ is compliant with the essential requirements², the manufacturer³ must affix the CE mark⁴ and the M mark⁵ to the instrument and the notified body⁶ which carries out the conformity assessment procedure⁷ in respect of that instrument must affix its identification number⁸ to the instrument, or may agree that the manufacturer is to do so on its behalf⁹. Any other marking may be affixed to the relevant instrument provided that the visibility and legibility of the CE marking, the M marking and the identification number of the notified body are not reduced¹⁰.

Where a relevant instrument falls within the scope of other European Directives¹¹ which provide for the affixing of the CE marking, the affixing of the CE marking under the above provisions indicates that the instrument is also presumed to be compliant with the requirements of those other Directives¹².

1 For the meaning of 'relevant instrument' see PARA 954 ante.

2 For the meaning of 'the essential requirements' see PARA 954 note 14 ante.

3 For the meaning of 'manufacturer' see PARA 955 note 6 ante.

4 As to the CE mark see PARA 955 note 8 ante.

5 As to the M mark see PARA 955 note 9 ante.

7 For the meaning of 'conformity assessment procedure' see PARA 955 note 11 ante.

8 As to the identification number see PARA 955 note 10 ante.

9 Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, reg 12(1).

10 Ibid reg 12(2).

11 Ie Directives other than European Parliament and EC Council Directive 2004/22 (OJ L135, 30.4.2004, p 1).

12 Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, reg 13(1). Where reg 13(1) applies, the publication reference of such other Directives in the Official Journal must be given in the documents, notices or instructions required to accompany the relevant instrument: Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, reg 13(2).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(vi) Stamping etc of Gas Meters/B. COMPLIANCE WITH EUROPEAN COMMUNITY REQUIREMENTS/(B) Requirements of the Measuring Instruments (Gas Meters) Regulations 2006/959. Unauthorised application of authorised marks.

959. Unauthorised application of authorised marks.

A person is guilty of an offence¹ if, in the case of an relevant instrument², he:

- 1851 (1) affixes an authorised mark³ to the instrument otherwise than in accordance with the relevant regulations⁴;
- 1852 (2) alters or defaces an authorised mark affixed to the instrument⁵;
- 1853 (3) removes an authorised mark affixed to the instrument; or
- 1854 (4) affixes any other marking to the instrument which is likely to deceive any person as to the meaning or form, or both, of an authorised mark⁶.

Where, however, the alteration or defacement of an authorised mark is occasioned solely in the course of the adjustment or repair of a relevant instrument by a person regularly engaged in the business of repair of such instruments, or by his authorised agent, that person or his authorised agent is not guilty of an offence under head (2) above⁷; and where the alteration or defacement of an authorised mark is occasioned solely in the course of a duty imposed on a meter examiner⁸, that person is not guilty of such an offence⁹.

A person is also guilty of an offence¹⁰ if he places on the market¹¹ or puts into use¹² a relevant instrument:

- 1855 (a) which, to his knowledge, bears:
 - 153 232. (i) an authorised mark affixed otherwise than in accordance with the relevant regulations¹³;
 - 233. (ii) an authorised mark that has been altered or defaced otherwise than in the circumstances referred to above¹⁴;
 - 234. (iii) any marking which is likely to deceive any person as to the meaning or form, or both, of an authorised mark; or
- 154 1856 (b) from which, to his knowledge, an authorised mark has been removed¹⁵.

Where an offence under heads (1) to (4) or head (a) or head (b) above has been committed in respect of a relevant instrument which has not been put into use, the instrument, and any implement used in the commissioning of the offence, is liable to be forfeited¹⁶.

1 A person guilty of an offence under the Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, is liable, on summary conviction, to a fine not exceeding level 5 on the standard scale: *ibid* reg 21. As to the standard scale see PARA 613 note 11 ante. As to proceedings for such an offence, the defence of due diligence and the liability of persons other than the principal offender see PARA 964 post.

2 For the meaning of 'relevant instrument' see PARA 954 ante.

3 For these purposes, 'authorised mark' means the CE marking, the M marking or the identification number of the notified body which carried out the conformity assessment procedure in respect of the relevant instrument: Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, reg 15(7). As to those

markings and that number see PARA 955 notes 8-10 ante; and for the meaning of 'conformity assessment procedure' see PARA 955 note 11 ante.

4 Ie otherwise than in accordance with the Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647. A reference in reg 15 to other provisions of those regulations includes a reference to corresponding provisions under the laws of other member states: reg 15(6). For the meaning of 'member state' for these purposes see PARA 955 note 1 ante.

5 See, however, *ibid* reg 15(2), (3); and the text and notes 7-9 *infra*.

6 *Ibid* reg 15(1).

7 *Ibid* reg 15(2).

8 Ie a duty imposed by the Gas (Meters) Regulations 1983, SI 1983/684, reg 4 (as amended): see PARA 949 note 13 ante.

9 Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, reg 15(3).

10 See note 1 *supra*.

11 For the meaning of 'place on the market' see PARA 955 note 1 ante.

12 For the meaning of 'put into use' see PARA 955 note 2 ante.

13 See note 4 *supra*.

14 Ie other than in the circumstances referred to in the Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, reg 15(2) or (3): see the text and notes 7-9 *supra*.

15 *Ibid* reg 15(4).

16 *Ibid* reg 15(5).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(vi) Stamping etc of Gas Meters/B. COMPLIANCE WITH EUROPEAN COMMUNITY REQUIREMENTS/(B) Requirements of the Measuring Instruments (Gas Meters) Regulations 2006/960. Compliance notice procedures.

960. Compliance notice procedures.

Where an enforcement authority¹ establishes that, in the case of a relevant instrument² that has been placed on the market³ or put into use⁴, the CE marking⁵ or the M marking⁶ has, or both have, been affixed unduly⁷, the following provisions have effect⁸. The enforcement authority must serve a compliance notice⁹ on the manufacturer¹⁰ or his authorised representative¹¹ which must:

- 1857 (1) be in writing¹²;
- 1858 (2) describe the relevant instrument to which it relates in a manner sufficient to identify that instrument;
- 1859 (3) state that the enforcement authority is of the opinion that the CE marking or the M marking has, or both have, been affixed unduly to the relevant instrument and give reasons for its opinion;
- 1860 (4) require the person on whom the notice is served to end the infringement under conditions specified in the notice;
- 1861 (5) specify the date, being not less than 21 days from the date of the notice, by which the infringement must be ended; and
- 1862 (6) warn that person that, where the non-conformity continues beyond the date specified in head (5) above, the enforcement authority may take further action¹³ in respect of that relevant instrument¹⁴.

1 The following authorities must enforce the Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, ie: (1) the Gas and Electricity Markets Authority ('GEMA'), in relation to England and Wales; (2) the Northern Ireland Authority for Energy Regulation ('NIAER'), in relation to Northern Ireland; (3) GEMA, in relation to Northern Ireland, to the extent that any arrangements entered into in accordance with reg 25 provide that GEMA is to act on behalf of NIAER for, or in connection with, the carrying out of the functions conferred on NIAER under Pt 3 (regs 14-23); (4) any other third party designated to act on behalf of GEMA or (in relation to Northern Ireland) NIAER: reg 14(1).

2 For the meaning of 'relevant instrument' see PARA 954 ante.

3 For the meaning of 'place on the market' see PARA 955 note 1 ante.

4 For the meaning of 'put into use' see PARA 955 note 2 ante.

5 As to the CE marking see PARA 955 note 8 ante.

6 As to the M marking see PARA 955 note 9 ante.

7 For these purposes, the CE marking is to be considered to have been affixed unduly if it is not compliant with the requirements of the Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, reg 12(3)(a) (see PARA 955 note 8 ante) and the M marking is to be considered to have been affixed unduly if it is not compliant with the requirements of reg 12(3)(b) (see PARA 955 note 9 ante): reg 16(3).

8 Ibid reg 16(1).

9 'Compliance notice' means a notice served in accordance with ibid reg 16(2) (see the text and notes 10-14 infra): reg 2(1). Any document required or authorised by the Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, to be served on a person may be so served (1) by delivering it to him or by leaving it at his

proper address or by sending it by post to him at that address; (2) if the person is a body corporate, by serving it in accordance with head (1) supra on the secretary or clerk of that body corporate; or (3) if the person is a partnership, by serving it in accordance with head (1) supra on a partner or on a person having control or management of the partnership business: reg 26(1). For these purposes, and for the purposes of the Interpretation Act 1978 s 7 (which relates to the service of documents by post) in its application to the Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, reg 26(1), the proper address of any person on whom a document is to be served by virtue of the 2006 Regulations is his last known address except that (a) in the case of service on a body corporate or its secretary or clerk, it is the address of the registered or principal office of the body corporate; and (b) in the case of service on a partnership or a partner or a person having the control or management of a partnership business, it is the principal office of the partnership; and for these purposes the principal office of a company registered outside the United Kingdom or of a partnership carrying on business outside the United Kingdom is its principal office within the United Kingdom: reg 26(2).

Where an enforcement authority other than GEMA or NIAER serves a compliance notice, it must at the same time send a copy of the notice to GEMA (or to NIAER, if it is acting on its behalf): reg 16(4). Where GEMA, acting in accordance with reg 25 (which confers power on GEMA to act on behalf of NIAER), serves a compliance notice, it must at the same time send a copy of the notice to NIAER: reg 16(5).

10 For the meaning of 'manufacturer' see PARA 955 note 6 ante.

11 'Authorised representative' means a person who is established in a member state and is authorised by a manufacturer, in writing, to act on his behalf: Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, reg 2(1). For the meaning of 'member state' for these purposes see PARA 955 note 1 ante.

12 For the meaning of 'in writing' see PARA 956 note 7 ante.

13 Ie under the Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, reg 17: see PARA 961 post.

14 Ibid reg 16(2).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(vi) Stamping etc of Gas Meters/B. COMPLIANCE WITH EUROPEAN COMMUNITY REQUIREMENTS/(B) Requirements of the Measuring Instruments (Gas Meters) Regulations 2006/961. Immediate enforcement action.

961. Immediate enforcement action.

Where an enforcement authority¹ has reasonable grounds for considering that:

- 1863 (1) the manufacturer² or his authorised representative³ has failed to comply with a compliance notice⁴;
- 1864 (2) a relevant instrument⁵, which is placed on the market⁶ or put into use⁷, does not bear one or more of the CE marking⁸, the M marking⁹ and the identification number¹⁰ of the notified body¹¹ which carried out the conformity assessment procedure¹² in respect of that instrument; or
- 1865 (3) a relevant instrument which bears the marking and identification requirements referred to in head (2) above does not meet the essential requirements¹³ when placed on the market or properly installed and put into use in accordance with the manufacturer's instructions,

the following provisions have effect¹⁴.

The enforcement authority must serve an enforcement notice¹⁵ on the manufacturer or his authorised representative which must:

- 1866 (a) be in writing¹⁶;
- 1867 (b) describe the relevant instrument to which it relates in a manner sufficient to identify that instrument;
- 1868 (c) specify, with reasons, the respects in which, in the opinion of the enforcement authority, the requirements of the relevant regulations¹⁷ have not been complied with;
- 1869 (d) specify the date, being not less than 21 days from the date of the notice, by which the person to whom the notice is given is required to comply with it; and
- 1870 (e) inform that person of the judicial remedies available to him and of the time limits to which those remedies are subject¹⁸.

Such a notice may:

- 1871 (i) require the relevant instrument to be withdrawn from the market; or
 - 1872 (ii) prohibit or restrict the placing on the market or putting into use of the relevant instrument; and
 - 1873 (iii) specify that unless steps are taken which ensure:
- 155
- 235. (A) that the relevant instrument is compliant with the requirements of the relevant regulations; or
 - 236. (B) that the manufacturer or his authorised representative acts as required under head (i) or head (ii) above,
- 156

any certificate or notification, issued by a notified body in accordance with the relevant conformity assessment procedure applicable to the relevant instrument, that the instrument satisfies the essential requirements, may be withdrawn by that notified body¹⁹.

If, in the case of a certificate or notification granted by a United Kingdom notified body²⁰, the Gas and Electricity Markets Authority ('GEMA'), in relation to a notified body which it has designated, or the Northern Ireland Authority for Energy Regulation ('NIAER'), in relation to a notified body which it has designated, is of the opinion that consideration ought to be given to whether the certificate or notification should be withdrawn, GEMA (or, as the case may be, NIAER) must inform that notified body of that fact²¹; and if, in the case of a certificate or notification granted under the law of another member state²², GEMA or NIAER is of the opinion that consideration ought to be given to whether the certificate or notification should be withdrawn, it must inform the relevant competent authority of that fact²³.

1 For the meaning of 'enforcement authority' see PARA 960 note 1 ante.

2 For the meaning of 'manufacturer' see PARA 955 note 6 ante.

3 For the meaning of 'authorised representative' see PARA 960 note 11 ante.

4 For the meaning of 'compliance notice' see PARA 960 note 9 ante.

5 For the meaning of 'relevant instrument' see PARA 954 ante.

6 For the meaning of 'place on the market' see PARA 955 note 1 ante.

7 For the meaning of 'put into use' see PARA 955 note 2 ante.

8 As to the CE marking see PARA 955 note 8 ante.

9 As to the M marking see PARA 955 note 9 ante.

10 As to the identification number see PARA 955 note 10 ante.

11 For the meaning of notified body' see PARA 955 note 10 ante.

12 For the meaning of 'conformity assessment procedure' see PARA 955 note 11 ante.

13 For the meaning of 'essential requirements' see PARA 954 note 14 ante.

14 Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, reg 17(1).

15 'Enforcement notice' means a notice served in accordance with *ibid* reg 17(2) (see the text and notes 16-18 *infra*): reg 2(1). As to service of notices see PARA 960 note 9 ante.

Where an enforcement authority other than the Gas and Electricity Markets Authority ('GEMA') or the Northern Ireland Authority for Energy Regulation ('NIAER') serves an enforcement notice, it must at the same time send a copy of the notice to GEMA (or to NIAER, if it is acting on its behalf): reg 17(4). Where GEMA, acting in accordance with reg 25 (which confers power on GEMA to act on behalf of NIAER), serves an enforcement notice, it must at the same time send a copy of the notice to NIAER: reg 17(5). As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 *et seq* ante.

16 For the meaning of 'in writing' see PARA 956 note 7 ante.

17 *Ie* the requirements of the Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647: see PARA 954 *et seq* ante, PARA 962 *et seq* post.

18 *Ibid* reg 17(2).

19 *Ibid* reg 17(3).

20 For the meaning of 'United Kingdom notified body' see PARA 955 note 10 ante.

21 Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, reg 17(6).

- 22 For the meaning of 'member state' for these purposes see PARA 955 note 1 ante.
- 23 Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, reg 17(7).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(vi) Stamping etc of Gas Meters/B. COMPLIANCE WITH EUROPEAN COMMUNITY REQUIREMENTS/(B) Requirements of the Measuring Instruments (Gas Meters) Regulations 2006/962. Powers of entry and inspection.

962. Powers of entry and inspection.

Subject to the production if so requested of his credentials¹, an enforcement officer² may:

- 1874 (1) for the purpose of the relevant regulations³, at all reasonable times:
157
237. (a) inspect and test, or remove for testing, any relevant instrument⁴ which has not been put into use⁵ in such manner as he considers appropriate;
238. (b) inspect and take copies of any document relating to such a relevant instrument; and
239. (c) enter any premises at which he has reasonable cause to believe there to be such a relevant instrument, not being premises used only as a private dwelling house⁶;
- 158
- 1875 (2) at any time, seize and detain:
159
240. (a) a relevant instrument which he has reasonable cause to believe is liable to be forfeited under the relevant regulations⁷; and
241. (b) any document or goods which he has reason to believe may be required as evidence in proceedings for an offence under those regulations⁸.
- 160

If a justice of the peace, on written information on oath, is satisfied that there are reasonable grounds to believe that any such relevant instrument or document as is mentioned in head (1) or head (2) above is on any premises, or that an offence under the relevant regulations⁹ has been, is being or is about to be committed on any premises, and is also satisfied either that:

- 1876 (i) admission to the premises has been or is likely to be refused and that notice of intention to apply for a warrant has been given to the occupier; or
- 1877 (ii) an application for admission, or the giving of such a notice, would defeat the object of the entry, or that the case is one of urgency, or that the premises are unoccupied or the occupier is temporarily absent,

the justice may by warrant under his hand, which is to continue in force for a period of one month, authorise the enforcement officer to enter the premises, if need be by force¹⁰.

An enforcement officer entering any premises by virtue of the above provisions may take such other persons and such equipment as may appear to him necessary, and on leaving such premises which he has entered by virtue of a warrant¹¹, being premises which are unoccupied or the occupier of which is temporarily absent, he must leave them as effectively secured against a trespasser as he found them¹². If an enforcement officer or other person who enters any workplace by virtue of the above provisions discloses to any person any information obtained by him in the workplace with regard to any secret manufacturing process or trade secret, he is guilty of an offence¹³, unless the disclosure was made in the performance of his

duty¹⁴. It is not, however, such an offence for a person to disclose information in circumstances where either the person from whom the information was received has consented to its disclosure, or the information is disclosed more than 50 years after it was received¹⁵.

Nothing in the above provisions authorises any person to stop any vehicle on a highway¹⁶.

A person is guilty of an offence¹⁷ if he:

- 1878 (A) wilfully obstructs an enforcement officer in the execution of any of his functions under the relevant regulations¹⁸; or
- 1879 (B) without reasonable cause fails to give that officer any assistance or information which the officer has reasonably required of him for the purpose of the performance by the enforcement authority of its functions under those regulations¹⁹.

A person is also guilty of an offence²⁰ if, in giving an enforcement officer such information as is mentioned in head (B) above, that person gives any information he knows to be false²¹. Nothing in the relevant regulations is, however, to be taken as requiring a person to produce any documents or records if he would be entitled to refuse to produce those documents or records in any proceedings in any court on the grounds that they are the subject of legal professional privilege, or as authorising a person to take possession of any documents or records which are in the possession of a person who would be so entitled²²; and nothing in those regulations is to be construed as requiring a person to answer any question or give any information if to do so would incriminate that person or that person's spouse or civil partner²³.

1 For these purposes, 'credentials' means evidence of appointment or designation as an enforcement officer: Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, reg 18(9).

2 'Enforcement officer' means a person appointed by an enforcement authority to act on its behalf to enforce the Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647: reg 2(1). For the meaning of 'enforcement authority' see PARA 960 note 1 ante.

3 Ie for the purposes of the Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647: see PARA 954 et seq ante, PARAS 963-964 post.

4 For the meaning of 'relevant instrument' see PARA 954 ante.

5 For the meaning of 'put into use' see PARA 955 note 2 ante.

6 Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, reg 18(1).

7 Ie under the Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647.

8 Ibid reg 18(2).

9 See note 7 supra.

10 Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, reg 18(3).

11 Ie under ibid reg 18(3): see the text and notes 9-10 supra.

12 Ibid reg 18(5).

13 A person guilty of an offence under the Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, is liable, on summary conviction, to a fine not exceeding level 5 on the standard scale: ibid reg 21. As to the standard scale see PARA 613 note 11 ante. As to proceedings for such an offence, the defence of due diligence and the liability of persons other than the principal offender see PARA 964 post.

14 Ibid reg 18(6).

15 Ibid reg 18(7).

- 16 Ibid reg 18(8).
- 17 See note 13 *supra*.
- 18 See note 7 *supra*.

- 20 See note 13 *supra*.
- 21 Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, reg 19(2).
- 22 Ibid reg 27(1).
- 23 Ibid reg 27(2). The Civil Evidence Act 1968 s 14(1) (as amended) (which relates to the privilege against self-incrimination: see CIVIL PROCEDURE vol 11 (2009) PARA 974) applies to the right conferred by the Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, reg 27(2) as it applies to the right described in the Civil Evidence Act 1968 s 14(1) (as amended): Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, reg 27(3).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(vi) Stamping etc of Gas Meters/B. COMPLIANCE WITH EUROPEAN COMMUNITY REQUIREMENTS/(B) Requirements of the Measuring Instruments (Gas Meters) Regulations 2006/963. Review of decisions of enforcement authority.

963. Review of decisions of enforcement authority.

Where a person is aggrieved¹ by a compliance notice² or an enforcement notice³ served by an enforcement authority⁴ other than the Gas and Electricity Markets Authority ('GEMA')⁵ or the Northern Ireland Authority for Energy Regulation ('NIAER'), that person may apply to GEMA (or to NIAER, where the enforcement authority is acting on NIAER's behalf) to review that notice⁶. Such an application must:

- 1880 (1) be in writing⁷;
- 1881 (2) state the grounds on which the application is made;
- 1882 (3) be sent to GEMA (or, as the case may be, NIAER) within 21 days from the date of the relevant compliance notice or enforcement notice⁸.

GEMA, or, as the case may be, NIAER, may:

- 1883 (a) hold an inquiry in connection with the notice which is the subject of its review; and
- 1884 (b) appoint an assessor for the purposes of assisting it with its review⁹;

and must, within a reasonable time, inform the aggrieved person and the enforcement authority in writing of its decision whether to uphold the decision of that authority, together with reasons for its decision¹⁰. Where GEMA or, as the case may be, NIAER, does not uphold any compliance notice or enforcement notice, it must give reasons for the withdrawal of that notice¹¹.

1 As to the meaning of 'person aggrieved' see JUDICIAL REVIEW vol 61 (2010) PARA 656.

2 For the meaning of 'compliance notice' see PARA 960 note 9 ante.

3 For the meaning of 'enforcement notice' see PARA 961 note 15 ante.

4 For the meaning of 'enforcement authority' see PARA 960 note 1 ante.

5 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante.

6 Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, reg 20(1).

7 For the meaning of 'in writing' see PARA 956 note 7 ante.

8 Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, reg 20(2).

10 Ibid reg 20(4).

11 Ibid reg 20(5).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(vi) Stamping etc of Gas Meters/B. COMPLIANCE WITH EUROPEAN COMMUNITY REQUIREMENTS/(B) Requirements of the Measuring Instruments (Gas Meters) Regulations 2006/964. Further provisions with regard to offences.

964. Further provisions with regard to offences.

No proceedings for an offence under the relevant regulations¹ may be instituted in England and Wales except by or on behalf of an enforcement authority².

In proceedings against a person for such an offence, it is³ a defence for that person to show that he took all reasonable steps and exercised all due diligence to avoid committing the offence⁴.

Where, however, in proceedings against a person for such an offence, the defence so provided involves an allegation that the commission of the offence was due to the act or default of another, or to reliance on information given by another, that person is not, without the leave of the court, to be entitled to rely on the defence, unless, not less than seven clear days before the hearing of the proceedings, he has served a notice⁵ on the person bringing the proceedings⁶. Such a notice must give such information identifying or assisting in the identification of the person who committed the act or default or gave the information as is in the possession of the person serving the notice at the time he serves it⁷.

Furthermore, a person is not to be entitled to rely on the defence so provided by reason of his reliance on information supplied by another, unless he shows it was reasonable in all the circumstances for him to have relied on the information, having regard in particular to:

- 1885 (1) the steps which he took, and those which might reasonably have been taken, for the purpose of verifying the information; and
- 1886 (2) whether he had any reason to disbelieve the information⁸.

Where the commission by a person of an offence under the relevant regulations⁹ is due to the act or default of another person in the course of any business of his, that other person is guilty of the offence and may be proceeded against and punished, whether or not proceedings are taken against the first person¹⁰.

Where a body corporate¹¹ commits an offence and it is proved that the offence was committed:

- 1887 (a) with the consent or connivance of an officer of the body corporate¹²; or
- 1888 (b) as a result of the negligence of an officer of the body corporate,

the officer, as well as the body corporate, is guilty of the offence¹³.

5 le in accordance with *ibid* reg 22(3): see the text and note 7 *infra*. As to the service of notices see PARA 960 note 9 *ante*.

6 *Ibid* reg 22(2).

7 *Ibid* reg 22(3). See, however, reg 27 (savings for certain privileges), cited in PARA 962 *ante*.

8 *Ibid* reg 22(4).

9 See note 1 *supra*.

10 Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647, reg 23(1).

11 For these purposes, references to a 'body corporate' include references to a partnership in Scotland, and in relation to such partnership, any reference to a director, manager, secretary or other similar officer of a body corporate is a reference to a partner: *ibid* reg 23(4).

12 For these purposes, a reference to an officer of a body corporate includes a reference to (1) a director, manager, secretary or other similar officer of the body corporate; (2) a person purporting to act as a director, manager, secretary or other similar officer; and (3) if the affairs of the body corporate are arranged by its members, a member: *ibid* reg 23(3). See also note 11 *supra*.

13 *Ibid* reg 23(2).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(vii) Determination of Disputes and Investigation of Complaints/965. Determination of certain disputes.

(vii) Determination of Disputes and Investigation of Complaints

965. Determination of certain disputes.

Any dispute arising under:

- 1889 (1) specified statutory provisions relating to the general powers and duties of gas transporters¹, the duty to connect certain premises² and the power to require security³;
- 1890 (2) regulations with regard to connection charges⁴; or
- 1891 (3) any of the specified provisions of the gas code relating to gas meters, the maintenance of service pipes etc and the alteration, adjustment or replacement of burners⁵,

between a gas transporter⁶ or gas supplier⁷ and a person who is, or wishes to become, a customer of a person authorised by a licence⁸ or exemption⁹ to supply gas¹⁰, may¹¹ be referred to the Gas and Electricity Markets Authority ('GEMA')¹² by either party, or with the agreement of either party, by the Gas and Electricity Consumer Council¹³ and must¹⁴, on such a reference, be determined by order made either by the Authority, or if it thinks fit, by an arbitrator appointed by the Authority¹⁵. However, no dispute which:

- 1892 (a) arises under the statutory provision imposing a duty on a gas transporter to comply, so far as it is economical to do so, with a reasonable request for the connection of premises or a pipeline system¹⁶ and which relates to the connection of any premises to a pipeline system operated by a gas transporter; or
- 1893 (b) arises under the statutory duty to connect certain premises¹⁷, or regulations under the provisions imposing that duty¹⁸, and which relates to the connection of any premises to a main of such a transporter,

may be referred to the Authority after the end of the period of 12 months beginning with the time when the connection is made¹⁹.

Any person making an order for the determination of a dispute²⁰ must include in the order his reasons for reaching his decision with respect to the dispute²¹; and the practice and procedure to be followed in connection with any such determination is to be such as the Authority may consider appropriate²². An order under these provisions:

- 1894 (i) may include such incidental, supplemental and consequential provision, including provision requiring either party to pay a sum in respect of the costs or expenses incurred by the person making the order, as that person considers appropriate; and
- 1895 (ii) is to be final and enforceable, in so far as it includes such provision as to costs or expenses, as if it were a judgment of a county court²³.

In including in such an order any such provision as to costs or expenses, the person making the order must have regard to the conduct and means of the parties and any other relevant circumstances²⁴.

Where any dispute between a gas transporter and a person requiring a connection to a main of the transporter falls to be determined under the above provisions, the Authority may give directions as to the circumstances in which, and the terms on which, the transporter is to connect or, as the case may be, to maintain the connection pending the determination of the dispute²⁵. Similarly, where any dispute between a gas supplier and a person requiring a supply of gas falls to be so determined, the Authority may give directions as to the circumstances in which, and the terms on which, the supplier is to give or, as the case may be, to continue to give the supply pending the determination of the dispute²⁶; and where any dispute arising under the power to require security for making a connection²⁷ falls to be so determined, the Authority may give directions as to the security, if any, to be given pending the determination of the dispute²⁸. Any direction under these provisions may be expressed to apply either in relation to a particular case or in relation to a class of case²⁹.

- 27 le any dispute arising under the Gas Act 1986 s 11(1) (as substituted and amended): see PARA 839 ante.
- 28 Ibid s 27A(7) (as added (see note 15 supra); amended by virtue of the Utilities Act 2000 s 3(2)).
- 29 Gas Act 1986 s 27A(8) (as added: see note 15 supra).

UPDATE

965 Determination of certain disputes

TEXT AND NOTES--As to 'Article 25 disputes' see PARA 965A.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(vii) Determination of Disputes and Investigation of Complaints/965A. Article 25 disputes.

965A. Article 25 disputes.

An Article 25 dispute, other than one which may be referred to the Authority (the Gas and Electricity Markets Authority; see PARA 965) under or by virtue of any other provision of the Gas Act 1986, may be referred to the Authority under s 27C by the person who is the complainant in relation to the dispute: s 27C(1) (ss 27B-27D added by SI 2009/1349). An Article 25 dispute referred to the Authority under the Gas Act 1986 s 27C must be determined by order made either by the Authority or, if the Authority thinks fit, by an arbitrator appointed by the Authority: s 27C(2). The practice and procedure to be followed in connection with an Article 25 dispute referred to the Authority under s 27C is to be such as the Authority may consider appropriate: s 27C(3). An order under s 27C (1) may include such incidental, supplemental and consequential provision as the person making the order considers appropriate; and (2) will be final: s 27C(4). The provision that may be included in an order under s 27C by virtue of head (1) includes provision requiring either party to pay a sum in respect of the costs or expenses incurred by the person making the order ('costs provision'): s 27C(6). Costs provision included in an order under s 27C is to be enforceable as if it were a judgment of the country court: s 27C(7). In the case of a gas transporter or the holder of a licence under s 7ZA (see PARA 806), ss 28-30F (see PARAS 968-974) are to have effect as if references in those provisions to a relevant requirement, other than the reference in s 28(8) included references to any duty or other requirement imposed on that person by an order under s 27C: s 27C(8). In the case of the owner of an LNG facility to which s 19D (see PARA 829) applies, s 22 (see PARA 832) is to have effect as if the directions referred to in s 22 as 'relevant directions' included any duty or other requirement imposed on that person by an order under s 27C: s 27C(9).

An order determining an Article 25 dispute, whether made under s 27C or made under or by virtue of any other provision of the Gas Act 1986, must be made within the permitted period: s 27D(1). The permitted period is the period of two months beginning with the day on which the dispute is referred to the Authority: s 27D(2). However, where the person determining the dispute requests further information from anyone for the purposes of determining the dispute, the person may, by giving notice to the parties, extend the permitted period by two months, or with the agreement of the complainant, by a longer period: s 27D(3). If a person refers a dispute to the Authority, or purports to do so, and the Authority gives to that person a notice specifying information which it requires in order to assess whether the dispute is an Article 25 dispute, or whether there is a dispute at all, and requesting the person to provide that information, the dispute must be treated for the purposes of s 27C(2) as not referred to the Authority until the information is provided: s 27C(4).

For the purposes of ss 27C, 27D, a dispute is an 'Article 25 dispute' if (a) it is wholly or mainly a dispute with respect to an issue mentioned in the European Parliament and EC Council Directive 2003/55 (see PARA 653) art 19 or art 25 paras 1, 2 or 4; and (b) it arises from a written complaint made against a gas transporter, the holder of a licence under the Gas Act 1986 s 7ZA (licences for operation of gas interconnectors), or the owner of an LNG import facility to which s 19D applies, and is a dispute between the complainant and the person complained against: s 27B(1). The reference to a complaint does not include a reference to (i) a term or condition of a relevant licence held by the person complained against, or an obligation or right contained in any code or other document and having effect by virtue of such a term or condition; or (ii) a complaint made by a person as a household customer or potential household customer: s 27B(2). 'Household customer' has the meaning given by Directive 2003/55 art

2(25); 'LNG import facility' has the meaning given in the Gas Act 1986 s 19E(1) (see PARA 829); 'owner', in relation to an LNG import facility, includes any person occupying or having control of the facility; 'relevant licence' means a licence under s 7(2) (see PARA 805) or s 7ZA: s 27B(3).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(vii) Determination of Disputes and Investigation of Complaints/966. Consumer complaints.

966. Consumer complaints.

The following provisions apply to a complaint which any customer or potential customer of, or user of gas supplied¹ by, an authorised supplier² ('the complainant') has in his capacity as such against:

- 1896 (1) the supplier, in respect of any matter connected with the services provided by him in the course of carrying on regulated activities³; or
- 1897 (2) any other person authorised by a licence⁴ or exemption⁵, in respect of any matter affecting those services which is connected with the carrying on by that other person of regulated activities⁶.

Where such a complaint, other than one appearing to it to be frivolous or vexatious, is referred to the Gas and Electricity Consumer Council⁷ by or on behalf of the complainant, the Council must⁸ investigate the complaint for the purpose of determining whether it is appropriate to take⁹ any action¹⁰. Where it appears to the Council that the complaint relates to a matter in respect of which any enforcement function¹¹ is or may be exercisable, the Council must, unless it considers that the Gas and Electricity Markets Authority ('GEMA')¹² already has notice of that matter, inform the Authority of the matter¹³; and where it appears to the Council that the complaint relates to a matter which constitutes a dispute of a kind which can be referred to the Authority under any provision of the Gas Act 1986, the Council must inform the complainant that he may have the right to refer the dispute to the Authority¹⁴. The Council is not, however, required by these provisions:

- 1898 (a) to investigate a complaint, until the complainant has taken such steps as appear to the Council to be reasonable for him to take for the purpose of giving the person against whom the complaint is made a reasonable opportunity to deal with the complaint;
- 1899 (b) to investigate any matter in respect of which any enforcement function is or may be exercisable¹⁵, until the Authority has had a reasonable opportunity to exercise any enforcement function in respect of that matter; and
- 1900 (c) to investigate any matter constituting a dispute which has been referred to the Authority under any provision of the Gas Act 1986¹⁶.

Where it appears to the Council to be appropriate to do so with a view to assisting in reaching a satisfactory resolution of a complaint referred to it under the above provisions, the Council must make representations on behalf of the complainant to the person against whom the complaint is made about anything to which the complaint relates¹⁷. After investigating a complaint the Council may make a report to the Authority; and such a report may include information about any representations so made by the Council and the response of the person against whom the complaint is made to the complaint or any such representations¹⁸. No such report, or information about a complaint referred to the Council under these provisions from which the complainant may be identified, must be published or disclosed by the Council or the Authority in the exercise of any power under the Utilities Act 2000 or the Gas Act 1986 without the consent of the complainant¹⁹.

Where a representation made to the Authority about any matter, other than one appearing to it to be frivolous or vexatious, appears to the Authority to be about a matter which is or amounts to a complaint to which the above provisions apply, and to have been made by or on behalf of the complainant, the Authority must refer the complaint to the Council²⁰.

As from a day to be appointed²¹, the provisions set out above are repealed²² and new arrangements for dealing with consumer complaints under the Consumers, Estate Agents and Redress Act 2007 will be introduced²³.

1 For the meanings of 'gas', and references to the supply of gas, see PARA 802 ante.

2 For the meaning of 'authorised supplier' see PARA 797 note 3 ante.

3 For these purposes, 'regulated activities' means activities which are authorised or regulated by a licence or exemption: Gas Act 1986 s 32(10) (s 32 substituted by the Utilities Act 2000 s 22(1)).

4 For the meaning of 'licence' see PARA 789 note 9 ante.

5 For the meaning of 'exemption' see PARA 789 note 19 ante.

6 Gas Act 1986 s 32(1) (as substituted: see note 3 supra).

7 As to the establishment of the Gas and Electricity Consumer Council see PARA 716 ante; and as to the prospective abolition of the Council and the transfer of its functions to the new National Consumer Council to be established under the Consumers, Estate Agents and Redress Act 2007 see PARA 716 the text and notes 12-13 ante.

8 le subject to the Gas Act 1986 s 32(5) (as substituted): see the text and notes 15-16 infra.

9 le appropriate to take any action under ibid s 32(6) (as substituted): see the text and note 17 infra.

10 Ibid s 32(2) (as substituted: see note 3 supra).

11 For these purposes, 'enforcement function' means a function under ibid s 28 (as amended) (see PARA 968 post) or 30A (as added) (see PARA 973 post): s 32(10) (as substituted: see note 3 supra).

12 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

13 Gas Act 1986 s 32(3) (as substituted: see note 3 supra).

14 Ibid s 32(4) (as substituted: see note 3 supra). As to the reference of disputes to the Authority see s 15A (as prospectively added); and PARA 872 ante; s 27A (as added and amended); and PARA 965 ante.

15 le any matter to which ibid s 32(3) (as substituted) applies: see the text and notes 11-13 supra.

16 Ibid s 32(5) (as substituted: see note 3 supra).

17 Ibid s 32(6) (as substituted: see note 3 supra).

18 Ibid s 32(7) (as substituted: see note 3 supra).

19 Ibid s 32(8) (as substituted: see note 3 supra).

20 Ibid s 32(9) (as substituted: see note 3 supra).

21 le as from a day to be appointed under the the Consumers, Estate Agents and Redress Act 2007 s 66(2). At the date at which this title states the law, no such day had been appointed.

22 See ibid s 64, Sch 8 (not in force).

23 See ibid Pt 2 (ss 42-52) (not in force). For transitional provisions see s 30(5), Sch 3 para 1 (not in force).

UPDATE

966 Consumer complaints

TEXT AND NOTE 21--Day appointed is 1 October 2008: SI 2008/2550.

NOTES 22, 23--Provisions cited all in force: SI 2007/3546, SI 2008/2550.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(vii) Determination of Disputes and Investigation of Complaints/967. Power of the Gas and Electricity Consumer Council to investigate other matters.

967. Power of the Gas and Electricity Consumer Council to investigate other matters.

The Gas and Electricity Consumer Council¹ may investigate any matter, not being a matter which it is its duty to investigate², which appears to it to be a matter relating to the interests of consumers in relation to gas³ conveyed through pipes⁴. The power to undertake an investigation under this power includes, without prejudice to the generality of the above provision, power to investigate any matter relating to or to anything connected with gas fittings⁵, or their use, or the use of gas supplied⁶ by authorised suppliers⁷.

Where the Council has investigated a matter under these provisions it may make a report on that matter to the Gas and Electricity Markets Authority ('GEMA')⁸, the Secretary of State⁹, the Office of Fair Trading¹⁰ or any other public authority whose functions appear to the Council to be exercisable in relation to that matter¹¹. The Council may¹² also:

- 1901 (1) send a report on any matter so investigated to any person who appears to the Council to have an interest in that matter; and
- 1902 (2) publish any such report in such manner as the Council thinks appropriate¹³.

Information¹⁴ which relates to the affairs of any particular individual or body of persons, corporate or unincorporate:

- 1903 (a) must not be included in a report which is to be sent to any person under head (1) above, unless one or more of heads (i) to (iii) below applies; and
- 1904 (b) must be excluded from any such report which is to be published under head (2) above, unless one or more of heads (A) to (C) below applies¹⁵.

Information relating to a particular individual or body may, however, be included in a report to be sent under head (1) above if:

- 1905 (i) that individual or body has consented to the disclosure;
- 1906 (ii) it is information that is available to the public from some other source; or
- 1907 (iii) it is not information the disclosure of which would or might, in the opinion of the Council, seriously and prejudicially affect the interests of that individual or body¹⁶;

and information relating to a particular individual or body may be included in a report to be published under head (2) above if:

- 1908 (A) that individual or body has consented to the publication;
- 1909 (B) it is information that is available to the public from some other source; or
- 1910 (C) it is not information the publication of which would or might, in the opinion of the Council, seriously and prejudicially affect the interests of that individual or body¹⁷.

Before deciding to include in such a report any information relating to a particular individual or body in pursuance of head (iii) above or head (c) above, the Council must consult that individual or body¹⁸ and must have regard to any opinion expressed by the Authority as to the application of head (iii) above or head (c) above to the information or as to the desirability or otherwise of its inclusion in the report¹⁹.

As from a day to be appointed²⁰, the provisions set out above are repealed²¹ and the National Consumer Council to be established under the Consumers, Estate Agents and Redress Act 2007 will have new investigatory powers²².

1 As to the establishment of the Gas and Electricity Consumer Council see PARA 716 ante; and as to the prospective abolition of the Council and the transfer of its functions to the new National Consumer Council to be established under the Consumers, Estate Agents and Redress Act 2007 see PARA 716 the text and notes 12-13 ante.

2 In which it is its duty to investigate under the Gas Act 1986 Pt I (ss 4AA-48) (as amended): see PARA 789 et seq ante, PARA 968 et seq post. As to the duty to investigate consumer complaints see PARA 966 ante.

3 For the meaning of 'gas' see PARA 802 ante.

4 Gas Act 1986 s 33(1) (s 33 substituted by the Utilities Act 2000 s 23(1)). For the meaning of references to the conveyance of gas through pipes to premises see PARA 803 note 4 ante.

5 For these purposes, 'gas fittings' means gas fittings used or intended to be used by persons supplied with gas by authorised suppliers: Gas Act 1986 s 33(3) (as substituted: see note 4 supra). For the meaning of 'gas fittings' generally see PARA 861 note 1 ante; and for the meaning of 'authorised supplier' see PARA 797 note 3 ante.

6 For the meaning of references to the supply of gas see PARA 802 ante.

7 Gas Act 1986 s 33(2) (as substituted: see note 4 supra).

8 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

9 As to the Secretary of State see PARA 601 note 1 ante.

10 As to the Office of Fair Trading see COMPETITION vol 18 (2009) PARAS 6-8.

11 Gas Act 1986 s 33(4) (as substituted (see note 4 supra); amended by the Enterprise Act 2002 s 278(1), Sch 25 para 15(1), (7)).

12 In subject to the Gas Act 1986 s 33(6) (as substituted): see the text and notes 14-15 infra.

13 Ibid s 33(5) (as substituted: see note 4 supra).

14 For the meaning of 'information' see PARA 792 note 8 ante.

15 Gas Act 1986 s 33(6) (as substituted: see note 4 supra).

16 Ibid s 33(7) (as substituted: see note 4 supra).

17 Ibid s 33(8) (as substituted: see note 4 supra).

18 Ibid s 33(9)(a) (as substituted: see note 4 supra).

19 Ibid s 33(9)(b) (as substituted: see note 4 supra). Section 33(9)(b) (as so substituted) applies whether the opinion is given in relation to the information itself or to information of a description which applies to that information: s 33(9).

20 In as from a day to be appointed under the the Consumers, Estate Agents and Redress Act 2007 s 66(2). At the date at which this title states the law, no such day had been appointed.

21 See ibid s 64, Sch 8 (not in force).

22 See ibid ss 11-15 (not in force). For transitional provisions see s 30(5), Sch 3 para 1 (not in force).

UPDATE

967 Power of the Gas and Electricity Consumer Council to investigate other matters

TEXT AND NOTES 20-22--Day appointed is 1 October 2008 and provisions cited all in force: SI 2008/2550.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(viii) Enforcement/A. ORDERS FOR SECURING COMPLIANCE WITH CERTAIN PROVISIONS/968. Final and provisional orders.

(viii) Enforcement

A. ORDERS FOR SECURING COMPLIANCE WITH CERTAIN PROVISIONS

968. Final and provisional orders.

Where the Gas and Electricity Markets Authority ('GEMA')¹ is satisfied that a licence holder² is contravening³, or is likely to contravene, any relevant condition⁴ or requirement⁵, the Authority must⁶ by a final order⁷ make such provision as is requisite for the purpose of securing compliance with that condition or requirement⁸.

Where, however, it appears to the Authority:

- 1911 (1) that a licence holder is contravening, or is likely to contravene, any relevant condition or requirement; and
- 1912 (2) that it is requisite that a provisional order⁹ be made,

the Authority must¹⁰, instead of taking steps towards the making of a final order, by a provisional order make such provision as appears to it requisite for the purpose of securing compliance with that condition or requirement¹¹. In determining for the purposes of head (2) above whether it is requisite that a provisional order be made, the Authority must have regard, in particular:

- 1913 (a) to the extent to which any person is likely to sustain loss or damage in consequence of anything which, in contravention of the relevant condition or requirement, is likely to be done, or omitted to be done, before a final order may be made; and
- 1914 (b) to the fact that the effect of the relevant statutory provisions¹² is to exclude the availability of any remedy, apart from under those provisions or for negligence, in respect of any contravention of a relevant condition or requirement¹³.

The Authority must¹⁴ confirm a provisional order, with or without modifications¹⁵, if:

- 1915 (i) it is satisfied that the licence holder is contravening, or is likely to contravene, any relevant condition or requirement; and
- 1916 (ii) the provision made by the order, with any modifications, is requisite for the purpose of securing compliance with that condition or requirement¹⁶.

The Authority must not, however, make a final order or make or confirm a provisional order if it is satisfied that the general duties in relation to gas imposed on it¹⁷ preclude the making or, as the case may be, the confirmation of the order, or that the most appropriate way of proceeding is under the Competition Act 1998¹⁸. Furthermore, the Authority is not required to make a final order or make or confirm a provisional order if it is satisfied:

- 1917 (A) that the licence holder has agreed to take and is taking all such steps as it appears to the Authority for the time being to be appropriate for the licence holder to take for the purpose of securing or facilitating compliance with the condition or requirement in question; or
- 1918 (B) that the contraventions were or the apprehended contraventions are of a trivial nature¹⁹.

Where the Authority is satisfied as mentioned above²⁰, it must give notice that it is so satisfied to the licence holder²¹ and must publish a copy of the notice in such manner as the Authority considers appropriate for the purpose of bringing the matters to which the notice relates to the attention of persons likely to be affected by them²².

A final or provisional order must require the licence holder, according to the circumstances of the case, to do, or not to do, such things as are specified in the order or are of a description so specified²³. It takes effect at such time, being the earliest practicable time, as is determined by or under the order²⁴ and may be revoked at any time by the Authority²⁵.

1 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

2 For the meaning of 'licence holder' see PARA 789 note 9 ante.

3 For the meaning of 'contravention' and cognate expressions see PARA 779 note 3 ante.

4 For the purposes of the Gas Act 1986 ss 28-30F (as amended) (see the text and notes 1-3 supra, 5-25 infra; and PARA 969 et seq post), 'relevant condition', in relation to a licence holder, means any condition of his licence: s 28(8) (amended by the Utilities Act 2000 s 95(2)(b)); definition of 'relevant condition' amended by the Gas Act 1995 s 10(1), Sch 3 para 27(5)(a)). For the meaning of 'licence' see PARA 789 note 9 ante.

5 For the purposes of the Gas Act 1986 ss 28-30F (as amended) (see the text and notes 1-4 supra, 6-25 infra; and PARA 969 et seq post), 'relevant requirement', in relation to a licence holder, means any requirement imposed on him by or under s 9(1), (1A) or (2) (as substituted and amended) (see PARA 835 ante), s 10(2), (3) or (14) (as substituted and amended) (see PARA 836 ante), s 10A(1) (as added) (see PARA 840 ante), s 11(2) (as substituted and amended) (see PARA 839 ante), s 12(1) or (6) (as substituted and amended) (see PARA 869 ante), s 16(10) (as added) (see PARA 899 ante), s 18(11) (as added) (see PARA 900 note 3 ante), s 22A(1) (as added and amended) (see PARA 843 ante), s 27A(5) or (6) (as added and amended) (see PARA 965 ante), s 33B (as added and amended) (see PARA 892 ante), s 33BA (as added) (see PARA 893 ante), s 33C (as added and amended) (see PARA 896 ante), s 33D (as added) (see PARA 894 ante), as from a day to be appointed, s 33DB (as prospectively added) (see PARA 708 ante), s 33F (as added) (see PARA 898 ante), s 41A or 41B (each as added) (see PARA 871 ante) or any provision of Sch 2B paras 3, 6, 15, 16, 20(5) (now repealed) and 28(2) (as added and amended) (see PARAS 857, 864, 867 ante) or the Utilities Act 2000 s 27(4)(b) (prospectively repealed) (see PARAS 727-728 ante) (or, as from a day to be appointed under the Consumers, Estate Agents and Redress Act 2007 s 66(2), s 25(5) (directions to comply with requirements under s 24)) or s 43, s 46 or s 47 (complaints): Gas Act 1986 s 28(8) (as amended (see note 4 supra); definition substituted by the Gas Act 1995 Sch 3 para 27(5)(b); amended by the Utilities Act 2000 ss 77(2), 108, Sch 6 Pt I paras 1, 12, Sch 8; and, as from a day to be appointed, by the Consumers, Estate Agents and Redress Act 2007 ss 25(8), 45(4), 52(1), Sch 2 para 1, Sch 5 para 1; at the date at which this title states the law, no such day had been appointed and ss 24, 25, 43, 45-47, 52, Schs 2, 5 were not in force).

6 le subject to the Gas Act 1986 s 28(2), (5) (as amended) and s 28(5A) (as added) (see the text and note 19 infra) and to s 29 (as amended) (see PARA 969 post).

7 For the purposes of ibid ss 28-30F (as amended) (see the text and notes 1-6 supra, 8-25 infra; and PARA 969 et seq post), 'final order' means an order under s 28 (as amended) other than a provisional order: s 28(8) (as amended: see note 4 supra).

8 Ibid s 28(1) (s 28(1), (2), (4) amended by the Competition and Service (Utilities) Act 1992 s 48(1), (2); the Gas Act 1995 Sch 3 para 27(1); the Gas Act 1986 s 28(1) also amended by the Utilities Act 2000 s 96(1), (2); and by virtue of s 3(2)).

9 For the purposes of the Gas Act 1986 ss 28-30F (as amended) (see the text and notes 1-8 supra, 10-25 infra; and PARA 969 et seq post), 'provisional order' means an order under s 28 (as amended) which, if not

previously confirmed under s 28(4) (as amended), will cease to have effect at the end of such period (not exceeding three months) as is determined by or under the order: s 28(8) (as amended: see note 4 supra).

10 le subject to ibid s 28(5) and (5A) (as respectively amended and added): see the text and notes 17-19 infra.

11 Ibid s 28(2) (as amended (see note 8 supra); also amended by the Utilities Act 2000 s 96(1), (3); and by virtue of s 3(2)).

12 le the effect of the Gas Act 1986 ss 28, 30 (as amended): see the text and notes 1-11 supra, 12-25 infra; and PARA 971 post.

13 Ibid s 28(3) (amended by virtue of the Utilities Act 2000 s 3(2)).

14 le subject to the Gas Act 1986 s 28(5) and (5A) (as respectively amended and added) (see the text and notes 17-19 infra) and to s 29 (as amended) (see PARAS 969-970 post).

15 For the meaning of 'modifications' see PARA 778 note 7 ante.

16 Gas Act 1986 s 28(4) (as amended (see note 8 supra); also amended by the Utilities Act 2000 s 96(1), (3); and by virtue of s 3(2)).

17 le imposed by the Gas Act 1986 s 4AA (as added and amended), s 4AB (as added) or s 4A (as substituted): see PARAS 789-791 ante.

18 Ibid s 28(5) (amended by the Gas Act 1995 Sch 3 para 27(2); the Competition Act 1998 ss 54(3), 74(3), Sch 10 para 10(5), Sch 14 Pt I; the Utilities Act 2000 ss 96(1), (4), 108, Sch 6 Pt I paras 1, 11, Sch 8; and by virtue of s 3(2)). As to proceedings under the Competition Act 1998 see COMPETITION.

19 Gas Act 1986 s 28(5A) (added by the Utilities Act 2000 s 96(1), (5)).

20 le as mentioned in ibid s 28(5), (5A) (as respectively amended and added): see the text and notes 17-19 supra. As from a day to be appointed under the Consumers, Estate Agents and Redress Act 2007 s 66(2), the Authority need be satisfied as mentioned in either the Gas Act 1986 s 28(5) (as amended) or s 28(5A) (as added): see the Consumers, Estate Agents and Redress Act 2007 s 63(1), Sch 7 paras 4, 6 (not in force).

21 Ibid s 28(6)(a) (amended by the Gas Act 1995 Sch 3 para 27(3); the Utilities Act 2000 s 96(1), (3); and by virtue of s 3(2); also amended, as from a day to be appointed (see note 20 supra) by the Consumers, Estate Agents and Redress Act 2007 Sch 7 paras 4, 6: see note 20 supra). For the meaning of 'notice' see PARA 804 note 6 ante; and as to the service of notices see PARA 980 post. The particulars of every such notice must be entered in the register kept by the Authority under the Gas Act 1986 s 36 (as amended): see PARA 794 ante.

22 Ibid s 28(6)(b) (amended by the Utilities Act 2000 s 96(1), (3); and by virtue of s 3(2)). As to publication by the Authority see PARA 793 note 5 ante.

23 Gas Act 1986 s 28(7)(a) (amended by the Gas Act 1995 Sch 3 para 27(3)).

24 Gas Act 1986 s 28(7)(b).

25 Ibid s 28(7)(c) (amended by virtue of the Utilities Act 2000 s 3(2)).

UPDATE

968 Final and provisional orders

NOTES 5, 20--Days appointed are 21 December 2007 and 1 October 2008 and provisions cited all in force: SI 2007/3546, SI 2008/2550.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(viii) Enforcement/A. ORDERS FOR SECURING COMPLIANCE WITH CERTAIN PROVISIONS/969. Procedural requirements for making final, or confirming provisional, order.

969. Procedural requirements for making final, or confirming provisional, order.

Before making a final order¹ or confirming a provisional order², the Gas and Electricity Markets Authority ('GEMA')³ must give notice⁴ stating:

- 1919 (1) that it proposes to make or confirm the order and setting out its effect; and
- 1920 (2) the relevant condition⁵ or requirement⁶, the acts or omissions which, in the Authority's opinion, constitute or would constitute contraventions⁷ of it, and the other facts which, in the Authority's opinion, justify the making or confirmation of the order⁸.

The notice must also specify the time, not being less than 21 days from the date of publication of the notice, within which representations or objections to the proposed order or confirmation of the order may be made⁹; and the Authority must consider any representations or objections which are duly made and not withdrawn¹⁰. Such a notice must be given:

- 1921 (a) by publishing it in such manner as the Authority considers appropriate for the purpose of bringing the matters to which the notice relates to the attention of persons likely to be affected by them¹¹; and
- 1922 (b) by sending a copy of the notice and a copy of the proposed order, or of the order proposed to be confirmed, to the licence holder¹².

The Authority must not make a final order, or confirm a provisional order, with modifications¹³ except:

- 1923 (i) with the consent of the licence holder; or
- 1924 (ii) after complying with the following requirements¹⁴, namely that the Authority:

161

- 242. (A) must give to the licence holder such notice as appears to the Authority requisite of its proposal to make or confirm the order with modifications;
- 243. (B) must specify the time, not being less than 21 days from the service of the notice, within which representations or objections to the proposed modifications may be made; and
- 244. (C) must consider any representations or objections which are duly made and not withdrawn¹⁵.

162

As soon as practicable after a final order is made or a provisional order is made or confirmed, the Authority must serve a copy of the order on the licence holder and must publish such a copy in such manner as the Authority considers appropriate for the purpose of bringing the order to the attention of persons likely to be affected by it¹⁶. The provisions of every such order must be entered in the register¹⁷ kept by the Authority¹⁸.

PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(viii) Enforcement/A. ORDERS FOR SECURING COMPLIANCE WITH CERTAIN PROVISIONS/970. Revocation of final or provisional order.

970. Revocation of final or provisional order.

Before revoking a final order¹ or a provisional order² which has been confirmed, the Gas and Electricity Markets Authority ('GEMA')³ must give notice⁴ stating that the Authority proposes to revoke the order and setting out its effect and specifying the time, not being less than 28 days from the date of publication of the notice, within which representations or objections to the proposed revocation may be made⁵. The Authority must consider any representations or objections which are duly made and not withdrawn⁶. Such a notice must be given by publishing it in such manner as the Authority considers appropriate for the purpose of bringing the matters to which the notice relates to the attention of persons likely to be affected by them and by sending a copy of the notice to the licence holder⁷.

The provisions of every such revocation must be entered in the register⁸ kept by the Authority⁹.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(viii) Enforcement/A. ORDERS FOR SECURING COMPLIANCE WITH CERTAIN PROVISIONS/971. Validity and effect of final and provisional orders.

971. Validity and effect of final and provisional orders.

If the licence holder¹ is aggrieved by a final² or provisional order³ and desires to question its validity⁴ on the ground that its making or confirmation was not within the statutory powers of the Gas and Electricity Markets Authority ('GEMA')⁵ or that any of the procedural requirements⁶ have not been complied with, he may make an application to the High Court⁷. The application must be made within 42 days from the date of service on the licence holder of a copy of the order⁸.

On any such application the court may quash the order or any provision of the order if satisfied that its making or confirmation was not within those powers or that the interests of the licence holder have been substantially prejudiced by a failure to comply with those requirements⁹.

The obligation to comply with a final or provisional order is a duty owed to any person who may be affected by a contravention of it¹⁰ and where a duty is so owed to any person, any breach of the duty which causes that person to sustain loss or damage is actionable at the suit or instance of that person¹¹. In any proceedings so brought against any person it is a defence for him to prove that he took all reasonable steps and exercised all due diligence to avoid contravening the order¹². Compliance with any final or provisional order is also enforceable by civil proceedings by the Authority for an injunction or any other appropriate relief¹³; but no criminal proceedings lie against any person by virtue of the making of a final order or the making or confirmation of a provisional order on the ground that he has committed, or aided, abetted, counselled or procured the commission of, or conspired or attempted to commit, or incited others to commit, any contravention of the order¹⁴.

1 For the meaning of 'licence holder' see PARA 789 note 9 ante.

2 For the meaning of 'final order' see PARA 968 note 7 ante.

3 For the meaning of 'provisional order' see PARA 968 note 9 ante.

4 Except as provided by the Gas Act 1986 s 30 (as amended) (see the text and notes 5-14 infra), the validity of a final or provisional order may not be questioned by any legal proceedings whatever: s 30(3). As to ouster clauses generally see ADMINISTRATIVE LAW vol 1(1) (2001 Reissue) PARA 21.

5 Ie within the powers of the Authority under *ibid* s 28 (as amended): see PARA 968 ante. As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

9 *Ibid* s 30(2) (substituted by the Gas Act 1995 s 10(1), Sch 3 para 29(2); amended by the Utilities Act 2000 ss 95(3), 108, Sch 8).

10 Gas Act 1986 s 30(5). For the meaning of 'contravention' see PARA 779 note 3 ante.

11 *Ibid* s 30(6).

12 Ibid s 30(7).

13 Ibid s 30(8) (amended by virtue of the Utilities Act 2000 s 3(2)). This is without prejudice to any right which any person may have by virtue of the Gas Act 1986 s 30(6) (see the text and note 11 supra) to bring civil proceedings in respect of any contravention or apprehended contravention of a final or provisional order: s 30(8).

14 Ibid s 30(4).

UPDATE

971 Validity and effect of final and provisional orders

TEXT AND NOTE 14--See further Serious Crime Act 2007 Sch 6 para 12 (references to common law offence of incitement).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(viii) Enforcement/B. PENALTIES UNDER THE GAS ACT 1986/972. Statement of policy with respect to penalties.

B. PENALTIES UNDER THE GAS ACT 1986

972. Statement of policy with respect to penalties.

The Gas and Electricity Markets Authority ('GEMA')¹ must prepare and publish a statement of policy with respect to the imposition of penalties² and the determination of their amount³. Publication under these provisions must be in such manner as the Authority considers appropriate for the purpose of bringing the matters contained in the statement of policy to the attention of persons likely to be affected by them⁴.

The Authority may revise its statement of policy and where it does so it must publish the revised statement⁵. The Authority must undertake such consultation as it considers appropriate when preparing or revising its statement of policy⁶.

In deciding whether to impose a penalty, and in determining the amount of any penalty, in respect of a contravention⁷ or failure the Authority must have regard to its statement of policy most recently published at the time when the contravention or failure occurred⁸.

1 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

2 As to the power to impose penalties see PARA 973 post.

3 Gas Act 1986 s 30B(1) (s 30B added by the Utilities Act 2000 s 95(1)).

4 Ibid s 30B(4) (as added: see note 3 supra). As to publication by the Authority see PARA 793 note 5 ante.

5 Ibid s 30B(3) (as added: see note 3 supra).

6 Ibid s 30B(5) (as added: see note 3 supra).

7 For the meaning of 'contravention' see PARA 779 note 3 ante.

8 Gas Act 1986 s 30B(2) (as added: see note 3 supra).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(viii) Enforcement/B. PENALTIES UNDER THE GAS ACT 1986/973. Power to impose penalties.

973. Power to impose penalties.

Where the Gas and Electricity Markets Authority ('GEMA')¹ is satisfied that a licence holder² has contravened³ or is contravening any relevant condition⁴ or requirement⁵, or has failed or is failing to achieve any prescribed standard of performance⁶, the Authority may, subject to the statutory time limits⁷, impose on the licence holder a penalty of such amount as is reasonable in all the circumstances of the case⁸. The Authority must not, however, impose such a penalty on a licence holder where it is satisfied that the most appropriate way of proceeding is under the Competition Act 1998⁹.

Before so imposing a penalty on a licence holder the Authority must give notice¹⁰:

- 1925 (1) stating that it proposes to impose a penalty and the amount of the penalty proposed to be imposed;
- 1926 (2) setting out the relevant condition or requirement or the standard of performance in question;
- 1927 (3) specifying the acts or omissions which, in the opinion of the Authority, constitute the contravention or failure in question and the other facts which, in the opinion of the Authority, justify the imposition of a penalty and the amount of the penalty proposed; and
- 1928 (4) specifying the period, not being less than 21 days from the date of publication of the notice, within which representations or objections with respect to the proposed penalty may be made,

and must consider any representations or objections which are duly made and not withdrawn¹¹.

Before varying any proposal stated in a notice under head (1) above, the Authority must give notice¹² setting out the proposed variation and the reasons for it and specifying the period, not being less than 21 days from the date of publication of the notice, within which representations or objections with respect to the proposed variation may be made; and must consider any representations or objections which are duly made and not withdrawn¹³.

As soon as practicable after imposing a penalty, the Authority must give notice¹⁴:

- 1929 (a) stating that it has imposed a penalty on the licence holder and its amount;
- 1930 (b) setting out the relevant condition or requirement or the standard of performance in question;
- 1931 (c) specifying the acts or omissions which, in the opinion of the Authority, constitute the contravention or failure in question and the other facts which, in the opinion of the Authority, justify the imposition of the penalty and its amount; and
- 1932 (d) specifying a date, no earlier than the end of the period of 42 days from the date of service of the notice on the licence holder, by which the penalty is required to be paid¹⁵.

The licence holder may, within 21 days of the date of service on him of a notice under heads (a) to (d) above, make an application to the Authority for it to specify different dates by which different portions of the penalty are to be paid¹⁶.

No penalty imposed by the Authority under the above provisions may exceed 10 per cent of the turnover of the licence holder, determined in accordance with provisions specified in an order made by the Secretary of State¹⁷. For these purposes, the turnover of the licence holder is the applicable turnover¹⁸ for the business year¹⁹ preceding the date of the notice²⁰ proposing the penalty²¹. Where, however, the business year preceding the date of the notice does not equal 12 months, the turnover is the amount which bears the same proportion to the applicable turnover during that business year as 12 months does to the period of that business year²². Where there is no preceding business year the turnover is the applicable turnover of the licence holder for the period of 12 months ending on the last day of the month preceding the month in which the date of the notice falls²³; and where in the application of that provision the licence holder has applicable turnover for a period of less than 12 months the turnover is the amount which bears the same proportion to the applicable turnover during the period for which he has applicable turnover as 12 months does to that period²⁴.

Any sums received by the Authority by way of penalty under the above provisions must be paid into the Consolidated Fund²⁵.

Where a penalty so imposed, or any portion of it, has not been paid by the date on which it is required to be paid, and either no application relating to the penalty has been made to the court²⁶ during the period within which such an application can be made, or such an application has been made and determined, the Authority may recover from the licence holder, as a civil debt due to the Authority, any of the penalty and any interest which has not been paid²⁷.

1 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

2 For the meaning of 'licence holder' see PARA 789 note 9 ante.

3 For the meaning of 'contravention' and cognate expressions see PARA 779 note 3 ante.

4 For the meaning of 'relevant condition' see PARA 968 note 4 ante.

5 For the meaning of 'relevant requirement' see PARA 968 note 5 ante.

6 Ie any standard of performance prescribed under the Gas Act 1986 s 33A (as added and amended) (see PARA 874 ante) or s 33AA (as added) (see PARA 875 ante). For the meaning of 'prescribed' see PARA 798 note 5 ante; and for the prescribed standards of performance see PARA 876 et seq ante.

7 Ie subject to *ibid* s 30C (as added) (time limits on the imposition of penalties). Where no final or provisional order has been made in relation to a contravention or failure, the Authority may not impose a penalty in respect of the contravention or failure later than the end of the period of 12 months from the time of the contravention or failure, unless before the end of that period (1) the notice under s 30A(3) (as added) (see heads (1)-(4) in the text) relating to the penalty is served on the licence holder under s 30A(7) (as added) (see note 10 *infra*); or (2) a notice relating to the contravention or failure is served on the licence holder under s 38(1) (as amended) (power to require information: see PARA 798 ante): s 30C(1) (ss 30A-30F added by the Utilities Act 2000 s 95(1)). Where a final or provisional order has been made in relation to a contravention or failure, the Authority may not impose a penalty in respect of the contravention or failure unless the notice relating to the penalty under s 30A(3) (as added) was served on the licence holder under s 30A(7) (as added) (a) within three months from the confirmation of the provisional order or the making of the final order; or (b) where the provisional order is not confirmed, within six months from the making of the provisional order: s 30C(2) (as so added).

8 *Ibid* s 30A(1) (as added: see note 7 *supra*). The power of the Authority under s 30A(1) (as so added) is not exercisable in respect of any contravention or failure before the commencement of the Utilities Act 2000 s 95 (ie 1 October 2001: see the Utilities Act 2000 (Commencement No 6 and Transitional Provisions) Order 2001, SI 2001/3266, art 2, Schedule): Gas Act 1986 s 30A(11) (as so added).

9 *Ibid* s 30A(2) (as added: see note 7 *supra*). As to proceedings under the Competition Act 1998 see COMPETITION.

10 Any notice required to be given under *ibid* s 30A (as added) must be given (1) by publishing the notice in such manner as the Authority considers appropriate for the purpose of bringing the matters to which the notice relates to the attention of persons likely to be affected by them; (2) by serving a copy of the notice on the licence holder; and (3) by serving a copy of the notice on the Gas and Electricity Consumer Council: s 30A(7) (as

added: see note 7 supra). For the meaning of 'notice' see PARA 804 note 6 ante; and as to service of notices see PARA 980 post. As to the establishment of the Gas and Electricity Consumer Council see PARA 716 ante; and as to the prospective abolition of the Council and the transfer of its functions to the new National Consumer Council to be established under the Consumers, Estate Agents and Redress Act 2007 see PARA 716 the text and notes 12-13 ante.

11 Ibid s 30A(3) (as added: see note 7 supra).

12 See note 10 supra.

13 Gas Act 1986 s 30A(4) (as added: see note 7 supra).

14 See note 10 supra.

15 Gas Act 1986 s 30A(5) (as added: see note 7 supra).

16 Ibid s 30A(6) (as added: see note 7 supra).

If the whole or any part of a penalty is not paid by the date by which it is required to be paid, the unpaid balance from time to time carries interest at the rate for the time being specified in the Judgments Act 1838 s 17 (as amended) (see CIVIL PROCEDURE vol 12 (2009) PARA 1149): Gas Act 1986 s 30D(1) (as added: see note 7 supra). If an application is made under s 30A(6) (as added) in relation to a penalty, the penalty is not required to be paid until the application has been determined (s 30D(2) (as so added)); and if the Authority grants such an application in relation to a penalty but any portion of the penalty is not paid by the date specified in relation to it by the Authority under s 30A(6) (as added), the Authority may where it considers it appropriate require so much of the penalty as has not already been paid to be paid immediately (s 30D(3) (as so added)).

17 Ibid s 30A(8) (as added: see note 7 supra). No such order may be made unless a draft of the instrument containing it has been laid before and approved by a resolution of each House of Parliament: s 30A(9) (as so added). As to the Secretary of State see PARA 601 note 1 ante; and as to the exercise of this power to make an order see the Electricity and Gas (Determination of Turnover for Penalties) Order 2002, SI 2002/1111; and the text and notes 18-24 infra.

18 For these purposes, 'applicable turnover' means the amounts, ascertained in conformity with normal accounting practice in Great Britain, which are (1) derived by the licence holder from the provision of goods and services falling within all the licence holder's ordinary activities (whether or not such activities are authorised by a licence); and (2) computed on an accruals basis so that the amounts referred to in head (1) supra relating to the period for which applicable turnover is being determined are taken into account, without regard to the date of invoice or receipt of payment, after deduction of trade discounts, value added tax and any other taxes based on such amounts: ibid reg 2.

19 For these purposes, 'business year' means a period of more than six months in respect of which a licence holder publishes accounts or, if no such accounts have been published for the period, prepares accounts: ibid reg 2.

20 Ie the notice under the Gas Act 1986 s 30A(3) (as added): see heads (1)-(4) in the text.

21 Electricity and Gas (Determination of Turnover for Penalties) Order 2002, SI 2002/1111, reg 3(1).

22 Ibid reg 3(2).

23 Ibid reg 3(3).

24 Ibid reg 3(4).

27 Ibid s 30F (as added: see note 7 supra).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(viii) Enforcement/B. PENALTIES UNDER THE GAS ACT 1986/974. Appeals.

974. Appeals.

If the licence holder¹ on whom a penalty is imposed² is aggrieved by:

- 1933 (1) the imposition of the penalty;
- 1934 (2) the amount of the penalty; or
- 1935 (3) the date by which the penalty is required to be paid, or the different dates by which different portions of the penalty are required to be paid,

the licence holder may make an application to the High Court under these provisions³. Such an application must be made:

- 1936 (a) within 42 days from the date of service on the licence holder of a notice stating that a penalty has been imposed⁴; or
- 1937 (b) where the application relates to a decision of the Authority on an application by the licence holder to specify different dates by which different portions of the penalty are to be paid⁵, within 42 days from the date the licence holder is notified of the decision⁶.

On any such application, where the court considers it appropriate to do so in all the circumstances of the case and is satisfied of one or more of the specified grounds⁷, the court:

- 1938 (i) may quash the penalty;
- 1939 (ii) may substitute a penalty of such lesser amount as the court considers appropriate in all the circumstances of the case; or
- 1940 (iii) in the case of an application under head (3) above, may substitute for the date or dates imposed by the Authority an alternative date or dates⁸.

The specified grounds are that:

- 1941 (A) the imposition of the penalty was not within the statutory power of the Gas and Electricity Markets Authority ('GEMA')⁹;
- 1942 (B) any of the relevant procedural requirements¹⁰ have not been complied with in relation to the imposition of the penalty and the interests of the licence holder have been substantially prejudiced by the non-compliance; or
- 1943 (C) that it was unreasonable of the Authority to require the penalty imposed, or any portion of it, to be paid by the date or dates by which it was required to be paid¹¹.

If an application is made under these provisions in relation to a penalty, the penalty is not required to be paid until the application has been determined¹². Where the court substitutes a penalty of a lesser amount it may require the payment of interest on the substituted penalty at such rate, and from such date, as it considers just and equitable¹³; and where the court specifies as a date by which the penalty, or a portion of the penalty, is to be paid a date before the determination of the application under these provisions it may require the payment of

interest on the penalty, or portion, from that date at such rate as it considers just and equitable¹⁴.

Except as so provided, the validity of a penalty may not be questioned by any legal proceedings whatever¹⁵.

- 15 Ibid s 30E(8) (as added: see note 3 supra). As to ouster clauses generally see ADMINISTRATIVE LAW vol 1(1) (2001 Reissue) PARA 21.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(5) SUPPLY AND USE OF GAS/(viii) Enforcement/C. ENFORCEMENT OF HEALTH AND SAFETY REGULATIONS ETC/975. Enforcement of relevant regulations.

C. ENFORCEMENT OF HEALTH AND SAFETY REGULATIONS ETC

975. Enforcement of relevant regulations.

The Health and Safety Executive¹ is the enforcing authority with regard to the installation, maintenance or repair of any gas system, or any work in relation to a gas fitting, carried on at any premises by persons who do not normally work in the premises². It is also the enforcing authority with regard to any activity in relation to a pipeline falling within the provisions of the Pipelines Safety Regulations 1996³. The enforcement of health and safety regulations is discussed elsewhere in this work⁴.

Enforcement authorities under the Measuring Instruments (Gas Meters) Regulations 2006⁵ and the actions which they may take have already been discussed⁶.

1 As to the Health and Safety Executive see HEALTH AND SAFETY AT WORK vol 52 (2009) PARA 361 et seq.

2 See the Health and Safety (Enforcing Authority) Regulations 1998, SI 1998/494, reg 4(4)(b), Sch 2 para 4(b). For the meaning of 'gas' for these purposes see PARA 802 ante, and for the meaning of 'gas fitting' for these purposes see PARA 861 note 1 ante (definitions applied by reg 2(1)). 'Gas system' does not include a portable or mobile appliance supplied with gas from a cylinder, or the cylinder, pipes and other fittings used for supplying gas to that appliance: reg 2(1). As to the safe installation and use of gas fittings etc see the Gas Safety (Installation and Use) Regulations 1998, SI 1998/2451 (as amended); and PARA 911 et seq ante; and as to safety cases with regard to the management of gas see the Gas Safety (Management) Regulations 1996, SI 1996/551 (as amended); and PARA 903 et seq ante.

3 See the Health and Safety (Enforcing Authority) Regulations 1998, SI 1998/494, Sch 2 para 11. As to the Pipelines Safety Regulations 1996, SI 1996/825 (as amended) see PARA 946 ante; and RAILWAYS, INLAND WATERWAYS AND CROSS-COUNTRY PIPELINES vol 39(1A) (Reissue) PARA 610 et seq.

4 See HEALTH AND SAFETY AT WORK vol 52 (2009) PARAS 370, 375 et seq. As to fees payable to the Health and Safety Executive with regard to the enforcement of gas safety regulations see the Health and Safety (Fees) Regulations 2007, SI 2007/813, regs 16, 17.

5 Ie the Measuring Instruments (Gas Meters) Regulations 2006, SI 2006/2647: see PARA 954 et seq ante.

6 See PARA 960 et seq ante.

UPDATE

975 Enforcement of relevant regulations

NOTE 4--SI 2007/813 regs 16, 17 replaced: Health and Safety (Fees) Regulations 2009, SI 2009/515, regs 15, 17.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(6) GENERAL OFFENCES; NOTICES/976. Offences relating to false statements etc.

(6) GENERAL OFFENCES; NOTICES

976. Offences relating to false statements etc.

If any person, in giving any information¹ or making any application, for the purposes of Part II of the Gas Act 1965², Part I of the Gas Act 1986³ or any regulation made thereunder, makes any statement which he knows to be false in a material particular, or recklessly makes any statement which is false in a material particular, he is guilty of an offence and liable on summary conviction to a fine not exceeding the statutory maximum or on conviction on indictment to a fine⁴. Proceedings for such an offence may not, however, be instituted except by or with the consent of the Secretary of State⁵ or the Director of Public Prosecutions⁶.

Any person who with intent to deceive:

- 1944 (1) impersonates an officer⁷ of a gas transporter⁸, gas supplier⁹ or gas shipper¹⁰ for the purpose of obtaining entry to any premises; or
- 1945 (2) for that purpose makes any statement or does any act calculated falsely to suggest that he is an officer, or an authorised officer, of such a transporter, supplier or shipper,

is guilty of an offence and liable on summary conviction to a fine not exceeding level 4 on the standard scale¹¹.

A person commits an offence if (1) in furnishing information in purported compliance with any specified directly applicable Community obligation¹² or for the purposes of the Energy Act 1976¹³ or of an order made or direction given under it, or in a notice given for any of those purposes, he makes or causes to be made on his behalf a statement which he knows to be false or which he does not believe to be true¹⁴; or (2) he has in his possession without lawful excuse a document purporting to be one issued for the purposes of that Act or of an order made or direction given under it which is not such a document but which so closely resembles it as to be calculated to deceive¹⁵. The person guilty in the case of such an offence is liable on summary conviction to imprisonment for a term of not more than three months or a fine of not more than the prescribed sum, or to both, and on conviction on indictment to imprisonment for a term of not more than two years or a fine, or to both¹⁶.

1 For the meaning of 'information' see PARA 792 note 8 ante.

2 Ie the Gas Act 1965 Pt II (ss 4-28) (as amended): see PARA 983 et seq post.

3 Ie the Gas Act 1986 Pt I (ss 4AA-48) (as amended): see PARA 789 et seq ante, PARA 977 et seq post.

4 Gas Act 1965 s 21(1) (amended by the Gas Act 1986 s 67(1), Sch 7 para 6); Gas Act 1986 s 43(1). As to the statutory maximum see PARA 689 note 2 ante; and for the meaning of 'recklessly' in the context of the criminal law see CRIMINAL LAW, EVIDENCE AND PROCEDURE vol 11(1) (2006 Reissue) PARA 11.

5 As to the Secretary of State see PARA 601 note 1 ante.

6 Gas Act 1965 s 21(2) (amended by the Gas Act 1986 Sch 7 para 6); Gas Act 1986 s 43(2).

- 7 For the meaning of 'officer' see PARA 867 note 1 ante.
- 8 For the meaning of 'gas transporter' see PARA 805 ante.
- 9 For the meaning of 'gas supplier' see PARA 807 ante.
- 10 For the meaning of 'gas shipper' see PARA 807 ante.
- 11 Gas Act 1986 s 43(1A) (added by the Gas Act 1995 Sch 3 para 51; amended by the Utilities Act 2000 s 108, Sch 6 Pt I paras 1, 2(1)). As to the standard scale see PARA 613 note 11 ante.
- 12 Is any directly applicable Community obligation specified in the Energy Act 1976 s 18(2)(c), Sch 3: see PARA 613 note 4 ante.
- 13 See PARAS 612-613 ante, PARAS 981-982 post.
- 14 See the Energy Act 1976 s 18(2)(d).
- 15 See *ibid* s 18(2)(e).
- 16 *Ibid* s 19(3) (amended by virtue of the Magistrates' Courts Act 1980 s 32(2)). As to the prescribed sum see PARA 613 note 20 ante.

UPDATE

976 Offences relating to false statements etc

NOTES--Certain functions under provisions mentioned in this paragraph are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3, see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(6) GENERAL OFFENCES; NOTICES/977. Offences against regulations.

977. Offences against regulations.

Regulations made under Part I of the Gas Act 1986¹ may provide that any person contravening them is to be guilty of an offence and liable on summary conviction to a fine not exceeding level 5 on the standard scale². Proceedings for an offence under any regulations so made may not, however, be instituted except by or with the consent of the Secretary of State³, the Gas and Electricity Markets Authority ('GEMA')⁴ or the Director of Public Prosecutions⁵. In any such proceedings against any person, it is a defence for that person to show that he was prevented from complying with the regulations by circumstances not within his control or that circumstances existed by reason of which compliance with the regulations would or might have involved danger to the public and that he took all such steps as it was reasonable for him to take both to prevent the circumstances from occurring and to prevent them from having that effect⁶.

1 le the Gas Act 1986 Pt I (ss 4AA-48) (as amended): see PARA 789 et seq ante, PARA 978 et seq post.

2 Ibid s 47(4). See further PARA 778 ante. As to the standard scale see PARA 613 note 11 ante.

3 As to the Secretary of State see PARA 601 note 1 ante.

4 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

5 Gas Act 1986 s 47(5).

6 Ibid s 47(6).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(6) GENERAL OFFENCES; NOTICES/978. Offences by bodies corporate.

978. Offences by bodies corporate.

Where a body corporate is guilty of an offence under Part I of the Gas Act 1986¹ or Part II of the Gas Act 1965² and that offence is proved to have been committed with the consent or connivance of, or to be attributable to any neglect on the part of, any director³, manager, secretary or other similar officer of the body corporate, or any person purporting to act in any such capacity, he, as well as the body corporate, is guilty of that offence and is liable to be proceeded against and punished accordingly⁴.

Similar provisions apply to an offence under the Energy Act 1976⁵.

1 le the Gas Act 1986 Pt I (ss 4AA-48) (as amended): see PARA 789 et seq ante, PARAS 979-980 post.

2 le the Gas Act 1965 Pt II (ss 4-28) (as amended): see PARA 983 et seq post.

3 Where the affairs of a body corporate are managed by its members, the Gas Act 1986 s 45(1) (see the text and note 4 infra) applies in relation to the acts or defaults of a member in connection with his functions of management as if he were a director of that body: s 45(2). See also the Gas Act 1965 s 21(3) (amended by the Gas Act 1986 s 67(1), Sch 7 para 6).

4 Gas Act 1986 s 45(1); and see the Gas Act 1965 s 21(3) (as amended: see note 3 supra).

5 See the Energy Act 1976 s 18(4), (5); and PARA 613 ante.

UPDATE

978 Offences by bodies corporate

NOTES--Certain functions under provisions mentioned in this paragraph are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3, see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(6) GENERAL OFFENCES; NOTICES/979. Extraterritorial operation of the Gas Act 1986.

979. Extraterritorial operation of the Gas Act 1986.

Where by virtue of the Gas Act 1986 an act or omission taking place outside Great Britain¹ constitutes an offence, proceedings for the offence may be taken, and the offence may for all incidental purposes be treated as having been committed, in any place in Great Britain². Provision made by or under that Act in relation to places outside Great Britain:

1946 (1) so far as it applies to individuals, applies to them whether or not they are British citizens; and

1947 (2) so far as it applies to bodies corporate, applies to them whether or not they are incorporated under the law of a part of the United Kingdom³.

1 For the meaning of 'Great Britain' see PARA 602 note 7 ante.

2 Gas Act 1986 s 64A(1) (s 64A added by the Energy Act 2004 s 153).

3 Gas Act 1986 s 64A(1) (as added: see note 2 supra). For the meaning of 'United Kingdom' see PARA 602 note 7 ante.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(6) GENERAL OFFENCES; NOTICES/980. Service of notices etc.

980. Service of notices etc.

Any notice¹ or other document required or authorised to be given, delivered or served under Part I of the Gas Act 1986² or Part II of the Gas Act 1965³ or regulations made thereunder may be given, delivered or served either:

- 1948 (1) by delivering it to the person on whom it is to be given or delivered or on whom it is to be served; or
- 1949 (2) by leaving it at his usual or last known place of abode; or
- 1950 (3) by sending it in a prepaid letter addressed to him there; or
- 1951 (4) in the case of a body corporate, by delivering it to the secretary or clerk of the body at its registered or principal office, or sending it in a prepaid letter addressed to him there; or
- 1952 (5) if it is not practicable after reasonable inquiry to ascertain the name or address of a person to whom it should be given or delivered or on whom it should be served, as being a person having any interest in premises, by addressing it to him by the description of the person having that interest in those premises (naming them) to which it relates and delivering it to some responsible person on the premises or affixing it or a copy of it to some conspicuous part of the premises⁴.

Without prejudice to heads (1) to (5) above, where:

- 1953 (a) a gas supplier⁵ divides the premises specified in his licence⁶ into such areas as he thinks fit and
 - 163 245. (i) in the case of each area, fixes offices of his which are to be appropriate offices in relation to notices relating to matters arising in that area;
 - 246. (ii) publishes in each area, in such manner as he considers adequate, the addresses of the offices fixed by him for that area; and
 - 247. (iii) indorses on every demand note for gas charges payable to him the addresses of the offices fixed for the area in question⁷; or
- 164 1954 (b) a gas transporter⁸ divides any authorised area⁹ of his into such areas as he thinks fit and
 - 165 248. (i) in the case of each area, fixes offices of his which are to be appropriate offices in relation to notices relating to matters arising in that area; and
 - 249. (ii) publishes in each area, in such manner as he considers adequate, the addresses of the offices fixed by him for that area¹⁰;
- 166

any notice to be given to or served on the transporter or supplier under:

- 1955 (A) any condition of his licence;
- 1956 (B) any provision of the gas code¹¹; or

1957 (c) in the case of a transporter, the statutory duty to connect certain premises¹²,

may be given or served by delivering it at, or sending it in a prepaid letter to, an appropriate office of the transporter or supplier¹³.

1 For the meaning of 'notice' see PARA 804 note 6 ante.

2 Ie the Gas Act 1986 Pt I (ss 4AA-48) (as amended): see PARA 789 et seq ante.

3 Ie the Gas Act 1965 Pt II (ss 4-28) (as amended): see PARA 983 et seq post.

4 Gas Act 1986 s 46(1) (amended by the Gas Act 1995 ss 10(1), 17(5), Sch 3 para 52(1), Sch 6); Gas Act 1965 s 22(1) (amended by the Gas Act 1986 s 67(1), Sch 7 para 6(1), (21)).

5 For the meaning of 'gas supplier' see PARA 807 ante.

6 For these purposes, references to premises specified in a licence include references to premises of a description, or situated in an area, so specified: Gas Act 1986 s 46(5) (s 46(2)-(3) substituted, and s 46(4)-(5) added, by the Gas Act 1995 s 10(1), Sch 3 para 52(2)). For the meaning of 'licence' see PARA 789 note 9 ante.

7 See the Gas Act 1986 s 46(4) (as added: see note 6 supra).

8 For the meaning of 'gas transporter' see PARA 805 ante.

9 For the meaning of 'authorised area' see PARA 805 note 3 ante.

10 See the Gas Act 1986 s 46(3) (as added (see note 6 supra); amended by the Utilities Act 2000 s 108, Sch 6 Pt I paras 1, 2(1), 18).

11 Ie any provision of the Gas Act 1986 Sch 2B (as added and amended): see PARA 857 et seq ante.

12 Ie ibid s 10 (as substituted and amended): see PARAS 836-838 ante.

13 Ibid s 46(2) (as added (see note 6 supra); amended by the Utilities Act 2000 s 108, Sch 6 Pt I paras 1, 2(1)).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(7) LIQUEFACTION AND DISPOSAL OF NATURAL GAS/981. Liquefaction of offshore natural gas.

(7) LIQUEFACTION AND DISPOSAL OF NATURAL GAS

981. Liquefaction of offshore natural gas.

The Secretary of State's¹ consent is needed for offshore natural gas² to be subjected in Great Britain³ to any process of liquefaction which results in the production of liquid methane or ethane, except where:

- 1958 (1) methane or ethane is liquefied for the purpose of enabling it to be stored;
- 1959 (2) the process of liquefaction is carried out by a gas transporter⁴; or
- 1960 (3) small quantities of liquid methane or ethane are produced⁵ in the course of a gas processing operation⁶.

Such consent may be given either with reference to particular cases⁷ or by means of orders of general application⁸. Such consent may also be made subject to conditions which may, in particular, be framed by reference to the description or origin of the gas⁹.

Criminal proceedings do not lie in respect of contraventions of, or failure to comply with, any of these provisions or any condition of a consent so given by the Secretary of State; but this is without prejudice to other methods of obtaining compliance with statutory obligations¹⁰.

1 As to the Secretary of State see PARA 601 note 1 ante.

2 For the meaning of 'natural gas' see PARA 603 note 3 ante. 'Offshore natural gas' means natural gas won under the authority of licences granted under the Petroleum Act 1998 Pt I (ss 1-9) (see PARA 1626 et seq post) by virtue of s 3(2)(b) (see PARA 1639 post), but does not include gas derived from offshore crude otherwise than as a by-product of crude stabilisation; 'offshore crude' means crude liquid petroleum won under such authority; and 'crude stabilisation' means the treating of offshore crude to enable it to be safely stored or transported: Energy Act 1976 s 9(6) (s 9 substituted by the Oil and Gas (Enterprise) Act 1982 s 37(1), Sch 3 para 37(1); the Energy Act 1976 s 9(6) amended by the Petroleum Act 1998 s 50, Sch 4 para 12).

3 For the meaning of 'Great Britain' see PARA 602 note 7 ante.

4 I.e. a gas transporter within the meaning of the Gas Act 1986 Pt I (ss 4AA-48) (as amended): see PARA 789 et seq ante. For the meaning of 'gas transporter' see PARA 805 ante.

5 I.e. produced in the course of a gas processing operation within the meaning of the Gas Act 1995 s 12 (as amended): see PARA 834 ante.

6 Energy Act 1976 s 9(1) (as substituted (see note 2 supra); amended by the Gas Act 1995 s 16(1), Sch 4 para 11(1); and by virtue of the Utilities Act 2000 s 76(7)).

7 Such a specific consent is irrevocable and may be given for a specified period or indefinitely: Energy Act 1976 s 9(3) (as substituted: see note 2 supra).

8 Ibid s 9(2) (as substituted: see note 2 supra). Where such a general consent has been given, any person who proposes to undertake a relevant process of liquefaction may notify the Secretary of State of his proposal, whereupon a specific consent is deemed to be provided for an unlimited period or for the period specified in the order: s 9(3), (4) (as substituted: see note 2 supra). At the date at which this title states the law, no such orders had been made.

9 Ibid s 9(5) (as substituted: see note 2 supra).

10 Ibid s 18(3) (amended by the Oil and Gas (Enterprise) Act 1982 s 37(2), Sch 4; and by the Gas Act 1986 s 67(4), Sch 9 Pt I).

UPDATE

981-982 Liquefaction and Disposal of Natural Gas

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(7) LIQUEFACTION AND DISPOSAL OF NATURAL GAS/982. Disposal of natural gas by flaring or release.

982. Disposal of natural gas by flaring or release.

The Secretary of State's¹ consent is required for natural gas² to be disposed of, whether at source or elsewhere, by releasing it unignited into the atmosphere or, save in certain cases³, by flaring⁴. The consent may be given either with reference to particular cases or by means of orders of general application⁵, and may in any case be made subject to conditions⁶.

Consent to the flaring of gas is not required if:

- 1961 (1) it is permitted under the terms of a United Kingdom production licence⁷;
- 1962 (2) it is necessary in connection with the start-up or shut-down of manufacturing plant⁸;
- 1963 (3) it is necessary in the interests of the safety of any such plant⁹; or
- 1964 (4) it is necessary in order to comply with a requirement imposed by or under any enactment¹⁰.

The Secretary of State's consent is required for the flaring of refinery tail gas produced in refining crude liquid petroleum if the refining is for the sole purpose of enabling it to be safely stored or transported, but not otherwise¹¹.

Criminal proceedings do not lie in respect of contraventions of, or failure to comply with, any of these provisions or any condition of a consent so given by the Secretary of State; but this is without prejudice to other methods of obtaining compliance with statutory obligations¹².

1 As to the Secretary of State see PARA 601 note 1 ante.

2 The Energy Act 1976 s 12 (as amended) (see the text and notes 3-11 infra) applies to all natural gas of the United Kingdom, whether obtained there or in territorial waters or in areas designated under the Continental Shelf Act 1964, except gas conveyed through pipes to premises by a gas transporter within the meaning of the Gas Act 1986 Pt I (ss 4AA-48) (as amended) (see PARA 789 et seq ante): Energy Act 1976 s 12(2) (amended by the Gas Act 1986 s 67(1), Sch 7 para 26(2); the Gas Act 1995 s 16(1), Sch 4 para 11(2); and by virtue of the Utilities Act 2000 s 76(7)). As to the territorial sea of the United Kingdom see WATER AND WATERWAYS vol 100 (2009) PARA 31 note 3. For the meaning of 'natural gas' see PARA 603 note 3 ante; and for the meaning of 'United Kingdom' see PARA 602 note 7 ante. For the meaning of 'gas transporter' see PARA 805 ante; and for the meaning of references to the conveyance of gas through pipes to premises see PARA 803 note 4 ante.

3 See the Energy Act 1976 s 12(3); and the text and notes 8-11 infra.

4 Ibid s 12(1).

5 Ibid s 12(5)(a). At the date at which this title states the law, no such order had been made.

6 Ibid s 12(5)(b). The conditions may in particular be framed by reference to the description or origin of the gas or to the quantities of gas to be disposed of: s 12(5)(b).

7 Ibid s 12(3)(a). As to production licences see PARA 1639 et seq post.

8 Ibid s 12(3)(c). 'Manufacturing plant' means plant used for any of the activities referred to in any of the minimum list headings in Orders III-XIX (inclusive) of the Standard Industrial Classification: Energy Act 1976 s 12(4). 'Standard Industrial Classification' means the revised edition published by HM Stationery Office in 1968 of the publication of that name prepared by the Central Statistical Office of the Chancellor of the Exchequer: Energy Act 1976 s 21 (definition substituted by the Co-operative Development Agency and Industrial

Development Act 1984 s 5(2), Sch 1 Pt II; amended by the Transfer of Functions (Economic Statistics) Order 1989, SI 1989/992, art 6(4), Sch 2 para 2(b)).

9 Energy Act 1976 s 12(3)(d).

10 Ibid s 12(3)(e). For the meaning of 'enactment' see PARA 606 note 6 ante.

11 See ibid s 12(3)(b).

12 Ibid s 18(3) (amended by the Oil and Gas (Enterprise) Act 1982 s 37(2), Sch 4; and by the Gas Act 1986 s 67(4), Sch 9 Pt I).

UPDATE

981-982 Liquefaction and Disposal of Natural Gas

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(i) Storage Authorisation Orders/A. FORM AND EFFECT OF ORDERS/983. Nature and form of storage authorisation orders.

(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS

(i) Storage Authorisation Orders

A. FORM AND EFFECT OF ORDERS

983. Nature and form of storage authorisation orders.

The Secretary of State¹ may by order (a 'storage authorisation order') authorise the storage by a gas transporter² in natural porous strata underground of such kinds of gas³ as are in his opinion suitable for such storage⁴, and the transporter may not develop or use any such strata for gas storage except in accordance with such an order⁵. In forming an opinion as to the suitability of gas for such storage the Secretary of State must have regard to the safety of the public and the need to protect water resources⁶, and both he and the transporter, at all stages in the formulation of proposals for such an order and in their consideration, must have regard to those factors⁷ and also to the desirability of preserving natural beauty, conserving flora, fauna and geological or physiographical features of special interest, protecting buildings and other objects of architectural or historic interest, and must take into account any effect which the proposals might have on those matters⁸.

A storage authorisation order must specify the nature of the gas authorised to be stored⁹. It must specify by reference to a large-scale map attached to it and drawn on a scale not less than 1 in 10,560¹⁰ the extent and location of the stratum within which gas is to be stored and the surface perimeter of the area within which it may be stored¹¹. It must also specify by reference to a similar map the perimeter of any protective area¹² to be created by the order and specify, for the whole of the storage and protective areas, the depth or depths below which the Secretary of State may exercise control over excavation, mining, quarrying and boring operations¹³. The order must state the name of the gas transporter in whose favour it is made¹⁴.

A storage authorisation order is a local land charge¹⁵.

Land in which there is a Crown or Duchy interest¹⁶ may be included in a storage or protective area with the consent of the appropriate authority¹⁷ for that land¹⁸.

A storage authorisation order does not authorise a gas transporter to disregard any enactment or rule of law or exonerate a gas transporter from any indictment, claim or other proceedings for any nuisance caused by it¹⁹.

In so far as the bringing into use or operation of an underground gas storage in accordance with a storage authorisation order constitutes development of land²⁰, that development is to be deemed²¹ to have been authorised by the Secretary of State in making the order²².

1 The Gas Act 1965 originally referred to the Minister of Power: see s 32(2). As to the subsequent transfer of that minister's functions, and their exercise by the Secretary of State for Business, Enterprise and Regulatory Reform (formerly the Secretary of State for Trade and Industry), see PARA 601 ante. In this part of this title, the words 'the minister' in the Gas Act 1965 have been replaced throughout by the words 'the Secretary of State'.

2 The Gas Act 1965 s 4 originally referred to gas authorities. The Gas Act 1965 is now amended throughout by virtue of the Utilities Act 2000 s 76(7) to refer to gas transporters. As to gas transporters see PARA 805 ante.

3 This includes natural gas: Gas Act 1965 s 4(1). 'Natural gas' means any gas derived from natural strata, including gas originating outside the United Kingdom: *ibid* s 28(1). For the meaning of 'United Kingdom' see PARA 602 note 7 ante.

4 *Ibid* s 4(1) (as amended: see note 2 supra), s 28(1). 'Underground gas storage' means a storage of gas in a stratum below the surface of the ground in accordance with a storage authorisation order or, if the context so requires, the stratum where gas is so stored: s 28(1).

5 *Ibid* s 4(2) (as amended: see note 2 supra).

6 *Ibid* s 4(1) (as amended: see note 2 supra). For these purposes, unless the context otherwise requires, 'danger' means danger of bodily harm or injury or danger to property, and 'safe' and 'safety' are to be construed accordingly: s 28(1).

7 *Ibid* s 4(3) (as amended: see note 2 supra).

8 *Ibid* s 4(4) (as amended: see note 2 supra).

9 *Ibid* s 4(8), Sch 2 para 1(1)(c). Such provision may be varied by a further order made in accordance with the provisions of Sch 2 paras 15, 16 (as amended): s 4(8); and see PARA 994 post.

10 *Ie* a 'large scale map' (*ibid* s 28(1)) (definition substituted by the Gas Act 1986 Sch 7 para 6(24), Sch 9 Pt I).

11 Gas Act 1965 Sch 2 para 1(1)(b). The area within the specified surface perimeter is called the 'storage area' (Sch 2 para 1(2)) and includes all land and strata at all depths below the surface of the ground in the area (s 28(2)).

12 'Protective area' means the area created for the purposes of *ibid* s 5 (as amended) (see PARA 995 post) and includes all land and strata at all depths below the surface of the ground in the area (s 28(2)).

13 *Ibid* Sch 2 para 2; and see s 5 (as amended); and PARA 995 post.

14 *Ibid* Sch 2 para 1(1)(a) (as amended: see note 2 supra).

15 *Ibid* s 5(10) (substituted by the Local Land Charges Act 1975 s 17(2), Sch 1). For the purposes of the Local Land Charges Act 1975, the gas transporter concerned is treated as the originating authority as respects any matter which is a local land charge by virtue of the Gas Act 1965 Pt II (ss 4-28) (as amended): s 27(1) (substituted by the Local Land Charges Act 1975 Sch 1; amended by the Gas Act 1986 s 67(1), Sch 7 para 6(23); and by virtue of the Utilities Act 2000 s 76(7)).

16 'Crown or Duchy interest' means an interest belonging to Her Majesty in right of the Crown or of the Duchy of Lancaster, or belonging to the Duchy of Cornwall or a government department or held in trust for Her Majesty for the purposes of a government department: Gas Act 1965 s 25(3).

17 'Appropriate authority' in relation to land belonging (1) to Her Majesty in right of the Crown and forming part of the Crown estate, means the Crown Estate Commissioners and, in relation to any other land belonging to Her Majesty in right of the Crown, the government department having the management of that land (*ibid* s 25(3)(a)); (2) to Her Majesty in right of the Duchy of Lancaster, means the Chancellor of the Duchy of Lancaster (s 25(3)(b)); (3) to the Duchy of Cornwall, means the person appointed by the Duke of Cornwall or the possessor for the time being of the Duchy of Cornwall (s 25(3)(c)); and (4) to a government department or held in trust for Her Majesty for the purposes of a government department, means that department (s 25(3)(d)). Any question as to what authority is the appropriate authority in relation to any land must be referred to the Treasury, whose decision is final: s 25(3). As to the Treasury see CONSTITUTIONAL LAW AND HUMAN RIGHTS vol 8(2) (Reissue) PARAS 512-517.

18 *Ibid* s 25(1).

19 *Ibid* s 4(2) (as amended (see note 2 supra); also amended by the Gas Act 1986 Sch 7 para 6(4), Sch 9).

20 *Ie* for the purposes of the Town and Country Planning Act 1990: see TOWN AND COUNTRY PLANNING vol 46(1) (Reissue) PARA 217 et seq.

21 *Ie* for the purposes of *ibid* s 90 (as amended): see TOWN AND COUNTRY PLANNING vol 46(1) (Reissue) PARA 238.

22 Gas Act 1965 s 4(6)(b) (amended by the Planning (Consequential Provisions) Act 1990 s 4, Sch 2 para 12(1)(a), (b)).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(i) Storage Authorisation Orders/B. PROCEDURE/(A) Making the Application/984. Preliminary submission of proposals.

B. PROCEDURE

(A) MAKING THE APPLICATION

984. Preliminary submission of proposals.

Before applying formally for a storage authorisation order¹, the applicant must submit written proposals to the Secretary of State², which must include the name and address of the applicant³ and must:

- 1965 (1) specify, by reference to a large-scale map⁴, the perimeter of the storage area⁵ and of any protective area⁶;
- 1966 (2) state the depth or depths below which it is proposed that the Secretary of State is to exercise control over workings and borings in the various parts of those areas⁷;
- 1967 (3) state the nature and volume of the gas proposed to be stored and the depths and nature of the stratum in which it is to be stored and of the strata contiguous to it⁸;
- 1968 (4) include information as to the proposed method of operating the storage, including the methods of injecting and withdrawing gas⁹; and
- 1969 (5) state what exploratory work has been carried out to prove the proposed storage and the results obtained from the work¹⁰.

The Secretary of State may require the applicant to furnish further written information concerning its proposals¹¹.

The applicant must publish in two successive weeks in the London Gazette and in one or more local newspapers circulating in the locality of the storage area a notice of the submission of its proposals, setting out prescribed details of them, and naming a place in the locality where copies of the proposals and of the accompanying map can be inspected¹².

The applicant must also serve a notice containing the same particulars and such further information as the Secretary of State may direct¹³ on:

- 1970 (a) every local planning authority¹⁴ and every local authority¹⁵ which is not a local planning authority within whose area any part of the storage area or protective area lies¹⁶;
- 1971 (b) all statutory water undertakers¹⁷ within whose area any part of those areas lies or who are holders of a statutory licence to abstract water¹⁸ within either of those areas¹⁹;
- 1972 (c) the Environment Agency²⁰; and
- 1973 (d) such other bodies or individuals as the Secretary of State may direct²¹.

After taking the proposals into consideration, the Secretary of State may either (i) allow the applicant to proceed with the proposals in a formal application, with or without any modifications specified by him; or (ii) refuse to allow the applicant to proceed²². Any such

modifications to the application must not vary the storage area so as to include any area not included in it in the applicant's submitted proposals²³. The Secretary of State must inform the applicant of his decision and if he refuses to allow the applicant to proceed with the proposals he must upon the applicant's written request furnish a written statement of the reasons for his decision²⁴.

1 le in accordance with the Gas Act 1965 s 4(8), Sch 2 para 6 (as amended): see PARA 985 post. As to storage authorisation orders see PARA 983 ante.

2 Ibid Sch 2 para 3(1) (Sch 2 amended throughout by the Gas Act 1986 s 67(1), Sch 7 para 6(26) to substitute 'the applicant', meaning, by virtue of the Utilities Act 2000 s 76(7), the gas transporter applying for a storage authorisation order under the Gas Act 1965 s 4 (as amended), for the British Gas Corporation). As to the Secretary of State see PARAS 601 note 1, 983 note 1 ante; and as to gas transporters see PARAS 805, 983 note 2 ante.

3 Ibid Sch 2 para 3(2) (as amended: see note 2 supra).

4 As to the scale see PARA 983 the text to note 10 ante.

5 For the meaning of 'storage area' see PARA 983 note 11 ante.

6 Gas Act 1965 Sch 2 para 3(2)(a). For the meaning of 'protective area' see PARA 983 note 12 ante.

7 Ibid Sch 2 para 3(2)(b); and see PARA 995 post.

8 Ibid Sch 2 para 3(2)(c).

9 Ibid Sch 2 para 3(2)(d).

10 Ibid Sch 2 para 3(2)(e).

11 Ibid Sch 2 para 3(3) (as amended: see note 2 supra).

12 Ibid s 28(1), Sch 2 para 4(1) (as amended: see note 2 supra). The prescribed details are a description of the surface areas of the storage and protective areas, and a statement of the nature and volume of gas proposed to be stored and of the minimum depth below the surface of the ground of the stratum in which it is to be stored: Sch 2 para 4(1).

13 Ibid Sch 2 para 4(2) (as amended: see note 2 supra). As to service of notices see PARA 980 ante.

14 'Local planning authority' has the meaning assigned to it by the Town and Country Planning Act 1990 s 336(1) (see TOWN AND COUNTRY PLANNING vol 46(1) (Reissue) PARA 28 et seq): Gas Act 1965 s 28(1) (amended by the Planning (Consequential Provisions) Act 1990 s 4, Sch 2 para 12(2)).

15 'Local authority' means, in England, the council of a county or district, the council of a London borough and the Common Council of the City of London, and in Wales, the council of a county or county borough: Gas Act 1965 s 28(1) (amended by the Local Authorities etc (Miscellaneous Provision) (No 2) Order 1974, SI 1974/595, art 3(12); and by the Local Government (Wales) Act 1994 s 66(6), (8), Sch 16 para 25, Sch 18).

16 Gas Act 1965 Sch 2 para 4(2)(a) (amended by the Water Act 1989 s 190(1), Sch 25 para 32(6)).

17 'Statutory water undertakers' means any water undertaker: Gas Act 1965 s 28(1) (definition substituted by the Water Act 1989 s 190(1), Sch 15 para 32(5)(b)). As to water undertakers see WATER AND WATERWAYS vol 100 (2009) PARAS 134 et seq; 318 et seq.

18 'Statutory licence to abstract water' means a licence under the Water Resources Act 1991 Pt II Ch II (ss 24-72) (as amended) (see WATER AND WATERWAYS vol 100 (2009) PARA 214 et seq): Gas Act 1965 s 28(1); Interpretation Act 1978 s 17(2)(a).

19 Gas Act 1965 Sch 2 para 4(2)(b) (amended by the Water Act 1989 s 190(1), Sch 25 para 32(6)).

20 Gas Act 1965 Sch 2 para 4(2)(bb) (added by the Water Act 1989 Sch 25 para 32(6); amended by the Environment Act 1995 (Consequential Amendments) Regulations 1996, SI 1996/593, reg 2, Sch 1). As to the Environment Agency see ENVIRONMENTAL QUALITY AND PUBLIC HEALTH vol 45 (2010) PARA 68 et seq.

21 Gas Act 1965 Sch 2 para 4(2)(c).

22 Ibid Sch 2 para 5(1) (as amended: see note 2 supra).

23 Ibid Sch 2 para 5(2) (as amended: see note 2 supra).

24 Ibid Sch 2 para 5(3) (as amended: see note 2 supra).

UPDATE

984 Preliminary submission of proposals

NOTES--Certain functions under provisions mentioned in this paragraph are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3, see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(i) Storage Authorisation Orders/B. PROCEDURE/(A) Making the Application/985. Formal application for storage authorisation order.

985. Formal application for storage authorisation order.

After consideration of the informal proposals made to him¹ the Secretary of State may allow the applicant to make a formal application to him in writing for a storage authorisation order². There must be included in the application:

- 1974 (1) a specification of the surface works, boreholes and pipes associated with the storage and any limits of deviation that may be required in their construction³;
- 1975 (2) a large-scale map⁴, showing the perimeters of the storage area⁵ and of any protective area⁶ and the intended positions of surface works, boreholes and pipes so far as they are known, and any limits of deviation that may be required in siting them⁷;
- 1976 (3) sufficient particulars of any additional surface works which will be or are likely to be required but the position of which cannot be determined at the time when the application is made⁸;
- 1977 (4) a statement of the depth or depths below which the Secretary of State's control over workings and borings is to have effect in various parts of the storage and protective areas⁹; and
- 1978 (5) particulars of the nature and volume of the gas which it is proposed to store and of the depth and nature of the stratum in which it is to be stored and of the strata contiguous to it¹⁰.

The Secretary of State may require the applicant to furnish further written information concerning his application¹¹.

The application may also contain a request for the Secretary of State to include in the order an approval¹² of the surface works, boreholes or pipes, or any of them, associated with the storage the intended positions of which are shown in the accompanying map¹³. The effect of such an approval is that the carrying out or construction of the approved works, boreholes or pipes is deemed to have any planning permission required¹⁴.

At the time of making the application the applicant must inform the Secretary of State of the extent to which it has been, or expects to be, able to acquire by negotiation the land and rights which it must possess in order to develop and operate the underground gas storage¹⁵. If, after consultation with the applicant, the Secretary of State is satisfied that a compulsory purchase order¹⁶ will be required to put the applicant into possession of any such land or right, he may give notice to the applicant¹⁷ that he will not proceed with the application until the applicant has made the necessary order and applied to him for his confirmation and that he will then proceed concurrently with respect to both the application and the confirmation of the compulsory purchase order¹⁸. The Secretary of State need not then proceed with the application except as provided in the notice, and he may at any stage decline to proceed with the application if the compulsory purchase order is withdrawn or cannot be proceeded with¹⁹.

¹ As to the proposals and the Secretary of State's decision see PARA 984 ante. As to the Secretary of State see PARAS 601 note 1, 983 note 1 ante.

2 Gas Act 1965 s 4(8), Sch 2 para 5(1) (Sch 2 amended throughout by the Gas Act 1986 s 67(1), Sch 7 para 6(26) to substitute 'the applicant', meaning, by virtue of the Utilities Act 2000 s 76(7), the gas transporter applying for a storage authorisation order under the Gas Act 1965 s 4 (as amended), for the British Gas Corporation). The application may proceed with or without any modifications specified by the Secretary of State: Sch 2 para 5(1) (as so amended). As to modifications see PARA 984 ante.

3 Ibid Sch 2 para 6(1)(a).

4 For the meaning of 'large-scale map' see PARA 983 the text and note 10 ante.

5 For the meaning of 'storage area' see PARA 983 note 11 ante.

6 For the meaning of 'protective area' see PARA 983 note 12 ante.

8 Ibid Sch 2 para 6(1)(c).

9 Ibid Sch 2 para 6(1)(d). As to these controlled operations see PARA 995 post.

10 Ibid Sch 2 para 6(1)(e).

11 Ibid Sch 2 para 6(2) (as amended: see note 2 supra).

12 Ie for the purposes of ibid s 4(6) (as amended): see PARA 983 ante.

13 Ibid Sch 2 para 13(1).

14 See ibid s 4(6)(a) (amended by the Planning (Consequential Provisions) Act 1990 s 4, Sch 2 para 12(1)). See also TOWN AND COUNTRY PLANNING vol 46(1) (Reissue) PARA 341. 'Planning permission' means permission under the Town and Country Planning Act 1990 Pt III (ss 55-106B) (as amended), other than ss 88, 89 (as amended) (see TOWN AND COUNTRY PLANNING vol 46(1) (Reissue) PARA 217 et seq): Gas Act 1965 s 28(1) (definition amended by the Planning (Consequential Provisions) Act 1990 s 4, Sch 2 para 12(2)(b)).

15 Gas Act 1965 Sch 2 para 9(1) (as amended: see note 2 supra). As to the acquisition of land see PARAS 997-1000 post.

16 'Compulsory purchase order' means an order confirmed under the Acquisition of Land Act 1981 (see COMPULSORY ACQUISITION OF LAND vol 18 (2009) PARA 501 et seq): Gas Act 1965 s 28(1); Interpretation Act 1978 s 17(2)(a).

17 Where the Secretary of State gives such notice to the applicant, he must also give a like notice to every person on whom notice of the application was served under the Gas Act 1965 Sch 2 para 7(3) (as amended: see PARA 986 post) and who has duly made an objection which has not been withdrawn: Sch 2 para 9(3) (as amended: see note 2 supra).

18 Ibid Sch 2 para 9(2) (as amended: see note 2 supra).

19 Ibid Sch 2 para 9(4) (as amended: see note 2 supra).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(i) Storage Authorisation Orders/B. PROCEDURE/(A) Making the Application/986. Publication of applications.

986. Publication of applications.

The applicant must publish in two successive weeks in the London Gazette and in one or more local newspapers circulating in the locality of the storage area¹ a notice of its application for a storage authorisation order², setting out prescribed details³ of the application and naming a place in the locality where copies of the application and its accompanying map can be inspected⁴. The notice must also state the time within which objections to it may be made to the Secretary of State, which must be not less than 28 days from the date of first publication of the notice⁵, and it must require any person so objecting to state the grounds of his objections⁶.

A notice containing the same particulars must be served on the same bodies on whom the transporter was required to serve notice of the preliminary submission of its proposals⁷, as well as on every highway authority, not being a local authority, responsible for any part of a highway within the storage or protective areas⁸, and on every owner⁹, lessee and occupier of any land within either of those areas¹⁰. The notice must state that those persons may make representations to the Secretary of State within 28 days of service of the notice¹¹ and require them, if objecting to the application, to state their grounds of objection¹².

The applicant must inform the Secretary of State of the dates on which these notices are published or served¹³, and before making the storage authorisation order the Secretary of State must take reasonable steps to satisfy himself that all the proper notices have been so published or served¹⁴.

1 For the meaning of 'storage area' see PARA 983 note 11 ante.

2 For the meaning of 'storage authorisation order' see PARA 983 note 4 ante.

3 The prescribed details are a description of the surface areas of the storage and protective areas, and a statement of the nature and volume of the gas to be stored and of the minimum depth below the surface of the ground of the stratum in which it is to be stored: Gas Act 1965 s 4(8), Sch 2 para 7(1). For the meaning of 'protective area' see PARA 983 note 12 ante.

4 Ibid s 28(1), Sch 2 para 7(1) (Sch 2 amended throughout by the Gas Act 1986 s 67(1), Sch 7 para 6(26) to substitute 'the applicant', meaning, by virtue of the Utilities Act 2000 s 76(7), the gas transporter applying for a storage authorisation order under the Gas Act 1965 s 4 (as amended), for the British Gas Corporation). As to the application see PARA 985 ante. If the application contains a request for the Secretary of State's approval to any surface works, boreholes or pipes for planning permission purposes, the notice must state that the request has been made in the application: Sch 2 para 13(1) (as so amended); and see s 4(6)(a) (as amended); para 985 the text and note 14 ante; and TOWN AND COUNTRY PLANNING vol 46(1) (Reissue) PARA 341. For the meaning of 'planning permission' see PARA 985 note 14 ante; for the meaning of 'gas transporter' see PARA 805 ante; and as to the Secretary of State see PARAS 601 note 1, 983 note 1 ante.

5 Ibid Sch 2 para 7(2).

6 Ibid Sch 2 para 7(5).

7 See ibid Sch 2 para 7(3)(a), (b), (bb), (e) (amended by the Water Act 1989 s 190(1), Sch 25 para 32(6); and the Environment Act 1995 (Consequential Amendments) Regulations 1996, SI 1996/593, reg 2, Sch 1); and see the Gas Act 1965 Sch 2 para 4(2) (as amended); and PARA 984 the text and notes 14-20 ante.

8 Ibid Sch 2 para 7(3)(c). As to highway authorities see HIGHWAYS, STREETS AND BRIDGES vol 21 (2004 Reissue) PARA 49 et seq.

9 'Owner' means a person, other than a mortgagee not in possession, for the time being entitled to dispose of the fee simple of land, whether in possession or reversion: *ibid* s 28(1). In the case of land belonging to an ecclesiastical benefice of the Church of England, or being or forming part of a church subject to the jurisdiction of the bishop of any diocese of the Church of England or the site of such a church, or being or forming part of a burial ground subject to such jurisdiction, the notice is to be served on the Church Commissioners: s 26(1), (5). Where the fee simple of any such land is in abeyance it must be treated as vesting in the Church Commissioners and the notice must be served accordingly: s 26(4) (amended by the Gas Act 1986 Sch 7 para 6(3)). As to service of notices generally see PARA 980 *ante*.

10 Gas Act 1965 Sch 2 para 7(3)(d). Service is not required on lessees or occupiers who are tenants for a month or any period less than a month: Sch 2 para 7(3)(d).

11 *Ibid* Sch 2 para 7(3) (as amended: see note 4 *supra*).

12 *Ibid* Sch 2 para 7(5).

13 *Ibid* Sch 2 para 7(4) (as amended: see note 4 *supra*).

14 *Ibid* Sch 2 para 10(2).

UPDATE

986 Publication of applications

NOTES--Certain functions under provisions mentioned in this paragraph are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3, see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(i) Storage Authorisation Orders/B. PROCEDURE/(B) Objections and Inquiries/987. In general.

(B) OBJECTIONS AND INQUIRIES

987. In general.

If the Secretary of State thinks fit, he may hold a public local inquiry¹ into any application for a storage authorisation order²; and he must hold such an inquiry if an objection to the application is duly made by a person on whom notice of the application was required to be served³, unless the objection is withdrawn⁴, or if in the Secretary of State's opinion it is either trivial or frivolous⁵ or it relates exclusively to matters which can be dealt with by the Lands Tribunal⁶ on a claim for compensation⁷. If such an objector disclaims in writing the right to a public local inquiry and requests an opportunity of appearing before and being heard by a person appointed by the Secretary of State for that purpose, the Secretary of State may, instead of holding an inquiry into that objection, afford to the objector the opportunity requested⁸. If the objector avails himself of it, the Secretary of State must afford to the applicant, and any other person to whom he may deem it expedient to offer it, an opportunity of being heard on the same occasion⁹.

1 'Public local inquiry' means an inquiry under the Gas Act 1972 s 46 (repealed by the Gas Act 1986 s 67(4), Sch 9 Pt I but saved for the purposes of the Gas Act 1965 by the Gas Act 1986 s 67(3), Sch 8 para 15): Gas Act 1965 s 4(8), Sch 2 para 8(5). The Gas Act 1972 s 46 (as so saved) applies as if any reference therein included a reference to the Gas Act 1965 Pt II (ss 4-28) (as amended) (see PARA 983 et seq ante, 992 et seq post), and the provisions of the Gas Act 1972 s 46 apply to any public local inquiry held by the Secretary of State in pursuance of the Gas Act 1965 Pt II (as amended), other than an inquiry under s 17(2), Sch 5 (see PARA 1024 post): Gas Act 1965 s 22(2) (amended by the Gas Act 1986 s 67(1), Sch 7 para 6). As to the Secretary of State see PARAS 601 note 1, 983 note 1 ante.

The Local Government Act 1972 s 250(2)-(5) (as amended) (see LOCAL GOVERNMENT vol 69 (2009) PARA 105) applies to such an inquiry and has effect as if the expression 'department' included the Secretary of State; but no local authority may be ordered to pay costs under s 250(4) (as amended) unless it is a party to the inquiry: Gas Act 1972 s 46(1); Local Government Act 1972 s 272(1), (2); Interpretation Act 1978 s 17(2)(a).

2 Gas Act 1965 Sch 2 para 8(1) (amended by the Gas Act 1972 s 49(1), Sch 6 para 14(12)). As to the procedure of the inquiry see the Gas (Underground Storage) (Inquiries Procedure) Rules 1966, SI 1966/1375; and PARA 988 et seq post. For the meaning of 'storage authorisation order' see PARA 983 note 4 ante.

3 Ie under the Gas Act 1965 Sch 2 para 7(3) (as amended): see PARA 986 ante.

4 See *ibid* Sch 2 para 8(1) (as amended: see note 2 supra).

5 *Ibid* Sch 2 para 8(2)(b).

6 As to the Lands Tribunal generally see COMPULSORY ACQUISITION OF LAND vol 18 (2009) PARA 720 et seq.

7 Gas Act 1965 Sch 2 para 8(2)(b), (3).

8 *Ibid* Sch 2 para 8(2)(a).

9 *Ibid* Sch 2 para 8(4) (Sch 2 amended throughout by the Gas Act 1986 s 67(1), Sch 7 para 6(26) to substitute 'the applicant', meaning, by virtue of the Utilities Act 2000 s 76(7), the gas transporter applying for a storage authorisation order under the Gas Act 1965 s 4 (as amended), for the British Gas Corporation). For the meaning of 'gas transporter' see PARA 805 ante.

UPDATE

987 In general

NOTES--Certain functions under provisions mentioned in this paragraph are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3, see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

TEXT AND NOTE 7--Reference to the Lands Tribunal is now to the Upper Tribunal: Gas Act 1965 Sch 2 para 8(3) (amended by SI 2009/1307).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(i) Storage Authorisation Orders/B. PROCEDURE/(B) Objections and Inquiries/988. Procedure before the inquiry.

988. Procedure before the inquiry.

As soon as may be, the Secretary of State¹ must notify the applicant² of the substance of each objection received by him from a statutory objector³ and must, so far as practicable, also notify the applicant of the substance of other objections⁴. A date, time and place for the holding of the inquiry must be fixed⁵. These may be varied by the Secretary of State, who must give not less than 42 days' notice in writing of them to the applicant and to every statutory objector at the address which he has furnished⁶.

Unless it has already done so, the applicant must serve on each statutory objector a written statement of the submissions it proposes to make at the inquiry and must supply a copy of the statement to the Secretary of State⁷. The statement must be accompanied by a list of any documents⁸ which the applicant intends to refer to or put in evidence at the inquiry, together with a notice stating the times and places at which the documents may be inspected by any statutory objector⁹.

Where a government department has expressed in writing a view to the applicant in support of the application and the applicant proposes to rely on that expression of view in its submissions at the inquiry, it must include it in the statement of submissions and must send a copy of the statement to the government department concerned¹⁰.

1 As to the Secretary of State see PARAS 601 note 1, 983 note 1 ante.

2 The 'applicant' means the gas transporter making the application: Gas (Underground Storage) (Inquiries Procedure) Rules 1966, SI 1966/1375, r 3(3) (amended by virtue of the Gas Act 1986 s 67(1), Sch 7 para 6(26); the Gas Act 1995 (Consequential Modifications of Subordinate Legislation) Order 1996, SI 1996/252, art 2, Schedule; and the Utilities Act 2000 s 76(7)). Notices or documents required or authorised to be served or sent under the provisions of the Gas (Underground Storage) (Inquiries Procedure) Rules 1966, SI 1966/1375, may be sent by post: r 12. For the meaning of 'gas transporter' see PARA 805 ante.

3 'Statutory objector' means any person who, being entitled to be served with a notice of the application, has duly objected to it in accordance with the Gas Act 1965 s 4(8), Sch 2 para 7 (as amended) (see PARA 986 ante): Gas (Underground Storage) (Inquiries Procedure) Rules 1966, SI 1966/1375, r 3(3); Interpretation Act 1978 s 17(2).

4 Gas (Underground Storage) (Inquiries Procedure) Rules 1966, SI 1966/1375, r 4(1).

5 Ibid r 4(2). The Secretary of State may require the applicant (1) to publish in one or more newspapers circulating in the locality or localities in which the storage and protective areas are, such notices of the inquiry as he may direct; (2) to serve notice of the inquiry in such form and on such persons or classes of persons as he may specify; and (3) to give such other notices of the inquiry as he may direct: r 4(3). 'Inquiry' means a public local inquiry to which the Gas (Underground Storage) (Inquiries Procedure) Rules 1966, SI 1966/1375, apply: r 3(3). For the meanings of 'storage area' and 'protective area' see PARA 983 notes 11-12 ante.

6 Ibid r 4(2). With the consent in writing of the statutory objectors and of the applicant, the Secretary of State may give such lesser period of notice as may be agreed with the statutory objectors and the applicant and in that event he may specify a date for service of the statement referred to in r 5(1) (see the text and note 7 infra) later than the date there prescribed: r 4(2) proviso (i). Where it becomes necessary or advisable to vary the time or place fixed for the inquiry, the Secretary of State must give such notice of the variation as may appear to him to be reasonable in the circumstances: r 4(2) proviso (ii).

7 Ibid r 5(1). The statement must be served as soon as may be after receiving notification of the substance of the objections and in any event, except where the Secretary of State specifies a later date under r 4(2) proviso (i) (see note 6 supra), not later than 28 days before the date of the inquiry: r 5(1).

8 Ie including maps and plans: ibid r 5(3).

9 Ibid r 5(3). The applicant must afford every statutory objector and any other person interested a reasonable opportunity to inspect and, where practicable, take copies of the documents (r 5(3), (4)); and any other person interested must be afforded the like opportunity with respect to the statement (see r 5(4)).

10 Ibid r 5(2). As to representatives of government departments at the inquiry see PARA 989 post.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(i) Storage Authorisation Orders/B. PROCEDURE/(B) Objections and Inquiries/989. Appearances at the inquiry.

989. Appearances at the inquiry.

The applicant¹, statutory objectors² and any persons on whom the Secretary of State has required notice to be served³ are entitled to appear at the inquiry⁴ and any other person may appear at the discretion of the appointed person⁵. Where there are two or more persons having a similar interest in the matter under inquiry, the appointed person may allow one or more persons to appear for the benefit of some or all persons so interested⁶.

Where a government department has expressed in writing to the applicant a view in support of the application and the applicant has set out such a view in its statement⁷, any statutory objector may apply in writing to the Secretary of State, not later than 14 days before the date of the inquiry, for a representative of that department to be made available at the inquiry⁸. Any such application must be transmitted to the government department concerned, who must make a representative available to attend the inquiry⁹. At the inquiry, the representative must state the reasons for the view expressed by his department and may give evidence and is subject to cross-examination to the same extent as other witnesses¹⁰. The appointed person must, however, disallow any questions which in his opinion are directed to the merits of government policy¹¹.

1 For the meaning of 'applicant' see PARA 988 note 2 ante.

2 For the meaning of 'statutory objector' see PARA 988 note 3 ante.

3 *Ie* under the Gas (Underground Storage) (Inquiries Procedure) Rules 1966, SI 1966/1375, r 4(3)(b): see PARA 988 note 5 ante.

4 *Ibid* r 6(1). For the meaning of 'inquiry' see PARA 988 note 5 ante.

5 *Ibid* r 6(2). 'Appointed person' means the person appointed by the Secretary of State to hold the inquiry: r 3(3). As to the Secretary of State see PARAS 601 note 1, 983 note 1 ante.

6 *Ibid* r 6(4). A body corporate may appear by its clerk or secretary or by any other officer appointed for the purpose by that body, or by counsel or solicitor; and any other person may appear on his own behalf or be represented by counsel, solicitor or any other person: r 6(3).

7 *Ie* the statement referred to in *ibid* r 5(1): see PARA 988 ante.

8 *Ibid* r 7(1).

9 See *ibid* r 7(2).

10 *Ibid* r 7(3).

11 *Ibid* r 7(3) proviso.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(i) Storage Authorisation Orders/B. PROCEDURE/(B) Objections and Inquiries/990. Procedure at the inquiry; site inspections.

990. Procedure at the inquiry; site inspections.

The procedure at the inquiry¹ is in general² such as the appointed person³ determines in his discretion⁴. Unless in any particular case the appointed person with the consent of the applicant⁵ otherwise determines, the applicant begins and has the right of final reply; and the other persons entitled or permitted to appear are heard in such order as the appointed person determines⁶.

The applicant and the statutory objectors⁷ are entitled to call evidence and cross-examine persons giving evidence, but any other person appearing at the inquiry may do so only to the extent permitted by the appointed person⁸. The appointed person may not require or permit the giving or production of any evidence, whether written or oral, which would be contrary to the public interest⁹. He may allow the applicant to alter or add to the submissions contained in its statement¹⁰ or to any accompanying list of documents, so far as may be necessary for the purpose of determining the questions in controversy between the parties, but must give every statutory objector an adequate opportunity of considering any fresh submission or document¹¹.

If any person entitled to appear at the inquiry fails to do so, the appointed person may proceed with the inquiry at his discretion¹². He is entitled to take into account any written representations or statement received by him before the inquiry from any person, subject to disclosure of them at the inquiry¹³. He may from time to time adjourn the inquiry¹⁴.

The appointed person may make unaccompanied inspections of the storage¹⁵ and protective areas¹⁶ before or during the inquiry without giving notice of his intention to the persons entitled to appear at the inquiry¹⁷ and he may, and if so requested by the applicant or any statutory objector before or during the inquiry must, inspect those areas or any part of them after the close of the inquiry after announcing during the inquiry the date and time at which he proposes to do so¹⁸. The applicant and the statutory objectors are entitled to accompany the appointed person on any inspection after the close of the inquiry; but the appointed person is not bound to defer his inspection if any person entitled to accompany him is not present at the time appointed¹⁹.

1 For the meaning of 'inquiry' see PARA 988 note 5 ante.

2 Ie except as otherwise provided by the Gas (Underground Storage) (Inquiries Procedure) Rules 1966, SI 1966/1375: see the text and notes 3-19 infra; and PARAS 988-989 ante, PARA 991 post.

3 For the meaning of 'appointed person' see PARA 989 note 5 ante.

4 Gas (Underground Storage) (Inquiries Procedure) Rules 1966, SI 1966/1375, r 8(1).

5 For the meaning of 'applicant' see PARA 988 note 2 ante.

6 Gas (Underground Storage) (Inquiries Procedure) Rules 1966, SI 1966/1375, r 8(2).

7 For the meaning of 'statutory objector' see PARA 988 note 3 ante.

8 Gas (Underground Storage) (Inquiries Procedure) Rules 1966, SI 1966/1375, r 8(3).

9 Ibid r 8(4). Otherwise, and without prejudice to r 7(3) (see PARA 989 ante), any evidence may be admitted at the discretion of the appointed person, who may direct that documents tendered in evidence may be inspected by any person entitled or permitted to appear at the inquiry and that facilities be afforded him to take or obtain copies of them: r 8(4). As to persons entitled or permitted to appear see PARA 989 ante.

10 Ie under ibid r 5(1): see PARA 988 ante.

11 Ibid r 8(5). If necessary, this may be done by adjourning the inquiry; and the appointed person may make a recommendation in his report as to the payment of any additional cost occasioned by such an adjournment: r 8(5). As to the appointed person's report see PARA 991 post.

12 Ibid r 8(6).

13 Ibid r 8(7).

14 Ibid r 8(8). If the date, time and place of the adjourned inquiry are announced before the adjournment, no further notice is required: r 8(8).

15 For the meaning of 'storage area' see PARA 983 note 11 ante.

16 For the meaning of 'protective area' see PARA 983 note 12 ante.

17 Gas (Underground Storage) (Inquiries Procedure) Rules 1966, SI 1966/1375, r 9(1).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(i) Storage Authorisation Orders/B. PROCEDURE/(B) Objections and Inquiries/991. Procedure after the inquiry.

991. Procedure after the inquiry.

The appointed person¹ must after the close of the inquiry² make a report in writing to the Secretary of State³ including his findings of fact and his recommendations, if any, or his reason for not making any recommendations⁴. Where the Secretary of State differs from the appointed person on a finding of fact, or takes into consideration after the close of the inquiry any new evidence⁵ or any new issue of fact⁶ which was not raised at the inquiry, and by reason of it is disposed to disagree with a recommendation made by the appointed person, he must not come to a decision which is at variance with any such recommendation without first notifying the applicant and any statutory objector⁷ who appeared at the inquiry of his disagreement and the reasons for it and affording them an opportunity of making written representations or, if he has taken into consideration any new evidence or issue of fact, of asking for the reopening of the inquiry, in either case within 21 days⁸.

The Secretary of State may in any case cause the inquiry to be reopened if he thinks fit, and must reopen it if asked to do so in accordance with the above provisions⁹.

1 For the meaning of 'appointed person' see PARA 989 note 5 ante.

2 For the meaning of 'inquiry' see PARA 988 note 5 ante.

3 As to the Secretary of State see PARAS 601 note 1, 983 note 1 ante.

4 Gas (Underground Storage) (Inquiries Procedure) Rules 1966, SI 1966/1375, r 10(1).

5 I.e. including expert opinion on a matter of fact: *ibid* r 10(2)(b). For these purposes, 'new evidence' includes any fact, information or statement of opinion on a matter of fact which was taken into consideration by the Secretary of State for the purposes of his decision upon the proposals submitted to him by the applicant in accordance with the Gas Act 1965 s 4(8), Sch 2 para 3 (as amended) (see PARA 984 ante) and which was not disclosed at the inquiry in such a way as to give any person appearing at the inquiry an opportunity of dealing with it by way of cross-examination or otherwise: Gas (Underground Storage) (Inquiries Procedure) Rules 1966, SI 1966/1375, r 10(4). For the meaning of 'applicant' see PARA 988 note 2 ante.

6 I.e. not being a matter of government policy: *ibid* r 10(2)(b).

7 For the meaning of 'statutory objector' see PARA 988 note 3 ante.

8 Gas (Underground Storage) (Inquiries Procedure) Rules 1966, SI 1966/1375, r 10(2).

9 *Ibid* r 10(3). If the inquiry is reopened, r 4(2), (3) (see PARA 988 ante) applies as it applied to the original inquiry, with the substitution in r 4(2) of '28' for '42': r 10(3). As to notification of the Secretary of State's decision see PARA 992 note 4 post.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(i) Storage Authorisation Orders/B. PROCEDURE/(C) Making the Order/992. Making of storage authorisation order.

(C) MAKING THE ORDER

992. Making of storage authorisation order.

After the period for making objections to an application for a storage authorisation order has expired¹, the Secretary of State² must consider the application together with the report of any public local inquiry or hearing of objections³ and must determine whether to refuse the application or to make an order⁴. He may make the order either in accordance with the terms of the application or with modifications, but he may not modify it so as to include in the storage area⁵ any land which was not included in it in the application⁶. Further, he may not modify it by including in the protective area⁷ any land which was not included in either the storage or protective area unless and until a statutory procedure similar to that following on the initial application has been carried out⁸.

If any authority or statutory water undertaker on which notice of the application for the order ought to have been served⁹ has objected to the order and the objection has not been withdrawn, the Secretary of State, having made the order, must serve on that authority or undertaker a notice that the order has been made, and the order must be so framed that it will not have effect earlier than 28 days after the service of that notice¹⁰. If the order includes in the protective area any land which was not included in the application for the order in either the storage or protective area and any authority or undertaker on which notice of the relevant modification of the application has been served¹¹ has made an objection to the modification which has not been withdrawn, the Secretary of State must serve on that authority or undertaker a notice that the order has been made, and the order must be so framed that it will not have effect earlier than 28 days after the service of that notice¹².

If any such authority or undertaker on which a notice of the making of the order has been served gives written notice to the Secretary of State objecting to the order, within 28 days after service of the notice, and the objection is not withdrawn, the order is subject to special parliamentary procedure¹³.

As soon as practicable after the order has been made, the applicant must publish in the London Gazette and in one or more local newspapers circulating in the locality of the storage area a notice stating that the order has been made and describing the land to which it relates¹⁴. The applicant must serve a similar notice on every person on whom it was required to serve notice of its application for the order¹⁵ and must deposit with every local authority within the area of which any part of the storage or protective area lies a copy of the order and its accompanying map, which must be preserved in an office of each authority and made available for inspection by the public at all reasonable times free of charge¹⁶.

So far as matters affecting its validity and the date on which it comes into operation are concerned, a storage order has effect, with the necessary modifications, as if it were a compulsory purchase order¹⁷.

The Secretary of State may include in the order approval of any or all the works for which his approval was asked in the application¹⁸, and may do so subject to any limits of deviation specified in the order¹⁹.

- 1 As to the period see PARA 986 the text to note 5 ante.
- 2 As to the Secretary of State see PARAS 601 note 1, 983 note 1 ante.
- 3 As to inquiries and objections see PARA 987 et seq ante.
- 4 Gas Act 1965 s 4(8), Sch 2 para 10(1). He must notify his decision, and his reasons for it, in writing to the applicant, the statutory objectors and any person who appeared at the inquiry and has asked to be notified of the decision; and where a copy of the appointed person's report is not sent with the notification of the decision, the notification must be accompanied by a summary of that person's conclusion and recommendations: Gas (Underground Storage) (Inquiries Procedure) Rules 1966, SI 1966/1375, r 11(1). If any person entitled to be notified of the decision has not received a copy of the appointed person's report, he must be supplied with a copy of it on written application made to the Secretary of State within 28 days from the date of his decision: r 11(2). For these purposes, 'report' does not include documents, photographs or plans appended to the report: r 11(3). For the meaning of 'applicant' see PARA 988 note 2 ante; for the meaning of 'statutory objector' see PARA 988 note 3 ante; for the meaning of 'inquiry' see PARA 988 note 5 ante; and for the meaning of 'appointed person' see PARA 989 note 5 ante. As to the procedure before making the order see PARA 986 et seq ante.
- 5 For the meaning of 'storage area' see PARA 983 note 11 ante.
- 6 Gas Act 1965 Sch 2 para 10(3).
- 7 For the meaning of 'protective area' see PARA 983 note 12 ante.
- 8 See the Gas Act 1965 Sch 2 paras 10(3), 12 (Sch 2 para 12 (as amended)). The procedure includes service of notices on local planning authorities, local authorities which are not local planning authorities, the Environment Agency and other highway authorities and water undertakers concerned in the additional land (see PARA 984 ante at (a)-(d) in the text), and on owners, lessees and occupiers (other than tenants for a month or less) of any part of the additional land: see Sch 2 para 12(1) (amended by the Water Act 1989 s 190(1), Sch 25 para 32(6); and by the Environment Act 1995 (Consequential Amendments) Regulations 1996, SI 1996/593, reg 2, Sch 1). The procedure also includes time for making objections and public local inquiries and hearings of objections: see the Gas Act 1965 Sch 2 para 12(2)-(5), (8) (Sch 2 para 12(8) amended by the Gas Act 1986 s 67(1), Sch 7 para 6(26)). The detailed procedure set out in the Gas (Underground Storage) (Inquiries Procedure) Rules 1966, SI 1966/1375 (see PARAS 988-991 ante), applies to inquiries held under the Gas Act 1965 Sch 2 para 12 (as amended) with minor consequential modifications: see the Gas (Underground Storage) (Inquiries Procedure) Rules 1966, SI 1966/1375, r 13; the Interpretation Act 1978 s 17(2). As to service on the Church Commissioners as owners of certain land see PARA 986 note 9 ante. For the meanings of 'local planning authority' and 'local authority' see PARA 984 notes 14-15 ante; for the meaning of 'statutory water undertaker' see PARA 984 note 17 ante; for the meaning of 'owner' see PARA 986 note 9 ante; and as to the Environment Agency see ENVIRONMENTAL QUALITY AND PUBLIC HEALTH vol 45 (2010) PARA 68 et seq. UPDATE

992 Making of storage authorisation order

NOTES--Certain functions under provisions mentioned in this paragraph are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3, see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

NOTE 8--Gas Act 1965 Sch 2 para 12(4) amended: SI 2009/1307.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(i) Storage Authorisation Orders/C. ORDERS NOT SUBJECT TO NORMAL STATUTORY PROCEDURE./993. Orders transferring functions between gas transporters.

C. ORDERS NOT SUBJECT TO NORMAL STATUTORY PROCEDURE.

993. Orders transferring functions between gas transporters.

The normal statutory procedure¹ does not apply to an order which varies a storage authorisation order² and the sole purpose of which is the transfer of the benefit of, or functions under, the storage authorisation order from one gas transporter³ to another, or to make any other change in the gas transporters having the benefit of, or exercising functions under, the order⁴.

The gas transporter in whose favour any such order is made must, within three weeks of the date when responsibility for the underground gas storage⁵ to which the order relates is transferred in pursuance of the order, serve notice of the transfer (1) on the Secretary of State⁶; (2) on every local planning authority⁷ and other local authority⁸ within whose area any part of the storage area⁹ or of the protective area¹⁰ lies; (3) on all relevant statutory water undertakers¹¹; and (4) on every owner¹², lessee and occupier of any land within the storage or protective areas, except tenants for a month or for any period less than a month¹³.

1 In the Gas Act 1965 s 4(8), Sch 2 Pt II (paras 3-13) (as amended): see PARA 984 et seq ante.

2 For the meaning of 'storage authorisation order' see PARA 983 note 4 ante.

3 For the meaning of 'gas transporter' see PARAS 805, 983 note 2 ante.

4 Gas Act 1965 Sch 2 para 14(1) (amended by the Gas Act 1986 s 67(1), Sch 7 para 6(1), (26); and by virtue of the Utilities Act 2000 s 76(7)).

5 For the meaning of 'underground gas storage' see PARA 983 note 4 ante.

6 As to the Secretary of State see PARAS 601 note 1, 983 note 1 ante.

7 For the meaning of 'local planning authority' see PARA 984 note 14 ante.

8 For the meaning of 'local authority' see PARA 984 note 15 ante.

9 For the meaning of 'storage area' see PARA 983 note 11 ante.

10 For the meaning of 'protective area' see PARA 983 note 12 ante.

11 In all statutory water undertakers within whose area any part of the storage area or of the protective area lies, or who are the holders of a statutory licence to abstract water within either of those areas: Gas Act 1965 Sch 2 para 14(2)(c). Schedule 2 para 14(2)(c) refers to the 'limits of supply' of such undertakers rather than to their 'area' but it is apprehended that, by analogy with Sch 2 paras 4(2), 7(3), 12(1) and 16(2) (all amended by the Water Act 1989 s 190(1), Sch 25 para 32(6)) (see PARAS 984, 986, 992 ante, PARA 994 post), the reference should be to an 'area'. For the meanings of 'statutory water undertaker' and 'statutory licence to abstract water' see PARA 984 notes 17-18 ante.

12 For the meaning of 'owner', and as to service on the Church Commissioners as owners of certain land, see PARA 986 note 9 ante.

13 Gas Act 1965 Sch 2 para 14(2) (as amended: see note 4 supra). Schedule 2 para 14(2) (as so amended) also requires the service of notice on 'every river authority' but it is apprehended that, by analogy with Sch 2 paras 4(2), 7(3), 12(1) and 16(2) (all as amended) (see PARA 984 et seq ante, PARA 994 post), the reference should be to service on the Environment Agency. As to the Environment Agency see ENVIRONMENTAL QUALITY AND PUBLIC HEALTH vol 45 (2010) PARA 68 et seq. As to service of notices generally see PARA 980 ante.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(i) Storage Authorisation Orders/C. ORDERS NOT SUBJECT TO NORMAL STATUTORY PROCEDURE./994. Variation of the nature of gas stored.

994. Variation of the nature of gas stored.

The normal statutory procedure¹ does not apply to an order which varies a storage authorisation order² and the sole purpose of which is to vary the provisions of the storage authorisation order as to the nature of the gas which may be stored in the gas storage area³. If any such order is an order the effect of which is to authorise the storage of gas of a nature which would not otherwise be authorised, the following procedure is prescribed for making the order⁴.

The gas transporter⁵ may apply to the Secretary of State⁶ to make the order after serving notice of its application on (1) every local planning authority⁷ and local authority⁸ which is not a local planning authority within whose area any part of the storage area or of the protective area⁹ lies; (2) all statutory water undertakers¹⁰ within whose area any part of the storage or protective area lies or who are holders of a statutory licence to abstract water¹¹ within either of those areas; (3) the Environment Agency¹²; and (4) every owner¹³, lessee and occupier of any land within either of those areas, except tenants for a month or any period less than a month¹⁴. The notice must state that those persons may make representations to the Secretary of State within 28 days of service of the notice¹⁵, and the applicant must inform the Secretary of State of the dates of service of such notices¹⁶.

The Secretary of State must consider the application and all representations made with respect to it within the specified period and if he thinks fit, and is satisfied that the proper notices have been served, he may make the order¹⁷. The gas transporter must then serve a copy of the order on every person on whom notice of the application is so required to be served¹⁸.

UPDATE

994 Variation of the nature of gas stored

NOTES--Certain functions under provisions mentioned in this paragraph are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3, see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(ii) Controlled Operations/995. Excavation and other operations.

(ii) Controlled Operations

995. Excavation and other operations.

No person other than the gas transporter¹ authorised to operate the underground gas storage² may carry out any controlled operations³ in a storage area⁴ or, if a storage authorisation order so provides as respects any area outside the storage area, that area ('the protective area'⁵), without the Secretary of State's consent⁶. This control does not, however, apply to operations which are neither begun nor continued after the coming into force of the storage authorisation order⁷; and at any time after the making of an order requiring an underground gas storage to be taken out of operation⁸, if he considers that it is safe to do so, the Secretary of State may direct that operations in the storage and protective areas are to cease to be controlled by him on and after the date specified in the direction⁹.

An application for the Secretary of State's consent to the carrying out of controlled operations must state (1) the name and address of the applicant; (2) the extent, purpose and nature of the proposed operations and the methods proposed to be employed; and (3) the location and depth of every proposed borehole, shaft, excavation, quarry or other working¹⁰.

The applicant must serve a copy of his application on the gas transporter to whom the storage authorisation order applies and must inform the Secretary of State of the date on which he has done so¹¹. If within 28 days of that date the gas transporter informs the Secretary of State that it objects to any of the applicant's proposals, the Secretary of State must afford to the applicant and to the gas transporter an opportunity of being heard before a person appointed by him and he must afford them a similar opportunity if he proposes to refuse his consent or to attach conditions to it¹².

The Secretary of State must consider the application and the report of any such hearing, and may either refuse the application or consent to it with or without any conditions¹³. Once he has given his consent, with or without conditions, he may at any time revoke it, or may impose conditions or further conditions, or vary or revoke any conditions previously imposed, but before doing any of those things he must afford to the gas transporter and any person then interested in the land¹⁴ an opportunity of being heard before a person appointed by him¹⁵. Additionally, at any time after the making of an order requiring an underground gas storage to be taken out of operation, and if he considers it safe to do so, the Secretary of State may direct that any conditions on the carrying out of operations for which his consent was required are to cease to have effect on the date specified in the direction¹⁶.

Any conditions attached to the Secretary of State's consent under these provisions and, save in so far as it revokes any conditions, any further decision taken by him¹⁷ are local land charges¹⁸.

1 For the meaning of 'gas transporter' see PARAS 805, 983 note 2 ante.

2 For the meaning of 'underground gas storage' see PARA 983 note 4 ante.

3 'Controlled operations' means any description of excavation, mining, quarrying or boring operations carried out wholly or partly below the depth prescribed by the storage authorisation order (which may be a different depth for different parts) and begun or continued after the order comes into force: Gas Act 1965 ss 5(1), 28(1). For the meaning of 'storage authorisation order' see PARA 983 note 4 ante.

4 For the meaning of 'storage area' see PARA 983 note 11 ante.

5 For the meaning of 'protective area' see further PARA 983 note 12 ante.

6 Gas Act 1965 s 5(1), (2) (s 5(2), (4), (5), (8), (9), (11), (12) amended by virtue of the Utilities Act 2000 s 76(7)). Failure to obtain the consent or comply with any conditions imposed on a consent being given constitutes an offence: see the Gas Act 1965 s 5(13) (as amended); and PARA 1028 post. In the case of land in which there is a Crown or Duchy interest and which has been included in a storage or protective area with the consent of the appropriate authority for that land (see PARA 983 note 17 ante), the appropriate authority may not carry out operations of the kind described without the Secretary of State's approval, and no government department may carry out any such operations in any land in a storage or protective area except with his approval (s 25(2)); but s 5 (as amended) does not bind the Crown (s 25(2)). As to the Secretary of State see PARAS 601 note 1, 983 note 1 ante.

7 Ibid s 5(1).

8 Ie an order made under ibid s 18 (as amended): see PARA 1026 post.

9 Ibid s 18(7)(a). As to the meaning of 'safe' see PARA 983 note 6 ante.

10 Ibid s 5(3). Neither this procedure nor anything which follows from it applies to a person who requires the Secretary of State's approval to the carrying out of operations as opposed to his consent: see note 6 supra. The gas transporter must pay the applicant's expenses reasonably incurred in the preparation of plans and on similar matters in connection with the application, including reasonable costs incurred in employing an engineer, surveyor, land agent, solicitor (including a body corporate recognised by the council of the Law Society under the Administration of Justice Act 1985 s 9 (as amended)) or other person in an advisory capacity: Gas Act 1965 s 5(9) (as amended (see note 6 supra); modified by the Solicitors' Incorporated Practices Order 1991, SI 1991/2684, arts 2-5, Sch 1).

11 Gas Act 1965 s 5(4) (as amended: see note 6 supra).

12 Ibid s 5(5) (as amended: see note 6 supra).

13 Ibid s 5(6).

14 The Secretary of State's consent to controlled operations enures for the benefit of the land and of all persons from time to time interested in it: ibid s 5(7).

15 Ibid s 5(8) (as amended: see note 6 supra). If the applicant has applied for the Secretary of State's decision on any such matter, the gas transporter must pay his expenses reasonably incurred in connection with that application: see note 10 supra.

16 Ibid s 18(7)(b); and see note 6 supra.

17 Ie under ibid s 5(8) (as amended): see the text to note 15 supra.

18 Ibid s 5(10) (substituted by the Local Land Charges Act 1975 s 17(2), Sch 1). See further PARA 983 note 15 ante.

UPDATE

995 Excavation and other operations

NOTE 10--SI 1991/2684 renamed the Solicitors' Recognised Bodies Order 1991: SI 2009/500. Sch 1991/2684 art 3 amended: SI 2009/500.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(ii) Controlled Operations/996. Remedial works.

996. Remedial works.

If a gas transporter¹ applies to a magistrates' court² and satisfies the court (1) that any controlled operations³ have been carried out without the Secretary of State's consent⁴ or there has been a failure to comply with any conditions subject to which that consent was granted; and (2) that the remedial works specified in its application⁵ ought to be carried out in the interests of safety⁶, or to safeguard property, preserve water resources or prevent the suspension or continued suspension of the operations of an underground gas storage⁷, the court may make an order authorising the gas transporter to execute those works in such manner as the transporter thinks fit⁸.

Any person having an interest in the land in which the controlled operations have been carried out is entitled to appear and be heard on the gas transporter's application to the court, and the court may not entertain the application unless it is satisfied that that transporter has taken reasonable steps to give notice of it to all such persons who are known to the transporter⁹.

If an order is made, the gas transporter has conferred upon it by statute all such rights as are necessary to enable it to execute the order, as against all persons interested in the land in which the authorised works are to be carried out and against all persons interested in any other land to which entry is required for the purpose of obtaining access to the land in which those works are to be carried out¹⁰, but, except in a case of emergency, the gas transporter may not demand admission as of right to any such land which is occupied unless 24 hours' notice of the intended entry has been given to the occupier¹¹. Where a gas transporter, in exercising the rights so conferred on it, causes any damage to land or chattels, it is liable to pay compensation in respect of that damage to any person interested in the land or chattels¹². Any expenses reasonably incurred by the gas transporter in executing the court's order authorising remedial works (excluding any such compensation paid by that transporter) may be recovered by the transporter from the person who carried out the controlled operations or failed to comply with any conditions subject to which the Secretary of State's consent was granted¹³.

1 For the meaning of 'gas transporter' see PARAS 805, 983 note 2 ante.

2 The application must be made by way of complaint: Gas Act 1965 s 6(7).

3 For the meaning of 'controlled operations' see PARA 995 note 3 ante.

4 As to the requirement of consent see PARA 995 ante; and as to the Secretary of State see PARAS 601 note 1, 983 note 1 ante.

5 These may consist of the filling in of an excavation, well, borehole or shaft made or sunk without the necessary consent or in breach of a condition attached to such a consent, or the taking of any other steps to make good the default: Gas Act 1965 s 6(1).

6 As to the meaning of 'safety' see PARA 983 note 6 ante.

7 For the meaning of 'underground gas storage' see PARA 983 note 4 ante.

8 Gas Act 1965 s 6(1) (s 6(1)-(5) amended by virtue of the Utilities Act 2000 s 76(7); the Gas Act 1965 s 6(1) amended by the Gas Act 1986 s 67(1), Sch 7 para 6(1), (6)).

9 Gas Act 1965 s 6(2) (as amended (see note 8 supra); also amended by the Gas Act 1986 Sch 7 para 6(1), (7)). As to service on the Church Commissioners as owners of certain land see PARA 986 note 9 ante.

10 Gas Act 1965 s 6(3) (as amended (see note 8 supra); also amended by the Gas Act 1986 Sch 7 para 6(1), (8)).

11 Gas Act 1965 s 6(4) (as amended (see note 8 supra); also amended by the Gas Act 1986 Sch 7 para 6(1), (9)). Any person wilfully obstructing a person acting under the authority of such an order is guilty of an offence: see the Gas Act 1965 s 6(6) (as amended); and PARA 1028 post.

12 Ibid s 6(4) (as amended: see notes 8, 11 supra). As to compensation see further PARA 1020 post.

13 Ibid s 6(5) (as amended: see note 8 supra).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(iii) Acquisition of Land and Rights over Land/A. AGREEMENTS/997. Acquisition of land by agreement.

(iii) Acquisition of Land and Rights over Land

A. AGREEMENTS

997. Acquisition of land by agreement.

Where by any deed or instrument in which it is certified by a gas transporter¹ that the instrument is made in connection with the acquisition of rights to store gas in an underground gas storage², any person having an interest in land grants or agrees to grant to the gas transporter a right to store gas in an underground gas storage or any other right over the land, then, subject to the statutory requirements as to registration of land and land charges³, the grant or agreement is binding upon any person deriving title or otherwise claiming under the grantor to the same extent as it is binding upon the grantor⁴. Any such right vested in a gas transporter is deemed, in the case of unregistered land, to be a charge affecting land⁵, and in the case of registered land, to be an equitable easement⁶.

A right to store gas in an underground gas storage so acquired does not include a right, as against any other person, to prevent the carrying out of any controlled operations⁷, or of any operations which would be controlled but for a direction⁸ of the Secretary of State⁹.

A gas transporter may not dispose of a right to store gas in any part of an underground gas storage which it has acquired, except to another gas transporter or the person who would have been entitled to grant that right if it had not been acquired by any gas transporter; but nothing in this provision prevents the grant to another person of a right¹⁰ to store gas in the underground gas storage¹¹.

The statutory restrictions¹² on the alienation of coal and coal mines do not prevent the acquisition by a gas transporter for purposes connected with the underground storage of gas of land which is the site of a well, borehole or shaft which forms part of a coal mine¹³ which is disused, or of any rights as respects such a well, borehole or shaft¹⁴.

1 As to gas transporters see PARAS 805, 983 note 2 ante.

2 For the meaning of 'underground gas storage' see PARA 983 note 4 ante.

3 I.e. the Land Charges Act 1972 and the Land Registration Act 2002: see notes 5-6 infra.

4 Gas Act 1965 s 12(3) (s 12(3), (4) amended by the Land Registration Act 2002 s 133, Sch 11 para 6; and by virtue of the Utilities Act 2000 s 76(7)). This is notwithstanding the fact that the grant or agreement would not have been so binding apart from these provisions: Gas Act 1965 s 12(3) (as so amended).

5 I.e. it is deemed to fall within the Land Charges Act 1972 s 2(5), Class D(iii): see LAND CHARGES vol 26 (2004 Reissue) PARA 636.

6 Gas Act 1986 s 12(4) (as amended: see note 4 supra); Interpretation Act 1978 s 17(2)(a); and see PARA 983 note 15 ante. As to the registration of easements under the Land Registration Act 2002 see LAND REGISTRATION vol 26 (2004 Reissue) PARA 919.

7 For the meaning of 'controlled operations' see PARA 995 note 3 ante.

8 The direction referred to is a direction under the Gas Act 1965 s 18(7)(a) (as amended): see PARA 995 ante, PARA 1025 post.

9 Gas Act 1965 s 10(1) (amended by the Gas Act 1986 Sch 7 para 6(1), (3); and by virtue of the Utilities Act 2000 s 76(7)). As to the Secretary of State see PARA 601 note 1 ante.

10 Ie whether in accordance with the Gas Act 1986 s 19B (as added and amended) (see PARA 827 ante) or otherwise.

11 Gas Act 1986 s 12(6) (amended by the Gas (Third Party Access) Regulations 2004, SI 2004/2043, reg 2(1), Sch 1 para 1(b); and by virtue of the Utilities Act 2000 s 76(7)). As to storage authorisation orders transferring functions between gas transporters see PARA 993 ante.

12 Ie the Coal Industry Act 1994 s 10(3): see MINES, MINERALS AND QUARRIES vol 31 (2003 Reissue) PARA 71.

13 Ie a coal mine within the meaning of ibid s 65: see MINES, MINERALS AND QUARRIES vol 31 (2003 Reissue) PARA 5 note 15.

14 Gas Act 1965 s 13(8) (amended by the Coal Industry Act 1994 s 67(1), Sch 9 para 9; and by virtue of the Utilities Act 2000 s 76(7)).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(iii) Acquisition of Land and Rights over Land/B. COMPULSORY ACQUISITION/998. Compulsory acquisition of storage rights.

B. COMPULSORY ACQUISITION

998. Compulsory acquisition of storage rights.

A gas transporter¹ may be authorised² to purchase compulsorily a right to store gas in an underground gas storage³. The right thus acquired is an exclusive right to use that stratum of land for the purpose of the underground gas storage, and to prevent other persons from using it for that or any other purpose⁴, but it does not include a right, as against any other person, to prevent the carrying out of any controlled operations⁵, or of any operations which would be controlled but for a direction of the Secretary of State⁶. Nor does it prevent the acquisition by another person of a right⁷ to store gas in the underground gas storage⁸.

Any such right vested in a gas transporter is deemed, in the case of unregistered land, to be a charge affecting land⁹, and in the case of registered land, to be an equitable easement¹⁰.

A gas transporter may not dispose of a right to store gas in any part of an underground gas storage which it has purchased compulsorily, except to another gas transporter or the person who would have been entitled to grant that right if it had not been acquired by any gas transporter; but nothing in this provision prevents the grant to another person of a right¹¹ to store gas in the underground gas storage¹².

1 For the meaning of 'gas transporter' see PARAS 805, 983 note 2 ante.

2 I.e. under the Gas Act 1986 s 9(3), Sch 3 (as amended): see PARA 841 ante.

3 Gas Act 1965 ss 12(1), 32(2) (amended by virtue of the Utilities Act 2000 s 76(7); the Gas Act 1986 s 12(1) also amended by the Gas Act 1986 s 67(1), Sch 7 para 6(1), (3); the Acquisition of Land Act 1981 s 34(3), Sch 6 Pt I).

The provisions of the Gas Act 1965 s 13 (as amended) (see PARAS 999-1000 post) are without prejudice to the generality of the provisions of the Gas Act 1986 Sch 3 (as amended): Gas Act 1965 s 13(10) (amended by the Gas Act 1986 Sch 7 para 6(1), (3)). For the meaning of 'underground gas storage' see PARA 983 note 4 ante. In the case of ecclesiastical property (see PARA 986 note 9 ante) the notice to treat is to be served on the Church Commissioners: Gas Act 1965 s 26(1), (4). Where the fee simple in any ecclesiastical property is in abeyance it is to be treated as vested in the Church Commissioners for the purposes of any proceedings for the confirmation of a compulsory purchase order made under the Gas Act 1986 Sch 3 (as amended) for purposes connected with an underground gas storage, and for the purposes of the compulsory purchase in pursuance of the order: Gas Act 1965 s 26(4)(b) (amended by the Gas Act 1986 Sch 7 para 6(1), (3)).

4 Gas Act 1965 s 12(2).

5 For the meaning of 'controlled operations' see PARA 995 note 3 ante.

6 Gas Act 1965 s 10(1) (amended by the Gas Act 1986 Sch 7 para 6(1), (3); and by virtue of the Utilities Act 2000 s 76(7)). The direction referred to is a direction under the Gas Act 1965 s 18(7)(a) (as amended): see PARA 995 ante, PARA 1025 post. As to the Secretary of State see PARA 601 note 1 ante.

7 I.e. whether in accordance with the Gas Act 1986 s 19B (as added and amended) (see PARA 827 ante) or otherwise.

8 Gas Act 1965 s 12(2) (amended by the Gas (Third Party Access) Regulations 2004, SI 2004/2043, reg 2(1), Sch 1 para 1(a)).

9 le it is deemed to fall within the Land Charges Act 1972 s 2(5), Class D(iii): see LAND CHARGES vol 26 (2004 Reissue) PARA 636.

10 Gas Act 1986 s 12(4) (amended by the Land Registration Act 2002 s 133, Sch 11 para 6; and by virtue of the Utilities Act 2000 s 76(7)); Interpretation Act 1978 s 17(2)(a); and see PARA 983 note 15 ante. As to the registration of easements under the Land Registration Act 2002 see LAND REGISTRATION vol 26 (2004 Reissue) PARA 919.

11 See note 7 supra.

12 Gas Act 1986 s 12(6) (amended by the Gas (Third Party Access) Regulations 2004, SI 2004/2043, reg 2(1), Sch 1 para 1(b); and by virtue of the Utilities Act 2000 s 76(7)). As to storage authorisation orders transferring functions between gas transporters see PARA 993 ante.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(iii) Acquisition of Land and Rights over Land/B. COMPULSORY ACQUISITION/999. Compulsory acquisition of wells, boreholes and shafts.

999. Compulsory acquisition of wells, boreholes and shafts.

The Secretary of State may authorise¹ a gas transporter² to purchase compulsorily any land which is in a storage area³ or protective area⁴ and which is the site of any well, borehole or shaft for the purpose:

1979 (1) of making use of the well, borehole or shaft, to the exclusion of its use by any other person, in connection with the development or use of the underground gas storage⁵; or

1980 (2) where the well, borehole or shaft extends below the depth prescribed by the storage authorisation order⁶, of stopping it up or preventing its use by any other person⁷.

Where head (2) above applies, the Secretary of State similarly may authorise the gas transporter to purchase compulsorily such rights as appear to him expedient to enable the gas transporter to ensure that the well, borehole or shaft is stopped up or prevented from being used by any other person⁸. Any right so acquired is deemed, in the case of unregistered land, to be a charge affecting land⁹, and in the case of registered land, to be an equitable easement¹⁰.

Where such compulsory acquisition has an adverse effect on water supplies, special statutory provisions apply with regard to compensation¹¹.

1 le under the Gas Act 1986 s 9(3), Sch 3 (as amended): see PARA 841 ante. As to the Secretary of State see PARAS 601 note 1, 983 note 1 ante. See also the Gas Act 1965 s 13(10) (as amended), cited in PARA 998 note 3 ante.

2 For the meaning of 'gas transporter' see PARAS 805, 983 note 2 ante.

3 For the meaning of 'storage area' see PARA 983 note 11 ante. For these purposes, references to a storage area are to be taken, in relation to a compulsory purchase order which is made after proposals for a storage authorisation order have been submitted to the Secretary of State under the Gas Act 1965 s 4(8), Sch 2 para 3 (as amended: see PARA 984 ante) but before the storage authorisation order takes effect, as references to that area as set out in the proposals, or in an application under Sch 2 para 6 (as amended: see PARA 985 ante); and any variation of the area in the storage authorisation order, as compared with those proposals or the application, does not invalidate the compulsory purchase order: s 13(9). For the meaning of 'storage authorisation order' see PARA 983 note 4 ante.

4 For the meaning of 'protective area' see PARA 983 note 12 ante. For these purposes, references to a protective area are to be taken, in relation to a compulsory purchase order which is made after proposals for a storage authorisation order have been submitted to the Secretary of State under the Gas Act 1965 Sch 2 para 3 (as amended) but before the storage authorisation order takes effect, as references to that area as set out in the proposals, or in an application under Sch 2 para 6 (as amended); and any variation of the area in the storage authorisation order, as compared with those proposals or the application, does not invalidate the compulsory purchase order: s 13(9).

5 For the meaning of 'underground gas storage' see PARA 983 note 4 ante.

6 For these purposes, references to the depth prescribed by a storage authorisation order are to be taken, in relation to a compulsory purchase order which is made after proposals for a storage authorisation order have been submitted to the Secretary of State under the Gas Act 1965 Sch 2 para 3 (as amended) but before the storage authorisation order takes effect, as references to the depth so prescribed as set out in the proposals, or

in an application under Sch 2 para 6 (as amended); and any variation of the depth in the storage authorisation order, as compared with those proposals or the application, does not invalidate the compulsory purchase order: s 13(9).

7 Ibid ss 13(1), 32(2) (amended by the Gas Act 1986 s 67(1), Sch 7 para 6(1), (3); and by virtue of the Utilities Act 2000 s 76(7)).

8 Gas Act 1965 s 13(2) (amended by the Gas Act 1986 s 67(1), Sch 7 para 6(1), (3); the Acquisition of Land Act 1981 s 34, Sch 6, Pt I; and by virtue of the Utilities Act 2000 s 76(7)).

9 ie it is deemed to fall within the Land Charges Act 1972 s 2(5), Class D(iii): see LAND CHARGES vol 26 (2004 Reissue) PARA 636.

10 Gas Act 1965 s 13(6) (amended by the Land Registration Act 2002, s 133, Sch 11 para 6(1), (3)); Interpretation Act 1978 s 17(2)(a); and see PARA 983 note 15 ante. As to the registration of easements under the Land Registration Act 2002 see LAND REGISTRATION vol 26 (2004 Reissue) PARA 919.

The Gas Act 1965 13(8) (as amended) (acquisition of wells, boreholes or shafts forming part of a disused coalmine: see PARA 997 text and notes 12-14 ante) also applies to these provisions.

11 See ibid s 13(5), Sch 4 (as amended); and PARAS 1016-1019 post.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(iii) Acquisition of Land and Rights over Land/B. COMPULSORY ACQUISITION/1000. Compulsory acquisition of rights of way.

1000. Compulsory acquisition of rights of way.

A gas transporter¹ may be authorised² to purchase compulsorily a right of way over any land, either for persons on foot or for both persons on foot and vehicles, for the purpose of enabling it to obtain access to land which is in a storage area³ or protective area⁴ and which is either:

- 1981 (1) the site of an existing well, borehole or shaft; or
- 1982 (2) land on which the gas transporter proposes to construct a well, borehole or shaft to be connected with, or used for any of the purposes of, the underground gas storage⁵.

Unless the compulsory purchase order otherwise provides, such a right of way implies:

- 1983 (a) the right to construct and maintain gates, stiles and bridges along the right of way together with all such rights as would be implied in the grant of an easement for a right of way comparable to that conferred by the compulsory purchase order⁶; and
- 1984 (b) where the right of way includes a right to pass over the land with vehicles, a right to transport materials, plant and apparatus in vehicles⁷.

The gas transporter is liable to pay compensation to any person who suffers loss by reason of damage to, or disturbance in the enjoyment of, any land⁸ or chattels in consequence of the exercise by the gas transporter of any such right of way⁹.

A right of way so acquired is deemed, in the case of unregistered land, to be a charge affecting land¹⁰, and in the case of registered land, to be an equitable easement¹¹.

1 For the meaning of 'gas transporter' see PARAS 805, 983 note 2 ante.

2 I.e. under the Gas Act 1986 s 9(3), Sch 3 (as amended): see PARA 841 ante. See also the Gas Act 1965 s 13(10) (as amended); cited in PARA 998 note 3 ante.

3 For the meaning of 'storage area' see PARA 983 note 11 ante. See also PARA 999 note 3 ante.

4 For the meaning of 'protective area' see PARA 983 note 12 ante. See also PARA 999 note 4 ante.

5 Gas Act 1965 ss 13(3), 32(2) (amended by virtue of the Utilities Act 2000 s 76(7)); the Gas Act 1965 s 13(3) also amended by the Acquisition of Land Act 1981 s 34(3), Sch 6 Pt I; the Gas Act 1986 s 67(1), Sch 7 para 6(1), (11)). For the meaning of 'underground gas storage' see PARA 983 note 4 ante.

6 Gas Act 1965 s 13(3)(i).

7 Ibid s 13(3)(ii).

8 In the case of ecclesiastical property (see PARA 986 note 9 ante), where the damage or disturbance affects the fee simple interest in the land, the compensation must be paid to the Church Commissioners whether or not that interest is vested in them and whether or not it is in abeyance: *ibid* s 26(2), (4).

9 Ibid s 13(4) (amended by virtue of the Utilities Act 2000 s 76(7)). As to compensation see further PARA 1008 et seq post.

10 If it is deemed to fall within the Land Charges Act 1972 s 2(5), Class D(iii): see LAND CHARGES vol 26 (2004 Reissue) PARA 636.

11 Gas Act 1965 s 13(6) (amended by the Land Registration Act 2002, s 133, Sch 11 para 6(1), (3)); Interpretation Act 1978 s 17(2)(a); and see PARA 983 note 15 ante. As to the registration of easements under the Land Registration Act 2002 see LAND REGISTRATION vol 26 (2004 Reissue) PARA 919.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(iv) Land Survey/A. SEARCH FOR UNDERGROUND STORAGE SITES/1001. Directions designating land for survey.

(iv) Land Survey

A. SEARCH FOR UNDERGROUND STORAGE SITES

1001. Directions designating land for survey.

A gas transporter¹ may apply to the Secretary of State² for a direction designating land for the purposes of certain powers of entry and survey³. The transporter must serve a notice of its application on the owners⁴ and occupiers of all the land to which the application relates, setting out the terms of the direction applied for and stating that representations concerning the application may be made to the Secretary of State within 28 days from service of the notice⁵.

The Secretary of State must take all such representations duly made into consideration⁶, and if it appears to him expedient that the land should be prospected for the purpose of finding or proving a site for an underground gas storage⁷, he may give the direction⁸, which may be subject to conditions⁹. The direction remains in force for such period as may be specified in it, not exceeding two years¹⁰.

If while the direction is in force, the applicant or any other gas transporter takes proceedings¹¹ for the making of a storage authorisation order¹² which would include in the storage area¹³ any of the land designated in the direction, the direction continues in force until either the Secretary of State refuses to allow the gas transporter to proceed with its proposals¹⁴ or until he refuses an application for the order¹⁵, or until the order comes into force¹⁶.

1 For the meaning of 'gas transporter' see PARAS 805, 983 note 2 ante.

2 As to the Secretary of State see PARAS 601 note 1, 983 note 1 ante.

3 See the Gas Act 1965 s 20, Sch 6 para 1(1) (Sch 6 para 1 amended by the Gas Act 1986 s 67(1), Sch 7 para 6(1), (27); and by virtue of the Utilities Act 2000 s 76(7)).

4 For the meaning of 'owner', and as to service of notice on the Church Commissioners as owners of certain land, see PARA 986 note 9 ante. As to service of notices generally see PARA 980 ante.

- 16 Ibid Sch 6 para 1(4) (as amended: see note 3 supra).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(iv) Land Survey/A. SEARCH FOR UNDERGROUND STORAGE SITES/1002. Powers of entry and search for storage sites.

1002. Powers of entry and search for storage sites.

While a direction remains in force designating land as land within which powers of entry and survey may be exercised for the purpose of finding or proving a site for an underground gas storage¹, and subject to compliance with any conditions specified in the direction², any person authorised in writing by the gas transporter³ may for those purposes, at any reasonable time⁴:

- 1985 (1) enter upon⁵ the land designated in the direction, or upon any other land to which entry is required for obtaining access to that land⁶;
- 1986 (2) survey it and carry out trial borings in it⁷; and
- 1987 (3) remove from it any specimens, whether solid or fluid, abstracted from boreholes in it⁸.

These powers do not, however, authorise any interference with a public right of way or any contravention of a statutory prohibition or restriction⁹, nor do they authorise entry into any building¹⁰.

If the land to be entered is occupied, a person duly authorised¹¹ may not demand admission to it as of right unless 28 days' notice of the intended entry has been given to the occupier and to the owner¹²; and where it is proposed to survey land which is occupied, or carry out trial borings or remove specimens abstracted from boreholes in such land, 28 days' notice must be given both of the intended entry and of the intention to carry out those operations¹³.

Any person obstructing a person exercising the powers described above commits an offence¹⁴.

1 Ie a direction under the Gas Act 1965 s 20, Sch 6 para 1(1) (as amended): see PARA 1001 ante.

2 As to the power to specify conditions see *ibid* Sch 6 para 1(1) (as amended); and PARA 1001 ante.

3 For the meaning of 'gas transporter' see PARAS 805, 983 note 2 ante.

4 Gas Act 1965 Sch 6 para 2(1) (amended by virtue of the Utilities Act 2000 s 76(7)). If the land is occupied, or if certain operations are to be carried out, notice must be given: see the text to notes 12-13 *infra*.

5 The power of entry may be exercised by the person authorised either alone or with other persons, and may be exercised with any vehicles, apparatus or materials required for the purpose for which the power is exercised: Gas Act 1965 Sch 6 para 10. As to other provisions incidental to entry see PARAS 1003, 1015 post. As to criminal offences in relation to the disclosure of information by such persons see PARA 1028 post.

6 *Ibid* Sch 6 para 2(1)(a).

7 *Ibid* Sch 6 para 2(1)(b).

8 *Ibid* Sch 6 para 2(1)(c).

9 *Ibid* Sch 6 para 2(1) proviso. This proviso applies whether the prohibition or restriction is imposed by or under an enactment contained in a public general Act or in any other Act: Sch 6 para 2(1) proviso.

10 *Ibid* Sch 6 para 2(5).

11 Ie under *ibid* Sch 6 para 2(1) (as amended: see note 4 *supra*).

12 Ibid Sch 6 para 2(2). For the meaning of 'owner', and as to service of notice on the Church Commissioners as owners of certain land, see PARA 986 note 9 ante. As to service of notices generally see PARA 980 ante.

13 Ibid Sch 6 para 2(2).

14 See ibid Sch 6 para 8 (as amended); and PARA 1028 post.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(iv) Land Survey/A. SEARCH FOR UNDERGROUND STORAGE SITES/1003. Entry under warrant.

1003. Entry under warrant.

Unless the occupier of premises to which entry is sought for purposes connected with underground gas storage¹ consents to the entry, a justice's warrant must be obtained before entry is made². For these purposes a warrant may be granted to a gas transporter³, to an employee of the gas transporter or to a person acting under the Secretary of State's⁴ authority, and may be granted in respect of entry to any premises, whether or not a building or part of a building⁵.

1 le for the purposes described in PARA 1002 ante, PARA 1004 et seq post. For the meaning of 'underground gas storage' see PARA 983 note 4 ante.

2 See the Rights of Entry (Gas and Electricity Boards) Act 1954 s 2 (as amended) (applied by the Gas Act 1965 s 20, Sch 6 para 5 (amended by the Gas Act 1986 s 67(1), Sch 7 para 6(1), (2); and by virtue of the Utilities Act 2000 s 76(7)); and PARA 774 ante.

3 For the meaning of 'gas transporter' see PARAS 805, 983 note 2 ante.

4 As to the Secretary of State see PARAS 601 note 1, 983 note 1 ante.

5 See the Rights of Entry (Gas and Electricity Boards) Act 1954 ss 2(1), 3(1) (as amended) (applied by the Gas Act 1965 Sch 6 para 5 (as amended)); and PARA 774 ante.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(iv) Land Survey/A. SEARCH FOR UNDERGROUND STORAGE SITES/1004. Entry on land of statutory undertakers and certain authorities.

1004. Entry on land of statutory undertakers and certain authorities.

If notice of intention to survey land and to carry out trial borings and abstract specimens¹ is given as respects land which is held by statutory undertakers² or by an internal drainage board³ and those undertakers or that board object or objects to the operations proposed on the ground that their being carried out would be seriously detrimental to the carrying on of their undertaking or the performance of its functions, as the case may be, the operations must not be carried out except with the consent of the appropriate minister⁴.

A person authorised to exercise the same powers of entry⁵ is not entitled to enter or remain on land occupied by the Environment Agency or by statutory water undertakers⁶ unless he complies with any reasonable requirements imposed by them for the purpose of protecting water against pollution⁷. Any dispute as to whether such requirements are reasonable must be determined by the minister concerned with water resources⁸, whose decision is final⁹.

1 le notice under the Gas Act 1965 s 20, Sch 6 para 2(2): see PARA 1002 ante.

2 'Statutory undertakers' means persons authorised by any enactment to carry on any railway, light railway, tramway, road transport, water transport, canal, inland navigation, dock, harbour, pier or lighthouse undertaking or any undertaking for the supply of hydraulic power: *ibid* s 28(1) (amended by the Gas Act 1986 s 67(1), Sch 7 para 6(1), (24), Sch 9 Pt I; the Electricity Act 1989 s 112(4), Sch 18; and by the Water Act 1989 ss 190(3), 194(3)(g), Sch 27 Pt I). The following are also deemed to be statutory undertakers for these purposes: (1) the Civil Aviation Authority (see the Civil Aviation Act 1982 s 19, Sch 2 para 4); (2) the Environment Agency and every water undertaker and sewerage undertaker (see the Water Act 1989 s 190, Sch 25 para 1(1), (2)(xii) (amended by the Environment Act 1995 (Consequential Amendments) Regulations 1996, SI 1996/593, reg 3, Sch 2 para 4)); (3) the holder of a licence under the Electricity Act 1989 s 6(1) (as substituted and amended) (see PARA 1065 et seq post) (see s 112(1), Sch 16 para 1(1)(xv)). As to the Civil Aviation Authority see AIR LAW vol 2 (2008) PARA 50 et seq; as to the Environment Agency see ENVIRONMENTAL QUALITY AND PUBLIC HEALTH vol 45 (2010) PARA 68 et seq; and as to water and sewerage undertakers see ENVIRONMENTAL QUALITY AND PUBLIC HEALTH vol 46 (2010) PARA 999 et seq; WATER AND WATERWAYS vol 100 (2009) PARAS 134 et seq, 318 et seq.

3 As to internal drainage boards see WATER AND WATERWAYS vol 101 (2009) PARA 569 et seq.

4 Gas Act 1965 Sch 6 para 2(3) (substituted by the Water Act 1989 s 190(1), Sch 25 para 32(9)). For these purposes, the expression 'the appropriate minister' means (1) in relation to statutory undertakers as defined in the Gas Act 1965 s 28(1) (as amended: see note 2 supra), the appropriate minister for the purposes of the Town and Country Planning Act 1990 s 265(1) (as amended) (see TOWN AND COUNTRY PLANNING vol 46(3) (Reissue) PARA 1012); and (2) in relation to an internal drainage board, the Secretary of State for Environment, Food and Rural Affairs: Gas Act 1965 Sch 6 para 2(6) (amended by the Water Act 1989 s 190(1), (3), Sch 25 para 32(9), Sch 27 Pt I); Planning (Consequential Provisions) Act 1990 s 2(4); Interpretation Act 1978 s 17(2)(a); Ministry of Agriculture, Fisheries and Food (Dissolution) Order 2002, SI 2002/794. In relation to holders of licences under the Electricity Act 1989 s 6(1) (as substituted and amended), the appropriate minister is the Secretary of State for Business, Enterprise and Regulatory Reform (formerly the Secretary of State for Trade and Industry): see the Electricity Act 1989 Sch 16 para 3(1)(c) (amended by the Transfer of Functions (Energy) Order 1992, SI 1992/1314, art 3(3), Schedule para 1). In relation to the Environment Agency, water undertakers and sewerage undertakers, the appropriate minister is the Secretary of State for Environment, Food and Rural Affairs: see the Water Act 1989 Sch 25 para 1(9), (10)(iii) (amended by the Environment Act 1995 (Consequential Amendments) Regulations 1996, SI 1996/593, reg 3, Sch 2 para 4). Certain functions relating to water are transferred, in relation to Wales, to the National Assembly for Wales or the Welsh Ministers: see further WATER AND WATERWAYS vol 100 (2009) PARA 16.

5 le under the Gas Act 1965 Sch 6 para 2(1), (2) (as amended): see PARA 1002 ante.

6 For the meaning of 'statutory water undertakers' see PARA 984 note 17 ante.

7 Gas Act 1965 Sch 6 para 2(4) (amended by the Water Act 1989 Sch 25 para 32(9); and by the Environment Act 1995 (Consequential Amendments) Regulations 1996, SI 1996/593, reg 2, Sch 1).

8 le the Secretary of State: see the Gas Act 1965 s 28(1) (definition substituted by the Water Act 1989 Sch 25 para 32(5)(a), (b)). In practice, this is the Secretary of State for Environment, Food and Rural Affairs if the land in question is wholly in England and, for most purposes, the Welsh Ministers if it is wholly in Wales; and if the undertakers' area is partly in England and partly in Wales the dispute must be determined by the Secretary of State and the Welsh Ministers acting jointly or by one of them acting on behalf of both. See further WATER AND WATERWAYS vol 100 (2009) PARA 16.

9 Gas Act 1965 Sch 6 para 2(4) (as amended: see note 8 supra).

UPDATE

1004 Entry on land of statutory undertakers and certain authorities

NOTES--Certain functions under provisions mentioned in this paragraph are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3, see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(iv) Land Survey/A. SEARCH FOR UNDERGROUND STORAGE SITES/1005. Reinstatement of land entered for certain purposes.

1005. Reinstatement of land entered for certain purposes.

Where a gas transporter¹ carries out its powers to survey land, carries out trial borings in it or removes specimens from boreholes for the purpose of finding or proving a site for underground gas storage², it must make good any damage to the surface of that land caused in the exercise of those powers³. Where the land is agricultural land the gas transporter must secure so far as practicable that any damaged land is so restored as to be fit for use for the purpose for which it was used immediately before the damage occurred⁴.

This duty must be discharged as soon as practicable, and in any case not later than one month from the time when the direction⁵ designating the land for the purposes of entry and survey ceases to be in force⁶, unless the direction terminates with the coming into force of a storage authorisation order⁷ and the land is purchased by the gas transporter for the purposes of the underground gas storage⁸.

1 For the meaning of 'gas transporter' see PARAS 805, 983 note 2 ante.

2 I.e. under the Gas Act 1965 s 20, Sch 6 para 2(1)(b), (c): see PARA 1002 ante. For the meaning of 'underground gas storage' see PARA 983 note 4 ante.

3 Ibid Sch 6 para 7(1) (Sch 6 para 7 amended by virtue of the Utilities Act 2000 s 76(7); the Gas Act 1965 Sch 6 para 7(1), (2) also amended by the Gas Act 1986 s 67(1), Sch 7 para 6(1), (27)).

4 Gas Act 1965 Sch 6 para 7(1) (as amended: see note 3 supra).

5 I.e. the Secretary of State's direction under ibid Sch 6 para 1 (as amended): see PARA 1001 ante.

6 Ibid Sch 6 para 7(2) (as amended: see note 3 supra).

7 For the meaning of 'storage authorisation order' see PARA 983 note 4 ante.

8 Ibid Sch 6 para 7(3) (as amended: see note 3 supra). As to compensation for damage see PARA 1015 post.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(iv) Land Survey/B. OTHER POWERS OF ENTRY/1006. Powers of entry and survey.

B. OTHER POWERS OF ENTRY

1006. Powers of entry and survey.

Any person authorised in writing by a gas transporter¹ may at any reasonable time enter upon² and survey any land for the purpose (1) of preparing any documents to be submitted to the Secretary of State³ at any stage of the proceedings for the making of a storage authorisation order⁴; or (2) estimating value⁵ or assessing loss⁶ in connection with any statutory claim for compensation⁷ arising out of the development or operation of an underground gas storage⁸.

In either case, if the land is occupied, an authorised person may not demand admission as of right to the land unless 28 days' notice of the intended entry has been given to the owner⁹ and to the occupier of the land¹⁰.

1 For the meaning of 'gas transporter' see PARAS 805, 983 note 2 ante.

2 As to provisions incidental to entry see PARA 1002 note 5 ante; and as to criminal offences in relation to obstructing persons exercising these powers and the disclosure of information by them see PARA 1028 post.

3 As to the Secretary of State see PARAS 601 note 1, 983 note 1 ante.

4 Gas Act 1965 s 20, Sch 6 para 3(1)(a) (Sch 6 para 3(1) amended by virtue of the Utilities Act 2000 s 76(7)). The documents must include the gas transporter's preliminary written proposals and its formal application for the order (see PARAS 984-985 ante); they may also include objections to the making of the order and other representations on the application (see PARA 987 ante) and the report of any public local inquiry or hearing of objections (see PARA 992 ante). For the meaning of 'storage authorisation order' see PARA 983 note 4 ante.

5 Compensation is assessed by reference to the value of land (1) when it is for depreciation in the value of an interest in land arising out of the making of an underground storage authorisation order and its statutory effects; and (2) when it is compensation for the compulsory acquisition of an interest in or right over land for the purposes of an underground gas storage: see PARA 1008 post. For the meaning of 'underground gas storage' see PARA 983 note 4 ante.

6 Loss may be assessed for compensation purposes where it arises out of (1) injurious affection of land consequent upon the compulsory acquisition of an interest in or right over land for the purposes of an underground gas storage (see PARA 1008 post); (2) any work being rendered abortive by reason of a refusal of the Secretary of State to consent to controlled operations, or by reason of the imposition of a condition on that consent (see PARA 1009 post); (3) injurious affection of land consequent upon the compulsory acquisition of the site of any well, borehole or shaft or of the right to stop up a well, borehole or shaft (see PARA 1017 post); or (4) the pollution of water supplies prior to their being cleansed (see PARA 1019 post). For the meaning of 'controlled operations' see PARA 995 note 3 ante.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(iv) Land Survey/B. OTHER POWERS OF ENTRY/1007. Powers of entry for purposes of controlled operations.

1007. Powers of entry for purposes of controlled operations.

Any person authorised in writing by a gas transporter¹ or by the Secretary of State² may at any reasonable time enter³ upon certain land for the purpose of:

- 1988 (1) supervising and inspecting any controlled operations⁴ carried out with the Secretary of State's consent; or
- 1989 (2) guarding against and detecting the carrying out of any controlled operations without that consent; or
- 1990 (3) guarding against and detecting the carrying out of anything else constituting an offence under the statutory provisions⁵ relating to controlled operations⁶.

The land which may be entered under these powers includes any land in the storage area⁷ or the protective area⁸, or any land to which entry is required for the purpose of obtaining access to that land⁹. If the person authorised has reason to believe that controlled operations are being carried out from the surface of any other land, he may also enter that other land¹⁰. He may not, however demand admission as of right to any land which is occupied unless 24 hours' notice of the intended entry has been given to the occupier¹¹.

A person exercising these powers may inspect any borehole, shaft, excavation, quarry or other works, and for that purpose may use for his entry, inspection and return any apparatus or machinery which is on the land and is for use in those works¹². He may also employ any means for discovering the depth of any part of any works below the surface of the ground and their location in relation to the controlled area¹³.

1 For the meaning of 'gas transporter' see PARAS 805, 983 note 2 ante.

2 As to the Secretary of State see PARAS 601 note 1, 983 note 1 ante.

3 As to provisions incidental to entry see PARA 1002 note 5 ante; and as to criminal offences in relation to obstructing persons exercising these powers and the disclosure of information by them see PARA 1028 post.

13 Ibid Sch 6 para 4(4)(b).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(v) Compensation/A. COMPENSATION IN RESPECT OF STORAGE RIGHTS/1008. Compensation in respect of storage rights.

(v) Compensation

A. COMPENSATION IN RESPECT OF STORAGE RIGHTS

1008. Compensation in respect of storage rights.

If a person having, on the date when a storage authorisation order¹ comes into force, an interest in land which consists of, comprises or is held with, land in the storage area² proves that the value of his interest on that date is depreciated by the order being made and its effect under the statutory provisions governing the underground storage of gas by a gas transporter³, the gas transporter must pay him compensation equal to the amount of the depreciation so far as directly attributable to those causes⁴. A right to store gas in an underground gas storage⁵ acquired by a gas transporter by agreement or compulsorily does not include a right, as against any other person, to prevent the carrying out of any controlled operations⁶ or operations which would be controlled but for the existence of a direction to the contrary⁷, and compensation for the compulsory acquisition of such a right⁸ is to be assessed accordingly⁹.

In assessing such compensation, and in assessing compensation for the injurious affection of any land where any interest in or right over land has been compulsorily acquired for the purposes of an underground gas storage¹⁰, the Lands Tribunal must disregard the effect of the Secretary of State's control over certain excavation, mining, quarrying or boring operations¹¹. It must also make such adjustments as will in its opinion prevent compensation being paid more than once for the same cause on two or more claims for such compensation, or on one or more such claims when taken with the consideration paid by the gas transporter for the acquisition by agreement of any interest in land¹², and must make the like adjustments when assessing compensation for depreciation on any such compulsory acquisition¹³.

Where compensation is to be assessed in respect of the depreciation of the value of any interest in land which consists of, comprises or is held with land in a storage area, and that land is subject to a mortgage, special provisions apply¹⁴.

Where compensation is payable in respect of the title to the fee simple interest in any ecclesiastical property¹⁵ the compensation is to be paid to the Church Commissioners¹⁶, whether or not that interest is vested in them¹⁷ or is in abeyance¹⁸.

Compensation payable in respect of an interest in land in circumstances in which, on a purchase of that interest, a limited owner is statutorily entitled¹⁹ to give a good discharge for the purchase money, may be paid to that person²⁰.

1 For the meaning of 'storage authorisation order' see PARA 983 note 4 ante.

2 For the meaning of 'storage area' see PARA 983 note 11 ante.

UPDATE

1008 Compensation in respect of storage rights

TEXT AND NOTES 11-13--Reference to the Lands Tribunal is now to the Upper Tribunal:
Gas Act 1965 s 10(3) (amended by SI 2009/1307).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(v) Compensation/B. COMPENSATION IN RESPECT OF CONTROLLED OPERATIONS/(A) Right to Compensation/1009. Compensation for refusal of consent to controlled operations, or consent granted subject to conditions.

B. COMPENSATION IN RESPECT OF CONTROLLED OPERATIONS

(A) RIGHT TO COMPENSATION

1009. Compensation for refusal of consent to controlled operations, or consent granted subject to conditions.

Where the Secretary of State¹ has either refused an application for consent to the carrying out of any controlled operations², or has granted his consent subject to conditions³, and it is shown that the applicant or any other person has incurred expenditure⁴ in carrying out work which is rendered abortive by the Secretary of State's decision or has otherwise sustained loss or damage which is directly attributable to that decision, the gas transporter⁵ must pay to the person who has incurred the expenditure or sustained the loss or damage compensation in respect of that expenditure, loss or damage⁶. In assessing the results of the Secretary of State's decision it is to be assumed that it will not at any future time be revoked or modified⁷.

In assessing compensation in respect of abortive expenditure no account is to be taken (1) of any expenditure incurred after the storage authorisation order⁸ came into force⁹; or (2) of any expenditure or of any loss or damage if the expenditure, or any act which gave rise to the loss or damage, was not reasonably necessary and was undertaken for the purpose of obtaining compensation or greater compensation¹⁰.

No liability to pay compensation arises in any such cases unless it is shown that any planning permission¹¹ or statutory licence to abstract water¹² which would be required for the carrying out of the controlled operations which are prevented by the Secretary of State's decision either has been granted or could¹³ reasonably have been expected to be granted but for that decision¹⁴. If any such planning permission or licence or any certificate¹⁵ relied on by the claimant shows that the carrying out of the controlled operations in accordance with the application would be, or could have been expected to be, subject to conditions, limitations or restrictions imposed by the local planning authority¹⁶ or by the Environment Agency¹⁷ it is to be assumed for this purpose that the application was for the carrying out of those operations subject to such conditions, limitations or restrictions¹⁸.

To show that any such planning application or statutory licence to abstract water could reasonably have been expected to be granted, the claimant must produce a statutory certificate to that effect from the local planning authority or the Environment Agency¹⁹.

The Lands Tribunal has a duty in assessing compensation in such cases to make such adjustments as will in its opinion prevent compensation being paid more than once in respect of the same cause, whether that cause gives rise to a claim for the depreciation of an interest in land²⁰ or for abortive expenditure²¹ or for any other loss or damage²².

Where in any such case compensation has been agreed between the parties or awarded by the tribunal, particulars of that compensation, together with particulars of the nature and location of the operations in respect of which it is payable, are to be a local land charge²³.

Where compensation is to be assessed for loss or damage attributable to the Secretary of State's decision concerning the carrying out of operations which require his consent in land forming part of a storage²⁴ or protective area²⁵, and that land is subject to a mortgage, special provisions apply²⁶.

- 1 As to the Secretary of State see PARAS 601 note 1, 983 note 1 ante.
- 2 As to applications for consent see the Gas Act 1965 s 5(3); and PARA 995 ante. For the meaning of 'controlled operations' see PARA 995 note 3 ante.
- 3 As to the Secretary of State's powers to impose conditions see *ibid* s 5(6); and PARA 995 ante.
- 4 Any expenditure incurred in the preparation of plans for the purposes of any work or upon any similar matters preparatory to the work is taken, for these purposes, to be included in the expenditure incurred in carrying out that work: *ibid* s 8(3).

UPDATE

1009-1013 Compensation in Respect of Controlled Operations

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

1009 Compensation for refusal of consent to controlled operations, or consent granted subject to conditions

TEXT AND NOTE 22--Reference to the Lands Tribunal is now to the Upper Tribunal: Gas Act 1965 s 10(4) (amended by SI 2009/1307).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(v) Compensation/B. COMPENSATION IN RESPECT OF CONTROLLED OPERATIONS/(A) Right to Compensation/1010. Compensation for withdrawal of consent for carrying out of controlled operations or variation of conditions.

1010. Compensation for withdrawal of consent for carrying out of controlled operations or variation of conditions.

Where the Secretary of State¹ after giving his consent to an application for the carrying out of any controlled operations² withdraws that consent or imposes conditions or further conditions on his consent³, or varies any condition previously imposed on his consent⁴, and it is shown that the applicant or any other person has incurred expenditure⁵ in carrying out work which is rendered abortive by the Secretary of State's decision or has otherwise sustained loss or damage which is directly attributable to that decision, the gas transporter⁶ must pay to the person who has incurred the expenditure or sustained the loss or damage compensation in respect of that expenditure, loss or damage⁷. In assessing the results of the Secretary of State's decision it is to be assumed that it will not at any future time be revoked or modified⁸.

In assessing compensation in respect of abortive expenditure no account is to be taken of any expenditure incurred in the period between the time when the storage authorisation order⁹ came into force and the time when that consent was given¹⁰.

No liability to pay compensation arises in any such cases unless it is shown that any planning permission¹¹ or statutory licence to abstract water¹² which would be required for the carrying out of the controlled operations which are prevented by the Secretary of State's decision either has been granted or could¹³ reasonably have been expected to be granted but for that decision¹⁴. If any such planning permission or licence or any certificate¹⁵ relied on by the claimant shows that the carrying out of the controlled operations in accordance with the application would be, or could have been expected to be, subject to conditions, limitations or restrictions imposed by the local planning authority¹⁶ or by the Environment Agency¹⁷ it is to be assumed for this purpose that the Secretary of State's consent was for the carrying out of those operations subject to such conditions, limitations or restrictions¹⁸.

To show that any such planning application or statutory licence to abstract water could reasonably have been expected to be granted, the claimant must produce a statutory certificate to that effect from the local planning authority or the Environment Agency¹⁹.

The Lands Tribunal has a duty in assessing compensation in such cases to make such adjustments as will in its opinion prevent compensation being paid more than once in respect of the same cause, whether that cause gives rise to a claim for the depreciation of an interest in land²⁰ or for abortive expenditure²¹ or for any other loss or damage²².

Where in any such case compensation has been agreed between the parties or awarded by the tribunal, particulars of that compensation, together with particulars of the nature and location of the operations in respect of which it is payable, are to be a local land charge²³.

Where compensation is to be assessed for loss or damage attributable to the Secretary of State's decision concerning the carrying out of operations which require his consent in land forming part of a storage²⁴ or protective area²⁵, and that land is subject to a mortgage, special provisions apply²⁶.

- 26 See the Gas Act 1965 s 24(1); and PARA 1021 post.

UPDATE

1009-1013 Compensation in Respect of Controlled Operations

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

1010 Compensation for withdrawal of consent for carrying out of controlled operations or variation of conditions

TEXT AND NOTE 22--Reference to the Lands Tribunal is now to the Upper Tribunal: Gas Act 1965 s 10(4) (amended by SI 2009/1307).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(v) Compensation/B. COMPENSATION IN RESPECT OF CONTROLLED OPERATIONS/ (B) Certificates in respect of Planning Permission and Licences to abstract Water/1011. Application for a certificate.

(B) CERTIFICATES IN RESPECT OF PLANNING PERMISSION AND LICENCES TO ABSTRACT WATER

1011. Application for a certificate.

At any time after an application has been made for the Secretary of State's consent¹ to the carrying out of any controlled operations² for which planning permission³ or a statutory licence to abstract water⁴ is required but has not been granted, or has not been granted in the form required for the carrying out of the controlled operations⁵, any person concerned may apply to the local planning authority⁶ or the Environment Agency⁷, as the case may be, for an appropriate certificate as respects those controlled operations⁸. The manner in which such applications are to be made may be prescribed⁹ by regulations contained in a statutory instrument¹⁰.

The application must be in writing¹¹. Where it relates to planning permission, it must include a plan or map sufficient to identify the land to which it relates¹², and where it relates to a statutory licence to abstract water, it must include such particulars and be accompanied by such maps and other documents as would be required if it were an application for such a licence¹³. The applicant must serve a copy of his application on the gas transporter¹⁴.

In entertaining an application, the Environment Agency must apply the principles which would have applied if the application had been for a statutory licence¹⁵ to abstract water¹⁶.

The authority receiving an application must issue to the applicant an appropriate certificate, stating that planning permission or a statutory licence to abstract water could or could not reasonably have been expected to have been granted if the land had not been comprised in a storage¹⁷ or protective area¹⁸. The authority must in either case give its reasons in writing¹⁹. If the authority is of the opinion that permission or a licence might reasonably have been expected to be granted but would only have been granted subject to conditions²⁰ it must also specify them²¹ and give the reasons in writing²². The authority must include in the certificate particulars of the manner in which and the time within which appeals against the certificate may be made²³. The authority must serve a copy of the certificate on the gas transporter²⁴. A local planning authority must also serve a copy of the certificate on the council of every district in which any part of the relevant land is situated²⁵.

1 As to the Secretary of State see PARAS 601 note 1, 983 note 1 ante; and as to operations for which consent is required see PARA 995 ante.

2 For the meaning of 'controlled operations' see PARA 995 note 3 ante.

3 For the meaning of 'planning permission' see PARA 985 note 14 ante.

4 For the meaning of 'statutory licence to abstract water' see PARA 984 note 18 ante.

5 See the Gas Act 1965 ss 8(5), 9(5), Sch 3 para 8.

6 For the meaning of 'local planning authority' see PARA 984 note 14 ante. Every application for a certificate with regard to planning permission for the carrying out of the operations must, outside Greater London, be

made to the district planning authority, but is to be dealt with by the local planning authority which would have dealt with an application for planning permission for the carrying out of those operations; and the district planning authority must, as soon as may be after it has received any application for such a certificate which falls to be dealt with by the county planning authority, send the application to the county planning authority: Local Government Act 1972 s 251(2), Sch 29 para 20(2). This does not, however, apply in Wales: Sch 29 para 20(3) (added by the Local Government (Wales) Act 1994 s 66(5), Sch 15 para 66). As to local planning authorities in England and Wales see TOWN AND COUNTRY PLANNING vol 46(1) (Reissue) PARA 28 et seq.

7 As to the Environment Agency see ENVIRONMENTAL QUALITY AND PUBLIC HEALTH vol 45 (2010) PARA 68 et seq.

8 Gas Act 1965 Sch 3 paras 1(1), 4(1) (Sch 3 para 4 amended by the Water Act 1989 s 190(1), Sch 25 para 32(7); and by the Environment Act 1995 (Consequential Amendments) Regulations 1996, SI 1996/593, reg 2, Sch 1).

9 Ie by the Secretary of State for Business, Enterprise and Regulatory Reform (formerly the Secretary of State for Trade and Industry) and the Secretary of State for Communities and Local Government (or the Welsh Ministers concerned with planning) acting jointly: see the Gas Act 1965 Sch 3 para 7(1). In particular, the regulations may apply with or without modification any of the provisions of a development order (or, as from a day to be appointed under the Planning and Compulsory Purchase Act 2004 s 121(1), (2)(f), (g), a local development order) under the Town and Country Planning Act 1990 (see TOWN AND COUNTRY PLANNING vol 46(1) (Reissue) PARA 252 et seq) or of regulations made under the Water Resources Act 1991: Gas Act 1965 Sch 3 para 7(2) (amended by the Planning (Consequential Provisions) Act 1990 s 4, Sch 2 para 12(3); prospectively amended by the Planning and Compulsory Purchase Act 2004 s 118(2), Sch 7 para 1, as from a day to be so appointed); and see the Interpretation Act 1978 s 17(2)(a).

10 Gas Act 1965 Sch 3 para 7(1). In exercise of the power so conferred, the relevant ministers made the Gas (Underground Storage) (Certificates) (England and Wales) Regulations 1967, SI 1967/1167: see the text and notes 11-25 infra.

11 Ibid regs 4(1), 7(1).

12 Ibid reg 4(1).

13 Ibid reg 7(1). Documents relating to the publication or service of notices need not accompany the application: reg 7(1).

14 Ibid regs 4(2), 7(2). Where the application relates to a statutory licence to abstract water, copies of maps or documents required to accompany the application must also be served on the gas transporter: reg 7(2).

15 Ie under the Water Resources Act 1991 Pt II Ch II (ss 24-72) (as amended) (see WATER AND WATERWAYS vol 100 (2009) PARA 214 et seq): Gas Act 1965 Sch 3 para 6; Interpretation Act 1978 s 17(2).

16 Gas Act 1965 Sch 3 para 6 (amended by the Water Act 1989 Sch 25 para 32(7); the Environment Act 1995 (Consequential Amendments) Regulations 1996, SI 1996/593, reg 2, Sch 1).

17 For the meaning of 'storage area' see PARA 983 note 11 ante.

18 Gas Act 1965 Sch 3 paras 1(2), 4(2) (Sch 3 para 4(2) as amended: see note 8 supra). A local planning authority must issue a certificate within two months of receipt of the application and the Environment Agency within three months: Gas (Underground Storage) (Certificates) (England and Wales) Regulations 1967, SI 1967/1167, regs 4(3), 7(3). For the meaning of 'protective area' see PARA 983 note 12 ante.

19 Ibid regs 4(5), 7(4).

20 In the case of an application relating to a statutory licence to abstract water, there may be limitations or conditions: see the Gas Act 1965 Sch 3 para 4(3) (as amended: see note 8 supra).

21 Ibid Sch 3 paras 1(3), 4(3) (Sch 3 para 4(3) as amended: see note 8 supra).

22 Gas (Underground Storage) (Certificates) (England and Wales) Regulations 1967, SI 1967/1167, regs 4(5), 7(4).

23 Ibid regs 4(5), 7(4). As to appeals see PARA 1012 post.

24 Gas Act 1965 Sch 3 paras 1(4), 4(4) (Sch 4 para 4(4) as amended (see note 8 supra); the Gas Act 1965 Sch 3 para 1(4) amended by virtue of the Utilities Act 2000 s 76(7)).

25 Gas (Underground Storage) (Certificates) (England and Wales) Regulations 1967, SI 1967/1167, reg 4(6).

UPDATE

1009-1013 Compensation in Respect of Controlled Operations

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(v) Compensation/B. COMPENSATION IN RESPECT OF CONTROLLED OPERATIONS/ (B) Certificates in respect of Planning Permission and Licences to abstract Water/1012. Appeals in respect of certificates.

1012. Appeals in respect of certificates.

Where a local planning authority¹ or the Environment Agency² has issued a certificate stating either that planning permission³ for the operations to which the application relates, or a statutory licence to abstract water⁴ required for those operations⁵, could or could not reasonably have been expected to be granted if the land concerned had not been in a storage⁶ or protective area⁷, the applicant and the gas transporter⁸ may each appeal against the certificate⁹. Where an authority has failed to issue such a certificate within the proper period¹⁰, or within such extended period as may have been agreed¹¹ between the applicant and the authority, the authority is for this purpose deemed to have issued a certificate to the effect that planning permission or a statutory licence to abstract water, as the case may be, could not reasonably have been expected to be granted, and the gas transporter and the applicant may appeal accordingly¹². Such appeals must be brought within one month of the receipt of the certificate, if issued, or of the expiry of the proper or extended period¹³.

Notice of appeal¹⁴ must be given to the appropriate minister¹⁵, and whichever of the gas transporter and the applicant for the certificate is appellant must serve a copy of the notice on the other and on the authority concerned¹⁶. Within one month of giving notice of appeal, or such longer period as the appropriate minister may at any time in a particular case allow, the appellant must furnish that minister with a statement of the grounds of appeal, a copy of the application to the local planning authority or the Environment Agency, and a copy of the certificate, if any, issued by that authority¹⁷; and if he does not do so his appeal is treated as withdrawn¹⁸.

On the appeal the appropriate minister must consider the matters to which the certificate relates as if the application for the certificate had been made to him in the first place¹⁹, and where the application related to a statutory licence to abstract water, he must, in coming to a decision, apply the principles which would have applied if the appeal had been against the refusal of such a licence²⁰. If the applicant or the gas transporter so desires, the minister must, before determining the appeal, afford it and the authority concerned an opportunity of appearing before and being heard by a person appointed by him for that purpose²¹. On determining the appeal the minister must either confirm the certificate given or deemed to have been given, or vary it or cancel it and issue a different certificate in its place, as he may consider appropriate²².

1 For the meaning of 'local planning authority' see PARA 984 note 14 ante.

2 As to the Environment Agency see ENVIRONMENTAL QUALITY AND PUBLIC HEALTH vol 45 (2010) PARA 68 et seq.

3 For the meaning of 'planning permission' see PARA 985 note 14 ante.

4 For the meaning of 'statutory licence to abstract water' see PARA 984 note 18 ante.

5 As to the requirement for certificates see PARA 1009 ante; and as to the method of applying for them see PARA 1011 ante.

UPDATE

1009-1013 Compensation in Respect of Controlled Operations

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(v) Compensation/B. COMPENSATION IN RESPECT OF CONTROLLED OPERATIONS/(C) Repayment of Compensation/1014. Repayable compensation.

(C) REPAYMENT OF COMPENSATION

1014. Repayable compensation.

Where a gas transporter¹ has become liable to pay compensation² to any person by reason of the Secretary of State's decision³ following an application for his consent to the carrying out of controlled operations⁴, and the Secretary of State at any time afterwards takes a further decision with respect to the operations in respect of which the compensation was payable which is more favourable in all or any respects than the earlier decision, the whole or some part of that compensation may become repayable to the gas transporter⁵. Any person who carries out any operations which would have been unlawful if the Secretary of State had not taken that further decision is liable to pay to the gas transporter an amount equal to (1) so much, if any, of that compensation as is in respect of abortive expenditure⁶ which in consequence of the further decision of the Secretary of State is no longer abortive⁷; and (2) so much of that compensation as is for any loss or damage⁸ which is nullified by the further decision⁹.

Compensation may similarly become repayable if the Secretary of State makes a direction¹⁰ that operations in the storage¹¹ or protective areas¹² of an underground gas storage¹³ which he has ordered to be taken out of operation should no longer be controlled operations and that any conditions which may have been imposed on their carrying out should cease to have effect¹⁴.

The Secretary of State may, however, remit the whole or any part of any compensation so repayable if, on an application to him, it is shown to his satisfaction that, having regard to the probable value of any operations giving rise to a liability to repay compensation, those operations are not likely to be carried out unless he does so¹⁵.

1 For the meaning of 'gas transporter' see PARAS 805, 983 note 2 ante.

2 Ie under the Gas Act 1965 ss 8 or 9 (as amended): see PARAS 1009-1010 ante.

3 Ie under ibid s 5 (as amended): see PARA 995 ante. As to the Secretary of State see PARAS 601 note 1, 983 note 1 ante.

4 For the meaning of 'controlled operations' see PARA 995 note 3 ante.

5 Gas Act 1965 s 11(1) (amended by virtue of the Utilities Act 2000 s 76(7)). Any question as to the amount recoverable must be determined by the Lands Tribunal: Gas Act 1965 s 23(1)(b) (as so amended). Repayment must be made with interest on the amount of the repayment from the date on which the operations made lawful by the Secretary of State's further decision were begun until the date of payment, and the rate of interest is to be that for the time being in force under the Land Compensation Act 1961 s 32 (see COMPULSORY ACQUISITION OF LAND vol 18 (2009) PARA 641): Gas Act 1965 s 11(1).

6 Ie paid under ibid s 8(2)(a) or s 9(2)(a).

7 Ibid s 11(1)(a).

8 Ie paid under ibid s 8(2)(b) or s 9(2)(b).

9 Ibid s 11(1)(b).

- 11 For the meaning of 'storage area' see PARA 983 note 11 ante.
- 12 For the meaning of 'protective area' see PARA 983 note 12 ante.
- 13 For the meaning of 'underground gas storage' see PARA 983 note 4 ante.
- 14 Gas Act 1965 s 18(8)(a).
- 15 Ibid s 11(2).

UPDATE

1014 Repayable compensation

NOTE 5--Reference to the Lands Tribunal is now to the Upper Tribunal: Gas Act 1965 s 23(1) (amended by SI 2009/1307).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(v) Compensation/C. COMPENSATION IN RESPECT OF LAND SURVEY/1015. Compensation for damage.

C. COMPENSATION IN RESPECT OF LAND SURVEY

1015. Compensation for damage.

Where in the exercise of any power of entry for purposes connected with underground gas storage¹ any damage is caused to land or to chattels, any person interested in the land or chattels is entitled to compensation from the gas transporter² concerned in respect of the damage³, and where in consequence of the exercise of those powers any person is disturbed in his enjoyment of any land or any chattels, he is similarly entitled to compensation in respect of the disturbance⁴.

Any question as to compensation payable in respect of damage caused to the surface of land in the exercise of powers to survey that land, carry out trial borings in it and abstract specimens from boreholes in it⁵ is to be assessed having regard to the steps which the gas transporter has taken or agreed to take to discharge its statutory duty⁶ to make good that damage⁷.

1 Ie any power of entry conferred by the Gas Act 1965 s 20, Sch 6 (as amended): see PARAS 1002-1007 ante. For the meaning of 'underground gas storage' see PARA 983 note 4 ante.

2 For the meaning of 'gas transporter' see PARAS 805, 983 note 2 ante.

3 Gas Act 1965 Sch 6 para 6 (amended by virtue of the Utilities Act 2000 s 76(7)).

4 Gas Act 1965 Sch 6 para 6 (as amended: see note 3 supra).

5 Ie under ibid Sch 6 para 2(1)(b), (c): see PARA 1002 ante.

6 Ie its duty under ibid Sch 6 para 7(1) (as amended): see PARA 1005 ante.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(v) Compensation/D. COMPENSATION IN RESPECT OF WATER SUPPLIES/1016. Alternative supplies in lieu of lost water supplies.

D. COMPENSATION IN RESPECT OF WATER SUPPLIES

1016. Alternative supplies in lieu of lost water supplies.

Where the Secretary of State¹ has authorised a gas transporter² to purchase compulsorily any land in a storage³ or protective area⁴ which is the site of a well, borehole or shaft⁵, or to purchase compulsorily such rights as appear to him expedient to enable the gas transporter to ensure that a well, borehole or shaft in such land is stopped up or prevented from being used by any other person⁶, and that well, borehole or shaft was used for the purpose of providing a water supply obtained in the exercise of a right which was statutorily protected⁷, special provisions as to compensation apply⁸.

If the right was exercisable by statutory water undertakers⁹ or the Environment Agency¹⁰ and they provide an alternative water supply, the gas transporter must pay to them the costs reasonably incurred in doing so¹¹. If the persons entitled to exercise that right were neither statutory water undertakers nor the Environment Agency and those persons request an alternative water supply, the gas transporter must, if it is reasonably practicable and economical so to do¹², provide without charge an alternative supply of water equivalent in quantity and quality to the supply which was being or might have been obtained in exercise of the protected right¹³.

1 As to the Secretary of State see PARAS 601 note 1, 983 note 1 ante.

2 For the meaning of 'gas transporter' see PARAS 805, 983 note 2 ante.

3 For the meaning of 'storage area' see PARA 983 note 11 ante.

4 For the meaning of 'protective area' see PARA 983 note 12 ante.

5 Ie authorised under the Gas Act 1965 s 13(1) (as amended): see PARA 999 ante.

6 Ie authorised under ibid s 13(2) (as amended): see PARA 999 ante.

7 Ie which was a protected right as defined in the Water Resources Act 1991 Pt II Ch II (ss 24-72) (as amended) (see WATER AND WATERWAYS vol 100 (2009) PARA 214 et seq) or within the meaning of Pt II Ch II (as amended) so far as it applies in relation to any application for a licence which is a licence of right for the purposes of s 65, Sch 7 (as amended) (see WATER AND WATERWAYS vol 100 (2009) PARA 214).

8 Gas Act 1965 s 13(5), Sch 4 para 4 (amended by the Water Consolidation (Consequential Provisions) Act 1991 s 2(1), Sch 1 para 14(3)(a)).

9 For the meaning of 'statutory water undertakers' see PARA 984 note 17 ante.

10 As to the Environment Agency see ENVIRONMENTAL QUALITY AND PUBLIC HEALTH vol 45 (2010) PARA 68 et seq.

11 Gas Act 1965 Sch 4 para 5(1) (Sch 4 para 5(1), (2) amended by the Water Act 1989 s 190(1), Sch 25 para 32(8); the Environment Act 1995 (Consequential Amendments) Regulations 1996, SI 1996/593, reg 2, Sch 1; and by virtue of the Utilities Act 2000 s 76(7)). These costs are not payable by the gas transporter if and so far as they are attributable to the supply so provided being superior in quantity or quality to the supply which was being or might have been obtained in exercise of the protected right: Gas Act 1965 Sch 4 para 5(1) proviso.

12 Any dispute as to whether it is reasonably practicable and economical to provide such an alternative water supply is to be referred to and determined by the Secretary of State for Business, Enterprise and Regulatory Reform (formerly the Secretary of State for Trade and Industry) and the Secretary of State for Environment, Food and Rural Affairs (or, in Wales, the Welsh Ministers) acting jointly: *ibid* Sch 4 para 7. Before determining such a dispute the Secretaries of State must give the parties an opportunity of being heard before a person appointed by them for the purpose, and in determining the dispute they must take the report of the hearing into consideration: Sch 4 para 7.

13 *Ibid* Sch 4 para 5(2) (as amended: see note 11 *supra*).

UPDATE

1016 Alternative supplies in lieu of lost water supplies

NOTES--Certain functions under provisions mentioned in this paragraph are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3, see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(v) Compensation/D. COMPENSATION IN RESPECT OF WATER SUPPLIES/1017. Compensation in respect of lost water supplies.

1017. Compensation in respect of lost water supplies.

Where the site of a well, borehole or shaft has been compulsorily acquired, or rights to stop it up or prevent it being used have been so acquired¹, and compensation is assessed² for injurious affection of any interest in land held with the land compulsorily purchased, or with land in which the rights purchased are to be exercised, it must be reduced to take account of any mitigation of that injurious affection attributable to the provision of an alternative water supply which the gas transporter³ is required⁴ either to pay for or provide⁵. So far as the value of any interest in land is attributable to the use of that land for the construction and use of the well, borehole or shaft, the gas transporter's liability to pay for or provide an alternative water supply is to be in lieu of compensation for that value⁶.

Where compensation is payable⁷ for injurious affection sustained by persons entitled to a water supply, it is to include compensation for any loss or damage suffered by them in the period before effective action is taken to provide an alternative supply either by the gas transporter or at its expense as is appropriate⁸.

Where the gas transporter is not liable either to provide or pay for an alternative water supply, the compensation payable for injurious affection sustained by the person entitled to the water supply includes compensation for any expenditure in providing the well, borehole or shaft, or the apparatus used in connection with it, which is rendered abortive by the compulsory purchase⁹.

Where compensation is assessed in these cases, account must be taken of all enactments¹⁰ restricting rights or powers of abstracting water¹¹.

1 Ie under the Gas Act 1965 s 13(1), (2) (as amended): see PARA 999 ante.

2 Ie under the Compulsory Purchase Act 1965 Pt I (ss 1-32) (as amended): see COMPULSORY ACQUISITION OF LAND vol 18 (2009) PARA 501 et seq. As to the construction of references in enactments to the Lands Clauses Acts, mentioned in the Gas Act 1965 s 13(5), Sch 4 para 5(3), as references to the Compulsory Purchase Act 1965 Pt I (as amended) see s 39(2) (amended by the Acquisition of Land Act 1981 s 34(1), Sch 4).

3 For the meaning of 'gas transporter' see PARAS 805, 983 note 2 ante.

4 Ie under the Gas Act 1965 Sch 4 para 5 (as amended): see PARA 1016 ante.

5 Ibid Sch 4 para 5(3).

6 Ibid Sch 4 para 5(3). As to the assessment of compensation generally see PARA 1020 et seq post.

7 Ie under the Compulsory Purchase Act 1965 ss 7, 10 (as amended): see COMPULSORY ACQUISITION OF LAND vol 18 (2009) PARAS 718, 810. As to the construction of references in enactments to the Lands Clauses Consolidation Act 1845 ss 63, 68 (mentioned in the Gas Act 1965 Sch 4 para 5(4) (as amended)), as references to the Compulsory Purchase Act 1965 ss 7, 10 (as amended) see s 39(3), Sch 7 (as amended).

8 Gas Act 1965 Sch 4 para 5(4)(a). Further, if the amounts payable by virtue of the Water Resources Act 1991 s 123 (now repealed) in respect of the alternative supply of water exceeded those payable in respect of the protected right, the compensation was to include a lump sum by way of compensation for the additional burden imposed by those amounts on the persons entitled to the protected right: see the Gas Act 1965 Sch 4 para 5(4)(b) (amended by the Water Act 1989 s 190(1), Sch 25 para 32(8)(c); the Water Consolidation (Consequential Provisions) Act 1991 s 2(1), Sch 1 para 14(3)(b)). The same principle applied where charges

were so payable in respect of the alternative water supply and none were payable in respect of the protected right: see the Gas Act 1965 Sch 4 para 5(4)(b) (as so amended).

9 Ibid Sch 4 para 6; and see note 7 *supra*. This provision is expressed to be without prejudice to the generality of the principles applicable in assessing compensation payable under the Compulsory Purchase Act 1965 s 7 or s 10 (as amended), and the compensation is also to include compensation for any other loss or damage attributable to the compulsory purchase: Gas Act 1965 Sch 4 para 6.

10 Ie the provisions of the Water Resources Act 1991 and any other enactment: Gas Act 1965 Sch 4 para 8.

11 Ibid Sch 4 para 8; Interpretation Act 1978 s 17(2).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(v) Compensation/D. COMPENSATION IN RESPECT OF WATER SUPPLIES/1018. Alternative supplies in lieu of polluted water supplies.

1018. Alternative supplies in lieu of polluted water supplies.

If the injection of gas into, or the presence of gas in, an underground gas storage¹, or the escape of gas from an underground gas storage or the boreholes connected with it, pollutes any water or interferes with the flow of any water, or displaces any water located in or percolating through an underground stratum, and as a result any person is prevented from effectively exercising or enjoying a statutorily protected right to abstract water² which was exercisable at the time when the storage authorisation order came into force³, it is the duty of the gas transporter⁴ concerned to pay such compensation or take such other steps as are specified in the following provisions⁵.

If the water obtainable in exercise of the protected right is polluted and it is reasonably practicable and economical⁶ to cleanse the amount of water which the users desire to obtain in exercise of that right (whether or not by means of apparatus permanently installed), and the users are statutory water undertakers or the Environment Agency, the gas transporter must pay to them the costs reasonably incurred by them in cleansing the supply of water so obtained⁷. If the users are persons other than statutory water undertakers or the Environment Agency, the gas transporter must cleanse the supply at its own cost⁸.

If it is not reasonably practicable or economical to cleanse the amount of water which the users desire to obtain in exercise of the protected right, and the users are statutory water undertakers or the Environment Agency who then provide an alternative supply of water, the gas transporter must pay to them the costs reasonably incurred by them in doing so⁹. If the users are persons other than statutory water undertakers or the Environment Agency and they request the gas transporter to provide an alternative water supply which is in quality and quantity equivalent to the supply which was being, or might have been, obtained in exercise of the protected right, the gas transporter must provide such a supply without charge if it is reasonably practicable and economical to do so¹⁰.

Where in any of these cases an alternative supply is provided, the gas transporter must pay to the persons entitled to that supply compensation for any loss or damage suffered by them in the period before effective action is taken¹¹.

1 For the meaning of 'underground gas storage' see PARA 983 note 4 ante.

2 I.e. a right which was a protected right as defined in the Water Resources Act 1991 Pt II Ch II (ss 24-72) (as amended) (see WATER AND WATERWAYS vol 100 (2009) PARA 214 et seq) or within the meaning of Pt II Ch II (as amended) so far as it applies in relation to any application for a licence which is a licence of right for the purposes of s 65, Sch 7 (as amended) (see WATER AND WATERWAYS vol 100 (2009) PARA 238).

3 For these purposes, references to a protected right which was exercisable at the time when the storage authorisation order came into force include references to a protected right deriving from a licence issued in substitution for a licence which was in force at that time: Gas Act 1965 s 15(9). For the meaning of 'storage authorisation order' see PARA 983 note 4 ante.

4 For the meaning of 'gas transporter' see PARAS 805, 983 note 2 ante.

5 Gas Act 1965 s 15(1) (amended by the Water Consolidation (Consequential Provisions) Act 1991, s 2(1), Sch 1 para 14(1)(a); and by virtue of the Utilities Act 2000 s 76(7)). Statutory water undertakers, the Environment Agency and other persons may nevertheless surrender any rights so conferred on them on such

terms as may be agreed with the gas transporter: Gas Act 1965 s 15(10) (amended by the Water Act 1989 s 190, Sch 25 para 32; and by virtue of the Utilities Act 2000 s 76(7); and the Environment Act 1995 (Consequential Amendments) Regulations 1996, SI 1996/593, reg 2, Sch 1). For the meaning of 'statutory water undertakers' see PARA 984 note 17 ante; and as to the Environment Agency see ENVIRONMENTAL QUALITY AND PUBLIC HEALTH vol 45 (2010) PARA 68 et seq.

6 Any dispute as to whether it is reasonably practicable and economical to cleanse the desired amount of water is to be referred to and determined by the Secretary of State for Business, Enterprise and Regulatory Reform (formerly the Secretary of State for Trade and Industry) and the Secretary of State for Environment, Food and Rural Affairs (or the Welsh Ministers) acting jointly: Gas Act 1965 s 15(8). Before determining such a dispute the Secretaries of State must give the parties an opportunity of being heard before a person appointed by them for the purpose, and in determining the dispute they must take the report of the hearing into consideration: s 15(8).

7 Ibid s 15(2)(a) (amended by the Water Act 1989 s 190(1), Sch 25 para 32(3); and by virtue of the Utilities Act 2000 s 76(7); and the Environment Act 1995 (Consequential Amendments) Regulations 1996, SI 1996/593, reg 2, Sch 1).

8 Gas Act 1965 s 15(2)(b) (amended by the Gas Act 1986 Sch 7 para 6(1), (12); and by virtue of the Utilities Act 2000 s 76(7)).

9 Gas Act 1965 s 15(3) (amended by the Water Act 1989 Sch 25 para 32(3); and by virtue of the Utilities Act 2000 s 76(7); and the Environment Act 1995 (Consequential Amendments) Regulations 1996, SI 1996/593, reg 2, Sch 1). See also the text and note 12 *infra*. The gas transporter is not liable to pay those costs so far as they are attributable to the alternative supply being superior in quantity or quality to the supply which was being or might have been obtained in exercise of the protected right: s 15(3) proviso (amended by virtue of the Utilities Act 2000 s 76(7)).

10 Gas Act 1965 s 15(4) (amended by the Water Act 1989 Sch 25 para 32(3); and by virtue of the Utilities Act 2000 s 76(7); and the Environment Act 1995 (Consequential Amendments) Regulations 1996, SI 1996/593, reg 2, Sch 1). See also note 6 *supra*; and the text and note 11 *infra*.

11 Gas Act 1965 s 15(5)(a) (amended by virtue of the Utilities Act 2000 s 76(7)). The gas transporter must also pay to the persons entitled to such relief compensation by way of a lump sum payment in respect of any burden imposed on them by reason of the amounts payable under the Water Resources Act 1991 s 123 (now repealed) in respect of the alternative supply, having regard to those payable, if any, in respect of the supply replaced and to any difference in the quantities of water being abstracted: see the Gas Act 1965 s 15(5)(b) (as so amended); also amended by the Water Act 1989 Sch 25 para 32(3); and by the Water Consolidation (Consequential Provisions) Act 1991 Sch 1 para 14(1)(b)).

UPDATE

1018 Alternative supplies in lieu of polluted water supplies

NOTES--Certain functions under provisions mentioned in this paragraph are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3, see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(v) Compensation/D. COMPENSATION IN RESPECT OF WATER SUPPLIES/1019. Compensation in lieu of polluted water supplies.

1019. Compensation in lieu of polluted water supplies.

Where a gas transporter¹ has incurred liability by reason of the pollution of water supplies from which any person wishes to obtain water in exercise of a statutorily protected right², the gas transporter must pay that person compensation for any loss or damage suffered by him in the period before effective action was taken to cleanse the supply or provide an alternative supply as the case might be³.

If it is not practicable or economical to cleanse the supply⁴ and the persons entitled to the protected right do not require or provide⁵ an alternative supply at the gas transporter's cost or charge⁶, the gas transporter must pay them compensation for the loss or damage suffered⁷.

1 For the meaning of 'gas transporter' see PARAS 805, 983 note 2 ante.

2 See the Gas Act 1965 s 15(1) (as amended); and PARA 1018 ante.

3 See *ibid* s 15(5)(a) (amended by virtue of the Utilities Act 2000 s 76(7)). See also PARA 1018 note 5 ante.

4 As to disputes over whether it is practicable or economical to cleanse the supply see *ibid* s 15(8) (as amended); and PARA 1018 note 6 ante.

5 Only statutory water undertakers and the Environment Agency are entitled to provide an alternative supply at the public transporter's charge: see PARA 1018 the text and notes 9-10 ante.

6 *Ie* where the Gas Act 1965 s 15(2)-(5) (as amended) (see PARA 1018 ante) does not apply.

7 *Ibid* s 15(6) (amended by virtue of the Utilities Act 2000 s 76(7)).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(v) Compensation/E. ASSESSMENT OF COMPENSATION/1020. Assessment by the Lands Tribunal.

E. ASSESSMENT OF COMPENSATION

1020. Assessment by the Lands Tribunal.

All questions of disputed compensation¹ or repayment of compensation² in connection with the establishment or operation of an underground gas storage³ must be referred to the Lands Tribunal⁴, and in certain cases special rules of assessment apply⁵. The statutory provisions governing the procedure of the tribunal⁶ and the award of costs by it⁷ apply to any such assessment subject to any necessary modifications⁸.

For the purposes of assessing compensation in any such case in respect of depreciation of an interest in land, the statutory rules applicable to compulsory purchases of land⁹, so far as applicable and subject to any necessary modifications, have effect as they have effect for the purposes of assessing compensation for the compulsory acquisition of an interest in land¹⁰.

On the reference to the tribunal of any claim for compensation in respect of depreciation in the value of any interest in land which consists of, comprises or is held with land in a storage area¹¹, and on the reference to the tribunal of any question of disputed compensation on a compulsory acquisition by a gas transporter where a claim is made for injurious affection of any land arising out of the making of a storage authorisation order¹² and its statutory effect, the tribunal may admit evidence as to the effect which the introduction and use of underground gas storages in other parts of the United Kingdom¹³ or elsewhere have had on land values, so far as such evidence may tend to indicate whether any, and if so how much, depreciation occurred at any given date¹⁴.

Without prejudice to the generality of the principles on which compensation is to be assessed in all cases in connection with the establishment and operation of an underground gas storage, account must be taken in such assessments of all statutory provisions¹⁵ restricting rights or powers of abstracting water¹⁶.

1 Ie under the Gas Act 1965 Pt II (ss 4-28) (as amended) (see PARA 983 et seq ante), including any question as to the liability of a gas transporter to pay any sum under s 15 (as amended) (see PARAS 1018-1019 ante): s 23(1)(a) (s 23(1), (4) amended by virtue of the Utilities Act 2000 s 3(2)). For the meaning of 'gas transporter' see PARAS 805, 983 note 2 ante.

2 Ie any question as to the amount recoverable by a gas transporter under the Gas Act 1965 s 11 (as amended) (see PARA 1014 ante): Gas Act 1965 s 23(1)(b) (as amended: see note 1 supra).

3 For the meaning of 'underground gas storage' see PARA 983 note 4 ante.

4 Gas Act 1965 s 23(1) (as amended: see note 1 supra). The tribunal does not, however, determine any question which must be referred to ministers for decision (see eg para 1018 note 6 ante): s 23(1).

5 As to the rules of assessment see PARAS 1008-1019 ante.

6 Ie the Land Compensation Act 1961 s 2 (as amended): see COMPULSORY ACQUISITION OF LAND vol 18 (2009) PARAS 735, 742-744.

UPDATE

1020 Assessment by the Lands Tribunal

TEXT AND NOTES--The Lands Tribunal has been abolished and its functions have been transferred to the Upper Tribunal: Transfer of Tribunal Functions (Lands Tribunal and Miscellaneous Amendments) Order 2009, SI 2009/1307, art 2 (see COMPULSORY ACQUISITION OF LAND vol 18 (2009) PARA 720 et seq). Gas Act 1965 s 23(1), (2), (4) amended: SI 2009/1307.

TEXT AND NOTE 8--Omit words 'the procedure of the tribunal and': Gas Act 1965 s 23(2) (as amended: see TEXT AND NOTES).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(v) Compensation/E. ASSESSMENT OF COMPENSATION/1021. Assessments in respect of mortgaged land.

1021. Assessments in respect of mortgaged land.

Where compensation is payable in respect of depreciation in the value of an interest in land which (1) consists of, comprises or is held with land in a storage area¹; (2) is affected by the Secretary of State's refusal to give his consent to the carrying out of controlled operations²; or (3) is affected by the withdrawal of that consent³ or by the imposition or variation of conditions on that consent⁴, and the interest in land is subject to a mortgage, then:

- 1991 (a) any such compensation must be assessed as if the interest were not subject to the mortgage⁵;
- 1992 (b) the claim may be made by the mortgagee, but without prejudice to the making of a claim by the person entitled to the interest⁶;
- 1993 (c) no such compensation is payable in respect of the mortgagee's interest as distinct from the interest which is subject to the mortgage⁷; and
- 1994 (d) the compensation which is payable in respect of the interest which is subject to the mortgage must be paid to the mortgagee and applied by him as if it were proceeds of sale⁸.

1 le under the Gas Act 1965 s 7 (as amended): see PARA 1008 ante. For the meaning of 'storage area' see PARA 983 note 11 ante.

2 le under ibid s 8(1) (as amended): see PARA 1009 ante. As to the Secretary of State see PARAS 601 note 1, 983 note 1 ante. For the meaning of 'controlled operations' see PARA 995 note 3 ante.

3 le under ibid s 9(1) (as amended): see PARA 1009 ante.

4 le under ibid ss 8(1) or 9(1) (as amended): see PARA 1009 ante.

5 Ibid s 24(1)(a).

6 Ibid s 24(1)(b).

7 Ibid s 24(1)(c).

8 Ibid s 24(1)(d). If there is more than one mortgagee the compensation must be paid to the first mortgagee and applied by him as if it were proceeds of sale: s 24(1)(d). Where a limited owner can give a good discharge for the purchase money on a purchase of an interest in land under the Settled Land Act 1925 or any other enactment, compensation payable under the Gas Act 1965 Pt II (ss 4-28) (as amended (see PARA 674 et seq ante, PARA 1022 et seq post) in respect of such an interest must be paid to that person: s 24(2).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(vi) Safety Provisions/1022. Safety conditions.

(vi) Safety Provisions

1022. Safety conditions.

The Secretary of State¹ may at any time, if he considers it necessary in the interests of safety² or to protect water resources, impose³ on a gas transporter⁴ conditions concerning the manner in which it develops or operates an underground gas storage⁵.

The conditions may in particular:

- 1995 (1) relate to the maximum pressures at which gas may be injected into the underground gas storage⁶;
- 1996 (2) relate to the maximum rates at which it may be injected into or withdrawn from the storage⁷;
- 1997 (3) relate to the provision of boreholes to be used for making observations and measurements⁸;
- 1998 (4) refer to the partial or total removal of any ingredient or substance from, or the addition of any ingredient or substance to, the gas before it is injected into the storage⁹;
- 1999 (5) secure that operations in connection with the storage of the gas are so conducted as to prevent the leakage of gas¹⁰; and
- 2000 (6) secure an efficient system for the testing of water supplies in and adjacent to the storage¹¹ and protective areas¹².

The Secretary of State may also at any time, if he considers it necessary to do so in the interests of safety or to protect water resources, require¹³ the gas transporter to:

- 2001 (a) cease injecting gas into an underground gas storage¹⁴;
- 2002 (b) reduce the quantity of gas in such a storage to such quantity as he may specify¹⁵; and
- 2003 (c) take such other measures as respects the storage or any activity or matter connected with it as appear to him expedient in those interests¹⁶.

These requirements may be imposed either for a definite or for an indefinite period¹⁷.

The gas transporter may make representations to the Secretary of State as to the date on which any conditions or requirements are to take effect, or as to the variation or revocation of them, and the Secretary of State must take such representations into account in deciding whether to exercise his powers to revoke or vary the conditions or requirements¹⁸.

Breach by the gas transporter of any condition or requirement imposed by the Secretary of State under these powers is an offence¹⁹.

1 As to the Secretary of State see PARAS 601 note 1, 983 note 1 ante.

2 As to the meaning of 'safety' see PARA 983 note 6 ante.

3 le by notice served in accordance with the Gas Act 1986 s 46 (as amended): see PARA 980 ante. Such notices take effect as from the date specified in them by the Secretary of State and may at any time be varied or revoked by a subsequent notice: Gas Act 1965 s 16(3).

4 For the meaning of 'gas transporter' see PARAS 805, 983 note 2 ante.

5 Gas Act 1965 s 16(1), (6) (s 16(1), (2), (4), (5) amended by virtue of the Utilities Act 2000 s 76(7); the Gas Act 1965 s 16(1) also amended by the Gas Act 1986 s 67(1), Sch 7 para 6(1), (13)). For the meaning of 'underground gas storage' see PARA 983 note 4 ante.

6 Gas Act 1965 s 16(1)(a).

7 Ibid s 16(1)(b).

8 Ibid s 16(1)(c).

9 Ibid s 16(1)(d).

10 Ibid s 16(1)(e).

11 For the meaning of 'storage area' see PARA 983 note 11 ante.

12 Gas Act 1965 s 16(1)(f). For the meaning of 'protective area' see PARA 983 note 12 ante.

13 le by notice (see note 3 supra) served on the gas transporter: ibid s 16(2) (as amended: see note 5 supra). The notice may require the gas transporter to do any or all of the things set out in the Gas Act 1965 s 16(2) (as amended) (see heads (a)-(c) in the text): s 16(2) (as so amended).

14 Ibid s 16(2)(a), (6).

15 Ibid s 16(2)(b).

16 Ibid s 16(2)(c).

17 Ibid s 16(2). A definite period may be varied by a subsequent notice: s 16(2).

18 Ibid s 16(4) (as amended: see note 5 supra).

19 See ibid s 16(5) (as amended (see note 5 supra); also amended by the Gas Act 1986 Sch 7 para 6(1), (13); and by virtue of the Magistrates' Courts Act 1980 s 32(2)); and PARA 1029 post.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(vi) Safety Provisions/1023. Notification of accidents.

1023. Notification of accidents.

If there is a leakage of gas from an underground gas storage¹ or from the boreholes connected with it, the gas transporter² concerned must forthwith give notice of that event to the Secretary of State³. The Secretary of State may specify⁴ other kinds of events of which similar notice is to be given⁵.

The Secretary of State may appoint one of his officers or some other competent person to investigate any such event and make a special report with respect to it, and may cause the report to be made public at such time and in such manner as he thinks fit⁶.

It is the duty of the gas transporter to make arrangements for:

- 2004 (1) the Environment Agency⁷ and for every police force, fire and rescue authority⁸, statutory water undertaker⁹ and sewerage undertaker¹⁰ on whom it appears to the gas transporter that duties will or may fall, or who will or may have to take precautionary or preventive action in the case of any gas leakage or other specified¹¹ event¹²; and
- 2005 (2) such other bodies as the Secretary of State may specify by notice given to the gas transporter, being bodies appearing to him to have duties to discharge in any such event,

to be notified immediately on the occurrence of any such event¹³. The gas transporter must provide all those authorities and bodies with such plans, maps and other information as they may reasonably require to enable them to carry out the duties which will or may fall on them, or which they have to discharge, in any such event¹⁴.

Failure by the gas transporter to make necessary arrangements for notification or to provide necessary documents or information is an offence¹⁵.

1 For the meaning of 'underground gas storage' see PARA 983 note 4 ante.

2 For the meaning of 'gas transporter' see PARAS 805, 983 note 2 ante.

3 Gas Act 1965 s 17(1) (amended by virtue of the Utilities Act 2000 s 76(7)). The notice must be in such form and accompanied by such particulars as the Secretary of State may specify: Gas Act 1965 s 17(1). As to the Secretary of State see PARAS 601 note 1, 983 note 1 ante. As to the service of notices see PARA 980 ante.

4 le by notice served on the gas transporter: *ibid* s 17(1)(b) (as amended): see note 3 supra).

5 *Ibid* s 17(1)(b) (as amended: see note 3 supra).

6 *Ibid* s 17(3). The Secretary of State may make such an appointment whether or not he proposes to hold a public inquiry into the event: s 17(3). As to such inquiries see PARA 1024 post.

7 As to the Environment Agency see ENVIRONMENTAL QUALITY AND PUBLIC HEALTH vol 45 (2010) PARA 68 et seq.

8 'Fire and rescue authority' means a fire and rescue authority under the Fire and Rescue Services Act 2004: Gas Act 1965 s 28(1) (definition substituted by the Fire and Rescue Services Act 2004 s 53(1), Sch 1 para 20(1), (3)). See further FIRE SERVICES.

9 For the meaning of 'statutory water undertakers' see PARA 984 note 17 ante.

10 As to sewerage undertakers see ENVIRONMENTAL QUALITY AND PUBLIC HEALTH vol 46 (2010) PARA 999 et seq.

11 In any event within the Gas Act 1965 s 17(1)(a) or (b) (as amended): see the text and notes 1-5 supra.

12 Ibid s 17(5)(a) (amended by the Gas Act 1986 Sch 7 para 6(1), (15); the Water Act 1989 s 190(1), Sch 25 para 32(4); the Environment Act 1995 (Consequential Amendments) Regulations 1996, SI 1996/593, reg 2, Sch 1; the Fire and Rescue Services Act 2004 s 53(1), Sch 1 para 20(1), (2); and by virtue of the Utilities Act 2000 s 76(7)).

13 Gas Act 1965 s 17(5)(b) (amended by virtue of the Utilities Act 2000 s 76(7)).

14 Gas Act 1965 s 17(5) (as amended: see notes 12-13 supra).

15 See ibid s 17(5), (6) (as amended); and PARA 1029 post.

UPDATE

1023 Notification of accidents

NOTES--Certain functions under provisions mentioned in this paragraph are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3, see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(vi) Safety Provisions/1024. Accident inquiries.

1024. Accident inquiries.

Where he thinks it expedient to do so, the Secretary of State¹ may direct a public inquiry to be held into a gas leakage from an underground gas storage² or from the boreholes connected with it, or into any event which is of a kind which the Secretary of State has required a gas transporter³ to notify to him⁴ or any other event connected with an underground gas storage⁵.

Such an inquiry is to be held by a competent person appointed by the Secretary of State, either alone or with the assistance of one or more assessors similarly appointed, and referred to as 'the tribunal'⁶. The tribunal must hold the inquiry in such manner and under such conditions as it thinks most effectual for ascertaining the causes, circumstances and effects of the events inquired into, and for enabling it to report to the Secretary of State on those matters⁷. For the purposes of the inquiry it has power to enter and inspect any place or building⁸ and to require⁹ any person to attend and give evidence¹⁰ or produce any documents in his custody or under his control which the tribunal considers it necessary for the purposes of the inquiry to examine¹¹. The tribunal may adjourn the inquiry from time to time¹² and, subject to the above provisions governing that procedure¹³, may regulate its procedure¹⁴.

A person attending as a witness before the tribunal is entitled to be paid by the Secretary of State such expenses as would be allowed to a witness attending on subpoena before a court of record¹⁵. If any person, without reasonable excuse (proof of which lies on him) and after having the expenses, if any, to which he is entitled tendered to him, fails to comply with any summons or requisition of the tribunal, his offence may be certified to the High Court by instrument signed by the tribunal¹⁶. The tribunal may similarly certify the offence of any person who does any other thing which, if the tribunal had been a court of law having power to commit for contempt, would have been contempt of that court¹⁷. The High Court may inquire into the alleged offence and, after hearing any witnesses who may be produced against or on behalf of the person charged with the offence and after hearing any statement that may be offered in defence, may punish or take steps for the punishment of that person as if he had been guilty of contempt of the High Court¹⁸.

The tribunal must make a report to the Secretary of State, stating the causes, circumstances and effects of the event with respect to which the inquiry is held, adding any observations which it thinks it right to make, and the Secretary of State must cause copies of the report to be laid before Parliament¹⁹.

1 As to the Secretary of State see PARAS 601 note 1, 983 note 1 ante.

2 For the meaning of 'underground gas storage' see PARA 983 note 4 ante.

3 For the meaning of 'gas transporter' see PARAS 805, 983 note 2 ante.

4 Ie under the Gas Act 1965 s 17(1) (as amended): see PARA 1023 ante.

5 Ibid s 17(2). The provisions of the Gas Act 1972 s 46 (repealed by the Gas Act 1986 s 67(4), Sch 9 Pt I but saved for the purposes of the Gas Act 1965 by the Gas Act 1986 s 67(3), Sch 8 para 15: see PARA 987 note 1 ante) do not apply to inquiries under the Gas Act 1965 s 17(2), Sch 5 (as prospectively amended) (see the text and notes 6-19 infra): s 22(2) (amended by the Gas Act 1986 s 67(1), Sch 7 para 6(1), (22)).

6 Gas Act 1965 s 17(2), Sch 5 paras 1, 3. The Secretary of State may pay to the person appointed to hold the inquiry and to any assessor appointed to assist him such remuneration and allowances as the Secretary of State

may determine with the approval of the Treasury: Sch 5 para 2. Such sums are paid out of money provided by Parliament: Sch 5 para 8. As to the Treasury see CONSTITUTIONAL LAW AND HUMAN RIGHTS vol 8(2) (Reissue) PARAS 512-517.

7 Ibid Sch 5 para 3.

8 Ibid Sch 5 para 4(a). The power extends only to places or buildings the entry or inspection of which appears to the tribunal requisite for the purposes of the inquiry: Sch 5 para 4(a).

9 Any such requirement must be made by summons signed by the tribunal and specifying the time and place of attendance: ibid Sch 5 para 4(b).

10 The tribunal may take evidence on oath and for that purpose may administer oaths or require the person examined to make a declaration of the truth of the matter on which he is examined: ibid Sch 5 para 4(d).

11 Ibid Sch 5 para 4(b). The tribunal may require a person appearing at the inquiry to furnish to any other person so appearing copies of any documents offered or proposed to be offered in evidence by him and may direct that such copies be furnished on payment of such fee as it thinks fit: Sch 5 para 4(c).

12 Ibid Sch 5 para 4(e).

13 Ie ibid Sch 5 para 4(a)-(e): see the text and notes 8-12 supra.

14 Ibid Sch 5 para 4(f).

15 Ibid Sch 5 para 5. Any dispute as to the amount so allowed must be referred by the tribunal (1) at the date at which this title states the law, to a master of the Supreme Court; (2) as from a day to be appointed, to a master of the senior courts: Sch 5 para 5 (prospectively amended by the Constitutional Reform Act 2005 s 59(5), Sch 11 Pt 2 para 4(1), (3), as from a day to be appointed under s 148(1); at the date at which this title states the law, no such day had been appointed). On request signed by the person appointed the master must ascertain and certify the proper amount of the expenses: Gas Act 1965 Sch 5 para 5. Sums paid as expenses are to be paid out of money provided by Parliament: Sch 5 para 8.

16 Ibid Sch 5 para 7(a).

17 Ibid Sch 5 para 7(b).

18 Ibid Sch 5 para 7.

19 Ibid Sch 5 para 6.

UPDATE

1024 Accident inquiries

NOTE 15--Appointed day is 1 October 2009: SI 2009/1604.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(vi) Safety Provisions/1025. Discontinuance orders.

1025. Discontinuance orders.

If at any time it appears to him necessary in the interests of safety (which includes the protection of water resources¹) that an underground gas storage² should be discontinued, the Secretary of State may serve notice³ on the gas transporter⁴ concerned stating that he proposes to make an order requiring the storage to be taken out of operation⁵. The gas transporter may within six weeks of the date of service of the notice make representations to the Secretary of State, and he must take them into account⁶. A gas transporter may at any time apply to the Secretary of State for an order requiring a storage to be taken out of operation⁷.

The Secretary of State must include in any such order such provisions as appear to him necessary or expedient for the purpose of ensuring that neither the gas in the storage nor the stratum in which it is stored becomes or remains a source of danger⁸; and in particular he may include a requirement that the gas transporter withdraws, so far as practicable, all gas from the storage⁹. Any such requirement takes effect as from such date as is specified in the order¹⁰, but the gas transporter may at any time make representations to the Secretary of State as to any such date or as to the variation or revocation of the requirement, and he must take them into account in deciding whether to exercise his powers of making an order varying or revoking any such requirement¹¹. The gas transporter must submit a report to the Secretary of State setting out the steps taken to comply with the order¹².

If he considers it safe to do so after making the order, the Secretary of State may direct (1) that operations in the storage area¹³ and the protective area¹⁴ carried out on or after the date specified in the direction are not to be controlled operations¹⁵; and (2) that any conditions which may have been imposed on the carrying out of controlled operations in those areas are to cease to have effect on that date¹⁶.

Failure by the gas transporter to comply with such an order of the Secretary of State is an offence¹⁷.

1 See the Gas Act 1965 s 18(10). As to the meaning of 'safety' generally see PARA 983 note 6 ante.

2 For the meaning of 'underground gas storage' see PARA 983 note 4 ante.

3 See under the Gas Act 1986 s 46 (as amended): see PARA 980 ante. As to the Secretary of State see PARAS 601 note 1, 983 note 1 ante.

4 For the meaning of 'gas transporter' see PARAS 805, 983 note 2 ante.

5 Gas Act 1965 s 18(1) (s 18(1)-(4), (6), (9) amended by virtue of the Utilities Act 2000 s 76(7)).

6 Gas Act 1965 s 18(1) (as amended: see note 5 supra). As to the right to make representations after the making of the order see the text and note 11 infra.

7 Ibid s 18(2) (as amended: see note 5 supra).

8 For the meaning of 'danger' see PARA 983 note 6 ante.

9 Gas Act 1965 s 18(3) (as amended: see note 5 supra).

10 Ibid s 18(5). Such a provision may be varied or revoked by a subsequent order: s 18(5).

- 16 Gas Act 1965 s 18(7)(b). As to the effect of such a direction where compensation has been paid by reason of the Secretary of State's decision as to the carrying out of operations requiring his consent see s 18(8)(a); and PARA 1014 ante; and as to the effect of such a direction on any damage within the meaning of s 14 (as amended) attributable to an event after the date when it comes into force see s 18(8)(b); and PARA 1027
- 17 See ibid s 18(9) (as amended); and PARA 1029 post.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(vi) Safety Provisions/1026. Inspectors.

1026. Inspectors.

The Secretary of State¹ may appoint as inspectors to assist him in the execution of the statutory provisions relating to underground gas storage² as many persons as appear to him to be qualified for the purpose as he may from time to time consider necessary or expedient³.

An inspector has power, subject to production, if so requested, of written evidence of his authority, to do all or any of the following things:

- 2006 (1) at all reasonable times to carry out inspections and tests of any underground gas storage, and of the equipment and apparatus used for the storage, and to take samples of any gas, fluid or other matter⁴;
- 2007 (2) to require the production of, and to inspect, any documents which are in the possession or under the control of the gas transporter⁵ and which relate to the storage⁶; and
- 2008 (3) to require any officer or employee of the gas transporter having responsibilities as respects the storage to give him such facilities and assistance with respect to any matters or things to which the responsibilities of that officer or employee extend as are necessary for the purpose of enabling the inspector to exercise the powers conferred on him by head (1) above⁷.

A person who fails to comply with a requirement properly imposed by an inspector or who obstructs an inspector in the exercise of his powers is guilty of an offence⁸.

The Secretary of State may pay to or in respect of inspectors such remuneration, allowances and other payments as he may determine with the approval of the Treasury⁹. Such payments are made out of money provided by Parliament¹⁰. Every gas transporter to whom a storage authorisation order¹¹ applies during any period must pay to the Secretary of State such proportion as he may determine of any sums so paid¹². To the extent, however, that the payments were in respect of pensions, the gas transporter's liability to repay them may, if the Secretary of State so determines, be satisfied by way of contributions calculated, at such rate as the Treasury may determine, by reference to remuneration¹³.

The gas transporter is similarly liable to repay (a) such part of any expenses incurred by the Secretary of State or any other government department in connection with his department¹⁴ as he may determine, with Treasury consent, to have been incurred in connection with his powers to appoint inspectors and to make payments to and in respect of them; and (b) such expenses as the Treasury may determine in respect of the use, for the purposes of the Secretary of State's department, of any premises belonging to the Crown which the Secretary of State determines to have been incurred in connection with the exercise of the same powers¹⁵.

Any sums received by the Secretary of State under these provisions must be paid into the Exchequer¹⁶.

1 As to the Secretary of State see PARAS 601 note 1, 983 note 1 ante.

2 I.e. the Gas Act 1965 Pt II (ss 4-28) (as amended): see PARA 983 et seq ante, PARAS 1027-1029 post. For the meaning of 'underground gas storage' see PARA 983 note 4 ante.

- 16 See ibid s 19(3) (as amended: see note 12 supra).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(vii) Civil and Criminal Liability of Gas Transporters and other Persons/A. CIVIL LIABILITY/1027. Liability for underground gas storage.

(vii) Civil and Criminal Liability of Gas Transporters and other Persons

A. CIVIL LIABILITY

1027. Liability for underground gas storage.

A gas transporter¹ is absolutely liable in civil proceedings in respect of loss of life, personal injury and damage to property caused by gas in an underground gas storage², or by gas in the boreholes connected with such a storage, or which is escaping from or has escaped from any such storage or boreholes³. For the purposes of the law of tort, liability must be regarded as arising from the gas transporter's duty to the person suffering the damage⁴.

The gas transporter is not, however, responsible for any damage suffered by a person which would otherwise give rise to this liability as the result of his own fault⁵, nor liable in respect of any damage attributable to an event after the coming into force of a direction by the Secretary of State⁶ to the effect that controlled operations⁷ in the storage area⁸ and the protective area⁹ cease to require his consent and that any conditions imposed on their carrying out cease to have effect¹⁰.

1 For the meaning of 'gas transporter' see PARAS 805, 983 note 2 ante.

2 For the meaning of 'underground gas storage' see PARA 983 note 4 ante.

3 Gas Act 1965 s 14(1), (4) (s 14(1)-(3) amended by virtue of the Utilities Act 2000 s 76(7)).

4 Gas Act 1965 s 14(2) (as amended: see note 3 supra). In the Fatal Accidents Act 1976 s 1(1) (as substituted) references to a wrongful act, neglect or default are to include references to any occurrence giving rise to such liability: Gas Act 1965 s 14(2) (as so amended); Fatal Accidents Act 1976 s 6(1), Sch 1 para 2. See further NEGLIGENCE vol 78 (2010) PARA 25.

5 Gas Act 1965 s 14(3) (as amended: see note 3 supra). For these purposes, 'his own fault' includes the fault of his employee or agent: see s 14(3). This principle is, however, subject to the application of the Law Reform (Contributory Negligence) Act 1945: Gas Act 1965 s 14(3). As to the effect of the Law Reform (Contributory Negligence) Act 1945 where damage is partly the result of the fault of the person suffering the damage and partly the fault of another person or persons see NEGLIGENCE vol 78 (2010) PARA 75.

6 I.e. a direction under the Gas Act 1965 s 18(7): see PARA 1025 ante. As to the Secretary of State see PARAS 601 note 1, 983 note 1 ante.

7 For the meaning of 'controlled operations' and as to the requirement of consent see PARA 995 ante.

8 For the meaning of 'storage area' see PARA 983 note 11 ante.

9 For the meaning of 'protective area' see PARA 983 note 12 ante.

10 Gas Act 1965 s 18(8)(b).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(vii) Civil and Criminal Liability of Gas Transporters and other Persons/B. OFFENCES/1028. General offences relating to underground gas storage.

B. OFFENCES

1028. General offences relating to underground gas storage.

Any person, other than the duly authorised gas transporter¹, who without the Secretary of State's consent carries out in a storage² or protective area³ any controlled operations⁴, or who fails to comply with any condition attached to such a consent⁵, is guilty of an offence and is liable on summary conviction to imprisonment for a term not exceeding three months or a fine not exceeding the prescribed sum, or to both⁶, and on conviction on indictment to imprisonment for a term not exceeding two years or a fine, or to both⁷.

Any person who wilfully obstructs a person acting under the authority of a magistrates' court order authorising a gas transporter to execute works to remedy a default⁸ is guilty of an offence and is liable on summary conviction to a fine not exceeding level 1 on the standard scale⁹.

Any person who fails to comply with any requirement imposed by an inspector appointed by the Secretary of State to assist him in the execution of his functions with regard to underground gas storage, being a requirement which the inspector has power to impose, or who wilfully obstructs such an inspector in the exercise of his statutory powers¹⁰, is guilty of an offence and is liable on summary conviction to a fine not exceeding level 3 on the standard scale¹¹.

Any person who wilfully obstructs a person acting in the exercise of statutory powers to enter upon land and either (1) to carry on there certain operations for the purpose of finding or proving a site for an underground gas storage¹²; or (2) to survey it for the purpose of preparing certain documents in connection with an application for an underground storage authorisation order¹³; or (3) to survey it for purposes connected with a claim for compensation related to an underground gas storage¹⁴; or (4) to supervise or inspect the carrying out pursuant to a consent given by the Secretary of State of controlled operations in a storage or protective area, or to guard against or detect the carrying out of such operations without that consent or in breach of a condition imposed on it¹⁵, is guilty of an offence and is liable on summary conviction to a fine not exceeding level 1 on the standard scale¹⁶.

If any person who has exercised statutory powers to enter land for certain purposes connected with an underground gas storage¹⁷ discloses any information obtained by him in those premises, he is guilty of an offence unless the disclosure was made in the performance of his duty or for the purpose of any legal proceedings¹⁸ or of a report of any legal proceedings¹⁹. A person guilty of such an offence is liable on summary conviction to a fine not exceeding level 3 on the standard scale²⁰.

Any person who aids, abets, counsels or procures the commission of any of the offences described above is guilty of that offence and is liable to be proceeded against and punished accordingly²¹.

1 Ie under the Gas Act 1965 s 4 (as amended): see PARA 983 ante. For the meaning of 'gas transporter' see PARAS 805, 983 note 2 ante.

2 For the meaning of 'storage area' see PARA 983 note 11 ante.

- 3 For the meaning of 'protective area' see PARA 983 note 12 ante.
- 4 For the meaning of 'controlled operations' see PARA 995 note 3 ante. As to the Secretary of State see PARAS 601 note 1, 983 note 1 ante.

- 17 Ie the powers conferred by or by virtue of the Gas Act 1965 Sch 6 (as amended): see PARA 1001 et seq ante.
- 18 'Legal proceedings' includes arbitrations: ibid Sch 6 para 9.
- 19 Ibid Sch 6 para 9.
- 20 Ibid Sch 6 para 9 (as amended: see note 16 supra). At the date at which this title states the law, such a person may, alternatively, be sentenced to imprisonment for a term not exceeding three months, or may be sentenced to both such imprisonment and to the fine described in the text, but these alternatives are prospectively removed by the Criminal Justice Act 2003 s 332, Sch 37 Pt 9, as from a day to be appointed under s 336(3). As to the position where the offence is committed by a body corporate see PARA 978 ante.
- 21 Gas Act 1965 s 21(4) (amended by the Magistrates' Courts Act 1980 s 154, Sch 7 para 54). This provision is without prejudice to the Accessories and Abettors Act 1861 s 8 (as substituted) and the Magistrates' Courts Act 1980 s 44: Gas Act 1965 s 21(4) (as so amended). See further CRIMINAL LAW, EVIDENCE AND PROCEDURE vol 11(1) (2006 Reissue) PARA 49 et seq.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(8) UNDERGROUND STORAGE OF GAS BY GAS TRANSPORTERS/(vii) Civil and Criminal Liability of Gas Transporters and other Persons/B. OFFENCES/1029. Offences by gas transporters relating to underground gas storage.

1029. Offences by gas transporters relating to underground gas storage.

If a gas transporter¹ fails to comply with a condition or requirement imposed by the Secretary of State² in a notice served by him in the interests of safety concerning the manner in which a gas transporter operates or develops an underground gas storage³, it is guilty of an offence and is liable on summary conviction to a fine not exceeding the prescribed sum and on conviction on indictment to a fine of any amount⁴.

If a gas transporter fails to notify the Secretary of State, or to make arrangements for any necessary authority to be notified, of a leakage of gas from an underground gas storage or from boreholes connected with it, or of any other event of a kind which it has been required by the Secretary of State to notify to those authorities, or to provide any such authority with plans, maps and other information reasonably required by it⁵, the gas transporter is guilty of an offence⁶ and is liable on summary conviction to a fine not exceeding level 3 on the standard scale⁷.

If a gas transporter fails to comply with an order served on it by the Secretary of State requiring an underground gas storage to be taken out of operation⁸, it is guilty of an offence and is liable on summary conviction to a fine not exceeding the prescribed sum and on conviction on indictment to a fine of any amount⁹.

1 For the meaning of 'gas transporter' see PARAS 805, 983 note 2 ante.

2 As to the Secretary of State see PARAS 601 note 1, 983 note 1 ante.

3 I.e. a notice served under the Gas Act 1965 s 16(1), (2) (as amended): see PARA 1022 ante. For the meaning of 'underground gas storage' see PARA 983 note 4 ante. As to the meaning of 'safety' see PARA 983 note 6 ante.

4 Ibid s 16(5) (amended by virtue of the Magistrates' Courts Act 1980 s 32(2)). If by reason of the special provisions relating to (1) the commission of offences by bodies corporate (see the Gas Act 1965 s 21(3) (as amended); and PARA 978 ante); and (2) the aiding, abetting, counselling or procuring of offences (see s 21(4) (as amended); and PARA 1028 ante), any individual is found guilty of such an offence or of aiding, abetting, counselling or procuring the commission of such an offence, or of an offence under s 18(9) (as amended: see the text and notes 8-9 infra), he is liable on summary conviction to imprisonment for a term not exceeding three months or a fine not exceeding the prescribed sum, or to both, and on conviction on indictment to imprisonment for a term not exceeding two years or a fine of any amount, or to both: s 21(5) (amended by virtue of the Magistrates' Courts Act 1980 s 32(2)). As to the prescribed sum see PARA 613 note 20 ante.

5 These duties are provided for under the Gas Act 1965 s 17 (as amended): see PARA 1023 ante.

6 Ibid s 17(1), (5) (amended for these purposes by virtue of the Utilities Act 2000 s 76(7)).

7 Gas Act 1965 s 17(6) (amended by virtue of the Criminal Justice Act 1982 ss 38, 46; and of the Utilities Act 2000 s 76(7)). As to the standard scale see PARA 613 note 11 ante.

8 I.e. an order under the Gas Act 1965 s 18 (as amended): see PARA 1025 ante.

9 Ibid s 18(9) (amended by the Gas Act 1986 Sch 7 para 6(1), (14); and by virtue of the Magistrates' Courts Act 1980 s 32(2); and of the Utilities Act 2000 s 76(7)). As to the aiding, abetting, counselling or procuring the commission of such an offence, or the commission of such an offence by the director etc of a company, see note 4 supra.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(9) OFFSHORE GAS STORAGE FACILITIES/1030. Acquisition of rights to store gas in certain offshore gas storage facilities.

(9) OFFSHORE GAS STORAGE FACILITIES

1030. Acquisition of rights to store gas in certain offshore gas storage facilities.

The owner¹ of an offshore gas storage facility² to which the following provisions apply (a 'relevant facility')³:

- 2009 (1) must publish at least once in every year⁴ the main commercial conditions⁵ relating to the grant to another person⁶ of a right to have gas stored in the facility on that person's behalf; and
- 2010 (2) must publish any changes to the published conditions as soon as they become effective⁷,

and must ensure that the conditions which he is so required to publish do not discriminate against any applicants or descriptions of applicants, or any potential applicants or descriptions of potential applicants, for a right to have gas stored in the facility⁸.

Any person who seeks a right to have gas stored on his behalf in a relevant facility ('the applicant') must, before making an application to the Gas and Electricity Markets Authority ('GEMA')⁹, apply to the owner of the facility for the right¹⁰. Such an application must be made by giving notice¹¹ to the owner specifying what is being sought¹². The notice must, in particular, specify:

- 2011 (a) the period during which the gas is to be stored in the facility;
- 2012 (b) the kind of gas to be stored, which must be of, or similar to, the kind which the facility is designed to store; and
- 2013 (c) the quantities of gas to be stored¹³.

Where an applicant gives such a notice, he and the owner of the facility must negotiate in good faith and endeavour to reach agreement on the application¹⁴.

If the owner and the applicant do not reach any such agreement, the applicant may apply to the Authority for a notice¹⁵ securing to the applicant the right specified in the notice¹⁶ previously given¹⁷. The Authority must not entertain such an application unless it is satisfied that the parties have had a reasonable time in which to fulfil their duties¹⁸ to negotiate and endeavour to reach agreement¹⁹. Where a person so applies to the Authority and the Authority is satisfied as mentioned above, the Authority must:

- 2014 (i) give notice to the owner of the facility and the applicant that he proposes to consider the application; and
- 2015 (ii) after the expiry of 21 days beginning with the date on which notice under head (i) above was served, but before considering the application, give them an opportunity of being heard with respect to the application²⁰.

For the purpose of considering such an application, the Authority may by notice require the owner to provide the Authority with accounting information²¹ and details of the main commercial terms of any significant transactions with associated undertakings²².

Where the Authority is satisfied that, if it served a notice under these provisions, the relevant facility in question could be operated in accordance with the notice without prejudicing its efficient operation for the purpose of storing, on behalf of its owner, the quantities of gas which the owner requires or may reasonably be expected to require, the Authority may serve such a notice on the owner and the applicant²³. Such a notice may contain such provisions as the Authority considers appropriate for any of the following purposes:

- 2016 (A) for securing to the applicant the right to have stored in the facility, for the period specified in the notice and in the quantities so specified or determined by or under the notice, gas which is of a kind so specified;
- 2017 (B) to secure that the exercise of the right is not prevented or impeded;
- 2018 (C) to regulate the charges which may be made for the storage of gas by virtue of that right; and
- 2019 (D) to secure to the applicant such ancillary or incidental rights as may be necessary or expedient, which may, in particular, include a right to have a pipeline of his connected to the facility by the owner²⁴.

The notice may also authorise the owner to recover from the applicant payments by way of consideration for any right mentioned in head (A) or head (D) above of amounts specified in the notice or determined in accordance with the notice²⁵.

1 For these purposes, 'owner', in relation to an offshore gas storage facility, includes any person occupying or having control of the facility: Petroleum Act 1998 s 17C(7)(b) (ss 17C-17E added by the Gas (Third Party Access and Accounts) Regulations 2000, SI 2000/1937, reg 2(4), Sch 4 para 4; the Petroleum Act 1998 s 17C(7) substituted by the Gas (Third Party Access) Regulations 2004, SI 2004/2043, reg 2(3), Sch 3 para 1(f)).

2 'Offshore gas storage facility' means a facility for the storage of gas in controlled waters other than the territorial sea of the United Kingdom adjacent to Northern Ireland: Petroleum Act 1998 s 28(1) (definition substituted by the Gas (Third Party Access) Regulations 2004, SI 2004/2043, reg 2(3), Sch 3 para 3(b)). 'Gas' means any substance which consists wholly or mainly of (1) methane, ethane, propane, butane, hydrogen or carbon monoxide; (2) a mixture of two or more of those gases; or (3) a combustible mixture of one or more of those gases and air: Petroleum Act 1998 s 28(1) (definition added by the Gas (Third Party Access and Accounts) Regulations 2000, SI 2000/1937, Sch 4 para 9(c)). 'Controlled waters' means the territorial sea adjacent to the United Kingdom and the sea in any area designated under the Continental Shelf Act 1964 s 1(7) (as amended) (see PARA 1636 post; and INTERNATIONAL RELATIONS LAW vol 61 (2010) PARA 172); Petroleum Act 1998 ss 14(2), 28(1). As to the territorial sea of the United Kingdom see WATER AND WATERWAYS vol 100 (2009) PARA 31 note 3.

3 As to the facilities to which these provisions apply see PARA 1031 post.

4 For these purposes, 'year' means any year ending with 9 August: Petroleum Act 1998 s 17D(2) (as added: see note 1 supra).

5 'Main commercial conditions' means (1) such information as would enable a potential applicant for a right to have gas stored in a relevant facility to make a reasonable assessment of the cost of, or the method of calculating the cost of, acquiring that right; (2) the other significant terms on which such a right would be granted; and (3) such other information as the Gas and Electricity Markets Authority ('GEMA') may from time to time specify by notice: *ibid* s 17E(5) (as added (see note 1 supra); amended by virtue of s 17C(7)(a) (as substituted: see note 1 supra) and of the Utilities Act 2000 s 76(7)). Any reference in the Petroleum Act 1998 s 17E (as added and amended) to a right to have gas or gas of any kind stored in a relevant facility includes a reference to a right to introduce into, or take out of, such a facility gas or gas of that kind: s 17E(4) (as so added).

6 *Ibid* Pt III (ss 14-28) (as amended) (see the text and notes 1-5 supra, 7-25 infra; and PARAS 1031-1032, 1743 et seq post), so far as it applies to individuals, applies to them whether or not they are British citizens; and so far as it applies to bodies corporate, applies to them whether or not they are incorporated under the law of any part of the United Kingdom: s 48(2).

7 Ibid s 17D(1) (as added: see note 1 supra). As to enforcement of this duty see PARA 1032 post.

8 Ibid s 17D(3) (as added: see note 1 supra). As to enforcement of this duty see PARA 1032 post.

9 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

10 Petroleum Act 1998 s 17D(4) (as added (see note 1 supra); amended by virtue of s 17C(7)(a) (as substituted: see note 1 supra) and of the Utilities Act 2000 s 76(7)).

11 'Notice' means notice in writing: Petroleum Act 1998 s 28(1). Any document required or authorised by Pt III (as amended) to be given to or served on any person may be given or served either by delivering it to that person, or by leaving it at his proper address, or by the recorded delivery service: Pipe-lines Act 1962 s 49(1) (applied with modifications by the Petroleum Act 1998 s 28(4)). Any such document required or authorised to be given to or served on an authority or body being a corporation is duly given or served if it is given to or served on the secretary or clerk of the authority or body: Pipe-lines Act 1962 s 49(2) (as so applied). For these purposes, and the purposes of the Interpretation Act 1978 s 7 (service by post) in its application for these purposes, the proper address of any person to or on whom any such document is to be given or served is, in the case of the secretary or clerk of a corporation, that of the registered or principal office of the corporation, and in any other case the last-known address of the person to be served; provided that, where the person to or on whom the document is to be given or served has, in accordance with arrangements agreed or in accordance with regulations under the Petroleum Act 1998 Pt III (as amended), furnished an address for the giving or service of the document, being an address in the United Kingdom, his proper address for those purposes is the address furnished: Pipe-lines Act 1962 s 49(3) (as so applied).

12 Petroleum Act 1998 s 17D(5) (as added: see note 1 supra).

13 Ibid s 17D(6) (as added: see note 1 supra).

14 Ibid s 17D(7) (as added: see note 1 supra). As to enforcement of this duty see PARA 1032 post.

15 Ie a notice under ibid s 17D(11) (as added and amended): see the text and note 23 infra.

16 Ie the notice given under ibid s 17D(5) (as added): see the text and notes 11-12 supra.

17 Ibid s 17D(8) (as added (see note 1 supra); s 17D(8)-(12) amended by virtue of s 17C(7)(a) (as substituted: see note 1 supra) and of the Utilities Act 2000 s 76(7)).

18 Ie their duties under the Petroleum Act 1998 s 17D(7) (as added): see the text and note 14 supra.

19 Ibid s 17D(9) (as added and amended: see notes 1, 17 supra).

20 Ibid s 17D(10) (as added and amended: see notes 1, 17 supra).

21 For these purposes, 'accounting information' means such accounting records as would be required by the Companies Act 1985 s 221 (prospectively repealed by the Companies Act 2006 s 1295, Sch 16, and replaced by ss 386, 387, as from a day to be appointed under s 1300(2); at the date at which this title states the law, no such day had been appointed) in respect of the storage activities undertaken by an owner of a relevant facility, if those activities were the only business undertaken by the owner and the owner were a person to whom that provision applied: Petroleum Act 1998 s 17E(6) (as added: see note 1 supra). Owners of relevant facilities must keep their internal accounts in such manner as will enable them to provide accounting information if required to do so by such a notice: s 17E(2) (as so added). As to enforcement of this duty see PARA 1032 post.

22 Ibid s 17E(1) (as added (see note 1 supra); s 17E(1), (3), (6) amended by virtue of s 17C(7)(a) (as substituted: see note 1 supra) and of the Utilities Act 2000 s 76(7)). 'Significant transaction' means (1) any transaction which relates to rights to have gas stored in a relevant facility; or (2) any other transaction which is of a description specified by the Authority from time to time by notice: Petroleum Act 1998 s 17E(6) (as so added and amended). For these purposes, an undertaking is an associated undertaking of another undertaking if one of the undertakings has control of the other, or both undertakings are under the control of the same person or persons; and the Income and Corporation Taxes Act 1988 s 416(2)-(5) (see INCOME TAXATION vol 23(2) (Reissue) PARA 1299) applies with any necessary modifications for these purposes as it applies for the purposes of Pt XI (ss 414-422) (as amended) (close companies: see INCOME TAXATION vol 23(2) (Reissue) PARA 1296 et seq); Petroleum Act 1998 s 17E(7) (as so added).

The Authority must not disclose to any person information obtained under s 17E(1) (as added and amended) without the consent of the person by or on behalf of whom it was provided, unless the Authority is required to do so by virtue of any obligation imposed on it by or under any enactment: s 17E(3) (as so added and amended).

23 Ibid s 17D(11) (as added and amended: see notes 1, 17 supra). As to enforcement of the obligation to comply with such a notice see PARA 1032 post.

24 Ibid s 17D(12) (as added and amended: see notes 1, 17 supra).

25 Ibid s 17D(13) (as added: see note 1 supra).

UPDATE

1030-1032 Offshore Gas Storage Facilities

As to the exploitation of areas outside the territorial sea for gas importation and storage see PARA 1032A.

As to the importation and storage of combustible gas see PARA 1032B.

As to the storage of carbon dioxide see PARA 1032C.

1030 Acquisition of rights to store gas in certain offshore gas storage facilities

NOTE 2--Definition of 'gas' in Petroleum Act 1998 s 28(1) amended: Energy Act 2008 Sch 1 para 9 (partly in force: SI 2009/2809).

NOTE 21--Day now appointed for repeal of 1985 Act s 221 and replacement by Companies Act 2006 ss 386, 387: SI 2007/3495. Definition of 'accounting information' amended to take account of the coming into force of the Companies Act 2006: SI 2008/948.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(9) OFFSHORE GAS STORAGE FACILITIES/1031. Relevant facilities.

1031. Relevant facilities.

The provisions regarding the acquisition of rights to store gas in certain offshore gas facilities which are set out in the preceding paragraph¹ apply to an offshore gas storage facility² unless, or except to the extent that, its capacity is exempt under the following provisions³.

A person who is or expects to be an owner⁴ of an offshore gas storage facility may apply in writing to the Gas and Electricity Markets Authority ('GEMA')⁵ for an exemption with respect to the facility⁶.

The Authority must give an exemption with respect to a facility, other than a new facility⁷, where it is satisfied that use of the facility by other persons is not necessary for the operation of an economically efficient gas market⁸; and it must give an exemption with respect to a new facility where it is satisfied that either:

- 2020 (1) use of the facility by other persons is not necessary for the operation of an economically efficient gas market; or
- 2021 (2) the following requirements are met⁹, namely that:
- 167 250. (a) the facility or, as the case may be, the significant increase in its capacity will promote security of supply;
- 251. (b) the level of risk is such that the investment to construct the facility or, as the case may be, to modify the facility to provide for a significant increase in its capacity would not be or would not have been made without the exemption;
- 252. (c) the facility is or is to be owned by a person other than the gas transporter¹⁰ who operates or will operate the pipeline system connected or to be connected to the facility;
- 253. (d) charges will be levied on users of the facility or, as the case may be, the increase in its capacity;
- 254. (e) the exemption will not be detrimental to competition, the operation of an economically efficient gas market or the efficient functioning of the pipeline system connected or to be connected to the facility; and
- 255. (f) the European Commission is or will be content with the exemption¹¹.
- 168

In respect of a facility which is or is to be modified to provide for a significant increase in its capacity, an exemption by virtue of head (2) above may only be given in relation to that increase in its capacity¹². An exemption may not be given by virtue of head (2) above more than once in respect of the same facility¹³; but this does not prevent a further exemption being given by virtue of that head in respect of a facility if:

- 2022 (i) the facility is or is to be modified to provide for a significant increase in its capacity;
- 2023 (ii) the exemption has effect only in relation to that increase in its capacity; and
- 2024 (iii) no previous exemption has been given by virtue of head (2) above in relation to that increase in its capacity¹⁴.

An exemption must be given in writing and may be given:

- 2025 (A) so as to have effect for an indefinite period or for a period specified in, or determined under, the exemption;
- 2026 (B) unconditionally or subject to such conditions as the Authority considers appropriate;
- 2027 (C) so as to have effect in the case of a facility other than a new facility, in relation to the whole of the capacity of the facility, or in the case of a new facility, in relation to the whole of the capacity of the facility or any significant increase in the capacity of the facility¹⁵.

The Authority must publish its decision to give or refuse to give an exemption together with the reasons for its decision in such manner as it considers appropriate¹⁶.

An exemption may be revoked in accordance with its provisions and, in any event, may be revoked by giving a notice¹⁷ of revocation to the owner of the facility concerned not less than four months before the coming into force of the revocation¹⁸.

1 le the Petroleum Act 1998 s 17D (as added and amended): see PARA 1030 ante.

2 For the meaning of 'offshore gas storage facility' see PARA 1030 note 2 ante.

3 Petroleum Act 1998 s 17C(1) (s 17C added by the Gas (Third Party Access and Accounts) Regulations 2000, SI 2000/1937, reg 2(4), Sch 4 para 4; the Petroleum Act 1998 s 17C(1) amended by the Gas (Third Party Access) Regulations 2004, SI 2004/2043, reg 2(3), Sch 3 para 1(a)).

4 For the meaning of 'owner' see PARA 1030 note 1 ante.

5 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

6 Petroleum Act 1998 s 17C(2) (as added (see note 3 supra); amended by the Gas (Third Party Access) Regulations 2004, SI 2004/2043, reg 2(3), Sch 3 para 1(b), (c); and by virtue of the Utilities Act 2000 s 76(7); and the Petroleum Act 1998 s 17C(7)(a) (as substituted: see PARA 1030 note 1 ante)).

7 'New facility' means (1) an offshore gas storage facility the construction of which is or is to be completed after 3 August 2003; or (2) an offshore gas storage facility the modification of which to provide for a significant increase in capacity is or is to be completed after 3 August 2003: Petroleum Act 1998 s 28(1) (definition added by the Gas (Third Party Access) Regulations 2004, SI 2004/2043, reg 2(3), Sch 3 para 3(a)).

8 Petroleum Act 1998 s 17C(5) (s 17C(5) substituted, and s 17C(5A)-(5F) added, by the Gas (Third Party Access) Regulations 2004, SI 2004/2043, reg 2(3), Sch 3 para 1(e)).

9 Petroleum Act 1998 s 17C(5A) (as added: see note 8 supra).

10 For the meaning of 'gas transporter' see PARA 805 ante (definition applied by the Petroleum Act 1998 s 28(1) (amended for this purpose by the Gas (Third Party Access and Accounts) Regulations 2000, SI 2000/1937, Sch 4 para 9(e); and by virtue of the Utilities Act 2000 s 76(7)).

11 Petroleum Act 1998 s 17C(5C) (as added: see note 8 supra).

12 Ibid s 17C(5B) (as added: see note 8 supra).

13 Ibid s 17C(5D) (as added: see note 8 supra).

14 Ibid s 17C(5E) (as added: see note 8 supra).

15 Ibid s 17C(3) (as added (see note 3 supra); amended by the Gas (Third Party Access) Regulations 2004, SI 2004/2043, reg 2(3), Sch 3 para 1(d); and by virtue of the Utilities Act 2000 s 76(7); and the Petroleum Act 1998 s 17C(7)(a) (as substituted: see PARA 1030 note 1 ante)).

16 Petroleum Act 1998 s 17C(5F) (as added: see note 8 supra).

17 For the meaning of 'notice', and as to service of notices, see PARA 1030 note 11 ante.

18 Petroleum Act 1998 s 17C(4) (as added: see note 3 supra).

UPDATE

1030-1032 Offshore Gas Storage Facilities

As to the exploitation of areas outside the territorial sea for gas importation and storage see PARA 1032A.

As to the importation and storage of combustible gas see PARA 1032B.

As to the storage of carbon dioxide see PARA 1032C.

1031 Relevant facilities

TEXT AND NOTES 17, 18--An exemption may contain provision for its revocation: Petroleum Act 1998 s 17C(4) (substituted by SI 2009/1349).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(9) OFFSHORE GAS STORAGE FACILITIES/1032. Enforcement.

1032. Enforcement.

The statutory obligations:

- 2028 (1) to comply with any notice requiring the owner of a relevant offshore gas storage facility to allow an applicant to store gas in the facility¹; and
- 2029 (2) to comply with any duty to negotiate with the applicant and to endeavour to reach an agreement²,

are duties owed to any person who may be affected by a failure to comply with them³. Where a duty is owed by virtue of the above provision to any person, any breach of the duty which causes that person to sustain loss or damage is actionable at the suit or instance of that person⁴. In any proceedings brought against a person in pursuance of that provision, it is, however, a defence for him to prove that he took all reasonable steps and exercised all due diligence to avoid contravening the duty⁵.

Compliance with the duties:

- 2030 (a) to publish the main commercial conditions relating to the grant to another person of a right to store gas in the relevant facility, and to publish any changes to those conditions⁶;
- 2031 (b) to ensure that the published conditions are not discriminatory⁷; and
- 2032 (c) to keep internal accounts in the required manner⁸,

is enforceable by civil proceedings by the Secretary of State⁹ for an injunction or other appropriate relief or remedy¹⁰.

Except so far as so provided, nothing in the statutory provisions relating to offshore gas storage facilities¹¹:

- 2033 (i) confers a right of action in any civil proceedings (other than proceedings for recovery of a fine) in respect of any contravention of those provisions or an order or regulations made under them;
- 2034 (ii) affects any restriction imposed by or under any other enactment, whether public, local or private; or
- 2035 (iii) derogates from any right of action or other remedy, whether civil or criminal, in proceedings instituted otherwise than under those provisions¹².

1 Ie any notice under the Petroleum Act 1998 s 17D(11) (as added and amended): see PARA 1030 ante. As to relevant facilities see PARA 1031 ante.

2 Ie any duty under *ibid* s 17D(7) (as added): see PARA 1030 ante.

3 *Ibid* s 17H(1) (s 17H added by the Gas (Third Party Access and Accounts) Regulations 2000, SI 2000/1937, reg 2(4), Sch 4 para 4; the Petroleum Act 1998 s 17H(1) amended for these purposes by the Gas (Third Party Access) Regulations 2004, SI 2004/2043, reg 2(3), Sch 3 para 2). As to the persons to whom these provisions apply see also the Petroleum Act 1998 s 48(2), cited in PARA 1030 note 6 ante.

4 Ibid s 17H(2) (as added: see note 3 supra).

5 Ibid s 17H(3) (as added: see note 3 supra).

6 Ie the duty under ibid s 17D(1) (as added): see PARA 1030 ante.

7 Ie the duty under ibid s 17D(3) (as added): see PARA 1030 ante.

8 Ie the duty under ibid s 17D(2) (as added): see PARA 1030 ante.

9 As to the Secretary of State see PARA 601 note 1 ante.

10 Petroleum Act 1998 s 17H(4) (as added: see note 3 supra).

11 Ie nothing in ibid ss 17C-17E, 17H (as added and amended): see the text and notes 1-10 supra; and PARAS 1030-1031 ante.

12 See ibid s 28(6). This is subject to the Interpretation Act 1978 s 18 (duplicated offences: see CRIMINAL LAW, EVIDENCE AND PROCEDURE vol 11(3) (2006 Reissue) PARA 1272); Petroleum Act 1998 s 28(7).

UPDATE

1030-1032 Offshore Gas Storage Facilities

As to the exploitation of areas outside the territorial sea for gas importation and storage see PARA 1032A.

As to the importation and storage of combustible gas see PARA 1032B.

As to the storage of carbon dioxide see PARA 1032C.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(9) OFFSHORE GAS STORAGE FACILITIES/1032A. Exploitation of areas outside the territorial sea for gas importation and storage.

1032A. Exploitation of areas outside the territorial sea for gas importation and storage.

The rights to which the Energy Act 2008 s 1 applies have effect, by virtue of s 1, as rights belonging to Her Majesty: Energy Act 2008 s 1(1). Section 1 applies to the rights under Part V of the Convention that are exercisable by the United Kingdom in areas outside the territorial sea (1) with respect to any of the matters mentioned in s 1(3), or (2) for any other purposes connected with any of those matters: s 1(2). 'The Convention' means the United Nations Convention on the Law of the Sea 1982 (Cmnd 8941) and any modifications of that Convention agreed after the passing of the Energy Act 2008 (ie 26 November 2008) that have entered into force in relation to the United Kingdom: s 1(6). The matters are (a) the exploitation of those areas for the unloading of gas to installations or pipelines; (b) the exploitation of those areas for the storing of gas (whether or not with a view to its being recovered), or the recovery of gas so stored; (c) the exploration of those areas with a view to their exploitation as mentioned in head (a) or (b): s 1(3). 'Gas' means any substance which is gaseous at a temperature of 15°C and a pressure of 101.325 kPa (1013.25 mb): s 1(6). For the purposes of s 1(3), references to gas include any substance which consists wholly or mainly of gas: s 1(4). 'Installation' includes any floating structure or device maintained on a station by whatever means: s 1(6). Her Majesty may by Order in Council designate an area as an area within which the rights to which s 1 applies are exercisable (a 'Gas Importation and Storage Zone'): s 1(5). See the Gas Importation and Storage Zone (Designation of Area) Order 2009, SI 2009/223 (made under the Energy Act 2008 s 1(5)). As from a day to be appointed Energy Act 2008 s 1(5) substituted: see Marine and Coastal Access Act 2009 Sch 4 para 5(2).

UPDATE

1030-1032 Offshore Gas Storage Facilities

As to the exploitation of areas outside the territorial sea for gas importation and storage see PARA 1032A.

As to the importation and storage of combustible gas see PARA 1032B.

As to the storage of carbon dioxide see PARA 1032C.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(9) OFFSHORE GAS STORAGE FACILITIES/1032B. Importation and storage of combustible gas.

1032B. Importation and storage of combustible gas.

The following provisions are partly in force: SI 2009/2809.

1. Activities requiring a licence

No person may carry on an activity within the Energy Act 2008 s 2(3) except in accordance with a licence: Energy Act 2008 s 2(1). 'Licence', except where the context otherwise requires, means a licence under the Energy Act 2008 s 4 (see PARA 1032B.2), and 'licence holder' is to be construed accordingly: Energy Act 2008 s 16. But s 2(1) is subject to the Energy Act 2008 s 3: s 2(2). The activities are (1) the use of a controlled place for the unloading of gas to an installation or pipeline; (2) the use of a controlled place for the storage of gas; (3) the conversion of any natural feature in a controlled place for the purpose of storing gas; (4) the recovery of gas stored in a controlled place; (5) the exploration of a controlled place with a view to, or in connection with, the carrying on of activities within heads (1)-(4); (6) the establishment or maintenance in a controlled place of an installation for the purposes of activities within s 2(3): s 2(3). In s 2 'controlled place' means a place in, under or over (a) the territorial sea, or (b) waters in a Gas Importation and Storage Zone (within the meaning of the Energy Act 2008 s 1(5) (see PARA 1032A); 'gas' means any combustible substance which is gaseous at a temperature of 15°C and a pressure of 101.325 kPa (1013.25 mb) and which consists wholly or mainly of (i) methane, (ii) ethane, (iii) propane, (iv) butane, (v) a substance designated for the purposes of s 2 by an order made by the Secretary of State, or (vi) a mixture of two or more of the substances mentioned in heads (i)-(v): s 2(4). 'Installation' includes any floating structure or device maintained on a station by whatever means: Energy Act 2008 s 16.

The Energy Act 2008 Pt 1 Ch 2 (ss 2-16) does not apply in relation to (A) the use of a controlled place for the unloading of gas to an installation which is connected with land by a permanent structure providing access at all times and for all purposes; (B) the conversion of a natural feature of which part is in a controlled place and part under land, if the operations necessary for the conversion take place wholly or mainly on, over or under land; (C) the use of a place for the storage of gas, or the recovery of gas so stored, where (aa) the gas was, or is to be, introduced into the store by means of a well on land, and (bb) part of the place is a controlled place and part is under land; (D) the establishment or maintenance of an installation for the purposes of activities falling within head (A): Energy Act 2008 s 3(1). In s 3 'land' means land in England and land in Wales; and 'well' includes a borehole: s 3(2).

2. Licensing

The Secretary of State may grant a person a licence in respect of one or more activities within the Energy Act 2008 s 2(3) (see PARA 1032B.1): Energy Act 2008 s 4(1). The controlled place (see PARA 1032B.1) in respect of which a licence is granted may be determined by reference to the provisions of a Crown lease which has been or may be granted: s 4(2). For this purpose 'Crown lease' means a lease of property forming part of the Crown Estate, or an authorisation to exercise rights forming part of that Estate (whether by virtue of the Energy Act 2008 s 1 (see PARA 1032A) or otherwise): s 4(3). For provision requiring consent to be given for works detrimental to navigation in connection with licences under the Energy Act 2008 s 4, see

Energy Act 2008 Pt 4A (ss 79A-79Q) and WATER AND WATERWAYS. See also Petroleum Act 1998 s 45A (added by Energy Act 2008 s 75) (information about decommissioning of wells).

The Secretary of State may by regulations (1) prescribe the persons, or classes of persons, by whom an application for a licence may be made; (2) prescribe requirements which must be met by, or in relation to, a person who makes an application; (3) prescribe the manner in which an application must be made; (4) prescribe the information which an application must contain and any documents which must accompany it; (5) require an application to be accompanied by a fee of an amount prescribed by, or determined in accordance with, the regulations: Energy Act 2008 s 5. In exercise of this power the Secretary of State has made the Offshore Gas Storage and Unloading (Licensing) Regulations 2009, SI 2009/2813.

A licence may be granted on such terms and subject to such conditions as the Secretary of State considers appropriate: see Energy Act 2008 s 6.

The Secretary of State may make regulations prescribing model clauses for licences: see Energy Act 2008 s 7. For the prescribed model clauses see the Offshore Exploration (Petroleum, and Gas Storage and Unloading) (Model Clauses) Regulations 2009, SI 2009/2814; SI 2009/2813; and PARA 1670A.

3. Enforcement

It is an offence for a person to carry on an activity within the Energy Act 2008 s 2(3) (see PARA 1032B.1) at a controlled place (see PARA 1032B.1) unless, at the time the activity is carried on, that person (1) has a licence (see PARA 1032B.1) for the carrying on of that activity at that place, or (2) is carrying on the activity on behalf of a person who has such a licence: Energy Act 2008 s 8(1). It is an offence for a person to cause or permit another person to commit an offence under s 8(1): s 8(2). But s 8(1) and (2) is subject to the Energy Act 2008 s 3 (see PARA 1032B.1): s 8(3). A person guilty of an offence under s 8 is liable on summary conviction, to a fine not exceeding the statutory maximum, or on conviction on indictment, to a fine: s 8(4). As to the statutory maximum see PARA 689.

An offence is committed by a licence holder if (a) a thing is done for which the licence specifies that the prior consent of the Secretary of State or any other person is required, without that consent first having been obtained; (b) such a thing is done in circumstances where that consent was obtained subject to conditions and those conditions have not been satisfied; (c) the licence holder fails to keep records, give a notice or make a return or report, in accordance with the provisions of the licence; (d) the licence holder breaches any other provision of the licence which is specified, or of a description specified, in an order made by the Secretary of State: Energy Act 2008 s 9(1). In proceedings against a person for an offence under s 9(1), it is a defence for the person to prove that due diligence was exercised to avoid committing the offence: s 9(2). It is an offence for a person to make a statement which the person knows to be false, or recklessly to make a statement which is false, in order to obtain (i) a licence, or (ii) the consent of the Secretary of State or any other person for the purposes of any requirement imposed by virtue of the Energy Act 2008 s 6(4) (see PARA 1032B.2): s 9(3). It is an offence for a person to fail to disclose information which the person knows, or ought to know, to be relevant to an application for (A) a licence, or (B) the consent of the Secretary of State or any other person for the purposes of any requirement imposed by virtue of s 6(4): s 9(4). A person guilty of an offence under s 9 is liable on summary conviction, to a fine not exceeding the statutory maximum, or on conviction on indictment, to a fine: s 9(5).

If a licence holder fails to comply with any provision of the licence, the Secretary of State may direct the licence holder to take steps which the Secretary of State considers necessary or appropriate to comply with the provision within a period specified in the direction: see Energy Act 2008 s 10. It is an offence for a person to fail to comply with a direction under s 10, unless

the person proves that due diligence was exercised in order to avoid the failure: see Energy Act 2008 s 11.

Where the Secretary of State considers it necessary or expedient to restrain any actual or apprehended breach of the Energy Act 2008 s 2(1) (see PARA 1032B.1), the Secretary of State may apply to the court for an injunction: see Energy Act 2008 s 12.

The Secretary of State may appoint persons to act as inspectors to assist in carrying out the functions of the Secretary of State under the Energy Act 2008 Pt 1 Ch 2 (ss 2-16): see Energy Act 2008 s 13.

Provision is made with respect to criminal proceedings: see Energy Act 2008 s 14.

4. Interaction with the petroleum licensing requirements

Where there is a licence (see PARA 1032B.1) for the recovery of gas (see PARA 1032B.1) stored in a controlled place (see PARA 1032B.1), the Secretary of State may give a direction in respect of the place or any part of it ('the relevant stratum'): Energy Act 2008 s 15(1), (2). The effect of the direction is that any operations under the licence to recover gas from the relevant stratum are not to be regarded as resulting in the boring for or getting of petroleum for the purposes of the Petroleum Act 1998 Pt 1: Energy Act 2008 s 15(3). 'Petroleum' means petroleum to which the Petroleum Act 1998 s 3 (see PARA 1639) applies: Energy Act 2008 s 15(8). A direction may be given only if the Secretary of State is satisfied that the amount of petroleum which exists in its natural condition in the relevant stratum is so small that it ought to be disregarded for the purposes of the Petroleum Act 1998 Pt 1: Energy Act 2008 s 15(4). Where a direction has effect, if the Secretary of State ceases to be satisfied as mentioned in s 15(4), the Secretary of State must give the licence holder a notice revoking the direction and specifying a time for the purposes of s 15(6): s 15(5). Where a notice is given under s 15(5), the revocation of the direction takes effect (1) if an application for a petroleum licence in respect of the relevant stratum is made by the licence holder before the specified time, immediately before the time the application is determined or withdrawn, and (2) in any other case, at the specified time: s 15(6). 'Petroleum licence' means a licence under the Petroleum Act 1998 s 3 authorising a person to bore for and get petroleum: Energy Act 2008 s 15(8). Before giving or revoking a direction, the Secretary of State must consult the licence holder: s 15(7).

UPDATE

1030-1032 Offshore Gas Storage Facilities

As to the exploitation of areas outside the territorial sea for gas importation and storage see PARA 1032A.

As to the importation and storage of combustible gas see PARA 1032B.

As to the storage of carbon dioxide see PARA 1032C.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/3. PARTICULAR PROVISIONS RELATING TO GAS/(9) OFFSHORE GAS STORAGE FACILITIES/1032C. Storage of carbon dioxide.

1032C. Storage of carbon dioxide.

1. Activities requiring a licence

No person may carry on an activity within the Energy Act 2008 s 17(2) except in accordance with a licence: Energy Act 2008 s 17(1). 'Licence' means a licence granted under the Energy Act 2008 s 18(1) (see PARA 1032C.2), and 'licence holder' is to be construed accordingly: Energy Act 2008 s 35(1). The activities are (1) the use of a controlled place for the storage of carbon dioxide (with a view to its permanent disposal, or as an interim measure prior to its permanent disposal); (2) the conversion of any natural feature in a controlled place for the purpose of storing carbon dioxide (with a view to its permanent disposal, or as an interim measure prior to its permanent disposal); (3) the exploration of a controlled place with a view to, or in connection with, the carrying on of activities within head (1) or (2); (4) the establishment or maintenance in a controlled place of an installation for the purposes of activities within s 17(2): s 17(2). In s 17, 'controlled place' means a place in, under or over (a) the territorial sea, or (b) waters in a Gas Importation and Storage Zone (see PARA 1032A): s 17(3). 'Installation' includes any floating structure or device maintained on a station by whatever means: Energy Act 2008 s 35(1).

2. Licensing

The licensing authority may grant a licence to a person in respect of one or more activities within the Energy Act 2008 s 17(2) (see PARA 1032C.1): Energy Act 2008 s 18(1). The licensing authority is (1) in the case of a licence in respect of activities within s 17(2)(a)-(c) and a controlled place (see PARA 1032C.1) which is not in, under or over the territorial sea adjacent to Scotland, the Secretary of State, (2) in the case of a licence in respect of such activities and a controlled place which is in, under or over that territorial sea, the Scottish Ministers, (3) in the case of a licence in respect of such activities and a controlled place only part of which is in, under or over that territorial sea, either the Secretary of State or the Scottish Ministers, and (4) in the case of a licence in respect of activities within s 17(2)(d), whichever of the Secretary of State or the Scottish Ministers licenses the activities for the purposes of which the installation (see PARA 1032C.1) is established or maintained; and in the Energy Act 2008 Pt 1 Ch 3 (ss 17-35) references to the licensing authority in relation to a licence falling within head (3) are references to the person who grants the licence or, if the licence has not yet been granted, to whom the application for the licence was made: s 18(2). The controlled place in respect of which a licence is granted may be determined by reference to the provisions of a Crown lease which has been or may be granted: s 18(3). For this purpose a 'Crown lease' means a lease of property forming part of the Crown Estate, or an authorisation to exercise rights forming part of that Estate (whether by virtue of the Energy Act 2008 s 1 (see PARA 1032A) or otherwise): s 18(4). For provision requiring consent to be given for works detrimental to navigation in connection with licences under the Energy Act 2008 s 18, see Energy Act 2008 Pt 4A (ss 79A-79Q) and WATER AND WATERWAYS.

Each licensing authority may by regulations make provision about the circumstances in which it may grant licences, including (a) provision about the requirements to be met by or in relation to an applicant, and (b) provision about any other requirements which must be met for a licence to be granted: Energy Act 2008 s 19(1). Regulations under head (a) may, in particular

(i) prescribe the persons, or classes of persons, by whom an application for a licence may be made; (ii) prescribe the manner in which an application must be made; (iii) prescribe the information which an application must contain and any documents which must accompany it; (iv) require an application to be accompanied by a fee of an amount prescribed by, or determined in accordance with, the regulations; (v) require an applicant, before a licence is granted, to make arrangements (whether by way of trust or otherwise) to provide financial security in respect of the applicant's future obligations relating to the activities under the licence (whether those obligations will or may arise under the licence or otherwise): s 19(2).

A licence may be granted on such terms and subject to such conditions as the licensing authority considers appropriate, subject to regulations under the Energy Act 2008 s 21: see Energy Act 2008 s 20.

Each licensing authority may make regulations about the terms and conditions of licences granted by it: see Energy Act 2008 s 21.

3. Enforcement

It is an offence for a person to carry on an activity within the Energy Act 2008 s 17(2) (see PARA 1032C.1) at a controlled place (see PARA 1032C.1) unless, at the time the activity is carried on, that person (1) has a licence (see PARA 1032C.2) for the carrying on of the activity at that place, or (2) is carrying on the activity on behalf of a person who has such a licence: Energy Act 2008 s 22(1). It is an offence for a person to cause or permit another person to commit the offence in s 22(1): s 22(2). A person guilty of an offence under s 22 is liable on summary conviction, to a fine not exceeding £50,000, or on conviction on indictment, to imprisonment for a term not exceeding two years or to a fine, or both: s 22(3). If the activity constituting the offence falls within s 17(2)(c), or relates to the establishment or maintenance of an installation (see PARA 1032C.1) for the purposes of an activity mentioned in that provision, s 22(3) has effect as if (a) the reference to £50,000 were a reference to the statutory maximum, and (b) the reference to imprisonment were omitted: s 22(4). As to the statutory maximum see PARA 689.

An offence is committed by a licence holder if (i) a thing is done for which the licence specifies that the prior consent of the licensing authority (see PARA 1032C.2) or any other person is required, without that consent first having been obtained; (ii) such a thing is done in circumstances where that consent was obtained subject to conditions and those conditions have not been satisfied; (iii) the licence holder fails to keep records, give a notice or make a return or report, in accordance with the provisions of the licence; (iv) the licence holder breaches any other provision of the licence which is specified, or of a description specified, in an order made by the licensing authority: Energy Act 2008 s 23(1). In proceedings against a person for an offence under s 23(1), it is a defence for the person to prove that due diligence was exercised to avoid committing the offence: s 23(2). A person guilty of an offence under s 23(1) is liable on summary conviction, to a fine not exceeding £50,000, or on conviction on indictment, to imprisonment for a term not exceeding two years or to a fine, or both: s 23(3). If an offence under s 23(1) relates to an activity within s 17(2)(c), or relates to the establishment or maintenance of an installation for the purposes of an activity mentioned in that provision, s 23(3) has effect as if (A) the reference to £50,000 were a reference to the statutory maximum, and (B) the reference to imprisonment were omitted: s 23(4). It is an offence for a person to make a statement which the person knows to be false, or recklessly to make a statement which is false, in order to obtain a licence, or the consent of the licensing authority or any other person for the purposes of any requirement imposed by virtue of the Energy Act 2008 s 20(6) (see PARA 1032C.2): s 23(5). It is an offence for a person to fail to disclose information which the person knows, or ought to know, to be relevant to an application for a licence, or the consent of the licensing authority or any other person for the purposes of any requirement imposed by virtue of s 20(6): s 23(6). A person guilty of an offence under s 23(5) or (6) is liable on summary

conviction, to a fine not exceeding the statutory maximum, or on conviction on indictment, to a fine: s 23(7).

If a licence holder fails to comply with any provision of the licence, the licensing authority may direct the licence holder to take steps which the licensing authority considers necessary or appropriate to comply with the provision within a period specified in the direction: see Energy Act 2008 s 24. It is an offence for a person to fail to comply with a direction under s 24, unless the person proves that due diligence was exercised in order to avoid the failure: see Energy Act 2008 s 25.

Where the Secretary of State considers it necessary or expedient to restrain any other actual or apprehended breach of the Energy Act 2008 s 17(1) (see PARA 1032C.1), the Secretary of State may apply to the High Court for an injunction: see Energy Act 2008 s 26.

The Secretary of State may appoint persons to act as inspectors to assist in carrying out the functions of the Secretary of State under the Energy Act 2008 Pt 1 Ch 3 (ss 17-35): see Energy Act 2008 s 27.

Provision is made with respect to criminal proceedings: see Energy Act 2008 s 28.

4. Requirement for public register

The Secretary of State must maintain a register containing prescribed information relating to licences (see PARA 1032C.2); information is not to be included in the register if (1) the Secretary of State thinks that disclosure of the information would be contrary to the interests of national security, or (2) the licensing authority (see PARA 1032C.2) thinks that disclosure of the information would prejudice to an unreasonable degree a person's commercial interests: see Energy Act 2008 s 29.

5. Abandonment of offshore installations

The Petroleum Act 1998 Pt 4 applies in relation to a carbon storage installation as it applies in relation to an offshore installation within the meaning given by the Petroleum Act 1998 s 44 (see PARA 1729), subject to the Energy Act 2008 s 30(4): Energy Act 2008 s 30(1). In s 30, 'carbon storage installation' means an installation established or maintained for the purposes of an activity mentioned in the Energy Act 2008 s 17(2)(a), (b) or (c) (see PARA 1032C.1): s 30(5). In relation to any other carbon storage installation, the Secretary of State may make regulations providing that the Petroleum Act 1998 Pt 4 applies in relation to such an installation with such modifications as may be specified in the regulations: Energy Act 2008 s 30(4).

6. Termination of the licence

The licensing authority (see PARA 1032C.2) may by regulations make provision (1) about the circumstances in which a licence (see PARA 1032C.2) may be terminated; (2) imposing obligations on the licensing authority in respect of a carbon storage facility on or after the termination of a licence relating to the facility: Energy Act 2008 s 31(1). 'Carbon storage facility' means a controlled place (see PARA 1032C.1), or part of a controlled place, in which carbon dioxide has been stored pursuant to a licence: Energy Act 2008 s 20(8). Regulations under s 31 may, in particular, make provision about financial arrangements to be made in relation to a closed carbon storage facility on or after the termination of a licence relating to the facility: s 31(2). A licence has effect subject to any regulations under s 31: s 31(3).

7. Miscellaneous

The Petroleum Act 1987 ss 21, 23 and 24 (safety zones: see PARA 1680) apply in relation to a carbon storage installation (see PARA 1032C.5) as they apply in relation to an installation within the Petroleum Act 1987 s 21(1): Energy Act 2008 s 32.

The use of carbon dioxide, in a controlled place (see PARA 1032C.1), for a purpose ancillary to getting petroleum is to be regarded as (1) an activity within the Energy Act 2008 s 17(2) (see PARA 1032C.1), or (2) the storage of gas for the purposes of the Energy Act 2008 s 1(3)(b) (see PARA 1032A), only in the circumstances specified by the Secretary of State by order: Energy Act 2008 s 33(1). In s 33 'petroleum' has the meaning given by the Petroleum Act 1998 s 1 (see PARA 1626): Energy Act 2008 s 33(5). Section 33(1) and orders made under it are without prejudice to the Petroleum Act 1998 Pt 1: Energy Act 2008 s 33(2). An order under s 33(1) may provide that the use of carbon dioxide, in a designated place, for a purpose ancillary to getting petroleum is to be regarded, for the purposes of the Energy Act 2008 Pt 1 Ch 3 (ss 17-35), as the use of carbon dioxide in a controlled place for such a purpose: s 33(3). A designated place means a place designated by the order which is a place in, under or over waters in an area designated under the Continental Shelf Act 1964 s 1(7) (see PARA 1636), other than waters in a Gas Importation and Storage Zone (see PARA 1032A): Energy Act 2008 s 33(4).

The Secretary of State may by order transfer to a public body any function conferred on the Secretary of State by or under the Energy Act 2008 Pt 1 Ch 3, other than a power to make regulations or an order: see Energy Act 2008 s 34.

UPDATE

1030-1032 Offshore Gas Storage Facilities

As to the exploitation of areas outside the territorial sea for gas importation and storage see PARA 1032A.

As to the importation and storage of combustible gas see PARA 1032B.

As to the storage of carbon dioxide see PARA 1032C.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(1) ELECTRICITY LEGISLATION/1033. Historical background; the electricity supply industry before privatisation.

4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY

(1) ELECTRICITY LEGISLATION

1033. Historical background; the electricity supply industry before privatisation.

The first public measure to deal with electricity supply in England and Wales was the Electric Lighting Act 1882¹. Among many other provisions², the Act made provision for small-scale private companies and municipal undertakings to supply electricity under licences³ granted by the Board of Trade⁴, subject to the consent of the local authority⁵ or under provisional orders which had to be confirmed by Parliament⁶. In the ten years following the Electric Lighting Act 1888, development was rapid and a number of power bills were promoted by private companies for the generation of electricity on a large scale and its transmission over wider areas. The special Acts subsequently passed established private companies with rights in perpetuity to supply electricity in bulk to authorised undertakers⁷, direct to industry and to other customers in areas not already covered by distribution rights.

The Electric Lighting (Clauses) Act 1899⁸ set out in the Schedule provisions which, save in so far as expressly varied or excepted, were to be incorporated in all future orders and Acts. The Schedule, along with the Appendix thereto, contained a wide spectrum of provisions for the regulation of the supply of electricity⁹.

The next public measure was the Electricity (Supply) Act 1909 which introduced a number of provisions relating to electricity supply¹⁰. This was followed by the Electricity (Supply) Act 1919 which established Electricity Commissioners¹¹. The commissioners were appointed to exercise the powers of the Board of Trade and to advise the Minister of Transport¹² on the exercise of functions conferred or transferred to him by that Act. The commissioners were responsible for rationalising the industry by grouping undertakings on a regional basis¹³ through the creation of Joint Electricity Authorities¹⁴.

The limited success of the Joint Electricity Authorities in co-ordinating the control of generating stations in the ownership of private companies and local authorities was one of the factors which led to the reorganisation of the industry which, by then, comprised some 600 separate supply undertakings obtaining power from over 400 generating stations. The Electricity (Supply) Act 1926 created the Central Electricity Board¹⁵ whose primary function was to concentrate the generation of electricity in a limited number of large, efficient power stations and to interconnect them through main transmission lines (known as 'the national grid') and to direct the operation of such stations¹⁶.

The last of the Electricity (Supply) Acts was the Electricity Supply (Meters) Act 1936 which provided for the appointment by the Electricity Commissioners of a number of meter examiners, and for meter testing and certification¹⁷.

In 1947, the electricity supply industry was brought into public ownership. The Electricity Act 1947 transferred the distribution and supply activities of, by then, some 560 separate undertakings in England and Wales to 12 regional area boards¹⁸ and transferred the functions of the Electricity Commissioners to the British Electricity Authority (renamed the Central Electricity Authority)¹⁹, in which were vested the generating assets and liabilities of existing undertakings²⁰. The Central Electricity Authority was to be responsible for the generation and transmission of electricity together with the central co-ordination and policy direction of the industry²¹, whilst the area boards were placed under a duty to acquire and distribute bulk supplies of electricity²². A Consultative Council was established for each of the area boards²³.

In general, those provisions of the earlier Acts which related to the authorisation of electricity supply by company undertakers or local authorities, to the creation of joint electricity authorities or to the Electricity Commissioners or the Central Electricity Authority were repealed; whilst those provisions which related to the execution of works and to the supply of electricity to customers were adapted so as to apply to the new statutory corporations²⁴.

The Electricity Act 1957 established two new statutory bodies, the Central Electricity Generating Board which assumed certain functions in relation to electricity generation²⁵, and the Electricity Council²⁶ which was given a co-ordinating role.

The Energy Act 1983²⁷ removed the constraints imposed by the Electricity (Supply) Acts of 1909 and 1919 on entry to the generation of electricity²⁸ and gave private generators rights to require electricity boards to purchase their electricity, to provide standby supplies to their customers and to allow the use of their transmission and distribution networks for the purpose of giving a supply to any premises²⁹. It also required area boards to publish tariffs at which they would buy supplies from private generators³⁰.

Other provisions related to the approval and certification of meters³¹, the making of regulations as to supply and safety³², charges for the availability of supplies of electricity³³ and combined heat and power schemes³⁴. The Electricity Consumers' Council, which had been established on 31 October 1977, was made a statutory body³⁵.

Controls over the production of electricity from certain fuels derive from the Energy Act 1976³⁶.

1 The Electric Lighting Act 1882 s 12 incorporated the Gas Works Clauses Act 1847 ss 6-12 (street works) and the Gas Works Clauses Act 1871 ss 38-42 (meters) and ss 45-46 (procedure). The repeal of these Acts by the Gas Act 1948 did not affect those provisions as incorporated in the 1882 Act or as subsequently incorporated in the Electric Lighting (Clauses) Act 1899: see *R v Stock* (1838) 8 Ad & El 405; *R v Merionethshire Inhabitants* (1844) 6 QB 343; *R v Smith* (1873) LR 8 QB 146, 42 LJMC 46.

2 Undertakers were empowered to execute works in streets and alter the position of pipes and wires but they could not break up private streets, railways or tramways without the consent of the owner or the Board of Trade or place electric lines above ground without the consent of the local authority: see the Electric Lighting Act 1882 ss 13-15 (repealed). They were under a duty to supply electricity and were subject to limitations on the charges they could make for supplies. Provision was made for the recovery of charges, disconnection, penalties for interference with electric lines, stealing electricity and rights of entry: see ss 19-24 (all repealed). As to the Board of Trade see TRADE AND INDUSTRY vol 97 (2010) PARA 802.

3 See *ibid* s 2 (repealed). Licences and provisional orders were granted subject to the compliance of the undertakers with the conditions contained therein: see s 6 (repealed).

4 See *ibid* s 3 (repealed).

5 See *ibid* s 3(1) (repealed). The Electric Lighting Act 1888 re-enacted the requirement but gave the Board of Trade power to dispense with that requirement, and provision was also made for the control by the Board of Trade of the placing of electric lines: see ss 1, 4 (repealed).

6 *Ibid* s 4(2).

7 As to the meaning of undertakers see note 24 *infra*.

8 The Electric Lighting (Clauses) Act 1899 was not one of the Electricity (Supply) Acts 1882-1936 and the Schedule itself was of no effect until it was incorporated with another Act.

9 The Electric Lighting (Clauses) Act 1899 Schedule included powers to execute works and place apparatus and lay mains in streets (ss 11-26) and provisions as to the supply of and charges for electricity (ss 27-34), the appointment of electric inspectors (ss 35-38), the testing and inspection of mains, apparatus and works (ss 39-48) and the testing and certification of meters (ss 49-59).

10 These provisions related, *inter alia*, to the compulsory acquisition of land (Electricity (Supply) Act 1909 s 1), a requirement for the consent of the Board of Trade to the construction of a generating station (s 2), the breaking up of streets (s 3), the certification of meters (s 11), requirements as to the notice to be given by consumers prior to quitting premises (s 17) and powers to refuse to supply in certain cases (s 18) (all repealed).

11 The Electricity Commissioners, appointed under the Electricity (Supply) Act 1919 s 39(2), were dissolved by the Electricity Commissioners (Dissolution) Order 1948, SI 1948/1769, and their property and functions under the Electricity Acts 1882-1919 were transferred by that order to the Minister of Fuel and Power: see note 12 *infra*.

12 The functions conferred by the Electric Lighting Acts 1882-1909 were first exercised by the Board of Trade. The Electricity (Supply) Act 1919 s 39 transferred those functions (except that of appointing the Electricity Commissioners) to the Minister of Transport: see the Ministry of Transport (Electricity Supply) Order 1920, SR & O 1920/58 (spent). They were transferred back to the Board of Trade by the Defence (Functions of Ministers) Regulations 1941, SR & O 1941/2057; and then to the Minister of Fuel and Power by the Ministers of the Crown (Minister of Fuel and Power) Order 1942, SI 1942/1132. For subsequent changes in title see PARA 601 *ante*.

13 For the better control of the supply system, the Electricity Commissioners' consent was required for the construction or extension of a generating station, other than a private generating station: see the Electricity (Supply) Act 1919 s 11 (repealed). They could also require the alteration of the characteristics of existing supplies for the purpose of standardisation: see *A-G v Ealing Corp'n* [1924] 2 Ch 545.

14 See the Electricity (Supply) Act 1919 s 1 (repealed). Joint Electricity Authorities had powers to acquire other undertakings (ss 5-8) to put up main transmission lines (s 21) and to acquire compulsory wayleaves (s 22) (all repealed).

15 See the Electricity (Supply) Act 1926 s 1 (repealed).

16 Other provisions related to powers to fell or lop trees (see *ibid* s 34); the amendment of provisions under the Electric Lighting (Clauses) Act 1899 Schedule (and other Acts incorporating it) (see the Electricity (Supply)

Act 1926 s 43); the acquisition of compulsory wayleaves (s 21); and powers to charge for the reconnection of supplies, previously disconnected (s 45) (all repealed).

17 See the Electricity Supply (Meters) Act 1936 ss 1-2 (repealed); and for the transfer of certain duties of electric inspectors under the Electric Lighting (Clauses) Act 1899 Schedule ss 50-51, 57 to meter examiners see the Electricity Supply (Meters) Act 1936 s 1(4) (repealed). See also *Joseph v East Ham Corp* [1936] 1 KB 367, CA.

18 See the Electricity Act 1947 Pt I (ss 1-12) (repealed).

19 See the Electricity Reorganisation (Scotland) Act 1954 s 15(1), Sch 1 Pt II (repealed). For the constitution of the Central Electricity Authority see the Electricity Act 1947 Pt I (repealed).

20 See *ibid* ss 13-19, Sch 2 (repealed). The existing undertakings consisted of the Central Electricity Authority, company and municipal undertakings, joint electricity authorities, and the electricity supply parts of composite companies supplying both gas and electricity.

21 See *ibid* ss 1, 2, 6 (repealed).

22 See *ibid* s 1(4) (repealed).

23 For the establishment, constitution and duties of the Consultative Councils see *ibid* s 7 (repealed).

24 The Electricity Act 1947 repealed a number of provisions in the previous legislation relating to electricity supply that had become obsolete by reason of the new system; it modified and adapted the provisions of the Electricity (Supply) Acts 1882-1936 (see the Electricity Act 1947 s 57(1), Sch 4 Pt I (repealed)); it incorporated the Electric Lighting (Clauses) Act 1899 Schedule (including the meaning of references to 'undertakers') subject to specified adaptations (see the Electricity Act 1947 s 57(2), Sch 4 Pt III (repealed)) and it applied to the new electricity boards (ie the Central Authority and the area boards (see s 1(3) (repealed)) the provisions of local enactments that had applied to previous authorised undertakers (see s 57(3) (repealed)).

25 For the establishment, constitution and functions of the Central Electricity Generating Board see the Electricity Act 1957 s 2 (repealed). The powers of the Generating Board were extended by the Electricity (Amendment) Act 1961 (repealed).

26 For the establishment, constitution and functions of the Electricity Council see the Electricity Act 1957 s 3 (repealed).

27 The provisions of the Energy Act 1983 still subsisting are ss 27-35 (amendments and modifications to the Nuclear Installations Act 1965 (see PARAS 1496, 1501, 1507 et seq post) and the Energy Act 1983 ss 36-38 and Sch 4 (commencement etc and repeals).

28 See *ibid* Pt I (repealed).

29 See *ibid* ss 5, 8 (repealed). 'Electricity Boards' means the former Central Electricity Generating Board and the area boards: see *ibid* s 26 (repealed).

30 See *ibid* ss 7, 10 (repealed).

31 See *ibid* ss 12, 15, Sch 1 (repealed).

32 See *ibid* s 16 (repealed).

33 See *ibid* s 17 (repealed).

34 See *ibid* s 19 (repealed).

35 See *ibid* s 21, Sch 2 (repealed).

36 See PARA 603 et seq ante, PARAS 1216-1218 post.

UPDATE

1033 Historical background; the electricity supply industry before privatisation

NOTES--Certain functions under provisions mentioned in this paragraph are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3, see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(1) ELECTRICITY LEGISLATION/1034. The Electricity Act 1989 and subsequent legislation.

1034. The Electricity Act 1989 and subsequent legislation.

On 27 July 1989, the Royal Assent was given to the Electricity Act 1989, the principal purposes of which were first, to establish a new system for the regulation of the generation, transmission and supply of electricity; second, to remove the electricity supply industry from public ownership and place it in the hands of privately owned companies¹; third, to promote competition in the generation and supply of electricity; and finally, to replace, modify or update the law relating to electricity supply. The new system came into effect on 31 March 1990². All property, rights and liabilities of the Electricity Council, the Central Electricity Generating Board and the area boards were transferred to successor companies³. The former statutory obligation on the Central Electricity Generating Board to provide bulk supplies of electricity⁴ no longer applied to the successor generating companies. Under the new structure PowerGen plc, National Power plc and other generating companies competed with each other in the generation of electricity. Provision was made for an initial government holding in the successor companies⁵ but they were subsequently privatised under the provisions with respect to flotation contained in the 1989 Act⁶. The area boards, the Electricity Council and the Central Electricity Generating Council continued in existence for a transitional period after the transfer of their rights and liabilities, until dissolved by order made by the Secretary of State⁷; the area boards were dissolved on 10 December 1993⁸ and the Council and the Central Electricity Generating Board were finally dissolved on 9 November 2001⁹. Compensation was payable to the former members and employees of those bodies¹⁰. The Electricity Consumers' Council was abolished with effect from 31 March 1990¹¹.

The Electricity Act 1989 also provided for the appointment by the Secretary of State of the Director General of Electricity Supply ('the director') for the purpose of carrying out the functions assigned or transferred to him by that Act¹². The director was required to establish a consumers' committee for the authorised area of each public electricity supplier or, if the Secretary of State so determined, for the authorised areas of two or more such suppliers¹³. There was also established a committee known as the National Consumers' Consultative Committee of which the director was chairman and the ordinary members were those persons who for the time being held office as chairmen of consumers' committees¹⁴.

The director's powers were enhanced by the Competition and Service (Utilities) Act 1992¹⁵.

Extensive changes, particularly to the regulatory regime, were made by the Utilities Act 2000 which abolished the office of the director¹⁶ and also abolished the consumers' committees¹⁷, replacing the former by the Gas and Electricity Markets Authority ('GEMA')¹⁸ and the latter by the Gas and Electricity Consumer Council¹⁹. The Authority and the Secretary of State now have a new principal objective, in carrying out their functions in both the gas and electricity sectors, to protect the interests of consumers, wherever appropriate by promoting effective competition²⁰. In carrying out their functions in relation to electricity the regulatory authorities may now have regard to the interests of consumers in relation to other utilities²¹ and must, as a result of amendments made by the Energy Act 2004, carry out those functions in the manner best calculated, among other things, to contribute to the achievement of sustainable development²².

The Utilities Act 2000 also introduced a new Electricity Code²³ and made substantial changes to the licensing regime, introducing separate licences for electricity suppliers and electricity distributors which replaced the former public electricity suppliers' licences, and introducing an

element of competition into transmission licences²⁴ The Energy Act 2004 has now introduced interconnector licences²⁵.

The Energy Act 2004 has made further amendments to the Electricity Act 1989 and has introduced new trading and transmission arrangements for electricity²⁶. It has also introduced a special administration regime for electricity licence holders facing actual or threatened insolvency²⁷ and established a mechanism allowing energy market participants to appeal against GEMA's decisions on modifications to the codes that govern activities in the gas and electricity markets²⁸.

1 The new structure comprised: (1) PowerGen plc, a generating company formed from about 30% of the Central Electricity Generating Board's capacity (see the Electricity Act 1989 (Nominated Companies) (England and Wales) Order 1990, SI 1990/224, art 4(1), (2), Sch 2 Pt I); (2) National Power plc, a generating company formed from the rest of the Central Electricity Generating Board, excluding the nuclear power stations (see art 4(1), (2), Sch 2 Pt I); (3) 12 public electricity supply companies, which were the regional electricity companies formed from the former area boards with, initially, the same geographical areas (see art 3, Sch 1); (4) the National Grid Company plc, the transmission company formed from the transmission control division of the Central Electricity Generating Board, the pumped storage power stations and the Board's interests in the interconnectors with Scotland and France (see art 4(1), (2), Sch 2 Pt I); (5) Nuclear Electric plc comprising all the nuclear power stations, which remained, initially, in public ownership (see art 4(1), Sch 2 Pt I; and as to nuclear energy generally see PARA 1340 et seq post); (6) private electricity suppliers, ie power producers: the existing and new entry generators producing for own use and/or supplying regional electricity companies and other customers under contractual arrangements; (7) Electricity Association Services Ltd which inherited the operating assets and a number of the functions of the former Electricity Council (see art 4(2), Sch 2 Pt II); (8) Electra Brands Limited which owned, managed and maintained the Electra trade marks previously vested in the Electricity Council in respect of electrical appliances and related equipment for domestic use manufactured for the 12 regional electricity companies (see art 4(2), Sch 2 Pt II); (9) Consumers' Committees, one for each of the 12 regional electricity companies (see the Electricity Act 1989 s 2, Sch 2 (repealed)); and (10) the National Consumers' Consultative Committee (see s 53 (repealed)).

2 See the Electricity Act 1989 (Transfer Date) (England and Wales) Order 1990, SI 1990/225, art 2. On that date, all the rights and liabilities to which the Electricity Council was entitled or subject immediately before that date under the terms of issue of British Electricity stock (ie any stock created and issued under the Electricity Act 1957 s 16(1) (repealed) or under the Electricity Act 1947 s 40 (repealed)) became the rights and liabilities of the Treasury: see the Electricity Act 1989 s 91(1), (4).

3 See the Electricity Act 1989 ss 65-66; the Electricity Act 1989 (Nominated Companies) (England and Wales) Order 1990, SI 1990/224; and note 1 supra. As to transfer schemes see further the Electricity Act 1989 ss 68-70, Sch 10; and as to taxation see s 90, Sch 11. In general, the transfer schemes made under s 66(1) (transfer of property etc of the Central Electricity Board and the Electricity Council) made provision for those properties, rights and liabilities of the Central Electricity Generating Board which were capable of being transferred in their entirety to be vested in the relevant successor company, and where continued sharing was necessary after vesting the scheme provided for them to be allocated amongst two or more successor companies and/or for commercial agreements to be entered into between the successor companies. Many of these agreements contained arrangements for the occupation of, or access to, sites of one successor company by another company; eg, leases of substation sites to The National Grid Company plc and the area boards were granted for a term of 999 years at a nominal rent. Other agreements provided for rights of access to plant and equipment and to intellectual property.

A transfer scheme did not take effect unless it was approved by the Secretary of State and he had power to modify such a scheme before giving his approval to it: see s 69(1). In certain circumstances he had power to make the scheme himself: see s 69(2). He was not, however, to exercise any power conferred on him under s 69 without (1) first consulting the transferor and, in the case of a transfer scheme in relation to the Central Electricity Generating Board, the area boards (see s 69(4)); (2) the consent of the Treasury (see s 69(5)). As to the Treasury see CONSTITUTIONAL LAW AND HUMAN RIGHTS vol 8(2) (Reissue) PARAS 512-517.

The machinery established for the settlement by negotiation of terms and conditions of employment of persons employed in successor companies was maintained under the Electricity Act 1989 but without prejudice to the freedom of either party on giving 12 months' notice in writing to withdraw from any agreement made under that machinery: see Sch 17 paras 26-28. As to pension rights see Sch 14 (as amended).

The Secretary of State may by order made by statutory instrument repeal to any extent any of the provisions of the Electricity Act 1989 Pt 2 (ss 65-95) (as amended) (reorganisation of the electricity industry) which have not already been repealed: see the Electricity (Miscellaneous Provisions) Act 2003 s 2(2). Such an order may make consequential, transitional or saving provision (including provision modifying the Electricity Act 1989 or any other Act) (Electricity (Miscellaneous Provisions) Act 2003 s 2(3)) but may not be made unless a draft of it has

been laid before, and approved by a resolution of, each House of Parliament (s 2(4)). As to the Secretary of State see PARA 601 note 1 ante. At the date at which this title states the law, no such order had been made.

4 le under the Electricity Act 1957 s 3(4) (repealed).

5 See the Electricity Act 1989 ss 71, 73. As to the finances of successor companies see further ss 75-81. As to the power to repeal these provisions by statutory instrument see note 3 supra.

6 See *ibid* ss 82, 83. As to the power to repeal these provisions by statutory instrument see note 3 supra.

7 le by order made under *ibid* s 84 (now repealed).

8 See the Area Boards (Dissolution) Order 1993, SI 1993/2825.

9 See the Electricity Council (Dissolution) Order 2001, SI 2001/3420; the Central Electricity Generating Board (Dissolution) Order 2001, SI 2001/3421.

10 See the Electricity Act 1989 s 85 (repealed).

11 See *ibid* s 54 (now repealed). As to compensation for the chairman and officers of the Council see s 55 (repealed).

12 See *ibid* s 1, Sch 1 (repealed). As to the general functions of the director see s 3 (repealed).

13 See *ibid* s 2, Sch 2 (repealed).

14 See *ibid* s 53 (repealed).

15 See the Competition and Service (Utilities) Act 1992 ss 20-24 (ss 20, 22 now repealed). Section 21 added the Electricity Act 1989 s 42A (now amended) (see PARA 1136 post); the Competition and Service (Utilities) Act 1992 s 23 added the Electricity Act 1989 s 44A (now amended) (see PARA 1144 post); and the Competition and Service (Utilities) Act 1992 s 24 added the Electricity Act 1989 s 40(3) (see PARA 1134 post).

16 See the Utilities Act 2000 s 1(3).

17 See *ibid* s 2(3).

18 As to the establishment of the Gas and Electricity Markets Authority see PARA 708 ante.

19 As to the establishment of the Gas and Electricity Consumer Council see PARA 716 ante; and as to the prospective abolition of the Council and the transfer of its functions to the new National Consumer Council to be established under the Consumers, Estate Agents and Redress Act 2007 see PARA 716 the text and notes 12-13 ante.

20 See, in relation to electricity, the Utilities Act 2000 s 13 (adding the Electricity Act 1989 s 3A(1) (now amended)); and PARA 1041 post.

21 See the Electricity Act 1989 s 3A(4) (as added and amended); and PARA 1041 post.

22 See *ibid* s 3A(5) (as added and amended); and PARA 1041 post.

23 See the Utilities Act 2000 s 51(2), Sch 4 (substituting the Electricity Act 1989 Sch 6). As to the Electricity Code see PARA 1101 et seq post.

24 As to the licensing regime see PARA 1050 et seq post. For transitional arrangements see the Utilities Act 2000 s 108, Sch 7 Pt I (paras 1-12) (separation of electricity supply and distribution); Sch 7 Pt II (paras 13-22) (Secretary of State's licensing schemes); and Sch 7 Pt III (para 23) (former tariff customers). For other transitional provisions and savings see Sch 7 Pt IV (paras 24-32).

25 As to interconnector licences see PARA 1065 et seq post.

26 See the Energy Act 2004 Pt 3 Ch 1 (ss 133-134, Schs 17-19); and PARA 1071 et seq post.

27 See *ibid* Pt 3 Ch 3 (ss 154-171); and PARA 743 et seq ante.

28 See *ibid* ss 173-176; and PARA 733 et seq ante.

UPDATE

1034 The Electricity Act 1989 and subsequent legislation

NOTE 5--1989 Act s 80 amended: SI 2008/948.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(1) ELECTRICITY LEGISLATION/1035. Consequential modifications of other primary and subordinate legislation.

1035. Consequential modifications of other primary and subordinate legislation.

The Secretary of State¹ may by order² make such consequential modifications³ of any provisions contained in any Act passed, whether public general or local, or subordinate legislation made, before the relevant date⁴ as appears to him necessary or expedient in respect of any reference therein to (1) any of the Electricity Boards⁵ or the Electricity Council⁶; (2) a person carrying on an electricity undertaking or to such an undertaking⁷; or (3) any enactment repealed by the Electricity Act 1989⁸. He has the like power in the case of a provision contained in a local Act or subordinate legislation in respect of any other inconsistency between that Act or subordinate legislation and the 1989 Act⁹.

Notwithstanding the powers so conferred, every provision contained in a local Act or in subordinate legislation which was in force immediately before the transfer date¹⁰ and then applicable to an Electricity Board or the Electricity Council has effect as if (a) for references to the board or council there were substituted references to the appropriate successor company¹¹; and (b) for any reference (however worded and whether expressly or by implication) to the undertaking or business, or any part thereof, of the board or council, there were substituted a reference to the undertaking or business, or part of it, of the appropriate successor company¹².

1 As to the Secretary of State see PARA 601 note 1 ante.

2 As to the making of orders generally see the Electricity Act 1989 s 106; and PARA 1306 post.

3 'Modifications' includes additions, alterations and omissions and cognate expressions are to be construed accordingly: *ibid* s 111(1).

4 The 'relevant date' in relation to any modifications, means the date of the coming into force of the provisions of the Electricity Act 1989 on which they are consequential: s 112(2).

5 As to the Electricity Boards and their dissolution see PARAS 1033-1034 ante.

6 Electricity Act 1989 s 112(2)(a). As to the Electricity Council and its dissolution see PARAS 1033-1034 ante.

7 *Ibid* s 112(2)(b).

8 *Ibid* s 112(2)(c).

9 *Ibid* s 112(2)(d). In exercise of the powers conferred by s 112(2), the Secretary of State has made the Electricity Act 1989 (Consequential Modifications of Subordinate Legislation) Order 1990, SI 1990/526 (revoked for certain purposes by SI 1999/1892); and the Electricity Act 1989 (Consequential Modifications of Enactments) Order 1990, SI 1990/577.

10 As to the transfer date, ie 31 March 1990, see PARA 1034 ante.

11 As to the transfer to successor companies see PARA 1034 note 3 ante.

12 Electricity Act 1989 s 112(3), Sch 17 para 34. Although a great many provisions of local enactments have become redundant, there are, nevertheless, provisions still subsisting that may be of importance. A local enactment may have conferred powers to carry out specific works or may confer additional powers in relation to consumers or to the placing or using of apparatus within a particular area. An important feature of local enactments is the schedule of streets not repairable by the inhabitants at large which the previous undertakers were authorised to break up without the consent of the body or person by whom the street is repairable. Some of these streets listed have still not been adopted as highways maintainable at the public expense. By virtue of heads (a) and (b) in the text, all such subsisting provisions enure for the benefit of the successor companies.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(2) COGNATE LEGISLATION/1036. Health and safety at workplaces.

(2) COGNATE LEGISLATION

1036. Health and safety at workplaces.

The principal statutory provisions governing the health and safety of persons engaged in activities relating to the generation, transmission and supply of electricity and of those who are employed in factories and other workplaces where the use of electrical energy is potentially a source of danger are the Mines and Quarries Act 1954¹, the Factories Act 1961 and the Health and Safety at Work etc Act 1974² and the regulations made under those Acts³.

The use of electricity in mines and quarries is controlled by regulations made by the Secretary of State under the Health and Safety at Work etc Act 1974⁴. These regulations specify various requirements, prohibitions and restrictions as to the installation, construction and use of electrical apparatus (being part of the equipment of a mine) at various mines⁵.

The provision and maintenance of adequate lighting in mines and quarries is the duty of the mine manager or the quarry owner as the case may be⁶. In the case of mines, the Secretary of State has made regulations requiring the provision of prescribed lights at prescribed places⁷.

The provisions of the Factories Act 1961 and the regulations made thereunder⁸ apply to premises in which persons are regularly employed in or in connection with the processes or operations of generating, transforming or converting, or of switching, controlling or otherwise regulating electrical energy for supply by way of trade, or for supply for the purposes of any transport undertaking or other industrial or commercial undertaking or of any public building or public institution or for supply to streets or other public places as if the premises were a factory and the employer of any person employed in the premises were the occupier of a factory⁹.

The health and safety of persons at work is regulated by Part I of the Health and Safety at Work etc Act 1974¹⁰ which includes a statement as to the general duties of employers, employees, self-employed persons and persons in control of non-domestic premises. The Act provides for the making of health and safety regulations and various codes of practice operating in conjunction with Part I of the Act and designed to improve standards of health, safety and welfare¹¹. Regulations specifically concerned with electricity in work activities impose obligations on employers, self-employed persons and managers of mines and quarries to take precautions against the risk of death or injury from electricity at workplaces¹².

1 See generally MINES, MINERALS AND QUARRIES.

2 See generally HEALTH AND SAFETY AT WORK.

3 Regulations made under the Mines and Quarries Act 1954 have been superseded by the Electricity at Work Regulations 1989, SI 1989/635 (as amended); and by the Management and Administration of Safety and Health at Mines Regulations 1993, SI 1993/1897 (as amended): see the text and notes 4-6 infra.

4 See the Electricity at Work Regulations 1989, SI 1989/635 (as amended); and note 5 infra.

5 The Electricity at Work Regulations 1989, SI 1989/635 (as amended) impose duties, subject to certain exceptions, on employers, self-employed persons and employees regarding health and safety requirements with respect to electricity at work. Additional requirements are imposed on managers of, and employees at, mines (regs 17-28) (as amended)) and quarries (reg 3 (as amended)). See HEALTH AND SAFETY AT WORK vol 53 (2009) PARA 605 et seq.

As to the implementation of EC legislation relating to electricity in potentially explosive atmospheres see the Equipment and Protective Systems Intended for Use in Potentially Explosive Atmospheres Regulations 1996, SI 1996/192 (as amended); and HEALTH AND SAFETY AT WORK vol 53 (2009) PARA 569.

6 See note 5 *supra*. See also the Management and Administration of Safety and Health at Mines Regulations 1993, SI 1993/1897 (as amended); and HEALTH AND SAFETY AT WORK vol 53 (2009) PARA 748 et seq.

7 See the Coal and Other Mines (Safety-Lamps and Lighting) Order 1956, SI 1956/1765 (as amended); and HEALTH AND SAFETY AT WORK vol 53 (2009) PARA 798 et seq.

8 Although a number of the regulations made under the Factories Act 1961 have been replaced by regulations made under the Health and Safety at Work etc Act 1974, many of the decisions on particular points under them remain good law: see *Heard v Brymbo Steel Co Ltd* [1947] KB 692, CA; *Gatehouse v John Summers & Sons Ltd* [1953] 2 All ER 117, [1953] 1 WLR 742, CA; *Hartley v Mayoh and Co* [1954] 1 QB 383, [1954] 1 All ER 375, CA (where an area board was held liable on the ground that failure to test the circuits when installing a new meter constituted negligence in the circumstances of that case); cf *Sellars v Best* [1954] 2 All ER 389, [1954] 1 WLR 913 (where it was held that an electricity board was not under a liability to test the earthing arrangements of a consumer's installation before commencing to give a supply of electricity). The ground of distinction appears to have been that in the former case the board had itself antecedently done something wrong, whereas in the latter case it had not. See also *Miller v South of Scotland Electricity Board* 1958 SC (HL) 20, where a boy trespassing in a derelict house was injured by a live cable, the local authority (which owned the house) having asked earlier for removal of the service line and the board having said that it had been removed. It was held that negligence by the board was one of the causes of the accident and was not defeated by the fact that the negligence of another person might also have been one of the causes of the accident or by reason of the fact that the precise accident that happened was not foreseeable; see further *Robb v Salamis (M & I) Ltd* [2006] UKHL 56, [2007] 2 All ER 97, 2007 SLT 158. See also *Larner v British Steel plc* [1993] 4 All ER 102, [1993] ICR 551, CA (in considering under the Factories Act 1961 s 29(1) (now repealed) whether a workplace was safe, the test was a strict one and there was no obligation in a claim for breach of statutory duty under that section for the claimant to establish that the question of reasonable foreseeability arose in consideration of the question); followed in *Mains v Uniroyal Englebert Tyres Ltd* [1995] IRLR 544, 1995 SLT 115, Ct of Sess; and considered in *Alderson v Piggott & Whitfield Ltd* [1996] CLY 3003.

See also the Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, reg 31; and PARA 1156 post.

UPDATE

1036 Health and safety at workplaces

NOTES--Certain functions under provisions mentioned in this paragraph are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3, see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(2) COGNATE LEGISLATION/1037. Safety in cinemas.

1037. Safety in cinemas.

The lighting of cinemas and the use of electrical installations and equipment so as to secure safety in connection with the giving of cinematograph performances are controlled by regulations made by the relevant Secretary of State¹.

¹ See the Cinematograph (Safety) Regulations 1955, SI 1955/1129; and LICENSING AND GAMBLING vol 67 (2008) PARA 255.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(2) COGNATE LEGISLATION/1038. Street works.

1038. Street works.

Powers conferred on licence holders¹ to break up streets and execute works in them derive from the Electricity Act 1989². In the case of works to be executed in streets and bridges, however, the procedures governing the relationships between undertakers³ executing the works and the street authority⁴ or other body⁵ are to be found in the New Roads and Street Works Act 1991, which together with the regulations and various codes of practice made under it governs the conduct of street works in England and Wales⁶.

1 For the meaning of 'licence holder' see PARA 1041 note 12 post. Any licence holder within the meaning of the Electricity Act 1989 is a statutory undertaker for the purposes of the Coal Mining Subsidence Act 1991: see s 52(1) (as amended); and MINES, MINERALS AND QUARRIES vol 31 (2003 Reissue) PARA 217 note 8.

2 For the powers of licence holders to break up streets and execute works see the Electricity Act 1989 s 10, Sch 4 (as amended); and PARAS 1286-1290 post.

3 For the meaning of 'undertakers' for this purpose see the New Roads and Street Works Act 1991 s 48(5); and PARA 1290 note 1 post.

4 As to the meaning of 'street authority' see *ibid* s 49(1), (2); para 1287 note 12 post; and HIGHWAYS, STREETS AND BRIDGES.

5 I.e. a bridge authority (see *ibid* s 88(1)(b)); a sewer authority (see s 89(1)(b)); and a transport authority (see s 91(1)(a), (b)). See further HIGHWAYS, STREETS AND BRIDGES.

6 See *ibid* Pt III (ss 48-106), Schs 3-6 (as amended); and HIGHWAYS, STREETS AND BRIDGES. See also the Traffic Management Act 2004 Pt 4 (ss 40-59); and HIGHWAYS, STREETS AND BRIDGES.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(2) COGNATE LEGISLATION/1039. Street lighting.

1039. Street lighting.

The Secretary of State or the Welsh Ministers¹ and every local highway authority may provide lighting for the purposes of any highway or proposed highway² for which they are or will be the highway authority and may, for that purpose, contract with any persons for the supply of electricity and construct and maintain such lamps, posts and other works as they consider necessary³. These powers may be delegated, by agreement, to a lighting authority⁴. Likewise, a lighting authority may, with the consent of the highway authority⁵, exercise its own similar powers⁶.

1 le the Secretary of State for Transport in England and the Welsh Ministers in Wales: see the Highways Act 1980 s 329(1); the Transfer of Functions (Transport) Order 1981, SI 1981/238; the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, art 2, Sch 1. As to the Welsh Ministers see PARA 601 note 1 ante. As to street lighting generally see HIGHWAYS, STREETS AND BRIDGES.

2 For the meanings of 'highway', 'local highway authority' and 'proposed highway' see the Highways Act 1980 ss 328, 329(1) (as amended); and HIGHWAYS, STREETS AND BRIDGES.

3 Ibid s 97(1).

4 See ibid s 98. 'Lighting authority' means a council or other body authorised to provide lighting under the Public Health Act 1875 s 161 (as amended) or the Parish Councils Act 1957 s 3 (as amended) or any corresponding local enactment: Highways Act 1980 ss 301(3), 329(1).

5 See ibid s 301(1).

6 See the Public Health Act 1875 s 161 (as amended); the Parish Councils Act 1957 s 3 (as amended); and HIGHWAYS, STREETS AND BRIDGES.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(2) COGNATE LEGISLATION/1040. Building regulations.

1040. Building regulations.

Nothing in the statutory provisions relating to building regulations¹ and nothing in such regulations applies in relation to a building belonging to electricity licence holders² or other statutory undertakers and held or used by them for the purposes of their undertaking, unless it is a house or a building used as offices or showrooms³. Such regulations may apply to various aspects of building construction including the ventilation of buildings, and also to installations using electricity to the extent that such regulations are required for health and safety purposes and fuel and water conservation⁴. They may also impose continuing requirements in relation to fuel, power and emissions⁵.

1 le the Building Act 1984 Pt I (ss 1-46) (as amended); see BUILDING vol 4(2) (2002 Reissue) PARA 306 et seq.

2 The holder of a licence under the Electricity Act 1989 s 6(1) (as substituted and amended) is deemed to be a statutory undertaker, and his undertaking a statutory undertaking, for the purposes of the Building Act 1984: Electricity Act 1989 s 112(1), Sch 16 para 1(1)(xxxix).

3 Building Act 1984 s 4(1)(b) (amended by the Airports Act 1986 s 83(5), Sch 6 Pt I; prospectively repealed by the Sustainable and Secure Buildings Act 2004 ss 5(a), 11(2), Schedule, as from a day to be appointed under s 11(3); at the date at which this title states the law, no such day had been appointed). Local authorities may also dispense with or relax any requirement of the building regulations in relation to any particular type of building matter: see the Building Regulations 2000, 2000/2531, reg 11(1) (as amended); and BUILDING.

4 See the Building Act 1984 s 1, Sch 1 (as amended); the Building Regulations 2000, SI 2000/2531 (as amended); and BUILDING.

5 See the Building Act 1984 s 2A (added by the Sustainable and Secure Buildings Act 2004 s 4(1)); and BUILDING. As to requirements for the energy performance of buildings generally see also PARAS 655-657 ante; and as to energy efficiency and conservation in relation to residential accommodation see PARA 658 ante.

UPDATE

1040 Building regulations

NOTES--Certain persons or indorsements mentioned in this paragraph are specified for the purposes of Regulatory Enforcement and Sanctions Act 2008 s 37, Schs 5, 6 (meaning of 'regulator' for the purposes of imposing civil sanctions): see ADMINISTRATIVE LAW vol 1(1) (2001 Reissue) PARA 196A.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (3) GENERAL DUTIES AND FUNCTIONS OF THE SECRETARY OF STATE AND THE GAS AND ELECTRICITY MARKETS AUTHORITY/1041. The principal objective and general duties of the Secretary of State and the Gas and Electricity Markets Authority ('GEMA').

(3) GENERAL DUTIES AND FUNCTIONS OF THE SECRETARY OF STATE AND THE GAS AND ELECTRICITY MARKETS AUTHORITY

1041. The principal objective and general duties of the Secretary of State and the Gas and Electricity Markets Authority ('GEMA').

The principal objective of the Secretary of State¹ and the Gas and Electricity Markets Authority ('GEMA')² in carrying out their respective functions under Part I of the Electricity Act 1989³ is to protect the interests of consumers⁴ in relation to electricity conveyed by distribution systems⁵ or transmission systems⁶, wherever appropriate by promoting effective competition between persons engaged in, or in commercial activities connected with, the generation⁷, transmission⁸, distribution⁹ or supply¹⁰ of electricity or the provision or use of electricity interconnectors¹¹. The Secretary of State and the Authority must carry out those functions in the manner which he or it considers is best calculated to further the principal objective, having regard to:

- 2036 (1) the need to secure that all reasonable demands for electricity are met; and
- 2037 (2) the need to secure that licence holders¹² are able to finance the activities which are the subject of obligations imposed by or under that Part of the 1989 Act or by or under the Utilities Act 2000 or Part 2 or Part 3¹³ of the Energy Act 2004¹⁴.

In performing that duty, the Secretary of State or the Authority must have regard to the interests of:

- 2038 (a) individuals who are disabled or chronically sick;
- 2039 (b) individuals of pensionable age¹⁵;
- 2040 (c) individuals with low incomes; and
- 2041 (d) individuals residing in rural areas;

but that is not to be taken as implying that regard may not be had to the interests of other descriptions of consumer¹⁶.

The Secretary of State and the Authority may, in carrying out any function under Part I of the Electricity Act 1989¹⁷, have regard to:

- 2042 (i) the interests of consumers in relation to gas conveyed through pipes within the meaning of the Gas Act 1986¹⁸; and
- 2043 (ii) any interests of consumers in relation to communications services and electronic communications apparatus or water services or sewerage services within the meaning of the Water Industry Act 1991¹⁹,

which are affected by the carrying out of that function²⁰; and the Secretary of State and the Authority must²¹ carry out their respective functions under Part I of the 1989 Act²² in the manner which he or it considers is best calculated:

- 2044 (A) to promote efficiency and economy on the part of persons authorised by licences or exemptions to distribute, supply or participate in the transmission of electricity²³ or to participate in the operation of electricity interconnectors and the efficient use of electricity conveyed by distribution systems or transmission systems;
- 2045 (B) to protect the public from dangers arising from the generation, transmission, distribution or supply of electricity;
- 2046 (C) to contribute to the achievement of sustainable development; and
- 2047 (D) to secure a diverse and viable long-term energy supply,

and, so far as not otherwise required to do so by heads (A) to (D) above, must, in carrying out those functions, have regard to the effect on the environment of activities connected with the generation, transmission, distribution or supply of electricity²⁴.

In carrying out their respective functions under Part I of the Electricity Act 1989²⁵ in accordance with the above provisions the Secretary of State and the Authority must each have regard to the principles under which regulatory activities should be transparent, accountable, proportionate, consistent and targeted only at cases in which action is needed²⁶ and to any other principles appearing to him or, as the case may be, to it to represent the best regulatory practice²⁷.

The above provisions do not apply in relation to the issuing²⁸ by the Secretary of State of guidance on social and environmental matters²⁹ or in relation to his functions³⁰ regarding the giving of certain consents³¹. Nor do they apply in relation to anything done by the Authority in the exercise of functions relating to the determination of disputes or in the exercise, concurrently with the Office of Fair Trading³², of certain functions³³ with respect to competition³⁴. Furthermore, the duties imposed by the above provisions do not affect the obligations of the Authority or the Secretary of State to perform or comply with any other duty or requirement, whether arising under the Electricity Act 1989 or another enactment, by virtue of any Community obligation or otherwise³⁵.

1 As to the Secretary of State see PARA 601 note 1 ante.

2 As to the establishment of the Gas and Electricity Markets Authority see PARA 708 ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

3 Ie under the Electricity Act 1989 Pt I (ss 3A-64) (as amended): see the text and notes 4-35 infra; and PARA 1042 et seq post. For these purposes, and the purposes of ss 3B, 3C (as added) (see PARAS 1042-1043 post), references to functions of the Secretary of State or the Authority under Pt I (as amended) include a reference to functions under the Utilities Act 2000 which relate to electricity conveyed by distribution systems or transmission systems: Electricity Act 1989 s 3A(7) (s 3A added by the Utilities Act 2000 s 13; the Electricity Act 1989 s 3A(7) amended, so as to add the reference in the text to transmission systems, by the Energy Act 2004 s 179(2), (3)(a)). Section 179 does not, however, come into force until 1 April 2010: (1) for the purposes of the Electricity Act 1989 ss 32-32C (as amended) (see PARA 1219 et seq post), in respect of any electricity which (without being conveyed to the premises wholly or partly by means of a distribution system) is supplied to premises occupied by a high electricity user from a substation to which it has been conveyed by means of a transmission system; and (2) in respect of any electricity which, being stand-by electricity, is supplied (without being conveyed to the premises wholly or partly by means of a distribution system) to premises occupied by a body corporate from a substation to which it has been conveyed by means of a transmission system: Energy Act 2004 (Commencement No 6) Order 2005, SI 2005/2965, art 3(2). 'High electricity user' means a body corporate which, for each year since the commencement of a long term, fixed-price contract under which electricity is supplied to it, has spent in excess of 20% of its applicable turnover on electricity, and which receives under that contract at least 90% of all the electricity which it receives; 'long term, fixed-price contract' means a contract entered into before 1 April 2002 which was still in force on 17 October 2005, and which provides for an electricity generator (or a person who is a connected person or an affiliate in relation to an electricity generator) to provide a specified amount (or a specified maximum amount) of electricity to a specified consumer at a price which is specified either numerically or by reference to an adjustment formula; and 'stand-by electricity' means electricity conveyed temporarily, periodically or intermittently to make good any unplanned shortfall in the availability of electricity to the recipient for its own consumption from a generating station owned or operated by the recipient or by a person who is a connected person or an affiliate

in relation to the recipient, where such shortfall arises from that generating station being wholly or partly out of commission for a temporary period: art 1(2). 'Adjustment formula' means a formula under which the price of electricity is adjusted having regard to the current market price of some other commodity; 'affiliate', in relation to a body corporate that is the owner or operator of a generating station, means a subsidiary or holding company of that body corporate and any subsidiary or holding company of such holding company (and, for the purposes of this definition, 'subsidiary' and 'holding company' have the meanings ascribed to them in the Companies Act 1985 s 736 (prospectively repealed by the Companies Act 2006 s 1295, Sch 16, and replaced by s 1159, as from a day to be appointed under s 1300(2); at the date at which this title states the law, no such day had been appointed)); 'applicable turnover' means the amounts, ascertained in conformity with normal accounting practice in Great Britain, which are (a) derived by a high electricity user from the provision of goods and services within that person's ordinary activities; and (b) computed on an accruals basis so that the amounts referred to in head (a) supra relating to the period for which applicable turnover is being determined are taken into account, without regard to the date of invoice or receipt of payment, after deduction of value added tax and any other taxes based on such amounts; and 'connected person', in relation to an owner or operator of a generating station, means a person connected to him within the meaning of the Income and Corporation Taxes Act 1988 s 839 (as amended) (see INCOME TAXATION vol 23(2) (Reissue) PARA 1258): Energy Act 2004 (Commencement No 6) Order 2005, SI 2005/2965, art 1(2).

References in the Electricity Act 1989 ss 3A-3C (as added and amended) to functions of the Authority under Pt I (as amended) also include references to any functions of the Authority under the Utilities Act 2000 s 5A (as added) (duty of Authority to carry out impact assessment: see PARA 714 ante) that are exercisable in relation to a proposal to do anything for the purposes of, or in connection with, the carrying out of any function of the Authority under the Electricity Act 1989 Pt I (as amended): Utilities Act 2000 s 5A(12) (added by the Sustainable Energy Act 2003 s 6).

4 For these purposes, 'consumers' includes both existing and future consumers: Electricity Act 1989 s 3A(6) (as added: see note 3 supra).

5 'Distribute', in relation to electricity, means distribute by means of a distribution system, that is to say, a system which consists (wholly or mainly) of low voltage lines and electrical plant and is used for conveying electricity to any premises or to any other distribution system, and cognate expressions are to be construed accordingly: *ibid* ss 4(4), 64(1) (definitions added by the Utilities Act 2000 s 28(1), (3)(a), s 108, Sch 6 Pt II paras 24, 38(1), (2)). 'Line' means any wire, cable, tube, pipe or other similar thing (including its casing or coating) which is designed or adapted for use in carrying electricity; and 'electrical plant' means any plant, equipment, apparatus or appliance used for, or for purposes connected with, the generation, transmission, distribution or supply of electricity, other than (1) an electric line; (2) a meter used for ascertaining the quantity of electricity supplied to any premises; or (3) an electrical appliance under the control of a consumer; and 'premises' includes any land, building or structure: Electricity Act 1989 s 64(1) (definition of 'electrical plant' amended by the Utilities Act 2000 s 108, Sch 6 Pt II paras 24, 38(1), (3)). 'Electric line' means any line which is used for carrying electricity for any purpose and includes, unless the context otherwise requires: (a) any support for any such line, that is to say, any structure, pole or other thing in, on, by or from which any such line is or may be supported, carried or suspended; (b) any apparatus connected to any such line for the purpose of carrying electricity; and (c) any wire, cable, tube, pipe or other similar thing (including its casing or coating) which surrounds or supports, or is surrounded or supported by, or is installed in close proximity to, or is supported, carried or suspended in association with, any such line: Electricity Act 1989 s 64(1). For the meaning of 'low voltage line' see note 6 *infra*. As from a day to be appointed, 'system' means a system the whole or a part of which is at a relevant place: s 4(5) (definition prospectively added by the Energy Act 2004 s 89(2), as from a day to be appointed under s 198(2); at the date at which this title states the law, no such day had been appointed). 'Relevant place' means a place in Great Britain, in the territorial sea adjacent to Great Britain or in a renewable energy zone: Electricity Act 1989 s 4(5) (as so added; at the date at which this title states the law, that definition was in force for the purposes of s 36(1) (as amended) (see PARA 1249 post) only: see the Energy Act 2004 (Commencement No 4) Order 2005, SI 2005/442, art 2(1), Sch 1).

6 'Transmission', in relation to electricity, means transmission by means of a transmission system; and 'transmission system' means a system which (1) consists (wholly or mainly) of high voltage lines and electrical plant; and (2) is used for conveying electricity from a generating station to a substation, from one generating station to another or from one substation to another: *ibid* ss 4(4), 64(1) (definitions added by the Energy Act 2004 ss 135(1), (4), 143(1), Sch 19 paras 3, 15(1), (2)). At the date at which this title states the law, 'high voltage line' means (a) in relation to England and Wales, an electric line of a nominal voltage exceeding 132 kilovolts; (b) in relation to Scotland, an electric line of a nominal voltage not less than 132 kilovolts; and 'low voltage line' is to be construed accordingly: Electricity Act 1989 s 64(1). As from a day to be appointed, however, 'high voltage line' means an electric line which (i) if it is in Scotland or is a relevant offshore line (as defined in s 64(1A) (as prospectively added)), is of a nominal voltage of 132 kilovolts or more; and (ii) in any other case, is of a nominal voltage of more than 132 kilovolts, and 'low voltage line' is to be construed accordingly: s 64(1) (definition prospectively substituted by the Energy Act 2004 s 180(1), as from a day to be appointed under s 198(2); at the date at which this title states the law, no such day had been appointed). Also as from such a day, an electric line is a relevant offshore line for the purposes of that definition of 'high voltage line' if (A) it is in an area of the territorial sea adjacent to the United Kingdom or an area designated under the Continental Shelf Act 1964 s 1(7) (as amended) (see PARA 1636 post; and INTERNATIONAL RELATIONS LAW vol 61

(2010) PARA 172); and (B) it is used to convey electricity to a place in Scotland or to convey, to any other place, electricity generated by a generating station that is situated in an area mentioned in head (A) supra: Electricity Act 1989 s 64(1A) (prospectively added by the Energy Act 2004 s 180(2)).

'Generating station', in relation to a generating station wholly or mainly driven by water, includes all structures and works for holding or channelling water for a purpose directly related to the generation of electricity by that station: Electricity Act 1989 s 64(1).

7 As from a day to be appointed, 'generate', in relation to electricity, means generate at a relevant place, and cognate expressions are to be construed accordingly: *ibid* ss 4(4), 64(1) (definitions prospectively added by the Energy Act 2004 s 89(1), (4), as from a day to be appointed under s 198(2); at the date at which this title states the law, no such day had been appointed).

8 See note 6 supra.

9 See note 5 supra.

10 'Supply', in relation to electricity, has the meaning given by the Electricity Act 1989 s 4(4) (as amended), and cognate expressions are to be construed accordingly: s 64(1). For most purposes, 'supply', in relation to electricity, means its supply to premises in cases where (1) it is conveyed to the premises wholly or partly by means of a distribution system; or (2) (without being so conveyed) it is supplied to the premises from a substation to which it has been conveyed by means of a transmission system, but does not include its supply to premises occupied by a licence holder (see note 12 *infra*) for the purpose of carrying on activities which he is authorised by his licence to carry on: s 4(4) (definition substituted by the Energy Act 2004 s 179(1)). However, for the purposes for which s 179 does not come into force until 1 April 2010 (see note 3 heads (1)-(2) supra), 'supply', in relation to electricity, means supply of electricity conveyed by a distribution system to premises other than premises occupied by a licence holder for the purpose of carrying on the activities which he is authorised by his licence to carry on: Electricity Act 1989 s 4(4) (definition substituted by the Utilities Act 2000 s 28(1), (3)(a)).

11 Electricity Act 1989 s 3A(1) (as added (see note 3 supra); amended by the Energy Act 2004 ss 147(1), (2) (a), s 179(2), (3)(a)). Section 179(2), (3)(a) (which adds the words 'or transmission systems' in the text) does not come into force for certain purposes until 1 April 2010: see note 3 heads (1)-(2) supra.

'Electricity interconnector' means so much of an electric line or other electrical plant as (1) is situated at a place within the jurisdiction of Great Britain; and (2) subsists wholly or primarily for the purposes of the conveyance of electricity (whether in both directions or in only one) between Great Britain and a place within the jurisdiction of another country or territory: Electricity Act 1989 ss 4(3E), 64(1) (definitions added by the Energy Act 2004 s 145(1), (3), 147(1), (7)). For these purposes, a place is within the jurisdiction of Great Britain if it is in Great Britain, in the territorial sea adjacent to Great Britain or in an area designated under the Continental Shelf Act 1964 s 1(7) (as amended); and a place is within the jurisdiction of another country or territory if it is in that country or territory or in waters in relation to which authorities of that country or territory exercise jurisdiction: Electricity Act 1989 s 4(3F) (added by the Energy Act 2004 s 145(1), (3)).

12 For the purposes of the Electricity Act 1989 Pt I (as amended), unless the context otherwise requires, 'licence' means a licence under s 6 (as substituted and amended) (see PARA 1065 post); and 'licence holder' is to be construed accordingly: s 3A(8) (as added: see note 3 supra); s 64(1).

13 *Ie* under the Energy Act 2004 Pt 2 (ss 82-132) or Pt 3 (ss 133-185).

14 Electricity Act 1989 s 3A(2) (as added (see note 3 supra); amended by the Energy Act 2004 s 190(3)).

15 'Pensionable age' is not defined for these purposes; but cf the Gas Act 1986 s 48(2B) (as added); and PARA 789 note 11 ante.

16 Electricity Act 1989 s 3A(3) (as added: see note 3 supra).

17 See note 3 supra.

18 For the meaning of references to the conveyance of gas through pipes to premises for those purposes see PARA 803 note 4 ante.

19 For these purposes, 'sewerage services' includes the disposal of sewage and any other services which are required to be provided by a sewerage undertaker for the purpose of carrying out its functions: Water Industry Act 1991 s 219(1) (definition applied by the Electricity Act 1989 s 3A(4) (as added and amended: see note 3 supra, note 20 *infra*)). As to water undertakers and the services provided by them see WATER AND WATERWAYS vol 100 (2009) PARAS 134 et seq, 318 et seq; and as to sewerage undertakers and the services provided by them see ENVIRONMENTAL QUALITY AND PUBLIC HEALTH vol 46 (2010) PARA 999 et seq.

20 Electricity Act 1989 s 3A(4) (as added (see note 3 supra); amended by the Communications Act 2003 s 406(1), Sch 17 para 98).

21 Ie subject to the Electricity Act 1989 s 3A(2) (as added and amended): see the text and notes 12-14 supra.

22 See note 3 supra.

23 For the purposes of the Electricity Act 1989 Pt I (as amended), references to participation, in relation to the transmission of electricity, are to be construed in accordance with s 4(3A), (3B) (as added) (see PARA 1050 post): s 64(1).

24 Ibid s 3A(5) (as added (see note 3 supra); amended by the Energy Act 2004 ss 83(a), (b), 143(1), s 147(1), (2)(b), 179(2), (3)(a), Sch 19 paras 3, 4). Section 179(2), (3)(a) (which adds the words 'or transmission systems' to head (A) in the text), does not come into force for certain purposes until 1 April 2010: see note 3 heads (1)-(2) supra.

25 See note 3 supra.

26 Electricity Act 1989 s 3A(5A)(a) (s 3A(5A) added by the Energy Act 2004 s 178).

27 Electricity Act 1989 s 3A(5A)(b) (as added: see note 26 supra).

28 Ie under ibid s 3B (as added): see PARA 1042 post.

29 Ibid s 3D(1) (s 3D added by the Utilities Act 2000 s 16).

30 Ie his functions under the Electricity Act 1989 ss 36-37 (as amended): see PARAS 1249-1252 post. See, however, note 31 infra.

31 See ibid s 3D(2) (as added (see note 29 supra); amended by the Energy Act 2004 s 99(3)), which also disapplies the Electricity Act 1989 ss 3B, 3C (as added) (see PARAS 1042-1043 post) in the circumstances set out in the text. At the date at which this title states the law, the amendment made by s 99(3) (which substitutes for a reference to 'functions under the Electricity Act 1989 s 36 or 37' a reference to 'functions under ss 36-37') had not been brought into force so far as it relates to the Secretary of State's obligation arising under s 36B(3), (4) (as added) (see PARA 1251 post) to have regard to how powers under the Energy Act 2004 ss 95, 96, 100, Pt 2 Ch 3 have been or will be exercised: see the Energy Act 2004 (Commencement No 4) Order 2005, SI 2005/442, art 2(1), Sch 1.

32 As to the Office of Fair Trading see COMPETITION vol 18 (2009) PARAS 6-8.

33 Ie functions under the Electricity Act 1989 s 43(3) (as substituted): see PARA 1141 post.

34 See ibid s 3D(3) (as added: see note 29 supra), which also disapplies the Electricity Act 1989 ss 3B, 3C (as added) (see PARAS 1042-1043 post) in the circumstances set out in the text. The Authority may nevertheless, when exercising any function under s 43(3) (as substituted), have regard to any matter in respect of which a duty is imposed by ss 3A-3C (as added and amended) ('a general matter'), if it is a matter to which the Office of Fair Trading could have regard when exercising that function; but that is not to be taken as implying that, in relation to functions mentioned in s 3D(2) (as added and amended) (see the text and notes 30-31 supra), regard may not be had to any general matter: s 3D(4) (as added (see note 29 supra); amended by the Enterprise Act 2002 s 278(1), Sch 25 para 20(1), (2)).

35 Electricity Act 1989 s 3D(5) (as added: see note 29 supra).

As to the application of ss 3A, 3D (as added and amended) to the exercise of certain functions of the Secretary of State or GEMA under the Energy Act 2004 see s 190, cited in PARA 706 the text and notes 16-23 ante; and as to their application to the exercise of certain functions of the Secretary of State or GEMA under the Climate Change and Sustainable Energy Act 2006 see s 8(6), cited in PARA 1077 post.

UPDATE

1041 The principal objective and general duties of the Secretary of State and the Gas and Electricity Markets Authority ('GEMA')

TEXT AND NOTES--As to the application of general duties to functions relating to licences see Energy Act 2008 s 102.

TEXT AND NOTES 4, 11, 14, 24--Electricity Act 1989 s 3A(1), (2) further amended, s 3A(5), (6) amended: Energy Act 2008 ss 83(2), 102(6), Sch 6.

NOTE 6--Energy Act 2004 s 180(2) prospectively repealed: Energy Act 2008 Sch 6.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (3) GENERAL DUTIES AND FUNCTIONS OF THE SECRETARY OF STATE AND THE GAS AND ELECTRICITY MARKETS AUTHORITY/1042. Guidance on social and environmental matters.

1042. Guidance on social and environmental matters.

The Secretary of State¹ must from time to time issue guidance about the making by the Gas and Electricity Markets Authority ('GEMA')² of a contribution towards the attainment of any social or environmental policies set out or referred to in the guidance³; and the Authority must, in carrying out its functions under Part I of the Electricity Act 1989⁴, have regard to any guidance so issued⁵. Before issuing such guidance the Secretary of State must consult:

- 2048 (1) the Authority;
- 2049 (2) the Gas and Electricity Consumer Council⁶;
- 2050 (3) licence holders⁷; and
- 2051 (4) such other persons as the Secretary of State considers it appropriate to consult in relation to the guidance⁸.

A draft of any guidance proposed to be issued under these provisions must be laid before each House of Parliament⁹; and guidance must not be issued under them until after the period of 40 days¹⁰ beginning with:

- 2052 (a) the day on which the draft is laid before each House of Parliament; or
- 2053 (b) if the draft is laid before the House of Lords on one day and the House of Commons on another, the later of those two days¹¹.

If, before the end of that period, either House resolves that the guidance should not be issued, the Secretary of State must not issue it¹².

The Secretary of State must arrange for any guidance so issued to be published in such manner as he considers appropriate¹³.

The duties imposed by the above provisions do not affect the obligations of the Authority or the Secretary of State to perform or comply with any other duty or requirement, whether arising under the Electricity Act 1989 or another enactment, by virtue of any Community obligation or otherwise¹⁴.

1 As to the Secretary of State see PARA 601 note 1 ante.

2 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

3 Electricity Act 1989 s 3B(1) (s 3B added by the Utilities Act 2000 s 14).

4 Ie under the Electricity Act 1989 Pt I (ss 3A-64) (as amended): see PARA 1041 ante, PARA 1043 et seq post.

5 Ibid s 3B(2) (as added: see note 2 supra). Section 3B (as so added) does not, however, apply in relation to anything done by the Authority in the exercise of functions relating to the determination of disputes or in the exercise, concurrently with the Office of Fair Trading, of functions under s 43(3) (as substituted) (functions with respect to competition: see PARA 1141 post): see s 3D(3) (added by the Utilities Act 2000 s 16). See further the Electricity Act 1989 s 3D(4) (as added and amended), cited in PARA 1041 note 34 ante.

6 As to the establishment of the Gas and Electricity Consumer Council see PARA 716 ante; and as to the prospective abolition of the Council and the transfer of its functions to the new National Consumer Council to be established under the Consumers, Estate Agents and Redress Act 2007 see PARA 716 the text and notes 12-13 ante.

7 For the meaning of 'licence holder' see PARA 1041 note 12 ante.

8 Electricity Act 1989 s 3B(3) (as added (see note 3 supra); prospectively amended by the Consumers, Estate Agents and Redress Act 2007 s 63(1), Sch 7 paras 7, 8, as from a day to be appointed under s 66(2), so as to refer in head (2) in the text to the National Consumer Council instead of to the Gas and Electricity Consumer Council; at the date at which this title states the law, that amendment was not in force).

9 Electricity Act 1989 s 3B(4) (as added: see note 3 supra).

10 In reckoning any period of 40 days for the purposes of *ibid* s 3B(5) or (6) (as added), no account is to be taken of any time during which Parliament is dissolved or prorogued or both Houses are adjourned for more than four days: *ibid* s 3B(7) (as added: see note 3 supra).

11 *Ibid* s 3B(5) (as added: see note 3 supra).

12 *Ibid* s 3B(6) (as added: see note 3 supra).

13 *Ibid* s 3B(8) (as added: see note 3 supra).

14 *Ibid* s 3D(5) (added by the Utilities Act 2000 s 16). Nor does s 3B (as added) apply in relation to functions of the Secretary of State under ss 36-37 (as amended) (giving of certain consents: see PARAS 1249-1252 post): see s 3D(2) (as added and amended), cited in PARA 1041 the text and notes 30-31 ante.

As to the application of ss 3B, 3D (as added and amended) to the exercise of certain functions of the Secretary of State or GEMA under the Energy Act 2004 see s 190, cited in PARA 706 the text and notes 16-23 ante; and as to their application to the exercise of certain functions of the Secretary of State or GEMA under the Climate Change and Sustainable Energy Act 2006 see s 8(6), cited in PARA 1077 post.

UPDATE

1042 Guidance on social and environmental matters

TEXT AND NOTES--As to the application of general duties to functions relating to licences see Energy Act 2008 s 102.

NOTE 8--Day appointed is 1 October 2008: SI 2008/2550.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (3) GENERAL DUTIES AND FUNCTIONS OF THE SECRETARY OF STATE AND THE GAS AND ELECTRICITY MARKETS AUTHORITY/1043. Health and safety.

1043. Health and safety.

The Secretary of State¹ and the Gas and Electricity Markets Authority ('GEMA')² must consult the Health and Safety Commission³ about all electricity safety issues⁴ which may be relevant to the carrying out of any of their respective functions under Part I⁵ of the Electricity Act 1989⁶; and the Secretary of State and the Authority must, in carrying out their respective functions under Part I of that Act, take into account any advice given by the Health and Safety Commission about any electricity safety issue, whether or not in response to such consultation⁷.

The Secretary of State may require the Authority also to consult him about electricity safety issues of particular descriptions⁸; and the Authority must, in carrying out its functions under Part I of the Electricity Act 1989, take into account any advice given by the Secretary of State about any electricity safety issue, whether or not in response to such consultation⁹.

The above provisions do not, however, apply in relation to anything done by the Authority in the exercise of functions relating to the determination of disputes or in the exercise, concurrently with the Office of Fair Trading¹⁰, of certain functions¹¹ with respect to competition¹². Nor do the duties imposed by the above provisions affect the obligations of the Authority or the Secretary of State to perform or comply with any other duty or requirement, whether arising under the Electricity Act 1989 or another enactment, by virtue of any Community obligation or otherwise¹³.

1 As to the Secretary of State see PARA 601 note 1 ante.

2 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

3 As to the Health and Safety Commission see HEALTH AND SAFETY AT WORK vol 52 (2009) PARA 361 et seq.

4 For these purposes, an electricity safety issue is anything concerning the generation, transmission, distribution or supply of electricity which may affect the health and safety of (1) members of the public; or (2) persons employed in connection with any of those activities: Electricity Act 1989 s 3C(5) (s 3C added by the Utilities Act 2000 s 15). For the meanings of 'generation', 'transmission', 'distribution' and 'supply' of electricity see PARA 1041 notes 5-7, 10 ante.

5 I.e. under the Electricity Act 1989 Pt I (ss 3A-64) (as amended): see PARAS 1041-1042 ante, PARA 1044 et seq post.

6 Ibid s 3C(1) (as added: see note 4 supra).

7 Ibid s 3C(3) (as added: see note 4 supra).

8 Ibid s 3C(2) (as added: see note 4 supra).

9 Ibid s 3C(4) (as added: see note 4 supra).

10 As to the Office of Fair Trading see COMPETITION vol 18 (2009) PARAS 6-8.

11 I.e. functions under the Electricity Act 1989 s 43(3) (as substituted): see PARA 1141 post.

12 See ibid s 3D(3) (added by the Utilities Act 2000 s 16). See further the Electricity Act 1989 s 3D(4) (as added and amended), cited in PARA 1041 note 34 ante.

13 Ibid s 3D(5) (as added: see note 12 supra). Nor does s 3C (as added) apply in relation to functions of the Secretary of State under ss 36-37 (as amended) (giving of certain consents: see PARAS 1249-1252 post): see s 3D(2) (as added and amended), cited in PARA 1041 the text and notes 30-31 ante.

As to the application of ss 3C, 3D (as added and amended) to the exercise of certain functions of the Secretary of State or GEMA under the Energy Act 2004 see s 190, cited in PARA 706 the text and notes 16-23 ante; and as to their application to the exercise of certain functions of the Secretary of State or GEMA under the Climate Change and Sustainable Energy Act 2006 see s 8(6), cited in PARA 1077 post.

UPDATE

1043 Health and safety

TEXT AND NOTES--As to the application of general duties to functions relating to licences see Energy Act 2008 s 102.

NOTES 6, 7--1989 Act s 3(1), (3) amended: SI 2008/960.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (3) GENERAL DUTIES AND FUNCTIONS OF THE SECRETARY OF STATE AND THE GAS AND ELECTRICITY MARKETS AUTHORITY/1044. General functions of the Gas and Electricity Markets Authority with regard to electricity.

1044. General functions of the Gas and Electricity Markets Authority with regard to electricity.

It is the duty of the Gas and Electricity Markets Authority ('GEMA')¹, so far as it appears to it practicable from time to time to do so:

- 2054 (1) to keep under review the carrying on both in Great Britain² and elsewhere of any activities connected with the generation³, transmission⁴ and supply⁵ of electricity, including, in particular:
- 169
- 256. (a) activities connected with the supply to any premises⁶ of heat produced in association with electricity and steam produced from air and water heated by such heat⁷;
- 257. (b) activities connected with the generation of electricity by microgeneration⁸ or with the transmission and supply of electricity so generated⁹;
- 170
- 2055 (2) to collect information¹⁰ with respect to those activities, and the persons by whom they are carried on, with a view to facilitating the exercise of the Authority's functions under Part I¹¹ of the Electricity Act 1989¹².

The Secretary of State¹³ may give general directions¹⁴ indicating considerations to which the Authority should have particular regard:

- 2056 (i) in determining the order of priority in which matters are to be brought under review in performing its duty under head (1) or head (2) above; and
- 2057 (ii) in cases where it appears to the Authority that any of its statutory functions¹⁵ are exercisable, in determining whether to exercise those functions¹⁶.

It is the duty of the Authority, where either it considers it expedient or it is requested by the Secretary of State or the Office of Fair Trading¹⁷ to do so, to give information, advice and assistance to the Secretary of State or the Office of Fair Trading with respect to any matter in respect of which any function of the Authority under Part I of the 1989 Act is exercisable¹⁸.

1 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

2 For the meaning of 'Great Britain' see PARA 602 note 7 ante.

3 For the meaning of 'generation' see PARA 1041 note 7 ante.

4 For the meaning of 'transmission' see PARA 1041 note 6 ante.

5 For the meaning of 'supply' see PARA 1041 note 10 ante.

6 For the meaning of 'premises' see PARA 1041 note 5 ante.

- 7 Electricity Act 1989 s 47(1)(a) (s 47(1)-(3) amended by virtue of the Utilities Act 2000 s 3(2)).
- 8 For these purposes, 'microgeneration' has the same meaning as it has in the Climate Change and Sustainable Energy Act 2006 (see PARA 619 note 2 ante): Electricity Act 1989 s 47(1B) (s 47(1A), (1B) added by the Climate Change and Sustainable Energy Act 2006 s 9).
- 9 Electricity Act 1989 s 47(1A) (as added: see note 8 supra).
- 10 Unless the context otherwise requires, 'information' includes accounts, estimates and returns: *ibid* s 64(1).
- 11 *Ie* under *ibid* Pt I (ss 3A-64) (as amended): see PARA 1041 *et seq* ante, PARA 1045 *et seq* post.
- 12 *Ibid* s 47(1)(b) (as amended: see note 7 supra).
- 13 As to the Secretary of State see PARA 601 note 1 ante.
- 14 As to directions under the Electricity Act 1989 see generally s 107; and PARA 1306 post.
- 15 *Ie* any of its functions under *ibid* Pt I (as amended).
- 16 *Ibid* s 47(2) (as amended: see note 7 supra).
- 17 As to the Office of Fair Trading see COMPETITION vol 18 (2009) PARAS 6-8.
- 18 Electricity Act 1989 s 47(3) (as amended (see note 7 supra); also amended by the Enterprise Act 2002 s 278(1), Sch 25 para 20(1), (9)(b)).

UPDATE

1044 General functions of the Gas and Electricity Markets Authority with regard to electricity

TEXT AND NOTES 8, 9--Electricity Act 1989 s 47(1A) amended, s 47(1B) substituted: Energy Act 2008 Sch 5 para 4.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (3) GENERAL DUTIES AND FUNCTIONS OF THE SECRETARY OF STATE AND THE GAS AND ELECTRICITY MARKETS AUTHORITY/1045. Publication of information and advice.

1045. Publication of information and advice.

If it appears to the Gas and Electricity Markets Authority ('GEMA')¹ that the publication of any advice and information² would promote the interests of consumers³ in relation to electricity conveyed by distribution systems⁴ or transmission systems⁵, the Authority may publish that advice or information in such manner as it thinks fit⁶.

In so publishing advice or information, the Authority must have regard to the need for excluding, so far as that is practicable, any matter which relates to the affairs of a particular individual or body of persons, whether corporate or unincorporate, where publication of that matter would or might, in the opinion of the Authority, seriously and prejudicially affect the interests of that individual or body⁷. Before deciding to publish under these provisions any advice or information relating to a particular individual or body of persons the Authority must consult that individual or body⁸. However, nothing in the general statutory restrictions on disclosure of information set out in the Utilities Act 2000⁹ is to be construed either as limiting the matters which may be published under the above provisions or as applying to information which has been so published¹⁰.

1 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

2 For the meaning of 'information' see PARA 1044 note 10 ante.

3 For these purposes, 'consumers' includes both existing and future consumers: Electricity Act 1989 s 48(4) (added by the Utilities Act 2000 s 6(3)).

4 For the meaning of 'distribution system' see PARA 1041 note 5 ante.

5 For the meaning of 'transmission system' see PARA 1041 note 6 ante.

6 Electricity Act 1989 s 48(1) (s 48(1), (2) substituted, and s 48(2A) added, by the Utilities Act 2000 s 6(2); the Electricity Act 1989 also amended by the Energy Act 2004 s 179(2), (3)(c)). For certain purposes, however, s 179(2), (3)(c) (which inserts the words 'or transmission systems' in the text) does not come into force until 1 April 2010: see PARA 1041 note 3 ante. Where the Authority is required by any provision of the Electricity Act 1989 Pt I (ss 3A-64) (as amended) (see PARA 1041 et seq ante, PARA 1046 et seq post) to publish a notice or other document, the Authority must send a copy of the document to the Gas and Electricity Consumer Council: s 56G (added by the Utilities Act 2000 s 18(6)). As to the establishment of the Gas and Electricity Consumer Council see PARA 716 ante; and as to the prospective abolition of the Council and the transfer of its functions to the new National Consumer Council to be established under the Consumers, Estate Agents and Redress Act 2007 see PARA 716 the text and notes 12-13 ante.

The Office of Fair Trading must consult the Authority before publishing under the Enterprise Act 2002 s 6 any information or advice which may be published by the Authority under the Electricity Act 1989 s 48 (as amended): s 48(3) (amended by the Enterprise Act 2002 s 278(1), Sch 25 para 20(1), (10); and by virtue of the Utilities Act 2000 s 3(2)). As to the Office of Fair Trading see COMPETITION vol 18 (2009) PARAS 6-8.

7 Electricity Act 1989 s 48(2) (as substituted: see note 6 supra).

8 Ibid s 48(2A) (as added: see note 6 supra).

9 Ie the Utilities Act 2000 s 105 (as amended): see PARA 767 ante.

10 See ibid s 105(8).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (3) GENERAL DUTIES AND FUNCTIONS OF THE SECRETARY OF STATE AND THE GAS AND ELECTRICITY MARKETS AUTHORITY/1046. Keeping of register.

1046. Keeping of register.

The Gas and Electricity Markets Authority ('GEMA')¹ must maintain a register² at such premises³ and in such form as it may determine⁴. The Authority must⁵ cause to be entered in the register the provisions of:

- 2058 (1) every licence⁶ and every exemption⁷ granted to a particular person⁸;
- 2059 (2) every modification⁹ or revocation of a licence¹⁰;
- 2060 (3) every direction¹¹ or consent given or determination made under a licence¹²;
- 2061 (4) every final or provisional order¹³, every revocation of such an order¹⁴ and every notice¹⁵ that the Authority is satisfied that it is inappropriate to make or confirm such an order¹⁶; and
- 2062 (5) every penalty imposed¹⁷ and every notice¹⁸ stating that it has imposed a penalty¹⁹.

The Authority may, however, enter the provisions of anything in the register in a manner that excludes, so far as practicable, so much of the details of those provisions as it considers it appropriate to exclude for the purpose of maintaining the confidentiality of:

- 2063 (a) matters relating to the affairs of an individual the publication of which would or might, in its opinion, seriously and prejudicially affect the interests of that individual; and
- 2064 (b) matters relating specifically to the affairs of a particular body of persons the publication of which would or might, in the Authority's opinion, seriously and prejudicially affect the interests of that body²⁰.

Furthermore, if it appears to the Secretary of State²¹ that the entry of any provision in the register would be against the public interest or the commercial interests of any person, he may direct²² the Authority not to enter that provision in the register²³.

The contents of the register must be available for inspection by the public during such hours and subject to the payment of such fee as may be specified in an order made by the Secretary of State²⁴. Any person may, on the payment of such fee as may be specified in an order so made, require the Authority to supply him with a copy of, or extract from, any part of the register, being a copy or extract which is certified by the Authority to be a true copy or extract²⁵. Any sums received by the Authority under these provisions must be paid into the Consolidated Fund²⁶.

1 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

2 Ie for the purposes of the Electricity Act 1989 Pt I (ss 3A-64) (as amended): see PARA 1041 et seq ante, PARA 1047 et seq post.

3 For the meaning of 'premises' see PARA 1041 note 5 ante.

- 4 Electricity Act 1989 s 49(1) (s 49(1), (2), (4), (6), (7) amended by virtue of the Utilities Act 2000 s 3(2)).
- 5 le subject to the Electricity Act 1989 s 49(3) (as substituted) and to any direction given under s 49(4) (as amended): see the text and notes 21-23 infra.
- 6 For the meaning of 'licence' see PARA 1041 note 12 ante.
- 7 'Exemption' means an exemption under the Electricity Act 1989 s 5 (as substituted and amended) (see PARA 1051 post): s 64(1).
- 8 Ibid s 49(2)(a) (as amended: see note 4 supra).
- 9 For the meaning of 'modifications' see PARA 1035 note 3 ante.
- 10 Electricity Act 1989 s 49(2)(b) (as amended: see note 4 supra).
- 11 As to directions generally see ibid s 107; and PARA 1306 post.
- 12 Ibid s 49(2)(c) (as amended (see note 4 supra); also amended by the Utilities Act 2000 s 108, Sch 8).
- 13 For the meanings of 'final order' and 'provisional order' see PARA 1207 notes 7, 9 post. For general provisions as to orders see the Electricity Act 1989 s 106 (as amended); and PARA 1306 post.
- 14 As to revocation of a final or provisional order see PARA 1207 post.
- 15 le every notice under the Electricity Act 1989 s 25(6) (as amended): see PARA 1207 post.
- 16 Ibid s 49(2)(d) (as amended (see note 4 supra); also amended by the Utilities Act 2000, s 59(3)
- 17 le under the Electricity Act 1989 s 27A(1) (as added): see PARA 1212 post.
- 18 le every notice under ibid s 27A(5) (as added): see PARA 1212 post.
- 19 Ibid s 49(2)(e) (added by the Utilities Act 2000 s 59(3)).
- 20 Electricity Act 1989 s 49(3) (substituted by the Energy Act 2004 s 183(3)).
- 21 As to the Secretary of State see PARA 601 note 1 ante.
- 22 As to directions generally see the Electricity Act 1989 s 107; and PARA 1306 post.
- 23 Ibid s 49(4) (as amended: see note 4 supra).
- 24 Ibid s 49(5). In exercise of the power so conferred, the Secretary of State has made the Electricity (Register) Order 1990, SI 1990/194, which came into force on 31 March 1990: see art 1. The contents of the register are to be available for inspection by the public between 10 am and 4 pm on each working day: arts 2, 3. For the meaning of 'working day' see PARA 1095 note 8 post.
- 25 Electricity Act 1989 s 49(6) (as amended: see note 4 supra). The fee for the supply of a copy of, or extract from, any part of the register certified by the Authority to be a true copy or extract is £2 together with 10p for each page supplied: Electricity (Register) Order 1990, SI 1990/194, art 4 (amended by virtue of the Utilities Act 2000 s 3(2)). As to the functions of the Authority which may be taken into account in fixing such fees and the matters specified in relation to those functions for the purposes of the Finance (No 2) Act 1987 s 102(4), see the Electricity Act 1989 (Fees) Order 1990, SI 1990/184, arts 2, 3, Sch 1 Pt I, Sch 2 paras 1-7 (as so amended).
- 26 Electricity Act 1989 s 49(7) (as amended: see note 4 supra). As to the Consolidated Fund see CONSTITUTIONAL LAW AND HUMAN RIGHTS vol 8(2) (Reissue) PARA 711 et seq; PARLIAMENT vol 78 (2010) PARAS 1028-1031.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (3) GENERAL DUTIES AND FUNCTIONS OF THE SECRETARY OF STATE AND THE GAS AND ELECTRICITY MARKETS AUTHORITY/1047. Duty to give reasons for decisions.

1047. Duty to give reasons for decisions.

As soon as reasonably practicable after making any of the following decisions, namely:

- 2065 (1) the revocation of a licence¹;
- 2066 (2) the modification² of the conditions of a licence;
- 2067 (3) the giving of any directions³ or consent in pursuance of a condition included in a licence by virtue of the specified statutory provisions⁴;
- 2068 (4) the determination of a question referred to the Gas and Electricity Markets Authority ('GEMA')⁵ or the Secretary of State⁶ in pursuance of a condition included in a licence⁷;
- 2069 (5) the determination of a dispute referred⁸ to the Authority;
- 2070 (6) the making of a final order⁹, the making or confirmation of a provisional order¹⁰ or the revocation of a final order or of a provisional order which has been confirmed,

the Authority or the Secretary of State must publish a notice¹¹ stating the reasons for the decision in such manner as it or he considers appropriate for the purpose of bringing the matters to which the notice relates to the attention of persons likely to be interested¹². In preparing such a notice the Authority or the Secretary of State must have regard to the need for excluding, so far as that is practicable, any matter which relates to the affairs of a particular individual or body of persons, whether corporate or unincorporate, where it or he considers that publication of that matter would or might seriously and prejudicially affect the interests of that individual or body¹³. The Authority must send a copy of a notice published in respect of a decision mentioned in heads (1) to (4) above or in head (6) above to the licence holder¹⁴ to whose licence, or to whom, the decision relates¹⁵.

The above provisions do not apply to a decision resulting in any provision which the Secretary of State has directed¹⁶ the Authority not to enter in the register of licences and other matters which is required¹⁷ to be kept¹⁸.

1 For the meaning of 'licence' see PARA 1041 note 12 ante.

2 For the meaning of 'modification' see PARA 1035 note 3 ante.

3 As to directions generally see the Electricity Act 1989 s 107; and PARA 1306 post.

4 Ie by virtue of *ibid* s 7(3)(a) or (b) (as amended): see PARA 1068 post.

5 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

6 As to the Secretary of State see PARA 601 note 1 ante.

7 Ie by virtue of the Electricity Act 1989 s 7(3)(c) (as amended): see PARA 1068 post.

8 Ie a dispute referred under *ibid* s 23(1) (as substituted): see PARA 1100 post.

9 For the meaning of 'final order' see PARA 1207 note 7 post.

- 10 For the meaning of 'provisional order' see PARA 1207 note 9 post.
- 11 'Notice' means notice in writing: Electricity Act 1989 s 64(1). As to publication by the Authority see PARA 1045 note 6 ante.
- 12 Ibid s 49A(1), (2) (s 49A added by the Utilities Act 2000 s 42).

- 14 For the meaning of 'licence holder' see PARA 1041 note 12 ante.
- 15 Electricity Act 1989 s 49A(3) (as added: see note 12 supra).
- 16 Ie under ibid s 49(4) (as amended): see PARA 1046 ante.
- 17 Ie under ibid s 49 (as amended): see PARA 1046 ante.
- 18 Ibid s 49A(5) (as added: see note 12 supra).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (3) GENERAL DUTIES AND FUNCTIONS OF THE SECRETARY OF STATE AND THE GAS AND ELECTRICITY MARKETS AUTHORITY/1048. Other statutory powers and duties of the Secretary of State.

1048. Other statutory powers and duties of the Secretary of State.

The Secretary of State¹ has a number of other statutory powers and duties for the purpose of carrying out his general functions and duties relating to electricity². He may, for example:

- 2071 (1) grant exemption from any of the prohibitions³ on carrying out specified activities relating to electricity without a licence⁴ and revoke or withdraw such exemptions⁵;
- 2072 (2) issue a direction to the Gas and Electricity Markets Authority ('GEMA')⁶ not to impose a modification condition on the transfer of an electricity licence⁷ or not to make a modification in the conditions of a licence⁸ or in the standard conditions of licences⁹;
- 2073 (3) institute certain criminal proceedings¹⁰;
- 2074 (4) modify, during a transitional period, the conditions of certain licences for the purpose of increasing the amount of electricity generated by microgeneration¹¹;
- 2075 (5) direct the Competition Commission¹² not to proceed with a reference to it or not to give effect to a variation of a reference¹³;
- 2076 (6) direct the Authority not to publish certain commercially sensitive material¹⁴;
- 2077 (7) by order, alter the activities requiring a licence¹⁵;
- 2078 (8) make regulations entitling an electricity distributor to recover expenditure incurred in making a connection to premises¹⁶;
- 2079 (9) by order impose on electricity distributors and suppliers an obligation to achieve, within a specified period and in accordance with the order, the carbon emissions reduction target to be determined by the Authority¹⁷;
- 2080 (10) make an order containing a scheme for the adjustment of charges for electricity to help disadvantaged groups of customers¹⁸;
- 2081 (11) make regulations concerning the supply and safety of electricity¹⁹ and grant exemptions from certain requirements of such regulations²⁰;
- 2082 (12) appoint electrical inspectors²¹;
- 2083 (13) give directions for preserving the security of electricity supplies²²;
- 2084 (14) direct that proposed works for the establishment or conversion of an electricity generating station to be fuelled by crude liquid petroleum, any petroleum product or natural gas are not to be carried out²³;
- 2085 (15) by order impose the renewables obligation on designated electricity suppliers²⁴;
- 2086 (16) by order require the continued payment of fossil fuel levy²⁵;
- 2087 (17) give directions with regard to fuel stocks at certain generating stations²⁶;
- 2088 (18) give the required consent for the construction etc of generating stations²⁷ and the installation of overhead electric lines²⁸;
- 2089 (19) give financial assistance for the discharge of nuclear liabilities²⁹.

The Secretary of State must:

- 2090 (a) hold a public inquiry in certain circumstances before granting such a consent as is described in head (18) above³⁰;

2091 (b) in prescribed circumstances, give a screening opinion as to whether development requiring the consent described in head (18) above is EIA development³¹ and a scoping opinion as to the contents of the required environmental statement³².

He is given prospective powers to make regulations concerning billing disputes³³, to issue directions for the purpose of implementing the new trading and transmission arrangements under the Energy Act 2004³⁴ and to modify licence conditions for offshore transmission and distribution³⁵. His consent is required for the exercise of certain powers by the Authority, in particular its powers to make regulations³⁶.

The Secretary of State's specific powers and duties relating to electricity are discussed in more detail below³⁷.

1 As to the Secretary of State see PARA 601 note 1 ante.

2 As to the Secretary of State's general functions and duties relating to electricity see PARA 1041 et seq ante. See also PARA 706 et seq ante.

UPDATE

1048 Other statutory powers and duties of the Secretary of State

NOTES--Certain functions under provisions mentioned in this paragraph are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3, see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (3) GENERAL DUTIES AND FUNCTIONS OF THE SECRETARY OF STATE AND THE GAS AND ELECTRICITY MARKETS AUTHORITY/1049. Other statutory powers and duties of the Gas and Electricity Markets Authority.

1049. Other statutory powers and duties of the Gas and Electricity Markets Authority.

The Gas and Electricity Markets Authority ('GEMA')¹ has a number of other statutory powers and duties for the purpose of carrying out its general functions and duties relating to electricity². For example, the Authority:

- 2092 (1) is responsible for granting generation, transmission, distribution, supply and interconnector licences³;
- 2093 (2) has power to make regulations under a number of provisions of the Electricity Act 1989, usually conditional on the Secretary of State's⁴ consent⁵;
- 2094 (3) may modify the conditions of licences⁶;
- 2095 (4) may determine certain disputes⁷;
- 2096 (5) may order licence holders⁸ to comply with certain statutory provisions⁹ and impose penalties on them¹⁰;
- 2097 (6) must refer certain consumer complaints to the Gas and Electricity Consumer Council¹¹;
- 2098 (7) may prescribe overall standards of performance and determine standards of performance for individual cases¹² and may determine targets for reductions in carbon emissions¹³;
- 2099 (8) has powers to collect information with respect to levels of performance in relation to such standards¹⁴; and
- 2100 (9) may institute certain criminal proceedings¹⁵.

The Authority's specific powers and duties relating to electricity are discussed in more detail below¹⁶.

1 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

2 As to the Authority's general functions and duties relating to electricity see PARA 1041 et seq ante.

3 See PARA 1065 et seq post.

4 As to the Secretary of State see PARA 601 note 1 ante.

5 See eg paras 1110-1111, 1136 post.

6 See PARA 1074 et seq post.

7 See PARA 1100 post.

8 For the meaning of 'licence holder' see PARA 1041 note 12 ante.

9 See the Electricity Act 1989 (ss 25-27) (as amended); and PARA 1207 et seq post.

10 See ibid ss 27A-27F (as added); and PARA 1212 et seq post.

11 See *ibid* s 46(9) (as substituted); and PARA 1145 post. As to the prospective abolition of the Council and the transfer of its functions to the new National Consumer Council to be established under the Consumers, Estate Agents and Redress Act 2007 see PARA 716 the text and notes 12-13 ante.

12 See PARA 1109 et seq post.

13 See PARA 1137 post.

14 See PARA 1138 post.

15 See eg the Electricity Act 1989 s 4(3) (as amended); and PARA 1050 post.

16 See PARA 1050 et seq post.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(4) REGULATION OF ELECTRICITY SUPPLY ETC/(i) Licensing of Activities relating to Electricity/A. PROHIBITION ON UNLICENSED SUPPLY ETC/1050. Prohibition on unauthorised supply etc.

(4) REGULATION OF ELECTRICITY SUPPLY ETC

(i) Licensing of Activities relating to Electricity

A. PROHIBITION ON UNLICENSED SUPPLY ETC

1050. Prohibition on unauthorised supply etc.

A person who:

- 2101 (1) generates¹ electricity for the purpose of giving a supply² to any premises³ or enabling a supply to be so given;
- 2102 (2) participates in the transmission⁴ of electricity⁵ for that purpose;
- 2103 (3) distributes⁶ electricity for that purpose;
- 2104 (4) supplies electricity to any premises;
- 2105 (5) participates in the operation of an electricity interconnector⁷,

is guilty of an offence unless he is authorised to do so by a licence⁸. A person guilty of such an offence is liable on summary conviction to a fine not exceeding the statutory maximum and on conviction on indictment to a fine⁹; but no proceedings in respect of such an offence may be instituted in England and Wales except by or on behalf of the Secretary of State¹⁰ or the Gas and Electricity Markets Authority ('GEMA')¹¹.

1 For the meaning of 'generate' see PARA 1041 note 7 ante.

2 For the meaning of 'supply' see PARA 1041 note 10 ante.

3 For these purposes, and as from a day to be appointed, references to premises are references to premises situated at a relevant place, or at a place that is not in a renewable energy zone but is in an area designated under the Continental Shelf Act 1964 s 1(7) (as amended) (see PARA 1636 post; and INTERNATIONAL RELATIONS LAW vol 61 (2010) PARA 172); Electricity Act 1989 s 4(5) (added by the Energy Act 2004 s 89(2), as from a day to be appointed for these purposes under s 198(2); at the date at which this title states the law, no such day had been appointed). For the meaning of 'premises' generally see PARA 1041 note 5 ante; and for the meaning of 'relevant place' see PARA 1041 note 5 ante.

4 For the meaning of 'transmission' see PARA 1041 note 6 ante.

5 The reference in head (2) in the text to a person who participates in the transmission of electricity is to a person who (1) co-ordinates, and directs, the flow of electricity onto and over a transmission system by means of which the transmission of electricity takes place; or (2) makes available for use for the purposes of such a transmission system anything which forms part of it; but for these purposes a person is not to be regarded as making something available just because he consents to its being made available by another: Electricity Act 1989 s 4(3A), (3B) (added by the Energy Act 2004 s 135(1), (3)). For the meaning of 'transmission system' see PARA 1041 note 6 ante.

6 For the meaning of 'distribute' see PARA 1041 note 5 ante.

7 For the meaning of 'electricity interconnector' see PARA 1041 note 11 ante. A reference in the Electricity Act 1989 Pt I (ss 3A-64) (as amended) (see PARA 1041 et seq ante, PARA 1051 et seq post) to participating in the operation of an electricity interconnector is a reference to (1) co-ordinating and directing the flow of electricity

into or through an electricity interconnector; or (2) making such an interconnector available for use for the conveyance of electricity; and a person is not to be regarded as participating in the transmission of electricity by reason only of activities constituting participation in the operation of an electricity interconnector: s 4(3C) (s 4(3C), (3D) added by the Energy Act 2004 s 145(1), (3)). For the purposes of head (2) *supra*, a person is not to be regarded as making something available just because he consents to its being made available by another: Electricity Act 1989 s 4(3D) (as so added).

8 Ibid s 4(1) (amended by the Utilities Act 2000 ss 28(1), (2), 108, Sch 8; Energy Act 2004 ss 135(1), (2), 145(1), (2), 197(9), Sch 23 Pt 1). At the date at which this title states the law, the amendment made by s 197(9), Sch 23 Pt 1 (which repeals the word 'or' between heads (2) and heads (3) in the text), was not in force, but that word has been removed from the text. For the meaning of 'licence' see PARA 1041 note 12 *ante*.

9 Electricity Act 1989 s 4(2). As to the statutory maximum see PARA 689 note 2 *ante*.

10 As to the Secretary of State see PARA 601 note 1 *ante*.

11 Electricity Act 1989 s 4(3) (amended by virtue of the Utilities Act 2000 s 3(2)). As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 *et seq* *ante*; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 *ante*.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(4) REGULATION OF ELECTRICITY SUPPLY ETC/(i) Licensing of Activities relating to Electricity/B. EXEMPTIONS/(A) In general/1051. Exemptions from the prohibition on unlicensed supply etc; in general.

B. EXEMPTIONS

(A) IN GENERAL

1051. Exemptions from the prohibition on unlicensed supply etc; in general.

The Secretary of State¹ may by order² grant exemption from any of the prohibitions set out in the previous paragraph³:

- 2106 (1) either to a person or to persons of a class⁴;
- 2107 (2) either generally or to such extent as may be specified in the order; and
- 2108 (3) either unconditionally or subject to such conditions as may be so specified⁵.

Before making such an order the Secretary of State must give notice⁶:

- 2109 (a) stating that he proposes to make such an order and setting out the terms of the proposed order;
- 2110 (b) stating the reasons why he proposes to make the order in the terms proposed; and
- 2111 (c) specifying the time, not being less than 28 days from the date of publication of the notice, within which representations with respect to the proposals may be made,

and must consider any representations which are duly made in respect of the proposals and not withdrawn⁷. The notice so required must be given by serving a copy of it⁸ on the Gas and Electricity Markets Authority ('GEMA')⁹ and the Gas and Electricity Consumer Council¹⁰ and by publishing it in such manner as the Secretary of State considers appropriate for bringing it to the attention of those likely to be affected by the proposed order¹¹.

An exemption may be granted either indefinitely or for a period specified in, or determined by or under, the exemption¹²; and conditions subject to which an exemption is granted may, in particular, require any person carrying on any activity in pursuance of the exemption:

- 2112 (i) to comply with any direction given by the Secretary of State or the Authority as to such matters as are specified in the exemption or are of a description so specified;
- 2113 (ii) except in so far as the Secretary of State or the Authority consents to his doing or not doing them, not to do or to do such things as are specified in the exemption or are of a description so specified; and
- 2114 (iii) to refer for determination by the Secretary of State or the Authority such questions arising under the exemption as are specified in the exemption or are of a description so specified¹³.

Notice of an exemption granted to a person must be given by serving a copy of the exemption on him and by publishing the exemption in such manner as the Secretary of State considers

appropriate for bringing it to the attention of other persons who may be affected by it¹⁴; and notice of an exemption granted to persons of a class must be given by publishing the exemption in such manner as the Secretary of State considers appropriate for bringing it to the attention of persons of that class and other persons who may be affected by it¹⁵.

Class exemptions have been granted:

- 2115 (A) with respect to electricity generation¹⁶, to small generators¹⁷, offshore generators¹⁸, generators not exceeding 100 megawatts¹⁹ and generators never subject to central dispatch²⁰, in each case being persons other than licensed generators²¹;
- 2116 (B) with respect to electricity distribution²², to small distributors²³, on-site distributors²⁴, distributors to non-domestic consumers²⁵ and offshore distributors²⁶, in each case being persons other than licensed distributors²⁷; and
- 2117 (C) with regard to electricity supply²⁸, to small suppliers²⁹, persons who make a supply by way of resale³⁰, on-site suppliers³¹ and offshore suppliers³², in each case being persons other than licensed suppliers³³.

A number of individual exemptions have also been granted³⁴.

1 As to the Secretary of State see PARA 601 note 1 ante.

2 As to the making of orders generally see the Electricity Act 1989 s 106 (as amended); and PARA 1306 post.

3 I.e. exemption from any of ibid s 4(1)(a)-(d) (as amended): see PARA 1050 ante at heads (1)-(5) in the text.

4 For the purposes of the Electricity Act 1989, any class or description may be framed by reference to any matters or circumstances whatever: s 111(2).

5 Ibid s 5(1) (s 5 substituted by the Utilities Act 2000 s 29; the Electricity Act 1989 s 5(1) amended by the Energy Act 2004 s 145(1), (4)).

6 For the meaning of 'notice' see PARA 1047 note 11 ante.

7 Electricity Act 1989 s 5(2) (as substituted: see note 5 supra).

8 As to the service of notices and documents see PARA 1307 post.

9 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

10 As to the establishment of the Gas and Electricity Consumer Council see PARA 716 ante; and as to the prospective abolition of the Council and the transfer of its functions to the new National Consumer Council to be established under the Consumers, Estate Agents and Redress Act 2007 see PARA 716 the text and notes 12-13 ante.

11 Electricity Act 1989 s 5(2) (as substituted: see note 5 supra).

12 Ibid s 5(6) (as substituted: see note 5 supra).

13 Ibid s 5(7) (as substituted: see note 5 supra).

14 Ibid s 5(4) (as substituted: see note 5 supra).

15 Ibid s 5(5) (as substituted: see note 5 supra).

16 I.e. an exemption from the prohibition contained in ibid s 4(1)(a): see PARA 1050 ante at head (1) in the text.

17 See the Electricity (Class Exemptions from the Requirement for a Licence) Order 2001, SI 2001/3270, art 3(1)(a), Sch 2 Class A; and PARA 1053 post. A person is to be treated as falling within any class specified in Sch 2, 3 or 4 (as amended) notwithstanding that he generates, distributes or supplies electricity, as the case may

be, in circumstances other than those specified in the description of that class if the generation, distribution or supply of electricity in those circumstances would, if taken on its own, be such that that person would fall within another class in Sch 2, 3 or 4 (as amended), as the case may be: art 3(2).

18 See *ibid* Sch 2 Class B; and PARA 1054 post.

19 See *ibid* Sch 2 Class C (as substituted); and PARA 1055 post.

20 See *ibid* Sch 2 Class D (as substituted); and PARA 1056 post.

21 'Licensed generator' means the holder of a licence under the Electricity Act 1989 s 6(1)(a) (as substituted) (see PARA 1065 post): Electricity (Class Exemptions from the Requirement for a Licence) Order 2001, SI 2001/3270, art 2(1).

22 Is an exemption from the prohibition contained in the Electricity Act 1989 s 4(1)(bb) (as added): see PARA 1050 ante at head (3) in the text.

23 See the Electricity (Class Exemptions from the Requirement for a Licence) Order 2001, SI 2001/3270, art 3(1)(b), Sch 3 Class A; and PARA 1057 post.

24 See *ibid* Sch 3 Class B; and PARA 1058 post.

25 See *ibid* Sch 3 Class C; and PARA 1059 post.

26 See *ibid* Sch 3 Class D (as added); and PARA 1060 post.

27 'Licensed distributor' means the holder of a licence under the Electricity Act 1989 s 6(1)(c) (as substituted and amended) (see PARA 1065 post): Electricity (Class Exemptions from the Requirement for a Licence) Order 2001, SI 2001/3270, art 2(1).

28 Is an exemption from the prohibition contained in the Electricity Act 1989 s 4(1)(c): see PARA 1050 ante at head (4) in the text.

29 See the Electricity (Class Exemptions from the Requirement for a Licence) Order 2001, SI 2001/3270, art 3(1)(c), Sch 4 Class A; and PARA 1061 post.

30 See *ibid* Sch 4 Class B; and PARA 1062 post.

31 See *ibid* Sch 4 Class C; and PARA 1063 post.

32 See *ibid* Sch 4 Class D; and PARA 1064 post.

33 'Licensed supplier' means the holder of a licence under the Electricity Act 1989 s 6(1)(d) (as substituted and amended) (see PARA 1065 post): Electricity (Class Exemptions from the Requirement for a Licence) Order 2001, SI 2001/3270, art 2(1).

34 See (1) the Electricity (Exemption from the Requirement for a Generation Licence) (England and Wales) Order 2002, SI 2002/823; (2) the Electricity (Exemption from the Requirement for a Generation Licence) (England and Wales) Order 2003, SI 2003/2380; (3) the Electricity (Exemption from the Requirement for a Generation Licence) (No 2) Order 2003, SI 2003/3318; (4) the Electricity (Exemption from the Requirement for a Generation Licence) Order 2004, SI 2004/1179; (5) the Electricity (Exemption from the Requirement for a Generation Licence) (No 2) Order 2004, SI 2004/1776; (6) the Electricity (Exemption from the Requirement for a Generation Licence) (England and Wales) Order 2005, SI 2005/2242; (7) the Electricity Act 1989 (Exemption from the Requirement for an Interconnector Licence) Order 2006, SI 2006/2002; (8) the Electricity Act 1989 (Exemption from the Requirement for a Generation Licence) (England and Wales) Order 2006, SI 2006/2978; (9) the Electricity Act 1989 (Exemption from the Requirement for a Generation Licence) (Gunfleet Sand) (England and Wales) Order 2007, SI 2007/990; (10) the Electricity Act 1989 (Exemption from the Requirement for a Generation Licence) (Burbo Bank) (England and Wales) Order 2007, SI 2007/993. Orders relating to Scotland only are not recorded in this work.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(4) REGULATION OF ELECTRICITY SUPPLY ETC/(i) Licensing of Activities relating to Electricity/B. EXEMPTIONS/(A) In general/1052. Revocation or withdrawal of exemptions.

1052. Revocation or withdrawal of exemptions.

The Secretary of State¹ may by order²:

2118 (1) revoke an order by which an exemption³ was granted to a person or vary an order by which more than one exemption was so granted so as to terminate any of the exemptions:

171

258. (a) at the person's request;

259. (b) in accordance with any provision of the order by which the exemption was granted; or

260. (c) if it appears to the Secretary of State inappropriate that the exemption should continue to have effect⁴;

172

2119 (2) revoke an order by which an exemption was granted to persons of a class⁵ or vary an order by which more than one exemption was so granted so as to terminate any of the exemptions:

173

261. (a) in accordance with any provision of the order by which the exemption was granted; or

262. (b) if it appears to the Secretary of State inappropriate that the exemption should continue to have effect⁶.

174

The Secretary of State may also by direction⁷ withdraw an exemption granted to persons of a class from any person of that class:

2120 (i) at the person's request;

2121 (ii) in accordance with any provision of the order by which the exemption was granted; or

2122 (iii) if it appears to the Secretary of State inappropriate that the exemption should continue to have effect in the case of the person⁸.

Before making an order under head (1)(b), head (1)(c) or head (2) above, or giving a direction under head (ii) or head (iii) above, the Secretary of State must consult the Gas and Electricity Markets Authority ('GEMA')⁹ and give notice¹⁰ of his proposal to do so, with reasons, and of a period within which representations may be made to him¹¹. The notice so required must be given:

2123 (A) where the Secretary of State is proposing to make an order under head (1)(b) or head (1)(c) above, by serving a copy of it¹² on the person to whom the exemption was granted;

2124 (B) where he is proposing to make an order under head (2) above, by publishing it in such manner as the Secretary of State considers appropriate for

bringing it to the attention of persons of the class of persons to whom the exemption was granted; and
 2125 (c) where he is proposing to give a direction under head (ii) or head (iii) above, by serving a copy of it on the person from whom he proposes to withdraw the exemption¹³.

- 1 As to the Secretary of State see PARA 601 note 1 ante.
- 2 As to the making of orders generally see PARA 1306 post.
- 3 For the meaning of 'exemption' see PARA 1046 note 7 ante. As to exemptions see PARA 1051 ante.
- 4 Electricity Act 1989 s 5(8) (s 5 substituted by the Utilities Act 2000 s 29).
- 5 As to the framing of a class see PARA 1051 note 4 ante. As to class exemptions see PARA 1053 et seq post.
- 6 Electricity Act 1989 s 5(9) (as substituted: see note 4 supra).
- 7 As to the giving of directions generally see PARA 1306 post.
- 8 Electricity Act 1989 s 5(10) (as substituted: see note 4 supra).
- 9 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.
- 10 For the meaning of 'notice' see PARA 1047 note 11 ante.
- 11 Electricity Act 1989 s 5(11) (as substituted: see note 4 supra).
- 12 As to service of notices and documents see PARA 1307 post.
- 13 Electricity Act 1989 s 5(12) (as substituted: see note 4 supra).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(4) REGULATION OF ELECTRICITY SUPPLY ETC/(i) Licensing of Activities relating to Electricity/B. EXEMPTIONS/(B) Generation; Class Exemptions/1053. Generation exemptions; Class A.

(B) GENERATION; CLASS EXEMPTIONS

1053. Generation exemptions; Class A.

Persons, other than licensed generators¹, who do not at any time provide more electrical power from any one generating station than:

- 2126 (1) 10 megawatts; or
- 2127 (2) 50 megawatts in the case of a generating station with a declared net capacity² of less than 100 megawatts,

are exempt from the statutory prohibition³ on unlicensed generation of electricity⁴. For these purposes there must be disregarded power supplied to:

- 2128 (a) a single consumer⁵ who occupies premises which are on the same site⁶ as the premises where the generating station is situated and who consumes all the power provided to him from that generating station at those premises or supplies all or some of such power in circumstances specified in the description of Class B of the prescribed supply exemptions⁷ and consumes at those premises any of such power not so supplied by him; or
- 2129 (b) two or more consumers who form a qualifying group⁸ each of whom occupies premises which are on the same site as the premises where the generating station is situated and consumes all the power provided to him from that generating station at those premises or supplies all or some of such power in circumstances specified in the description of Class B of the prescribed supply exemptions⁹ and consumes at those premises any of such power not so supplied by him;

and for the purposes of head (2) above, power temporarily provided in excess of 50 megawatts due to technical circumstances outside the reasonable control of the person providing that power must also be disregarded¹⁰.

A person is to be treated as generating electricity at any time if he is the operator of plant or equipment which at that time:

- 2130 (i) is generating or capable of generating electricity; or
- 2131 (ii) is not capable of generating electricity only by reason of the maintenance, repair or testing of the plant or equipment¹¹.

1 For the meaning of 'licensed generator' see PARA 1051 note 21 ante.

2 The declared net capacity of a generating station which is driven by any means other than water, wind or solar power is the highest generation of electricity (at the main alternator terminals) which can be maintained indefinitely without causing damage to the plant less so much of that capacity as is consumed by the plant: Electricity (Class Exemptions from the Requirement for a Licence) Order 2001, SI 2001/3270, art 2(1), Sch 1 para 1. The declared net capacity of a generating station which is driven by water, wind or solar power must be

ascertained by the application of the formula $A \times B$ where (1) 'A' is the highest generation of electricity (at the main alternator terminals or, in the case of direct current generation, at the output terminals of the direct current to alternating current converter) which, on the assumption that the source of power is available uninterruptedly, can be maintained indefinitely without causing damage to the plant less so much of that electricity as is consumed by the plant; and (2) 'B' has the value set out as applicable to the particular description of station, ie (a) for a station driven by tidal or wave power, 0.33; (b) for a station driven by any form of water power other than tidal or wave power, 1; (c) for a station driven by wind power, 0.43; and (d) for a station driven by solar power, 0.1: Sch 1 para 2.

3 Ie the prohibition contained in the Electricity Act 1989 s 4(1)(a): see PARA 1050 ante at head (1) in the text.

4 Electricity (Class Exemptions from the Requirement for a Licence) Order 2001, SI 2001/3270, art 3(1)(a), Sch 2 Class A. As to when a person falls within a particular class of exemption see art 3(2), cited in PARA 1051 note 17 ante.

5 'Consumer' means a person to whom electricity is supplied (whether or not he is the same person as the person who supplies the electricity: *ibid* art 2(1)).

6 Premises are to be treated as on the same site as each other if they are (1) the same premises; (2) immediately adjoining each other; or (3) separated from each other only by a road, railway or watercourse or by other premises occupied by the consumer in question, by any other person who together with that consumer forms a qualifying group (see note 8 *infra*), or by the person seeking to fall within the class in question specified in *ibid* Sch 2 (as amended) or Sch 4: art 2(2)(e).

7 Ie the description of *ibid* Sch 4 Class B: see PARA 1062 post.

8 'Qualifying group' means a group of two or more consumers which are all bodies corporate, and which either (1) are each connected to each other, provided that any body corporate which is connected to, or a parent undertaking in relation to, any of them is a parent undertaking in relation to all of them; or (2) are each related to each other, were related to each other on 31 March 1990 and were supplied with electricity on 31 March 1990 by the person seeking to fall within the class in question specified in *ibid* Sch 2 (as amended) or Sch 4: art 2(1). For these purposes: (a) one body corporate is to be treated as related to another if (i) one of them is a 75% subsidiary of the other; or (ii) both of them are 75% subsidiaries of a third body corporate; and '75% subsidiary' is to be construed in accordance with the Income and Corporation Taxes Act 1988 s 838 (as amended); and (b) one body corporate is to be treated as connected to another if (i) 50% or more of the ordinary share capital of one of them is owned directly or indirectly by the other; or (ii) 50% or more of the ordinary share capital of each of them is owned directly or indirectly by a third body corporate; and for the purpose of determining whether 50% or more of the ordinary share capital of a body corporate is owned directly or indirectly by another body corporate the provisions of the Income and Corporation Taxes Act 1988 s 838(2)-(10) apply in relation to this provision as they apply in relation to s 838(1) (as amended): Electricity (Class Exemptions from the Requirement for a Licence) Order 2001, SI 2001/3270, art 2(2)(b), (c). 'Parent undertaking' is to be construed in accordance with the Companies Act 1985 s 258 (prospectively repealed by the Companies Act 2006 s 1295, Sch 16, and replaced by s 1162, as from a day to be appointed under s 1300(2); at the date at which this title states the law, no such day had been appointed); and 'ordinary share capital' has the same meaning as in the Income and Corporation Taxes Act 1988 s 832(1) (as amended): Electricity (Class Exemptions from the Requirement for a Licence) Order 2001, SI 2001/3270, art 2(1).

9 See note 7 *supra*.

10 Electricity (Class Exemptions from the Requirement for a Licence) Order 2001, SI 2001/3270, Sch 2 Class A.

11 *Ibid* art 2(2)(d).

UPDATE

1053 Generation exemptions; Class A

NOTE 8--Companies Act 2006 s 1162 in force on 6 April 2008: SI 2007/3495.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(4) REGULATION OF ELECTRICITY SUPPLY ETC/(i) Licensing of Activities relating to Electricity/B. EXEMPTIONS/(B) Generation; Class Exemptions/1054. Generation exemptions; Class B.

1054. Generation exemptions; Class B.

Persons, other than licensed generators¹, who do not generate electricity² except at a generating station which is situated on an offshore installation³ and do not supply such electricity except to premises which constitute or are comprised in an offshore installation, are exempt from the statutory prohibition⁴ on unlicensed generation of electricity⁵.

1 For the meaning of 'licensed generator' see PARA 1051 note 21 ante.

2 As to when a person is treated as generating electricity for these purposes see PARA 1053 the text and note 11 ante.

3 For these purposes, 'offshore installation' has the same meaning as in the Offshore Installations and Pipeline Works (Management and Administration) Regulations 1995, SI 1995/738 (as amended) (see reg 3 (as amended)); and HEALTH AND SAFETY AT WORK vol 53 (2009) PARA 733): Electricity (Class Exemptions from the Requirement for a Licence) Order 2001, SI 2001/3270, art 2(1).

4 Ie the prohibition contained in the Electricity Act 1989 s 4(1)(a): see PARA 1050 ante at head (1) in the text.

5 Electricity (Class Exemptions from the Requirement for a Licence) Order 2001, SI 2001/3270, art 3(1)(a), Sch 2 Class B. As to when a person falls within a particular class of exemption see art 3(2), cited in PARA 1051 note 17 ante.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(4) REGULATION OF ELECTRICITY SUPPLY ETC/(i) Licensing of Activities relating to Electricity/B. EXEMPTIONS/(B) Generation; Class Exemptions/1055. Generation exemptions; Class C.

1055. Generation exemptions; Class C.

Persons, other than licensed generators¹, who do not provide any electrical power² except from generating stations which:

2132 (1) on 30 September 2000 were connected to the total system in England and Wales³ or the total system in Scotland⁴; and

2133 (2) are not normally capable of exporting more than 100 megawatts to the total system in Great Britain⁵, disregarding power temporarily provided in excess of 100 megawatts due to technical circumstances outside the reasonable control of the person providing that power,

are exempt from the statutory prohibition⁶ on unlicensed generation of electricity⁷.

1 For the meaning of 'licensed generator' see PARA 1051 note 21 ante.

2 As to when a person is treated as generating electricity for these purposes see PARA 1053 the text and note 11 ante.

3 'Total system in England and Wales' means the transmission system located in England and Wales of the licensed transmitter and all distribution systems located in England and Wales; and 'licensed transmitter' means the holder of a licence under the Electricity Act 1989 s 6(1)(b) (as substituted) (see PARA 1065 post): Electricity (Class Exemptions from the Requirement for a Licence) Order 2001, SI 2001/3270, art 2(1) (definition added by SI 2005/488).

4 'Total system in Scotland' means all transmission and distribution systems located in Scotland: Electricity (Class Exemptions from the Requirement for a Licence) Order 2001, SI 2001/3270, art 2(1) (definition as added: see note 3 supra).

5 'Total system in Great Britain' means all transmission systems and distribution systems, located in Great Britain, of holders of licences [required] under the Electricity Act 1989 s 4(1)(b) and (bb) (as substituted and added respectively) (see PARA 1050 ante at heads (2)-(3) in the text): Electricity (Class Exemptions from the Requirement for a Licence) Order 2001, SI 2001/3270, art 2(1) (definition as added: see note 3 supra). For the meaning of 'Great Britain' see PARA 602 note 7 ante.

6 Ie the prohibition contained in the Electricity Act 1989 s 4(1)(a): see PARA 1050 ante at head (1) in the text.

7 Electricity (Class Exemptions from the Requirement for a Licence) Order 2001, SI 2001/3270, art 3(1)(a), Sch 2 Class C (substituted by SI 2005/488). As to when a person falls within a particular class of exemption see the Electricity (Class Exemptions from the Requirement for a Licence) Order 2001, SI 2001/3270, art 3(2), cited in PARA 1051 note 17 ante.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(4) REGULATION OF ELECTRICITY SUPPLY ETC/(i) Licensing of Activities relating to Electricity/B. EXEMPTIONS/(B) Generation; Class Exemptions/1056. Generation exemptions; Class D.

1056. Generation exemptions; Class D.

Persons, other than licensed generators¹, who do not provide electrical power² except from generating stations which were connected to the total system in England and Wales³ on 30 September 2000, provided that under the terms and conditions of their generation licences⁴ they were not on that date required to submit those stations to central dispatch by the licensed transmitter⁵, are exempt from the statutory prohibition⁶ on unlicensed generation of electricity⁷. Central dispatch was the process by which the licensed transmitter scheduled and issued direct instructions to licensed generators for the dispatch of electrical power prior to 27 March 2001⁸.

The exemption so granted is, however, subject to compliance with the following condition, namely that the highest generation of electricity from any generating station of such a person, at the main alternator terminals, which can be maintained indefinitely without causing damage to the plant (the 'maximum capacity') must not at any time exceed the maximum capacity of that generating station on 30 September 2000⁹.

1 For the meaning of 'licensed generator' see PARA 1051 note 21 ante.

2 As to when a person is treated as generating electricity for these purposes see PARA 1053 the text and note 11 ante.

3 For the meaning of 'total system in England and Wales' see PARA 1055 note 3 ante.

4 I.e. their licences granted under the Electricity Act 1989 s 6(1)(a) (now as substituted): see PARA 1065 post.

5 For the meaning of 'licensed transmitter' see PARA 1055 note 3 ante.

6 I.e. the prohibition contained in the Electricity Act 1989 s 4(1)(a): see PARA 1050 ante at head (1) in the text.

7 Electricity (Class Exemptions from the Requirement for a Licence) Order 2001, SI 2001/3270, art 3(1)(a), Sch 2 Class D (substituted by SI 2005/488). As to when a person falls within a particular class of exemption see the Electricity (Class Exemptions from the Requirement for a Licence) Order 2001, SI 2001/3270, art 3(2), cited in PARA 1051 note 17 ante.

8 See *ibid* Sch 2 Class D (as substituted: see note 7 *supra*).

9 *Ibid* art 4(1), (2).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(4) REGULATION OF ELECTRICITY SUPPLY ETC/(i) Licensing of Activities relating to Electricity/B. EXEMPTIONS/(C) Distribution; Class Exemptions/1057. Distribution exemptions; Class A.

(C) DISTRIBUTION; CLASS EXEMPTIONS

1057. Distribution exemptions; Class A.

Persons, other than licensed distributors¹, who do not at any time distribute more electrical power than 2.5 megawatts for the purpose of giving a supply to domestic consumers² or enabling a supply to be so given with that electrical power, are exempted from the statutory prohibition³ on unlicensed distribution of electricity⁴. For these purposes, electrical power distributed by a body corporate which is associated⁵ with, connected⁶ to or related⁷ to any distributor and which does not fall within Class B below⁸, is to be treated as distributed by that distributor⁹.

The exemption so granted is subject to compliance with the following conditions¹⁰, namely:

- 2134 (1) that such persons must furnish to the Gas and Electricity Markets Authority ('GEMA')¹¹, in such manner and at such times as the Authority may direct, such information as the Authority may consider necessary for the purpose of performing its functions under the Electricity Act 1989¹²;
- 2135 (2) that such persons who at any time distribute more electrical power than 500 kilowatts to domestic consumers and who are vertically integrated undertakings¹³ must keep separate accounts for their distribution activities in their internal accounts¹⁴.

1 For the meaning of 'licensed distributor' see PARA 1051 note 27 ante.

2 'Domestic consumer' means a consumer supplied with electricity at domestic premises (but excluding such consumer in so far as he is supplied at premises other than domestic premises); and 'domestic premises' means premises at which a supply is taken wholly or mainly for domestic purposes: Electricity (Class Exemptions from the Requirement for a Licence) Order 2001, SI 2001/3270, art 2(1).

3 I.e. the prohibition contained in the Electricity Act 1989 s 4(1)(bb) (as added): see PARA 1050 ante at head (3) in the text.

4 Electricity (Class Exemptions from the Requirement for a Licence) Order 2001, SI 2001/3270, art 3(1)(b), Sch 3 Class A. As to when a person falls within a particular class of exemption see art 3(2), cited in PARA 1051 note 17 ante.

5 One body corporate is to be treated as associated with another if (1) one of them is a subsidiary of the other; or (2) both of them are subsidiaries of the same holding company; and 'holding company' and 'subsidiary' have the same meanings as in the Companies Act 1985 s 736 (as substituted; prospectively repealed by the Companies Act 2006 s 1295, Sch 16, and replaced by s 1159, as from a day to be appointed under s 1300(2); at the date at which this title states the law, no such day had been appointed) (see COMPANIES vol 14 (2009) PARA 25): Electricity (Class Exemptions from the Requirement for a Licence) Order 2001, SI 2001/3270, art 2(2)(a).

6 As to when a body corporate is connected to another see PARA 1053 note 8 ante.

7 As to when a body corporate is related to another see PARA 1053 note 8 ante.

8 I.e. which does not fall within the Electricity (Class Exemptions from the Requirement for a Licence) Order 2001, SI 2001/3270, Sch 3 Class B: see PARA 1058 post.

9 Ibid Sch 3 Class A, PARA A.1.

10 Ibid art 4(3).

11 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

12 As to the Authority's functions under the Electricity Act 1989 see PARA 1041 et seq ante.

13 'Vertically integrated undertaking' means a person who carries on two or more of the activities of generating, transmitting, distributing and supplying electricity: Electricity (Class Exemptions from the Requirement for a Licence) Order 2001, SI 2001/3270, art 2(1).

14 Ibid art 4(4)(a), (b) (amended by SI 2007/629).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(4) REGULATION OF ELECTRICITY SUPPLY ETC/(i) Licensing of Activities relating to Electricity/B. EXEMPTIONS/(C) Distribution; Class Exemptions/1058. Distribution exemptions; Class B.

1058. Distribution exemptions; Class B.

Persons, other than licensed distributors¹, who do not at any time distribute from any distribution system more electrical power than one megawatt for the purpose of giving a supply to domestic consumers² or enabling a supply to be so given with that electrical power, are exempted from the statutory prohibition³ on unlicensed distribution of electricity⁴, provided that each domestic consumer receives the electrical power, disregarding stand-by electrical power⁵, from a generating station embedded in the same distribution system as himself⁶.

The exemption so granted is subject to compliance with the following conditions⁷, namely:

- 2136 (1) that such persons must furnish to the Gas and Electricity Markets Authority ('GEMA')⁸, in such manner and at such times as the Authority may direct, such information as the Authority may consider necessary for the purpose of performing its functions under the Electricity Act 1989⁹;
- 2137 (2) that such persons who at any time distribute more electrical power than 500 kilowatts to domestic consumers and who are vertically integrated undertakings¹⁰ must keep separate accounts for their distribution activities in their internal accounts¹¹.

1 For the meaning of 'licensed distributor' see PARA 1051 note 27 ante.

2 For the meaning of 'domestic consumer' see PARA 1057 note 2 ante.

3 I.e. the prohibition contained in the Electricity Act 1989 s 4(1)(bb) (as added): see PARA 1050 ante at head (3) in the text.

4 Electricity (Class Exemptions from the Requirement for a Licence) Order 2001, SI 2001/3270, art 3(1)(b), Sch 3 Class B. As to when a person falls within a particular class of exemption see art 3(2), cited in PARA 1051 note 17 ante.

5 For the purposes of *ibid* Sch 3 Class B 'stand-by electrical power' means electricity supplied periodically or intermittently to a person to make good any shortfall in the availability of electricity to that person from its own generation for the purposes of its supply of electricity to domestic consumers seeking such supply, where such shortfall arises from the generating station being wholly or partly out of commission for a temporary period: Sch 3 Class B, PARA B.1.

6 *Ibid* Sch 3 Class B.

7 *Ibid* art 4(3).

8 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

9 As to the Authority's functions under the Electricity Act 1989 see PARA 1041 et seq ante.

10 For the meaning of 'vertically integrated undertaking' see PARA 1057 note 13 ante.

Distribution exemptions; Class C.

1059. Distribution exemptions; Class C.

Persons, other than licensed distributors¹, who do not at any time distribute electrical power for the purpose of giving a supply to domestic consumers² or enabling a supply to be so given with that electrical power, are exempted from the statutory prohibition³ on unlicensed distribution of electricity⁴.

The exemption so granted is subject to compliance with the following conditions⁵, namely:

- 2138 (1) that such persons must furnish to the Gas and Electricity Markets Authority ('GEMA')⁶, in such manner and at such times as the Authority may direct, such information as the Authority may consider necessary for the purpose of performing its functions under the Electricity Act 1989⁷;
- 2139 (2) that such persons who at any time distribute more electrical power than 500 kilowatts to domestic consumers and who are vertically integrated undertakings⁸ must keep separate accounts for their distribution activities in their internal accounts⁹.

1 For the meaning of 'licensed distributor' see PARA 1051 note 27 ante.

2 For the meaning of 'domestic consumer' see PARA 1057 note 2 ante.

3 I.e. the prohibition contained in the Electricity Act 1989 s 4(1)(bb) (as added): see PARA 1050 ante at head (3) in the text.

4 Electricity (Class Exemptions from the Requirement for a Licence) Order 2001, SI 2001/3270, art 3(1)(b), Sch 3 Class C. As to when a person falls within a particular class of exemption see art 3(2), cited in PARA 1051 note 17 ante.

5 Ibid art 4(3).

6 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

7 As to the Authority's functions under the Electricity Act 1989 see PARA 1041 et seq ante.

8 For the meaning of 'vertically integrated undertaking' see PARA 1057 note 13 ante.

9 Electricity (Class Exemptions from the Requirement for a Licence) Order 2001, SI 2001/3270, art 4(4)(a), (b) (amended by SI 2007/629).

PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(4) REGULATION OF ELECTRICITY SUPPLY ETC/(i) Licensing of Activities relating to Electricity/B. EXEMPTIONS/(C) Distribution; Class Exemptions/1060. Distribution exemptions; Class D.

1060. Distribution exemptions; Class D.

Persons, other than licensed distributors¹, who distribute electricity generated by an offshore generating station² by means of a distribution system which is not used to convey electricity generated otherwise than by offshore generating stations, are exempted from the statutory prohibition³ on unlicensed distribution of electricity⁴.

The exemption so granted is subject to compliance with the following conditions⁵, namely:

- 2140 (1) that such persons must furnish to the Gas and Electricity Markets Authority ('GEMA')⁶, in such manner and at such times as the Authority may direct, such information as the Authority may consider necessary for the purpose of performing its functions under the Electricity Act 1989⁷;
- 2141 (2) that such persons must not distribute electricity for the purpose of giving a supply to domestic premises⁸.

1 For the meaning of 'licensed distributor' see PARA 1051 note 27 ante.

2 For these purposes, 'offshore generating station' means a generating station that is situated within an area of offshore waters; and 'offshore waters' means (1) waters in or adjacent to Great Britain which are between the mean low water mark and the seaward limits of the territorial sea; (2) waters within an area designated under the Continental Shelf Act 1964 s 1(7) (as amended) (see PARA 1636 post; and INTERNATIONAL RELATIONS LAW vol 61 (2010) PARA 172); and (3) waters within an area designated under the Energy Act 2004 s 84(4) (see PARA 1310 post): Electricity (Class Exemptions from the Requirement for a Licence) Order 2001, SI 2001/3270, art 3(1)(b), Sch 3 Class D, PARA D.1 (Sch 3 Class D added by SI 2007/629). As to the territorial sea of the United Kingdom see WATER AND WATERWAYS vol 100 (2009) PARA 31 note 3.

3 I.e. the prohibition contained in the Electricity Act 1989 s 4(1)(bb) (as added): see PARA 1050 ante at head (3) in the text.

4 Electricity (Class Exemptions from the Requirement for a Licence) Order 2001, SI 2001/3270, art 3(1)(b), Sch 3 Class D (as added: see note 2 supra). As to when a person falls within a particular class of exemption see art 3(2), cited in PARA 1051 note 17 ante.

5 Ibid art 4(3).

6 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

7 As to the Authority's functions under the Electricity Act 1989 see PARA 1041 et seq ante.

8 Electricity (Class Exemptions from the Requirement for a Licence) Order 2001, SI 2001/3270, art 4(4)(a), (c) (art 4(4)(c) added by SI 2007/629). For the meaning of 'domestic premises' see PARA 1057 note 2 ante.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(4) REGULATION OF ELECTRICITY SUPPLY ETC/(i) Licensing of Activities relating to Electricity/B. EXEMPTIONS/(D) Supply; Class Exemptions/1061. Supply exemptions; Class A.

(D) SUPPLY; CLASS EXEMPTIONS

1061. Supply exemptions; Class A.

Persons, other than licensed suppliers¹, who do not supply any electricity except electricity which they generate themselves² and who do not at any time supply more electrical power than 5 megawatts of which not more than 2.5 megawatts is supplied to domestic consumers³, are exempted from the statutory prohibition⁴ on unlicensed supply of electricity⁵. For these purposes, electrical power supplied by a body corporate which is associated⁶ with any supplier is to be treated as supplied by that supplier⁷.

The exemption so granted is subject to compliance with the following conditions⁸, namely that a person who at any time supplies more electrical power than 500 kilowatts:

- 2142 (1) must not supply electricity to domestic consumers at a price which exceeds such maximum price as may be specified in, or as may be calculated by such method and by reference to such matters as may be specified in, a direction given by the Gas and Electricity Markets Authority ('GEMA')⁹; and
- 2143 (2) must give at least seven days' notice in writing to a domestic consumer before entering into a contract to supply the same¹⁰.

The notice referred to in head (2) above must be in such form as the Authority may direct and must, in particular, specify that the person is authorised to supply electricity by exemption¹¹ and is therefore not subject to the licence conditions and the obligations under the Electricity Act 1989 that he would be subject to if he were a licensed supplier¹².

1 For the meaning of 'licensed supplier' see PARA 1051 note 33 ante.

2 As to when a person is treated as generating electricity see PARA 1053 ante.

3 For the meaning of 'domestic consumer' see PARA 1057 note 2 ante.

4 I.e. the prohibition contained in the Electricity Act 1989 s 4(1)(c): see PARA 1050 ante at head (4) in the text.

5 Electricity (Class Exemptions from the Requirement for a Licence) Order 2001, SI 2001/3270, art 3(1)(c), Sch 4 Class A. As to when a person falls within a particular class of exemption see art 3(2), cited in PARA 1051 note 17 ante.

6 As to when one body corporate is associated with another see PARA 1057 note 5 ante.

7 Electricity (Class Exemptions from the Requirement for a Licence) Order 2001, SI 2001/3270, art 3(1)(c), Sch 4 Class A, PARA A.1.

8 Ibid art 4(5).

9 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

10 Electricity (Class Exemptions from the Requirement for a Licence) Order 2001, SI 2001/3270, art 4(6)(a), (b).

11 le under ibid art 3(1)(c).

12 See ibid art 4(6)(b).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(4) REGULATION OF ELECTRICITY SUPPLY ETC/(i) Licensing of Activities relating to Electricity/B. EXEMPTIONS/(D) Supply; Class Exemptions/1062. Supply exemptions; Class B.

1062. Supply exemptions; Class B.

Persons, other than licensed suppliers¹, who:

- 2144 (1) do not supply any electricity except:
175
- 263. (a) electricity which is supplied to their premises either by a licensed supplier or by a Class C supplier²; or
- 264. (b) electricity which they generate themselves³ or which is supplied to them by a person authorised by an exemption to supply electricity when either the supply of electricity which is normally available to them from a licensed supplier or a Class C supplier (their 'normal supply') is interrupted temporarily due to circumstances outside their control or the plant or equipment which is used to generate electricity for the purpose of giving their normal supply is being tested; and
176
- 2145 (2) to the extent that they supply Class C electricity⁴:
177
- 265. (a) supply such electricity only to premises which are on the same site⁵ as the relevant premises⁶; and
- 266. (b) comply with all the prescribed conditions⁷,
178

are exempted from the statutory prohibition⁸ on unlicensed supply of electricity⁹.

The conditions referred to in head (2) above are as follows:

- 2146 (i) in respect of each relevant premises the supplier must not in the previous year¹⁰ have supplied from those relevant premises an amount of Class C electricity which is more than 10 per cent of the Class C electricity supplied in that year to those relevant premises¹¹;
- 2147 (ii) if during a year the supplier starts to supply Class C electricity from any particular relevant premises for the first time, at the time he starts to make such supplies he must reasonably expect that the total amount of Class C electricity supplied by him during the remainder of that year from those premises will be no more than 10 per cent of the Class C electricity supplied in that year to those relevant premises¹²;
- 2148 (iii) in respect of each relevant premises the supplier must not in any year supply from those relevant premises more than 250 megawatt hours of Class C electricity to domestic consumers¹³.

A supplier is not, if and to the extent that it would lead to his falling outside Class B, to be treated as supplying Class C electricity to any premises during a year in which the relevant premises are being supplied with electricity by licensed suppliers, unless he supplies more electricity in that year than the amount of electricity which is supplied to those relevant premises by licensed suppliers in that year¹⁴.

1 For the meaning of 'licensed supplier' see PARA 1051 note 33 ante.

2 le by a person in circumstances such that he falls within the Electricity (Class Exemptions from the Requirement for a Licence) Order 2001, SI 2001/3270, art 3(1)(c), Sch 4 Class C (see PARA 1063 post) (a 'Class C supplier') provided that for the purpose of determining for the purpose of Sch 4 Class B and Sch 4 Class B, PARAS B.1, B.2 (see the text and notes 4, 6, 10-13 infra), whether a person is supplying electricity in such circumstances, Sch 4 Class C(2)(a), (b), (c), (d) and (e) (see PARA 1063 notes 4-8 post) is to have effect as if sub-para (ii) and the preceding 'and', in each case (see PARA 1063 post at note 4 head (2), note 5 head (2), note 6 head (2), note 7 head (2) and note 8 head (2)), were omitted: see Sch 4 Class B(1)(a)(ii).

3 As to when a person is treated as generating electricity see PARA 1053 ante.

4 For these purposes, 'Class C electricity' means electricity which is supplied by a person in circumstances such that he falls within ibid Sch 4 Class C: Sch 4 Class B, PARA B.1.

5 As to when premises are on the same site see PARA 1053 note 6 ante.

6 For these purposes, 'relevant premises', in relation to any reference to a supplier falling or seeking to fall within the Electricity (Class Exemptions from the Requirement for a Licence) Order 2001, SI 2001/3270, Sch 4 Class B, means the premises from which he supplies that electricity: Sch 4 Class B, PARA B.1.

7 le the conditions set out in ibid Sch 4 Class B, PARA B.2: see the text and notes 10-13 infra.

8 le the prohibition contained in the Electricity Act 1989 s 4(1)(c): see PARA 1050 ante at head (4) in the text.

9 Electricity (Class Exemptions from the Requirement for a Licence) Order 2001, SI 2001/3270, art 3(1)(c), Sch 4 Class B. As to when a person falls within a particular class of exemption see art 3(2), cited in PARA 1051 note 17 ante.

10 For these purposes, 'year' means a period of 12 months running from 1 April to 31 March: ibid Sch 4 Class B, PARA B.1.

11 Ibid Sch 4 Class B, PARA B.2(1).

12 Ibid Sch 4 Class B, PARA B.2(2).

13 Ibid Sch 4 Class B, PARA B.2(3). For the meaning of 'domestic consumer' see PARA 1057 note 2 ante.

14 Ibid Sch 4 Class B, PARA B.3.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(4) REGULATION OF ELECTRICITY SUPPLY ETC/(i) Licensing of Activities relating to Electricity/B. EXEMPTIONS/(D) Supply; Class Exemptions/1063. Supply exemptions; Class C.

1063. Supply exemptions; Class C.

Persons, other than licensed suppliers¹, who:

- 2149 (1) do not supply any electricity except:
179
- 267. (a) electricity which they generate themselves²; or
 - 268. (b) electricity which they generate themselves together with electricity which is supplied to them by a licensed supplier; and
- 180
- 2150 (2) provide the output³ of each generating station at which they generate electricity only to:
- 181
- 269. (a) a single consumer⁴; or
 - 270. (b) an on-site qualifying group⁵; or
 - 271. (c) additional group consumers, where the total maximum amount of electrical power supplied to those additional group consumers at any time is 100 megawatts of which not more than one megawatt is supplied to domestic consumers⁶; or
 - 272. (d) a remote consumer⁷; or
 - 273. (e) a remote qualifying group⁸; or
 - 274. (f) additional group consumers within the 100 megawatt limit⁹ and one of the following, namely a single consumer, an on-site qualifying group, a remote consumer or a remote qualifying group; or
 - 275. (g) a single consumer, or an on-site qualifying group, or additional group consumers within the 100 megawatt limit, or a remote consumer, or a remote qualifying group, or a mixed group of consumers of a type described in head (f) above, and any other person in circumstances where the provision of the output of the generating station in question does not amount to the supply of electricity,
- 182

are exempted from the statutory prohibition¹⁰ on unlicensed supply of electricity¹¹. For these purposes, where at any time the supplier in question and some other person generate electricity at the same generating station or provide the output of the same generating station, the generation of electricity by that other person or the provision of the output of that generating station by that other person is to be treated as the generation of electricity and the provision of the output of that generating station respectively by that supplier if that other person, being a body corporate, is associated¹² with that supplier¹³. Two or more generating sets¹⁴ which are operated by the same person or by bodies corporate which are associated with each other are to be treated as a single generating station if they are on the same site¹⁵ as each other, whether or not there is an electrical interconnection between any of them, but otherwise are to be treated as separate generating stations¹⁶.

The exemption so granted is subject to compliance with the following condition, namely that a person must not supply electricity to domestic consumers who are additional group consumers within the 100 megawatt limit at a price which exceeds such maximum price as may be

specified in, or as may be calculated by such method and by reference to such matters as may be specified in, a direction given by the Gas and Electricity Markets Authority ('GEMA')¹⁷.

1 For the meaning of 'licensed supplier' see PARA 1051 note 33 ante.

2 As to when a person is treated as generating electricity see PARA 1053 ante.

3 For these purposes, 'output' in relation to a generating station means the electricity generated at that generating station other than electricity consumed by the plant: Electricity (Class Exemptions from the Requirement for a Licence) Order 2001, SI 2001/3270, art 3(1)(c), Sch 4 Class C, PARA C.2.

4 Ie provide the output to one consumer who (1) occupies premises which are on the same site as the premises where the generating station is situated; and (2) who consumes all the electricity provided to him by the supplier in question at those premises, other than any of that electricity supplied by that consumer in circumstances such that he falls within ibid Sch 4 Class B (see PARA 1062 ante): see Sch 4 Class C(2)(a). As to when premises are on the same site see PARA 1053 note 6 ante.

5 Ie provide the output to two or more consumers who form a qualifying group each of whom (1) occupies premises which are on the same site as the premises where the generating station is situated; and (2) consumes all the electricity provided to him by the supplier in question at those premises, other than any of that electricity supplied by that consumer in circumstances such that he falls within ibid Sch 4 Class B: see Sch 4 Class C(2)(b). For the meaning of 'qualifying group' see PARA 1053 note 8 ante.

6 Ie provide the output to one or more consumers (1) who each occupy premises which are either on the same site as the premises where the generating station is situated or not on the same site but which receive the electricity supply from that generating station over private wires; and (2) each of whom consumes all the electricity provided to him by the supplier in question at those premises (other than any of that electricity supplied by that consumer in circumstances such that he falls within ibid Sch 4 Class B): see Sch 4 Class C(2)(c). 'Private wires', in relation to a generating station, means electric lines owned by (a) the supplier in question; (b) a consumer who receives a supply from the supplier in question from the generating station; (c) the owner, lessor or lessee of the generating station or of one of the premises to which a supply is made by the supplier in question; or (d) any of the persons described in heads (a)-(c) supra jointly with any other of the persons there described, provided that the owner of those wires is not a licensed distributor: Sch 4 Class C, PARA C.2. For the meaning of 'domestic consumer' see PARA 1057 note 2 ante; and for the meaning of 'licensed distributor' see PARA 1051 note 27 ante.

7 Ie provide the output to one consumer who (1) receives at least a third of the output of that generating station at premises he occupies which are on the same site as the premises where the generating station is situated, or not on the same site but which receive the electricity supply from that generating station over private wires; and (2) consumes all the electricity provided to him by the supplier in question at premises he occupies, other than any of that electricity supplied by that consumer in circumstances such that he falls within ibid Sch 4 Class B: see Sch 4 Class C(2)(d).

8 Ie provide the output to two or more consumers who form a qualifying group (1) who between them receive at least a third of the output of that generating station at premises they occupy which are (a) on the same site as the premises where the generating station is situated; or (b) not on the same site but which receive the electricity supply from that generating station over private wires; and (2) each of whom consumes all the electricity provided to him by the supplier in question at premises he occupies, other than any of that electricity supplied by that consumer in circumstances such that he falls within ibid Sch 4 Class B: see Sch 4 Class C(2)(e).

9 For these purposes, 'additional group consumers within the 100 megawatt limit' means consumers described in ibid Sch 4 Class (2)(c) (see note 6 supra): art 2(1), Sch 4 Class C, PARA C.2.

10 Ie the prohibition contained in the Electricity Act 1989 s 4(1)(c): see PARA 1050 ante at head (4) in the text.

11 Electricity (Class Exemptions from the Requirement for a Licence) Order 2001, SI 2001/3270, art 3(1)(c), Sch 4 Class C. As to when a person falls within a particular class of exemption see art 3(2), cited in PARA 1051 note 17 ante.

12 As to when one body corporate is associated with another see PARA 1057 note 5 ante.

13 Electricity (Class Exemptions from the Requirement for a Licence) Order 2001, SI 2001/3270, art 3(1)(c), Sch 4 Class C, PARA C.1(1).

14 For these purposes, 'generating set' means a combination of the plant and equipment that produces electricity and any other plant or equipment by which that plant or equipment is driven: *ibid* Sch 4 Class C, PARA C.1(2)(a).

15 For these purposes, generating sets are to be treated as being on the same site as each other if they are (1) situated on the same premises as each other; (2) situated on premises which are immediately adjoining each other; or (3) situated on premises which are separated from each other only by a road, railway or watercourse or by other premises occupied by the supplier in question or by a body corporate which is an associate of that supplier: *ibid* Sch 4 Class C, PARA C.1(2)(b).

16 *Ibid* Sch 4 Class C, PARA C.1(2).

17 *Ibid* art 4(7), (8). As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 *et seq* ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(4) REGULATION OF ELECTRICITY SUPPLY ETC/(i) Licensing of Activities relating to Electricity/B. EXEMPTIONS/(D) Supply; Class Exemptions/1064. Supply exemptions; Class D.

1064. Supply exemptions; Class D.

Persons, other than licensed suppliers¹, who:

- 2151 (1) do not supply electricity except electricity which has been generated at a generating station which is situated on an offshore installation²; and
- 2152 (2) do not supply such electricity to any premises except premises which constitute or are comprised in an offshore installation,

are exempted from the statutory prohibition³ on unlicensed supply of electricity⁴.

1 For the meaning of 'licensed supplier' see PARA 1051 note 33 ante.

2 For the meaning of 'offshore installation' for these purposes see PARA 1054 note 3 ante.

3 I.e. the prohibition contained in the Electricity Act 1989 s 4(1)(c): see PARA 1050 ante at head (4) in the text.

4 Electricity (Class Exemptions from the Requirement for a Licence) Order 2001, SI 2001/3270, art 3(1)(c), Sch 4 Class D. As to when a person falls within a particular class of exemption see art 3(2), cited in PARA 1051 note 17 ante.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(4) REGULATION OF ELECTRICITY SUPPLY ETC/(i) Licensing of Activities relating to Electricity/C. GRANTING AND TRANSFER OF LICENCES/1065. Licences authorising supply etc.

C. GRANTING AND TRANSFER OF LICENCES

1065. Licences authorising supply etc.

The Gas and Electricity Markets Authority ('GEMA')¹ may grant any of the following licences:

- 2153 (1) a licence authorising a person to generate² electricity for the purpose of giving a supply³ to any premises⁴ or enabling a supply to be so given ('a generation licence');
- 2154 (2) a licence authorising a person to participate in the transmission⁵ of electricity for that purpose ('a transmission licence');
- 2155 (3) a licence authorising a person to distribute⁶ electricity for that purpose ('a distribution licence');
- 2156 (4) a licence authorising a person to supply electricity to premises ('a supply licence'); or
- 2157 (5) a licence authorising a person to participate in the operation of an electricity interconnector⁸ ('an interconnector licence')⁹.

The same person may not be the holder of both a distribution licence and a supply licence¹⁰. Nor may the same person be the holder of an interconnector licence and the holder of a licence falling within any of heads (1) to (4) above¹¹.

A supply licence may authorise the holder to supply electricity:

- 2158 (a) to any premises;
- 2159 (b) only to premises specified in the licence, or to premises of a description so specified; or
- 2160 (c) only to any premises situated in a specified area, or to premises of a specified description which are so situated¹²;

and the Authority may, with the consent of the holder of a supply licence, modify¹³ terms included in the licence in pursuance of heads (a) to (c) above so as to extend or restrict the premises to which the licence holder may give a supply of electricity¹⁴.

A distribution licence may authorise the holder to distribute electricity in any area, or only in an area specified in the licence¹⁵; and the Authority may, with the consent of the holder of a distribution licence, modify terms included in the licence in pursuance of that provision so as to extend or restrict the area within which the licence holder may distribute electricity¹⁶. It is the duty of an electricity distributor¹⁷ to develop and maintain an efficient, co-ordinated and economical system of electricity distribution and to facilitate competition in the supply and generation of electricity¹⁸.

A transmission licence may authorise the holder to participate in the transmission of electricity in any area, or only in an area specified in the licence¹⁹; and the Authority may, with the consent of the holder of a transmission licence, modify terms included in the licence in

pursuance of that provision²⁰. It is the duty of the holder of a licence authorising him to participate in the transmission of electricity:

- 2161 (i) to develop and maintain an efficient, co-ordinated and economical system of electricity transmission; and
- 2162 (ii) to facilitate competition in the supply and generation of electricity²¹,

but head (i) above does not have effect to require the holder of a transmission licence which is subject to a condition of the specified kind²² to carry on an activity which he would be authorised by the licence to carry on apart from the condition²³.

An interconnector licence authorising participation in the operation of an electricity interconnector:

- 2163 (A) must specify the interconnector or interconnectors in relation to which participation is authorised; and
- 2164 (B) may limit the forms of participation in the operation of an interconnector which are authorised by the licence²⁴.

A licence, and any modification of a licence under the above provisions²⁵, must be in writing²⁶. Unless previously revoked in accordance with any term of the licence, a licence continues in force for such period as may be specified in or determined by or under the licence²⁷.

1 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

2 For the meaning of 'generate' see PARA 1041 note 7 ante.

3 For the meaning of 'supply' see PARA 1041 note 10 ante.

4 As from a day to be appointed, for these purposes 'premises' has the same meaning as in the Electricity Act 1989 s 4 (as amended) (see PARA 1050 note 3 ante): s 6(10) (prospectively added by the Energy Act 2004 s 89(3), as from a day to be appointed under s 198(2); at the date at which this title states the law, no such day had been appointed). For the meaning of 'premises' generally see PARA 1041 note 5 ante.

5 For the meaning of 'transmission' see PARA 1041 note 6 ante.

6 For the meaning of 'distribute' see PARA 1041 note 5 ante.

7 Any person who is authorised by a supply licence to supply electricity is, except where he is acting otherwise than for purposes connected with the carrying on of activities authorised by the licence, described as an 'electricity supplier': see the Electricity Act 1989 s 6(9) (s 6 substituted by the Utilities Act 2000 s 30). See also note 9 infra.

8 For the meaning of references to participating in the operation of an electricity interconnector see PARA 1050 note 7 ante; and for the meaning of 'electricity interconnector' see PARA 1041 note 11 ante.

9 Electricity Act 1989 s 6(1) (as substituted (see note 7 supra); amended by the Energy Act 2004 ss 136(1), 145(1), (5), 197(9), Sch 23 Pt 1).

Where a person was participating in the operation of an electricity interconnector at the time when the power of GEMA to grant electricity interconnector licences came into force, the Secretary of State was given power to grant such a licence to that person under the Electricity Act 1989 s 6 (as amended): see the Energy Act 2004 s 148(1), (2). The Electricity Act 1989 s 6A(5) (as added), s 7 (as amended) and 8A (as added and amended) (notice of licence and licence conditions: see PARAS 1066, 1068-1069 post) have effect in relation to the grant of licences by the Secretary of State by virtue of that power as if (1) references in those provisions to GEMA included references to the Secretary of State; and (2) in s 8A (as added and amended), the words 'the Secretary of State and' in s 8A(4)(b) (as added) and s 8A(5) (as added) were omitted: Energy Act 2004 s 148(3). Before granting a licence to a person by virtue of s 148, the Secretary of State was required to consult (a) that person; (b) GEMA; and (c) such other persons as the Secretary of State considered appropriate; but this requirement might be satisfied by consultation that took place wholly or partly before the commencement of s 148: s 148(4),

(5). For these purposes, 'electricity interconnector licence' means an interconnector licence under the Electricity Act 1989 s 6(1)(e) (as added); and 'participating in the operation of an electricity interconnector' has the same meaning as in Pt I (as amended): Energy Act 2004 s 148(6).

References in any enactment (i) to public electricity suppliers have effect after 1 October 2001 as if they were references to (A) electricity suppliers; (B) electricity distributors; or (C) both electricity suppliers and electricity distributors, according to the nature of the activities carried on by the persons to whom they referred before that time; (ii) to the supply of electricity have effect after that date as if they were references to (A) the supply of electricity; (B) the distribution of electricity; or (C) both the supply and distribution of electricity, according to the nature of the activities to which they referred before that time; and (iii) to holders of licences under the Electricity Act 1989 s 6(2) (as originally enacted) have effect after that date as if they were references to electricity suppliers: Utilities Act 2000 s 31(1)-(3); Utilities Act 2000 (Commencement No 6 and Transitional Provisions) Order 2001, 2001/3266, art 2, Schedule. 'Electricity distributor' means any person who is authorised by a distribution licence to distribute electricity except where he is acting otherwise than for purposes connected with the carrying on of activities authorised by the licence: Electricity Act 1989 s 6(9) (as substituted (see note 7 supra); applied by the Utilities Act 2000 s 106(3)).

10 Electricity Act 1989 s 6(2) (as substituted: see note 7 supra).

11 Ibid s 6(2A) (added by the Energy Act 2004 s 145(1), (6)).

12 Electricity Act 1989 s 6(3) (as substituted: see note 7 supra).

13 For the meaning of 'modification' and cognate expressions see PARA 1035 note 3 ante.

14 Electricity Act 1989 s 6(4) (as substituted: see note 7 supra).

15 Ibid s 6(5) (as substituted: see note 7 supra).

16 Ibid s 6(6) (as substituted: see note 7 supra).

17 For the meaning of 'electricity distributor' see note 9 supra.

18 Electricity Act 1989 s 9(1) (substituted by the Utilities Act 2000 s 50).

19 Electricity Act 1989 s 6(6A) (s 6(6A), (6B) added by the Energy Act 2004 s 136(2)).

20 Electricity Act 1989 s 6(6B) (as added: see note 19 supra).

21 Ibid s 9(2) (amended by the Utilities Act 2000 s 108, Sch 8; the Energy Act 2004 s 143(1), Sch 19 paras 3, 8(1), (2)).

22 Ie a condition of the kind mentioned in the Electricity Act 1989 s 7(2A)(a) (as added): see PARA 1068 post.

23 Ibid s 9(2A) (added by the Energy Act 2004 s 143(1), Sch 19 paras 3, 8(1), (3)).

24 Electricity Act 1989 s 6(6C) (added by the Energy Act 2004 s 145(1), (7)).

25 Ie under the Electricity Act 1989 s 6(4), (6) (as substituted) or s 6(6B) (as added): see the text and notes 13-14, 16, 20 supra.

26 Ibid s 6(7) (substituted by the Energy Act 2004 s 143(1), Sch 19 paras 3, 5).

27 Electricity Act 1989 s 6(8) (as substituted: see note 7 supra).

UPDATE

1065 Licences authorising supply etc

TEXT AND NOTE 9--The Secretary of State may modify (1) a condition of a particular licence under the Electricity Act 1989 s 6(1)(c) or (d) (heads (3) and (4) in the TEXT); (2) the standard conditions incorporated in licences under those provisions by virtue of s 8A (see PARA 1069); (3) a document maintained in accordance with the conditions of licences under s 6(1), or an agreement that gives effect to a document so maintained: Energy Act 2008 s 41(1). The Secretary of State may exercise the power in s 41(1) for

the purpose only of (a) establishing, or making arrangements for the administration of, a scheme of financial incentives to encourage small-scale low-carbon generation of electricity; (b) requiring or enabling the holder of a distribution licence (see Electricity Act 1989 s 6(1)(c)) to make arrangements for the distribution of electricity generated by small-scale low-carbon generation; (c) requiring the holder of a licence to make arrangements related to the matters mentioned in head (a) or (b): Energy Act 2008 s 41(2). 'Small-scale low-carbon generation' means the use, for the generation of electricity, of any plant which, in generating electricity, relies wholly or mainly on a source of energy or a technology mentioned in s 41(5), and the capacity of which to generate electricity does not exceed the specified maximum capacity: s 41(4). 'Plant' includes any equipment, apparatus or appliance: s 41(4). The sources of energy and technologies are (i) biomass; (ii) biofuels; (iii) fuel cells; (iv) photovoltaics; (v) water (including waves and tides); (vi) wind; (vii) solar power; (viii) geothermal sources; (ix) combined heat and power systems with an electrical capacity of 50 kilowatts or less: s 41(5). The Secretary of State may by order modify the list of sources of energy and technologies for the time being listed in s 41(5): s 41(6). 'Specified maximum capacity' means the capacity specified by the Secretary of State by order, which must not exceed five megawatts: s 41(4). Modifications made by virtue of s 41(1) may include (A) provision requiring the holder of a supply licence (see Electricity Act 1989 s 6(1)(d)) to make a payment to a small-scale low-carbon generator, or to the Gas and Electricity Markets Authority for onward payment to such a generator, in specified circumstances; (B) provision specifying how a payment under head (A) is to be calculated; (C) provision for the level of payment under head (A) to decrease year by year in accordance with a formula published, or to be published, by the Secretary of State; (D) provision about the circumstances in which no payment, or a reduced payment, may be made to a small-scale low-carbon generator; (E) provision about the circumstances in which a payment may be recovered from a small-scale low-carbon generator; (F) a requirement for the holder of a supply licence or distribution licence to pay a levy to the Authority at specified times; (G) provision specifying how a levy under head (F) is to be calculated (which may require specified matters to be determined by the Authority or the Secretary of State); (H) provision conferring an entitlement on the holder of a supply licence or distribution licence to receive a payment from the Authority: Energy Act 2008 s 41(3). 'Small-scale low-carbon generator' means an owner of plant used or intended to be used for small-scale low-carbon generation, whether or not the person is also operating or intending to operate the plant: s 41(4). 'Owner', in relation to any plant which is the subject of a hire purchase agreement, a conditional sale agreement or any agreement of a similar nature, means the person in possession of the plant under that agreement: s 41(4). The power conferred by s 41(1) may be exercised generally, only in relation to specified cases or subject to exceptions (including provision for a case to be excepted only so long as specified conditions are satisfied); may be exercised differently in different cases or circumstances; and includes a power to make incidental, supplemental, consequential or transitional modifications: s 41(7). Provision included in a licence by virtue of that power need not relate to the activities authorised by the licence; and may make different provision for different cases: s 41(8).

The procedure with which the Secretary of State must comply in order to exercise the modification powers conferred by s 41 is set out: see Energy Act 2008 s 42. Supplemental provision is made in relation to the modification powers conferred by s 41: see Energy Act 2008 s 43.

The Secretary of State may modify (1) a condition of a particular licence under the Electricity Act 1989 s 6(1)(c) or (d); (2) the standard conditions incorporated in licences under those provisions by virtue of the Electricity Act 1989 s 8A (see PARA 1069); (3) a document maintained in accordance with the conditions of licences under the

Electricity Act 1989 s 6(1), or an agreement that gives effect to a document so maintained: Energy Act 2008 s 88(1)(a), (b), (e). The Secretary of State may exercise the power in the Energy Act 2008 s 88(1) for the purpose only of (a) requiring the holder of a licence to provide or install, or facilitate the provision, installation or operation of, meters of a particular kind, or (b) requiring the holder of a licence to make arrangements related to the matters mentioned in head (a): s 88(2). See further s 88(3)-(7). The procedure that the Secretary of State must comply with in order to exercise the modification powers conferred by s 88 is set out: see Energy Act 2008 s 89. Supplemental provision is made: see Energy Act 2008 s 90.

The Secretary of State may modify (1) a condition of a particular licence under the Electricity Act 1989 s 6(1)(b) or (c); (2) the standard conditions incorporated in licences under those provisions by virtue of the Electricity Act 1989 s 8A (see PARA 1069): Energy Act 2008 s 97(1). The Secretary of State may exercise the power in s 97(1) for the purpose only of enabling the Gas and Electricity Markets Authority to recover and pay into the Consolidated Fund amounts in respect of (a) payments made by the Secretary of State by virtue of the Electricity Act 1989 Sch 7 para 4(2) or (2A) (payments relating to meter examiners); (b) other costs incurred by the Secretary of State in performing a function conferred by the Electricity Act 1989 Sch 7 or by electricity meter regulations (within the meaning of the Energy Act 2008 s 95: see PARAS 1180-1190): Energy Act 2008 s 97(2). See further s 97(3)-(9).

The following provisions are not yet in force. The Secretary of State may modify (1) a condition of a particular licence under the Electricity Act 1989 s 6(1)(a)-(d); (2) the standard conditions incorporated in licences under those provisions by virtue of the Electricity Act 1989 s 8A (see PARA 1069); (3) a document maintained in accordance with the conditions of licences under s 6(1)(a)-(d), or an agreement that gives effect to a document so maintained; the Secretary of State may exercise the above power for the purpose only of facilitating (a) access to a transmission system in Great Britain or offshore waters; (b) efficient use of a transmission system in Great Britain or offshore waters: see Energy Act 2008 s 84. The procedure that the Secretary of State must comply with in order to exercise the modification powers conferred by s 84 is set out: see Energy Act 2008 s 85. Supplemental provision is made: see Energy Act 2008 s 86.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(4) REGULATION OF ELECTRICITY SUPPLY ETC/(i) Licensing of Activities relating to Electricity/C. GRANTING AND TRANSFER OF LICENCES/1066. Procedure on applications for licences, modifications of an area or the extension or restriction of certain licences.

1066. Procedure on applications for licences, modifications of an area or the extension or restriction of certain licences.

The following provisions apply to any application for a licence¹, or for the modification² of a supply licence³, a distribution licence⁴ or a transmission licence⁵ under the specified⁶ statutory provisions⁷.

The application must be made in such form and manner, and must contain, or be accompanied by, such information and documents and such fee, if any, as may be prescribed⁸. It must be:

- 2165 (1) made in writing, addressed to the Gas and Electricity Markets Authority ('GEMA')⁹ and delivered or sent by prepaid post to the Authority at its principal office or sent by electronic mail to an address specified by the Authority; and
- 2166 (2) signed and dated by or on behalf of the applicant, stating, where signed on behalf of the applicant, the capacity of the signatory¹⁰.

An application must be made in the prescribed form¹¹ or a form to the like effect, and must contain the information specified in that form¹². It must be accompanied by the additional information and documents which are specified¹³ in relation to:

- 2167 (a) transmission licences¹⁴;
- 2168 (b) distribution licences¹⁵;
- 2169 (c) supply licences¹⁶; and
- 2170 (d) interconnector licences¹⁷.

Within the prescribed period¹⁸ after the making of the application the applicant must publish a notice of the application in the prescribed manner¹⁹. Additionally, an applicant for a transmission licence must give notice of the application to any person who holds such a licence and whose interests may be affected if the licence applied for is granted²⁰.

Where the Authority proposes to refuse the application, it must give to the applicant a notice²¹:

- 2171 (i) stating that it proposes to refuse the application;
- 2172 (ii) stating the reasons why it proposes to refuse the application; and
- 2173 (iii) specifying the time within which representations with respect to the proposed refusal may be made,

and must consider any representations which are duly made and not withdrawn²².

Additionally, before granting a transmission licence applied for, the Authority must give notice²³ stating that it proposes to grant the licence, stating the reasons why it proposes to grant the licence and specifying the time, not being less than 28 days from the date of publication of the notice, within which representations or objections with respect to the proposed licence may be made, and must consider any representations or objections which are duly made and not withdrawn²⁴.

Where the Authority grants the licence, extension or restriction applied for, it must as soon as practicable thereafter send a notice of the grant to any person who holds a licence and whose interests may, in the opinion of the Authority, be affected by the grant²⁵.

1 For the meaning of 'licence' see PARA 1041 note 12 ante.

2 For the meaning of 'modification' see PARA 1035 note 3 ante.

3 For the meaning of 'supply licence' see PARA 1065 ante at head (4) in the text.

4 For the meaning of 'distribution licence' see PARA 1065 ante at head (3) in the text.

5 For the meaning of 'transmission licence' see PARA 1065 ante at head (2) in the text.

6 Ie under the Electricity Act 1989 s 6(4) or (6) (as substituted) or s 6(6B) (as added): see PARA 1065 ante.

7 Ibid s 6A(1) (ss 6A, 6B added by the Utilities Act 2000 s 30; the Electricity Act 1989 s 6A(1) amended by the Energy Act 2004 s 143(1), Sch 19 paras 3, 6).

8 Electricity Act 1989 s 6A(2) (as added: see note 7 supra). For these purposes, 'prescribed' means prescribed in regulations made by the Authority (as to which see note 9 infra): s 6A(6) (as so added). As to the making of regulations generally see PARA 1306 post. For the prescribed fees see the Electricity (Applications for Licences, Modifications of an Area and Extensions and Restrictions of Licences) Regulations 2007, SI 2007/1972, reg 7, Sch 3. Any sums received by the Authority under the Electricity Act 1989 s 6A (as added and amended) must be paid into the Consolidated Fund: s 6A(7) (as so added). As to the Consolidated Fund see CONSTITUTIONAL LAW AND HUMAN RIGHTS vol 8(2) (Reissue) PARA 711 et seq; PARLIAMENT vol 78 (2010) PARAS 1028-1031.

9 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

10 Electricity (Applications for Licences, Modifications of an Area and Extensions and Restrictions of Licences) Regulations 2007, SI 2007/1972, reg 4.

11 For the prescribed form see ibid reg 5, Sch 1.

12 Ibid reg 5.

13 An application in respect of (1) a transmission licence must be accompanied by the information and documents specified in reg 6(1)(a), Sch 2 Pt 1; (2) a distribution licence must be accompanied by the information and documents specified in reg 6(1)(b), Sch 2 Pt 2; (3) a supply licence must be accompanied by the information and documents specified in reg 6(1)(c), Sch 2 Pt 3; and (4) an interconnector licence must be accompanied by the information and documents specified in reg 6(1)(d), Sch 2 Pt 4: see reg 6(1). The obligation imposed by the Electricity (Applications for Licences, Modifications of an Area and Extensions and Restrictions of Licences) Regulations 2007, SI 2007/1972, reg 6(1) applies, to the extent that information and documents are specified in Sch 2 by reference to, or in relation to, a standard condition, (a) subject to reg 6(3), in the case of an application for a licence, as if the standard condition in question were to be included and have effect in any licence granted as a result of the application; and (b) in the case of an application for a modification of an area, or for an extension or restriction of a licence, in relation to such of the standard conditions in question as have been included and have effect in that licence: reg 6(2). Where a modification to any standard condition is requested in accordance with Sch 1 para 4, the obligation imposed by reg 6(2)(a) (see head (a) supra) is modified accordingly: reg 6(3).

For these purposes, unless the context otherwise requires, a reference to a standard condition is a reference (i) in relation to a distribution licence, a generation licence, a supply licence or a transmission licence, to a standard condition which is determined under the Utilities Act 2000 s 33(1) (as amended) (see PARA 1069 post) or the Energy Act 2004 s 137(1) (see PARA 1069 post); or (ii) in relation to an interconnector licence, to a standard condition which is determined under s 146(1) (see PARA 1069 post), subject to any modifications of the standard conditions made under the Electricity Act 1989 Pt I (ss 3A-64) (as amended), the Utilities Act 2000 or the Energy Act 2004 after the determination under those provisions: Electricity (Applications for Licences, Modifications of an Area and Extensions and Restrictions of Licences) Regulations 2007, SI 2007/1972, reg 3(2). 'Extension', in relation to a supply licence, means an extension of the licence under the Electricity Act 1989 s 6(4) (as substituted) and, in relation to a distribution licence, means an extension of the licence under s 6(6) (as substituted); 'modification of an area' in relation to a transmission licence, means a modification of an area of the licence under s 6(6B) (as added); and 'restriction' in relation to a supply licence, means a restriction of the licence under s 6(4) (as substituted) of the Act and, in relation to a distribution licence, means a restriction of the licence under s 6(6) (as substituted) and, in relation to a transmission licence, means a modification of an area of the licence under the Electricity Act 1989 s 6(6B) (as added) by a restriction of the area of the licence:

Electricity (Applications for Licences, Modifications of an Area and Extensions and Restrictions of Licences) Regulations 2007, SI 2007/1972, reg 3(1). For the meaning of 'generation licence' see PARA 1065 ante at head (1) in the text; and for the meaning of 'interconnector licence' see PARA 1065 ante at head (5) in the text. Those definitions, and the definitions set out in notes 3-5 supra, are applied by reg 3(1), which extends them to licences to be granted as well as licences granted under the Electricity Act 1989 s 6(1) (as substituted and amended).

14 An applicant for a transmission licence must provide (1) a brief description of the activities that the applicant intends to carry out with respect to the transmission of electricity; (2) a sufficient description of (a) the area to which the application relates; and (b) where different to the area in head (a) supra, the area in which the applicant intends to carry out activities under a transmission licence: *ibid* Sch 2 Pt 1 paras 1, 2. If the application is for an extension or restriction of a licence, information and documents need only be given in so far as, in any material respect, they differ from or add to the most recent information or documents which were provided in relation to the same requirement, either with an application made by the applicant in accordance with the relevant regulations, or subsequent to such an application in pursuance of a condition of the applicant's licence: Sch 2 Pt 1 note (a). The description given under head (2) supra should enable the areas to be adequately and readily identified by map if the applicant so desires or by any other convenient means: Sch 2 Pt 1 note (b).

If the application is for a modification of an area of a transmission licence and the modification in question constitutes a restriction of the area, the applicant must also provide details of any of the following persons who may be affected by the application: (i) any person authorised by a licence granted under the Electricity Act 1989 s 6(1) (as substituted and amended) (see PARA 1065 ante) or an exemption granted under s 5(1) (as substituted and amended) (see PARA 1051 ante); (ii) any person directly connected to the applicant's transmission system; and (iii) any other person who may reasonably be affected by the restriction which is the subject of the application: Electricity (Applications for Licences, Modifications of an Area and Extensions and Restrictions of Licences) Regulations 2007, SI 2007/21972, Sch 2 Pt 1 para 3.

15 A distribution licence may authorise the holder to operate (1) throughout Great Britain; or (2) within a specified area or areas at specified premises; the applicant must specify which of head (1) or head (2) supra is applicable, and in the case of head (2) supra must provide a sufficient description adequately specifying the area(s) or premises to which the application relates: *ibid* Sch 2 Pt 2 para 1. The description should enable the areas, location or premises concerned to be adequately and readily identified by map if the applicant so desires or by any other convenient means: Sch 2 Pt 2 note (b). The applicant must also provide a statement of the extent (if any) to which the applicant considers it necessary for powers under the Electricity Act 1989 Sch 3 (as amended) (compulsory acquisition of land etc: see PARAS 1283-1284 post) and under Sch 4 (as amended) (other powers etc: see PARA 1287 et seq post) to be given through the licence for which he is applying: Electricity (Applications for Licences, Modifications of an Area and Extensions and Restrictions of Licences) Regulations 2007, SI 2007/1972, Sch 2 Pt 2 para 2. He must provide particulars of the applicant's proposed arrangements for compliance with the applicable requirements of standard conditions 6 (Safety and Security of Supplies Enquiry Service), 8 (Provisions Relating to the Connection of Metering Equipment), 17 (Provision of Services for Persons who are Pensionable Age, Disabled or Chronically Sick), 18 (Provision of Services for Persons who are Blind or Deaf), 19 (Code of Practice on Procedures with Respect to Site Access), and 21 (Complaint Handling Procedure): Electricity (Applications for Licences, Modifications of an Area and Extensions and Restrictions of Licences) Regulations 2007, SI 2007/1972, Sch 2 Pt 2 para 3. The applicant must also provide particulars of his proposed arrangements for compliance with the applicable requirements of any modifications that the Authority has indicated, in writing, that it proposes to make to the standard licence conditions prior to the granting of any distribution licence; and of his proposed arrangements for compliance with the applicable requirements of standard conditions BA4 (Undertaking from Ultimate Controller) and BA5 (Credit Rating of Licensee): Electricity (Applications for Licences, Modifications of an Area and Extensions and Restrictions of Licences) Regulations 2007, SI 2007/1972, Sch 2 Pt 2 paras 4, 5. If the application is for an extension or restriction of a licence, information and documents need only be given in so far as, in any material respect, they differ from or add to the most recent information or documents which were provided in relation to the same requirement either with an application made by the applicant in accordance with the relevant regulations or subsequent to such an application in pursuance of a condition of the applicant's licence: Sch 2 Pt 2 note (a).

If the application is for a restriction of a licence, the applicant must provide: (a) an estimate of the total number of premises to which the applicant distributes electricity at the time of the application and to which the applicant would cease to distribute electricity if the application were acceded to ('relevant premises'); (b) unless there are, at the date of the application, no relevant consumers (within the meaning set out in Sch 2 Pt 2 para 6(2)) in relation to the applicant, a description of the applicant's proposed arrangements to ensure compliance with the Electricity Act 1989 s 16 (as substituted) (ensuring the connection of all such relevant consumers is maintained: see PARA 1094 post): Electricity (Applications for Licences, Modifications of an Area and Extensions and Restrictions of Licences) Regulations 2007, SI 2007/1972, Sch 2 Pt 2 para 4(1). For the purposes of head (b) supra, a person is a relevant consumer if (i) immediately before the restriction takes effect, he is connected to the distribution system of the holder of the licence; and (ii) his premises are to be excluded from the licence by the restriction: Sch 2 Pt 2 para 4(2).

16 A supply licence may authorise the holder to supply electricity (1) to any premises; (2) only to premises specified in the licence, or to premises of a description so specified; or (3) only to any premises situated in a specified area, or to premises of a specified description which are so situated: the applicant must specify which of head (1), head (2) or head (3) supra is applicable: *ibid* Sch 2 Pt 3 para 1. He must also provide a sufficient description adequately specifying the premises or a description of the premises and the location of the premises intended to be supplied, and, in the case of an application that relates to head (3) supra, also the specified area; and must also state whether the application relates to domestic premises: Sch 2 Pt 3 para 1. The description should enable the areas, location or premises to be adequately and readily identified by map if the applicant so desires or by any other convenient means: Sch 2 Pt 3 note (b). 'Domestic premises' means premises used wholly or mainly for domestic purposes: reg 3(1). If the application is for an extension or restriction of a licence, information and documents need only be given in so far as, in any material respect, they differ from or add to the most recent information or documents which were provided in relation to the same requirement either with an application made by the applicant in accordance with the relevant regulations, or subsequent to such an application in pursuance of a condition of the applicant's licence: Sch 2 Pt 3 note (a).

If the application is for a restriction of a licence the applicant must provide: (a) an estimate of the total number of premises to which the applicant supplies electricity at the time of the application and which the applicant would cease to supply if the application were acceded to ('relevant premises'); and (b) unless there are, at the date of the application, no relevant consumers (within the meaning set out in Sch 2 Pt 3 para 4(c)) in relation to the applicant, a description of the applicant's proposed arrangements under standard condition 10 (Restriction or Revocation of licence) for (i) ensuring continuity of supply for all such relevant consumers; and (ii) in the case of each such consumer who is supplied with electricity in pursuance of a contract (which does not include any contract which, by virtue of the Electricity Act 1989 Sch 6 para 3 (as added) (see PARA 1104 post) is deemed to have been made), securing such continuity on the same terms as nearly as may be as the terms of the contract: Electricity (Applications for Licences, Modifications of an Area and Extensions and Restrictions of Licences) Regulations 2007, SI 2007/1972, Sch 2 Pt 3 para 2(a), (b). For the purposes of head (b) supra, a person is a relevant consumer if (A) immediately before the restriction takes effect, he is being supplied with electricity by the holder of the licence; and (B) his premises are to be excluded from the licence by the restriction: Sch 2 Pt 3 para 4(c).

17 An application in respect of an interconnector licence must specify the actual or proposed point of connection to an electricity transmission or electricity distribution network. Where the applicant is unable to specify a point of connection the applicant should provide Ordnance Survey Grid Reference co-ordinates for the proposed point of connection: *ibid* Sch 2 Pt 4 para 1. In relation to an application for a licence in respect of an interconnector that was not completed by 3 August 2003, it must state whether the applicant seeks not to have applied to the licence any or all of the following standard licence conditions: (1) conditions relating to the use of revenues; (2) conditions relating to the charging methodology to apply to third party access to the licensee's interconnector; (3) conditions relating to the requirement to offer terms to an applicant for access to the licensee's interconnector: Sch 2 Pt 4 para 2. Where the applicant so seeks for any or all of the licence conditions relating to the matters referred to in heads (1)-(3) supra not to be in effect the following additional information must be provided in respect of those licence conditions: (a) the period of time for which the applicant seeks that the licence condition or conditions not be in effect; (b) a statement setting out the evidence and reasoning as to why the applicant considers (i) the investment in the interconnector enhances competition in electricity supply; (ii) the level of risk attached to the investment to be made in relation to the interconnector is such that the investment would not be or would not have been made unless those licence conditions were not in effect; (iii) that, should the licence conditions not be in effect for the period of time sought, this will not be detrimental to competition or the effective functioning of the internal electricity market, or the efficient functioning of the regulated system to which the interconnector is linked; and (c) a further statement that (i) the interconnector will be owned by a natural or legal person who is separate, at least in terms of its legal form, from the system operators in whose systems the interconnector to which the application relates will be built; and (ii) charges will be levied on users of the interconnector; and (iii) since the partial market opening referred to in European Parliament and EC Council Directive 96/92 (OJ L27, 30.1.97, p 20) concerning common rules for the internal market in electricity, art 19 (repealed), no part of the capital or operating costs of the interconnector has been recovered from any component of charges made for the use of transmission or distribution systems linked by the interconnector: Electricity (Applications for Licences, Modifications of an Area and Extensions and Restrictions of Licences) Regulations 2007, SI 2007/1972, Sch 2 Pt 4 para 3.

18 The prescribed period is ten working days: *ibid* reg 8(1).

19 Electricity Act 1989 s 6A(3) (as added: see note 7 supra). The prescribed manner of publication for that purpose is to be either by (1) requesting the Authority to place the notice on the website address of the Authority (at 'www.ofgem.gov.uk' or such other website address as may be notified to the applicant by the Authority in writing); or (2) publishing the notice on the website address of the applicant and requesting the Authority to place a link to the applicant's website address on the website address of the Authority (at 'www.ofgem.gov.uk' or such other website address as may be notified to the applicant by the Authority in writing): Electricity (Applications for Licences, Modifications of an Area and Extensions and Restrictions of Licences) Regulations 2007, SI 2007/1972, reg 8(2). Where an application is for the restriction of a licence, the applicant must also ensure that notice of application is published within the prescribed period in such

newspapers as are calculated to ensure that the notice is circulated throughout the area to which the proposed restriction relates: reg 8(3).

20 Electricity Act 1989 s 6B(1), (2) (as added (see note 7 supra); s 6B(2) substituted by the Energy Act 2004 s 143(1), Sch 19 paras 3, 7(1), (2)).

21 For the meaning of 'notice' see PARA 1047 note 11 ante.

22 Electricity Act 1989 s 6A(4) (as added: see note 7 supra).

23 Such a notice must be given by publication in such manner as the Authority considers appropriate for the purpose of bringing the matters to which the notice relates to the attention of persons likely to be affected by them: *ibid* s 6B(4) (as added: see note 7 supra). The Authority must send a copy of such a notice to (1) the applicant; (2) the Secretary of State; and (3) any person who holds a transmission licence and whose interests may be affected by the grant of the licence to which the application relates: s 6B(5) (as so added; amended by the Energy Act 2004 s 143(1), Sch 19 paras 3, 7(1), (3)). As to the Secretary of State see PARA 601 note 1 ante.

24 Electricity Act 1989 s 6B(3) (as added: see note 7 supra).

25 *Ibid* s 6A(5) (as added: see note 7 supra).

UPDATE

1066 Procedure on applications for licences, modifications of an area or the extension or restriction of certain licences

TEXT AND NOTES--The Electricity (Applications for Licences, Modifications of an Area and Extensions and Restrictions of Licences) Regulations 2009, SI 2009/3191, have been made under the Electricity Act 1989 s 6A(2), (3), (6).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(4) REGULATION OF ELECTRICITY SUPPLY ETC/(i) Licensing of Activities relating to Electricity/C. GRANTING AND TRANSFER OF LICENCES/1067. Competitive tenders for offshore transmission licences.

1067. Competitive tenders for offshore transmission licences.

As from a day to be appointed¹, the following provisions have effect. The Gas and Electricity Markets Authority ('GEMA')² may by regulations make such provision as appears to it to be appropriate for facilitating the making, in prescribed³ cases, of a determination on a competitive basis of the person to whom an offshore transmission licence⁴ is to be granted⁵. That provision may include:

- 2174 (1) provision, in prescribed cases, for the publication of a proposal to grant an offshore transmission licence;
- 2175 (2) provision for the inclusion in such a proposal of an invitation to apply for such a licence;
- 2176 (3) provision restricting the making of applications for offshore transmission licences and imposing requirements as to the period within which they must be made;
- 2177 (4) provision for regulating the manner in which applications are considered and determined⁶.

Regulations under these provisions:

- 2178 (a) may make provision by reference to a determination by the Authority or to the opinion of the Authority as to any matter; and
- 2179 (b) may dispense with or supplement provision made in relation to applications for transmission licences by or under the specified⁷ statutory provisions⁸.

The approval of the Secretary of State⁹ is required for the making of such regulations¹⁰.

1 le as from a day to be appointed under the Energy Act 2004 s 198(2).

2 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

3 For these purposes, 'prescribed' means prescribed in or determined under regulations made by the Authority: Electricity Act 1989 s 6C(5) (s 6C prospectively added by the Energy Act 2004 s 92, as from a day to be appointed (see note 1 supra); at the date at which this title states the law, no such day had been appointed).

4 For these purposes, 'offshore transmission licence' means a transmission licence authorising anything that forms part of a transmission system to be used for purposes connected with offshore transmission; and 'offshore transmission' means the transmission within an area of offshore waters of electricity generated by a generating station in such an area: Electricity Act 1989 s 6C(5), (6) (as added: see note 3 supra). 'Offshore waters' means (1) waters in or adjacent to Great Britain which are between the mean low water mark and the seaward limits of the territorial sea; and (2) waters within an area designated under the Continental Shelf Act 1964 s 1(7) (as amended) (see PARA 1636 post; and INTERNATIONAL RELATIONS LAW vol 61 (2010) PARA 172); Electricity Act 1989 s 6C(7) (as so added). As to the territorial sea of the United Kingdom see WATER AND WATERWAYS vol 100 (2009) PARA 31 note 3. For the meaning of 'transmission licence' see PARA 1065 ante at head (2) in the text; and for the meanings of 'generating station', 'transmission' and 'transmission system' see PARA 1041 note 6 ante.

- 5 Ibid s 6C(1) (as added: see note 3 supra).
- 6 Ibid s 6C(2) (as added: see note 3 supra).
- 7 Ie under ibid ss 6A, 6B (as added and amended): see PARA 1066 ante.
- 8 Ibid s 6C(3) (as added: see note 3 supra).
- 9 As to the Secretary of State see PARA 601 note 1 ante.
- 10 Electricity Act 1989 s 6C(4) (as added: see note 3 supra). As to the making of regulations generally see PARA 1306 post.

UPDATE

1067 Competitive tenders for offshore transmission licences

TEXT AND NOTES--For supplemental provision with respect to the Electricity Act 1989 s 6C see Electricity Act 1989 s 6D (ss 6D, 6E, Sch 2A added by Energy Act 2008 s 44(2), (4), Sch 2). The Electricity Act 1989 Sch 2A (which provides for property schemes in connection with grants of offshore transmission licences) has effect: s 6E. In exercise of the powers conferred on him, the Secretary of State has made the Electricity (Competitive Tenders for Offshore Transmission Licences) Regulations 2009, SI 2009/1340, which relate to calculation and payment of costs incurred in connection with transmission assets for a transitional tender exercise (regs 3, 4); qualifying projects and developer's payment and security (regs 5, 6); commencement of a tender exercise (reg 7); entry conditions (reg 8); pre-qualification stage (regs 9, 10); qualification to tender stage (regs 11, 12); invitation to tender stage (reg 13); evaluation stage (regs 14-16); withdrawal (reg 17); cancellation and treatment of payments and security on cancellation (regs 18, 19); disqualification (reg 20); notification of successful bidder (regs 21, 22); and cost recovery (reg 23).

NOTE 1--Appointed day is 20 May 2009: SI 2009/1269.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(4) REGULATION OF ELECTRICITY SUPPLY ETC/(i) Licensing of Activities relating to Electricity/C. GRANTING AND TRANSFER OF LICENCES/1068. Conditions of licences; in general.

1068. Conditions of licences; in general.

A licence¹ may include:

- 2180 (1) such conditions, whether or not relating to the activities authorised by the licence, as appear to the Gas and Electricity Markets Authority ('GEMA')² to be requisite or expedient having regard to the general duties of the Authority with regard to electricity³; and
- 2181 (2) conditions requiring the rendering to the grantor of a payment on the grant of the licence, or payments during the currency of the licence, or both, of such amount or amounts as may be determined by or under the licence⁴.

Conditions included by virtue of head (1) above:

- 2182 (a) in a transmission licence⁵ or distribution licence⁶ may⁷:
183
 - 276. (i) require the licence holder⁸ to enter into agreements with other persons for the use of any electric lines⁹ and electrical plant¹⁰ of his, wherever situated and whether or not used for the purpose of carrying on the activities authorised by the licence, for such purposes as may be specified in the conditions; and
 - 277. (ii) include provision for determining the terms on which such agreements are to be entered into¹¹;
- 184
2183 (b) in a transmission licence may¹²:
185
 - 278. (i) require the licence holder not to carry on an activity which he would otherwise be authorised by the licence to carry on; or
 - 279. (ii) restrict where he may carry on an activity which he is authorised by the licence to carry on¹³;
- 186
2184 (c) in a licence may¹⁴ require the licence holder:
187
 - 280. (i) to comply with any direction¹⁵ given by the Authority or the Secretary of State¹⁶ as to such matters as are specified in the licence or are of a description so specified;
 - 281. (ii) except in so far as the Authority or the Secretary of State consents to his doing or not doing them, not to do or to do such things as are specified in the licence or are of a description so specified;
 - 282. (iii) to refer for determination by the Authority or the Secretary of State such questions arising under the licence, or under any document referred to in the licence, as are specified in the licence or are of a description so specified; and
 - 283. (iv) to refer for approval by the Authority or the Secretary of State such things falling to be done under the licence, and such contracts or agreements made before the grant of the licence, as are specified in the licence or are of a description so specified¹⁷.

188

2185 (d) in a transmission licence or a distribution licence may require the holder, in such circumstances as are specified in the licence:

189

284. (i) so to increase his charges for the transmission¹⁸ or distribution¹⁹ of electricity as to raise such amounts as may be determined by or under the conditions; and

285. (ii) to pay the amounts so raised to such licence holders as may be so determined²⁰;

190

2186 (e) in a licence may:

191

286. (i) instead of specifying or describing any contracts or agreements to which they apply, refer to contracts or agreements designated, whether before or after the imposition of the conditions, by the Secretary of State or the Authority; and

287. (ii) instead of containing any provisions which fall to be made, refer to provisions set out in documents so designated and direct that those provisions are to have such effect as may be specified in the conditions²¹.

192

Conditions included in a licence may contain provision for the conditions:

2187 (A) to have effect or cease to have effect at such times and in such circumstances as may be determined by or under the conditions; or

2188 (B) to be modified in such manner as may be specified in the conditions at such times and in such circumstances as may be so determined²²;

and any provision so included in a licence has effect in addition to the provision made by Part I of the Electricity Act 1989²³ with respect to the modification²⁴ of the conditions of a licence²⁵.

Conditions included in a licence may also provide for references in the conditions to any document to operate as references to that document as revised or reissued from time to time²⁶.

1 For the meaning of 'licence' see PARA 1041 note 12 ante.

2 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

3 I.e the duties imposed by the Electricity Act 1989 ss 3A-3C (as added and amended): see PARAS 1041-1043 ante.

4 Ibid s 7(1) (amended by the Utilities Act 2000 s 32(1), (2)). The conditions included by virtue of head (2) in the text may require the payment of sums relating to the expenses of the Gas and Electricity Consumer Council and of the Secretary of State in relation to the establishment of the Authority and the Council: see the Utilities Act 2000 s 8; and PARA 732 ante. As to the establishment of the Gas and Electricity Consumer Council see PARA 716 ante; and as to the prospective abolition of the Council and the transfer of its functions to the new National Consumer Council to be established under the Consumers, Estate Agents and Redress Act 2007 see PARA 716 the text and notes 12-13 ante. Any sums received by the Authority in consequence of the provisions of any condition of a licence must be paid into the Consolidated Fund: Electricity Act 1989 s 7(7) (amended by the Utilities Act 2000 s 32(1), (8)). As to the Consolidated Fund see CONSTITUTIONAL LAW AND HUMAN RIGHTS vol 8(2) (Reissue) PARA 711 et seq; PARLIAMENT vol 78 (2010) PARAS 1028-1031.

5 For the meaning of 'transmission licence' see PARA 1065 ante at head (2) in the text.

6 For the meaning of 'distribution licence' see PARA 1065 ante at head (3) in the text.

7 I.e without prejudice to the generality of the Electricity Act 1989 s 7(1)(a) (as amended) (see head (1) in the text).

- 8 For the meaning of 'licence holder' see PARA 1041 note 12 ante.
- 9 For the meaning of 'electric line' see PARA 1041 note 5 ante.
- 10 For the meaning of 'electrical plant' see PARA 1041 note 5 ante.
- 11 Electricity Act 1989 s 7(2) (amended by the Utilities Act 2000 s 32(1), (3)).
- 12 See note 7 supra.
- 13 Electricity Act 1989 s 7(2A) (added by the Energy Act 2004 s 136(3)).

- 25 Electricity Act 1989 s 7(6).
- 26 *Ibid* s 7(6A) (added by the Utilities Act 2000 s 32(1), (7)).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(4) REGULATION OF ELECTRICITY SUPPLY ETC/(i) Licensing of Activities relating to Electricity/C. GRANTING AND TRANSFER OF LICENCES/1069. Standard conditions of licences.

1069. Standard conditions of licences.

The Utilities Act 2000 makes provision with regard to the standard conditions that may be included in generation, distribution or supply licences¹ and the Energy Act 2004 makes provision with regard to the standard conditions that may be included in transmission licences² and electricity interconnector licences³. Each condition which by virtue of the relevant provisions of the 2000 or 2004 Act⁴ is a standard condition for the purposes of any such type of licence must be incorporated by reference in each licence of that type which is granted⁵.

Subject to the following provisions, the Gas and Electricity Markets Authority ('GEMA')⁶ may, in granting a licence of any type, modify⁷ any of the standard conditions for licences of that type in its application to the licence to such extent as it considers requisite to meet the circumstances of the particular case⁸. The Authority must not, however, so make any modifications of a condition of a licence of any type unless it is of the opinion that the modifications are such that:

- 2189 (1) the licence holder⁹ would not be unduly disadvantaged in competing with other holders of licences of that type; and
- 2190 (2) no other holder of a licence of the same type would be unduly disadvantaged in competing with other holders of such licences, including the holder of the licence being modified¹⁰.

Before making any such modifications, the Authority must give notice¹¹:

- 2191 (a) stating that it proposes to make the modifications and setting out their effect;
- 2192 (b) stating the reasons why it proposes to make the modifications; and
- 2193 (c) specifying the time, not being less than 28 days from the date of publication of the notice, within which representations or objections with respect to the proposed modifications may be made,

and must consider any representations or objections which are duly made and not withdrawn¹². Such a notice must be given:

- 2194 (i) by publishing the notice in such manner as the Authority considers appropriate for the purpose of bringing the notice to the attention of persons likely to be affected by the making of the modifications; and
- 2195 (ii) by sending a copy of the notice to the Secretary of State and the Gas and Electricity Consumer Council¹³.

If, within the time specified in the notice, the Secretary of State directs¹⁴ the Authority not to make any modification, the Authority must comply with the direction¹⁵.

The modification under the above provisions¹⁶ of part of a condition of a licence does not prevent any other part of the condition which is not so modified being regarded as a standard condition for the statutory¹⁷ purposes¹⁸.

1 The standard conditions for the purposes of licences of any type may contain provision (1) for any standard condition included in a licence of that type not to have effect until brought into operation in such manner and in such circumstances as may be specified in or determined under the standard conditions; (2) for the effect of any standard condition included in such a licence to be suspended in such manner, and in such circumstances, as may be so specified or determined; or (3) for any standard condition included in such a licence which is for the time being suspended to be brought back into operation in such manner and in such circumstances as may be so specified or determined: Utilities Act 2000 s 33(2). Such conditions as might be determined by the Secretary of State before 1 October 2001 (ie the commencement date of s 33(3): see the Utilities Act 2000 (Commencement No 6 and Transitional Provisions) Order 2001, SI 2001/3266, art 2, Schedule), and published by him in such manner as he considers appropriate, in relation to any of the types of licence mentioned in the Electricity Act 1989 s 6(1)(a), (c) and (d) (as substituted and amended) (see PARA 1065 ante at heads (1), (3) and (4) in the text) (ie in relation to generation licences, distribution licences or supply licences) are to be standard conditions for the purposes of licences of that type, subject to any modifications of the standard conditions for the purposes of licences of that type made: (a) under Pt I (ss 3A-64) (as amended) (see PARA 1041 et seq ante, PARA 1070 et seq post) after the determination under the Utilities Act 2000 s 33 (as amended); (b) under the Energy Act 2004; or (c) under the Climate Change and Sustainable Energy Act 2006 s 7 (sale of electricity generated by microgeneration; power to modify distribution and supply licences etc: see PARA 1077 post): Utilities Act 2000 s 33(1) (amended by the Energy Act 2004 ss 143(1), 197(9), Sch 19 para 20, Sch 23 Pt 1; the Climate Change and Sustainable Energy Act 2006 s 7(7)). As to the Secretary of State see PARA 601 note 1 ante.

2 The standard conditions for the purposes of transmission licences may contain provision (1) for any standard condition included in a transmission licence not to have effect until brought into operation in such manner, and in such circumstances, as may be specified in, or determined under, the standard conditions; (2) for the effect of any standard condition included in such a licence to be suspended in such manner, and in such circumstances, as may be so specified or determined; (3) for any standard condition included in such a licence which is suspended to be brought back into operation in such manner, and in such circumstances, as may be so specified or determined: Energy Act 2004 s 137(4). If the Secretary of State considered it necessary or expedient to do so for the purpose of implementing the new trading and transmission arrangements, he might determine new standard conditions in relation to transmission licences: s 137(1). That power might not be exercised (a) after the end of the period of 18 months beginning with 24 August 2004 (see the Energy Act 2004 (Commencement No 2) Order 2004, SI 2004/2184, art 2(1), Sch 1); or (b) on or after 1 September 2004 (see the Energy Act 2004 (Commencement No 2) Order 2004, SI 2004/2184, art 2(2), Sch 2): Energy Act 2004 s 137(7). The Secretary of State must publish any conditions determined under s 137(1) in such manner as he considers appropriate: s 137(2). Conditions published in accordance with s 137(2) are to be standard conditions for the purposes of transmission licences, subject to any modifications of the standard conditions for the purposes of licences of that type made (i) under the Electricity Act 1989 Pt I (as amended); or (ii) under the Energy Act 2004, after the determination under s 137(1): s 137(3). For these purposes, 'transmission licence' means a licence under the Electricity Act 1989 s 6(1)(b) (as substituted) (see PARA 1065 ante at head (2) in the text); and references to the new trading and transmission arrangements are to be construed in accordance with the Energy Act 2004 s 133 (see PARA 1071 post): s 142. As to the exercise of these powers see also s 191, cited in PARA 764 note 6 ante.

3 Before 1 April 2005 (ie the commencement of *ibid* s 146(6): see the Energy Act 2004 (Commencement No 5) Order 2005, SI 2005/877, art 2(1), Sch 1), the Secretary of State was to determine standard conditions for electricity interconnector licences: Energy Act 2004 s 146(1). Those standard conditions may contain provision (1) for a standard condition included in an electricity interconnector licence not to have effect until brought into operation in such manner, and in such circumstances, as may be specified in or determined under the standard conditions; (2) for the effect of a standard condition included in such a licence to be suspended in such manner, and in such circumstances, as may be so specified or determined; or (3) for a standard condition included in such a licence the effect of which is for the time being suspended to be brought back into operation in such manner, and in such circumstances, as may be so specified or determined: s 146(2). The Secretary of State must publish the standard conditions so determined by him and the publication must be in such manner as the Secretary of State considers appropriate: s 146(3), (4). The standard conditions determined by the Secretary of State have effect subject to any modifications made under the Electricity Act 1989 Pt I (as amended) or under the Energy Act 2004: s 146(5). 'Electricity interconnector licence' means an interconnector licence under the Electricity Act 1989 s 6(1)(e) (as added) (see PARA 1065 ante at head (5) in the text): Energy Act 2004 s 146(7). As to the exercise of these powers see also s 191, cited in PARA 764 note 6 ante.

4 Ie by virtue of the Utilities Act 2000 s 33 (as amended) or the Energy Act 2004 s 137 or s 146: see notes 1-3 *supra*.

5 Electricity Act 1989 s 8A(1), (1A), (1B) (s 8A added by Utilities Act 2000 s 33; the Electricity Act 1989 s 8A(1) amended by the Energy Act 2004 s 137(5); the Electricity Act 1989 s 8A(1A), (1B) respectively added by the Energy Act 2004 ss 137(6), 146(6)). In the case of generation, distribution, supply or transmission licences, the standard conditions referred to in the text are to be so incorporated in licences granted on or after 1 September 2004 (ie the date when s 137(6) came into force: see note 2 supra); and in the case of interconnector licences, they are to be so incorporated in licences granted on or after 1 April 2005 (ie the date when s 146(6) came into force: see note 3 supra). These provisions are, however, subject to the Electricity Act 1989 s 8A(2) (as added): see the text and notes 6-8 infra.

6 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

7 For these purposes, 'modify' includes fail to incorporate and 'modification' is to be construed accordingly: Electricity Act 1989 s 8A(8) (as added: see note 5 supra).

8 Ibid s 8A(2) (as added: see note 5 supra).

9 For the meaning of 'licence holder' see PARA 1041 note 12 ante.

10 Electricity Act 1989 s 8A(6) (as added: see note 5 supra).

11 For the meaning of 'notice' see PARA 1047 note 11 ante.

12 Electricity Act 1989 s 8A(3) (as added: see note 5 supra).

13 Ibid s 8A(4) (as added: see note 5 supra). As to the establishment of the Gas and Electricity Consumer Council see PARA 716 ante; and as to the prospective abolition of the Council and the transfer of its functions to the new National Consumer Council to be established under the Consumers, Estate Agents and Redress Act 2007 see PARA 716 the text and notes 12-13 ante.

14 As to directions generally see ibid s 107; and PARA 1306 post.

15 Ibid s 8A(5) (as added: see note 5 supra).

16 Ie under ibid s 8A(2) (as added): see the text and notes 6-8 supra.

17 Ie for the purposes of ibid Pt I (as amended): see PARA 1041 et seq ante, PARA 1070 et seq post.

18 Ibid s 8A(7) (as added: see note 5 supra).

UPDATE

1069 Standard conditions of licences

NOTE 1--Utilities Act 2000 s 33(1) further amended: Energy Act 2008 Sch 5 para 13, Sch 6.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(4) REGULATION OF ELECTRICITY SUPPLY ETC/(i) Licensing of Activities relating to Electricity/C. GRANTING AND TRANSFER OF LICENCES/1070. Transfer of licences.

1070. Transfer of licences.

A licence¹ is capable of being transferred by the licence holder², with the consent of the Gas and Electricity Markets Authority ('GEMA')³, in accordance with the following conditions but subject to any term as to transfer⁴ contained in the licence⁵. It may, however, include conditions which must be complied with before the licence can be transferred⁶. A transfer may relate to the whole or any part of the licence⁷; and this reference to part of a licence is a reference to a part of the activities authorised by the licence, whether described by reference to activities being carried on by the licence holder or to activities which he is authorised by the licence to carry on⁸.

The Authority's consent may be given subject to compliance with such modification or other conditions⁹ as the Authority considers appropriate¹⁰. In the case of a partial transfer, conditions so imposed may make, as respects so much of the licence as is proposed to be retained by the transferor, provision different from that made as respects so much of the licence as is proposed to be transferred¹¹.

In deciding whether to give its consent to a proposed transfer, the Authority must apply the same criteria as it would apply if the Authority were deciding whether:

- 2196 (1) in the case of a general transfer, to grant a corresponding licence to the transferee; or
- 2197 (2) in the case of a partial transfer:
- 193 288. (a) to grant to the transferee a licence corresponding to so much of the licence as is proposed to be transferred; and
- 289. (b) to grant to the transferor a licence corresponding to so much of the licence as is proposed to be retained¹².
- 194

The Authority must give the Secretary of State¹³ not less than 28 days' notice¹⁴ of any proposal to impose a modification condition¹⁵. If, before the expiry of the time specified in such a notice, the Secretary of State directs¹⁶ the Authority not to impose the condition, the Authority must comply with the direction¹⁷.

Before giving consent to the transfer of a licence, the Authority must give notice:

- 2198 (i) stating that it proposes to grant consent to the transfer;
- 2199 (ii) stating the reasons why it proposes to give consent; and
- 2200 (iii) specifying the time from the date of publication of the notice, not being less than two months, within which representations or objections with respect to the transfer may be made,

and must consider any representations or objections that are duly made and not withdrawn¹⁸. The notice must be given by publishing it in such manner as the Authority considers appropriate for bringing it to the attention of persons likely to be affected by the transfer¹⁹.

A purported transfer of a licence is void:

2201 (A) if the licence is not capable of transfer or the Authority has not given its consent;

2202 (B) if the purported transfer is in breach of a condition of the licence; or

2203 (C) if there has, before the purported transfer, been a contravention²⁰ of a condition subject to compliance with which the Authority's consent is given²¹.

1 For the meaning of 'licence' see PARA 1041 note 12 ante.

2 For the meaning of 'licence holder' see PARA 1041 note 12 ante.

3 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

4 For these purposes, 'transfer' includes any form of transfer or assignment: Electricity Act 1989 s 7A(12) (s 7A added by the Utilities Act 2000 s 41).

5 Electricity Act 1989 s 7A(1)(a) (as added: see note 4 supra).

6 Ibid s 7A(1)(b) (as added: see note 4 supra).

7 Ibid s 7A(2) (as added: see note 4 supra).

8 Ibid s 7A(3) (as added: see note 4 supra).

9 For these purposes, 'modification condition' means a condition requiring or otherwise providing for the making of modifications to the conditions of a licence: ibid s 7A(12) (as added: see note 4 supra). For the meaning of 'modification' see PARA 1035 note 3 ante.

10 Ibid s 7A(4) (as added: see note 4 supra).

11 Ibid s 7A(5) (as added: see note 4 supra).

12 Ibid s 7A(6) (as added: see note 4 supra).

13 As to the Secretary of State see PARA 601 note 1 ante.

14 For the meaning of 'notice' see PARA 1047 note 11 ante.

15 Electricity Act 1989 s 7A(7) (as added: see note 4 supra).

16 As to directions generally see ibid s 107; and PARA 1306 post.

17 Ibid s 7A(8) (as added: see note 4 supra).

18 Ibid s 7A(9) (as added: see note 4 supra).

19 Ibid s 7A(10) (as added: see note 4 supra). As to publication by the Authority see PARA 1045 note 6 ante.

20 Unless the context otherwise requires, 'contravention', in relation to any direction, condition, requirement, regulation or order, includes any failure to comply with it and cognate expressions are to be construed accordingly: ibid s 111(1).

21 Ibid s 7A(12) (as added: see note 4 supra).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(4) REGULATION OF ELECTRICITY SUPPLY ETC/(ii) New Trading and Transmission Arrangements under the Energy Act 2004/1071. New trading and transmission arrangements; in general.

(ii) New Trading and Transmission Arrangements under the Energy Act 2004

1071. New trading and transmission arrangements; in general.

The Energy Act 2004 introduced new arrangements relating to the trading and transmission¹ of electricity in Great Britain² designed:

- 2204 (1) to promote the creation of a single competitive wholesale electricity trading market; and
- 2205 (2) to introduce a single set of arrangements for access to and use of any transmission system³ in Great Britain⁴.

Those arrangements are referred to in the relevant provisions⁵ of that Act as the 'new trading and transmission arrangements'⁶.

For the purpose of implementing those arrangements, the Secretary of State⁷ was given transitional powers to modify licence conditions, as discussed below⁸, and to determine new standard conditions in relation to transmission licences⁹, as has already been discussed¹⁰. As from a day to be appointed¹¹, transitional powers are also conferred on the Secretary of State, for the purpose of implementing the new trading and transmission arrangements, and if he considers it necessary or expedient to do so, by direction¹²:

- 2206 (a) to require the Gas and Electricity Markets Authority ('GEMA')¹³ to grant a transmission licence to such person, and on such terms and subject to such conditions, as the direction may provide;
- 2207 (b) to require GEMA to refuse an application for a transmission licence¹⁴.

The Secretary of State is to consult¹⁵ GEMA before issuing such a direction¹⁶. The power under head (a) above may only be exercised on one occasion and then only to require the grant of a single licence¹⁷; and the power under head (b) above may not be exercised once the power under head (a) above has been exercised¹⁸.

As from a day to be appointed¹⁹, if GEMA receives an application for a transmission licence at a time when the power under head (b) above is exercisable, it must as soon as practicable send a copy of the application to the Secretary of State²⁰. GEMA must provide the Secretary of State with all such information as he may require for the purposes of or in connection with the carrying out of any of his functions under the relevant²¹ statutory provisions²²; and each holder of an electricity licence²³ must provide the Secretary of State with all such information and other assistance as he may require for the purposes of or in connection with the carrying out of any of those functions²⁴. The general restrictions on disclosure of information²⁵ do not apply to a disclosure made in pursuance of these provisions²⁶.

The Energy Act 2004 also makes provision:

- 2208 (i) for a licensing scheme in relation to existing transmission licences²⁷;

2209 (ii) about property arrangements schemes²⁸.

Where the effect of a modification of licence conditions²⁹ or a licensing scheme such as is described in head (i) above is to reduce in any respect the area in which the holder of a transmission licence may carry on activities, Schedule 4 to the Electricity Act 1989³⁰, which contains provisions with regard to the powers of licence holders, has effect in relation to him as if any reference to the activities which he is authorised by his licence to carry on included a reference to the activities which he was previously so authorised to carry on³¹.

The Secretary of State may by order make in connection with the coming into force of any of the relevant statutory provisions³² such transitional provision or saving as he considers necessary or expedient³³.

1 For the meaning of 'transmission' see PARA 1041 note 6 ante (definition applied by the Energy Act 2004 s 133(2)).

2 For the meaning of 'Great Britain' see PARA 602 note 7 ante.

3 For the meaning of 'transmission system' see PARA 1041 note 6 ante (definition applied by the Energy Act 2004 s 133(2)).

4 Ibid s 133(1).

5 Ie in ibid Pt 3 Ch 1 (ss 133-144, Schs 17-19): see PARA 1069 note 2 ante; the text and notes 1-4 supra, 6-31 infra; and PARAS 1072-1073, 1080 post.

6 See ibid s 133(1).

7 As to the Secretary of State see PARA 601 note 1 ante.

8 See the Energy Act 2004 s 134; and PARA 1080 post.

9 As to the standard conditions of licences see PARA 1069 ante; and the meaning of 'transmission licence' see PARA 1065 ante at head (2) in the text.

10 See the Energy Act 2004 s 137; and PARA 1069 note 2 ante.

11 Ie as from a day to be appointed under the Energy Act 2004 s 198(2). At the date at which this title states the law, no such day had been appointed.

12 As to directions generally see the Electricity Act 1989 s 107; and PARA 1306 post.

13 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

14 Energy Act 2004 s 139(1) (not in force: see note 11 supra). The powers under s 139(1) may not be exercised after the end of the period of 18 months beginning with the day on which s 139(1) comes into force: s 139(4) (not in force). As to the exercise of these powers see also s 191, cited in PARA 764 note 6 ante.

15 This requirement may be satisfied by consultation before, as well as by consultation after, the commencement of ibid s 139: s 139(3) (not in force: see note 11 supra).

16 Ibid s 139(2) (not in force: see note 11 supra).

17 Ibid s 139(5) (not in force: see note 11 supra).

18 Ibid s 139(6) (not in force: see note 11 supra).

- 32 Ie any provision of *ibid* Pt 1 Ch 3.
- 33 *Ibid* s 144.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(4) REGULATION OF ELECTRICITY SUPPLY ETC/(ii) New Trading and Transmission Arrangements under the Energy Act 2004/1072. Conversion of existing transmission licences.

1072. Conversion of existing transmission licences.

Before 1 September 2004¹, the Secretary of State² was to make a scheme in relation to existing transmission licences³. Such a scheme must provide for each licence to which it relates to have effect on and after such date as the scheme may provide:

- 2210 (1) as a transmission licence under the relevant provision of the Electricity Act 1989⁴ as amended by the Energy Act 2004⁵; and
- 2211 (2) with the inclusion of such provision as to the area or areas in which the holder is authorised to participate in the transmission of electricity⁶ as the scheme may provide⁷.

Such a scheme must⁸ provide that the conditions which are⁹ standard conditions¹⁰ for the purposes of transmission licences are incorporated by reference in each licence to which the scheme relates, in place of the existing standard conditions of that licence¹¹; and may provide that each licence to which it relates is to have effect with such incidental, consequential and supplementary modifications¹² as appear to the Secretary of State to be necessary or expedient¹³. It may make such transitional provision as appears to the Secretary of State to be necessary or expedient and may make different provision for different cases¹⁴.

As soon as practicable after making such a scheme, the Secretary of State must publish the text of each licence to which the scheme relates as it has effect by virtue of the scheme¹⁵. Any text so published is to be treated as authoritative unless the contrary is shown¹⁶. The Secretary of State may:

- 2212 (a) change the date on which such a scheme is to come into operation¹⁷;
- 2213 (b) include in such a scheme provision amending a code or agreement relevant to the conditions of an existing transmission licence if it appears to him to be necessary or expedient to do so in consequence of anything for which the scheme makes provision¹⁸.

Such a scheme has effect according to its terms¹⁹.

If at any time after such a scheme has come into operation the Secretary of State considers it appropriate to do so, he may by order²⁰ provide that the scheme is, for all purposes, to be deemed to have come into operation with such modifications as may be specified in the order²¹. Such an order may make, with effect from the coming into force of the scheme, such provision as could have been made by the scheme, and in connection with giving effect to that provision from that time may contain such supplemental, consequential and transitional provision as the Secretary of State considers appropriate²².

Before carrying out any function under the above provisions the Secretary of State must consult²³ GEMA, and holders of existing transmission licences, in such manner as he considers appropriate²⁴.

1 le before the commencement of the Energy Act 2004 s 136. Section 136 (which makes amendments to the Electricity Act 1989 s 6 (as substituted and amended) and s 7 (as amended) (see PARAS 1065, 1068 ante)) came into force on 1 September 2004: see the Energy Act 2004 (Commencement No 2) Order 2004, SI 2004/2184, art 2(2), Sch 2.

2 As to the Secretary of State see PARA 601 note 1 ante.

3 Energy Act 2004 s 138, Sch 17 para 1(1). For these purposes, references to an existing transmission licence are to a transmission licence which was in force immediately before 1 September 2004 (ie the day on which s 136 came into force: see note 1 supra): Sch 17 para 6. For the meaning of 'transmission licence' see now para 1065 ante at head (2) in the text.

4 le under the Electricity Act 1989 s 6(1)(b) (as substituted): see PARA 1065 ante at head (2) in the text.

5 le as amended by the Energy Act 2004 Pt 3 Ch 1 (ss 133-144, Schs 17-19). The relevant amendment is made by s 136: see note 1 supra; and PARA 1065 ante.

6 le such provision under the Electricity Act 1989 s 6(6A) (as added): see PARA 1065 ante.

7 Energy Act 2004 Sch 17 para 1(2).

8 le subject to ibid Sch 17 para 1(4): see the text and notes 12-13 infra.

9 le by virtue of ibid s 137(3): see PARA 1069 note 2 ante.

10 As to the standard conditions of licences see PARA 1069 ante.

11 Energy Act 2004 Sch 17 para 1(3).

12 For the meaning of 'modifications' see PARA 1035 note 3 ante.

13 Energy Act 2004 Sch 17 para 1(4). Modifications under Sch 17 para 1(4) may relate to (1) the terms of a licence; or (2) the conditions of a licence (including the standard conditions which would otherwise be incorporated by virtue of Sch 17 para 1(3)): Sch 17 para 1(5). The modification under Sch 17 para 1(4) of what would otherwise be a standard condition of a licence to which the scheme relates does not prevent any other part of the condition which is not so modified being regarded as a standard condition for the purposes of the Electricity Act 1989 Pt I (ss 3A-64) (as amended) (see PARA 1041 et seq ante, PARA 1073 et seq post): Energy Act 2004 Sch 17 para 3(2).

14 Ibid Sch 17 para 1(6).

15 Ibid Sch 17 para 1(7).

16 Ibid Sch 17 para 1(8).

17 Ibid Sch 17 para 1(9).

18 Ibid Sch 17 para 2.

19 Ibid Sch 17 para 3(1).

20 Such an order is subject to the negative resolution procedure: ibid Sch 17 para 4(3). As to the negative resolution procedure see PARA 602 note 2 ante.

21 Ibid Sch 17 para 4(1).

22 Ibid Sch 17 para 4(2).

23 This requirement may be satisfied by consultation before, as well as by consultation after, 1 September 2004 (ie the commencement of ibid Sch 17 para 5: see the Energy Act 2004 (Commencement No 2) Order 2004, SI 2004/2184, art 2(2), Sch 2): Energy Act 2004 Sch 17 para 5(2).

24 Ibid Sch 17 para 5(1).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(4) REGULATION OF ELECTRICITY SUPPLY ETC/(ii) New Trading and Transmission Arrangements under the Energy Act 2004/1073. Property arrangements schemes.

1073. Property arrangements schemes.

The Gas and Electricity Markets Authority ('GEMA')¹ may, on application², make a scheme providing for the transfer to the system operator³ of, or the creation in favour of the system operator of any rights in relation to, property, rights or liabilities of an existing transmission licence holder⁴. Such a scheme ('a property arrangements scheme') may also contain:

- 2214 (1) provision for the creation, in relation to property which the scheme transfers, of an interest in or right over the property in favour of the relevant existing transmission licence holder;
- 2215 (2) provision for the creation of any rights or liabilities as between the relevant existing transmission licence holder⁵ and the system operator;
- 2216 (3) provision for imposing on the relevant existing transmission licence holder or the system operator an obligation to enter into a written agreement with, or to execute an instrument of another kind in favour of, the other;
- 2217 (4) supplemental, incidental and consequential provision⁶.

The property, rights or liabilities which may be transferred by a property arrangements scheme include property, rights or liabilities which would not otherwise be capable of being transferred⁷. If a property arrangements scheme provides for the division of an estate or interest in land and any rent is either payable in respect of the estate or interest under a lease, or charged on the estate or interest, the scheme may contain provision for apportionment or division so that one part is payable in respect of, or charged on, only one part of the estate or interest and the other part is payable in respect of, or charged on, only the other part of the estate or interest⁸. A property arrangements scheme that contains provision which adversely affects a third party⁹ may also contain provision requiring the system operator or the relevant existing transmission licence holder to pay the third party compensation¹⁰.

On an application for the making of a property arrangements scheme, GEMA must, in relation to any property, rights or liabilities in respect of which the application proposes provision of a kind mentioned above¹¹, determine¹² whether provision of such a kind is, in relation to that property, or those rights or liabilities, necessary or expedient for implementation purposes¹³; but this does not apply if the system operator and the relevant existing transmission licence holder agree that provision of such a kind is, in relation to the property, rights or liabilities concerned, necessary or expedient for implementation purposes¹⁴. If GEMA determines that provision of such a kind is not, in relation to any property, rights or liabilities, necessary or expedient for implementation purposes, it must refuse the application in relation to that property, or those rights or liabilities¹⁵. If, however, GEMA determines that provision of such a kind is, in relation to any property, rights or liabilities, necessary or expedient for implementation purposes, or if the system operator and the relevant existing transmission licence holder agree that that is the case, then GEMA must¹⁶ make a property arrangements scheme in relation to that property, or those rights or liabilities¹⁷.

Where GEMA is required to make a property arrangements scheme, the terms of the scheme must¹⁸ be such as the system operator and the relevant existing transmission licence holder may agree or, if they fail to agree, as GEMA may determine¹⁹. GEMA may not include in a

property arrangements scheme provision which would adversely affect a third party unless it determines that it is necessary or expedient for implementation purposes for the provision to be made²⁰. Where GEMA does include in a property arrangements scheme provision which would adversely affect a third party, GEMA must determine whether the scheme should include provision for compensation and, if so, what that provision should be²¹. A property arrangements scheme must not provide for any provision to come into operation before the end of the period of 21 days beginning with the day on which the scheme is made²².

A property arrangements scheme has effect according to its terms²³. A transaction of any description effected by or under a property arrangements scheme has effect subject to the provisions of any enactment which provides for transactions of that description to be registered in any statutory register²⁴. Subject to that, a transaction of any description effected by or under a property arrangements scheme is binding on all persons, notwithstanding that it would otherwise have required the consent or concurrence of any person²⁵.

Any person aggrieved²⁶ by a determination of GEMA under these provisions may apply to the Competition Appeal Tribunal ('the tribunal')²⁷ for a review of the determination²⁸. On such an application, the tribunal may:

- 2218 (a) dismiss the application; or
- 2219 (b) make an order substituting its own determination²⁹.

Where the tribunal makes an order under head (b) above:

- 2220 (i) and GEMA has not made a property arrangements scheme in relation to the property, rights or liabilities concerned, the tribunal may include in the order provision requiring GEMA to make a property arrangements scheme in relation to that property, or those rights or liabilities³⁰;
- 2221 (ii) and GEMA has made a property arrangements scheme in relation to the property, rights or liabilities concerned, but the scheme has not come into operation, then where the tribunal's determination is that provision of the kind mentioned above³¹ is not, in relation to the property, rights or liabilities concerned, necessary or expedient for implementation purposes, it may include in the order provision quashing the scheme³²; and in any other case, the tribunal may include in the order provision for the scheme to have effect with such amendments with respect to any matter dealt with by GEMA's determination as it thinks fit, and to the extent that GEMA's determination dealt with any financial matter, provision requiring GEMA to redetermine the matter in accordance with the order and to amend the scheme accordingly³³;
- 2222 (iii) and GEMA has made a property arrangements scheme in relation to the property, rights or liabilities concerned which has come into operation, the tribunal may include in the order such provision as it thinks fit for the purpose of doing justice between the system operator, the relevant existing transmission licence holder, and any third party adversely affected by the scheme, in the light of its determination³⁴.

An order under head (b) above may include provision for the award of interest at such rate and for such period as the tribunal thinks fit³⁵. There is a right of appeal with leave on a point of law to the Court of Appeal³⁶ against any decision of the tribunal under these provisions³⁷.

Where a person makes an application³⁸ for the review of a determination:

- 2223 (A) and GEMA has not made a property arrangements scheme in relation to the property, rights or liabilities to which the determination relates, the tribunal may on application³⁹ by the system operator or the relevant existing transmission

licence holder make such interim arrangements as it thinks fit with respect to the property, rights or liabilities concerned⁴⁰;

- 2224 (B) and GEMA has made a property arrangements scheme in relation to the property, rights or liabilities to which the determination relates, the tribunal may on application⁴¹ by the system operator, the relevant existing transmission licence holder, or a third party who is adversely affected by any provision of the scheme, make such interim arrangements as it thinks fit with respect to the property, rights or liabilities concerned⁴².

If an order under head (A) or head (B) above is registered in England and Wales in accordance with rules of court or any practice direction, it is enforceable as an order of the High Court⁴³. Subject to rules of court or any practice direction, an order under head (A) or head (B) above may be registered by a person entitled to any right under the interim arrangements for which the order makes provision⁴⁴.

1 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

2 An application under the Energy Act 2004 s 141, Sch 18 (see the text and notes 3-44 infra) is not allowed to be made orally: Sch 18 para 22. No application for a property arrangements scheme might be made after the end of the period of three months beginning with 1 September 2004 (ie the day on which s 141 came into force: see the Energy Act 2004 (Commencement No 2) Order 2004, SI 2004/2184, art 2(2), Sch 2): Energy Act 2004 Sch 18 para 2(2). The application might be made by the system operator (see note 3 infra) or the relevant existing transmission licence holder (see note 5 infra) and was to specify the property, rights or liabilities in relation to which provision of a kind mentioned in Sch 18 para 1(1) was proposed to be included in the scheme: Sch 18 para 2(1), (3).

3 The Secretary of State may by order designate the holder of a transmission licence as the system operator for these purposes; and 'system operator' means the person so designated: *ibid* Sch 18 paras 21, 23(1). The Secretary of State has designated National Grid Company plc (company registered no 2366977) as the system operator for these purposes: Energy Act 2004 (Designation of System Operator) Order 2004, SI 2004/2242, art 2.

4 See the Energy Act 2004 Sch 18 para 1(1). For these purposes, 'existing transmission licence' means a transmission licence which was in force immediately before 1 September 2004 (ie the day on which s 136 (which amends the Electricity Act 1989 s 6 (as substituted and amended) and s 7 (as amended) (see PARAS 1065, 1068 ante) came into force: see the Energy Act 2004 (Commencement No 2) Order 2004, SI 2004/2184, art 2(2), Sch 2): Energy Act 2004 Sch 18 para 23(1). For the meaning of 'transmission licence' see now para 1065 ante at head (2) in the text.

5 For these purposes, 'relevant existing transmission licence holder', in relation to a property arrangements scheme, or an application for such a scheme, means the existing transmission licence holder to whose property, rights or liabilities the scheme, or application, relates: *ibid* Sch 18 para 23(1).

6 *Ibid* Sch 18 para 1(2).

7 *Ibid* Sch 18 para 1(3).

8 *Ibid* Sch 18 para 1(4).

9 For these purposes, a provision of a property arrangements scheme adversely affects a third party if (1) his consent or concurrence would be required to the making of the provision otherwise than by means of the scheme; and (2) he does not consent to the making of the provision by means of the scheme: *ibid* Sch 18 para 23(2). 'Third party', in relation to a property arrangements scheme, means a person other than the system operator or the relevant existing transmission licence holder: Sch 18 para 23(1).

10 *Ibid* Sch 18 para 1(5).

11 *Ie* provision of a kind mentioned in *ibid* Sch 18 para 1(1): see the text and notes 1-4 supra.

12 GEMA may engage such consultants as it thinks fit for the purpose of advising it in relation to the making of a determination under *ibid* Sch 18: Sch 18 para 7. GEMA may also require any of the following persons to give it information and assistance in connection with the making of a determination under Sch 18: (1) the

system operator; (2) any existing transmission licence holder; and (3) any person who makes representations to GEMA about the application to which the determination relates: Sch 18 para 6.

13 Ibid Sch 18 para 3(1). For these purposes, 'implementation purposes' means the purposes of implementing the new trading and transmission arrangements in accordance with the timetable for implementation for the time being published by GEMA: Sch 18 para 23(1). For the meaning of 'the new trading and transmission arrangements' see PARA 1071 ante.

14 Ibid Sch 18 para 3(2).

15 Ibid Sch 18 para 3(3).

16 Ie subject to ibid Sch 18 para 4(2): see the text and note 20 infra.

17 Ibid Sch 18 para 3(4).

18 Ie subject to ibid Sch 18 para 4(2)-(4): see the text and notes 20-22 infra.

19 Ibid Sch 18 para 4(1). A determination under Sch 18 para 4, so far as relating to any financial matter, must be made on the basis of what is just in all the circumstances of the case; and so far as relating to any other matter, must be made on the basis of what appears to GEMA to be appropriate in all the circumstances of the case having regard, in particular, to what is necessary or expedient for implementation purposes: Sch 18 para 5(1), (2).

20 Ibid Sch 18 para 4(2).

21 Ibid Sch 18 para 4(3).

22 Ibid Sch 18 para 4(4).

23 Ibid Sch 18 para 8.

24 Ibid Sch 18 para 9(1).

25 Ibid Sch 18 para 9(2).

26 As to the meaning of 'person aggrieved' see JUDICIAL REVIEW vol 61 (2010) PARA 656.

27 As to the Competition Appeal Tribunal see COMPETITION vol 18 (2009) PARAS 13-17.

28 Energy Act 2004 Sch 18 para 10(1). Subject to Sch 18 para 10(3), no such application may be made after the end of the period of seven days beginning with the day on which the determination is made: Sch 18 para 10(2). Where, however, GEMA has made a property arrangements scheme, such an application may be made in respect of a determination relating to the scheme at any time before the end of the period of seven days beginning with the day on which the scheme is made: Sch 18 para 10(3).

29 Ibid Sch 18 para 10(4).

30 Ibid Sch 18 para 11(1), (2). Where Sch 18 para 4 applies because of provision under Sch 18 para 11, anything the tribunal has determined is to be treated for the purposes of Sch 18 para 4 as determined by GEMA: Sch 18 para 11(3).

31 See note 11 supra.

32 Energy Act 2004 Sch 18 para 12(1), (2).

33 Ibid Sch 18 para 12(1), (3).

34 Ibid Sch 18 para 13(1), (2). Without prejudice to the generality of Sch 18 para 13(2), the Tribunal may include in the order (1) provision for retransfer; (2) provision for the surrender or extinction of rights; and (3) provision for the payment of compensation: Sch 18 para 13(3).

35 Ibid Sch 18 para 14.

36 Ie the Enterprise Act 2002 s 120(6)-(8) (see COMPETITION vol 18 (2009) PARA 271) applies in relation to decisions of the tribunal under the Energy Act 2004 Sch 18 as it applies in relation to decisions under the Enterprise Act 2002 s 120 (as amended).

37 See the Energy Act 2004 Sch 18 para 15.

38 *Ie* under *ibid* Sch 18 para 10(1): see the text and notes 26-28 *supra*.

39 No such application may be made after the end of the period of seven days beginning with the day on which the application under *ibid* Sch 18 para 10(1) is made: Sch 18 para 16(4).

40 *Ibid* Sch 18 para 16(1), (2). Without prejudice to the generality of Sch 18 para 16(2), the power under that provision includes, in particular, power to make provision for the system operator to have access to, or otherwise to enjoy the benefit of, any of the property or rights concerned for such period, and on such terms, as the tribunal thinks fit: Sch 18 para 16(3). In exercising its powers under Sch 18 para 16 or Sch 18 para 17 (see heads (A)-(B) in the text), the tribunal must have regard, in particular, to what is necessary or expedient for implementation purposes: Sch 18 para 18. Schedule 18 paras 16, 17 are without prejudice to any powers of the tribunal to make orders on an interim basis under rules under the Enterprise Act 2002 s 15 (see COMPETITION vol 18 (2009) PARA 16): Energy Act 2004 Sch 18 para 19.

41 No such application may be made after the end of the period of seven days beginning with the day on which the application under *ibid* Sch 18 para 10(1) is made: Sch 18 para 17(4).

42 *Ibid* Sch 18 para 17(1), (2). Without prejudice to the generality of Sch 18 para 17(2), the power under that provision includes, in particular, power (1) to make provision postponing or suspending the operation of any provision of the scheme for such period, and on such terms, as the tribunal thinks fit; (2) to make provision for the system operator to have access to, or otherwise to enjoy the benefit of, any of the property or rights concerned for such period, and on such terms, as the tribunal thinks fit: Sch 18 para 17(3). As to the exercise of powers under Sch 17 see also note 40 *supra*.

43 *Ibid* Sch 18 para 20(1). Schedule 18 para 20(1), (3) applies to an order on an interim basis made under rules under the Enterprise Act 2002 s 15 in connection with an application under Sch 18 para 10(1) as it applies to an order under Sch 18 para 16 or 17: Sch 18 para 20(4).

44 *Ibid* Sch 18 para 20(3). See also note 43 *supra*.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(4) REGULATION OF ELECTRICITY SUPPLY ETC/(iii) Modification of Licences/1074. Modification of particular licences by agreement.

(iii) Modification of Licences

1074. Modification of particular licences by agreement.

Subject to the following provisions, the Gas and Electricity Markets Authority ('GEMA')¹ may modify² the conditions of a particular licence³. It may not, however, make any modifications under these provisions unless the licence holder⁴ has consented to the modifications and, in the case of standard conditions⁵ of the licence, the Authority is of the opinion that the modifications:

- 2225 (1) are requisite to meet the circumstances of the particular case; and
- 2226 (2) are such that:
- 195
- 290. (a) the licence holder would not be unduly disadvantaged in competing with other holders of licences of that type; and
- 291. (b) no other holder of a licence of the same type would be unduly disadvantaged in competing with other holders of such licences, including the holder of the licence being modified⁶.
- 196

Before so making modifications, the Authority must give notice⁷:

- 2227 (i) stating that it proposes to make the modifications and setting out their effect;
- 2228 (ii) stating the reasons why it proposes to make the modifications; and
- 2229 (iii) specifying the period, not being less than 28 days from the date of publication of the notice, within which representations or objections with respect to the proposed modifications may be made,

and must consider any representations or objections which are duly made and not withdrawn⁸. Such a notice must be given:

- 2230 (A) by publishing the notice in such manner as the Authority considers appropriate for the purpose of bringing the notice to the attention of persons likely to be affected by the making of the modifications; and
- 2231 (B) by serving a copy⁹ of the notice on the holder of the licence¹⁰.

The Authority must also send a copy of such a notice to the Secretary of State¹¹; and if, within the period specified in the notice, the Secretary of State directs¹² the Authority not to make any modifications, the Authority must comply with the direction¹³.

The modification under these provisions of part of a standard condition of a licence does not prevent any other part of the condition from continuing to be regarded as a standard condition for the statutory¹⁴ purposes¹⁵.

- 1 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

- 10 Electricity Act 1989 s 11(3) (as amended: see note 8 supra).
- 11 As to the Secretary of State see PARA 601 note 1 ante.
- 12 As to directions generally see the Electricity Act 1989 s 107; and PARA 1306 post.
- 13 Ibid s 11(4) (as amended: see note 8 supra).
- 14 Ie for the purposes of ibid Pt I (ss 3A-64) (as amended): see PARA 1041 et seq ante, PARA 1075 et seq post.
- 15 Ibid s 11(5) (added by the Utilities Act 2000 s 34(2)).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(4) REGULATION OF ELECTRICITY SUPPLY ETC/(iii) Modification of Licences/1075. Modification of standard conditions of licences.

1075. Modification of standard conditions of licences.

Subject to the following provisions, the Gas and Electricity Markets Authority ('GEMA')¹ may modify² the standard conditions³ of any type⁴ of licences⁵. Where at any time the Authority modifies the standard conditions of licences of any type under these provisions, the Authority may make such incidental or consequential modifications as it considers necessary or expedient of any conditions of any licence of that type⁶.

Before making any such modifications, the Authority must give notice⁷:

- 2232 (1) stating that it proposes to make the modifications and setting out their effect;
- 2233 (2) stating the reasons why it proposes to make the modifications; and
- 2234 (3) specifying the time, not being less than 28 days from the date of publication of the notice, within which representations or objections with respect to the proposed modifications may be made,

and must consider any representations or objections which are duly made and not withdrawn⁸. Such a notice must be given by publishing the notice in such manner as the Authority considers appropriate for the purpose of bringing the notice to the attention of persons likely to be affected by the making of the modifications and by sending a copy of the notice⁹ to each relevant licence holder¹⁰, to the Secretary of State¹¹ and to the Gas and Electricity Consumer Council¹². If, within the time specified in the notice, the Secretary of State directs¹³ the Authority not to make any modification, the Authority must comply with the direction¹⁴.

The Authority may not so make any modifications of the standard conditions of licences of any type unless:

- 2235 (a) no notice of objection to those modifications is given to the Authority within the time specified in the notice described in heads (1) to (3) above by any relevant licence holder¹⁵;
 - 2236 (b) if one or more relevant licence holders gives or give notice of objection to the Authority within that time:
- 197
- 292. (i) the proportion, expressed as a percentage, of the relevant licence holders who have given notice of objection is less than such percentage as may be prescribed¹⁶; and
 - 293. (ii) the specified percentage, that is the proportion, expressed as a percentage, of the relevant licence holders who have given notice of objection, weighted according to their market share in such manner as may be prescribed¹⁷, is less than such percentage as may be prescribed¹⁸; or
- 198
- 2237 (c) heads (i) to (iii) below apply to the case¹⁹; and those heads so apply where the Authority is satisfied that:
- 199

294. (i) the effect of the standard conditions is such as to impose a burden affecting relevant licence holders in the carrying on of activities to which the modifications relate;
295. (ii) the modifications would remove or reduce the burden without removing any necessary protection; and
296. (iii) the modifications are such that no holder of a licence of the type in question would be unduly disadvantaged in competing with other holders of such licences²⁰.
- 200

Where the Authority modifies the standard conditions of licences of any type:

- 2238 (A) the Authority must also make, as nearly as may be, the same modifications of those conditions for the purposes of their incorporation in licences of that type granted after that time; and
- 2239 (B) the Authority must publish the modifications in such manner as it considers appropriate²¹.

The Secretary of State has modified²² the standard conditions of electricity supply licences²³ in order to bring them into conformity with the European Directive²⁴ requiring member states to ensure that electricity suppliers specify, in or with bills and in promotional materials made available to final customers, certain information regarding the contribution of each energy source to the overall fuel mix of the supplier over the preceding year²⁵.

1 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

2 For the meaning of 'modify' see PARA 1035 note 3 ante.

3 As to the standard conditions of licences see PARA 1069 ante; and as to their modification in the case of particular licences see PARA 1074 ante.

4 I.e. of any licences of any type mentioned in the Electricity Act 1989 s 6(1) (as substituted and amended): see PARA 1065 ante at heads (1)-(5) in the text.

5 Ibid s 11A(1) (s 11A added by the Utilities Act 2000 s 35).

6 Electricity Act 1989 s 11A(2) (as added: see note 5 supra).

7 For the meaning of 'notice' see PARA 1047 note 11 ante.

8 Electricity Act 1989 s 11A(3) (as added: see note 5 supra).

9 As to the service of notices and documents see PARA 1307 post.

10 For these purposes, 'relevant licence holder', in relation to proposed modifications of standard conditions of licences of any type, means the holder of a licence of that type (1) which is to be modified under the proposals by the inclusion of any new standard condition; or (2) which includes any standard conditions to which the proposals relate, other than standard conditions which are not in effect at the time specified in the notice under the Electricity Act 1989 s 11A(3) (as added) (see the text and notes 7-8 supra): s 11A(10) (as added (see note 5 supra); definition amended by the Energy Act 2004 s 197(8), (9), Sch 23 Pt 1).

11 As to the Secretary of State see PARA 601 note 1 ante.

12 Electricity Act 1989 s 11A(4) (as added: see note 5 supra). As to the establishment of the Gas and Electricity Consumer Council see PARA 716 ante; and as to the prospective abolition of the Council and the transfer of its functions to the new National Consumer Council to be established under the Consumers, Estate Agents and Redress Act 2007 see PARA 716 the text and notes 12-13 ante.

13 As to directions generally see the Electricity Act 1989 s 107; and PARA 1306 post.

14 Ibid s 11A(5) (as added: see note 5 supra).

15 Ibid s 11A(6)(a) (as added: see note 5 supra).

16 Ibid s 11A(6)(b)(i) (as added: see note 5 supra). For these purposes, 'prescribed' means prescribed in an order made by the Secretary of State: *ibid* s 11A(10) (as added: see note 5 supra). A statutory instrument containing such an order may not be made unless a draft of the instrument has been laid before, and approved by a resolution of, each House of Parliament: s 11A(11) (as so added). The prescribed percentage for these purposes is 20%: Electricity and Gas (Modification of Standard Conditions of Licences) Order 2003, SI 2003/1746, art 3(1).

17 Ie the percentage given by the Electricity Act 1989 s 11A(7) (as added: see note 5 supra). For the purposes of s 11A(7) (as added), 'weighted according to market share' means multiplied by a factor which is (1) in the case of electricity suppliers who are relevant licence holders and who have given notice of objection, the total number of metering points registered at the relevant time to those suppliers divided by the total number of metering points registered at the relevant time to electricity suppliers who are relevant licence holders; (2) in the case of electricity distributors who are relevant licence holders and who have given notice of objection, the total number of metering points registered to electricity suppliers which are at the relevant time on or connected to the distribution systems of those distributors divided by the total number of metering points registered to electricity suppliers which are at the relevant time on or connected to the distribution systems of electricity distributors who are relevant licence holders; (3) in the case of licensed generators who are relevant licence holders and who have given notice of objection, the sum of the average weekly registered capacity of those generators in each four week period in the 12 months (or such period for which the generator has been a licensed generator where this is less than 12 months) which ends at the relevant time divided by the sum of the average weekly registered capacity of all generators who are relevant licence holders in each four week period in the 12 months (or such period for which the generator has been a licensed generator where this is less than 12 months) which ends at the relevant time, as calculated (in each case) by the Authority on the basis of the information available to it: Electricity and Gas (Modification of Standard Conditions of Licences) Order 2003, SI 2003/1746, art 3(2). For these purposes: (a) a metering point is registered to an electricity supplier where that supplier is the supplier responsible for the provision of a supply through that metering point in accordance with the provisions of a supply licence granted by the Authority under the Electricity Act 1989 6(1)(d) (as substituted and amended) (see PARA 1065 ante at head (4) in the text); (b) 'the relevant time', in heads (1)-(2) supra, is 23.59 hours on the last day of the calendar month preceding the day on which the Authority gives a relevant notice, and in head (3) supra, is 23.59 hours on the Monday preceding the last day on which representations or objections may be made with respect to the proposals in a relevant notice; and (c) 'a relevant notice' is a notice given by the Authority pursuant to s 11A(3) (as added) which makes proposals in respect of conditions included or to be included in a licence of the type held by the relevant licence holder and in relation to which the Authority is making a calculation under these provisions: Electricity and Gas (Modification of Standard Conditions of Licences) Order 2003, SI 2003/1746, art 3(3)-(5). 'Licensed generator' means the holder of a licence under the Electricity Act 1989 s 6(1)(a) (as substituted) (see PARA 1065 ante at head (1) in the text); 'metering point' means any energised or de-energised entry or exit point to, from or on a transmission system of any holder of a transmission licence or distribution system of any electricity distributor where a meter or other metering equipment is used for the purpose of measuring electricity conveyed to or from that system; 'registered capacity' means the maximum amount of electricity which the licensed generator who operates a generating station has agreed with the operator of the distribution system or the transmission system to which the generating station is connected may be provided by it to that system (other than in exceptional circumstances) from time to time; and 'relevant licence holder' has the meaning given to it in s 11A(10) (as added and amended) (see note 10 supra): Electricity and Gas (Modification of Standard Conditions of Licences) Order 2003, SI 2003/1746, art 2.

18 Electricity Act 1989 s 11A(6)(b)(ii), (7) (as added: see note 5 supra). The prescribed percentage for these purposes is 20%: Electricity and Gas (Modification of Standard Conditions of Licences) Order 2003, SI 2003/1746, art 3(1).

19 Electricity Act 1989 s 11A(6)(c) (as added: see note 5 supra).

20 Ibid s 11A(8) (as added: see note 5 supra).

21 Ibid s 11A(9) (as added: see note 5 supra). As to publication by the Authority see PARA 1045 note 6 ante.

22 Ie as the designated minister under the European Communities Act 1972 s 2(2).

23 As to electricity supply licences see PARA 1065 ante at head (4) in the text.

24 Ie European Parliament and EC Council Directive 2003/54 (OJ L176, 15.7.2003, p 37) concerning common rules for the internal market in electricity, art 3.6.

25 See the Electricity (Fuel Mix Disclosure) Regulations 2005, SI 2005/391, reg 2, Schedule.

UPDATE

1075 Modification of standard conditions of licences

NOTE 24--Directive 2003/54 replaced: see PARA 653.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(4) REGULATION OF ELECTRICITY SUPPLY ETC/(iii) Modification of Licences/1076. Licence modifications relating to new electricity trading arrangements under the Utilities Act 2000.

1076. Licence modifications relating to new electricity trading arrangements under the Utilities Act 2000.

The Secretary of State¹ had transitional powers to modify²:

- 2240 (1) the conditions of a particular licence³; or
- 2241 (2) the standard conditions⁴ of any type of licences⁵,

where he considered it necessary or expedient to do so for the purpose of implementing, or facilitating the operation of, new arrangements relating to the trading of electricity⁶. That power included power:

- 2242 (a) to make modifications relating to the operation of transmission systems⁷ and distribution systems⁸; and
- 2243 (b) to make incidental or consequential, or transitional, modifications⁹.

Those powers were to be exercised within the period of two years beginning with 28 July 2000¹⁰. Before so making modifications the Secretary of State was to consult¹¹ the holder of any licence being modified and such other persons as he considered appropriate¹².

Any modification of part of a standard condition of a licence under head (1) above does not prevent any other part of the condition from continuing to be regarded as a standard condition for the statutory¹³ purposes¹⁴. Where the standard conditions of licences of any type were modified under head (2) above, the Secretary of State must make, as nearly as may be, the same modifications of the standard conditions for the purposes of their incorporation in licences of that type granted after that time¹⁵.

The Secretary of State must publish any modifications under these provisions in such manner as he considers appropriate¹⁶.

1 As to the Secretary of State see PARA 601 note 1 ante.

2 For the meaning of 'modify' see PARA 1035 note 3 ante.

3 For the meaning of 'licence' see PARA 1041 note 12 ante.

4 As to the standard conditions of licences see PARA 1069 ante; and as to their modification generally see PARA 1075 ante.

5 I.e. any licences of any type mentioned in the Electricity Act 1989 s 6(1) (as substituted and amended): see PARA 1065 ante at heads (1)-(5) in the text.

6 See *ibid* s 15A(1) (s 15A added by the Utilities Act 2000 s 68).

7 For the meaning of 'transmission system' see PARA 1041 note 6 ante.

8 For the meaning of 'distribution system' see PARA 1041 note 5 ante.

- 9 See the Electricity Act 1989 s 15A(2) (as added: see note 6 supra).
- 10 See *ibid* s 15A(8) (as added: see note 6 supra). 28 July 2000 is the date when the Utilities Act 2000 received Royal Assent.
- 11 Any consultation undertaken by the Secretary of State before 28 July 2000 (ie the commencement of the Electricity Act 1989 s 15A (as amended)) was as effective for those purposes as if undertaken after that date: see s 15A(4) (as added: see note 6 supra).
- 12 See *ibid* s 15A(3) (as added: see note 6 supra).
- 13 *Ie* for the purposes of *ibid* Pt I (ss 3A-64) (as amended): see *PARA 1041 et seq ante*, *PARA 1077 et seq post*.
- 14 *Ibid* s 15A(5) (as added: see note 6 supra).
- 15 *Ibid* s 15A(6) (as added: see note 6 supra).
- 16 *Ibid* s 15A(7) (as added: see note 6 supra).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(4) REGULATION OF ELECTRICITY SUPPLY ETC/(iii) Modification of Licences/1077. Modification of distribution and supply licences etc for the purpose of increasing the amount of electricity generated by microgeneration.

1077. Modification of distribution and supply licences etc for the purpose of increasing the amount of electricity generated by microgeneration.

During the period which began with 21 August 2007 and which ends with 21 August 2009¹, the Secretary of State² may exercise the following powers³. Where the Secretary of State considers it appropriate to do so for the purpose of increasing the amount of the electricity consumed in Great Britain⁴ that is generated by microgeneration⁵, he may make:

- 2244 (1) relevant modifications of the conditions of a distribution licence⁶ or a supply licence⁷ held by a particular person;
- 2245 (2) relevant modifications of the standard conditions⁸ of distribution licences or supply licences⁹;

and for these purposes, 'relevant modifications' means:

- 2246 (a) in relation to a distribution licence, modifications:
 - 201 297. (i) imposing conditions requiring the holder of such a licence to provide information to holders of supply licences about the connection to the distribution system, or use, of microgeneration plant¹⁰; or
 - 298. (ii) for the purposes of enabling or facilitating holders of supply licences to satisfy any conditions of such licences of a description mentioned in head (b) below; and
 - 202
- 2247 (b) in relation to a supply licence, modifications imposing conditions requiring the holder of such a licence to offer to acquire electricity generated by microgeneration by the licence holder's customers;

and also includes incidental, consequential or transitional modifications¹¹.

Before making any modification of a distribution licence or a supply licence under these powers, the Secretary of State must consult the holder of any licence being modified and such other persons as he considers appropriate¹²; and he must publish every modification so made by him¹³ in such manner as he considers appropriate¹⁴. A modification under head (1) above of part of a standard condition of a distribution licence or supply licence does not prevent any other part of the condition from continuing to be regarded as a standard condition for the statutory¹⁵ purposes¹⁶.

Where the Secretary of State makes modifications under head (2) above of the standard conditions of distribution licences or supply licences, the Gas and Electricity Markets Authority ('GEMA')¹⁷ must make, as nearly as may be, the same modifications of those standard conditions for the purposes of their incorporation in distribution licences or, as the case may be, supply licences granted after that time¹⁸. Where GEMA so makes modifications of standard conditions, it must publish the modifications in such manner as it considers appropriate¹⁹.

Conditions included in a distribution licence or supply licence by virtue of a power conferred by the above provisions need not relate to the activities authorised by the licence²⁰. They may do any of the things authorised in relation to licences of that kind by the specified provisions²¹ of the Electricity Act 1989²².

- 1 le during the period which begins with the first anniversary of the commencement of the Climate Change and Sustainable Energy Act 2006 s 7 and ends with the third anniversary of that commencement: see ss 8(5), 28(1).
- 2 As to the Secretary of State see PARA 601 note 1 ante.
- 3 Climate Change and Sustainable Energy Act 2006 s 8(5). The Electricity Act 1989 ss 3A-3D (as added and amended) (see PARAS 1041-1043 ante) apply to the carrying out of functions so conferred on the Secretary of State as they apply in relation to the carrying out of functions conferred on him by or under Pt I (ss 3A-64) (as amended) (see PARA 1041 et seq ante, PARA 1081 et seq post): Climate Change and Sustainable Energy Act 2006 s 8(6).
- 4 For the meaning of 'Great Britain' see PARA 602 note 7 ante.
- 5 For the meaning of 'microgeneration' see PARA 619 note 2 ante.
- 6 For these purposes, 'distribution licence' has the meaning given by the Electricity Act 1989 s 6(1)(c) (as substituted and amended) (see PARA 1065 ante at head (3) in the text): Climate Change and Sustainable Energy Act 2006 s 7(6).
- 7 For these purposes, 'supply licence' has the meaning given by the Electricity Act 1989 s 6(1)(d) (as substituted and amended) (see PARA 1065 ante at head (4) in the text): Climate Change and Sustainable Energy Act 2006 s 7(6).
- 8 As to the standard conditions of licences see PARA 1069 ante; and as to their modification generally see PARA 1075 ante.
- 9 Climate Change and Sustainable Energy Act 2006 s 7(1); and see note 3 supra.
- 10 For these purposes, 'microgeneration plant' means plant used, or intended for use, for generating electricity by microgeneration, where 'plant' includes any equipment, apparatus or appliance: *ibid* s 7(6).
- 11 *Ibid* s 7(2).
- 12 *Ibid* s 8(1).
- 13 *Ibid* s 8(2).
- 14 *Ibid* s 8(3).
- 15 le for the purposes of the Electricity Act 1989 Pt I (as amended): see PARA 1041 et seq ante, PARA 1081 et seq post.
- 16 Climate Change and Sustainable Energy Act 2006 s 7(3).
- 17 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.
- 18 Climate Change and Sustainable Energy Act 2006 s 7(4). The Electricity Act 1989 ss 3A-3D (as added and amended) (see PARAS 1041-1043 ante) apply to the carrying out of functions so conferred on GEMA as they apply in relation to the carrying out of functions conferred on it by or under Pt I (as amended) (see PARA 1041 et seq ante, PARA 1081 et seq post): Climate Change and Sustainable Energy Act 2006 s 8(6).
- 19 *Ibid* s 8(4).
- 20 *Ibid* s 7(5).
- 21 le authorised by the Electricity Act 1989 s 7(2)-(4) (as amended): see PARA 1068 ante.
- 22 Climate Change and Sustainable Energy Act 2006 s 7(5).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(4) REGULATION OF ELECTRICITY SUPPLY ETC/(iii) Modification of Licences/1078. Modification of licence conditions for offshore transmission and distribution.

1078. Modification of licence conditions for offshore transmission and distribution.

As from a day to be appointed¹, the following provisions have effect. If the Secretary of State² considers it appropriate to do so for purposes connected with offshore transmission³ or offshore distribution⁴, he may:

- 2248 (1) modify⁵ the standard conditions⁶ of transmission licences⁷ or distribution licences⁸;
- 2249 (2) modify, for purposes that in relation to modifications made under head (1) above are incidental, consequential or transitional purposes, the conditions of a particular transmission licence or a particular distribution licence;
- 2250 (3) modify a code maintained in accordance with the conditions of a transmission licence or a distribution licence; and
- 2251 (4) modify an agreement that gives effect to a code so maintained⁹.

These powers are only to be exercisable during the 18 months beginning with the date on which these provisions are brought into force¹⁰.

Before so making a modification, the Secretary of State must consult¹¹ the holder of any licence being modified and such other persons as he considers appropriate¹².

The Secretary of State must publish every modification so made by him¹³ in such manner as he considers appropriate¹⁴.

Where the Secretary of State makes modifications under head (1) above of the standard conditions of licences of any type, the Gas and Electricity Markets Authority ('GEMA')¹⁵ must:

- 2252 (a) make, as nearly as may be, the same modifications of those standard conditions for the purposes of their incorporation in licences of that type granted after that time; and
- 2253 (b) publish the modifications in such manner as it considers appropriate¹⁶.

A modification under head (2) above of part of a standard condition of a licence does not prevent any other part of the condition from continuing to be regarded as a standard condition for the statutory¹⁷ purposes¹⁸.

¹ ie as from a day to be appointed under the Energy Act 2004 s 198(2). At the date at which this title states the law, no such day had been appointed and the provisions set out in this paragraph were not in force.

² As to the Secretary of State see PARA 601 note 1 ante.

³ For these purposes, 'offshore transmission' means transmission within an area of offshore waters of electricity generated by a generating station in such an area; and 'offshore waters' means (1) waters in or adjacent to Great Britain which are between the mean low water mark and the seaward limits of the territorial sea; and (2) waters within an area designated under the Continental Shelf Act 1964 s 1(7) (as amended) (see PARA 1636 post; and INTERNATIONAL RELATIONS LAW vol 61 (2010) PARA 172); Energy Act 2004 s 90(9) (not in force: see note 1 supra). As to the territorial sea of the United Kingdom see WATER AND WATERWAYS vol 100 (2009) PARA

31 note 3. For the meanings of 'transmission' and 'generating station' see PARA 1041 note 6 ante (definitions applied by s 90(10) (not in force)).

4 For these purposes, 'offshore distribution' means distribution within an area of offshore waters of electricity generated by a generating station in such an area: *ibid* s 90(9) (not in force: see note 1 *supra*). For the meaning of 'distribution' see PARA 1041 note 5 ante (definition applied by s 90(10) (not in force)).

5 For the meaning of 'modify' see PARA 1035 note 3 ante (definition applied by s 90(10) (not in force)).

6 As to the standard conditions of licences see PARA 1069 ante; and as to their modification generally see PARA 1075 ante.

7 For the meaning of 'transmission licence' see PARA 1065 ante at head (2) in the text.

8 For the meaning of 'distribution licence' see PARA 1065 ante at head (3) in the text.

9 Energy Act 2004 s 90(1) (not in force: see note 1 *supra*).

10 *Ibid* s 90(8) (not in force: see note 1 *supra*). As to the exercise of these powers see also s 191, cited in PARA 764 note 6 ante.

11 This requirement may be satisfied by consultation that took place wholly or partly before the commencement of *ibid* s 90: s 90(3) (not in force: see note 1 *supra*).

12 *Ibid* s 90(2) (not in force: see note 1 *supra*).

13 *Ibid* s 90(4) (not in force: see note 1 *supra*).

14 *Ibid* s 90(5) (not in force: see note 1 *supra*).

15 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 *et seq* ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

16 Energy Act 2004 s 90(6) (not in force: see note 1 *supra*).

17 *Ie* for the purposes of the Electricity Act 1989 Pt I (ss 3A-64) (as amended): see PARA 1041 *et seq* ante, PARA 1081 *et seq* post.

18 Energy Act 2004 s 90(7) (not in force: see note 1 *supra*).

UPDATE

1078 Modification of licence conditions for offshore transmission and distribution

NOTE 1--Appointed day is 19 June 2009: SI 2009/1269.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(4) REGULATION OF ELECTRICITY SUPPLY ETC/(iii) Modification of Licences/1079. Extension of transmission licences offshore.

1079. Extension of transmission licences offshore.

As from a day to be appointed¹, the following provisions have effect. Where, on that day, a transmission licence² is in force that authorises a person to co-ordinate and direct the flow of electricity onto and over a transmission system³ by means of which electricity is transmitted within Great Britain⁴, or within an area of Great Britain (the 'co-ordination licence'), the Secretary of State⁵ may make such modifications⁶ of the co-ordination licence as he considers appropriate for the purpose of applying the authorisation and conditions of the licence in relation to the transmission of electricity within one or both of the following:

- 2254 (1) an area of the territorial sea adjacent to Great Britain⁷; and
- 2255 (2) an area designated under the specified provision⁸ of the Continental Shelf Act 1964⁹.

The modifications that may be so made by the Secretary of State include such modifications of the co-ordination licence, including modifications of the conditions included in it, as he considers appropriate for incidental, consequential or transitional purposes¹⁰. Where he considers it appropriate to do so for purposes that, in relation to modifications so made, are incidental or consequential purposes, he may also make:

- 2256 (a) modifications of the conditions of a particular licence¹¹, other than the co-ordination licence;
- 2257 (b) modifications of the standard conditions¹² of licences of any type¹³.

These powers are only to be exercisable during the 18 months beginning with the date on which these provisions are brought into force¹⁴.

Before making a modification under these provisions, the Secretary of State must consult¹⁵ the holder of any licence being modified and such other persons as he considers appropriate¹⁶.

The Secretary of State must publish every modification so made by him¹⁷ in such manner as he considers appropriate¹⁸.

A modification of part of a standard condition of the co-ordination licence¹⁹ or of part of a standard condition of a particular licence²⁰ under these provisions does not prevent any other part of the condition from continuing to be regarded as a standard condition for the statutory²¹ purposes²².

Where the Secretary of State makes modifications under head (b) above of the standard conditions of licences of any type, the Gas and Electricity Markets Authority ('GEMA')²³ must:

- 2258 (i) make, as nearly as may be, the same modifications of those standard conditions for the purposes of their incorporation in licences of that type granted after that time; and
- 2259 (ii) publish the modifications in such manner as it considers appropriate²⁴.

- 1 le as from a day to be appointed under the Energy Act 2004 s 198(2). At the date at which this title states the law, no such day had been appointed and the provisions set out in this paragraph were not in force.
- 2 For the meaning of 'transmission licence' see PARA 1065 ante at head (2) in the text.
- 3 For the meaning of 'transmission system' see PARA 1041 note 6 ante (definition applied by the Energy Act 2004 s 91(12) (not in force: see note 1 supra)).
- 4 For the meaning of 'Great Britain' see PARA 602 note 7 ante.
- 5 As to the Secretary of State see PARA 601 note 1 ante.
- 6 For the meaning of 'modification' see PARA 1035 note 3 ante (definition as applied: see note 3 supra).
- 7 As to the territorial sea of the United Kingdom see WATER AND WATERWAYS vol 100 (2009) PARA 31 note 3.
- 8 le designated under the Continental Shelf Act 1964 s 1(7) (as amended): see PARA 1636 post; and INTERNATIONAL RELATIONS LAW vol 61 (2010) PARA 172.
- 9 Energy Act 2004 s 91(1), (2) (not in force: see note 1 supra). As to the exercise of these powers see also s 191, cited in PARA 764 note 6 ante.
- 10 Ibid s 91(3) (not in force: see note 1 supra).
- 11 For the meaning of 'licence' see PARA 1041 note 12 ante (definition as applied: see note 3 supra).
- 12 As to the standard conditions of licences see PARA 1069 ante; and as to their modification generally see PARA 1075 ante.
- 13 Energy Act 2004 s 91(4) (not in force: see note 1 supra).
- 14 Ibid s 91(11) (not in force: see note 1 supra).
- 15 This requirement may be satisfied by consultation that took place wholly or partly before the commencement of these provisions: ibid s 91(6) (not in force: see note 1 supra).
- 16 Ibid s 91(5) (not in force: see note 1 supra).
- 17 Ibid s 91(7) (not in force: see note 1 supra).
- 18 Ibid s 91(8) (not in force: see note 1 supra).
- 19 le a modification under ibid s 91(2): see the text and notes 5-9 supra.
- 20 le a modification under ibid s 91(4)(a): see head (a) in the text.

- 22 Energy Act 2004 s 91(9) (not in force: see note 1 supra).
- 23 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.
- 24 Energy Act 2004 s 91(10) (not in force: see note 1 supra).

UPDATE

1079 Extension of transmission licences offshore

NOTE 1--Appointed day is 19 June 2009: SI 2009/1269.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(4) REGULATION OF ELECTRICITY SUPPLY ETC/(iii) Modification of Licences/1080. Modification of licence conditions for purpose of implementing new trading and transmission arrangements under the Energy Act 2004.

1080. Modification of licence conditions for purpose of implementing new trading and transmission arrangements under the Energy Act 2004.

The Energy Act 2004 conferred transitional powers on the Secretary of State¹, if he considered it necessary or expedient to do so for the purpose of implementing the new trading and transmission arrangements², whether wholly or partly, to modify³:

- 2260 (1) the conditions of a particular licence⁴; or
- 2261 (2) the standard conditions⁵ of any of the following types of licence, namely generation⁶, transmission⁷, distribution⁸ or supply⁹ licences¹⁰.

This power included:

- 2262 (a) power to make modifications relating to the operation of distribution systems¹¹; and
- 2263 (b) power to make incidental, consequential or transitional modifications¹².

Those powers were to be exercised within 18 months of 24 August 2004¹³.

Before making such modifications, the Secretary of State was required to consult¹⁴ the holder of any licence being modified and such other persons as he considered appropriate¹⁵.

The Secretary of State must publish any such modifications in such manner as he considers appropriate¹⁶. Any modification under head (1) above of part of a standard condition of a licence does not prevent any other part of the condition from continuing to be regarded as a standard condition for the statutory¹⁷ purposes¹⁸.

Where the Secretary of State has modified the standard conditions of licences of any type under head (2) above, the Gas and Electricity Markets Authority ('GEMA')¹⁹ must:

- 2264 (i) make, as nearly as may be, the same modifications of those standard conditions for the purposes of their incorporation in licences of that type granted after that time; and
- 2265 (ii) publish the modifications in such manner as it considers appropriate²⁰.

1 As to the Secretary of State see PARA 601 note 1 ante.

2 For the meaning of 'new trading and transmission arrangements' see PARA 1071 ante.

3 For the meaning of 'modify' see PARA 1035 note 3 ante.

4 ie a particular licence under the Electricity Act 1989 s 6 (as substituted and amended): see PARA 1065 ante.

5 As to the standard conditions of licences see PARA 1069 ante; and as to their modification generally see PARA 1075 ante.

6 For the meaning of 'generation licence' see PARA 1065 ante at head (1) in the text.

- 7 For the meaning of 'transmission licence' see PARA 1065 ante at head (2) in the text.
- 8 For the meaning of 'distribution licence' see PARA 1065 ante at head (3) in the text.
- 9 For the meaning of 'supply licence' see PARA 1065 ante at head (4) in the text.
- 10 See the Energy Act 2004 s 134(1). As to the exercise of these powers see also s 191, cited in PARA 764 note 6 ante.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(4) REGULATION OF ELECTRICITY SUPPLY ETC/(iii) Modification of Licences/1081. Modification references to the Competition Commission.

1081. Modification references to the Competition Commission.

The Gas and Electricity Markets Authority ('GEMA')¹ may make to the Competition Commission² a reference which is so framed as to require the Commission to investigate and report on the questions:

- 2266 (1) whether any matters which relate to the carrying on of activities authorised or regulated by a particular licence³ and which are specified in the reference operate, or may be expected to operate, against the public interest⁴; and
- 2267 (2) if so, whether the effects adverse to the public interest which those matters have or may be expected to have could be remedied or prevented by modifications⁵ of the conditions of the licence⁶.

The Authority may also make to the Commission a reference which is so framed as to require the Commission to investigate and report on the questions:

- 2268 (a) whether any matters which relate to the carrying on of activities authorised or regulated by licences of any of the following types, that is generation⁷, transmission⁸, distribution⁹, supply¹⁰ or interconnector licences¹¹, and which are specified in the reference operate, or may be expected to operate, against the public interest; and
- 2269 (b) if so, whether the effects adverse to the public interest which those matters have or may be expected to have could be remedied or prevented by modifications of the standard conditions¹² of licences of that type¹³.

The Authority may, at any time, by notice¹⁴ given to the Commission vary a reference under these provisions by adding to the matters specified in the reference or by excluding from the reference some of the matters so specified; and on receipt of any such notice the Commission must give effect to the variation¹⁵.

The Authority may specify in such a reference, or a variation of such a reference, for the purpose of assisting the Commission in carrying out the investigation on the reference:

- 2270 (i) any effects adverse to the public interest which, in its opinion, the matters specified in the reference or variation have or may be expected to have; and
- 2271 (ii) any modifications of the relevant conditions¹⁶ by which, in its opinion, those effects could be remedied or prevented¹⁷.

Every such reference must specify a period, not longer than six months beginning with the date of the reference, within which a report on the reference is to be made¹⁸.

As soon as practicable after making a reference under these provisions, or a variation of such a reference, the Authority:

- 2272 (A) must serve a copy¹⁹ of the reference or variation on the holder of the licence or, as the case may be, the relevant licence holders²⁰, and on the Gas and Electricity Consumer Council²¹; and
- 2273 (B) must publish particulars of the reference or variation in such manner as it considers appropriate for the purpose of bringing the reference or variation to the attention of persons likely to be affected by it²².

The Authority must also send a copy of a reference under heads (a) and (b) above, or a variation of such a reference, to the Secretary of State²³; and if, before the end of the period of 28 days beginning with the day on which the Secretary of State receives the copy of the reference or variation, the Secretary of State directs²⁴ the Commission not to proceed with the reference or, as the case may require, not to give effect to the variation, the Commission must comply with the direction²⁵.

1 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

2 As to the Competition Commission see COMPETITION vol 18 (2009) PARAS 9-12; and as to the appointment of specialist members of the Commission to exercise functions relating to modification references under the Electricity Act 1989 s 12 (as amended) (see the text and notes 3-23 infra; and PARA 1082 post), s 14A (as added and amended) (power to veto modification following report: see PARA 1085 post) or s 56C (as added and amended) (references regarding licensable activities: see PARA 1089 post) see the Utilities Act 2000 s 104 (as amended); and PARA 766 ante.

3 For the meaning of 'licence' see PARA 1041 note 12 ante.

4 As to the matters to which the Commission is to have regard in determining whether any matter operates, or may be expected to operate, against the public interest see the Electricity Act 1989 s 24(7) (as amended); and PARA 1082 post.

5 For the meaning of 'modification' see PARA 1035 note 3 ante.

6 Electricity Act 1989 s 12(1) (s 12(1) substituted, and s 12(1A) added, by the Utilities Act 2000 s 36(1), (2)).

7 For the meaning of 'generation licence' see PARA 1065 ante at head (1) in the text.

8 For the meaning of 'transmission licence' see PARA 1065 ante at head (2) in the text.

9 For the meaning of 'distribution licence' see PARA 1065 ante at head (3) in the text.

10 For the meaning of 'supply licence' see PARA 1065 ante at head (4) in the text.

11 For the meaning of 'interconnector licence' see PARA 1065 ante at head (5) in the text.

12 As to the standard conditions of licences see PARA 1069 ante; as to their modification generally see PARA 1075 ante; and as to the transitional power conferred on the Secretary of State to modify certain standard conditions in order to fund modification references see the Energy Act 2004 s 177; and PARA 742 ante.

13 Electricity Act 1989 s 12(1A) (as added: see note 6 supra).

14 For the meaning of 'notice' see PARA 1047 note 11 ante.

15 Electricity Act 1989 s 12(2) (amended by the Utilities Act 2000 s 108, Sch 8; and by virtue of s 3(2); the Electricity Act 1989 s 12(2), (3), (5)-(7) also amended by the Competition Act 1998 (Competition Commission) Transitional, Consequential and Supplemental Provisions Order 1999, SI 1999/506, art 24(b)).

16 For these purposes, and the purposes of the Electricity Act 1989 s 12A (as added: see PARA 1082 post), s 13 (as amended) (see PARA 1083 post), s 14 (as amended) (see PARA 1084 post) and s 14A (as added and amended: see PARA 1084 post), 'relevant conditions': (1) in relation to a reference under s 12(1) (as substituted) (see heads (1)-(2) in the text), means the conditions of the licence to which the reference relates; and (2) in relation to a reference under s 12(1A) (as added) (see heads (a)-(b) in the text), means the standard conditions of the licences to which the reference relates: s 12(6A) (added by the Utilities Act 2000 s 36(1), (7); amended by the Enterprise Act 2002 s 278(1), Sch 25 para 20(1), (3)(a)).

17 Electricity Act 1989 s 12(3) (as amended (see note 15 supra); also amended by the Utilities Act 2000 s 36(1), (3); and by virtue of s 3(2)).

24 As to directions generally see the Electricity Act 1989 s 107; and PARA 1306 post.

25 Ibid s 12(5) (as amended (see note 15 supra); also amended by the Utilities Act 2000 s 36(1), (5); and by virtue of s 3(2)).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(4) REGULATION OF ELECTRICITY SUPPLY ETC/(iii) Modification of Licences/1082. Procedure on modification references.

1082. Procedure on modification references.

It is the duty of the Gas and Electricity Markets Authority ('GEMA')¹, for the purpose of assisting the Competition Commission² in carrying out an investigation on a modification reference³ or in carrying out functions in the exercise of its power to veto modifications⁴, to give to the Commission:

- 2274 (1) any information⁵ in its possession which relates to matters falling within the scope of the investigation or the carrying out of those functions and which is either requested by the Commission for that purpose or is information which, in the Authority's opinion, it would be appropriate for that purpose to give to the Commission without any such request; and
- 2275 (2) any other assistance which the Commission may require, and which it is within the Authority's power to give, in relation to any such matters⁶.

The Commission, for the purpose of carrying out any such investigation or such functions, must take account of any information given to it for that purpose under the above provisions⁷.

In determining for the purposes of a modification reference whether any particular matter operates, or may be expected to operate, against the public interest, the Commission must have regard to the matters as respects which general duties are imposed⁸ on the Secretary of State⁹ and the Authority¹⁰.

The provisions of Part 3 of the Enterprise Act 2002¹¹ which set out the Commission's powers of investigation relating to:

- 2276 (a) the attendance of witnesses and the production of documents etc¹²;
- 2277 (b) general enforcement of the powers under head (a) above¹³;
- 2278 (c) penalties¹⁴;
- 2279 (d) the main procedural requirements with regard to penalties¹⁵;
- 2280 (e) payments and interest by instalments¹⁶;
- 2281 (f) appeals in relation to penalties¹⁷;
- 2282 (g) the recovery of penalties¹⁸; and
- 2283 (h) statement of policy in relation to the enforcement of notices under the provisions mentioned in head (a) above¹⁹,

apply, with specified modifications²⁰, for the purposes of modification references as they apply for the purposes of references under that Part of the 2002 Act²¹.

Provisions of Part 3 of the 2002 Act which have effect for the purposes of the provisions referred to in heads (a) to (h) above, including, in particular, provisions relating to offences and the making of orders, have effect for the purposes of the application of those provisions as mentioned above, in relation to those provisions as so applied²²; and accordingly, corresponding provisions of the Electricity Act 1989 do not have effect in relation to those provisions as so applied²³.

A report of the Commission on a modification reference²⁴ does not have effect, and no action is to be taken by the Authority to make modifications in relation to it²⁵, unless the report is made before the end of the period specified in the reference²⁶ or such further period, if any, as may be allowed²⁷ by the Authority²⁸. The Authority may, if it has received representations on the subject from the Commission and is satisfied that there are special reasons why the report cannot be made within the period specified in the reference, extend that period by no more than six months²⁹. No more than one such extension is possible in relation to the same reference³⁰. The Authority must, in the case of an extension so made by it, publish that extension in such manner as it considers appropriate for the purpose of bringing it to the attention of persons likely to be affected by it, and send a copy of what has been so published by it to the holder of the licence³¹ or, as the case may be, the relevant licence holders³².

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(4) REGULATION OF ELECTRICITY SUPPLY ETC/(iii) Modification of Licences/1083. Reports on modification references.

1083. Reports on modification references.

The report by the Competition Commission¹ on a modification reference² must be made to the Gas and Electricity Markets Authority ('GEMA')³. In making such a report the Commission:

- 2284 (1) must include in the report definite conclusions on the questions comprised in the reference together with such an account of the Commission's reasons for those conclusions as in its opinion is expedient for facilitating a proper understanding of those questions and of the Commission's conclusions⁴;
- 2285 (2) where it concludes that any of the matters specified in the reference operate, or may be expected to operate, against the public interest⁵, must specify in the report the effects adverse to the public interest which those matters have or may be expected to have⁶; and
- 2286 (3) where it concludes that any adverse effects so specified could be remedied or prevented by modifications of the relevant conditions⁷, must specify in the report modifications by which those effects could be remedied or prevented⁸.

For the purposes of subsequent action⁹, a conclusion contained in a report of the Commission is to be disregarded if the conclusion is not that of at least two-thirds of the members of the group constituted in accordance with the relevant statutory provision¹⁰ in connection with the reference concerned¹¹; and if a member of a group so constituted disagrees with any conclusions contained in such a report as the conclusions of the Commission, the report must, if the member so wishes, include a statement of his disagreement and of his reasons for disagreeing¹².

Absolute privilege attaches to any such report for the purposes of the law relating to defamation¹³. In making any such report, however, the Commission must have regard to the following considerations before disclosing any information¹⁴:

- 2287 (a) the need to exclude from disclosure, so far as practicable, any information whose disclosure the Commission thinks is contrary to the public interest¹⁵;
- 2288 (b) the need to exclude from disclosure, so far as practicable, either commercial information whose disclosure the Commission thinks might significantly harm the legitimate business interests of the undertaking to which it relates, or information relating to the private affairs of an individual whose disclosure the Commission thinks might significantly harm the individual's interests¹⁶;
- 2289 (c) the extent to which the disclosure of the information mentioned in head (b) above is necessary for the purposes of the report¹⁷.

The Authority must¹⁸:

- 2290 (i) on receiving a report on a reference with regard to a particular licence¹⁹, send a copy of it to the licence holder²⁰ and to the Secretary of State²¹ and, not less than 14 days after that copy is received by the Secretary of State, send another copy to the Gas and Electricity Consumer Council²² and publish that other copy in

such manner as the Authority considers appropriate for bringing the report to the attention of persons likely to be affected by it²³;

2291 (ii) on receiving a report on a reference with regard to matters relating to the carrying on of activities authorised or regulated by electricity licences²⁴, send a copy of it to the Secretary of State and, not less than 14 days after that copy is received by the Secretary of State:

203

299. (A) send another copy to the Council and to each relevant licence holder²⁵; and

300. (B) not less than 24 hours after complying with head (A) above, publish the copy sent to the Council in such manner as the Authority considers appropriate for bringing the report to the attention of persons likely to be affected by it²⁶.

204

If, however, it appears to the Secretary of State that the publication of any matter in such a report would be against the public interest or the commercial interests of any person, he may, before the end of the period of 14 days mentioned in head (i) or head (ii) above, direct²⁷ the Authority to exclude that matter from the copy of the report, or (as the case may be) each copy of the report, to be sent to the Council, or to the Council and the relevant licence holders, and published as there mentioned²⁸.

1 As to the Competition Commission see COMPETITION vol 18 (2009) PARAS 9-12; and as to the appointment of specialist members of the Commission to exercise functions relating to modification references under the Electricity Act 1989 s 12 (as amended) (see PARAS 1081-1082 ante), s 14A (as added and amended) (power to veto modification following report: see PARA 1085 post) or s 56C (as added and amended) (references regarding licensable activities: see PARA 1089 post) see the Utilities Act 2000 s 104 (as amended); and PARA 766 ante.

PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(4) REGULATION OF ELECTRICITY SUPPLY ETC/(iii) Modification of Licences/1084. Modifications of licence following report.

1084. Modifications of licence following report.

Where a report of the Competition Commission¹ on a modification reference²:

- 2292 (1) includes conclusions to the effect that any of the matters specified in the reference operate or may be expected to operate against the public interest³;
- 2293 (2) specifies effects adverse to the public interest which those matters have or may be expected to have;
- 2294 (3) includes conclusions to the effect that those effects could be remedied or prevented by modifications of the relevant conditions⁴; and
- 2295 (4) specifies modifications by which those effects could be remedied or prevented,

the Gas and Electricity Markets Authority ('GEMA')⁵ must, subject to the following provisions, make such modifications of the relevant conditions as appear to it requisite for the purpose of remedying or preventing the adverse effects specified in the report⁶ and must, before making such modifications, have regard to the modifications specified in the report⁷.

Where at any time the Authority so modifies the standard conditions⁸ of licences of any type in consequence of a reference with regard to matters relating to the carrying on of activities authorised or regulated by such licences⁹, it may make such incidental or consequential modifications as it considers necessary or expedient of any conditions of such licences granted before that time¹⁰. It must also make, as nearly as may be, the same modifications of those conditions for the purposes of their incorporation in such licences granted after that time and must publish the modifications made for those purposes in such manner as it considers appropriate¹¹. Before making such modifications, the Authority must have regard to the modifications specified in the report¹².

Before making modifications under the above provisions, the Authority must give notice¹³:

- 2296 (a) stating that it proposes to make the modifications and setting out their effect;
- 2297 (b) stating the reasons why it proposes to make the modifications; and
- 2298 (c) specifying the time, not being less than 28 days from the date of publication of the notice, within which representations or objections with respect to the proposed modifications may be made,

and must consider any representations or objections which are duly made and not withdrawn¹⁴. Such a notice must be given:

- 2299 (i) by publishing the notice in such manner as the Authority considers appropriate for the purpose of bringing the matters to which the notice relates to the attention of persons likely to be affected by the making of the modifications; and
- 2300 (ii) by serving a copy¹⁵ of the notice on the holder of the licence or, as the case may be, the relevant licence holders¹⁶.

After considering any representations or objections made in response to proposals set out in such a notice, the Authority must give notice to the Commission setting out the modifications it proposes to make to remedy or prevent the adverse effects specified in the report and stating the reasons for making the modifications¹⁷; and the Authority must include with that notice a copy of any representations or objections received in relation to the earlier notice¹⁸ of its proposals¹⁹. If the period of four weeks from the date on which that notice to the Commission is given elapses without a direction not to make the modifications set out in that notice²⁰ having been given to it, the Authority must either:

- 2301 (A) make the modifications set out in the notice; or
- 2302 (B) if a direction not to make specified modifications²¹ has been given, make the modifications which are not specified in the direction²².

1 As to the Competition Commission see COMPETITION vol 18 (2009) PARAS 9-12; and as to the appointment of specialist members of the Commission to exercise functions relating to modification references under the Electricity Act 1989 s 12 (as amended) (see PARAS 1081-1082 ante), s 14A (as added and amended) (power to veto modification following report: see PARA 1085 post) or s 56C (as added and amended) (references regarding licensable activities: see PARA 1089 post) see the Utilities Act 2000 s 104 (as amended); and PARA 766 ante.

2 I.e. a reference under the Electricity Act 1989 s 12 (as amended): see PARAS 1081-1082 ante.

3 As to the matters to which the Commission must have regard in making such a determination see *ibid* s 12(7) (as amended); and PARA 1082 ante.

4 For the meaning of 'modification' see PARA 1035 note 3 ante; and for the meaning of 'the relevant conditions' for these purposes see PARA 1081 note 20 ante.

5 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

6 Electricity Act 1989 s 14(1) (amended by the Utilities Act 2000 s 38(1), (2); and by virtue of s 3(2); also amended by the Competition Act 1998 (Competition Commission) Transitional, Consequential and Supplemental Provisions Order 1999, SI 1999/506, art 24(b)).

The modification under the Electricity Act 1989 s 14(1) (as so amended) of part of a standard condition of a particular licence in consequence of a reference under s 12(1) (as amended) does not prevent any other part of the condition from continuing to be regarded as a standard condition for the purposes of Pt I (ss 3A-64) (as amended) (see PARA 1041 et seq ante, PARA 1085 et seq post): s 14(8) (s 14(5)-(9) added by the Utilities Act 2000 s 38(1), (5)). For the meaning of 'licence' see PARA 1041 note 12 ante.

7 Electricity Act 1989 s 14(2) (s 14(2)-(4) amended by virtue of the Utilities Act 2000 s 3(2)).

8 As to the standard conditions of licences see PARA 1069 ante; and as to their modification generally see PARA 1075 ante.

21 See note 20 supra.

22 Electricity Act 1989 s 14(7) (as added: see note 6 supra). The Secretary of State may, within the period of four weeks after the date on which the Commission is given a notice under s 14(5) (as added) and on the application of the Commission, direct that the period for giving a direction under s 14A(1) (as added), and, accordingly, the period mentioned in s 14(7) (as so added) is to be extended by 14 days: s 14A(2) (added by the Utilities Act 2000 s 39).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(4) REGULATION OF ELECTRICITY SUPPLY ETC/(iii) Modification of Licences/1085. Competition Commission's power to veto modifications following report.

1085. Competition Commission's power to veto modifications following report.

The Competition Commission¹ may, within the period of four weeks after the date on which it is given a notice of proposed modifications², direct the Gas and Electricity Markets Authority ('GEMA')³ either

- 2303 (1) not to make the modifications set out in that notice⁴; or
- 2304 (2) not to make such of the modifications as may be specified in the direction⁵;

and the Authority must comply with any such direction⁶. The power to give such a direction may only be exercised in respect of such of the modifications set out in the notice of proposals⁷ as appear to the Commission not to be the modifications which are requisite for the purpose of remedying or preventing all or any of the adverse effects specified in the report as effects which could be remedied or prevented by modifications⁸.

If the Commission gives such a direction, the Commission must give notice⁹ setting out the modifications proposed by the Authority, the terms of the direction and the reasons for giving it¹⁰; and must itself make such modifications of the relevant conditions¹¹ as appear to it to be requisite for the purpose of remedying or preventing:

- 2305 (a) if the direction was given under head (1) above, the adverse effects specified in the report as effects which could be remedied or prevented by modifications;
- 2306 (b) if the direction was given under head (2) above, such of those adverse effects as are not remedied or prevented by the modifications made¹² by the Authority¹³.

In exercising its function to make such modifications, the Commission must have regard to the matters to which the Authority is required to have regard when determining the conditions of a licence¹⁴; and before so making modifications the Commission must give notice¹⁵:

- 2307 (i) stating that it proposes to make the modifications and setting them out;
- 2308 (ii) stating the reason why it proposes to make them;
- 2309 (iii) specifying the period, not being less than 28 days from the date of publication of the notice, within which representations or objections with respect to the proposed modifications may be made,

and must consider any representations or objections which are duly made and not withdrawn¹⁶.

Where, in consequence of a reference with regard to matters relating to the carrying on of activities authorised or regulated by electricity licences of any type¹⁷, the Commission so modifies¹⁸ the standard conditions¹⁹ of licences of any type, the Authority may make such incidental and consequential modifications as it considers necessary or expedient of any conditions of licences of that type granted before that time²⁰; and where the Commission modifies the standard conditions of licences of any type as mentioned above, it must make, as

nearly as may be, the same modifications of those conditions for the purposes of their incorporation in licences of that type granted after that time²¹ and must publish the modifications made for those purposes in such manner as it considers appropriate²².

After making modifications under these provisions the Commission must publish a notice stating that the modifications have been made and setting them out, with the reasons for making them²³.

For the purposes of the law relating to defamation, absolute privilege attaches to any notice under the above provisions²⁴. In giving²⁵ or publishing²⁶ any such notice, however, the Commission must have regard to the following considerations before disclosing any information²⁷:

- 2310 (A) the need to exclude from disclosure, so far as practicable, any information whose disclosure the Commission thinks is contrary to the public interest²⁸;
- 2311 (B) the need to exclude from disclosure, so far as practicable, either commercial information whose disclosure the Commission thinks might significantly harm the legitimate business interests of the undertaking to which it relates, or information relating to the private affairs of an individual whose disclosure the Commission thinks might significantly harm the individual's interests²⁹;
- 2312 (C) the extent to which the disclosure of the information mentioned in head (B) above is necessary for the purposes of the notice³⁰.

1 As to the Competition Commission see COMPETITION vol 18 (2009) PARAS 9-12; and as to the appointment of specialist members of the Commission to exercise functions relating to modification references under the Electricity Act 1989 s 12 (as amended) (see PARAS 1081-1082 ante), s 14A (as added and amended) (power to veto modification following report: see the text and notes 2-30 infra) or s 56C (as added and amended) (references regarding licensable activities: see PARA 1089 post) see the Utilities Act 2000 s 104 (as amended); and PARA 766 ante.

2 I.e. a notice under the Electricity Act 1989 s 14(5) (as added): see PARA 1084 ante. For the meaning of 'modifications' see PARA 1035 note 3 ante.

3 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

4 Electricity Act 1989 s 14A(1)(a) (s 14A added by the Utilities Act 2000 s 39).

5 Electricity Act 1989 s 14A(1)(b) (as added: see note 4 supra).

6 Ibid s 14A(1) (as added: see note 4 supra). As to the time limit for giving such a direction see PARA 1084 the text and note 22 ante.

Section 14A (as added and amended) does not apply to the modification of a licence following a report of the Commission made before 1 October 2001 (ie the commencement of the Utilities Act 2000 s 39: see the Utilities Act 2000 (Commencement No 6 and Transitional Provisions) Order 2001, SI 2001/3266, art 2, Schedule): Electricity Act 1989 s 14A(14) (as added: see note 4 supra).

7 I.e. the notice under ibid s 14(5)(a) (as added): see PARA 1084 ante.

8 Ibid s 14A(3) (as added: see note 4 supra). The following provisions of the Enterprise Act 2002 Pt 3 (ss 22-130) (as amended): see COMPETITION vol 18 (2009) PARA 172 et seq apply, with the modifications mentioned in the Electricity Act 1989 s 14A(11G), (11H) (as added), for the purposes of any investigation by the Commission for the purposes of the exercise of its functions under s 14A (as added and amended) as they apply for the purposes of any investigation on references under the Enterprise Act 2002 Pt 3 (as amended), ie: (1) s 109 (attendance of witnesses and production of documents etc); (2) s 110 (enforcement of powers under s 109: general); (3) s 111 (penalties); (4) s 112 (penalties: main procedural requirements); (5) s 113 (payments and interest by instalments); (6) s 114 (appeals in relation to penalties); (7) s 115 (recovery of penalties); and (8) s 116 (statement of policy on enforcement of notices under s 109): Electricity Act 1989 s 14A(11F) (s 14A(11A)-(11J) added by the Enterprise Act 2002 s 278(1), Sch 25 para 20(1), (6)(a)). The Enterprise Act 2002 s 110 has effect, in its application by virtue of the Electricity Act 1989 s 14A(11F) (as so added) as if: (a) the Enterprise Act 2002 s 110(2) were omitted; (b) in s 110(4), for the words 'the publication of the report of the Commission on the reference concerned' there were substituted 'the publication by the Commission of a notice under

section 14A(8) of the Electricity Act 1989 in connection with the reference concerned or, if no direction has been given by the Commission under section 14A(1) of that Act in connection with the reference concerned and within the period permitted for that purpose, the latest day on which it was possible to give such a direction within the permitted period'; and (c) in the Enterprise Act 2002 s 110(9) the words from 'or section' to 'section 65(3))' were omitted: Electricity Act 1989 s 14A(11G) (as so added). The Enterprise Act 2002 s 115(5)(b) has effect, in its application by virtue of the Electricity Act 1989 s 14A(11F) (as so added) as if for the Enterprise Act 2002 s 115(5)(b)(ii) there were substituted: '(ii) if earlier, the day on which a notice is published by the Commission under section 14A(8) of the Electricity Act 1989 in connection with the reference concerned or, if no direction is given by the Commission under section 14A(1) of that Act in connection with the reference concerned and within the period permitted for that purpose, the latest day on which such a direction may be given within the permitted period.': Electricity Act 1989 s 14A(11H) (as so added). Provisions of the Enterprise Act 2002 Pt 3 (as amended) which have effect for the purposes of ss 109-116 (including, in particular, provisions relating to offences and the making of orders) have effect, for the purposes of the application of those sections by virtue of the Electricity Act 1989 s 14A(11F) (as so added), in relation to those sections as applied by virtue of s 14A(11F) (as so added): s 14A(11I) (as so added). Accordingly, corresponding provisions of the Electricity Act 1989 do not have effect in relation to those sections as so applied: s 14A(11J) (as so added).

9 For the meaning of 'notice' see PARA 1047 note 11 ante. A notice under *ibid* s 14A(4)(a) or (6) (as added) must be given (1) by publishing the notice in such manner as the Commission considers appropriate for the purpose of bringing it to the attention of persons likely to be affected by the making of the modifications; and (2) by serving a copy on the Authority and the holder of the licence in question or, as the case may be, the relevant licence holders: s 14A(7) (as added: see note 4 *supra*). For the meaning of 'licence' see PARA 1041 note 12 ante; and for the meaning of 'the relevant licence holders' for these purposes see PARA 1081 note 20 ante. As to the service of notices and documents see PARA 1307 post.

10 Electricity Act 1989 s 14A(4)(a) (as added: see note 4 *supra*).

11 For the meaning of 'the relevant conditions' for these purposes see PARA 1081 note 20 ante.

12 *Ie* made under the Electricity Act 1989 s 14(7)(b) (as added): see PARA 1084 ante.

13 *Ibid* s 14A(4)(b) (as added: see note 4 *supra*). The modification under s 14A (as added and amended) of part of a standard condition of a particular licence in consequence of a reference under s 12(1) (as substituted) does not prevent any other part of the condition from continuing to be regarded as a standard condition for the purposes of Pt I (ss 3A-64) (as amended) (see PARA 1041 *et seq* ante, PARA 1086 *et seq* post): s 14A(11) (as so added).

14 *Ibid* s 14A(5) (as added: see note 4 *supra*).

15 See note 9 *supra*.

16 Electricity Act 1989 s 14A(6) (as added: see note 4 *supra*).

17 *Ie* a reference under *ibid* s 12(1A) (as added): see PARA 1081 ante at heads (a)-(b) in the text.

18 *Ie* under *ibid* s 14A(4)(b) (as added).

19 As to the standard conditions of licences see PARA 1069 ante; and as to their modification generally see PARA 1075 ante.

20 Electricity Act 1989 s 14A(9) (as added: see note 4 *supra*).

21 *Ibid* s 14A(10)(a) (as added: see note 4 *supra*).

22 *Ibid* s 14A(10)(b) (as added: see note 4 *supra*).

23 *Ibid* s 14A(8) (as added: see note 4 *supra*).

24 *Ibid* s 14A(11A) (as added: see note 8 *supra*).

25 *Ie* under *ibid* s 14A(4)(a) or (6) (as added).

26 *Ie* under *ibid* s 14A(8) (as added): see the text and note 23 *supra*.

27 *Ibid* s 14A(11B) (as added: see note 8 *supra*). For the meaning of 'information' see PARA 1044 note 10 ante.

- 28 Ibid s 14A(11C) (as added: see note 8 supra).
- 29 Ibid s 14A(11D) (as added: see note 8 supra).
- 30 Ibid s 14A(11E) (as added: see note 8 supra).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(4) REGULATION OF ELECTRICITY SUPPLY ETC/(iii) Modification of Licences/1086. Modification by order under other enactments.

1086. Modification by order under other enactments.

Where the Office of Fair Trading¹, the Competition Commission² or, as the case may be, the Secretary of State³ ('the relevant authority') makes a relevant order⁴, the order may also provide for the modification⁵ of:

- 2313 (1) the conditions of a particular licence⁶; or
- 2314 (2) the standard conditions⁷ of electricity licences of any type⁸,

to such extent as may appear to the relevant authority to be requisite or expedient for the purpose of giving effect to, or taking account of, any provision made by the order⁹.

The modification under head (1) above of part of a standard condition of a particular licence does not prevent any other part of the condition from continuing to be regarded as a standard condition for the statutory¹⁰ purposes¹¹.

Where at any time the relevant authority modifies under head (2) above the standard conditions of licences of any type, the relevant authority:

- 2315 (a) must also make, as nearly as may be, the same modifications of those conditions for the purposes of their incorporation in such licences granted after that time; and
- 2316 (b) may, after consultation with the Gas and Electricity Markets Authority ('GEMA')¹², make such incidental or consequential modifications as the relevant authority considers necessary or expedient of any conditions of such licences granted before that time¹³;

and where at any time the relevant authority modifies standard conditions under head (a) above for the purposes of their incorporation in licences granted after that time, the relevant authority must publish those modifications in such manner as the relevant authority considers appropriate¹⁴.

1 As to the Office of Fair Trading see COMPETITION vol 18 (2009) PARAS 6-8.

2 As to the Competition Commission see COMPETITION vol 18 (2009) PARAS 9-12; and as to the appointment of specialist members of the Commission to exercise functions relating to modification references under the Electricity Act 1989 s 12 (as amended) (see PARAS 1081-1082 ante), s 14A (as added and amended) (power to veto modification following report: see PARA 1085 ante) or s 56C (as added and amended) (references regarding licensable activities: see PARA 1089 post) see the Utilities Act 2000 s 104 (as amended); and PARA 766 ante.

3 As to the Secretary of State see PARA 601 note 1 ante.

4 For these purposes, 'relevant order' means (1) an order under the Enterprise Act 2002 s 75, s 83 or s 84, or Sch 7 para 5, 10 or 11, where (a) one or more than one of the enterprises which have, or may have, ceased to be distinct enterprises was engaged in the carrying on of activities authorised or regulated by a licence; or (b) one or more than one of the enterprises which will or may cease to be distinct enterprises is engaged in the carrying on of activities authorised or regulated by a licence; or (2) an order under s 160 or s 161 where the feature, or combination of features, of the market in the United Kingdom for goods or services which prevents, restricts or distorts competition relates to the generation, transmission, distribution or supply of electricity:

Electricity Act 1989 s 15(2) (s 15(1), (2) substituted by the Enterprise Act 2002 ss 86(5), 164(2), Sch 9 Pt 1 para 5(1), (2)). The reference in head (1) supra to the Enterprise Act 2002 Sch 7 para 5, 10 or 11 includes a reference to the Enterprise Act 2002 (Protection of Legitimate Interests) Order 2003, SI 2003/1592, Sch 2 para 5, 10 or 11: see art 16, Sch 4 para 8. Expressions used in the Electricity Act 1989 s 15 (as amended) and in the Enterprise Act 2002 Pt 3 (ss 22-130) (as amended) or (as the case may be) Pt 4 (ss 131-184) (see COMPETITION vol 18 (2009) PARA 276 et seq) have the same meanings in the Electricity Act 1989 s 15 (as amended) as in the Enterprise Act 2002 Pt 3 (as amended) or Pt 4: Electricity Act 1989 s 15(3) (substituted by the Enterprise Act 2002 ss 86(5), 164(2), Sch 9 Pt 1 para 5(1), (5)).

5 For the meaning of 'modification' see PARA 1035 note 3 ante.

6 For the meaning of 'licence' see PARA 1041 note 12 ante.

7 As to the standard conditions of licences see PARA 1069 ante; and as to their modification generally see PARA 1075 ante.

8 le licences of any type mentioned in the Electricity Act 1989 s 6(1) (as substituted and amended): see PARA 1065 ante at heads (1)-(5) in the text.

9 Ibid s 15(1) (as substituted: see note 4 supra).

10 le for the purposes of ibid Pt I (ss 3A-64) (as amended): see PARA 1041 et seq ante, PARA 1087 et seq post.

11 Ibid s 15(2A) (s 15(2A)-(2C) added by the Utilities Act 2000 s 40(1), (3)).

12 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

13 Electricity Act 1989 s 15(2B) (as added (see note 11 supra); substituted by the Enterprise Act 2002 ss 86(5), 164(2), Sch 9 Pt 1 para 5(1), (3)).

14 Electricity Act 1989 s 15(2C) (as added (see note 11 supra); amended by the Enterprise Act 2002 ss 86(5), 164(2), Sch 9 Pt 1 para 5(1), (4)).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(4) REGULATION OF ELECTRICITY SUPPLY ETC/(iv) Alteration of Activities requiring Licence/1087. Power to alter activities requiring licence.

(iv) Alteration of Activities requiring Licence

1087. Power to alter activities requiring licence.

The Secretary of State¹ may by order² provide:

- 2317 (1) that specified activities are to become licensable activities; or
- 2318 (2) that specified activities are to cease to be licensable activities³;

and activities are licensable activities if undertaking them without the authority of a licence⁴ or exemption⁵ constitutes an offence under the statutory prohibition⁶ on unlicensed activities⁷.

Such an order may make consequential, transitional, incidental or supplementary provision including:

- 2319 (a) amendments, or repeals, in any provision of the Electricity Act 1989 or any other enactment; and
- 2320 (b) provision modifying any standard conditions of licences⁸ or, in the case of an order under head (1) above, provision determining the conditions which are to be standard conditions for the purposes of licences authorising the undertaking of activities which are to become licensable activities⁹;

but may only provide for activities to become licensable activities if they are activities connected with the generation¹⁰, transmission¹¹, distribution¹² or supply¹³ of electricity¹⁴.

An order under these provisions providing for activities:

- 2321 (i) to become licensable activities may only be made on the application of the Gas and Electricity Markets Authority ('GEMA')¹⁵ made¹⁶ in accordance with the relevant statutory provisions¹⁷;
- 2322 (ii) to cease to be licensable activities may be made either on the application of the Authority made¹⁸ in accordance with the relevant statutory provisions¹⁹ or following consultation²⁰ by the Secretary of State²¹.

Such an order may provide that it is to remain in force only for a period specified in the order²².

1 As to the Secretary of State see PARA 601 note 1 ante.

2 No such order may be made unless a draft of the statutory instrument containing it has been laid before, and approved by a resolution of, each House of Parliament: Electricity Act 1989 s 56A(8) (s 56A added by the Utilities Act 2000 s 43). As to the power to make orders generally see PARA 1306 post

3 Electricity Act 1989 s 56A(1) (as added: see note 2 supra).

4 For the meaning of 'licence' see PARA 1041 note 12 ante.

5 For the meaning of 'exemption' see PARA 1046 note 7 ante.

- 6 le an offence under the Electricity Act 1989 s 4(1) (as amended): see PARA 1050 ante.
- 7 Ibid s 56A(2) (as added: see note 2 supra); and see s 64(1) (definition added by the Utilities Act 2000 s 108, Sch 6 Pt II paras 24, 38(1), (5)).
- 8 As to the standard conditions of licences see PARA 1069 ante; and as to their modification generally see PARA 1075 ante.
- 9 Electricity Act 1989 s 56A(3) (as added: see note 2 supra).
- 10 For the meaning of 'generation' see PARA 1041 note 7 ante.
- 11 For the meaning of 'transmission' see PARA 1041 note 6 ante.

UPDATE

1087 Power to alter activities requiring licence

TEXT AND NOTES--The Electricity Act 1989 s 56FA (ss 56FA-56FC added by Energy Act 2008 Sch 4 para 2) gives the Secretary of State an order-making power to both create new licensable activities under the Electricity Act 1989 s 56A in relation to smart metering and to order that such new licensable activities will cease to be licensable. Supplemental provision with respect to procedure is made: see Electricity Act 1989 s 56FB. The Secretary of State may by regulations make provision for a determination on a competitive basis of the person to whom a licence in respect of new licensable activities is to be granted: see Electricity Act 1989 s 56FC.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(4) REGULATION OF ELECTRICITY SUPPLY ETC/(iv) Alteration of Activities requiring Licence/1088. Application by the Gas and Electricity Markets Authority for an order including new activities.

1088. Application by the Gas and Electricity Markets Authority for an order including new activities.

If the Gas and Electricity Markets Authority ('GEMA')¹ proposes to make an application for an order providing for activities to become licensable activities², it must give notice³:

- 2323 (1) stating that it proposes to make an application for an order providing for the activities to become licensable activities;
- 2324 (2) setting out the conditions which it would expect such an order to determine to be standard conditions⁴ for the purposes of licences⁵ authorising the undertaking of the activities and any other conditions which it would expect to be included in such licences; and
- 2325 (3) specifying a reasonable period, not being less than 28 days from the date of publication of the notice, within which representations or objections may be made with respect to the proposal,

and must consider any representations or objections which are duly made and not withdrawn⁶. The notice must be given by serving a copy on the Gas and Electricity Consumer Council⁷ and by publishing it in such manner as the Authority considers appropriate for bringing it to the attention of persons appearing to it to be carrying on, or be intending to carry on, the activities, and of any other persons appearing to it to be likely to be affected by an order providing for the activities to become licensable activities⁸.

If an objection has been duly made, and not withdrawn, by a person who is carrying on or intends to carry on the activities, the Authority must make a reference⁹ to the Competition Commission¹⁰ before making the application¹¹; and in any other case where the Authority considers it appropriate to make a reference to the Commission¹² before making the application, the Authority may make such a reference¹³. If a reference is made to the Commission, the application must not be made unless the Commission has reported on the reference that the fact that the activities to which the application relates are not licensable activities operates, or may be expected to operate, against the public interest¹⁴.

The application must set out:

- 2326 (a) the activities which the Authority considers should become licensable activities; and
- 2327 (b) the conditions which the Authority would expect to be determined to be standard conditions for the purposes of licences authorising the undertaking of the activities in question and any other conditions which the Authority would expect to be included in such licences¹⁵.

- 15 *Ibid* s 56B(6) (as added: see note 6 supra).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(4) REGULATION OF ELECTRICITY SUPPLY ETC/(iv) Alteration of Activities requiring Licence/1089. References to the Competition Commission before application for an order including new licensable activities.

1089. References to the Competition Commission before application for an order including new licensable activities.

A reference to the Competition Commission¹ before the Gas and Electricity Markets Authority ('GEMA')² makes an application for an order including new licensable activities³ must require the Commission to investigate and report on whether the fact that the activities specified in the reference are not licensable activities operates, or may be expected to operate, against the public interest⁴. Every such reference must specify a period, not longer than six months beginning with the date of the reference, within which a report on the reference is to be made⁵. The Authority may, at any time, by notice⁶ given to the Commission vary the reference by adding to the activities specified in the reference or by excluding from the reference some of the activities so specified; and on receipt of such notice the Commission must give effect to the variation⁷.

The Authority must specify in the reference, or a variation of the reference, for the purpose of assisting the Commission in carrying out the investigation on the reference⁸:

- 2328 (1) the conditions which the Authority would expect to be determined to be standard conditions⁹ for the purposes of licences¹⁰ authorising the undertaking of the activities specified in the reference and any other conditions which the Authority would expect to be included in such licences; and
- 2329 (2) any effects adverse to the public interest which, in its opinion, the fact that the activities so specified are not licensable activities has or may be expected to have¹¹.

As soon as practicable after making the reference, or a variation of the reference, the Authority must serve a copy of it on the Gas and Electricity Consumer Council¹² and must publish particulars of it in such manner as the Authority considers appropriate for bringing it to the attention of persons appearing to the Authority to be carrying on, or be intending to carry on, the activities specified in it, and of any other persons appearing to the Authority to be likely to be affected by it¹³.

1 As to the Competition Commission see COMPETITION vol 18 (2009) PARAS 9-12; and as to the appointment of specialist members of the Commission to exercise functions relating to modification references under the Electricity Act 1989 s 12 (as amended) (see PARAS 1081-1082 ante), s 14A (as added and amended) (power to veto modification following report: see PARA 1085 ante) or s 56C (as added and amended) (references regarding licensable activities: see the text and notes 2-13 infra; and PARA 1090 post) see the Utilities Act 2000 s 104 (as amended); and PARA 766 ante.

2 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

3 I.e a reference under the Electricity Act 1989 s 56C (as added and amended): see the text and notes 4-13 infra; and PARA 1090 post. For the meaning of 'licensable activities' see PARA 1087 ante; and as to applications for an order including new licensable activities see PARA 1088 ante.

4 Ibid s 56C(1) (s 56C added by the Utilities Act 2000 s 43). As to the matters to which the Commission is to have regard in making such a determination see the Electricity Act 1989 s 56C(6) (as so added); and PARA 1090 post.

12 As to the establishment of the Gas and Electricity Consumer Council see PARA 716 ante; and as to the prospective abolition of the Council and the transfer of its functions to the new National Consumer Council to be established under the Consumers, Estate Agents and Redress Act 2007 see PARA 716 the text and notes 12-13 ante. As to the service of notices and documents see PARA 1307 post.

13 Electricity Act 1989 s 56C(4) (as added: see note 4 supra).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(4) REGULATION OF ELECTRICITY SUPPLY ETC/(iv) Alteration of Activities requiring Licence/1090. Procedure on a reference before application for an order including new licensable activities.

1090. Procedure on a reference before application for an order including new licensable activities.

The Gas and Electricity Markets Authority ('GEMA')¹ must, for the purpose of assisting the Competition Commission² in carrying out the investigation on the reference before the Authority makes an application for an order including new licensable activities³, give to the Commission:

- 2330 (1) any information⁴ which is in its possession and which relates to matters falling within the scope of the investigation, and which is either requested by the Commission for that purpose or is information which in its opinion it would be appropriate for that purpose to give to the Commission without any such request; and
- 2331 (2) any other assistance which the Commission may require, and which it is within its power to give, in relation to any such matters,

and the Commission must take account of the information for the purpose of carrying out the investigation⁵. In determining for these purposes whether the fact that particular activities are not licensable activities operates, or may be expected to operate, against the public interest, the Commission must have regard to:

- 2332 (a) the matters referred to in the statutory provision setting out the principal objective and general duties of the Secretary of State⁶ and the Authority⁷;
- 2333 (b) any social or environmental policies set out or referred to in guidance issued⁸ by the Secretary of State; and
- 2334 (c) any advice about health and safety in relation to electricity given⁹ by the Health and Safety Commission¹⁰.

The provisions of Part 3 of the Enterprise Act 2002¹¹ which set out the Commission's powers of investigation relating to:

- 2335 (i) the attendance of witnesses and the production of documents etc¹²;
- 2336 (ii) general enforcement of the powers under head (i) above¹³;
- 2337 (iii) penalties¹⁴;
- 2338 (iv) the main procedural requirements with regard to penalties¹⁵;
- 2339 (v) payments and interest by instalments¹⁶;
- 2340 (vi) appeals in relation to penalties¹⁷;
- 2341 (vii) the recovery of penalties¹⁸; and
- 2342 (viii) statement of policy in relation to the enforcement of notices under the provisions mentioned in head (i) above¹⁹,

apply, with specified modifications²⁰, for the purposes of such references as they apply for the purposes of references under that Part of the 2002 Act²¹. The provision of that Part of the 2002 Act relating to false or misleading information²² also applies, with modifications²³, in relation to

functions of the Commission in connection with such references as it applies in relation to its functions under Part 3 of that 2002 Act²⁴.

Provisions of Part 3 of the Enterprise Act 2002 which have effect for the purposes of the provisions of that Act mentioned above²⁵, including, in particular, provisions relating to offences and the making of orders, have effect for the purposes of the application of those provisions as mentioned above, in relation to those provisions as so applied²⁶; and accordingly, corresponding provisions of the Electricity Act 1989 do not have effect in relation to those provisions as so applied²⁷.

A report of the Commission on a such a reference²⁸ does not have effect²⁹ unless the report is made before the end of the period specified in the reference³⁰ or such further period, if any, as may be allowed³¹ by the Authority³². The Authority may, if it has received representations on the subject from the Commission and is satisfied that there are special reasons why the report cannot be made within the period specified in the reference, extend that period by no more than six months³³; but no more than one such extension is possible in relation to the same reference³⁴. The Authority must publish such an extension in such manner as it considers appropriate for the purpose of bringing it to the attention of persons likely to be affected by it³⁵.

UPDATE

1090 Procedure on a reference before application for an order including new licensable activities

TEXT AND NOTE 10--Reference to Health and Safety Commission now to Health and Safety Executive: 1989 Act s 56C(6) (amended by SI 2008/960).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(4) REGULATION OF ELECTRICITY SUPPLY ETC/(iv) Alteration of Activities requiring Licence/1091. Reports on references before application for an order including new licensable activities.

1091. Reports on references before application for an order including new licensable activities.

A report of the Competition Commission¹ on a reference before the Gas and Electricity Markets Authority ('GEMA')² makes an application for an order including new licensable activities³ must be made to the Authority⁴. In making a report on such a reference the Commission must include in the report definite conclusions on whether the fact that the activities specified in the reference, or the reference as varied, are not licensable activities operates, or may be expected to operate, against the public interest⁵. The Commission must also include in the report such an account of its reasons for those conclusions as in its opinion is expedient for facilitating proper understanding of the questions raised by the reference and of its conclusions⁶.

Where the Commission concludes that the fact that particular activities are not licensable activities operates, or may be expected to operate, against the public interest, it must specify in the report:

- 2343 (1) the effects adverse to the public interest which that fact has or may be expected to have; and
- 2344 (2) any modifications⁷ to the conditions specified in the reference⁸ which the Commission considers appropriate⁹.

A conclusion contained in a report of the Commission is to be disregarded¹⁰ if the conclusion is not that of at least two-thirds of the members of the group constituted¹¹ in connection with the reference concerned in accordance with the relevant statutory provision¹²; and if a member of a group so constituted disagrees with any conclusions contained in a report made on such a reference as the conclusions of the Commission, the report must, if the member so wishes, include a statement of his disagreement and of his reasons for disagreeing¹³.

For the purposes of the law relating to defamation, absolute privilege attaches to any report made by the Commission on such a reference¹⁴; but in making any report on such a reference the Commission must have regard to the following considerations before disclosing any information¹⁵:

- 2345 (a) the need to exclude from disclosure, so far as practicable, any information whose disclosure the Commission thinks is contrary to the public interest¹⁶;
- 2346 (b) the need to exclude from disclosure, so far as practicable, either commercial information whose disclosure the Commission thinks might significantly harm the legitimate business interests of the undertaking to which it relates, or information relating to the private affairs of an individual whose disclosure the Commission thinks might significantly harm the individual's interests¹⁷;
- 2347 (c) the extent to which the disclosure of the information mentioned in head (b) above is necessary for the purposes of the report¹⁸.

On receiving the report, the Authority must send a copy of it to the Secretary of State¹⁹ and must²⁰, not less than 14 days after the copy is received by the Secretary of State, send another

copy to the Gas and Electricity Consumer Council²¹ and publish that other copy in such manner as the Authority considers appropriate for bringing the report to the attention of persons likely to be affected by it²². If, however, it appears to the Secretary of State that the publication of any matter in the report would be against the public interest or the commercial interests of any person, he may, before the end of that period of 14 days, direct²³ the Authority to exclude that matter from the copy of the report to be so sent to the Council and published²⁴.

1 As to the Competition Commission see COMPETITION vol 18 (2009) PARAS 9-12; and as to the appointment of specialist members of the Commission to exercise functions relating to modification references under the Electricity Act 1989 s 12 (as amended) (see PARAS 1081-1082 ante), s 14A (as added and amended) (power to veto modification following report: see PARA 1085 ante) or s 56C (as added and amended) (references regarding licensable activities: see PARAS 1089-1090 ante) see the Utilities Act 2000 s 104 (as amended); and PARA 766 ante.

PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(4) REGULATION OF ELECTRICITY SUPPLY ETC/(iv) Alteration of Activities requiring Licence/1092. Application by the Gas and Electricity Markets Authority for an order excluding activities.

1092. Application by the Gas and Electricity Markets Authority for an order excluding activities.

Before making an application for an order providing for activities to cease to be licensable activities¹, the Gas and Electricity Markets Authority ('GEMA')² must give notice³:

- 2348 (1) stating that it proposes to make an application for an order providing for the activities to cease to be licensable activities; and
- 2349 (2) specifying a reasonable period, not being less than 28 days from the date of publication of the notice, within which representations or objections may be made with respect to the proposal,

and must consider any representations or objections duly made and not withdrawn⁴. The notice must be given:

- 2350 (a) by serving a copy on the Secretary of State⁵ and the Gas and Electricity Consumer Council⁶; and
- 2351 (b) by publishing it in such manner as the Authority considers appropriate for bringing it to the attention of persons likely to be affected by such an order⁷.

An application under these provisions must set out:

- 2352 (i) the activities which the Authority considers should cease to be licensable activities; and
- 2353 (ii) the Authority's reasons for proposing that the order be made⁸.

1 As to such orders, and for the meaning of 'licensable activities', see PARA 1087 ante.

2 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

3 For the meaning of 'notice' see PARA 1047 note 11 ante.

4 Electricity Act 1989 s 56E(1) (s 56E added by the Utilities Act 2000 s 43).

5 As to the Secretary of State see PARA 601 note 1 ante; and as to the service of notices and documents see PARA 1307 post.

6 As to the establishment of the Gas and Electricity Consumer Council see PARA 716 ante; and as to the prospective abolition of the Council and the transfer of its functions to the new National Consumer Council to be established under the Consumers, Estate Agents and Redress Act 2007 see PARA 716 the text and notes 12-13 ante.

PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(4) REGULATION OF ELECTRICITY SUPPLY ETC/(iv) Alteration of Activities requiring Licence/1093. Consultation by Secretary of State about order excluding activities.

1093. Consultation by Secretary of State about order excluding activities.

If the Secretary of State¹ proposes to make an order providing for activities to cease to be licensable activities², otherwise than on an application³ by the Gas and Electricity Markets Authority ('GEMA')⁴, he must give notice⁵:

- 2354 (1) stating that he proposes to make an order providing for the activities to cease to be licensable activities; and
- 2355 (2) specifying a reasonable period, not being less than 28 days from the date of publication of the notice, within which representations or objections may be made with respect to the proposal,

and must consider any representations or objections duly made and not withdrawn⁶. The notice must be given:

- 2356 (a) by serving a copy on the Authority and the Gas and Electricity Consumer Council⁷; and
- 2357 (b) by publishing it in such manner as the Secretary of State considers appropriate for bringing it to the attention of persons likely to be affected by such an order⁸.

1 As to the Secretary of State see PARA 601 note 1 ante.

2 As to the power to make such orders, and for the meaning of 'licensable activities', see PARA 1087 ante.

3 Is an application under the Electricity Act 1989 s 56E (as added): see PARA 1092 ante.

4 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

5 For the meaning of 'notice' see PARA 1047 note 11 ante.

As to the service of notices and documents see PARA 1307 post.

8 Electricity Act 1989 s 56F(2) (as added: see note 6 supra).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(i) Duties of Electricity Distributors/1094. The duty to connect on request.

(5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY

(i) Duties of Electricity Distributors

1094. The duty to connect on request.

An electricity distributor¹ is under a duty:

- 2358 (1) to make a connection² between a distribution system³ of his and any premises⁴, when required to do so⁵ by:
- 205
- 301. (a) the owner or occupier⁶ of the premises; or
- 302. (b) an authorised supplier⁷ acting with the consent of the owner or occupier of the premises,
- 206
- 2359 for the purpose of enabling electricity to be conveyed to or from the premises;
- 2360 (2) to make a connection between a distribution system of his and any distribution system of another authorised distributor⁸, when required to do so by that authorised distributor for the purpose of enabling electricity to be conveyed to or from that other system⁹.

Any such duty includes a duty to provide such electric lines or electrical plant¹⁰ as may be necessary to enable the connection to be used for the purpose for which it is required¹¹.

These duties are to be performed subject to such terms as may be agreed¹² for so long as the connection is required¹³.

Where a person requires a connection to be made by an electricity distributor in pursuance of the above provisions, he must give the distributor a notice¹⁴ requiring him to offer terms for making the connection¹⁵. That notice must specify:

- 2361 (i) the premises or distribution system to which a connection to the distributor's system is required;
- 2362 (ii) the date on or by which the connection is to be made; and
- 2363 (iii) the maximum power at which electricity may be required to be conveyed through the connection¹⁶.

The person requiring a connection must also give the distributor such other information in relation to the required connection as the distributor may reasonably request¹⁷; and such a request must be made as soon as practicable after the notice requiring the offer of terms is given, if not made before that time¹⁸. As soon as practicable after receiving the notice requiring the offer of terms and any information so requested, the distributor must give to the person requiring the connection a notice:

- 2364 (A) stating the extent, if any, to which his proposals are acceptable to the distributor and specifying any counter proposals made by him;
 2365 (B) specifying any payment which that person will be required to make¹⁹;
 2366 (C) specifying any security which that person will be required to give²⁰; and
 2367 (D) stating any other terms which that person will be required²¹ to accept²²;

and such a notice must also contain a statement of the effect of the statutory provision²³ relating to the determination of disputes arising between an electricity distributor and a person requiring a connection²⁴.

1 For the meaning of 'electricity distributor' see PARA 1065 note 9 ante.

2 For these purposes, and the purposes of the Electricity Act 1989 ss 16A-23 (as amended) (see the text and notes 14-24 infra; and PARA 1095 et seq post), any reference to making a connection includes a reference to maintaining the connection (and continuing to provide the necessary electric lines or electrical plant): s 16(4)(a) (s 16 substituted by the Utilities Act 2000 s 44). For the meanings of 'electric line' and 'electrical plant' see PARA 1041 note 5 ante.

3 For the meaning of 'distribution system' see PARA 1041 note 5 ante.

4 For the meaning of 'premises' see PARA 1041 note 5 ante.

5 For these purposes, and the purposes of the Electricity Act 1989 ss 16A-23 (as amended) (see the text and notes 14-24 infra; and PARA 1095 et seq post), any reference to requiring a connection includes a reference to requiring the connection to be maintained (and the continued provision of the necessary electric lines and electrical plant): s 16(4)(b) (as substituted: see note 2 supra).

6 There is no statutory definition of 'occupier' for these purposes; but it seems that in general a person is an occupier if he has a sufficient degree of control over the state of the premises or over the activities of persons thereon, and that, in order to be an occupier, it is not necessary for a person to have entire control over the premises, but it is sufficient for him to share the control with others: *Wheat v Lacon & Co Ltd* [1966] AC 552, [1966] 1 All ER 582, HL; see also *H & N Emanuel Ltd v GLC* [1971] 2 All ER 835, 115 Sol Jo 226, CA; *Harris v Birkenhead Corpn* [1976] 1 All ER 341, [1976] 1 WLR 279, CA; *Jackson v Hall* [1980] AC 854, [1980] 1 All ER 177, HL; *Bromwich v Patel (Thakorbhai)* [1993] PIQR P 95; *Vodden v Gayton and Gayton* [2001] PIQR P 4; *Ribee v Norrie* (2000) 81 P & CR D37, 33 HLR 777, CA; *Rhind v Astbury Water Park Ltd* [2003] EWHC 1029 (QB), [2003] All ER (D) 217 (May), affd [2004] EWCA Civ 756, [2004] All ER (D) 129 (Jun). The expression 'occupier' includes a person who has a licence entitling him to possession (*Stevens v Bromley London Borough Council* [1972] Ch 400, [1972] 1 All ER 712, CA; *R v Tao* [1977] QB 141, [1976] 3 All ER 65, CA; *International Ferry Traders Ltd v Adur District Council* [2004] EWCA Civ 288, [2004] 2 EGLR 89, [2004] RVR 65) and a statutory tenant (*Brown v Ministry of Housing and Local Government* [1953] 2 All ER 1385, [1953] 1 WLR 1370), but not persons such as squatters whose entry on the premises was unlawful and forcible (*Woodcock v South Western Electricity Board* [1975] 2 All ER 545, [1975] 1 WLR 983).

7 'Authorised supplier' means a person who is authorised by a licence or exemption to supply electricity: Electricity Act 1989 s 64(1) (definition added by the Utilities Act 2000 s 108, Sch 6 Pt II paras 24, 38(1), (2)). For the meaning of 'licence' see PARA 1041 note 12 ante; and for the meaning of 'exemption' see PARA 1046 note 7 ante. For the meaning of 'supply' see PARA 1041 note 10 ante.

8 'Authorised distributor' means a person who is authorised by a licence or exemption to distribute electricity: Electricity Act 1989 s 64(1) (definition added by the Utilities Act 2000 s 108, Sch 6 Pt II paras 24, 38(1), (2)). For the meaning of 'distribute' see PARA 1041 note 5 ante.

9 Electricity Act 1989 s 16(1) (as substituted: see note 2 supra). The duties under s 16 (as substituted) are subject to ss 16A-64 (as amended) and any regulations made under those provisions: s 16(5) (as so substituted).

10 For these purposes, and the purposes of *ibid* ss 16A-23 (as amended) (see the text and notes 14-24 infra; and PARA 1095 et seq post), any reference to the provision of any electric line or electrical plant is a reference to the provision of such a line or an item of electrical plant either by the installation of a new one or by the modification of an existing one: s 16(4)(c) (as substituted: see note 2 supra).

11 *Ibid* s 16(2) (as substituted: see note 2 supra).

12 *Ie* under *ibid* s 16A (as added): see the text and notes 14-24 infra.

- 13 Ibid s 16(3) (as substituted: see note 2 supra).
- 14 For the meaning of 'notice' see PARA 1047 note 11 ante.
- 15 Electricity Act 1989 s 16A(1) (s 16A added by the Utilities Act 2000 s 44).
- 16 Electricity Act 1989 s 16A(2) (as added: see note 15 supra).
- 17 Ibid s 16A(3) (as added: see note 15 supra).
- 18 Ibid s 16A(4) (as added: see note 15 supra).
- 19 Ie under ibid s 19(1) (as amended) or under regulations made under s 19(2) (as substituted): see PARA 1096 post. For the prescribed standards as to the time within which the distributor must give an estimate of any connection charges see PARA 1117 post.
- 20 Ie under ibid s 20 (as amended): see PARA 1097 post.
- 21 Ie under ibid s 21 (as substituted): see PARA 1098 post.
- 22 Ibid s 16A(5) (as added: see note 15 supra).
- 23 Ie the effect of ibid s 23 (as amended): see PARA 1100 post.
- 24 Ibid s 16A(6) (as added: see note 15 supra).

UPDATE

1094 The duty to connect on request

TEXT AND NOTES 15-24--The Secretary of State may, after consulting the Authority, make provision by regulations for the purpose of entitling an electricity distributor to require a person requiring a connection in pursuance of the Electricity Act 1989 s 16(1) to pay connection offer expenses to such extent as is reasonable in all the circumstances: Electricity Act 1989 s 16A(4A) (s 16A(4A)-(4C) added by Energy Act 2008 s 98(2)). In the Electricity Act 1989 s 16A 'connection offer expenses' means expenses which (1) are of a kind specified by the regulations, and (2) have been reasonably incurred by the electricity distributor: s 16A(4B). Regulations under s 16A(4A) may specify (a) circumstances in which an electricity distributor may not require the payment of connection offer expenses by virtue of the regulations; (b) the manner in which expenses reasonably incurred by an electricity distributor are to be calculated for the purposes of head (2): s 16A(4C).

TEXT AND NOTE 22--Electricity Act 1989 s 16A(5) amended: Energy Act 2008 s 98(3).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(i) Duties of Electricity Distributors/1095. Exceptions from the duty to connect.

1095. Exceptions from the duty to connect.

Nothing in the statutory duty to make a connection¹ requires an electricity distributor² to make a connection³ if and to the extent that:

- 2368 (1) he is prevented from doing so by circumstances not within his control;
- 2369 (2) circumstances exist by reason of which his doing so would or might involve his being in breach of supply and safety regulations⁴, and he has taken all such steps as it was reasonable to take both to prevent the circumstances from occurring and to prevent them from having that effect; or
- 2370 (3) it is not reasonable in all the circumstances for him to be required to do so⁵.

Head (3) above does not, however, permit an electricity distributor to disconnect any premises⁶ or distribution system⁷ to which a connection is being maintained by him unless the distributor gives not less than seven working days⁸ notice of his intention to disconnect the premises or distribution system:

- 2371 (a) where the connection is to premises, to the occupier or to the owner if the premises are not occupied;
- 2372 (b) where the connection is to another distribution system, to the person who is authorised by a licence⁹ or exemption¹⁰ to run that system¹¹.

Without prejudice to the generality of heads (1) to (3) above, an electricity distributor is not required to make a connection if:

- 2373 (i) making the connection involves the distributor doing something which, without the consent of another person, would require the exercise of a power conferred by any specified statutory provision¹²;
- 2374 (ii) the distributor's licence does not provide for that provision to have effect in relation to him; and
- 2375 (iii) any necessary consent has not, at the time the request is made, been given¹³.

Statutory powers may in certain circumstances be conferred on the Secretary of State in relation to the supply of electricity in an emergency¹⁴.

1 Ie nothing in the Electricity Act 1989 s 16(1) (as substituted): see PARA 1094 ante.

2 For the meaning of 'electricity distributor' see PARA 1065 note 9 ante.

3 For the meaning of references to making a connection see PARA 1094 note 2 ante.

4 Ie regulations made under the Electricity Act 1989 s 29 (as amended): see PARA 1152 post.

- 5 Ibid s 17(1) (s 17 substituted by the Utilities Act 2000 s 44).
- 6 For the meaning of 'premises' see PARA 1041 note 5 ante.
- 7 For the meaning of 'distribution system' see PARA 1041 note 5 ante.
- 8 'Working day' means any day other than a Saturday, a Sunday, Christmas Day, Good Friday or a day which is a bank holiday within the meaning of the Banking and Financial Dealings Act 1971: Electricity Act 1989 s 64(1).
- 9 For the meaning of 'licence' see PARA 1041 note 12 ante.
- 10 For the meaning of 'exemption' see PARA 1046 note 7 ante.
- 11 Electricity Act 1989 s 17(3) (as substituted: see note 5 supra).
- 12 ie by any provision of ibid Sch 3 or Sch 4 (as amended): see PARAS 1284-1284, 1287 et seq post.
- 13 Ibid s 17(2) (as substituted: see note 5 supra).
- 14 See PARA 772 ante.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(i) Duties of Electricity Distributors/1096. Power to recover expenditure.

1096. Power to recover expenditure.

Where any electric line¹ or electrical plant² is provided³ by an electricity distributor⁴, the distributor may require any expenses reasonably⁵ incurred in providing it to be defrayed by the person requiring the connection⁶ to such extent as is reasonable in all the circumstances⁷.

The Secretary of State⁸ may, after consultation with the Gas and Electricity Markets Authority ('GEMA')⁹, make provision by regulations for entitling an electricity distributor to require a person requiring a connection¹⁰ to pay to the distributor, in respect of any expenses reasonably incurred in providing any electric line or electrical plant used for the purpose of making the connection, such amount as may be reasonable in all the circumstances if:

- 2376 (1) the connection is required within the prescribed period¹¹ after the provision of the line or plant; and
- 2377 (2) a person ('the initial contributor') has made a payment to the distributor in respect of those expenses, the line or plant having been provided for the purpose of making a connection to any premises or distribution system as required by that person¹².

Regulations made in pursuance of these provisions may require an electricity distributor who has recovered¹³ any amount in respect of expenses reasonably incurred in providing any electric line or electrical plant:

- 2378 (a) to exercise his rights under the regulations in respect of those expenses¹⁴; and
- 2379 (b) to apply any payments received by him in the exercise of those rights in making such payments as may be appropriate towards reimbursing the initial contributor and any persons previously required to make payments under the regulations¹⁵.

Whenever an electricity distributor intends to use any electric line or electrical plant for the purpose of making a further connection in any circumstances where he is obliged to exercise his rights in accordance with head (a) above¹⁶, he must inform any eligible persons¹⁷ of that fact and must also give them the following information:

- 2380 (i) the amount which the electricity distributor calculates would be recoverable¹⁸; and
- 2381 (ii) the estimated amount of his administrative expenses¹⁹.

An electricity distributor must maintain in relation to the provision of any electric line or electrical plant made on or after 1 June 2003 such records as are necessary to enable him to discharge the obligations imposed on him by the relevant²⁰ regulations²¹.

1 For the meaning of 'electric line' see PARA 1041 note 5 ante.

2 For the meaning of 'electrical plant' see PARA 1041 note 5 ante.

3 le in pursuance of the Electricity Act 1989 s 16(1) (as substituted): see PARA 1094 ante. For the meaning of references to the provision of any electric line or electrical plant for these purposes see PARA 1094 note 10 ante.

4 For the meaning of 'electricity distributor' see PARA 1065 note 9 ante.

5 Any reference for these purposes to any expenses reasonably incurred in providing an electric line or electrical plant includes a reference to the capitalised value of any expenses likely to be so incurred in continuing to provide it: Electricity Act 1989 s 19(4) (amended by the Utilities Act 2000 s 46(1), (5)).

6 For the meaning of references to requiring a connection for these purposes see PARA 1094 note 5 ante.

7 Electricity Act 1989 s 19(1) (amended by the Utilities Act 2000 s 46(1), (2)). See also *R v Director General of Electricity Supply, ex p London Electricity plc* [2000] All ER (D) 660, (2000) Times, 13 June (decided under the Electricity Act 1989 s 19(1) (as originally enacted) (reinforcement works necessitated by collective night storage heating project; individual residents liable to pay proportionate share of expenses). For the prescribed standards as to the time within which the distributor must give an estimate of any connection charges see PARA 1117 post.

8 As to the Secretary of State see PARA 601 note 1 ante.

9 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

10 le in pursuance of the Electricity Act 1989 s 16(1) (as substituted): see PARA 1094 ante.

11 'Prescribed' means prescribed by regulations made, unless the context otherwise requires, by the Secretary of State: *ibid* s 64(1) (definition amended by the Utilities Act 2000 s 108, Sch 6 Pt II paras 24, 38(1), (6)). The prescribed period is five years after the provision of any electric line or electrical plant for the purpose of making a connection to the premises or distribution system of an initial contributor: Electricity (Connection Charges) Regulations 2002, SI 2002/93, reg 4.

12 Electricity Act 1989 s 19(2) (substituted by the Utilities Act 2000 s 46(1), (3)). For the prescribed standards as to the time within which the distributor must give an estimate of any connection charges see PARA 1117 post.

13 le in pursuance of the Electricity Act 1989 s 19 (as amended) or of the regulations.

14 *Ibid* s 19(3)(a) (s 19(3) amended by the Utilities Act 2000 s 46(1), (4)). Subject to the Electricity (Connection Charges) Regulations 2002, SI 2002/93, reg 6 (as amended), an electricity distributor may require a person requiring a connection under the Electricity Act 1989 s 16(1) (as substituted) at any time after 11 February 2002 to pay to the electricity distributor such an amount in respect of the relevant expenses as may be reasonable in all the circumstances if (1) the connection is required within the prescribed period; (2) an initial contributor has made a payment to the electricity distributor or a public electricity supplier in respect of the relevant expenses; (3) the electricity distributor or the public electricity supplier as the case may be has not recovered the relevant expenses in full; and (3) the electricity distributor has made available to the person requesting the connection such information (if any) as may have been reasonably requested by that person for the purpose of ascertaining (a) the amount of the relevant expenses; (b) the date of the first provision of the electric line or electrical plant; and (c) the amounts paid in respect of the relevant expenses by the initial contributor or by persons previously required to make a payment under the Electricity (Connection Charges) Regulations 2002, SI 2002/93 (as amended) or under the Electricity (Connection Charges) Regulations 1990, SI 1990/527 (revoked): Electricity (Connection Charges) Regulations 2002, SI 2002/93, reg 5. Subject to reg 6(2)-(5) (as amended), an electricity distributor must exercise his rights under reg 5 if within the prescribed period (i) any electric line or electrical plant first provided for the purpose of making a connection to premises is subsequently used for the purpose of making a further connection to premises; and (ii) the relevant expenses have been wholly or mainly defrayed by the initial contributor or by that contributor and any other person previously required to make a payment in accordance with the Electricity (Connection Charges) Regulations 2002, SI 2002/93 (as amended) or the Electricity (Connection Charges) Regulations 1990, SI 1990/527 (revoked): Electricity (Connection Charges) Regulations 2002, SI 2002/93, reg 6(1) (reg 6(1), (2), (4) amended, and reg 6(5) added, by SI 2002/3232).

Subject to the Electricity (Connection Charges) Regulations 2002, SI 2002/93, reg 6(3), (4) (as so amended), the electricity distributor must exercise his rights under reg 5 in the manner which he considers is best calculated to secure the recovery of an amount which is not more than the proportion of the relevant expenses which is appropriate having regard to the maximum capacity required by the person requiring the further connection: reg 6(2) (as so amended). Where the electricity distributor exercises his rights under reg 5 in discharge of the obligation imposed on him by reg 6 (as amended), reg 5 is to be read and construed as if reg 5(c) (see head (3) supra) had been omitted: reg 6(3). The obligation imposed by reg 6 (as amended) does not apply in any case where: (A) the amount which would be applied in making payments to eligible persons in accordance with reg 7

(as amended) (see note 15 *infra*), after deduction in accordance with that regulation of the administrative expenses of the electricity distributor, is insufficient to provide a payment of £300 or more to at least one eligible person; or (B) at the relevant time there are no eligible persons: reg 6(4) (as so amended). Nor does the obligation so imposed apply in the case of any electric line or electrical plant which was provided before 1 June 2003 for the purpose of making a connection to the premises of an initial contributor where those premises were not used wholly or mainly for domestic purposes: reg 6(5) (as so added).

For the prescribed period see note 11 *supra*. 'Eligible person' means any person who at the relevant time owns or occupies the relevant premises, and is either an initial contributor, a person who has been required to make a contribution to an electricity distributor or a public electricity supplier in accordance with the Electricity (Connection Charges) Regulations 2002, SI 2002/93 (as amended) or the Electricity (Connection Charges) Regulations 1990, SI 1990/527 (revoked), or a person to whom any right to receive a payment in accordance with those regulations has been legally assigned: Electricity (Connection Charges) Regulations 2002, SI 2002/93, reg 3(1). For these purposes, 'relevant premises' means the premises owned or occupied by a person at the time when he became either an initial contributor or a person required to make a contribution to an electricity distributor or a public electricity supplier in accordance with the Electricity (Connection Charges) Regulations 2002, SI 2002/93 (as amended) or the Electricity (Connection Charges) Regulations 1990, SI 1990/527 (revoked), in respect of the connection to those premises: Electricity (Connection Charges) Regulations 2002, SI 2002/93, reg 3(2) (amended by SI 2002/3232). 'Initial contributor' means a person in relation to whose premises or distribution system any electric line or electrical plant was first provided for the purpose of making a connection and who made a payment in respect of the relevant expenses; 'relevant expenses' means any expenses reasonably incurred by an electricity distributor or a public electricity supplier in first providing any electric line or electrical plant which is subsequently used for the purpose of making a connection to the premises or distribution system of any person other than the initial contributor, and the reference in this definition to any expenses reasonably incurred in providing any electric line or electrical plant includes a reference to the capitalised value of any expenses likely to be so incurred in continuing to provide it; and 'relevant time' means the time at which a person requires a connection to be made in pursuance of the Electricity Act 1989 s 16(1) (as substituted) where compliance with that requirement involves the use of any electric line or electrical plant which has already been provided for the purpose of making a connection in pursuance of s 16(1) (as substituted): Electricity (Connection Charges) Regulations 2002, SI 2002/93, reg 2(1). 'Public electricity supplier' means a person who was authorised by a licence under the Electricity Act 1989 s 6(1)(c) (as originally enacted) prior to 1 October 2001: Electricity (Connection Charges) Regulations 2002, SI 2002/93, reg 2(1).

15 Electricity Act 1989 s 19(3)(b) (as amended: see note 14 *supra*). Where an electricity distributor has in discharge of the obligation imposed on him by the Electricity (Connection Charges) Regulations 2002, SI 2002/93, reg 6 (as amended) (see note 14 *supra*) recovered an amount, that amount must, subject to reg 7(2)-(4), be applied in making payments to eligible persons: reg 7(1). The electricity distributor may deduct his administrative expenses from the amount mentioned in reg 7(1) before he makes any payments to eligible persons: reg 7(2). Where payments fall to be made to two or more eligible persons in respect of the same relevant expenses in accordance with reg 7(1), each of those payments must bear the same proportion to the aggregate of those payments as the proportion which each payment made by or in relation to each such eligible person bears to the aggregate of the payments made by or in respect of those eligible persons: reg 7(3). Payments to eligible persons in accordance with reg 7 (as amended) must be made as soon as practicable after the electricity distributor has recovered the amount out of which those payments are to be made: reg 7(5). The electricity distributor is not, however, required by reg 7 (as amended) to make a payment to an eligible person if the amount of that payment would otherwise be less than £300: reg 7(4) (amended by SI 2002/3232). 'Administrative expenses' means the expenses reasonably incurred by an electricity distributor in discharging his obligations under the Electricity (Connection Charges) Regulations 2002, SI 2002/93 (as amended): reg 2(1).

16 *Ie* in any circumstances where *ibid* reg 6 (as amended) applies: see note 14 *supra*.

17 As to eligible persons see note 14 *supra*.

18 *Ie* in accordance with the Electricity (Connection Charges) Regulations 2002, SI 2002/93, reg 6 (as amended).

19 *Ibid* reg 8.

20 *Ie* by the Electricity (Connection Charges) Regulations 2002, SI 2002/93 (as amended): see notes 14-15 *supra*; and the text and notes 16-19 *supra*.

21 *Ibid* reg 8A (added by SI 2002/3232).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(i) Duties of Electricity Distributors/1097. Power to require security.

1097. Power to require security.

Subject to the following provisions, an electricity distributor¹ may require any person who requires a connection² to give him reasonable security for the payment to him of reasonable expenses³ in respect of the provision of any electric line⁴ or electrical plant⁵. If a person fails to give any security so required, or the security given has become invalid or insufficient, and he fails to provide alternative or additional security, the electricity distributor may if he thinks fit:

- 2382 (1) if the connection has not been made, refuse to provide the line or plant for so long as the failure continues; or
- 2383 (2) if the connection is being maintained, disconnect the premises⁶ or distribution system⁷ in question⁸.

Where any money is deposited with an electricity distributor by way of security in pursuance of these provisions, the distributor must pay interest, at such rate as may from time to time be fixed by the distributor with the approval of the Gas and Electricity Markets Authority ('GEMA')⁹, on every sum of 50 pence so deposited for every three months during which it remains in the hands of the distributor¹⁰.

1 For the meaning of 'electricity distributor' see PARA 1065 note 9 ante.

2 Ie in pursuance of the Electricity Act 1989 s 16(1) (as substituted): see PARA 1094 ante. For the meaning of references to requiring a connection for these purposes see PARA 1094 note 5 ante.

3 Ie the payment under *ibid* s 19 (as amended): see PARA 1096 ante.

4 For the meaning of 'electric line' see PARA 1041 note 5 ante; and for the meaning of references to the provision of any electric line for these purposes see PARA 1094 note 10 ante.

5 Electricity Act 1989 s 20(1) (s 20(1) substituted, and s 20(1A) added, by the Utilities Act 2000 s 47(1), (2)). For the meaning of 'electrical plant' see PARA 1041 note 5 ante; and for the meaning of references to the provision of any electrical plant for these purposes see PARA 1094 note 10 ante.

6 For the meaning of 'premises' see PARA 1041 note 5 ante.

7 For the meaning of 'distribution system' see PARA 1041 note 5 ante.

8 Electricity Act 1989 s 20(1A) (as added: see note 5 *supra*).

9 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 *et seq* ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

10 Electricity Act 1989 s 20(3) (amended by the Utilities Act 2000 s 47(1), (3); and by virtue of s 3(2)).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(i) Duties of Electricity Distributors/1098. Additional terms of connection.

1098. Additional terms of connection.

An electricity distributor¹ may require any person who requires a connection² to accept in respect of the making of the connection³:

- 2384 (1) any restrictions which must be imposed for the purpose of enabling the distributor to comply with supply and safety regulations⁴;
- 2385 (2) any terms which it is reasonable in all the circumstances for that person to be required to accept; and
- 2386 (3) without prejudice to the generality of head (2) above, any terms restricting any liability of the distributor for economic loss resulting from negligence which it is reasonable in all the circumstances for that person to be required to accept⁵.

1 For the meaning of 'electricity distributor' see PARA 1065 note 9 ante.

2 I.e. in pursuance of the Electricity Act 1989 s 16(1) (as substituted): see PARA 1094 ante. For the meaning of references to requiring a connection for these purposes see PARA 1094 note 5 ante.

3 For the meaning of references to making a connection for these purposes see PARA 1094 note 2 ante.

4 I.e. regulations under the Electricity Act 1989 s 29 (as amended): see PARA 1152 post.

5 Ibid s 21(a)-(c) (substituted by the Utilities Act 2000 s 48). It is reasonable under head (3) in the text to restrict liability for economic loss resulting from the interruption or variation of a supply of electricity, but not economic loss resulting from a fire caused by the provision of faulty electrical plant: see *AE Beckett & Sons (Lyndons) Ltd v Midlands Electricity plc* [2001] 1 WLR 281, [2000] All ER (D) 2192, CA (decided under the Electricity Act 1989 s 21(b) (as originally enacted), which enabled a public electricity supplier to restrict liability in similar terms to those now set out in the Electricity Act 1989 s 21(c) (as so substituted)). See also *Spartan Steel and Alloys Ltd v Martin and Co (Contractors) Ltd* [1973] QB 27 at 37-38, [1972] 3 All ER 557 at 563, CA, per Lord Denning MR; *SCM Ltd v WJ Whittall and Son Ltd* [1971] 1 QB 337, [1970] 3 All ER 245, CA. As to liability in negligence for pure economic loss at common law see NEGLIGENCE vol 78 (2010) PARA 13.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(i) Duties of Electricity Distributors/1099. Special agreements with respect to connection.

1099. Special agreements with respect to connection.

Notwithstanding anything in the statutory provisions regarding the duty to connect¹, a person who requires a connection² may enter into an agreement with the electricity distributor³ (a 'special connection agreement') for the making of the connection⁴ on such terms as may be agreed by the parties⁵.

So long as a special connection agreement is effective, the rights and liabilities of the parties are to be those arising under the agreement and not those provided for by the statutory provisions mentioned above⁶; but nothing in this provision prevents the giving of a notice⁷ requiring a connection to be made as from the time when a special connection agreement ceases to be effective⁸.

1 le notwithstanding anything in the Electricity Act 1989 ss 16-21 (as amended): see PARAS 1094-1098 ante.

2 le in pursuance of the Electricity Act 1989 s 16(1) (as substituted): see PARA 1094 ante. For the meaning of references to requiring a connection for these purposes see PARA 1094 note 5 ante.

3 For the meaning of 'electricity distributor' see PARA 1065 note 9 ante.

4 For the meaning of references to requiring a connection for these purposes see PARA 1094 note 2 ante.

5 Electricity Act 1989 s 22(1) (s 22 substituted by the Utilities Act 2000 s 49); and see the Electricity Act 1989 s 64(1) definition added by the Utilities Act 2000 s 108, Sch 6 Pt II paras 24, 38(1), (7)).

6 Electricity Act 1989 s 22(2) (as substituted: see note 5 supra).

7 le under *ibid* s 16A(1) (as added): see PARA 1094 ante.

8 Ibid s 22(3) (as substituted: see note 5 supra).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(i) Duties of Electricity Distributors/1100. Determination of disputes.

1100. Determination of disputes.

The following provisions apply¹ to any dispute arising under the statutory provisions regarding the duty to connect² between an electricity distributor³ and a person requiring a connection⁴. Such a dispute may be referred to the Gas and Electricity Markets Authority ('GEMA')⁵ by either party, or, with the agreement of either party, by the Gas and Electricity Consumer Council⁶. On such a reference, the dispute must be determined by order made either by the Authority or, if the Authority thinks fit, by an arbitrator appointed by the Authority⁷.

The practice and procedure to be followed in connection with any such determination is to be such as the Authority may consider appropriate⁸; but no dispute arising as mentioned above which relates to the making of a connection⁹ between any premises¹⁰ and a distribution system¹¹ may be referred to the Authority after the end of the period of 12 months beginning with the time when the connection is made¹².

Where a dispute so arising between an electricity distributor and a person requiring a connection falls to be determined under these provisions, the Authority may give directions¹³ as to the circumstances in which, and the terms on which, the distributor is to make or, as the case may be, to maintain a connection pending the determination of the dispute¹⁴; and this power also enables the Authority to require the giving of a supply¹⁵ of electricity pending such a determination¹⁶. Where any dispute arising under the statutory power to require security¹⁷ falls to be determined under these provisions, the Authority may give directions as to the security, if any, to be given pending the determination of the dispute¹⁸.

A person making an order under these provisions must include in the order his reasons for reaching his decision with respect to the dispute¹⁹. Such an order may include such incidental, supplemental and consequential provision, including provision requiring either party to pay a sum in respect of the costs or expenses incurred by the person making the order, as that person considers appropriate²⁰. In including in such an order any such provision as to costs or expenses, the person making the order must have regard to the conduct and means of the parties and any other relevant circumstances²¹. The order is to be final and is enforceable in England and Wales, in so far as it includes such provision as to costs or expenses, as if it were a judgment of the county court²².

1 Ie in addition to any disputes to which they apply by virtue of any other provision of the Electricity Act 1989. As to the application of s 23 (as amended) to the determination of disputes other than those arising in relation to the duty to connect see ss 24, 31, Sch 6 para 1(2), Sch 7 paras 1(7)-(9), 10(2A) (as amended); and PARAS 1102, 1180, 1188 post.

2 Ie arising under *ibid* ss 16-21 (as amended): see PARAS 1094-1098 ante.

3 For the meaning of 'electricity distributor' see PARA 1065 note 9 ante.

4 Electricity Act 1989 s 23(1) (s 23(1), (1A), (2) substituted, and s 23(1B), (1C) added, by the Utilities Act 2000 s 108, Sch 6 Pt II paras 24, 26(1), (2)). For the meaning of references to requiring a connection for these purposes see PARA 1094 note 5 ante. The payment of connection charges does not prevent the person who has paid them from referring their reasonableness for determination under s 23 (as amended): *R v Director General of Electricity Supply, ex p Redrow Homes (Northern) Ltd* (1995) Times, 21 February (decided under the Electricity Act 1989 s 23(1) prior to such substitution).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(ii) The Electricity Code/1101. Introduction.

(ii) The Electricity Code

1101. Introduction.

The electricity code, which is set out in Schedule 6 to the Electricity Act 1989¹, makes provision relating to the distribution² and supply³ of electricity⁴. In contrast to the gas code⁵, however, general provisions relating to the taking of a supply of electricity through a meter are not included in the electricity code, but are set out elsewhere in the 1989 Act⁶. The supply of meters to disabled persons and the use of prepayment meters where suppliers' charges have not been paid, are, however, dealt with by provisions in the code⁷.

1 See the Electricity Act 1989 s 24 (as amended), Sch 6 (as substituted); and PARA 1102 et seq post.

2 For the meaning of 'distribution' see PARA 1041 note 5 ante.

3 For the meaning of 'supply' see PARA 1041 note 10 ante.

4 See the Electricity Act 1989 s 24 (amended by the Utilities Act 2000 s 51(1)).

5 As to the gas code see PARA 856 et seq ante.

6 See the Electricity Act 1989 s 31, Sch 7 (as amended); and PARA 1180 et seq post.

7 See *ibid* Sch 6 paras 1, 2 (as substituted); and PARAS 1102-1103 post.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(ii) The Electricity Code/1102. Suppliers' charges relating to meters for disabled persons.

1102. Suppliers' charges relating to meters for disabled persons.

Where an electricity supplier¹, for the purpose of meeting the needs of a disabled person:

- 2387 (1) alters the position of any electricity meter provided by him for a customer of his; or
- 2388 (2) replaces such a meter with one which has been specially adapted,

the supplier must not charge the customer for the alteration or replacement².

Any dispute arising under these provisions may be referred to the Gas and Electricity Markets Authority ('GEMA')³ by either party or, with the agreement of either party, by the Gas and Electricity Consumer Council⁴ for determination⁵.

¹ For the meaning of 'electricity supplier' see PARA 1065 note 7 ante.

² Electricity Act 1989 s 24 (as amended), Sch 6 para 1(1) (substituted by the Utilities Act 2000 s 51(2), Sch 4).

³ As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

⁴ As to the establishment of the Gas and Electricity Consumer Council see PARA 716 ante; and as to the prospective abolition of the Council and the transfer of its functions to the new National Consumer Council to be established under the Consumers, Estate Agents and Redress Act 2007 see PARA 716 the text and notes 12-13 ante.

⁵ See the Electricity Act 1989 s 23(1A)(a) (as substituted); and PARA 1100 ante (applied by Sch 6 para 1(2) (as substituted: see note 2 supra)). Section 23 (as amended) (see PARA 1100 ante) applies to any such dispute: Sch 6 para 1(2) (as so substituted).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(ii) The Electricity Code/1103. Non-payment of suppliers' charges.

1103. Non-payment of suppliers' charges.

Where a customer has not, within the requisite period¹, paid all charges due from him to an electricity supplier² in respect of the supply³ of electricity to any premises⁴ or the provision of an electricity meter, the supplier may either install a prepayment meter on the premises or may disconnect the premises; and the supplier may recover any expenses incurred in so doing from the customer⁵.

This power may not be exercised:

- 2389 (1) as respects any amount which is genuinely in dispute⁶; and
- 2390 (2) unless not less than seven working days⁷ notice has been given⁸ to the occupier of the premises, or the owner of the premises if they are unoccupied, of the supplier's intention to exercise it⁹.

1 For these purposes, the 'requisite period' means the period of 28 days after the making by the supplier of a demand in writing for payment of the charges due: Electricity Act 1989 s 24 (as amended), Sch 6 para 2(3) (Sch 6 para 2 substituted by the Utilities Act 2000 s 51(2), Sch 4).

2 For the meaning of 'electricity supplier' see PARA 1065 note 7 ante.

3 For the meaning of 'supply' see PARA 1041 note 10 ante.

4 For the meaning of 'premises' see PARA 1041 note 5 ante.

5 Electricity Act 1989 Sch 6 para 2(1) (as substituted: see note 1 supra).

6 Ie disregarding for this purpose a dispute under *ibid* s 39 (as amended) or regulations made under it (standards of performance in individual cases: see PARA 1110 post). As to what constitutes a genuine dispute see *Joseph v East Ham Corp* [1936] 1 KB 367, CA (held that a bona fide dispute was to be taken to mean that the appellant was not, under cover of disputing the amount of the bill for electricity, attempting to evade his liability to pay what was properly due, but was bona fide disputing the amount which was due).

7 For the meaning of 'working day' see PARA 1095 note 8 ante.

8 For the meaning of 'notice' see PARA 1047 note 11 ante; and as to the giving of notices see PARA 1307 post.

9 Electricity Act 1989 Sch 6 para 2(2) (as substituted: see note 1 supra).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(ii) The Electricity Code/1104. Deemed contracts in certain cases.

1104. Deemed contracts in certain cases.

Where:

- 2391 (1) an electricity supplier¹ supplies electricity to any premises² otherwise than in pursuance of a contract, the supplier is to be deemed to have contracted with the occupier³, or the owner if the premises are unoccupied, for the supply of electricity as from the time ('the relevant time') when he began so to supply electricity⁴;
- 2392 (2) the owner or occupier of any premises takes a supply of electricity which has been conveyed to those premises by an electricity distributor⁵, that supply is not made by an authorised supplier⁶ and a supply of electricity so conveyed has been previously made by an electricity supplier, the owner or occupier is to be deemed to have contracted with the appropriate supplier⁷ for the supply of electricity as from the time ('the relevant time') when he began to take such a supply⁸;

but nothing in head (2) above is to be taken to afford a defence in any criminal proceedings⁹.

The express terms and conditions of a contract which, by virtue of head (1) or head (2) above, is deemed to have been made must be provided for by a scheme made under the following provisions¹⁰. Each electricity supplier must make, and may from time to time revise, a scheme for determining the terms and conditions which are to be incorporated in the contracts which, by virtue of head (1) or head (2) above, are to be deemed to have been made¹¹. The terms and conditions so determined may include terms and conditions for enabling the electricity supplier to determine, in any case where the meter is not read immediately before the relevant time, the quantity of electricity which is to be treated as supplied by the supplier to the premises, or taken by the owner or occupier of the premises, during the period beginning with the relevant time and ending with:

- 2393 (a) the time when the meter is first read after the relevant time; or
- 2394 (b) the time when the supplier ceases to supply electricity to the premises, or the owner or occupier ceases to take a supply of electricity,

whichever is the earlier¹².

Such a scheme may¹³ make different provision for different cases or classes¹⁴ of cases, or for different areas, determined by, or in accordance with, the provisions of the scheme¹⁵. As soon as practicable after an electricity supplier makes such a scheme, or a revision of such a scheme, he must:

- 2395 (i) publish, in such manner as he considers appropriate for bringing it to the attention of persons likely to be affected by it, a notice¹⁶ stating the effect of the scheme or revision;
- 2396 (ii) send a copy of the scheme or revision to the Gas and Electricity Markets Authority ('GEMA') and to the Gas and Electricity Consumer Council¹⁷; and

2397 (iii) if so requested by any other person, send such a copy to that person without charge to him¹⁸.

1 For the meaning of 'electricity supplier' see PARA 1065 note 7 ante.

2 For the meaning of 'supply' see PARA 1041 note 10 ante; and for the meaning of 'premises' see PARA 1041 note 5 ante.

3 There is no statutory definition of 'occupier' for these purposes; but see PARA 1094 note 6 ante.

4 Electricity Act 1989 s 24 (as amended), Sch 6 para 3(1) (Sch 6 para 3 substituted by the Utilities Act 2000 s 51(2), Sch 4).

5 For the meaning of 'electricity distributor' see PARA 1065 note 9 ante.

6 For the meaning of 'authorised supplier' see PARA 1094 note 7 ante.

7 The Gas and Electricity Markets Authority ('GEMA') must publish a document containing provision for determining the 'appropriate supplier' for these purposes: Electricity Act 1989 Sch 6 para 3(4) (as substituted: see note 4 supra). The Authority may revise the current document so published; and where it does so it must publish the revised document: Sch 6 para 3(5) (as so substituted). As to publication by the Authority see PARA 1045 note 6 ante. As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

13 Ie subject to ibid s 7B (as added), which relates to Scotland only.

14 As to the framing of classes see PARA 1051 note 4 ante.

15 Electricity Act 1989 Sch 6 para 3(9) (as substituted: see note 4 supra).

16 For the meaning of 'notice' see PARA 1047 note 11 ante.

17 As to the establishment of the Gas and Electricity Consumer Council see PARA 716 ante; and as to the prospective abolition of the Council and the transfer of its functions to the new National Consumer Council to be established under the Consumers, Estate Agents and Redress Act 2007 see PARA 716 the text and notes 12-13 ante.

18 Electricity Act 1989 Sch 6 para 3(10) (as substituted: see note 4 supra).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(ii) The Electricity Code/1105. Supplies of electricity illegally taken; restoration of connection without consent.

1105. Supplies of electricity illegally taken; restoration of connection without consent.

Where:

- 2398 (1) any person takes a supply¹ of electricity which is in the course of being conveyed by an electricity distributor², the distributor is entitled to recover from that person the value³ of the electricity so taken⁴;
- 2399 (2) any person at premises⁵ at which a connection has been restored in contravention⁶ of the prohibition set out below⁷ takes a supply of electricity which has been conveyed to those premises by an electricity distributor and the supply is taken otherwise than in pursuance of a contract made with an authorised supplier⁸, or of a contract deemed to have been made⁹ with an electricity supplier¹⁰, the distributor is entitled to recover from that person the value of the electricity so taken¹¹.

Each electricity distributor must make, and from time to time revise, a scheme providing for the manner in which, and the persons by whom, the quantity of electricity taken in such circumstances as are mentioned in head (1) or head (2) above is to be determined for the purposes of the above provisions¹². Such a scheme may¹³ make different provision for different cases or classes¹⁴ of cases, or for different areas, determined by, or in accordance with, the provisions of the scheme¹⁵. As soon as practicable after an electricity distributor makes such a scheme, or a revision of such a scheme, he must:

- 2400 (a) publish, in such manner as he considers appropriate for bringing it to the attention of persons likely to be affected by it, a notice¹⁶ stating the effect of the scheme or revision;
- 2401 (b) send a copy of the scheme or revision to the Gas and Electricity Markets Authority ('GEMA')¹⁷ and to the Gas and Electricity Consumer Council¹⁸; and
- 2402 (c) if so requested by any other person, send such a copy to that person without charge to him¹⁹.

Where, otherwise than in the exercise of a power conferred by supply and safety regulations²⁰, premises have been disconnected by an electricity supplier or an electricity distributor, no person must, without the consent of the supplier or, as the case may be, the distributor, restore the connection²¹. A person who acts in contravention of this prohibition is liable on summary conviction to a fine not exceeding level 3 on the standard scale²². A connection restored in contravention of this prohibition may be disconnected by the distributor to whose distribution system²³ the connection is made or, if the original disconnection was carried out by an electricity supplier, by that supplier²⁴.

1 For the meaning of 'supply' see PARA 1041 note 10 ante.

2 For the meaning of 'electricity distributor' see PARA 1065 note 9 ante.

3 For these purposes, 'value', in relation to any electricity taken in such circumstances as are mentioned in head (1) or head (2) in the text, means the amount which, if the electricity had been taken in such circumstances as are mentioned in the Electricity Act 1989 s 24 (as amended), Sch 6 para 3(2) (as substituted) (see PARA 1104 ante), could reasonably be expected to have been payable in respect of the electricity under a contract deemed to have been made by virtue of that provision: Sch 6 para 4(5) (Sch 6 paras 4, 5 substituted by the Utilities Act 2000 s 51(2), Sch 4).

4 Electricity Act 1989 Sch 6 para 4(1) (as substituted: see note 3 supra).

5 For the meaning of 'premises' see PARA 1041 note 5 ante.

6 For the meaning of 'contravention' see PARA 1070 note 20 ante.

7 Ie in contravention of the Electricity Act 1989 Sch 6 para 5(1) (as substituted): see the text and notes 20-21 infra.

8 For the meaning of 'authorised supplier' see PARA 1094 note 7 ante.

9 Ie by virtue of the Electricity Act 1989 Sch 6 para 3 (as substituted) (see PARA 1104 ante) or of the Utilities Act 2000 Sch 7 para 23 (former tariff customers).

10 For the meaning of 'electricity supplier' see PARA 1065 note 7 ante.

11 Electricity Act 1989 Sch 6 para 4(2) (as substituted: see note 3 supra).

12 Ibid Sch 6 para 4(3) (as substituted: see note 3 supra).

13 Ie subject to ibid s 7B (as added), which relates to Scotland only.

14 As to the framing of classes see PARA 1051 note 4 ante.

15 Electricity Act 1989 Sch 6 para 3(9) (as substituted), applied by Sch 6 para 4(4) (as substituted: see note 3 supra).

16 For the meaning of 'notice' see PARA 1047 note 11 ante.

17 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

18 As to the establishment of the Gas and Electricity Consumer Council see PARA 716 ante; and as to the prospective abolition of the Council and the transfer of its functions to the new National Consumer Council to be established under the Consumers, Estate Agents and Redress Act 2007 see PARA 716 the text and notes 12-13 ante.

19 Electricity Act 1989 Sch 6 para 3(10) (as substituted), applied by Sch 6 para 4(4) (as substituted: see note 3 supra).

23 For the meaning of 'distribution system' see PARA 1041 note 5 ante.

24 Electricity Act 1989 Sch 6 para 5(3) (as substituted: see note 3 supra).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(ii) The Electricity Code/1106. Damage to electrical plant etc.

1106. Damage to electrical plant etc.

A person who intentionally or by culpable negligence damages or allows to be damaged:

- 2403 (1) any electric line¹ or electrical plant² provided by an electricity distributor³;
or
2404 (2) any electricity meter provided by an electricity supplier⁴,

is liable on summary conviction to a fine not exceeding level 3 on the standard scale⁵.

Where such an offence has been committed⁶ by the occupier of any premises⁷, or by the owner of the premises if they are unoccupied when the offence is committed, in relation to any electric line or electrical plant provided by an electricity distributor for making or maintaining a connection to the premises, the distributor may disconnect the premises⁸; and where such an offence has been committed, in relation to an electricity meter provided by an electricity supplier which is situated on any premises, by the occupier, or by the owner of the premises if they are unoccupied when the offence is committed, the supplier may disconnect the premises and may remove the meter⁹. A meter so removed must be kept safely by the supplier until the Gas and Electricity Markets Authority ('GEMA')¹⁰ authorises its destruction or disposal¹¹.

The distributor or supplier is not to be under any obligation to reconnect, and in the case of a supplier to restore the supply to, any premises disconnected under the above provisions until:

- 2405 (a) the offender is no longer the occupier or, as the case may be, the owner of the premises; or
2406 (b) the matter in consequence of which the premises were disconnected has been remedied¹².

1 For the meaning of 'electric line' see PARA 1041 note 5 ante.

2 For the meaning of 'electrical plant' see PARA 1041 note 5 ante.

3 For the meaning of 'electricity distributor' see PARA 1065 note 9 ante.

4 For the meaning of 'electricity supplier' see PARA 1065 note 7 ante.

5 Electricity Act 1989 s 24 (as amended), Sch 6 para 6(1) (Sch 6 para 6 substituted by the Utilities Act 2000 s 51(2), Sch 4).

6 As to the meaning of 'where an offence has been committed' see *R v Director General of Gas Supply and British Gas plc, ex p Alison and Clifford Smith* (31 July 1989, unreported), QBD (CO/1398/88), where Pill J took a similar expression in the Gas Act 1986 s 15, Sch 5 para 10(2) (now repealed) to mean that conviction of an offence under Sch 5 para 10(1) (repealed) was not a precondition to the exercise by British Gas plc of its power to discontinue supplies to the person offending; it was sufficient to establish that it was more likely than not that an offence had been committed, taking into account the seriousness of the charge. As to the higher standard of proof required in criminal cases see generally CRIMINAL LAW, EVIDENCE AND PROCEDURE vol 11(3) (2006 Reissue) PARA 1372.

7 For the meaning of 'premises' see PARA 1041 note 5 ante; and as to the meaning of 'occupier' see PARA 1094 note 6 ante.

8 Electricity Act 1989 Sch 6 para 6(2) (as substituted: see note 5 supra).

10 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

11 Electricity Act 1989 Sch 6 para 6(4) (as substituted: see note 5 supra).

12 Ibid Sch 6 para 6(5) (as substituted: see note 5 supra).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(ii) The Electricity Code/1107. Powers of entry under the electricity code.

1107. Powers of entry under the electricity code.

Any officer or other person authorised¹ by an electricity distributor² may at all reasonable times, on the production of some duly authenticated document showing his authority³, enter any premises⁴ to which the distributor is maintaining a connection, for the purpose of inspecting any electric line⁵ or electrical plant⁶ provided by him⁷.

Any officer or other person authorised by an electricity supplier⁸ may at all reasonable times, on the production of some duly authenticated document showing his authority⁹, enter any premises to which electricity is being supplied¹⁰ by him for the purpose of ascertaining the register of any electricity meter and, in the case of a prepayment meter, removing any money or tokens belonging to the supplier, and for the purpose of removing, inspecting or reinstalling any electricity meter or installing any substitute meter¹¹. The supplier must provide a substitute meter while a meter is removed under this power¹². Where an electricity supplier is authorised¹³ to install a prepayment meter on any premises, any officer or other person authorised by the supplier may at all reasonable times enter the premises for the purpose of installing such a meter¹⁴. A power of entry for the purpose of removing or installing an electricity meter may not be exercised unless at least two working days' notice¹⁵ has been given to the occupier, or the owner of the premises if they are unoccupied¹⁶.

Where an electricity supplier or an electricity distributor is authorised by the specified statutory provisions¹⁷ to disconnect any premises or to remove an electricity meter, any officer or other person authorised by the supplier or distributor may at all reasonable times, on the production of some duly authenticated document showing his authority¹⁸, enter the premises for the purpose of disconnecting the premises or removing the meter¹⁹. Where:

- 2407 (1) an electricity distributor is authorised by any other provision of the Electricity Act 1989 or of regulations made under it²⁰ to disconnect any premises;
- 2408 (2) a person occupying premises which are connected to a distribution system²¹ of an electricity distributor ceases to require a connection; or
- 2409 (3) a person entering into occupation of any premises connected to a distribution system of an electricity distributor does not require such a connection,

any officer or other person authorised by the distributor may at all reasonable times, on the production of some duly authenticated document showing his authority²², enter the premises for the purpose of disconnecting the premises or removing any electrical plant or electric line provided by the distributor²³. Similarly, where:

- 2410 (a) an electricity supplier is authorised by any other provision of the Electricity Act 1989 or of regulations made under it²⁴ to disconnect any premises or to discontinue the supply to any premises;
- 2411 (b) a person occupying premises which are supplied with electricity by an electricity supplier ceases to require such a supply; or
- 2412 (c) a person entering into occupation of any premises previously supplied with electricity by an electricity supplier does not require such a supply,

any officer or other person authorised by the supplier may at all reasonable times, on the production of some duly authenticated document showing his authority²⁵, enter the premises for the purpose of disconnecting the premises or removing any electricity meter provided by the supplier²⁶. A power of entry under heads (1) to (3) or heads (a) to (c) above may not be exercised unless at least two working day's notice has been given to the occupier, or to the owner of the premises if they are unoccupied²⁷.

Any officer or other person authorised by an electricity distributor may at all reasonable times, on the production of some duly authenticated document showing his authority²⁸, enter any premises for the purpose of placing a new electric line or any new electrical plant in the place of or in addition to any existing line or plant which has already been lawfully placed, or repairing or altering any such existing line or plant²⁹. Such a power of entry may not be exercised unless at least five working days' notice has been given to the occupier of any premises, or to the owner of the premises if they are unoccupied³⁰. However, in the case of emergency arising from faults in an electric line or any electrical plant, entry may be made under the above power without the notice so required, but notice must then be given as soon as possible after the occurrence of the emergency³¹.

Where in pursuance of any power of entry conferred by the electricity code³², entry is made on any premises by a person authorised to do so:

- 2413 (i) that person must ensure that the premises are left no less secure by reason of the entry; and
- 2414 (ii) the supplier or distributor must make good, or pay compensation for, any damage caused by that person, or by any other person accompanying him³³, in entering the premises, in taking any action on the premises or in making them secure³⁴.

Any person exercising a power of entry so conferred may be accompanied by such other persons as may be necessary or expedient for the purpose for which the entry is made or for the purposes of head (i) or head (ii) above³⁵.

A person who intentionally obstructs a person exercising powers of entry conferred by the electricity code is liable on summary conviction to a fine not exceeding level 3 on the standard scale³⁶.

The Rights of Entry (Gas and Electricity Boards) Act 1954, which restricts rights of entry to premises, except in a case of emergency, so that either the occupier's consent or a justice's warrant is required³⁷, applies in relation to any of the above powers of entry³⁸.

1 Any reference in the Electricity Act 1989 s 24 (as amended), Sch 6 (as substituted) (the electricity code: see PARAS 1102-909 ante; the text and notes 2-38 infra; and PARA 1108 post) to an officer or other person authorised by an electricity supplier or an electricity distributor includes a reference to a person who, in accordance with a written authority given by the supplier or distributor to an agent of the supplier or distributor, is authorised by the agent on behalf of the supplier or distributor: Sch 6 para 10(2) (Sch 6 paras 7-10 substituted by the Utilities Act 2000 s 51(2), Sch 4).

2 For the meaning of 'electricity distributor' see PARA 1065 note 9 ante.

3 See the Electricity Act 1989 Sch 6 para 10(4) (as substituted: see note 1 supra). This does not mean that the right of entry can only be exercised if there is some person to whom the authority can be produced: see *Grove v Eastern Gas Board* [1952] 1 KB 77, [1951] 2 All ER 1051, CA.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(ii) The Electricity Code/1108. Electrical plant etc not to be subject to distress.

1108. Electrical plant etc not to be subject to distress.

Any electric line¹, electrical plant² or electricity meter belonging to or provided by an electricity distributor³ or electricity supplier⁴ which is marked or impressed with a sufficient mark or brand indicating an electricity supplier or electricity distributor as the owner or provider of it:

2415 (1) is to be deemed not to be landlord's fixtures⁵, notwithstanding that it may be fixed or fastened to any part of any premises⁶; and

2416 (2) is not to be subject to distress or be liable to be taken in execution under process of any court or any proceedings in bankruptcy against the person in whose possession it may be⁷.

1 For the meaning of 'electric line' see PARA 1041 note 5 ante.

2 For the meaning of 'electrical plant' see PARA 1041 note 5 ante.

3 For the meaning of 'electricity distributor' see PARA 1065 note 8 ante.

4 For the meaning of 'electricity supplier' see PARA 1065 note 7 ante.

5 As to landlord's fixtures see LANDLORD AND TENANT vol 27(1) (2006 Reissue) PARA 173.

6 For the meaning of 'premises' see PARA 1041 note 5 ante.

7 Electricity Act 1989 s 24 (as amended), Sch 6 para 11(1), (2) (substituted by the Utilities Act 2000 s 51(2), Sch 4).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iii) Consumer Protection/A. STANDARDS OF PERFORMANCE; SERVICE STANDARDS AND REMUNERATION/(A) Procedures for Prescribing or Determining Standards of Performance/1109. Procedures to be followed by the Gas and Electricity Markets Authority.

(iii) Consumer Protection

A. STANDARDS OF PERFORMANCE; SERVICE STANDARDS AND REMUNERATION

(A) PROCEDURES FOR PRESCRIBING OR DETERMINING STANDARDS OF PERFORMANCE

1109. Procedures to be followed by the Gas and Electricity Markets Authority.

Before prescribing standards of performance in regulations with regard to individual cases¹, or determining overall standards of performance², the Gas and Electricity Markets Authority ('GEMA')³ must:

- 2417 (1) arrange for such research as the Authority considers appropriate with a view to discovering the views of a representative sample of persons likely to be affected and consider the results;
- 2418 (2) publish a notice⁴ of its proposals and consider any representations which are duly made in respect of those proposals; and
- 2419 (3) consult the Gas and Electricity Consumer Council⁵ and the following persons or bodies⁶, namely:
 - 207 303. (a) electricity suppliers⁷, in the case of standards of performance relating to them⁸, or electricity distributors⁹ and electricity suppliers, in the case of standards of performance relating to electricity distributors¹⁰; and
 - 304. (b) persons or bodies appearing to the Authority to be representative of persons likely to be affected by the regulations or determination¹¹.
- 208

The notice required by head (2) above is a notice:

- 2420 (i) stating that the Authority proposes to prescribe or determine standards of performance and setting out the standards of performance proposed;
- 2421 (ii) stating the reasons why it proposes to prescribe or determine those standards of performance; and
- 2422 (iii) specifying the time, not being less than 28 days from the date of publication of the notice, within which representations with respect to the proposals may be made¹².

A notice so required must be published in such manner as the Authority considers appropriate for the purpose of bringing it to the attention of those likely to be affected by the proposals¹³.

The Authority must make arrangements for securing that such notices and relevant regulations¹⁴ and determinations¹⁵ are made available to the public by whatever means it considers appropriate¹⁶.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iii) Consumer Protection/A. STANDARDS OF PERFORMANCE; SERVICE STANDARDS AND REMUNERATION/(B) Standards of Performance in Individual Cases/(a) Powers to Prescribe Standards/1110. Power to prescribe standards of performance in individual cases in relation to electricity suppliers.

(B) STANDARDS OF PERFORMANCE IN INDIVIDUAL CASES

(a) Powers to Prescribe Standards

1110. Power to prescribe standards of performance in individual cases in relation to electricity suppliers.

The Gas and Electricity Markets Authority ('GEMA')¹ may, with the consent of the Secretary of State², make regulations prescribing such standards of performance in connection with the activities of electricity suppliers³, so far as affecting customers or potential customers of theirs, as in the Authority's opinion ought to be achieved in individual cases⁴. Such regulations may:

- 2423 (1) prescribe circumstances in which electricity suppliers are to inform persons of their rights under these provisions, or their rights under the statutory provisions⁵ relating to standards of performance in individual cases with regard to electricity distributors⁶;
- 2424 (2) prescribe such standards of performance in relation to any duty arising under head (1) above as, in the Authority's opinion, ought to be achieved in all cases;
- 2425 (3) prescribe circumstances in which electricity suppliers are to be exempted from any requirements of the regulations or of these provisions; and
- 2426 (4) if the Authority is of the opinion that the differences are such that no electricity supplier would be unduly disadvantaged in competing with other electricity suppliers, make different provision for different electricity suppliers⁷.

If an electricity supplier fails to meet a prescribed⁸ standard, he must make to any person who is affected by the failure and is of a prescribed description such compensation as may be determined by or under the regulations⁹. The making of compensation under these provisions in respect of any failure by an electricity supplier to meet a prescribed standard does not, however, prejudice any other remedy which may be available in respect of the act or omission which constituted that failure¹⁰.

¹ As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

² As to the Secretary of State see PARA 601 note 1 ante.

³ For the meaning of 'electricity supplier' see PARA 1065 note 7 ante.

⁴ Electricity Act 1989 s 39(1) (substituted by the Utilities Act 2000 s 108, Sch 6 Pt II paras 24, 32(a)).

⁵ ie their rights under the Electricity Act 1989 s 39A (as added): see PARA 1111 post.

⁶ For the meaning of 'electricity distributor' see PARA 1065 note 9 ante.

7 Electricity Act 1989 s 39(2) (amended by the Utilities Act 2000 ss 54(1)(a), 108, Sch 6 Pt II paras 24, 32(b), (c); and by virtue of s 3(2)).

8 For these purposes, 'prescribed' means prescribed by regulations under the Electricity Act 1989 s 39 (as amended): s 39(7).

9 Ibid s 39(3) (s 39(3), (4) amended by the Utilities Act 2000 s 108, Sch 6 Pt II paras 24, 32(d)).

10 Electricity Act 1989 s 39(4) (as amended: see note 9 *supra*). As to the Authority's power to impose penalties for failure to meet the prescribed standards see *PARA 1212 et seq post*.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iii) Consumer Protection/A. STANDARDS OF PERFORMANCE; SERVICE STANDARDS AND REMUNERATION/(B) Standards of Performance in Individual Cases/(a) Powers to Prescribe Standards/1111. Power to prescribe standards of performance in individual cases in relation to electricity distributors.

1111. Power to prescribe standards of performance in individual cases in relation to electricity distributors.

The Gas and Electricity Markets Authority ('GEMA')¹ may, with the consent of the Secretary of State², make regulations prescribing such standards of performance in connection with the activities of electricity distributors³, so far as affecting customers or potential customers of electricity suppliers⁴, as in the Authority's opinion ought to be achieved in individual cases⁵. The regulations may:

- 2427 (1) prescribe circumstances in which electricity distributors are to inform customers or potential customers of electricity suppliers of their rights under these provisions;
- 2428 (2) prescribe such standards of performance in relation to any duty arising under head (1) above as, in the Authority's opinion, ought to be achieved in all cases;
- 2429 (3) make provision as to the manner in which compensation under these provisions is to be made;
- 2430 (4) prescribe circumstances in which electricity distributors are to be exempted from any requirements of the regulations or of these provisions; and
- 2431 (5) if the Authority is of the opinion that the differences are such that no electricity distributor would be unduly disadvantaged in competing with other electricity distributors, make different provision with respect to different electricity distributors⁶.

If an electricity distributor fails to meet a prescribed⁷ standard, he must make to any person who is affected by the failure and is of a prescribed description such compensation as may be determined by or under the regulations⁸. Provision made under head (3) above may:

- 2432 (a) require or permit compensation to be made on behalf of electricity distributors by electricity suppliers to customers or potential customers; and
- 2433 (b) require electricity suppliers to provide services to electricity distributors in connection with the making of compensation under these provisions⁹.

The making of compensation under these provisions in respect of any failure to meet a prescribed standard does not prejudice any other remedy which may be available in respect of the act or omission which constituted that failure¹⁰.

¹ As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

² As to the Secretary of State see PARA 601 note 1 ante.

³ For the meaning of 'electricity distributor' see PARA 1065 note 9 ante.

- 4 For the meaning of 'electricity supplier' see PARA 1065 note 7 ante.
- 5 Electricity Act 1989 s 39A(1) (s 39A added by the Utilities Act 2000 s 54(2)).
- 6 Electricity Act 1989 s 39A(3) (as added: see note 5 supra).
- 7 For these purposes, 'prescribed' means prescribed by regulations under *ibid* s 39A (as added): s 39A(6) (as added: see note 5 supra).
- 8 *Ibid* s 39A(2) (as added: see note 5 supra).
- 9 *Ibid* s 39A(4) (as added: see note 5 supra).
- 10 *Ibid* s 39A(5) (as added: see note 5 supra). As to the Authority's power to impose penalties for failure to meet the prescribed standards see PARA 1212 et seq post.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iii) Consumer Protection/A. STANDARDS OF PERFORMANCE; SERVICE STANDARDS AND REMUNERATION/(B) Standards of Performance in Individual Cases/(b) Prescribed Standards for Electricity Distributors/1112. Supply restoration; normal weather conditions.

(b) Prescribed Standards for Electricity Distributors

1112. Supply restoration; normal weather conditions.

Where the supply to a customer's¹ premises is interrupted as a result of a failure of, fault in or damage to a relevant electricity distributor's² distribution system³, then except where the prescribed standard relating to the distributor's fuse applies⁴, that distributor must, except in any of the circumstances described in heads (a) and (b) below, pay the prescribed sum⁵ to the customer:

- 2434 (1) where the supply is not restored to the customer's premises within the relevant period⁶; and
- 2435 (2) in respect of each succeeding period of 12 hours upon the expiry of which the supply is not restored⁷.

The circumstances referred to above are:

- 2436 (a) each of the circumstances described in the prescribed exemptions from the normal and severe weather supply restoration standards⁸; and
- 2437 (b) where the supply to the customer's premises is interrupted as a result of a failure of, fault in or damage to the relevant electricity distributor's distribution system resulting from category 1, 2, or 3 severe weather conditions⁹.

For the purposes of calculating and making compensation payments under the above provisions, where supply is interrupted to a customer's premises that are directly connected¹⁰ to the distribution system of a relevant electricity distributor who is not a designated electricity distributor, that interruption is to be deemed to have been caused by the same category of event applicable to the designated electricity distributor in whose distribution services area that relevant electricity distributor operates¹¹.

1 'Customer' means an owner or occupier of premises in Great Britain who is supplied or requires to be supplied with electricity, and includes an electricity supplier where it is acting on behalf of such a person: Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, reg 3(1). For the meaning of 'premises' see PARA 1041 note 5 ante; for the meaning of 'electricity supplier' see PARA 1065 note 7 ante; and for the meaning of 'Great Britain' see PARA 602 note 7 ante. Regulation 5 (see the text and notes 2-9 infra) does not, however, apply in the Highlands and Islands of Scotland (reg 5(4)), for which special provision is made by reg 7. Regulation 7 is outside the scope of this work.

For these purposes: (1) where a person is a customer in respect of more than one set of premises, a reference in a regulation to 'customer' is a reference to that person in respect of each of the premises at which he is a customer to which the regulation applies; (2) any reference to a customer (except in relation to the entitlement to any payment due from a relevant operator under the 2005 Regulations) includes any person having apparent authority to represent the customer; and (3) any reference to a customer does not include any person who is supplied otherwise than through an appropriate meter (as prescribed in regulations made under the Electricity Act 1989 Sch 7 para 1(1A) (as added) (see PARA 1180 post): Electricity (Standards of Performance) Regulations

2005, SI 2005/1019, reg 3(4)(b), (d), (e). 'Relevant operator' means the relevant supplier or, as the case may be, the relevant electricity distributor or the electricity distributor and, in regs 17, 18, 19, and 20 (see PARAS 1123-1125, 1127 post) includes any electricity supplier; and 'relevant supplier' means an electricity supplier in whose licence Section D of the standard conditions of electricity supply licences had effect immediately prior to 1 August 2007 but only to the extent that the supplier is undertaking activities within its supply services area: Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, reg 3(1) (definition amended by SI 2007/2093). 'Standard conditions of electricity supply licences' means such conditions as may be determined by the Secretary of State for electricity supply licences pursuant to the Utilities Act 2000 s 33(1) (as amended) (see PARA 1069 ante), including any amendment or modification made to those standard conditions in accordance with the Electricity Act 1989, the Utilities Act 2000 or the Energy Act 2004, and a reference in a provision relating to electricity suppliers to a numbered standard condition is a reference to the standard condition bearing that number in the standard conditions of electricity supply licences; and 'supply services area' means, in relation to a relevant supplier, the area specified or described pursuant to standard condition 3 of the standard conditions of electricity supply licences as incorporated in that electricity supplier's licence immediately prior to 1 August 2007: Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, reg 3(1) (definition as so amended).

2 For the purposes of *ibid* regs 4-8, 'relevant electricity distributor', in relation to any customer, means: (1) the electricity distributor to whose distribution system that customer's premises are directly connected; or (2) where that distributor is entitled to rely on the exemption described at reg 8(9) (see PARA 1114 post) and has so notified the other electricity distributor to whom that provision refers, that other electricity distributor: reg 4(1) (h). For the meaning of 'electricity distributor' see PARA 1065 note 9 ante.

3 For the meaning of 'distribution system' see PARA 1041 note 5 ante.

4 *Ie* except where the Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, reg 10 applies: see PARA 1116 post.

5 'Prescribed sum' means, where the customer is a domestic customer, the amount in *ibid* Sch 1 Pt I col 3, or where the customer is a non-domestic customer, the amount in column Sch 1 Pt I col 4, in either case opposite the reference to that paragraph or sub-paragraph of the regulation in Sch 1 Pt I col 1: reg 3(1). 'Pay' includes crediting the account of the customer for charges incurred or to be incurred in respect of the supply or in respect of the provision of any electricity meter, electric line or electrical plant, and 'payment' is to be construed accordingly: reg 3(1). 'Domestic customer' means a customer supplied or requiring to be supplied with electricity at domestic premises (but excluding such customer in so far as he is supplied or requires to be supplied at premises other than domestic premises); 'domestic premises' means premises at which a supply is taken or to be taken wholly or mainly for domestic purposes; and 'non-domestic customer' means any customer other than a domestic customer: reg 3(1). See further notes 6, 7 *infra*.

6 For the purposes of *ibid* regs 4-8, 'relevant period' means the prescribed period commencing at the earlier of (1) the first time at which an electricity distributor is informed by a customer that the supply to that customer's premises has been discontinued; or (2) the first time at which an electricity distributor is informed by a person other than that customer or is otherwise made aware by the operation of any automatic system operated by that distributor of circumstances in which reg 5(1) (see the text and notes 1-4 *supra*), reg 6(1), 6(2), or 6(3) (see PARA 1113 post) or reg 7(1) (which applies to the Highlands and Islands of Scotland) applies or may reasonably be expected to apply to premises including the customer's premises; provided that (a) where the interruption of supply to a customer's premises arises from a failure of, fault in, or damage to an underground electric line of a nominal voltage of 20 kilovolts operated by an electricity distributor the prescribed period commences at the time which is 12 hours after the time at which head (1) or head (2) *supra* applies; and (b) with the exception of interruptions of supply occurring anywhere in the Highlands and Islands of Scotland, where any steps necessary to restore the supply to a customer's premises are prevented by ice accretion, flooding, or snow affecting a relevant part of a relevant electricity distributor's distribution system that was being used to distribute electricity to the premises immediately before the supply was interrupted, it means the time at which the effects of the ice accretion, flooding, or snow no longer prevent such steps from being taken: reg 4(1)(i). 'Prescribed period' in relation to any paragraph or sub-paragraph of the Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, means the period in Sch 1 Pt I col 2 opposite the reference to that paragraph or sub-paragraph in Sch 1 Pt I col 1: reg 3(1).

For the purposes of head (1) in the text, the prescribed period is 18 hours and the prescribed sum is £50 in the case of a domestic customer and £100 in the case of a non-domestic customer: Sch 1 Pt I.

7 *Ibid* reg 5(1), (2). For the purpose of head (2) in the text, the prescribed sum is £25: Sch 1 Pt I.

8 *Ie* each of the circumstances described in *ibid* reg 8: see PARA 1114 post.

9 *Ibid* reg 5(3). For the purposes of regs 4-8: (1) 'category 1 severe weather conditions' means (a) conditions in which eight or more times the daily mean faults on the designated electricity distributor's distribution system at distribution higher voltage caused by weather predominantly related to lightning in a 24 hour period affect less than the category 3 threshold number of customers; or (b) conditions in which eight or more but less than

13 times the daily mean faults on the designated electricity distributor's distribution system at distribution higher voltage caused by weather not predominantly related to lightning in a 24 hour period affect less than the category 3 threshold number of customers; (2) 'category 2 severe weather conditions' means conditions in which 13 or more times the daily mean faults on the designated electricity distributor's distribution system at distribution higher voltage in a 24 hour period caused by weather not predominantly related to lightning affect less than the category 3 threshold number of customers; (3) 'category 3 severe weather conditions' means conditions in which faults on the designated electricity distributor's distribution system caused by weather interrupt a number of customers that is equal to or greater than the category 3 threshold number of customers; (4) 'category 3 threshold number of customers' means, for each designated electricity distributor, the number in Sch 1 Pt III Table, col 4 opposite the reference to that distributor in Sch 1 Pt III Table, col 1; (5) 'distribution higher voltage' means any nominal voltage of more than 1,000 volts up to and including 132 kilovolts in England and Wales and up to but excluding 132 kilovolts in Scotland; (6) 'eight times the daily mean faults at distribution higher voltage' means, for each designated electricity distributor, the number in Sch 1 Pt III Table, col 2 opposite the reference to that distributor in Sch 1 Pt III Table, col 1; (7) '13 times the daily mean faults at distribution higher voltage' means, for each designated electricity distributor, the number in Sch 1 Pt III Table, col 3 opposite the reference to that distributor in Sch 1 Pt III Table, col 1: reg 4(1)(a)-(f), (j).

'Designated electricity distributor' means an electricity distributor in whose licence Section C of the standard conditions of distribution licences is in effect but only to the extent that the electricity distributor is undertaking activities within its distribution services area; 'distribution services area' means, in relation to a designated electricity distributor, the area specified or described pursuant to standard condition 2 of the standard conditions of electricity distribution licences as incorporated in that electricity distributor's licence; and 'standard conditions of electricity distribution licences' means such conditions as may be determined by the Secretary of State for electricity distribution licences pursuant to the Utilities Act 2000 s 33(1) (as amended), including any amendment or modification made to those standard conditions in accordance with the Electricity Act 1989, the Utilities Act 2000, or the Energy Act 2004, and a reference in a provision relating to electricity distributors to a numbered standard condition is a reference to the standard condition bearing that number in the standard conditions of electricity distribution licences: Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, reg 3(1).

10 'Directly connected', in relation to premises, means so connected to an electricity distributor's distribution system that the final connection to the premises is from that system: *ibid* reg 3(1).

11 See *ibid* reg 4(2).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iii) Consumer Protection/A. STANDARDS OF PERFORMANCE; SERVICE STANDARDS AND REMUNERATION/(B) Standards of Performance in Individual Cases/(b) Prescribed Standards for Electricity Distributors/1113. Supply restoration; severe weather conditions.

1113. Supply restoration; severe weather conditions.

Where the supply to a customer's¹ premises² is interrupted as a result of a failure of, fault in or damage to a relevant electricity distributor's³ distribution system⁴ resulting from category 1 severe weather conditions⁵, then except where the prescribed standard relating to the distributor's fuse applies⁶, that distributor must, except in each of the circumstances described in the prescribed exemptions from the normal and severe weather supply restoration standards⁷, pay the prescribed sum⁸ to the customer:

2438 (1) where the supply is not restored to the customer's premises within the relevant period⁹; and

2439 (2) in respect of each succeeding period of 12 hours upon the expiry of which the supply is not restored¹⁰,

up to a maximum of £200 per customer¹¹.

Similarly, where the supply to a customer's premises is interrupted as a result of a failure of, fault in or damage to a relevant electricity distributor's distribution system resulting from category 2 severe weather conditions¹², then except where the prescribed standard relating to the distributor's fuse applies¹³, that distributor must, except in each of the circumstances described in the prescribed exemptions from the normal and severe weather supply restoration standards¹⁴, pay the prescribed sum to the customer:

2440 (a) where the supply is not restored to the customer's premises within the relevant period¹⁵; and

2441 (b) in respect of each succeeding period of 12 hours upon the expiry of which the supply is not restored¹⁶,

up to a maximum of £200 per customer¹⁷.

Where the supply to a customer's premises is interrupted as a result of a failure of, fault in or damage to a relevant electricity distributor's distribution system resulting from category 3 severe weather conditions¹⁸, then except where the prescribed standard relating to the distributor's fuse applies¹⁹, that distributor must, except in each of the circumstances described in the prescribed exemptions from the normal and severe weather supply restoration standards²⁰, pay the prescribed sum to the customer:

2442 (i) where the supply is not restored to the customer's premises within the period calculated by the application of the prescribed formula²¹, the result of which is to represent and be expressed as a number of hours²²; and

2443 (ii) in respect of each succeeding period of 12 hours upon the expiry of which the supply is not restored²³,

up to a maximum of £200 per customer²⁴; but this does not apply for any relevant electricity distributor where any designated electricity distributor²⁵ experiences category 3 severe weather conditions in which the total number of customers interrupted²⁶ is equal to or greater than the upper threshold number of customers²⁷ due to the same weather event²⁸.

For the purposes of calculating and making compensation payments under the above provisions, where supply is interrupted to a customer's premises that are directly connected²⁹ to the distribution system of a relevant electricity distributor who is not a designated electricity distributor, that interruption is to be deemed to have been caused by the same category of event applicable to the designated electricity distributor in whose distribution services area that relevant electricity distributor operates; and the application of the formula referred to in head (i) above must be based on the total number of customers interrupted in the designated distributor's distribution service area in which that relevant electricity distributor operates³⁰.

1 For the meaning of 'customer' see PARA 1112 note 1 ante. The Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, reg 6 (see the text and notes 2-28 infra) does not, however, apply in any part of the Highlands and Islands of Scotland (reg 6(7)) for which special provision is made by reg 7. Regulation 7 is outside the scope of this work.

2 For the meaning of 'premises' see PARA 1041 note 5 ante.

3 For the meaning of 'relevant electricity distributor' see PARA 1112 note 2 ante.

4 For the meaning of 'distribution system' see PARA 1041 note 5 ante.

5 For the meaning of 'category 1 severe weather conditions' see PARA 1112 note 9 ante.

6 Ie except where the Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, reg 10 applies: see PARA 1116 post.

7 Ie described in ibid reg 8: see PARA 1114 post.

8 For the meanings of 'pay' and 'the prescribed sum' see PARA 1112 note 5 ante.

9 For the meaning of 'the relevant period' see PARA 1112 note 6 ante. For the purposes of head (1) in the text, the prescribed period is 24 hours and the prescribed sum is £25: Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, Sch 1 Pt I.

10 For the purposes of head (2) in the text, the prescribed sum is £25: ibid Sch 1 Pt I.

11 Ibid reg 6(1), (4).

12 For the meaning of 'category 2 severe weather conditions' see PARA 1112 note 9 ante.

13 See note 6 supra.

14 See note 7 supra.

15 The prescribed period for the purposes of head (a) in the text is 48 hours and the prescribed sum is £25: Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, Sch 1 Pt I.

16 The prescribed sum for the purposes of head (b) in the text is £25: ibid Sch 1 Pt I.

17 Ibid reg 6(2), (5).

18 For the meaning of 'category 3 severe weather conditions' see PARA 1112 note 9 ante.

19 See note 6 supra.

20 See note 7 supra.

21 For the prescribed formula see the Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, reg 6(6)(a).

- 22 The prescribed sum for the purposes of head (i) in the text is £25: *ibid* Sch 1 Pt I.
- 23 The prescribed sum for the purposes of head (ii) in the text is £25: *ibid* Sch 1 Pt I.
- 24 *Ibid* reg 6(3), (6).
- 25 For the meaning of 'designated electricity distributor' see PARA 1112 note 9 ante.
- 26 'Total number of customers interrupted' means, for each designated electricity distributor for the purposes of the Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, reg 6(6) and 6(8), the total number of customers whose supplies are interrupted by the category 3 weather conditions in that distributor's distribution services area: reg 4(1)(k). For the meaning of 'distribution services area' see PARA 1112 note 9 ante.
- 27 For these purposes, 'upper threshold number of customers' means, for each designated electricity distributor, the number in *ibid* Sch 1 Pt III Table, col 5 opposite the reference to that distributor in Sch 1 Pt III Table, col 1: *ibid* reg 4(1)(l).
- 28 *Ibid* reg 6(8).
- 29 For the meaning of 'directly connected' see PARA 1112 note 10 ante.
- 30 Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, reg 4(2).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iii) Consumer Protection/A. STANDARDS OF PERFORMANCE; SERVICE STANDARDS AND REMUNERATION/(B) Standards of Performance in Individual Cases/(b) Prescribed Standards for Electricity Distributors/1114. Exemptions from the normal and severe weather supply restoration standards.

1114. Exemptions from the normal and severe weather supply restoration standards.

The following are the general circumstances in which there is no obligation to pay compensation under the prescribed standards¹ for the restoration of supply by electricity distributors²:

- 2444 (1) it was not reasonable in all the circumstances for the relevant electricity distributor³ to be aware that the supply had not been restored⁴;
- 2445 (2) that:
- 209 305. (a) the premises⁵ to which the supply was interrupted are situated on an island;
- 306. (b) the supply to premises on that island is normally provided through an electric line⁶ situated on or under the sea bed;
- 307. (c) the failure, fault or damage occurred in that part of the electric line which is situated below the high water mark of spring tides; and
- 308. (d) no alternative means is normally available to the relevant electricity distributor to supply the premises on that island⁷;
- 210 2446 (3) the relevant electricity distributor to whose network the customer⁸ is connected has not received a claim for compensation from the customer in respect of the specified circumstance⁹ within a period of three months from the date upon which the supply was restored to those premises¹⁰;
- 2447 (4) the customer informs the relevant electricity distributor before the contravention time¹¹ that the customer does not wish that distributor to take any action, or any further action in relation to the matter¹²;
- 2448 (5) the customer agrees with the relevant electricity distributor that the action taken by that distributor before the contravention time is to be treated as the taking by the distributor of the required action and, where the action taken by the distributor includes a promise to perform any action, whether before or after the contravention time, the distributor duly performs that promise¹³;
- 2449 (6) the failure of, fault in, or damage to the relevant electricity distributor's distribution system¹⁴, or that distributor's inability to take the required action in relation to such failure, fault, or damage before the contravention time, was the result of an event for which emergency regulations¹⁵ have been made¹⁶;
- 2450 (7) it was not reasonably practicable for the relevant electricity distributor to take the required action before the contravention time as a result of:
- 211 309. (a) industrial action by the employees of that distributor;
- 310. (b) the act or default of a person other than an officer, employee or agent of the relevant electricity distributor or any other electricity distributor, or of a person acting on behalf of an agent thereof;

311. (c) the inability of that distributor to obtain any necessary access to any premises, which may include its own premises;
312. (d) the existence of circumstances by reason of which that distributor could reasonably expect that if it took the action it would or would be likely to be in breach of an enactment¹⁷; or
313. (e) circumstances of an exceptional nature beyond the control of the relevant electricity distributor, other than severe weather or the effects of severe weather or those circumstances set out in heads (a) to (d) above,
- 212
- 2451 and the relevant electricity distributor had in each case taken all such steps as it was reasonable to take both to prevent the circumstances from occurring and to prevent them from having that effect¹⁸;
- 2452 (8) where the interruption of supply to the customer's premises would not have occurred but for a failure of, fault in, or damage to the distribution system of another electricity distributor¹⁹;
- 2453 (9) the relevant electricity distributor reasonably considers that the information given by the customer is frivolous or vexatious²⁰;
- 2454 (10) the customer has committed an offence under the provision of the electricity code which penalises the causing of damage to electric lines, electrical plant or electricity meters²¹ and the action taken or not taken by the relevant electricity distributor was in exercise of its powers under that provision²².

1 Ie under the Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, regs 4-6: see PARAS 1112-1113 ante.

2 Ibid reg 8(1). For the meaning of 'electricity distributor' see PARA 1065 note 9 ante.

3 For the meaning of 'relevant electricity distributor' see PARA 1112 note 2 ante. For the purposes of ibid reg 8, each reference to 'distributor' includes (where the case requires) a reference to more than one distributor: reg 8(12)(b).

4 Ibid reg 8(2).

5 For the meaning of 'premises' see PARA 1041 note 5 ante.

6 For the meaning of 'electric line' see PARA 1041 note 5 ante.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iii) Consumer Protection/A. STANDARDS OF PERFORMANCE; SERVICE STANDARDS AND REMUNERATION/(B) Standards of Performance in Individual Cases/(b) Prescribed Standards for Electricity Distributors/1115. Supply restoration; multiple interruptions.

1115. Supply restoration; multiple interruptions.

The following provisions apply to an electricity distributor¹ where the supply to a customer's² premises³ that is directly connected⁴ to that electricity distributor's distribution system⁵ is interrupted for four periods, each of not less than three hours, during a relevant year⁶. For these purposes:

- 2455 (1) where successive interruptions are caused by or arise during actions taken by any electricity distributor to effect temporary or permanent restoration of the supply to those premises or to other premises affected by the event which caused the interruption of supply to the premises, any temporary restoration of supply for a period not exceeding three minutes is to be ignored in calculating the period of the interruption;
- 2456 (2) the period of an interruption is to be deemed to start at the first time at which the distributor is either informed by a customer that the supply to the customer's premises has been interrupted, or is informed by a person other than the customer or is otherwise made aware by the operation of any automatic system operated by the distributor of circumstances in which the supply to the customer's premises has been interrupted or may reasonably be expected to have been interrupted; and
- 2457 (3) an interruption in any of the circumstances described in heads (a) to (h) below is not to be treated as an interruption⁷.

The circumstances referred to in head (3) above are:

- 2458 (a) within the period of three hours after the interruption began:
- 213
- 314. (i) the customer informed the distributor that the customer did not wish the distributor to take any action or any further action; or
 - 315. (ii) the customer agreed with the electricity distributor that the action taken by the distributor before the expiry of that period should be treated as the taking by the distributor of the action required to cause the interruption to cease and, where that action included a promise to perform any action, whether within or after the expiry of that period, the distributor duly performed that promise; or
 - 316. (iii) it was not reasonably practicable for an electricity distributor to take the action required to cause the interruption to cease as a result of the existence of circumstances by reason of which the distributor could reasonably have expected that if it took that action it would have been or would be likely to have been in breach of an enactment⁸;
- 214
- 2459 (b) the distributor had given to the customer prior notice⁹ of its intention or any other electricity distributor's intention to interrupt the supply to the customer's premises;

- 2460 (c) the interruption was a result of a failure of, fault in or damage to either the transmission system¹⁰ to which the electricity distributor's distribution system or another electricity distributor's distribution system was connected or a generating station¹¹ connected to that transmission system;
- 2461 (d) the interruption was a result of a failure of, fault in or damage to a generating station connected to the distributor's distribution system or another electricity distributor's distribution system;
- 2462 (e) the interruption was one where the prescribed standards with regard to supply restoration in normal conditions¹², supply restoration in severe weather conditions¹³ or the distributor's fuse¹⁴ apply;
- 2463 (f) the interruption was a result of the act or default of the electricity supplier to the premises or of the customer;
- 2464 (g) the cause of the interruption resulted in the interruption of supply to more than 500,000 customers in Great Britain¹⁵ as notified by the Gas and Electricity Markets Authority ('GEMA')¹⁶ to the distributor; or
- 2465 (h) the interruption, or the inability of an electricity distributor to take the action required in order to cause the interruption to cease before the expiry of the period of three hours after the interruption began, was the result of an event for which emergency regulations¹⁷ have been made¹⁸.

Where these provisions apply, and except in any of the following circumstances, namely:

- 2466 (A) that the electricity distributor has not received a claim for compensation from the customer within a period of three months after the expiry of the relevant year in which these provisions apply;
- 2467 (B) that the interruptions as a result of which these provisions apply were not all in respect of the supply to the same premises; or
- 2468 (C) that the customer or, where more than one person is the customer, at least one such person, was not the customer of the premises to which the supply was interrupted on the occasion of each of the interruptions as a result of which these provisions apply¹⁹,

the distributor must pay the prescribed sum²⁰ to the customer²¹.

1 For the meaning of 'electricity distributor' see PARA 1065 note 9 ante.

2 For the meaning of 'customer' see PARA 1112 note 1 ante.

3 For the meaning of 'premises' see PARA 1041 note 5 ante.

4 For the meaning of 'directly connected' see PARA 1112 note 10 ante.

5 For the meaning of 'distribution system' see PARA 1041 note 5 ante.

6 Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, reg 9(1). For these purposes, 'relevant year' means a period of 12 months commencing on 1 April: reg 9(6).

7 Ibid reg 9(2).

8 Ie including any directions given by the Secretary of State under the Electricity Act 1989 s 96: see PARA 1179 post. As to the Secretary of State see PARA 601 note 1 ante.

9 Where more than one person is a customer in respect of particular premises, a notice given by a relevant operator to one person who is a customer in respect of those premises is a sufficient notice to any other person who is a customer in respect of those premises at the time at which the notice is given: Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, reg 3(4). For the meaning of 'relevant operator' see PARA 1112 note 1 ante.

- 21 Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, reg 9(4). The prescribed sum for these purposes is £50: Sch 1 Pt I.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iii) Consumer Protection/A. STANDARDS OF PERFORMANCE; SERVICE STANDARDS AND REMUNERATION/(B) Standards of Performance in Individual Cases/(b) Prescribed Standards for Electricity Distributors/1116. Distributor's fuse operating so as to disconnect supply.

1116. Distributor's fuse operating so as to disconnect supply.

The following provisions apply to an electricity distributor¹ where that distributor is informed by a telephone call made by a customer² whose premises³ are directly connected⁴ to that distributor's distribution system⁵ that, or of circumstances suggesting that, the distributor's fuse⁶ has operated so as to disconnect the supply to those premises⁷. Where information is received by the distributor outside working hours⁸ it is to be deemed for these purposes to have been received at the commencement of the next following period of working hours⁹.

Where, within the prescribed period¹⁰ from the applicable date¹¹, an appropriate person¹² fails to attend at the premises where the distributor's fuse is situated for the purpose of replacing or reinstating that fuse and restoring the supply, the distributor must, except in any of the circumstances described in heads (1) to (3) below, pay to the customer the prescribed sum¹³. The circumstances referred to are:

- 2469 (1) each of the circumstances described in the general statutory exemptions from the requirement to pay compensation¹⁴;
- 2470 (2) that the customer requested the distributor not to restore the supply; and
- 2471 (3) that the distributor's fuse had not operated so as to disconnect the supply¹⁵.

1 For the meaning of 'electricity distributor' see PARA 1065 note 9 ante.

2 For the meaning of 'customer' see PARA 1112 note 1 ante.

3 For the meaning of 'premises' see PARA 1041 note 5 ante.

4 For the meaning of 'directly connected' see PARA 1112 note 10 ante.

5 For the meaning of 'distribution system' see PARA 1041 note 5 ante.

6 'Distributor's fuse' means the fusible cut-out or automatic switching device of the electricity distributor for disconnecting the supply to the customer's premises situated nearest to the appropriate meter for the customer's premises and on the distributor's side thereof: Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, reg 3(1). For the meaning of 'appropriate meter' see PARA 1180 note 3 post (definition applied by the Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, reg 3(1).

7 Ibid reg 10(1).

8 'Working hours' means the period between 7 am and 7 pm on each working day and 9 am and 5 pm on any other day: ibid reg 3(1), Sch 1 Pt II. For the meaning of 'working day' see PARA 1095 note 8 ante.

9 Ibid reg 10(2).

10 For the meaning of 'prescribed period' see PARA 1112 note 6 ante. The prescribed period for these purposes is three hours on a working day and four hours on any other day: ibid Sch 1 Pt I.

11 In the Electricity (Standards of Performance) Regulations 2005, SI 2005/1019 (as amended), unless the context otherwise requires, 'applicable date' means, in relation to each occasion on which a regulation applies,

the day on which that regulation first applies, or, where a prescribed period in a paragraph of a regulation is expressed in hours, the time on that day when that regulation first applies: reg 3(1).

12 For these purposes, 'appropriate person' means a person employed or authorised by the distributor to restore the supply where the distributor's fuse has operated: *ibid* reg 10(5).

13 *Ibid* reg 10(3). For the meanings of 'pay' and 'the prescribed sum' see *PARA 1112* note 5 *ante*. The prescribed sum for these purposes is £20: *Sch 1 Pt I*.

14 *Ie* described in *ibid* reg 20: see *PARA 1125* *post*.

15 *Ibid* reg 10(4).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iii) Consumer Protection/A. STANDARDS OF PERFORMANCE; SERVICE STANDARDS AND REMUNERATION/(B) Standards of Performance in Individual Cases/(b) Prescribed Standards for Electricity Distributors/1117. Estimate of charges for connection.

1117. Estimate of charges for connection.

Where:

- 2472 (1) a customer¹ gives a notice requesting a connection², including a notice modifying any previous notice, and requests that an electricity distributor³ provides an estimate⁴;
- 2473 (2) the connection to which the notice relates is to enable a supply to be provided at distribution low voltage⁵; and
- 2474 (3) the distributor receives from the customer the information relating to the provision of the connection which is or could reasonably be expected to be within the knowledge of the customer and which the distributor reasonably requires to enable it to provide the estimate,

the following provisions apply⁶. Where it is reasonable for the distributor to believe that it will not be necessary to carry out any significant work other than the provision of a service line⁷ and a distributor's fuse⁸ to enable the connection to be given⁹, and the distributor fails to dispatch an estimate to the customer within the prescribed period¹⁰ from the applicable date¹¹, the distributor must, except in any of the circumstances described in the general statutory exemptions from the requirement to pay compensation¹², pay to the customer the prescribed sum¹³. Where, however, it is not reasonable for the distributor to believe as described above¹⁴ and the distributor fails to dispatch an estimate to the customer within the prescribed period¹⁵ from the applicable date, the distributor must, except in any of the circumstances described in heads (a) and (b) below, pay to the customer the prescribed sum¹⁶. The circumstances referred to are:

- 2475 (a) each of the circumstances described in the general statutory exemptions from the requirement to pay compensation¹⁷; and
- 2476 (b) that the distributor reasonably believes that the premises referred to in the notice form or will form part of a development scheme comprising five or more premises¹⁸.

In providing an estimate, the distributor:

- 2477 (i) may reserve the right to vary the amount stated in the estimate having regard to its actual costs incurred in carrying out the work, but, if it does so, the estimate must include a reference to any matters which the distributor considers may cause the amount to be varied significantly; and
- 2478 (ii) must state the terms for payment of the amount in the estimate and for any variation of that amount¹⁹.

1 For the meaning of 'customer' see PARA 1112 note 1 ante.

2 Ie a notice under the Electricity Act 1989 s 16A(1) (as added): see PARA 1094 ante.

3 For the meaning of 'electricity distributor' see PARA 1065 note 9 ante.

4 For these purposes, 'estimate' means a statement in writing of the amount which the distributor reasonably expects it will require the customer to pay under the Electricity Act 1989 s 19(1) (as amended) (see PARA 1096 ante) or under regulations made under s 19(2) (as substituted) (see PARA 1096 ante) having regard to the information which is known or ought reasonably to be known by the distributor in relation to the carrying out of that work: Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, reg 11(7).

5 'Distribution low voltage' means a nominal voltage not exceeding 1,000 volts: *ibid* reg 3(1).

6 *Ibid* reg 11(1). Where the requirements of reg 11(1) are satisfied after 4 pm on a working day or at any time on any other day, they are to be deemed to have been satisfied on the next following working day: reg 21. For the meaning of 'working day' see PARA 1095 note 9 ante.

7 For these purposes, 'service line' means a distribution low voltage electric line or any part of the line which will, at the time it is provided, be used only for supplying a single customer, excluding any part of the line which, at the time that it is provided, is intended by the distributor to be used to enable it to provide a connection to premises (other than the customer's premises) in respect of which the distributor has received or would reasonably expect within the following 12 months to receive a notice under the Electricity Act 1989 s 16A (as added) (see PARA 1094 ante): Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, reg 11(7). For the meaning of 'premises' see PARA 1041 note 5 ante.

8 For the meaning of 'distributor's fuse' see PARA 1116 note 6 ante.

9 Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, reg 11(4).

10 For the meaning of 'prescribed period' see PARA 1112 note 6 ante. The prescribed period for these purposes is five working days: *ibid* Sch 1 Pt I. For the meaning of 'working day' see PARA 1095 note 8 ante.

11 For the meaning of 'applicable date' see PARA 1116 note 11 ante.

12 *Ie* described in the Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, reg 20: see PARA 1125 post.

13 *Ibid* reg 11(2). For the meanings of 'pay' and 'prescribed sum' see PARA 1112 note 5 ante. The prescribed sum for these purposes is £40: *ibid* Sch 1 Pt I.

14 *Ie* where *ibid* reg 11(4) (see the text and notes 7-9 *supra*) does not apply.

15 The prescribed period for these purposes is 15 working days: *ibid* Sch 1 Pt I.

16 *Ibid* reg 11(4). The prescribed sum for these purposes is £40: *ibid* Sch 1 Pt I.

17 See note 12 *supra*.

18 Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, reg 11(5).

19 *Ibid* reg 11(6).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iii) Consumer Protection/A. STANDARDS OF PERFORMANCE; SERVICE STANDARDS AND REMUNERATION/(B) Standards of Performance in Individual Cases/(b) Prescribed Standards for Electricity Distributors/1118. Notice of supply interruption.

1118. Notice of supply interruption.

Where, for an authorised purpose¹, an electricity distributor² interrupts the supply³ to a customer's⁴ premises⁵ that are directly connected⁶:

- 2479 (1) to its distribution system⁷, and the distributor:
- 215
317. (a) has failed to give to the customer prior notice⁸ of not less than the prescribed period⁹, stating the day on which the supply is or is expected to be interrupted; or
318. (b) interrupts the supply on a day other than a day stated in the notice,
- 216
- 2480 the distributor must, except in any of the circumstances described in heads (i) and (ii) below, pay to the customer the prescribed sum¹⁰;
- 2481 (2) to the distribution system of another electricity distributor, and the distributor:
- 217
319. (a) has failed to give the other electricity distributor prior notice of not less than the prescribed period¹¹, stating the day upon which the supply is or is expected to be interrupted, for onward transmission to the customer; or
320. (b) interrupts the supply on a day other than a day stated in the notice,
- 218
- 2482 the distributor must, except in any of the circumstances described in heads (i) and (ii) below, pay to the customer the prescribed sum¹².

Where an electricity distributor has received notice from another electricity distributor within the prescribed period under head (2) above that supplies to a customer's premises that are directly connected to its distribution system will be interrupted or are expected to be interrupted for an authorised purpose by another electricity distributor, and the distributor has failed to give the customer prior notice of not less than the prescribed period¹³, stating the day on which supply is expected to be interrupted, the distributor must, except in any of the circumstances described in heads (i) and (ii) below, pay to the customer the prescribed sum¹⁴.

The circumstances referred to above are:

- 2483 (i) each of the circumstances described in the general statutory exemptions from the requirement to pay compensation¹⁵; and
- 2484 (ii) that the distributor to whose distribution system the customer's premises are directly connected has not received a claim for compensation from the customer in respect of the failure or failures referred to above¹⁶ within a period of one month from the applicable date¹⁷.

1 For these purposes, 'authorised purpose', in relation to an electricity distributor, means testing or any other purpose connected with the carrying on of the activities which the distributor is authorised by its licence to carry on in relation to its electric lines and electrical plant (other than the distributor's fuse): Electricity

(Standards of Performance) Regulations 2005, SI 2005/1019, reg 12(8). For the meanings of 'electric line' and 'electrical plant' see PARA 1041 note 5 ante; and for the meaning of 'distributor's fuse' see PARA 1116 note 6 ante.

2 For the meaning of 'electricity distributor' see PARA 1065 note 9 ante.

3 For the meaning of 'supply' see PARA 1041 note 10 ante.

4 For the meaning of 'customer' see PARA 1112 note 1 ante.

5 For the meaning of 'premises' see PARA 1041 note 5 ante.

6 For the meaning of 'directly connected' see PARA 1112 note 10 ante.

7 For the meaning of 'distribution system' see PARA 1041 note 5 ante.

8 As to the giving of notice where there is more than one customer in respect of particular premises see PARA 1115 note 9 ante.

9 For the meaning of 'prescribed period' see PARA 1112 note 6 ante. The prescribed period for these purposes is two days: Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, Sch 1 Pt I.

10 Ibid reg 12(1), (4). For the meanings of 'pay' and 'prescribed sum' see PARA 1112 note 5 ante. The prescribed sum for these purposes is £20: Sch 1 Pt I.

11 The prescribed period for these purposes is five days: *ibid* Sch 1 Pt I.

12 Ibid reg 12(2), (5). The prescribed sum for these purposes is £20: Sch 1 Pt I.

13 The prescribed period for these purposes is two days: *ibid* Sch 1 Pt I.

14 Ibid reg 12(3), (6). The prescribed sum for these purposes is £20: Sch 1 Pt I.

15 *Ie* described in *ibid* reg 20: see PARA 1125 post.

16 *Ie* referred to in *ibid* reg 12(4)-(6): see the text and notes 1-14 *supra*.

17 Ibid reg 12(7). For the meaning of 'applicable date' see PARA 1116 note 11 ante.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iii) Consumer Protection/A. STANDARDS OF PERFORMANCE; SERVICE STANDARDS AND REMUNERATION/(B) Standards of Performance in Individual Cases/(b) Prescribed Standards for Electricity Distributors/1119. Voltage complaint.

1119. Voltage complaint.

Where an electricity distributor¹ is notified by a customer² whose premises³ are directly connected⁴ to its distribution system⁵ that:

- 2485 (1) the customer believes that the supply to the premises is being or has been given at a voltage outside the limits of the permitted variations⁶; or
- 2486 (2) an event has occurred in relation to the supply and a distributor might reasonably expect the cause of the event to have been a supply given at a voltage outside the limits of the permitted variations⁷,

then where the distributor is reasonably satisfied that it is unable to provide an explanation of the probable reason for the matter so notified without visiting the customer's premises⁸, and the distributor fails within the prescribed period⁹ from the applicable date¹⁰ to offer to the customer to visit the customer's premises to investigate the matter during a specified time¹¹, the distributor must, except in any of the circumstances described below¹², pay to the customer the prescribed sum¹³.

Where the distributor is notified as described in heads (1) and (2) above and the distributor:

- 2487 (a) where it is reasonably satisfied that it is unable to provide an explanation of the probable reason for the matter so notified without visiting the customer's premises¹⁴, fails to visit the customer's premises during the specified time, it must pay to the customer the prescribed sum¹⁵; or
- 2488 (b) where it is not so satisfied, fails to dispatch to the customer an explanation¹⁶ of the probable reason for the matter notified under heads (1) and (2) above within the prescribed period¹⁷ from the receipt of the notification, it must pay to the customer the prescribed sum¹⁸,

except in either case in any of the circumstances described below¹⁹.

The circumstances referred to above are each of the circumstances described in the general statutory exemptions from the requirement to pay compensation²⁰, provided that, where it was not reasonably practicable for the distributor to take the required action before the contravention time as a result of the specified matters²¹, the distributor gave the customer not less than one working day's prior warning, whether or not in writing, that it would be unable to visit during the specified time or the circumstances in which that exemption applied occurred at a time when it was not reasonably practicable to give such a warning²².

1 For the meaning of 'electricity distributor' see PARA 1065 note 9 ante.

2 For the meaning of 'customer' see PARA 1112 note 1 ante.

3 For the meaning of 'premises' see PARA 1041 note 5 ante.

4 For the meaning of 'directly connected' see PARA 1112 note 10 ante.

5 For the meaning of 'distribution system' see PARA 1041 note 5 ante.

6 For these purposes, 'permitted variations' has the same meaning as in regulations made under the Electricity Act 1989 s 29 (as amended) (see PARA 1152 et seq post): Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, reg 13(6).

7 See *ibid* reg 13(1). Where the requirements of reg 13(1) are satisfied after 4 pm on a working day or at any time on any other day, they are to be deemed to have been satisfied on the next following working day: reg 21. For the meaning of 'working day' see PARA 1095 note 9 ante.

8 *Ie* where *ibid* reg 13(3) applies.

9 For the meaning of 'prescribed period' see PARA 1112 note 6 ante. the prescribed period for these purposes is seven working days: *ibid* Sch 1 Pt I.

10 For the meaning of 'applicable date' see PARA 1116 note 11 ante.

11 For the purposes of the Electricity (Standards of Performance) Regulations 2005, SI 2005/1019 (as amended), unless the context otherwise requires, 'specified time' means (1) unless head (2) *infra* applies, a part (which has been specified by the relevant operator) of a day (which has also been so specified by the relevant operator) within the prescribed period from the applicable date, being either a part which falls either wholly before one o'clock in the afternoon or wholly after noon, or a part not exceeding two hours; or (2) such part of a day (whether or not within that period) as is requested by the customer and agreed with the relevant operator, such agreement not to be unreasonably withheld, provided that (a) a part of a day may be a specified time for the purpose of a regulation notwithstanding that it was requested, agreed or specified prior to the time at which that regulation first applied; and (b) the relevant operator is not to be obliged to agree a part of a day that is less than two hours: reg 3(1). For the meaning of 'relevant operator' see PARA 1112 note 1 ante.

12 *Ie* described in *ibid* reg 13(5): see the text and notes 19-22 *infra*.

13 *Ibid* reg 13(2), (3). For the meanings of 'pay' and 'prescribed sum' see PARA 1112 note 5 ante. The prescribed sum for these purposes is £20: Sch 1 Pt I.

14 *Ie* where *ibid* reg 13(3) applies: see the text and note 8 *supra*.

15 *Ibid* reg 13(4)(a). The prescribed sum for these purposes is £20: Sch 1 Pt I.

16 Any reference to the dispatch by a relevant operator of an explanation or reply within a particular period does not require that the explanation or reply (if in writing) is received by the customer within that period and is satisfied if the relevant operator provides the explanation or reply orally to the customer within that period: *ibid* reg 3(4)(c).

17 For the meaning of 'prescribed period' see PARA 1112 note 6 ante. The prescribed period for these purposes is five working days: *ibid* Sch 1 Pt I. For the meaning of 'working day' see PARA 1095 note 8 ante.

18 *Ibid* reg 13(4)(b). The prescribed sum for these purposes is £20: Sch 1 Pt I.

19 *Ibid* reg 13(4).

20 *Ie* *ibid* reg 20: see PARA 1125 post.

21 *Ie* in relation to *ibid* reg 20(6): see PARA 1125 post at head (4) in the text.

22 *Ibid* reg 13(5).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iii) Consumer Protection/A. STANDARDS OF PERFORMANCE; SERVICE STANDARDS AND REMUNERATION/(B) Standards of Performance in Individual Cases/(c) Prescribed Standards for Electricity Suppliers/1120. Charges and payments; standard for relevant suppliers.

(c) Prescribed Standards for Electricity Suppliers

1120. Charges and payments; standard for relevant suppliers.

Where a customer¹ informs a relevant supplier²:

- 2489 (1) that the customer requests a change in the method by which he makes payment to the relevant supplier in respect of the supply; or
- 2490 (2) of a query as to:
- 219 321. (a) the correctness of an account relating to the supply presented to the customer by the relevant supplier, other than in circumstances in which the prescribed standard with regard to meter disputes³ applies; or
- 322. (b) whether, in relation to the matter or matters described by the customer, any payment ought to be made to the customer and the matter is one to which the regulations prescribing standards of performance⁴ apply or appear to apply⁵,
- 220

then the relevant supplier must, except in any of the circumstances described in heads (A) and (B) below, pay to the customer the prescribed sum⁶ if the relevant supplier fails:

- 2491 (i) in the case of a request under head (1) above and where the relevant supplier does not expect to be able to approve the request, to dispatch a substantive reply to the customer⁷ within the prescribed period⁸ from the date of receipt of the information⁹;
- 2492 (ii) in the case of a query under head (2) above, to dispatch a substantive reply to the customer within the prescribed period from the date of receipt of the information¹⁰; or
- 2493 (iii) in the case of a query under head (2)(a) above to which the relevant supplier's reply states that the customer is entitled to a payment from the relevant supplier, to make payment by cash, cheque, bank transfer or postal order to the customer of the amount due within the prescribed period from the date of dispatch of the relevant supplier's reply¹¹.

The circumstances referred to above are:

- 2494 (A) each of the circumstances described in the general statutory exemptions from the requirement to pay compensation¹²;
- 2495 (B) in respect of a query under head (2)(b) above, that the relevant supplier has previously made a payment¹³ to the customer relating to the matter¹⁴.

¹ For the meaning of 'customer' see PARA 1112 note 1 ante.

- 14 Ibid reg 14(3).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iii) Consumer Protection/A. STANDARDS OF PERFORMANCE; SERVICE STANDARDS AND REMUNERATION/(B) Standards of Performance in Individual Cases/(c) Prescribed Standards for Electricity Suppliers/1121. Meter disputes.

1121. Meter disputes.

Where an electricity supplier¹ is notified by a domestic customer²:

- 2496 (1) that the customer considers that an appropriate meter³ is or may have been operating outside the margins of error⁴; or
- 2497 (2) that circumstances exist which an electricity supplier might reasonably expect to have been caused by the meter operating outside the margins of error⁵,

then where the electricity supplier is reasonably satisfied that it is unable to provide an explanation to the customer of the probable reason for the matters so notified without visiting the customer's premises⁶, and the electricity supplier fails within the prescribed period⁷ from the applicable date⁸ to offer to visit the customer's premises to investigate the matter during a specified time⁹, the electricity supplier must, except in any of the circumstances described below¹⁰, pay to the customer the prescribed sum¹¹.

Where the electricity supplier is notified as described in heads (1) and (2) above and:

- 2498 (a) where the electricity supplier is reasonably satisfied that it is unable to provide an explanation to the customer of the probable reason for the matters so notified without visiting the customer's premises¹², it fails to visit the customer's premises during the specified time, it must pay to the customer the prescribed sum¹³; or
- 2499 (b) where it is not so satisfied, the electricity supplier fails to dispatch to the customer an explanation¹⁴ of the probable reason for the matter notified under head (1) or head (2) above within the prescribed period from the receipt of the notification, it must pay to the customer the prescribed sum¹⁵,

except in either case in any of the circumstances described below¹⁶.

The circumstances referred to above are each of the circumstances described in the general statutory exemptions from the requirement to pay compensation¹⁷, provided that, where it was not reasonably practicable for the relevant operator to take the required action before the contravention time as a result of the specified matters¹⁸, the distributor gave the customer not less than one working day's prior warning, whether or not in writing, that it would be unable to visit during the specified time or the circumstances in which that exemption applied occurred at a time when it was not reasonably practicable to give such a warning¹⁹.

1 For the meaning of 'electricity supplier' see PARA 1065 note 7 ante.

2 For the meaning of 'domestic customer' see PARA 1112 note 5 ante.

3 For the meaning of 'appropriate meter' see PARA 1180 note 3 post (definition applied by the Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, reg 3(1)).

4 'Margins of error' means the prescribed margins of error or the agreed margins of error as defined in the Electricity Act 1989 Sch 7 para 13 (see PARAS 1182 note 7, 1185 post): Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, reg 3(1).

5 See *ibid* reg 15(1). Where the requirements of reg 15(1) are satisfied after 4 pm on a working day or at any time on any other day, they are to be deemed to have been satisfied on the next following working day: reg 21. For the meaning of 'working day' see PARA 1095 note 9 ante.

6 *Ie* where *ibid* reg 15(3) applies. For the meaning of 'premises' see PARA 1041 note 5 ante.

7 For the meaning of 'prescribed period' see PARA 1112 note 6 ante. The prescribed period for these purposes is seven working days: *ibid* Sch 1 Pt I. For the meaning of 'working day' see PARA 1095 note 8 ante.

8 For the meaning of 'applicable date' see PARA 1116 note 11 ante.

9 For the meaning of 'specified time' see PARA 1119 note 11 ante.

10 *Ie* the circumstances described in the Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, reg 15(5): see the text and notes 17-19 *infra*.

11 *Ibid* reg 15(2), (3). For the meanings of 'pay' and 'prescribed sum' see PARA 1112 note 5 ante. The prescribed sum for these purposes is £20: Sch 1 Pt I.

12 *Ie* where *ibid* reg 15(3) applies: see the text and note 6 *supra*.

13 *Ibid* reg 15(4)(a). The prescribed sum for these purposes is £20: Sch 1 Pt I.

14 As to the receipt of such an explanation see PARA 1119 note 16 ante.

15 Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, reg 15(4)(b). The prescribed period for these purposes is five working days and the prescribed sum is £20: Sch 1 Pt I.

16 *Ibid* reg 15(4).

17 *Ie* described in *ibid* reg 20: see PARA 1125 post.

18 *Ie* in relation to *ibid* reg 20(6): see PARA 1125 post at head (4) in the text.

19 *Ibid* reg 15(5).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iii) Consumer Protection/A. STANDARDS OF PERFORMANCE; SERVICE STANDARDS AND REMUNERATION/(B) Standards of Performance in Individual Cases/(c) Prescribed Standards for Electricity Suppliers/1122. Prepayment meters.

1122. Prepayment meters.

Where an electricity supplier¹ is informed², other than by post, by a domestic customer³ who takes his supply through a prepayment meter either that the prepayment meter is not operating so as to permit a supply to be given to the customer's premises⁴ in the manner for which that meter was designed, or of circumstances suggesting that it is not so operating, then where, within the prescribed period⁵ from the applicable date⁶, an appropriate person⁷ fails to attend at the premises where the prepayment meter is installed in order to repair or replace it so as to permit a supply to be given to those premises in the manner for which that meter was designed, the electricity supplier must, except in any of the circumstances described in heads (1) to (4) below, pay to the customer the prescribed sum⁸.

The circumstances referred to above are:

- 2500 (1) each of the circumstances described in the general statutory exemptions from the requirement to pay compensation⁹;
- 2501 (2) that the customer requested the electricity supplier not to attend the premises;
- 2502 (3) that the customer requested the electricity supplier not to restore the supply; and
- 2503 (4) that the prepayment meter was found to be operating in the manner for which it was designed¹⁰.

1 For the meaning of 'electricity supplier' see PARA 1065 note 9 ante.

2 For these purposes, where information is received by an electricity supplier outside working hours it is to be deemed to have been received at the commencement of the next following period of working hours: Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, reg 16(2). For the meaning of 'working hours' see PARA 1116 note 8 ante.

3 For the meaning of 'domestic customer' see PARA 1112 note 5 ante.

4 For the meaning of 'premises' see PARA 1041 note 5 ante.

5 For the meaning of 'prescribed period' see PARA 1112 note 6 ante. The prescribed period for these purposes is three hours on a working day, and four hours on any other day: Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, Sch 1 Pt I. For the meaning of 'working day' see PARA 1095 note 8 ante.

6 For the meaning of 'applicable date' see PARA 1116 note 11 ante.

7 For these purposes, 'appropriate person' means a person employed or authorised by an electricity supplier to repair and replace prepayment meters: Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, reg 16(5).

8 Ibid reg 16(1), (3). For the meanings of 'pay' and 'prescribed sum' see PARA 1112 note 5 ante. The prescribed sum for these purposes is £20: Sch 1 Pt I.

9 Ie described in ibid reg 20: see PARA 1125 post.

10 Ibid reg 16(4).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iii) Consumer Protection/A. STANDARDS OF PERFORMANCE; SERVICE STANDARDS AND REMUNERATION/(B) Standards of Performance in Individual Cases/(d) Common Obligations/1123. Appointments.

(d) Common Obligations

1123. Appointments.

Where:

- 2504 (1) the customer¹ informs the relevant operator² that the customer wishes the relevant operator to visit the customer's premises³; or
- 2505 (2) the relevant operator informs the customer that the relevant operator wishes to visit the customer's premises,

being in either case a visit in connection with the activities which the relevant operator is required or authorised to carry on under its licence⁴ and which requires access to be afforded to its representative or for which it would otherwise be reasonable to expect the customer to be present⁵, then where the relevant operator:

- 2506 (a) fails within a reasonable period from the applicable date⁶ to offer a timed appointment⁷, the relevant operator must, except in any of the circumstances described in heads (i) to (iii) below, pay to the customer the prescribed sum⁸;
- 2507 (b) fails to keep a timed appointment, the relevant operator must, except in any of the circumstances described in heads (i) to (iii) below, pay to the customer the prescribed sum⁹.

Where a timed appointment is made for more than one purpose, the relevant operator is not, however, to be required to pay more than one prescribed sum under heads (a) and (b) above in respect of that timed appointment¹⁰.

The circumstances referred to above are:

- 2508 (i) each of the circumstances described in the general statutory exemptions from the requirement to pay compensation¹¹, provided that, where it was not reasonably practicable for the relevant operator to take the required action before the contravention time as a result of the specified matters¹², the distributor gave the customer not less than one working day's prior warning¹³, whether or not in writing, that it would be unable to visit during the specified time or the circumstances in which that exemption applied occurred at a time when it was not reasonably practicable to give such a warning;
- 2509 (ii) that the visit is for the purpose of responding to information received under the regulations prescribing standards with regard to the distributor's fuse¹⁴, voltage complaints¹⁵, meter disputes¹⁶ or the functioning of prepayment meters¹⁷; and
- 2510 (iii) that the visit is wholly or mainly in connection with disconnecting the premises in exercise of the statutory power to do so under the electricity code¹⁸ for non-payment of suppliers' charges¹⁹.

- 1 For the meaning of 'customer' see PARA 1112 note 1 ante.
- 2 For the meaning of 'relevant operator' see PARA 1112 note 1 ante.
- 3 For the meaning of 'premises' see PARA 1041 note 5 ante.
- 4 For the meaning of 'licence' see PARA 1041 note 12 ante.
- 5 See the Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, reg 17(1).
- 6 For the meaning of 'applicable date' see PARA 1116 note 11 ante.
- 7 For these purposes, 'timed appointment' means an appointment to make a visit to a customer's premises commencing (1) unless head (2) infra applies, during a part (which has been specified by the relevant operator) of a day (which has also been so specified) within a reasonable period from the applicable date, having regard to the purpose of the visit, being either a part which falls either wholly before one o'clock in the afternoon or wholly after noon, or a part not exceeding two hours; or (2) during such part of a day as is requested by the customer and agreed with the relevant operator, such agreement not to be unreasonably withheld, provided that the relevant operator is not to be obliged to agree a part of a day that is less than two hours: Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, reg 17(6).
- 8 Ibid reg 17(2). For the meanings of 'pay' and 'prescribed sum' see PARA 1112 note 5 ante. The prescribed sum for these purposes is £20: Sch 1 Pt I.
- 9 Ibid reg 17(3). The prescribed sum for these purposes is £20: Sch 1 Pt I.
- 10 Ibid reg 17(4).
- 11 Ie described in ibid reg 20: see PARA 1125 post.
- 12 Ie in relation to ibid reg 20(6): see PARA 1125 post at head (4) in the text.

- 15 Ie ibid reg 13: see PARA 1119 ante.
- 16 Ie ibid reg 15: see PARA 1121 ante.
- 17 Ie ibid reg 16: see PARA 1122 ante.
- 18 Ie the power contained in the Electricity Act 1989 s 24 (as amended), Sch 6 para 2(1) (as substituted): see PARA 1103 ante.
- 19 Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, reg 17(5).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iii) Consumer Protection/A. STANDARDS OF PERFORMANCE; SERVICE STANDARDS AND REMUNERATION/(B) Standards of Performance in Individual Cases/(d) Common Obligations/1124. Payments.

1124. Payments.

Where an electricity distributor¹:

- 2511 (1) is obliged under any of the regulations prescribing standards for supply restoration in normal or severe weather conditions and for giving notice of supply interruptions² to make a payment to a customer³ whose premises⁴ are directly connected⁵ to the distribution system⁶ of another electricity distributor, and the distributor fails to make the payment to the customer or to the other distributor for onward transmission to the customer of the sum to which he is entitled⁷, the distributor must, except in any of the circumstances described in heads (A) and (B) below, pay the prescribed sum⁸ to the customer or that other distributor for onward transmission to the customer⁹;
- 2512 (2) either:
- 221 323. (a) is obliged to make a payment to a customer whose premises are directly connected to its distribution system under any of the regulations prescribing standards for supply restoration in normal or severe weather conditions¹⁰, standards for supply restoration where there are multiple interruptions and other individual standards of performance for electricity distributors¹¹ and standards with regard to appointments¹²; or
324. (b) receives a payment from another electricity distributor for onward transmission to a customer whose premises are directly connected to its network,
- 222 2513 and the distributor fails to make the payment to the customer or the customer's electricity supplier¹³ for onward transmission to the customer of the sum to which he is entitled¹⁴ the distributor must, except in any of the circumstances described in heads (A) and (B) below, pay the prescribed sum to the customer¹⁵.

Where:

- 2514 (i) a relevant supplier¹⁶ or electricity supplier is obliged to make a payment to a customer under any of the regulations prescribing individual standards of performance for electricity suppliers¹⁷ and standards with regard to appointments¹⁸;
- 2515 (ii) an electricity supplier receives a payment from an electricity distributor for onward transmission to the electricity supplier's customer,

and the supplier fails within the prescribed period¹⁹ from the applicable date to make the payment to the customer of the sum to which he is entitled, the supplier must, except in any of the circumstances described in heads (A) and (B) below, pay the prescribed sum to the customer²⁰.

The circumstances referred to above are:

- 2516 (A) each of the circumstances described in the general statutory exemptions from the requirement to pay compensation²¹; and
- 2517 (B) that there is a genuine dispute between the relevant operator²² and the customer as to whether the relevant operator is obliged to make the payment²³.

Where a relevant operator is required to make a payment under the Electricity (Standards of Performance) Regulations 2005²⁴, the following provisions apply²⁵. In relation to any premises of which more than one person is a customer, a payment to any one or more of the customers in respect of those premises is to be a complete discharge of the obligation of the relevant operator to make the payment to all the customers of those premises²⁶. Nothing in, or done by a relevant operator in consequence of, those regulations determines who is beneficially entitled to any payment made in pursuance of those regulations²⁷ and nothing in those regulations permits a relevant operator to make a payment other than by means of either a cheque or cash or a credit to the account of the customer for charges incurred or to be incurred in respect of the supply or the provision of any electricity meter, electric line²⁸ or electrical plant²⁹.

Where all or part of the prescribed sum is paid by an electricity distributor to a customer under the 2005 Regulations, such a payment does not prejudice that distributor from recovering that payment, or part of that payment, from another electricity distributor where that other distributor is found to be wholly or partly responsible for the liability arising under those regulations³⁰.

1 For the meaning of 'electricity distributor' see PARA 1065 note 9 ante.

2 Ie under any of the Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, regs 5-7 (inclusive) and reg 12: see PARAS 1112-1113, 1118 ante.

3 For the meaning of 'customer' see PARA 1112 note 1 ante.

4 For the meaning of 'premises' see PARA 1041 note 5 ante.

5 For the meaning of 'directly connected' see PARA 1112 note 10 ante.

6 For the meaning of 'distribution system' see PARA 1041 note 5 ante.

7 Ie in either case as soon as is reasonably practicable in relation to the Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, reg 6 (see PARA 1113 ante) and within the prescribed period from the applicable date in relation to any other regulations: reg 19(4). For the meaning of 'prescribed period' see PARA 1112 note 6 ante; and for the meaning of 'applicable date' see PARA 1116 note 11 ante. The prescribed period for these purposes is ten working days: Sch 1 Pt I. For the meaning of 'working day' see PARA 1095 note 8 ante.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iii) Consumer Protection/A. STANDARDS OF PERFORMANCE; SERVICE STANDARDS AND REMUNERATION/(B) Standards of Performance in Individual Cases/(d) Common Obligations/1125. Exemptions.

1125. Exemptions.

The following are the general circumstances in which there is no obligation to pay compensation under the Electricity (Standards of Performance) Regulations 2005¹:

- 2518 (1) the customer² informs the relevant operator³ before the contravention time⁴ that the customer does not wish the relevant operator to take any action, or any further action, in relation to the matter⁵;
- 2519 (2) the customer agrees with the relevant operator that the action taken by the relevant operator before the contravention time is to be treated as the taking by the relevant operator of the required action and, where the action taken by the relevant operator includes a promise to perform any action, whether before or after the contravention time, the relevant operator duly performs that promise⁶;
- 2520 (3) where information is, or is required to be, provided by the customer to the relevant operator, the information is provided to an address or by use of a telephone number other than the address or telephone number which the relevant operator has advised the customer⁷ is appropriate for receipt of information of that type or, in the case of information given by telephone for the specified purposes⁸, was given outside such reasonable hours as the relevant operator has advised the customer are the hours during which the telephone number will be available for the receipt of information of that type⁹;
- 2521 (4) it was not reasonably practicable for the relevant operator to take the required action before the contravention time as a result of:
 - 223
 - 325. (a) severe weather conditions;
 - 326. (b) industrial action by the employees of the relevant operator;
 - 327. (c) the act or default of a person other than an officer, employee or agent of the relevant operator or of a person acting on behalf of an agent of that operator;
 - 328. (d) the inability of the relevant operator to obtain any necessary access to any premises, which may include its own premises;
 - 329. (e) the existence of circumstances by reason of which the relevant operator could reasonably expect that if it took the action it would or would be likely to be in breach of an enactment¹⁰;
 - 330. (f) the effects of an event for which emergency regulations have been made under Part 2 of the Civil Contingencies Act 2004¹¹; or
 - 331. (g) other circumstances of an exceptional nature beyond the control of the relevant operator,
- 224
- 2522 and the relevant operator had in each case taken all such steps as it was reasonable to take both to prevent the circumstances from occurring and to prevent them from having that effect¹²;
- 2523 (5) the relevant operator reasonably considers that the information given by the customer is frivolous or vexatious¹³;
- 2524 (6) the customer has:
- 225

332. (a) committed an offence of damaging electrical plant¹⁴ or interfering with a meter¹⁵; or
333. (b) failed to pay any charges due to the relevant operator after receiving a notice the supplier is to install a prepayment meter to recover charges that are due or is to cut off the supply for non-payment¹⁶,
- 226
- 2525 and the action taken or not taken by the relevant operator was in exercise of its powers under the relevant¹⁷ statutory provisions¹⁸.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iii) Consumer Protection/A. STANDARDS OF PERFORMANCE; SERVICE STANDARDS AND REMUNERATION/(B) Standards of Performance in Individual Cases/(d) Common Obligations/1126. Notice of rights.

1126. Notice of rights.

In respect of the rights prescribed for the benefit of customers¹ under the regulations setting out individual standards of performance for electricity distributors² and common obligations for electricity distributors and suppliers³, an electricity distributor must prepare and from time to time revise a statement describing those rights and the effect of the specified statutory provision preserving other remedies⁴ in a form which is standardised with that of other distributors and has a content which the distributor could reasonably expect would be within the understanding of customers to whom the statement relates⁵. The distributor must:

- 2526 (1) give a copy of the statement, and of any revision of the statement, to the Gas and Electricity Markets Authority ('GEMA')⁶ and to the Gas and Electricity Consumer Council⁷, before it sends it to the electricity suppliers referred to in head (2) below;
- 2527 (2) at least once in any period of 12 months dispatch to each electricity supplier which supplies electricity to premises⁸ that are directly connected⁹ to the distributor's distribution system¹⁰ for onward transmission to the electricity supplier's customers a copy of the statement, in the form current at the time that it is provided;
- 2528 (3) make a copy of the statement, in its current form, available on its website and for inspection by any person at any premises of or occupied by the distributor open to the public in the normal course of the distributor's business during the normal opening hours of the premises; and
- 2529 (4) dispatch a copy of the statement, in its current form, to any person who requests it¹¹.

In respect of the rights prescribed for the benefit of customers under the regulations setting out individual standards of performance for relevant suppliers¹² and electricity suppliers¹³ and prescribing common obligations for electricity distributors and suppliers¹⁴, a relevant supplier and, in respect of such of those rights as are applicable¹⁵, an electricity supplier, must prepare and from time to time revise a statement describing the rights prescribed for the benefit of customers under those regulations and the effect of the specified statutory provision preserving other remedies¹⁶ in a form and having a content which a relevant supplier or an electricity supplier, as the case may be, could reasonably expect would be within the understanding of customers to whom the statement relates¹⁷. The supplier must:

- 2530 (a) give a copy of the statement, and of any revision of the statement, to the Authority and to the Council, before it makes it available to customers;
- 2531 (b) at least once in any period of 12 months dispatch to each domestic customer¹⁸ of the relevant supplier or, as the case may be, of the electricity supplier a copy of the statement, in the form current at the time it is provided, provided that, where in relation to any premises more than one person is a domestic customer, the obligation is to be satisfied by dispatching a copy of each such statement to any one of them;

- 2532 (c) make a copy of the statement, in its current form, available for inspection by any person at any premises of or occupied by the supplier open to the public in the normal course of the supplier's business during the normal opening hours of the premises; and
- 2533 (d) dispatch a copy of the statement, in its current form, to any person who requests it¹⁹.

A relevant operator²⁰ may prepare a separate statement for domestic and non-domestic customers²¹; and a relevant supplier or an electricity supplier, as the case may be, may satisfy its obligation under head (b) or head (d) above by dispatching the statement that it has prepared to the class of customer to which the statement relates²².

An electricity supplier must at least once in any period of 12 months dispatch to each of its domestic customers the information in any statement sent to it by an electricity distributor pursuant to head (2) above, provided that where in relation to any premises more than one person is a domestic customer, the obligation is to be satisfied by dispatching such information to any one of them²³.

STANDARDS OF PERFORMANCE; SERVICE STANDARDS AND REMUNERATION/(B) Standards of Performance in Individual Cases/(e) Disputes relating to Standards of Performance/1127. Reference of disputes to the Gas and Electricity Markets Authority.

(e) Disputes relating to Standards of Performance

1127. Reference of disputes to the Gas and Electricity Markets Authority.

Any dispute arising under the statutory powers to prescribe standards of performance in individual cases¹ or regulations made thereunder² may be referred to the Gas and Electricity Markets Authority ('GEMA')³ by either party or, with the agreement of either party, by the Gas and Electricity Consumer Council⁴. On such a reference, the dispute must be determined by order made by the Authority or, if it thinks fit, by such person, other than the Council, as may be prescribed⁵. A person making such an order must include in the order his reasons for reaching his decision with respect to the dispute⁶. Such an order is final and is enforceable as if it were a judgment of a county court⁷.

The practice and procedure to be followed in connection with any such determination is to be such as may be prescribed⁸.

¹ I.e. under the Electricity Act 1989 s 39 (as amended) (see PARA 1110 ante) or s 39A (as added) (see PARA 1111 ante).

² I.e. regulations made under the Electricity Act 1989 (as amended) or s 39A (as added). See the Electricity (Standards of Performance) Regulations 2005, SI 2005/1019 (as amended): see PARA 1112 et seq ante, PARA 1128 et seq post.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iii) Consumer Protection/A. STANDARDS OF PERFORMANCE; SERVICE STANDARDS AND REMUNERATION/(B) Standards of Performance in Individual Cases/(e) Disputes relating to Standards of Performance/1128. Procedure for determination of disputes; in general.

1128. Procedure for determination of disputes; in general.

Where a dispute under any provision of the relevant regulations¹ is referred to the Gas and Electricity Markets Authority ('GEMA')² for determination³, the dispute must be determined in accordance with the practice and procedure set out⁴ in the following provisions⁵.

Where such a dispute has arisen between a relevant operator⁶ and a customer⁷, or between relevant operators, it may be referred to the Authority by any party or, with the agreement of any party, by the Gas and Electricity Consumer Council⁸ and it must, on such reference, be determined by order made by the Authority⁹. In making such an order, the Authority must include in the order the reasons for reaching its decision with respect to a dispute¹⁰.

¹ I.e. a dispute under any provision of the Electricity (Standards of Performance) Regulations 2005, SI 2005/1019 (as amended); see PARA 1112 et seq ante.

² As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

⁷ For the meaning of 'customer' see PARA 1112 note 1 ante.

⁸ As to the establishment of the Gas and Electricity Consumer Council see PARA 716 ante; and as to the prospective abolition of the Council and the transfer of its functions to the new National Consumer Council to be established under the Consumers, Estate Agents and Redress Act 2007 see PARA 716 the text and notes 12-13 ante.

⁹ Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, Sch 2 para 1(1), (2).

¹⁰ Ibid Sch 2 para 1(3).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iii) Consumer Protection/A. STANDARDS OF PERFORMANCE; SERVICE STANDARDS AND REMUNERATION/(B) Standards of Performance in Individual Cases/(e) Disputes relating to Standards of Performance/1129. Determination of individual disputes.

1129. Determination of individual disputes.

The Gas and Electricity Markets Authority ('GEMA')¹ must determine a dispute between a relevant operator and a customer or between relevant operators² before the end of 80 working days³ from the date when the dispute was referred to it⁴; but if the Authority is satisfied that there are good reasons for departing from that requirement, the period in which a dispute may be determined may be extended with the consent of the referring party or parties⁵.

Where an individual dispute is referred to the Authority, the Authority must, at the outset, send to the parties a notice of procedure for the determination of individual disputes⁶. Upon receipt of such a notice, the parties to the dispute must provide the Authority with any specific information that the Authority is requesting as part of the written statement prepared in accordance with the prescribed procedure⁷ and with any other information that they consider relevant to the dispute⁸. If the Authority decides it is necessary to obtain third party advice in relation to technical issues or any other issues that may arise during the determination, it must request it and inform the parties to the dispute of that request and indicate in writing how that request will affect the timetable outlined in the notice of procedure which it has⁹ issued¹⁰.

At any time after receiving a written statement¹¹ the Authority may, if it considers it appropriate to do so, request¹² an oral hearing¹³. If the Authority is satisfied that it has sufficient information to determine a dispute, it must prepare a draft determination statement containing the submissions of the parties and then send that statement to the parties for comment¹⁴. When the Authority has received comments from the parties, and is satisfied that it has sufficient information to make the determination decision, it must prepare and then issue to the parties a final determination statement¹⁵.

The parties must, within one week of receiving a final determination statement, notify the Authority of any issue or information within that statement that should be excluded because such issue or information is of a confidential nature¹⁶. The Authority must, upon receipt of any such notification, make the necessary adjustments to the final determination statement and then publish¹⁷ that statement on its website¹⁸.

1 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

2 I.e. a dispute to which the Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, reg 18, Sch 2 applies: see PARA 1128 ante. For the meanings of 'relevant operator' and 'customer' see PARA 1112 note 1 ante.

3 For the meaning of 'working day' see PARA 1095 note 8 ante.

4 Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, Sch 2 para 2(1).

5 Ibid Sch 2 para 2(2).

6 Ibid Sch 2 para 3(1). That notice must: (1) set out a timetable by which each part of the procedure for the determination of individual disputes under Sch 2 is to take place; (2) provide a list of any documentation or other evidence that the Authority has received in connection with the dispute and inform the parties that such documentation or other evidence may be disclosed to other parties to the dispute unless it is specifically

classed as confidential by the party to whom it belongs before the date expressly stated in the notice; (3) inform the parties of any specific information that the Authority is requesting as part of the written statement prepared in accordance with Sch 2 para 7 (see PARA 1131 post); and (4) explain the manner in which the Authority intends to publish the determination decision: Sch 2 para 3(2).

7 Ie the information specified in ibid Sch 2 para 3(2)(c): see note 6 head (3) supra.

18 Ibid Sch 2 para 3(9). As to publication by the Authority see PARA 1045 note 6 ante.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iii) Consumer Protection/A. STANDARDS OF PERFORMANCE; SERVICE STANDARDS AND REMUNERATION/(B) Standards of Performance in Individual Cases/(e) Disputes relating to Standards of Performance/1130. Determination of multiple disputes.

1130. Determination of multiple disputes.

The Gas and Electricity Markets Authority ('GEMA')¹ may, if it considers it appropriate to do so, consolidate into one or more categories (in each case a 'consolidated group') similar or related disputes² for the purposes of determining those disputes³. A determination made by the Authority for one or more consolidated groups is to apply, in respect of each consolidated group, to each individual dispute in that group⁴. When determining disputes falling within a consolidated group, the Authority must determine those disputes before the end of six months from the date when they were so consolidated into that group by the Authority⁵. If, however, the Authority is satisfied that there are good reasons for departing from this requirement, the period in which disputes falling within a consolidated group may be determined may be extended by notice to the nominated representatives⁶ of any such group⁷.

Where the Authority considers it appropriate to consolidate disputes, the Authority must send to the parties a notice of procedure for the determination of those disputes⁸. Upon receipt of such a notice, the parties to the dispute must provide the Authority with any specific information that the Authority is requesting⁹ and with any other information that they consider relevant to the dispute¹⁰. Upon receipt of the information so provided, the Authority may, if it considers it fitting to do so, prepare a list of consolidated groups and then consult as to whether those consolidated groups are appropriate¹¹. When so consulting, the Authority must publish¹² and explain its proposals in a manner which it believes will bring them to the attention of persons most likely to be affected and must invite those persons to comment to the Authority within a period from the publication of the proposals that is specified therein¹³. Upon receipt of responses to that consultation, the Authority must have regard to those responses before finalising the consolidated groups¹⁴.

When the Authority has decided on the consolidated groups for the purpose of determining multiple disputes, it must appoint¹⁵ customer representatives¹⁶. Following the appointment of the customer representatives for the consolidated groups, those customer representatives and the relevant operators¹⁷ must prepare a written statement¹⁸. Upon receipt of the written statements, the Authority may decide that it is necessary to obtain third party advice in relation to technical issues or any other issues that may arise during the determination; and if third party advice is requested, then the Authority must inform the customer representatives and the relevant operators of that request and must indicate in writing how that request will affect the timetable outlined in the notice it has¹⁹ issued²⁰.

At any time after receiving the written statement, the Authority may request²¹ an oral hearing²². If the Authority is satisfied that it has the necessary information, it must prepare a draft determination statement containing the submissions of the customer representatives and the relevant operators and then send that statement to the customer representatives and the relevant operators for comment²³. When the Authority has received comments from the customer representatives and the relevant operators, and is satisfied that it has sufficient information to make the determination decision, it must issue a final determination statement for a consolidated group, or for each consolidated group where there is more than one²⁴. The customer representatives and the relevant operators must within one week of receiving a final determination statement notify the Authority of any issue or information within that statement

that should be excluded because such issue or information is of a confidential nature²⁵. The Authority must, upon receipt of any such notification, make the necessary adjustments to the final determination statement and then publish²⁶ that statement on its website²⁷.

1 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

2 Ie disputes to which the Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, reg 18, Sch 2 applies: see PARA 1128 ante.

Written statements; documents, evidence and information.

1131. Written statements; documents, evidence and information.

The Gas and Electricity Markets Authority ('GEMA')¹ may, by notice:

- 2534 (1) ask any party to a dispute² to produce a written statement with respect to a matter specified in the notice³; and this power includes power to specify the time and place at which the statement is to be produced⁴;
- 2535 (2) ask a party to a dispute to produce such documentation, including other evidence, in such form and at such time as it directs, as the Authority may reasonably require to enable it to make the determination decision⁵; and this power to ask for the production of a document is a power to ask for its production at the time and place specified in the notice and in a legible form⁶;
- 2536 (3) ask any customer⁷ who is a party to a dispute falling within a consolidated group⁸ to produce such information with respect to a matter specified in the notice as the Authority may reasonably require to enable it to make the determination decision⁹; and this power to require the production of information includes the power to specify the time and place at which it is to be produced¹⁰.

No person is, however, to be compelled under the above provisions to produce a written statement or to give information with respect to any matter about which he could not be compelled to give evidence in civil proceedings in the High Court¹¹ nor to produce a document that he could not be compelled to produce in civil proceedings in the High Court¹².

1 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

2 I.e a dispute to which the Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, reg 18, Sch 2 applies: see PARA 1128 ante.

3 Ibid Sch 2 para 7(1).

4 Ibid Sch 2 para 7(2). The Authority may make copies of a document produced to it under Sch 2 para 7: Sch 2 para 7(4).

5 Ibid Sch 2 para 8(1).

6 Ibid Sch 2 para 8(2). The Authority may make copies of a document produced to it under Sch 2 para 8: Sch 2 para 8(4).

7 For the meaning of 'customer' see PARA 1112 note 1 ante.

8 As to consolidated groups see PARA 1130 ante.

9 Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, Sch 2 para 11(1).

STANDARDS OF PERFORMANCE; SERVICE STANDARDS AND REMUNERATION/(B) Standards of Performance in Individual Cases/(e) Disputes relating to Standards of Performance/1132. Oral hearings.

1132. Oral hearings.

An oral hearing may be held¹, and evidence may be heard at such a hearing from any party to a dispute². The Gas and Electricity Markets Authority ('GEMA')³ may, by notice, request any party to a dispute:

- 2537 (1) to attend at a time and place specified in the notice; and
- 2538 (2) at that time and place, to give evidence to any person appointed by the Authority to conduct the oral hearing⁴.

At any oral hearing, the Authority may request the customer or a person attending the hearing as a representative of the relevant operator⁵ to give evidence or make representations or observations⁶; and if any party fails to attend a hearing to be subjected to such a requirement, the Authority may determine the dispute without hearing his evidence, representations, or observations⁷.

No person is, however, to be compelled under these provisions to give evidence which he could not be compelled to give in civil proceedings in the High Court⁸.

1 le for the purposes of the Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, reg 18, Sch 2: see PARA 1128 et seq ante, PARA 1133 post.

STANDARDS OF PERFORMANCE; SERVICE STANDARDS AND REMUNERATION/(B) Standards of Performance in Individual Cases/(e) Disputes relating to Standards of Performance/1133. Payments to customers; set-off and costs.

1133. Payments to customers; set-off and costs.

An order determining a dispute¹ does not, where there is more than one customer² at the premises, determine who is beneficially entitled to any payment³ required to be made by the order⁴.

Where a dispute is determined by an order requiring a relevant operator⁵ to make a payment to the customer and the relevant operator fails to make that payment, the customer may set off the amount so ordered to be paid against any charges that are owed by the customer to the relevant operator⁶.

An order determining a dispute may include a provision requiring the relevant operator or the customer to pay a sum in respect of the costs or expenses incurred by the Gas and Electricity Markets Authority ('GEMA')⁷. In including in such an order any such provision as to costs, the Authority must have regard to the conduct and means of the parties and any other relevant circumstances⁸.

1 I.e. an order determining a dispute to which the Electricity (Standards of Performance) Regulations 2005, SI 2005/1019, reg 18, Sch 2 applies: see PARA 1128 ante.

PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iii) Consumer Protection/A. STANDARDS OF PERFORMANCE; SERVICE STANDARDS AND REMUNERATION/(C) Overall Standards of Performance/1134. Overall standards of performance relating to electricity suppliers.

(C) OVERALL STANDARDS OF PERFORMANCE

1134. Overall standards of performance relating to electricity suppliers.

The Gas and Electricity Markets Authority ('GEMA')¹ may from time to time determine such standards of overall performance in connection with the provision of electricity supply² services as, in its opinion, ought to be achieved by electricity suppliers³ and may arrange for the publication, in such form and in such manner as it considers appropriate, of the standards so determined⁴. Different standards may be determined for different electricity suppliers if the Authority is of the opinion that the differences are such that no electricity supplier would be unduly disadvantaged in competing with other electricity suppliers⁵.

It is the duty of every electricity supplier to conduct his business in such a way as can reasonably be expected to lead to his achieving the standards set under these provisions⁶.

1 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

STANDARDS OF PERFORMANCE; SERVICE STANDARDS AND REMUNERATION/(C) Overall Standards of Performance/1135. Overall standards of performance relating to electricity distributors.

1135. Overall standards of performance relating to electricity distributors.

The Gas and Electricity Markets Authority ('GEMA')¹ may from time to time determine such standards of overall performance in connection with the activities of electricity distributors² as, in its opinion, ought to be achieved by them³ and may arrange for the publication, in such form and in such manner as it considers appropriate, of the standards so determined⁴. Different standards may be determined for different electricity distributors if the Authority is of the opinion that the differences are such that no electricity distributor would be unduly disadvantaged in competing with other electricity distributors⁵.

It is the duty of every electricity distributor to conduct his business in such a way as can reasonably be expected to lead to his achieving the standards set under these provisions⁶.

1 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

2 For the meaning of 'electricity distributor' see PARA 1065 note 9 ante.

3 Electricity Act 1989 s 40A(1)(a) (s 40A added by the Utilities Act 2000 s 55). As to the enforcement of the requirements so imposed see PARA 1207 et seq post; and as to penalties for the contravention of such requirements see PARA 1211 et seq post.

4 Electricity Act 1989 s 40A(1)(b) (as added: see note 3 supra). As to publication by the Authority see PARA 1045 note 6 ante. As to the enforcement of the requirements so imposed see PARA 1207 et seq post; and as to penalties for the contravention of such requirements see PARA 1211 et seq post.

5 Ibid s 40A(2) (as added: see note 3 supra). As to the enforcement of the requirements so imposed see PARA 1207 et seq post; and as to penalties for the contravention of such requirements see PARA 1211 et seq post.

6 Ibid s 40A(3) (as added: see note 3 supra). As to the enforcement of the requirements so imposed see PARA 1207 et seq post; and as to penalties for the contravention of such requirements see PARA 1211 et seq post.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iii) Consumer Protection/A. STANDARDS OF PERFORMANCE; SERVICE STANDARDS AND REMUNERATION/(C) Overall Standards of Performance/1136. Information to be given to customers about overall performance.

1136. Information to be given to customers about overall performance.

The Gas and Electricity Markets Authority ('GEMA')¹ may make regulations requiring such information as may be specified or described in the regulations about:

- 2539 (1) the standards of overall performance determined in relation to electricity suppliers and electricity distributors²; and
- 2540 (2) the levels of performance achieved as respects those standards,

to be given by electricity suppliers or electricity distributors to customers or potential customers of electricity suppliers³. Such regulations may include provision:

- 2541 (a) specifying the form and manner in which and the frequency with which information is to be given; and
- 2542 (b) requiring information about the matters mentioned in head (1) or head (2) above and relating to electricity distributors to be given by electricity distributors to electricity suppliers and by electricity suppliers to their customers or potential customers⁴.

In respect of the overall standards of performance determined by the Authority in relation to electricity suppliers⁵, a relevant supplier⁶ must prepare and from time to time revise a statement describing those standards and the levels of performance achieved as respects those standards in a form and having a content which a relevant supplier could reasonably expect would be within the understanding of customers⁷ to which the statement relates and must:

- 2543 (i) give a copy of the statement, and of any revision of the statement, to the Authority and to the Gas and Electricity Consumer Council⁸ before it makes it available to customers;
- 2544 (ii) at least once in any period of 12 months dispatch to each domestic customer⁹ of the supplier a copy of the statement, in the form current at the time it is provided, provided that, where in relation to any premises¹⁰ more than one person is a domestic customer, the obligation is to be satisfied by dispatching a copy of each such statement to any one of them;
- 2545 (iii) make a copy of the statement, in its current form, available for inspection by any person at any premises of or occupied by the supplier open to customers in the normal course of the supplier's business during the normal opening hours of the premises; and
- 2546 (iv) dispatch a copy of the statement, in its current form, to any person who requests it¹¹.

A relevant supplier may prepare a separate statement for domestic and non-domestic¹² customers¹³; and may satisfy its obligation under head (ii) or head (iv) above by dispatching the statement it has prepared to the class of customer to whom it relates¹⁴.

1 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

2 Ie the standards determined under the Electricity Act 1989 s 40 (as amended) (see PARA 1134 ante) or s 40A (as added) (see PARA 1135 ante). For the meaning of 'electricity supplier' see PARA 1065 note 7 ante; and for the meaning of 'electricity distributor' see PARA 1065 note 9 ante.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iii) Consumer Protection/A. STANDARDS OF PERFORMANCE; SERVICE STANDARDS AND REMUNERATION/(D) Carbon Emissions Reduction Targets/1137. Promotion of reductions in carbon emissions; electricity distributors and electricity suppliers.

(D) CARBON EMISSIONS REDUCTION TARGETS

1137. Promotion of reductions in carbon emissions; electricity distributors and electricity suppliers.

The Secretary of State¹ may by order impose on each electricity distributor², or each electricity distributor of a specified description³, and on each electricity supplier⁴, or each electricity supplier of a specified description, an obligation to achieve, within a specified period and in accordance with the order, the carbon emissions reduction target to be determined by the Gas and Electricity Markets Authority ('GEMA')⁵ under the order for that distributor or supplier (and that obligation is referred to as a 'carbon emissions reduction obligation')⁶. Before making such an order the Secretary of State must consult the Authority, the Gas and Electricity Consumer Council⁷, electricity distributors and electricity suppliers and such other persons as he considers appropriate⁸; and no such order may be made unless a draft of the instrument containing it has been laid before, and approved by a resolution of, each House of Parliament⁹.

For these purposes, 'carbon emissions reduction target' means a target for the promotion of any of the following:

- 2547 (1) measures for improving energy efficiency, that is to say, efficiency in the use by consumers of electricity, gas conveyed through pipes or any other source of energy which is specified in the order;
- 2548 (2) if the order so provides:
- 227
- 334. (a) measures for increasing the amount of electricity generated, or heat produced, by microgeneration¹⁰;
- 335. (b) any other measures of a description specified in the order for increasing the amount of electricity generated, or heat produced, using low-emissions sources or technologies¹¹;
- 336. (c) measures for reducing the consumption of such energy as is mentioned in head (1) above¹².
- 228

An order under these provisions may specify criteria by reference to which the Authority is to determine carbon emissions reduction targets for the electricity distributors or electricity suppliers on whom obligations are imposed by the order¹³. The order:

- 2549 (i) may make provision generally in relation to the carbon emissions reduction obligations which it imposes, including in particular provision:
- 229
- 337. (A) as to the treatment of persons who become electricity distributors or electricity suppliers after the beginning of the period to which the order relates;
- 338. (B) as to the action which qualifies for the purpose of meeting the whole or any part of a carbon emissions reduction target;

339. (c) as to the method by which improvements in energy efficiency, increases in the amount of electricity generated, or heat produced, by microgeneration or otherwise using low-emissions sources or technologies or reductions in energy consumption attributable to any qualifying action are to be assessed;
340. (D) requiring distributors and suppliers to give to the Authority specified information, or information of a specified nature, about their proposals for complying with their carbon emissions reduction obligations¹⁴;
341. (E) requiring the Authority to determine whether any proposed action qualifies for the purpose of achieving the whole or any part of a person's carbon emissions reduction target and, if so, what improvement in energy efficiency, increase in the amount of electricity generated, or heat produced, by microgeneration or otherwise using low-emissions sources or technologies or reduction in energy consumption is to be attributed for that purpose to the proposed action or to any result of that action specified in the determination; and
342. (F) requiring distributors or suppliers to produce to the Authority evidence of a specified kind demonstrating that they have complied with their carbon emissions reduction obligations¹⁵;
- 230
- 2550 (ii) may make provision authorising the Authority to require a distributor or supplier to provide it with specified information, or information of a specified nature, relating to his proposals for complying with his carbon emissions reduction obligation or the question whether he has complied with that obligation¹⁶;
- 2551 (iii) may make provision as to circumstances in which:
- 231
343. (A) a person's carbon emissions reduction target may be altered during the period to which the order relates;
344. (B) the whole or any part of a person's carbon emissions reduction target may be treated as having been achieved by action taken otherwise than by or on behalf of that person;
345. (C) any action taken before the period to which the order relates may be treated as qualifying action taken during that period;
346. (D) the whole or any part of a person's carbon emissions reduction target may be transferred to another electricity distributor or electricity supplier or to a gas transporter or gas supplier¹⁷; or
347. (E) a person may carry forward the whole or any part of his carbon emissions reduction target for the period to which the order relates to a subsequent period¹⁸;
- 232
- 2552 (iv) may:
- 233
348. (A) provide for exceptions from any requirement of the order;
349. (B) provide that any specified requirement contained in it is to be treated as a relevant requirement¹⁹ for the purposes of Part I of the Electricity Act 1989²⁰;
350. (C) make supplementary, incidental and transitional provision; and
351. (D) make different provision²¹ for different cases, including different provision in relation to different distributors or suppliers²²;
- 234
- 2553 (v) may include provision for treating the promotion of the supply to premises²³ of:
- 235
352. (A) electricity generated by a generating station²⁴ which is operated for the purposes of producing heat, or a cooling effect, in association with electricity;
353. (B) heat produced in association with electricity or steam produced from, or air or water heated by, such heat;
354. (C) any gas or liquid subjected to a cooling effect produced in association with electricity,

236
2554 as promotion of energy efficiency²⁵.

The Secretary of State and the Authority must carry out their respective functions under these provisions in the manner he or it considers is best calculated to ensure that no electricity distributor is unduly disadvantaged in competing with other electricity distributors and no electricity supplier is unduly disadvantaged in competing with other electricity suppliers²⁶.

Prior to 28 February 2007²⁷, the above provisions referred to 'energy efficiency obligations' and 'energy efficiency targets'²⁸. The orders setting out such obligations and targets are discussed in an earlier part of this title²⁹, as is the Secretary of State's power to specify an overall target for the promotion of the above-mentioned measures³⁰.

1 As to the Secretary of State see PARA 601 note 1 ante.

2 For the meaning of 'electricity distributor' see PARA 1065 note 9 ante.

3 As to the framing of descriptions see PARA 1068 note 17 ante.

4 For the meaning of 'electricity supplier' see PARA 1065 note 7 ante.

5 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

6 Electricity Act 1989 s 41A(1) (s 41A added by the Utilities Act 2000 s 70; the Electricity Act 1989 s 41A(1), (3), (5)-(7) amended by the Climate Change and Sustainable Energy Act 2006 s 17, Schedule paras 4, 5).

7 As to the establishment of the Gas and Electricity Consumer Council see PARA 716 ante; and as to the prospective abolition of the Council and the transfer of its functions to the new National Consumer Council to be established under the Consumers, Estate Agents and Redress Act 2007 see PARA 716 the text and notes 12-13 ante.

8 Electricity Act 1989 s 41A(11) (as added: see note 6 supra).

9 Ibid s 41A(12) (as added: see note 6 supra).

10 For these purposes, 'microgeneration' has the same meaning as in the Climate Change and Sustainable Energy Act 2006 (see PARA 619 note 2 ante): Electricity Act 1989 s 41A(13) (s 41A(13), (14) added by the Climate Change and Sustainable Energy Act 2006 s 16(1), (5)).

11 For the purposes of the Electricity Act 1989 s 14A(2)(b)(ii) (as substituted) (see head (2)(b) in the text), electricity is generated, or heat is produced, using low-emissions sources or technologies if it is generated, or produced, by plant which relies wholly or mainly on a source of energy or a technology mentioned in the Climate Change and Sustainable Energy Act 2006 s 26(2) (see PARA 619 note 2 ante): Electricity Act 1989 s 41A(14) (as added: see note 10 supra). 'Plant' includes any equipment, apparatus or appliance: s 41A(13) (as so added).

12 Ibid s 41A(2) (substituted by the Climate Change and Sustainable Energy Act 2006 s 16(1), (3)).

13 Electricity Act 1989 s 41A(3) (as added and amended: see note 6 supra).

14 No person is, however, to be required by virtue of ibid s 41A (as added and amended) to provide any information which he could not be compelled to give in evidence in civil proceedings in the High Court: s 41A(10) (as added: see note 6 supra). For the meaning of 'information' see PARA 1044 note 10 ante.

15 Ibid s 41A(5) (as added and amended: see note 6 supra).

16 Ibid s 41A(6) (as added and amended: see note 6 supra). See also note 14 supra.

17 I.e. a gas transporter or gas supplier within the meaning of the Gas Act 1986 Pt I (ss 4AA-48) (as amended): see PARA 789 et seq ante. For the meaning of 'gas transporter' see PARA 805 ante; and for the meaning of 'gas supplier' see PARA 807 ante.

18 Electricity Act 1989 s 41A(7) (as added and amended: see note 6 supra).

- 19 For the meaning of 'relevant requirement' see *ibid* s 25(8) (as amended); and PARA 1207 note 5 post.

- 21 *Ie* subject to *ibid* s 41A(4) (as added): see the text and note 26 *infra*.
- 22 *Ibid* s 41A(8) (as added: see note 6 *supra*).
- 23 For the meaning of 'premises' see PARA 1041 note 5 *ante*.
- 24 For the meaning of 'generating station' see PARA 1041 note 6 *ante*; and for the meaning of 'generate' see PARA 1041 note 7 *ante*.
- 25 Electricity Act 1989 s 41A(9) (as added: see note 6 *supra*).
- 26 *Ibid* s 41A(4) (as added: see note 6 *supra*).
- 27 *Ie* prior to the coming into force of the Climate Change and Sustainable Energy Act 2006 s 16.
- 28 See the Electricity Act 1989 s 41A (as added (see note 6 *supra*), but without the amendments made by the Climate Change and Sustainable Energy Act 2006 s 16.
- 29 See the Electricity and Gas (Energy Efficiency Obligations) Order 2001, SI 2001/4011 (amended by SI 2003/1180); the Electricity and Gas (Energy Efficiency Obligations) Order 2004, SI 2004/3392; and PARA 765 *ante*.
- 30 See the Utilities Act 2000 s 103 (as amended); and PARA 765 *ante*.

UPDATE

1137 Promotion of reductions in carbon emissions; electricity distributors and electricity suppliers

TEXT AND NOTES--See Electricity and Gas (Carbon Emissions Reduction) Order 2008, SI 2008/188 (amended by SI 2009/1904, SI 2009/1905); Electricity and Gas (Community Energy Saving Programme) Order 2009, SI 2009/1905.

TEXT AND NOTES 1-28--The power to make orders under the Electricity Act 1989 s 41A may be exercised so as to impose more than one carbon emissions reduction obligation on a person in relation to the same period or to periods that overlap to any extent: s 41A(1A) (added by the Climate Change Act 2008 Sch 8 para 3(3)). Electricity Act 1989 s 41A amended in order to refer to electricity generators as well as electricity distributors or suppliers: Climate Change Act 2008 Sch 8 para 3(2), (4), (5), (7)-(10).

TEXT AND NOTES 14, 15--Add head (G) requiring the whole or any part of a carbon emissions reductions target to be met by action relating to persons of a specified description, specified areas or areas of a specified description or persons of a specified description in specified areas or areas of a specified description added: Electricity Act 1989 s 41A(5) (amended by the Climate Change Act 2008 Sch 8 para 3(6)). 'Specified' means specified in the order: Electricity Act 1989 s 41A(13) (amended by the Climate Change Act 2008 Sch 8 para 3(11)).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iii) Consumer Protection/A. STANDARDS OF PERFORMANCE; SERVICE STANDARDS AND REMUNERATION/ (E) Information and Publicity about Standards and Targets/1138. Information with respect to levels of performance.

(E) INFORMATION AND PUBLICITY ABOUT STANDARDS AND TARGETS

1138. Information with respect to levels of performance.

The Gas and Electricity Markets Authority ('GEMA')¹ must from time to time collect information with respect to:

- 2555 (1) the compensation made by electricity suppliers² under the standards of performance for individual cases³;
- 2556 (2) the levels of overall performance achieved by such suppliers in connection with the provision of electricity supply services⁴;
- 2557 (3) the compensation made by electricity distributors⁵ under the standards of performance for individual cases⁶;
- 2558 (4) the levels of overall performance achieved by electricity distributors⁷.

At such times as may be specified in a direction⁸ given by the Authority, each electricity supplier must furnish to the Authority the following information, namely:

- 2559 (a) as respects each prescribed standard for individual cases⁹, the number of cases in which compensation was made and the aggregate amount or value of that compensation; and
- 2560 (b) as respects each standard determined¹⁰ in relation to overall performance, such information with respect to the level of performance achieved by the supplier as may be so specified¹¹.

Similarly, at such times as may be specified in a direction given by the Authority, each electricity distributor must furnish to the Authority the following information, namely:

- 2561 (i) as respects each prescribed standard for individual cases¹², the number of cases in which compensation was made and the aggregate amount or value of that compensation; and
- 2562 (ii) as respects each standard determined¹³ in relation to overall performance, such information with respect to the level of performance achieved by the distributor as may be so specified¹⁴.

The provision of information about overall performance by electricity suppliers and electricity distributors to customers or potential customers of electricity suppliers has already been discussed¹⁵.

¹ As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

STANDARDS OF PERFORMANCE; SERVICE STANDARDS AND REMUNERATION/ (E) Information and Publicity about Standards and Targets/1139. Publication of statistical information about standards of performance etc.

1139. Publication of statistical information about standards of performance etc.

It is the duty of the Gas and Electricity Consumer Council¹ to publish, in such form and manner and with such frequency as it thinks appropriate, such statistical information as it considers appropriate relating to:

- 2563 (1) the levels of performance achieved by electricity suppliers² and electricity distributors³ in respect of:
 - 237 355. (a) standards of performance prescribed or determined under the relevant statutory provisions⁴; and
 - 356. (b) carbon emissions reduction obligations imposed by order under the relevant statutory provision⁵; and
- 238 2564 (2) complaints⁶ made by consumers about any matter relating to the activities of such suppliers or distributors and the handling of such complaints⁷.

The general restrictions on the disclosure of information which are contained in the Utilities Act 2000⁸ are not to be construed as limiting any matters which may be published under the above provisions⁹.

1 As to the establishment of the Gas and Electricity Consumer Council see PARA 716 ante; and as to the prospective abolition of the Council and the transfer of its functions to the new National Consumer Council to be established under the Consumers, Estate Agents and Redress Act 2007 see PARA 716 the text and notes 12-13 ante.

2 For the meaning of 'electricity supplier' see PARA 1065 note 7 ante.

3 For the meaning of 'electricity distributor' see PARA 1065 note 9 ante.

4 Ie under the Electricity Act 1989 s 39 (as amended) (see PARA 1110 ante), s 39A (as added) (see PARA 1111 ante), s 40 (as amended) (see PARA 1134 ante) and s 40A (as added) (see PARA 1135 ante).

5 Ie under ibid s 41A (as added and amended): see PARA 1137 ante.

6 For these purposes, 'complaints' includes complaints made directly to electricity suppliers and electricity distributors (or anyone carrying on activities on their behalf) and complaints to the Gas and Electricity Markets Authority ('GEMA') or the Council: ibid s 42AA(2) (s 42AA added by the Utilities Act 2000 s 20(6)).

7 Electricity Act 1989 s 42AA(1) (as added (see note 6 supra); amended by the Climate Change and Sustainable Energy Act 2006 s 17, Schedule paras 4, 6).

9 See ibid s 105(8); and PARA 767 note 5 ante.

UPDATE

1139 Publication of statistical information about standards of performance etc

TEXT AND NOTES 1-7--Electricity Act 1989 s 42AA amended in order to refer to electricity generators as well as electricity suppliers and distributors: Climate Change Act 2008 Sch 8 para 4.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iii) Consumer Protection/A. STANDARDS OF PERFORMANCE; SERVICE STANDARDS AND REMUNERATION/ (F) Service Standards and Remuneration/1140. Service standards and remuneration of company directors.

(F) SERVICE STANDARDS AND REMUNERATION

1140. Service standards and remuneration of company directors.

The following provisions apply to any company¹ which is authorised by a licence² to carry on activities subject to price regulation³.

As soon as reasonably practicable after the end of each financial year of the company it must make a statement to the Gas and Electricity Markets Authority ('GEMA')⁴:

- 2565 (1) disclosing whether or not remuneration⁵ has been paid or become due during that financial year to the directors of the company as a result of arrangements for linking the remuneration of the directors of the company to levels of performance as respects service standards⁶ in connection with activities subject to price regulation⁷; and
- 2566 (2) where such remuneration has been paid or become due, describing the arrangements and the remuneration⁸.

A description under head (2) above must include in particular:

- 2567 (a) a statement of when the arrangements were made;
- 2568 (b) a description of the service standards in question;
- 2569 (c) an explanation of the means by which the levels of performance as respects those service standards are assessed; and
- 2570 (d) an explanation of how the remuneration was calculated⁹.

The required statement must also state:

- 2571 (i) whether or not there are in force in respect of the financial year during which the statement is made arrangements such as are described in head (1) above¹⁰; or
- 2572 (ii) if not, whether the company intends that such arrangements will be in force at some time during that financial year,

and if there are, or it is intended that there will be, such arrangements in force the statement must describe those arrangements¹¹. Such a description must:

- 2573 (A) include in particular the matters listed in heads (a) to (c) above; and
- 2574 (B) where the arrangements described are different from any arrangements described under head (2) above, state the likely effect of those differences on the remuneration of each director of the company¹².

The required statement must be made to the Authority in such manner as may be required by the Authority¹³. It must be published by the company making the statement in such manner as it reasonably considers will secure adequate publicity for it¹⁴. It may also be published by the Authority in such manner as it may consider appropriate¹⁵.

1 For these purposes, 'company' means a company within the meaning of the Companies Act 1985 or the Companies Act 2006 which is limited by shares: Electricity Act 1989 s 42C(10) (s 42C added by the Utilities Act 2000 s 61); Companies Act 2006 s 1297(5).

2 For the meaning of 'licence' see PARA 1041 note 12 ante.

3 Electricity Act 1989 s 42C(1) (as added: see note 1 supra). 'Activities subject to price regulation', in relation to any company, are activities for which (1) a maximum price which may be charged by the company, or a method for calculating such a maximum price; or (2) a maximum revenue which may be received by the company, or a method for calculating such a maximum revenue, is determined by or under the licence granted under Pt I (ss 3A-64) (as amended) (see PARA 1041 et seq ante, PARA 1141 et seq post): s 42C(10) (as added: see note 1 supra).

4 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

5 'Remuneration' in relation to a director of a company: (1) means any form of payment, consideration or other benefit (including pension benefit), paid or due to or in respect of the director; and (2) includes remuneration in respect of any of his services while a director of the company: Electricity Act 1989 s 42C(10) (as added: see note 1 supra). The duty of a company under s 42C (as added) applies in respect of any person who has at any time been a director of the company: s 42C(9) (as so added).

6 'Service standards' in relation to any company, means standards relating to the quality of service received by customers or potential customers of the company, including any such standards which are (1) set by or under any conditions included in a licence granted under ibid Pt I (as amended); (2) prescribed by the Authority in regulations made under s 39 (as amended) (see PARA 1110 ante) or 39A (as added) (see PARA 1111 ante); (4) determined by the Authority under s 40 (as amended) (see PARA 1134 ante) or 40A (as added) (see PARA 1135 ante); or (4) set or agreed to by the company: s 42C(10) (as added: see note 1 supra).

7 le arrangements falling within ibid s 42C(3) (as added: see note 1 supra).

8 Ibid s 42C(2), (3) (as added: see note 1 supra).

9 Ibid s 42C(4) (as added: see note 1 supra).

10 See note 7 supra.

11 Electricity Act 1989 s 42C(5) (as added: see note 1 supra).

12 Ibid s 42C(6) (as added: see note 1 supra).

13 Ibid s 42C(7) (as added: see note 1 supra).

14 Ibid s 42C(8)(a) (as added: see note 1 supra).

15 Ibid s 42C(8)(b) (as added: see note 1 supra).

UPDATE

1140 Service standards and remuneration of company directors

NOTE 1--'Company' means a company, as defined in the Companies Act 2006 s 1(1) (see COMPANIES vol 14 (2009) PARA 24), that is limited by shares, and has its registered office in Great Britain: Electricity Act 1989 s 42C(10) (amended by SI 2009/1941).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iii) Consumer Protection/B. COMPETITION PROVISIONS/1141. Functions with respect to competition.

B. COMPETITION PROVISIONS

1141. Functions with respect to competition.

Certain functions of the Office of Fair Trading (the 'OFT')¹ under Part 4 of the Enterprise Act 2002², so far as relating to commercial activities connected with the generation³, transmission⁴ or supply⁵ of electricity or the use of electricity interconnectors⁶, are concurrent functions of the Gas and Electricity Markets Authority ('GEMA')⁷ and the OFT⁸. Before the OFT or the Authority first exercises in relation to any matter functions which are exercisable concurrently by virtue of the above provisions, it must consult the other⁹; and neither the OFT nor the Authority must exercise in relation to any matter functions which are exercisable concurrently by virtue of the above provisions if functions which are so exercisable have been exercised in relation to that matter by the other¹⁰.

It is the duty of the Authority, for the purpose of assisting the Competition Commission¹¹ in carrying out an investigation on a reference made to the Commission by the Authority by virtue of the above provisions, to give to the Commission:

- 2575 (1) any information¹² which is in its possession and which relates to matters falling within the scope of the investigation and is either requested by the Commission for that purpose or is information which in the Authority's opinion it would be appropriate for that purpose to give to the Commission without any such request; and
- 2576 (2) any other assistance which the Commission may require and which it is within the Authority's power to give, in relation to any such matters,

and the Commission must, for the purposes of carrying out any such investigation, take into account any information so given to it for that purpose¹³.

The Authority is also entitled to exercise, concurrently with the OFT, certain functions of the OFT under Part I of the Competition Act 1998¹⁴ so far as relating to:

- 2577 (a) agreements, decisions or concerted practices preventing, restricting or distorting competition¹⁵;
- 2578 (b) conduct of a kind which amounts to the abuse of a dominant position in a market¹⁶;
- 2579 (c) agreements, decisions or concerted practices preventing, restricting or distorting competition which contravene European Community law¹⁷; or
- 2580 (d) conduct which amounts to abuse of a dominant position of a kind which contravenes European Community law¹⁸,

which relate to commercial activities connected with the generation, transmission or supply of electricity or the use of electricity interconnectors¹⁹.

1 As to the Office of Fair Trading see COMPETITION vol 18 (2009) PARAS 6-8.

2 le functions under the Enterprise Act 2002 Pt 4 (ss 131-184) (as amended) (market investigations), other than functions under s 166 (register of undertakings and orders) and s 171 (advice and information): see COMPETITION vol 18 (2009) PARA 311.

3 For the meaning of 'generation' see PARA 1041 note 7 ante.

4 For the meaning of 'transmission' see PARA 1041 note 6 ante.

5 For the meaning of 'supply' see PARA 1041 note 10 ante.

6 For the meaning of 'electricity interconnector' see PARA 1041 note 11 ante.

7 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

8 Electricity Act 1989 s 43(2), (2A) (respectively substituted and added by the Enterprise Act 2002 s 168(9), Sch 9 Pt 2 para 18(1), (2); the Electricity Act 1989 s 43(2A) amended by the Energy Act 2004 s 147(1), (5)). So far as necessary for the purposes of, or in connection with, the Electricity Act 1989 s 43(2) (as so substituted) and s 43(2A) (as so added and amended), references in the Enterprise Act 2002 Pt 4 (as amended) to the OFT (including references in provisions of that Act applied by that Part) are to be construed as including references to the Authority (except in ss 166 and 171 and in any other provision of that Act where the context otherwise requires): Electricity Act 1989 s 43(2B) (as so added).

If any question arises in any particular case as to the jurisdiction of the Authority under any of the provisions mentioned in s 43(2A) (as added and amended) or s 42(3) (as substituted and amended) (see the text and notes 14-19 infra), that question must be referred to and determined by the Secretary of State; and no objection is to be taken to anything done under the Enterprise Act 2002 Pt 4 (as amended) or the Competition Act 1998 Pt I (ss 1-60) (as amended), other than ss 31D(1)-(6), 38(1)-(6) and 51 (as amended) by or in relation to the Authority on the ground that it should have been done by or in relation to the OFT: Electricity Act 1989 s 43(6) (amended by the Deregulation and Contracting Out Act 1994 ss 12(7), 81, Sch 4 para 3(b), Sch 17; the Competition Act 1998 s 54(2), Sch 10 para 4(8); the Enterprise Act 2002 s 168(9), 278(1), (2), Sch 9 Pt 2 para 18(1), (4), Sch 25 para 20(1), (7)(d), Sch 26; the Competition Act 1998 and other enactments (Amendment) Regulations 2004, SI 2004/1261, reg 5, Sch 2 para 3(1), (2)(c); and by virtue of the Utilities Act 2000 s 3(2)).

The Enterprise Act 2002 s 117 (as amended) (offences of supplying false or misleading information) as applied by s 180 (as amended) has effect so far as relating to functions exercisable by the Authority by virtue of the Electricity Act 1989 s 43(2) (as so substituted) as if the references in the Enterprise Act 2002 s 117(1)(a) (as amended) and s 117(2) to the Office of Fair Trading included references to the Authority: Electricity Act 1989 s 43(6A) (added by the Competition Act 1998 s 54(3), Sch 10 para 12(6); substituted by the Enterprise Act 2002 s 168(9), Sch 9 Pt 2 para 18(1), (5); amended by virtue of the Utilities Act 2000 s 3(2)).

9 Electricity Act 1989 s 43(4) (s 43(4) substituted, and s 43(4A) added, by the Enterprise Act 2002 s 168(9), Sch 9 Pt 2 para 18(1), (3)).

10 Electricity Act 1989 s 43(4A) (as added: see note 9 supra).

11 As to the Competition Commission see COMPETITION vol 18 (2009) PARAS 9-12; and as to the appointment of specialist members of the Commission to exercise functions relating to modification references under the Electricity Act 1989 s 12 (as amended) (see PARAS 1081-1082 ante), s 14A (as added and amended) (power to veto modification following report: see PARA 1085 ante) or s 56C (as added and amended) (references regarding licensable activities: see PARAS 1089-1090 ante) see the Utilities Act 2000 s 104 (as amended); and PARA 766 ante.

12 For the meaning of 'information' see PARA 1044 note 10 ante.

13 Electricity Act 1989 s 43(5) (amended by the Competition Act 1998, ss 54(2), 74(3), Sch 10, PARA 4(7), Sch 14, Pt I; the Competition Act 1998 (Competition Commission) Transitional, Consequential and Supplemental Provisions Order 1999, SI 1999/506, art 24(b); and by virtue of the Utilities Act 2000 s 3(2)).

14 le functions under the Competition Act 1998 Pt I (ss 1-60) (as amended) (see COMPETITION vol 18 (2009) PARA 115 et seq), other than functions under s 31D(1)-(6) (as added) (guidance by the OFT), 38(1)-(6) (as amended) (the appropriate level of a penalty) and s 51 (as amended) (OFT's rules)).

15 le agreements, decisions or concerted practices of the kind mentioned in ibid s 2(1): see COMPETITION vol 18 (2009) PARA 116.

16 le conduct of the kind mentioned in ibid s 18(1): see COMPETITION vol 18 (2009) PARA 125.

17 le agreements, decisions or concerted practices of the kind mentioned in the EC treaty art 81(1).

18 le conduct which amounts to abuse of the kind mentioned in the EC Treaty art 82.

19 See the Electricity Act 1989 s 43(3) (substituted by the Competition Act 1998 and other enactments (Amendment) Regulations 2004, SI 2004/1261, reg 5, Sch 2 para 3(1), (2)(a); amended by the Energy Act 2004 s 147(1), (5)). See also note 8 supra. So far as necessary for the purposes of, or in connection with, the provisions of the Electricity Act 1989 s 43(3) (as so substituted), references in the Competition Act 1998 Pt I (as amended) to the OFT are to be read as including a reference to the Authority, except in s 31D(1)-(6) (as added), s 38(1)-(6), (as amended), s 51 (as amended), 52(6), (8) (as amended) (advice and information) and s 54 (as amended) (regulators) and in any other provision of that Act where the context otherwise requires: Electricity Act 1989 s 43(3A) (added by the Competition Act 1998 s 54(2), Sch 10 para 4(5); amended by the Enterprise Act 2002 s 278(1), Sch 25 para 20(1), (7)(c); the Competition Act 1998 and other enactments (Amendment) Regulations 2004, SI 2004/1261, reg 5, Sch 2 para 3(1), (2)(b); and by virtue of the Utilities Act 2000 s 3(2)).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iii) Consumer Protection/C. CHARGES FOR ELECTRICITY/1142.
Maximum prices for reselling electricity.

C. CHARGES FOR ELECTRICITY

1142. Maximum prices for reselling electricity.

The Gas and Electricity Markets Authority ('GEMA')¹ may from time to time direct² that the maximum prices at which electricity supplied by authorised suppliers³ may be resold:

- 2581 (1) are to be such as may be specified in the direction; or
- 2582 (2) are to be calculated by such method and by reference to such matters as may be so specified⁴.

The authority must publish such directions in such manner as in its opinion will secure adequate publicity for them⁵.

A direction under these provisions may:

- 2583 (a) require any person who resells electricity supplied by an authorised supplier to furnish the purchaser with such information as may be specified or described in the direction; and
- 2584 (b) provide that, in the event of his failing to do so, the maximum price applicable to the resale is to be such as may be specified in the direction, or is to be reduced by such amount or such percentage as may be so specified⁶.

Different directions may be given under these provisions as respects different classes of cases, which may be defined by reference to areas or any other relevant circumstances⁷.

If any person resells electricity supplied by an authorised supplier at a price exceeding the maximum price determined by or under such a direction and applicable to the resale, the amount of the excess and, if the direction so provides, interest on that amount at a rate specified or described in the direction, is to be recoverable by the person to whom the electricity was resold⁸.

¹ As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

² As to directions generally see the Electricity Act 1989 s 107; and PARA 1306 post.

³ For the meaning of 'authorised supplier' see PARA 1094 note 7 ante.

⁴ Electricity Act 1989 s 44(1)(a), (b) (s 44 substituted by the Utilities Act 2000 s 73(1)).

⁵ Electricity Act 1989 s 44(1) (as substituted: see note 4 supra). As to publication by the authority see PARA 1045 note 6 ante.

⁶ Ibid s 44(2) (as substituted: see note 4 supra).

⁷ Ibid s 44(3) (as substituted: see note 4 supra). As to the framing of classes generally see PARA 1051 note 4 ante.

8 Ibid s 44(4) (as substituted: see note 4 supra).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iii) Consumer Protection/C. CHARGES FOR ELECTRICITY/1143.
Adjustment of charges to help disadvantaged groups of customers.

1143. Adjustment of charges to help disadvantaged groups of customers.

If the Secretary of State¹ considers that members of any group (a 'disadvantaged group') of customers² of authorised suppliers³ are treated less favourably than other customers of theirs as respects charges for electricity, he may make an order containing a scheme for the adjustment of charges for electricity with a view to eliminating or reducing the less favourable treatment⁴. The scheme may include:

- 2585 (1) provision for the adjustment of charges by authorised distributors⁵ or authorised transmitters⁶ as well as by suppliers;
- 2586 (2) in relation to charges payable to suppliers, provision for the adjustment of charges payable by customers who are not members of the disadvantaged group, as well as by persons who are⁷.

The scheme must:

- 2587 (a) describe the disadvantaged group;
- 2588 (b) specify the persons whose charges are covered by the scheme; and
- 2589 (c) set out the basis of the adjustment of the charges⁸;

and if the scheme does not relate to the whole of Great Britain⁹, it must specify the area or areas to which it relates¹⁰.

The scheme may:

- 2590 (i) require authorised suppliers, authorised distributors or authorised transmitters to supply information¹¹ of any specified description, in any specified form, to any other such persons; and
- 2591 (ii) provide for the modification¹² of the conditions of licences¹³,

for the purpose of facilitating the implementation of the scheme¹⁴.

Before making such an order, the Secretary of State must give notice¹⁵:

- 2592 (A) stating that he proposes to make an order and setting out its effect;
- 2593 (B) stating the reasons why he proposes to make the order; and
- 2594 (C) specifying the time, not being less than 28 days from the date of publication of the notice, within which representations or objections with respect to the proposed order may be made,

and must consider any representations or objections which are duly made and not withdrawn¹⁶. The notice must be given by serving a copy of it on the persons whose charges are covered by the proposed order and by publishing it in such manner as the Secretary of State considers appropriate for bringing the proposed order to the attention of other persons likely to be affected by it¹⁷. An order may not be made under these provisions unless a draft of the

statutory instrument containing it has been laid before, and approved by a resolution of, each House of Parliament¹⁸. The Secretary of State may by order require authorised suppliers, authorised distributors or authorised transmitters to supply information of any specified description, in any specified form, to any other such persons for the purpose of enabling the making of such an order¹⁹.

Such an order is to continue in force for such period not exceeding three years as is specified in the order; but that does not prevent the making of another order to come into force at the end of that period²⁰.

The authority must monitor the effect of such orders and report its findings to the Secretary of State whenever he directs it to do so²¹. It may require authorised suppliers, authorised distributors or authorised transmitters to supply to the authority, in any specified form, such information as it requires for carrying out that duty²².

1 As to the Secretary of State see PARA 601 note 1 ante.

2 For these purposes, references to customers do not include customers of a description excluded by an order made by the Secretary of State: Electricity Act 1989 s 43B(6) (ss 43A, 43B added by the Utilities Act 2000 s 69).

3 For the meaning of 'authorised supplier' see PARA 1094 note 7 ante.

4 Electricity Act 1989 s 43A(1) (as added: see note 2 supra).

5 For the meaning of 'authorised distributor' see PARA 1094 note 8 ante.

6 For these purposes, 'authorised transmitter' means a person authorised by a licence or exemption to participate in the transmission of electricity: Electricity Act 1989 s 43B(7) (as added (see note 2 supra); amended by the Energy Act 2004 s 143(1), Sch 19 paras 3, 13). For the meaning of 'licence' see PARA 1041 note 12 ante; for the meaning of 'exemption' see PARA 1046 note 7 ante; and for the meaning of references to participating in the transmission of electricity see PARA 1050 ante.

7 Electricity Act 1989 s 43A(2) (as added: see note 2 supra).

8 Ibid s 43A(3) (as added: see note 2 supra).

9 For the meaning of 'Great Britain' see PARA 602 note 7 ante.

10 Electricity Act 1989 s 43A(4) (as added: see note 2 supra).

11 For the meaning of 'information' see PARA 1044 note 10 ante.

12 For the meaning of 'modification' see PARA 1035 note 3 ante.

13 As to licence conditions and their modification see PARA 1068 et seq ante.

14 Electricity Act 1989 s 43A(5) (as added: see note 2 supra).

15 For the meaning of 'notice' see PARA 1047 note 11 ante.

16 Electricity Act 1989 s 43B(1) (as added: see note 2 supra).

17 Ibid s 43B(2) (as added: see note 2 supra). As to the service of notices see PARA 1307 post.

18 Ibid s 43A(6) (as added: see note 2 supra).

19 Ibid s 43B(4) (as added: see note 2 supra).

20 Ibid s 43B(3) (as added: see note 2 supra).

21 Ibid s 43B(5)(a) (as added: see note 2 supra).

22 Ibid s 43B(5)(b) (as added: see note 2 supra).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iii) Consumer Protection/D. BILLING DISPUTES AND INVESTIGATION OF COMPLAINTS/1144. Billing disputes.

D. BILLING DISPUTES AND INVESTIGATION OF COMPLAINTS

1144. Billing disputes.

Power is prospectively conferred on the Secretary of State¹ to make provision by regulations² for billing disputes³ to be referred to the Gas and Electricity Markets Authority ('GEMA')⁴ for determination in accordance with the regulations⁵. Such regulations may only be made after consulting the Authority and persons or bodies appearing to the Secretary of State to be representative of persons likely to be affected by those regulations⁶.

Such regulations may provide:

- 2595 (1) that, where a billing dispute is referred to the Authority, it may either determine the dispute, or appoint an arbitrator to determine it⁷;
- 2596 (2) that disputes may be referred to the Authority only by prescribed⁸ persons⁹; and
- 2597 (3) for any determination to be final and enforceable in England and Wales as if it were a judgment of a county court¹⁰.

Any person determining any billing dispute in accordance with such regulations must, in such manner as may be specified in the regulations, give his reasons for reaching his decision with respect to the dispute¹¹.

Except in such circumstances, if any, as may be prescribed, the Authority or an arbitrator appointed by the Authority may not determine any billing dispute which is the subject of proceedings before, or with respect to which judgment has been given by, any court¹²; and neither party to a billing dispute which has been referred to the Authority for determination in accordance with such regulations may commence proceedings before any court in respect of that dispute pending its determination in accordance with the regulations¹³.

As from a day to be appointed¹⁴, no electricity supplier may commence proceedings before any court in respect of any charge in connection with the provision by him of electricity supply services unless, not less than 28 days before doing so, the customer concerned was informed by him, in such form and manner as may be prescribed, of his intention to commence proceedings, of the customer's rights by virtue of the above provisions and of such other matters, if any, as may be prescribed¹⁵.

The Authority's powers to require information¹⁶ or documents in respect of any contravention of a licence condition or a requirement imposed on the holder of a licence¹⁷ are also exercisable for any purpose connected with the determination of any dispute referred to the Authority in accordance with regulations made under the above provisions¹⁸.

¹ le by the Electricity Act 1989 s 44A (added by the Competition and Service (Utilities) Act 1992 s 23 as from a date to be appointed under s 56(3); and subsequently amended (see notes 3, 5, 15 infra)). At the date at which this title states the law, no such day had been appointed and these provisions had not been brought into force. As to the Secretary of State see PARA 601 note 1 ante.

² As to regulations generally see the Electricity Act 1989 ss 60, 106 (as amended); and PARA 1306 post.

3 For these purposes, 'billing dispute' means a dispute between an electricity supplier and a customer concerning the amount of the charge which the supplier is entitled to recover from the customer in connection with the provision of electricity supply services: Electricity Act 1989 s 44A(2) (as added (see note 1 supra); amended by the Utilities Act 2000 s 108, Sch 6 Pt II paras 24, 36(1), (2)(a)). For the meaning of 'electricity supplier' see PARA 1065 note 7 ante; and for the meaning of 'supply' see PARA 1041 note 10 ante.

4 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

5 Electricity Act 1989 s 44A(1) (as added (see note 1 supra); s 44A(1), (3), (4), (6), (7), (9) amended by virtue of the Utilities Act 2000 s 3(2)). At the date at which this title states the law, no such regulations had been made.

6 Electricity Act 1989 s 44A(3) (as added and amended: see notes 1, 5 supra).

7 Ibid s 44A(4) (as added and amended: see notes 1, 5 supra).

8 For the meaning of 'prescribed' see PARA 1096 note 11 ante.

9 Electricity Act 1989 s 44A(6)(a) (as added and amended: see notes 1, 5 supra).

10 Ibid s 44A(6)(b)(i) (as added and amended: see notes 1, 5 supra).

11 Ibid s 44A(5) (as added: see note 1 supra).

12 Ibid s 44A(7)(a) (as added and amended: see notes 1, 5 supra).

13 Ibid s 44A(7)(b) (as added and amended: see notes 1, 5 supra).

14 See note 1 supra.

15 Ibid s 44A(8) (as added (see note 1 supra); amended by the Utilities Act 2000 s 108, Sch 6 Pt II paras 24, 36(1), (3)).

16 For the meaning of 'information' see PARA 1044 note 10 ante.

17 Ie the Authority's powers under the Electricity Act 1989 s 28 (as amended): see PARA 1214 post. For the meaning of 'licence' see PARA 1041 note 12 ante.

18 Ibid s 44A(9) (as added and amended: see notes 1, 5 supra).

UPDATE

1144 Billing disputes

TEXT AND NOTES--As to 'Article 23 disputes' see PARA 1144A.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iii) Consumer Protection/D. BILLING DISPUTES AND INVESTIGATION OF COMPLAINTS/1144A. Article 23 disputes.

1144A. Article 23 disputes.

An Article 23 dispute, other than one which may be referred to the Authority (the Gas and Electricity Markets Authority; see PARA 965) under or by virtue of any other provision of the Electricity Act 1989, may be referred to the Authority under s 44C by the person who is the complainant in relation to the dispute: s 44C(1) (ss 44B-44D added by SI 2009/1349). An Article 23 dispute referred to the Authority under the Electricity Act 1989 s 44C must be determined by order made either by the Authority or, if the Authority thinks fit, by an arbitrator appointed by the Authority: s 44C(2). The practice and procedure to be followed in connection with an Article 23 dispute referred to the Authority under s 44C are to be such as the Authority may consider appropriate: s 44C(3). An order under s 44C (1) may include such incidental, supplemental and consequential provision as the person making the order considers appropriate; and (2) will be final: s 44C(4). The provision that may be included in an order under s 44C by virtue of head (1) includes provision requiring either party to pay a sum in respect of the costs or expenses incurred by the person making the order ('costs provision'): s 44C(5). In including costs provision in an order under s 44C, the person making the order must have regard to the conduct and means of the parties and any other relevant circumstances: s 44C(6). Costs provision included in an order under s 44C is to be enforceable as if it were a judgment of the county court: s 44C(7). Sections 25-28 (see PARAS 1207-1214) are to have effect as if references in those provisions to a relevant requirement, other than the reference in s 25(8) included references to any duty or other requirement imposed on the holder of a licence mentioned in s 44B(1)(b) by an order under s 44C: s 44C(8).

An order determining an Article 23 dispute, whether made under s 44C or made under or by virtue of any other provision of the Electricity Act 1989, must be made within the permitted period: s 44D(1). The permitted period is the period of two months beginning with the day on which the dispute is referred to the Authority: s 44D(2). Where the person determining the dispute requests further information from anyone for the purposes of determining the dispute, the person may, by giving notice to the parties, extend the permitted period by two months, or with the agreement of the complainant, by a longer period: s 44D(3). The person determining a dispute to which s 44D(5) applies (a) may by giving notice to the parties specify a permitted period that is longer than two months; (b) may extend the period specified under head (a), or the period as extended under this head, by giving further notice to the parties: s 44D(5). Section 44D(5) applies to a dispute that relates to connection charges for a generating station, or an extension of a generating station, where the station or extension is being used for the first time and is of a capacity not less than 100 megawatts: s 44D(4). If a person refers a dispute to the Authority, or purports to do so, and the Authority gives to that person a notice specifying information which it requires in order to assess whether the dispute is an Article 23 dispute, or whether there is a dispute at all, and requesting the person to provide that information, the dispute must be treated for the purposes of s 44D(2) as not referred to the Authority until the information is provided: s 44D(6).

For the purposes of ss 44C, 44D a dispute is an 'Article 23 dispute' if (i) it is wholly or mainly a dispute with respect to an issue mentioned in European Parliament and EC Council Directive 2003/54 (see PARA 653) art 23(1), (2) or (4); and (ii) it arises from a written complaint made against the holder of a transmission licence, a distribution licence, or an interconnector licence, and is a dispute between the complainant and the person complained against: Electricity Act

1989 s 44B(1). The reference in head (ii) to a complaint does not include a reference to a complaint about a modification, or failure to make a modification, of a term or condition of the licence held by the person complained against, or an obligation or right contained in any code or other document and having effect by virtue of such a term or condition, or a complaint made by a person as a household customer or potential household customer: s 44B(2). 'Household customer' has the meaning given by Directive 2003/54 art 2(1); Electricity Act 1989 s 44B(3).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iii) Consumer Protection/D. BILLING DISPUTES AND INVESTIGATION OF COMPLAINTS/1145. Consumer complaints.

1145. Consumer complaints.

The following provisions apply to a complaint which any customer or potential customer of, or user of electricity supplied¹ by, an authorised supplier² ('the complainant') has in his capacity as such against:

- 2598 (1) the supplier, in respect of any matter connected with the services provided by him in the course of carrying on regulated activities³; or
- 2599 (2) any other person authorised by a licence⁴ or exemption⁵, in respect of any matter affecting those services which is connected with the carrying on by that other person of regulated activities⁶.

Where such a complaint, other than one appearing to it to be frivolous or vexatious, is referred to the Gas and Electricity Consumer Council⁷ by or on behalf of the complainant, the Council must⁸ investigate the complaint for the purpose of determining whether it is appropriate to take⁹ any action¹⁰. Where it appears to the Council that the complaint relates to a matter in respect of which any enforcement function¹¹ is or may be exercisable the Council must, unless it considers that the Gas and Electricity Markets Authority ('GEMA')¹² already has notice of that matter, inform the Authority of the matter¹³; and where it appears to the Council that the complaint relates to a matter which constitutes a dispute of a kind which can be referred to the Authority under any provision of Electricity Act 1989, the Council must inform the complainant that he may have the right to refer the dispute to the Authority¹⁴. The Council is not, however, required by these provisions:

- 2600 (a) to investigate a complaint, until the complainant has taken such steps as appear to the Council to be reasonable for him to take for the purpose of giving the person against whom the complaint is made a reasonable opportunity to deal with the complaint;
- 2601 (b) to investigate any matter in respect of which any enforcement function is or may be exercisable¹⁵, until the Authority has had a reasonable opportunity to exercise any enforcement function in respect of that matter; and
- 2602 (c) to investigate any matter constituting a dispute which has been referred to the Authority under any provision of the Electricity Act 1989¹⁶.

Where it appears to the Council to be appropriate to do so with a view to assisting in reaching a satisfactory resolution of a complaint referred to it under the above provisions, the Council must make representations on behalf of the complainant to the person against whom the complaint is made about anything to which the complaint relates¹⁷. After investigating a complaint the Council may make a report to the Authority; and such a report may include information about any representations so made by the Council and the response of the person against whom the complaint is made to the complaint or any such representations¹⁸. No such report, or information about a complaint referred to the Council under these provisions from which the complainant may be identified, must be published or disclosed by the Council or the Authority in the exercise of any power under the Utilities Act 2000 or the Electricity Act 1989 without the consent of the complainant¹⁹.

Where a representation made to the Authority about any matter, other than one appearing to it to be frivolous or vexatious, appears to the Authority to be about a matter which is or amounts to a complaint to which the above provisions apply, and to have been made by or on behalf of the complainant, the Authority must refer the complaint to the Council²⁰.

As from a day to be appointed²¹, the provisions set out above are repealed²² and new arrangements for dealing with consumer complaints under the Consumers, Estate Agents and Redress Act 2007 will be introduced²³.

1 For the meaning of 'supply' see PARA 1041 note 10 ante.

2 For the meaning of 'authorised supplier' see PARA 1094 note 7 ante.

3 For these purposes, 'regulated activities' means activities which are authorised or regulated by a licence or exemption: Electricity Act 1989 s 46(10) (s 46 substituted by the Utilities Act 2000 s 22(2)).

4 For the meaning of 'licence' see PARA 1041 note 12 ante.

5 For the meaning of 'exemption' see PARA 1046 note 7 ante.

6 Electricity Act 1989 s 46(1) (as substituted: see note 3 supra).

7 As to the establishment of the Gas and Electricity Consumer Council see PARA 716 ante; and as to the prospective abolition of the Council and the transfer of its functions to the new National Consumer Council to be established under the Consumers, Estate Agents and Redress Act 2007 see PARA 716 the text and notes 12-13 ante.

8 Ie subject to the Electricity Act 1989 s 46(5) (as substituted): see the text and notes 15-16 infra.

9 Ie under ibid s 46(6) (as substituted): see the text and note 17 infra.

10 Ibid s 46(2) (as substituted: see note 3 supra).

11 For these purposes, 'enforcement function' means a function under ibid s 25 (as amended) (see PARA 1207 post) or s 27A (as added) (see PARA 1212 post): s 46(10) (as substituted: see note 3 supra).

12 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

13 Electricity Act 1989 s 46(3) (as substituted: see note 3 supra).

16 Ibid s 46(5) (as substituted: see note 3 supra).

17 Ibid s 46(6) (as substituted: see note 3 supra).

18 Ibid s 46(7) (as substituted: see note 3 supra).

19 Ibid s 46(8) (as substituted: see note 3 supra).

20 Ibid s 46(9) (as substituted: see note 3 supra).

21 Ie as from a day to be appointed under the the Consumers, Estate Agents and Redress Act 2007 s 66(2). At the date at which this title states the law, no such day had been appointed.

22 See ibid s 64, Sch 8 (not in force).

23 See ibid Pt 2 (ss 42-52) (not in force). For transitional provisions see s 30(5), Sch 3 para 2 (not in force).

UPDATE

1145 Consumer complaints

TEXT AND NOTES 21-23--Provisions of Consumers, Estate Agents and Redress Act 2007 cited all in force by 1 October 2008: SI 2007/3546, SI 2008/2550.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iii) Consumer Protection/D. BILLING DISPUTES AND INVESTIGATION OF COMPLAINTS/1146. Power of the Gas and Electricity Consumer Council to investigate other matters.

1146. Power of the Gas and Electricity Consumer Council to investigate other matters.

The Gas and Electricity Consumer Council¹ may investigate any matter, not being a matter which it is its duty to investigate², which appears to it to be a matter relating to the interests of consumers in relation to electricity conveyed by distribution systems³ or transmission systems⁴.

Where the Council has investigated a matter under the above provisions it may make a report on that matter to the Gas and Electricity Markets Authority ('GEMA')⁵, the Secretary of State⁶, the Office of Fair Trading⁷ or any other public authority whose functions appear to the Council to be exercisable in relation to that matter⁸. The Council may⁹ also:

- 2603 (1) send a report on any matter so investigated to any person who appears to the Council to have an interest in that matter; and
- 2604 (2) publish any such report in such manner as the Council thinks appropriate¹⁰.

Information¹¹ which relates to the affairs of any particular individual or body of persons, corporate or unincorporate:

- 2605 (a) must not be included in a report which is to be sent to any person under head (1) above, unless one or more of heads (i) to (iii) below applies; and
- 2606 (b) must be excluded from any such report which is to be published under head (2) above, unless one or more of heads (A) to (c) below applies¹².

Information relating to a particular individual or body may, however, be included in a report to be sent under head (1) above if:

- 2607 (i) that individual or body has consented to the disclosure;
- 2608 (ii) it is information that is available to the public from some other source; or
- 2609 (iii) it is not information the disclosure of which would or might, in the opinion of the Council, seriously and prejudicially affect the interests of that individual or body¹³;

and information relating to a particular individual or body may be included in a report to be published under head (2) above if:

- 2610 (A) that individual or body has consented to the publication;
- 2611 (B) it is information that is available to the public from some other source; or
- 2612 (C) it is not information the publication of which would or might, in the opinion of the Council, seriously and prejudicially affect the interests of that individual or body¹⁴.

Before deciding to include in such a report any information relating to a particular individual or body in pursuance of head (iii) above or head (c) above, the Council must consult that individual or body¹⁵ and must have regard to any opinion expressed by the Authority as to the application of head (iii) above or head (c) above to the information or as to the desirability or otherwise of its inclusion in the report¹⁶.

As from a day to be appointed¹⁷, the provisions set out above are repealed¹⁸ and the National Consumer Council to be established under the Consumers, Estate Agents and Redress Act 2007 will have new investigatory powers¹⁹.

1 As to the establishment of the Gas and Electricity Consumer Council see PARA 716 ante; and as to the prospective abolition of the Council and the transfer of its functions to the new National Consumer Council to be established under the Consumers, Estate Agents and Redress Act 2007 see PARA 716 the text and notes 12-13 ante.

2 I.e. its duty to investigate under the Electricity Act 1989 Pt I (ss 3A-64) (as amended): see PARA 1041 et seq ante, PARA 1152 et seq post. As to the duty to investigate consumer complaints see PARA 1145 ante.

3 For the meaning of 'distribution system' see PARA 1041 note 5 ante.

4 Electricity Act 1989 s 46A(1) (s 46A added by the Utilities Act 2000 s 23(2); the Electricity Act 1989 s 46A(1) amended by the Energy Act 2004 s 179(2), (3)(b)). For the meaning of 'transmission system' see PARA 1041 note 6 ante.

5 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

6 As to the Secretary of State see PARA 601 note 1 ante.

7 As to the Office of Fair Trading see COMPETITION vol 18 (2009) PARAS 6-8.

8 Electricity Act 1989 s 46A(2) (as added (see note 4 supra); amended by the Enterprise Act 2002 s 278(1), Sch 25 para 20(1), (8)).

9 I.e. subject to the Electricity Act 1989 s 46A(4) (as added): see the text and notes 11-12 infra.

10 Ibid s 46A(3) (as added: see note 4 supra).

11 For the meaning of 'information' see PARA 1044 note 10 ante.

12 Electricity Act 1989 s 46A(4) (as added: see note 4 supra).

13 Ibid s 46A(5) (as added: see note 4 supra).

14 Ibid s 46A(6) (as added: see note 4 supra).

15 Ibid s 46A(7)(a) (as added: see note 4 supra).

16 Ibid s 46A(7)(b) (as added: see note 4 supra). Section 46A(7)(b) (as so added) applies whether the opinion is given in relation to the information itself or to information of a description which applies to that information: s 46A(7) (as so added).

17 I.e. as from a day to be appointed under the Consumers, Estate Agents and Redress Act 2007 s 66(2). At the date at which this title states the law, no such day had been appointed.

18 See *ibid* s 64, Sch 8 (not in force).

19 See *ibid* ss 11-15 (not in force). For transitional provisions see s 30(5), Sch 3 para 2 (not in force).

UPDATE

1146 Power of the Gas and Electricity Consumer Council to investigate other matters

TEXT AND NOTES 17-19--Provisions of Consumers, Estate Agents and Redress Act 2007
cited in force 1 October 2008: SI 2008/2550.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iii) Consumer Protection/E. ELECTRICAL APPLIANCES/1147. Consumer protection; in general.

E. ELECTRICAL APPLIANCES

1147. Consumer protection; in general.

Requirements for the protection of consumers in respect of the supply¹ of electrical appliances are laid down in regulations made by the Secretary of State² under the Consumer Protection Act 1987³. Contravention of the regulations is an offence punishable on summary conviction with imprisonment for a term not exceeding six months or a fine not exceeding level 5 on the standard scale, or both⁴; and is also a ground for a civil claim⁵. Where such an offence by a body corporate is committed with the consent or connivance of, or is attributable to the neglect of, any director or officer, he, as well as the body corporate, is deemed to be guilty of the offence⁶. Where the commission of such an offence by any person is due to the act or default of another person, that other person will be guilty of an offence and may be proceeded against as well as, or instead of, the first-mentioned person⁷.

Electricity is a 'product' for the purposes of the Consumer Protection Act 1987⁸.

1 As to the meaning of 'supply' in this context see the Consumer Protection Act 1987 ss 45, 46 (as amended); and SALE OF GOODS AND SUPPLY OF SERVICES vol 41 (2005 Reissue) PARA 523. Safety is not specifically defined but see s 3(1) (safety in relation to a product); s 19(1) (as amended) ('safe' in relation to goods); and SALE OF GOODS AND SUPPLY OF SERVICES vol 41 (2005 Reissue) PARAS 522, 535.

2 See the Electrical Equipment (Safety) Regulations 1994, SI 1994/3260 (as amended); the Plugs and Sockets etc (Safety) Regulations 1994, SI 1994/1768; and PARA 1148 et seq post. See also the Heating Appliances (Fireguards) (Safety) Regulations 1991, SI 1991/2693 (revoked except with regard to certain secondhand appliances); and PARA 782 ante; and European Parliament and EC Council Directive 2006/95 (OJ L374, 27.12.2006, p 10) on the harmonisation of the laws of member states relating to electrical equipment designed for use within certain voltage limits.

3 Ie under the Consumer Protection Act 1987 s 11 (as amended). As to the Secretary of State see PARA 601 note 1 ante.

4 See *ibid* s 12. As to the standard scale see PARA 613 note 11 ante.

5 See *ibid* s 41.

6 *Ibid* s 40(2).

7 *Ibid* s 40(1).

8 See *ibid* s 1(2). Liability under Pt I (ss 1-9) (as amended) in respect of a product is strict. See further SALE OF GOODS AND SUPPLY OF SERVICES vol 41 (2005 Reissue) PARA 518 et seq.

UPDATE

1147 Consumer protection; in general

NOTE 5--Consumer Protection Act 1987 s 41 amended: SI 2008/1277.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iii) Consumer Protection/E. ELECTRICAL APPLIANCES/1148. Safety of low-voltage equipment.

1148. Safety of low-voltage equipment.

Any electrical equipment, including any electrical apparatus or device, to which the following provisions apply¹ and which is designed or adapted for use with voltage of not less than 50 nor more than 1,000 volts in the case of alternating current or with voltage of not less than 75 volts nor more than 1,500 volts in the case of direct current must be safe² and constructed in accordance with principles generally accepted within member states of the European Community as constituting good engineering practice in relation to safety matters³. In particular, it must be designed and constructed to ensure that it is safe when connected to the electricity supply system by providing a level of protection against electric shock⁴ which relies on a combination of insulation and the protective earthing conductor contained within the electricity supply system or which achieves that level of protection by other means⁵. It must also be in conformity with the principal elements of the prescribed safety objectives⁶ for electrical equipment⁷.

The following electrical equipment is taken to satisfy the above requirements:

- 2613 (1) equipment which satisfies the safety provisions of harmonised standards⁸;
- 2614 (2) where there are no relevant harmonised standards, equipment which satisfies international safety provisions⁹;
- 2615 (3) where there are no relevant harmonised standards and no relevant international safety provisions, equipment which has been manufactured in accordance with the national safety provisions¹⁰ applicable to that equipment in a member state with the result that at the time the equipment is supplied in the United Kingdom¹¹ it is at least as safe as it would be if it satisfied the above requirements¹².

Where the conformity of any electrical equipment with the safety requirements¹³ is called into question, whether in any proceedings or otherwise, any report prepared by a notified body¹⁴ may be relied upon for the purpose of establishing that the equipment does in fact satisfy those requirements and due regard must be had to any such report by any person or court by whom or by which the question of conformity falls to be determined¹⁵.

The manufacturer of electrical equipment or his authorised representative¹⁶ must:

- 2616 (a) affix to all electrical equipment to which these provisions apply¹⁷ (or to their packaging, instruction sheet or guarantee certificate) in a visible, easily legible and indelible form the prescribed CE marking¹⁸ by way of confirmation that the electrical equipment conforms with all the safety requirements¹⁹ which relate to it²⁰;
- 2617 (b) draw up in respect of all electrical equipment to which these provisions apply a written declaration of conformity which must comprise the specified²¹ information²².

The manufacturer must also compile the prescribed technical documentation²³ and keep it for a period of at least ten years after manufacture of electrical equipment of that model has ceased, together with the declaration of conformity referred to in head (b) above, available for

inspection by an enforcement authority²⁴ or any of its officers²⁵ and every manufacturer of electrical equipment must ensure that his manufacturing process produces electrical equipment which conforms to the prescribed technical documentation²⁶. Neither these duties nor the duties under heads (a) and (b) above, however, apply in relation to electrical equipment which (i) has previously been supplied to an end user²⁷; or (ii) is supplied solely by virtue of its being hired out, whether in connection with the supply of other goods and services or otherwise, provided that it satisfies the provisions of head (i) above²⁸. Subject to these exclusions, no person must supply any electrical equipment in respect of which the prescribed requirements²⁹ are not satisfied³⁰.

These provisions do not apply to any secondhand electrical equipment which was placed on the market before 1 January 1997 and which complies with the provisions of the Low Voltage Electrical Equipment (Safety) Regulations 1989³¹. The 1989 regulations impose safety requirements with regard to certain low-voltage electrical equipment³², provide for the deemed satisfaction of those requirements³³ and prohibit the supply of electrical equipment in contravention of those requirements³⁴.

1 Ie equipment to which the Electrical Equipment (Safety) Regulations 1994, SI 1994/3260, apply by virtue of reg 4: reg 3(1). Those regulations apply to any electrical equipment, including any electrical apparatus or device, designed or adapted for use with the voltages specified in the text: reg 4(1). They do not, however, apply to (1) equipment for use in an explosive atmosphere; (2) equipment for radiology and medical purposes; (3) parts for goods lifts and passenger lifts; (4) electricity supply meters; (5) plugs and socket outlets for domestic use; (6) fence controllers; (7) specialised electrical equipment for use on ships, aircraft or railways, which complies with the safety provisions drawn up by international bodies in which the member states participate: reg 4(2), Sch 2. Nor do they apply to any electrical equipment supplied for export to a place which is not within any member state: reg 4(3). Further, regs 1-4 (as amended), 6, 8-18, Schs 1, 2, Schs 4, 5 are revoked, in relation to radio equipment or telecommunications terminal equipment, or both: see the Radio Equipment and Telecommunications Terminal Equipment Regulations 2000, SI 2000/730, reg 1(3) (amended by SI 2005/281). As to the apparatus to which those 2000 Regulations apply see TELECOMMUNICATIONS vol 97 (2010) PARA 192. For the purposes of the 1994 Regulations, 'member state' means a state which is a contracting party to the Agreement on the European Economic Area (Oporto, 2 May 1992) ('the EEA Agreement') as adjusted by the Protocol signed at Brussels on 17 March 1993: Electrical Equipment (Safety) Regulations 1994, SI 1994/3260, reg 3(1).

2 Ibid regs 4(1), 5(1)(a). 'Safe' has the same meaning as in the Consumer Protection Act 1987 s 19(1) (as amended) (see SALE OF GOODS AND SUPPLY OF SERVICES vol 41 (2005 Reissue) PARA 535) except that for these purposes the references therein to 'risk' are to be construed as including references to any risk of death or injury to domestic animals and damage to property, and as excluding any risk arising from the improper installation or maintenance of the electrical equipment in question or from the use of the equipment in applications for which it is not made: Electrical Equipment (Safety) Regulations 1994, SI 1994/3260, reg 3(1).

3 Ibid reg 5(1)(b).

4 Any reference for these purposes to an electric shock is a reference to an electric shock of such severity as to be liable to cause death or personal injury: ibid reg 3(1).

5 Ibid reg 5(1)(b).

6 Ie the principal elements of the safety objectives set out in ibid reg 5(1)(c), Sch 3: reg 5(1)(c). Those elements comprise (1) general conditions (see Sch 3 para 1(a)-(d)); (2) protection against hazards arising from electrical equipment (see Sch 3 para 2(a)-(d)); and (3) protection against hazards which may be caused by external influences on the electrical equipment (see Sch 3 para 3(a)-(c)).

7 Ibid reg 5(1)(c). In determining whether electrical equipment satisfies the requirements of reg 5(1), no regard is to be had to any liability of the equipment to cause radio-electrical interference (reg 5(2)); and in determining whether electrical equipment which (1) has previously been supplied to any end user; and (2) is supplied solely by virtue of its being hired out whether in connection with the supply of other goods and services or otherwise, provided that it satisfies the requirements of head (1) supra, satisfies the requirements of reg 5(1), no regard is to be had to general condition 1(b) (ie Sch 3 para 1(b)) (reg 5(3)). 'End user' means the consumer, which expression includes an industrial and commercial consumer; and 'supply', except in reference to the electricity supply, includes offering to supply, agreeing to supply, exposing for supply and possessing for supply, and cognate expressions are to be construed accordingly: reg 3(1).

8 Ibid reg 6. Such equipment is not, however, to be taken to comply with the requirements of reg 5(1) if there are reasonable grounds for suspecting that it does not in fact so comply: reg 6. 'Safety provision' means a provision made for the purpose of ensuring that the equipment in question is safe; and 'harmonised standard' means a standard harmonised in accordance with European Parliament and EC Council Directive 2006/95 (OJ L374, 27.12.2006, p 10) art 5): Electrical Equipment (Safety) Regulations 1994, SI 1994/3260, reg 3(1); European Parliament and EC Council Directive 2006/95 (OJ L374, 27.12.2006, p 10) art 14, Annex VI.

9 Electrical Equipment (Safety) Regulations 1994, SI 1994/3260, reg 7(1). Such equipment is not, however, to be taken to comply with the requirements of reg 5(1) if there are reasonable grounds for suspecting that it does not in fact so comply: reg 7(1). 'International safety provision' means a safety provision of a standard which has been published by the International Commission on the Rules for the Approval of Electrical Equipment or the International Electrotechnical Commission and which has been published in the Official Journal pursuant to European Parliament and EC Council Directive 2006/95 (OJ L374, 27.12.2006, p 10) art 6): Electrical Equipment (Safety) Regulations 1994, SI 1994/3260, reg 3(1); European Parliament and EC Council Directive 2006/95 (OJ L374, 27.12.2006, p 10) art 14, Annex VI.

10 'National safety provision' means a safety provision which has the force of law in a member state of the Community or which is contained in a standard published and not withdrawn by a national standards body, not being a safety provision which is to the same effect as a safety provision of a harmonised standard or as an international safety provision: Electrical Equipment (Safety) Regulations 1994, SI 1994/3260, reg 3(1). 'The Community' means the European Economic Community and other states in the European Economic Area; and 'national standards body' means a body which has been notified under European Parliament and EC Council Directive 2006/95 (OJ L374, 27.12.2006, p 10) art 11 for the purposes of art 5: Electrical Equipment (Safety) Regulations 1994, SI 1994/3260, reg 3(1); European Parliament and EC Council Directive 2006/95 (OJ L374, 27.12.2006, p 10) art 14, Annex VI.

11 For the meaning of 'United Kingdom' see PARA 602 note 7 ante.

12 Electrical Equipment (Safety) Regulations 1994, SI 1994/3260, reg 7(2). Such equipment is not, however, to be taken to comply with the requirements of reg 5(1) if there are reasonable grounds for suspecting that it does not in fact so comply: reg 7(2). For the purposes of reg 7(2), a national safety provision is applicable to equipment in a particular member state if the provision has the force of law in that member state or the national standards body publishing it has its principal office there, and the equipment was not manufactured in any other member state: reg 3(2).

13 Ie the requirements of ibid reg 5(1): see the text and notes 2-7 supra.

14 Ie a body notified in accordance with the procedure set out in European Parliament and EC Council Directive 2006/95 (OJ L374, 27.12.2006, p 10) art 11 for the purpose of art 8.2: Electrical Equipment (Safety) Regulations 1994, SI 1994/3260, reg 8; European Parliament and EC Council Directive 2006/95 (OJ L374, 27.12.2006, p 10) art 14, Annex VI.

15 Electrical Equipment (Safety) Regulations 1994, SI 1994/3260, reg 8.

16 'Authorised representative' means a representative established within the Community appointed by a manufacturer of electrical equipment to act on his behalf in relation to the Electrical Equipment (Safety) Regulations 1994, SI 1994/3260: reg 3(1).

17 See note 1 supra.

18 Ie the CE marking as shown in the Electrical Equipment (Safety) Regulations 1994, SI 1994/3260, reg 9(1), Sch 1: reg 9(1). 'CE marking' means the CE conformity marking referred to in reg 9 consisting of the initials 'CE' taking the form of the specimen given in Sch 1: reg 3(1).

19 Ie all the requirements of the Electrical Equipment (Safety) Regulations 1994, SI 1994/3260: reg 9(1).

20 Ibid reg 9(1). Where, however, electrical equipment is subject to other legally binding Community provisions which also provide for the affixing of the CE marking, the latter is to be taken to indicate conformity with the requirements of such provisions: reg 9(3)(a). Where such a Community provision allows the manufacturer, during a transitional period, a choice of arrangements, the CE marking indicates conformity only in respect of those requirements of the provision which are applied by the manufacturer and particulars of the provisions as published in the Official Journal must be given in the documents, notices or instructions which are required by the provisions and accompany the electrical equipment: reg 9(3)(b).

No person must affix to electrical equipment any markings liable to deceive third parties as to the meaning and form of the CE marking affixed in accordance with the Electrical Equipment (Safety) Regulations 1994, SI 1994/3260, or which reduces the visibility or legibility of the CE markings so affixed: reg 9(2). Except in the case of electrical equipment which in the opinion of the enforcement authority is likely to jeopardise the safety or health of any person, where an enforcement authority has reasonable grounds for suspecting that the affixing

of the CE marking to electrical equipment to which the Electrical Equipment (Safety) Regulations 1994, SI 1994/3260, apply involves a contravention of those regulations or any part of them, it may serve a notice (a 'compliance notice') on the manufacturer of that electrical equipment or his authorised representative established in the Community and in such a case the Consumer Protection Act 1987 ss 13, 14 or 16 (as amended) (see SALE OF GOODS AND SUPPLY OF SERVICES vol 41 (2005 Reissue) PARA 544 et seq) or the Health and Safety at Work etc Act 1974 ss 21 or 22 (as amended) (improvement notices and prohibition notices: see HEALTH AND SAFETY AT WORK vol 52 (2009) PARAS 377, 378) are not to be applied until such a notice has been so served and the person upon whom it has been served has failed to comply with its requirements: Electrical Equipment (Safety) Regulations 1994, SI 1994/3260, regs 3(1), 13(1). For further provisions as to compliance notices see reg 13(2), Sch 5. An 'enforcement authority' means (1) an authority or council on which a duty is imposed by virtue of the Consumer Protection Act 1987 s 27 (see SALE OF GOODS AND SUPPLY OF SERVICES vol 41 (2005 Reissue) PARA 555) (see the Electrical Equipment (Safety) Regulations 1994, SI 1994/3260, reg 15); or (2) in relation to electrical equipment designed (a) for use or operation, whether exclusively or not, by persons at work; and (b) for use, otherwise than at work, in non-domestic premises made available to persons at a place where they may use the equipment provided for their use there, the Health and Safety Executive (see reg 17(3), (4)). As to the Health and Safety Executive see HEALTH AND SAFETY AT WORK vol 52 (2009) PARA 361 et seq.

A person who supplies electrical equipment which does not bear the CE marking laid down in reg 9(1) must, on his being required at a reasonable time to give such information, give to an enforcement authority or the Health and Safety Executive all the information he has about the date when the equipment was first supplied in the Community, and the basis on which it does not bear the CE marking and information: reg 18.

21 The specified information comprises: (1) the name and address of the manufacturer or his authorised representative; (2) a description of the electrical equipment; (3) a reference to the harmonised standards; (4) where appropriate, references to the specifications with which conformity is declared; (5) identification of the signatory who has been empowered to enter into commitments on behalf of the manufacturer or his authorised representative; and (6) the last two digits of the year in which the CE marking was affixed: *ibid* reg 10(a)-(f).

22 *Ibid* reg 10.

23 *Ie* the technical documentation listed in *ibid* reg 11(1), Sch 4: reg 11(1).

24 For these purposes, an enforcement authority includes, where appropriate, the Health and Safety Executive: reg 11(1).

25 *Ibid* reg 11(1). Where the manufacturer is not established in the Community, the technical documentation must be kept by the manufacturer's authorised representative (reg 11(2)); and where he is established outside the Community and has no authorised representative in the Community, the technical documentation must be kept by the person who supplied the electrical equipment on the first occasion that it is supplied in the Community (reg 11(3)).

26 *Ibid* reg 11(4).

27 *Ibid* reg 12(a).

28 *Ibid* reg 12(b).

29 *Ie* the requirements of the Electrical Equipment (Safety) Regulations 1994, SI 1994/3260, regs 5(1) and 9(1): reg 14(1). For these purposes, a supply includes the provision of electrical equipment by a manufacturer for use in his own premises and where a supply consists solely of such provision reg 14(1) applies to the supply as if the words 'and 9(1)' were omitted: reg 14(2).

30 *Ibid* reg 14(1). Where a contravention of reg 14 arises from the supply of electrical equipment which fails to satisfy the requirements of reg 5(1) or of goods which would cause the relevant equipment to contravene those requirements because there is in each case a risk of death or injury to domestic animals or damage to property, or both, but no risk of the death of a person or of personal injury, the person who contravenes reg 14 is guilty of an offence punishable on summary conviction with imprisonment for not more than three months or with a fine not exceeding level 5 on the standard scale: reg 17(2). As to the standard scale see PARA 613 note 11 ante. Subject to reg 17(2), the Electrical Equipment (Safety) Regulations 1994, SI 1994/3260, are to be treated for all purposes as if they were safety regulations within the meaning of the Consumer Protection Act 1987 s 45(1) (as amended): Electrical Equipment (Safety) Regulations 1994, SI 1994/3260, reg 17(1). A person guilty of any other contravention of reg 14 is therefore liable on summary conviction to imprisonment for a term not exceeding six months or a fine not exceeding level 5 on the standard scale, or to both: reg 17(1) (applying the Consumer Protection Act 1987 s 12(1), (5)). For the application of the regulations to certain electrical equipment used at work or in other non-domestic premises see the Electrical Equipment (Safety) Regulations 1994, SI 1994/3260, reg 17(3)-(5).

Where action has been taken by the Health and Safety Executive to prohibit or restrict the supply of any electrical equipment which bears the CE marking, the Executive must forthwith inform the Secretary of State of the action taken and the reason for it: reg 17(6). As to the Secretary of State see PARA 601 note 1 ante.

31 Ibid reg 4(4).

32 See the Low Voltage Electrical Equipment (Safety) Regulations 1989, SI 1989/728, regs 3-5 (revoked except in relation to electrical equipment to which the Electrical Equipment (Safety) Regulations 1994, SI 1994/3260, do not apply by virtue of reg 4(4): see the text and note 31 supra).

33 See the Low Voltage Electrical Equipment (Safety) Regulations 1989 regs 6-10 (revoked subject to savings: see note 32 supra).

34 See ibid regs 12-14 (revoked subject to savings: see note 32 supra).

UPDATE

1148 Safety of low-voltage equipment

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iii) Consumer Protection/E. ELECTRICAL APPLIANCES/1149. Safety of plugs and sockets.

1149. Safety of plugs and sockets.

No person may supply, offer for supply, agree to supply, expose for supply or possess for supply an electrical device to which these provisions apply¹ unless it complies with the appropriate safety requirements².

A standard plug must contain or be accompanied by a fuse link which conforms to the prescribed British Standard³. It must be of a type approved by a notified body and in respect of which such approval has not been cancelled⁴. Any other electrical device⁵ must conform to the particular British Standard specified⁶ for such devices⁷; and any fuse link contained in or accompanying a round-pin plug conforming to the prescribed British Standard⁸ must conform to the appropriate standard⁹.

1 The Plugs and Sockets etc (Safety) Regulations 1994, SI 1994/1768, Pt I (regs 4-10) (see the text and notes 2-9 *infra*) applies to (1) any plug, socket or adaptor ordinarily intended for domestic use at a voltage of not less than 200 volts; (2) any fuse link which is suitable for use in any such plug being a standard plug; and (3) any cartridge fuse link which is suitable for use in any other plugs and adaptors: reg 4(1). Part I does not, however, apply to (a) any plug, socket or adaptor which incorporates any other electrical device, other than a fuse link, switch or indicator light; (b) any plug or socket forming part of a ceiling-rose connector designed to hold up overhead electric lighting fittings; (c) any plug or socket forming part of a luminaire comprising a track system for electric lights and their fittings; (d) any non-UK plug supplied loose which is manufactured to comply with the safety provisions of IEC 884-1 (ie the International Electrochemical Commission standard for plugs and socket-outlets for household and similar purposes published in 1987 and amended in June 1988 and November 1991) and which is marked with or accompanied by a warning that it is not suitable for connection to a mains socket in the United Kingdom; (e) any non-rewirable or any moulded-on Europlug conforming with BS EN 50075 (published by the British Standards Institution on 20 December 1991) which is designed for the purpose of connecting to a shaver supply unit conforming to BS 3535 Pt I (published on 31 August 1990) any electrical shaver, toothbrush or similar appliance; or (f) any travel adaptor, ie an adaptor which enables a plug designed for use in the United Kingdom to be connected to a socket used elsewhere: Plugs and Sockets etc (Safety) Regulations 1994, SI 1994/1768, regs 3(1), 4(1), Sch 1. For the meaning of 'United Kingdom' see PARA 602 note 7 *ante*.

The Plugs and Sockets etc (Safety) Regulations 1994, SI 1994/1768, Pt I does not apply to any plug or socket inside or forming an integral part of electrical equipment which is so designed that the plug is not capable of being engaged with or disengaged from the socket without something first being done to the equipment, whether or not including that plug or socket, which requires the use of a tool: reg 4(2). Part I applies, in the case of a plug or socket inside or forming an integral part of electrical equipment and required to conform to a British Standard referred to in regs 4(3), 10, Sch 2, only to the extent that it is practicable to do so: reg 4(3).

For these purposes: (i) 'plug' means a device other than a cable connector (ie a device designed to join flexible cables or cords in such a way that they can be joined and separated without the use of a tool) or an appliance coupler (ie a device designed to connect a flexible cable or cord to electrical equipment and consisting of a connector which is integral with, or intended to be attached to, the flexible cable or cord and an inlet which is incorporated in or fixed to the electrical equipment, or intended to be fixed to it), which may be engaged with a socket and which is designed for the purposes of connecting to a socket any electrical equipment to which the device is attached by means of a flexible cable or cord; (ii) 'socket' means a device other than a cable connector, with which a plug may be engaged for the purpose of connecting to an electrical circuit, whether or not by means of a switch, electrical equipment to which a plug is attached; (iii) 'adaptor' means a device which may be engaged with a socket, being a device which is designed to enable a plug having pins, or other forms of contact, of different dimensions or configuration to those of the socket to be engaged with the socket, to enable more than one plug to be engaged with the socket, or to be used for both these purposes; (iv) 'fuse link' means that part of a fuse including the fuse element (ie the part of a fuse designed to melt when an excessive current flows into an electrical circuit) which requires replacement by a new fuse link after the fuse element has melted and before the fuse can be put back into service; (v) 'standard plug' means a plug which carries three pins substantially rectangular in form and is designed for engagement with a socket made to the dimensions

specified in BS 1363 (published on 31 August 1984; amended on 30 April 1985, 31 December 1985, 31 July 1987, 23 December 1987, 30 June 1989 and 28 February 1990); (vi) 'cartridge fuse link' means a cartridge (ie a container which totally encloses a fuse element, consists of insulating material, is tubular in form and the ends of which are enclosed by metallic caps) containing a fuse element; (vii) 'luminaire' means apparatus which distributes, filters or transforms the light transmitted from one or more lamps and which includes all the parts necessary for supporting, fixing and protecting the lamps, together with the means for connecting them to the supply, but not the lamps themselves; and (viii) 'non-UK plug' means any plug which is not suitable without adaptation or modification for connection to a mains socket in the United Kingdom: Plugs and Sockets etc (Safety) Regulations 1994, SI 1994/1768, reg 3(1). As to complying with British Standards see note 3 infra.

2 Ibid regs 5, 6(1). The appropriate safety requirements are those of regs 6(1), 8 (see the text and notes 3-5 infra) or reg 10 (see the text and notes 6-9 infra): regs 5, 6(1).

3 Ibid reg 6(2). The prescribed British Standard is BS 1362 (published on 28 February 1973; amended on 29 June 1984 and 30 April 1991): Plugs and Sockets etc (Safety) Regulations 1994, SI 1994/1768, regs 3(1), 6(2). Where any standard is mentioned, that reference is a reference to that standard as it has effect on 5 July 1994, but incorporates subsequent amendments and revisions approved by the Secretary of State: reg 3(2)(a). Where there is a requirement that an electrical device conforms to a British Standard, including where conformity is required for approval by a notified body, that requirement is satisfied if the electrical device conforms to any standard or specification recognised for use in a member state of the European Community or another state within the European Economic Area, provided that conformity to such a standard or specification provides a level of safety equivalent to that which would be provided by conformity to the relevant British Standard, and any reference to such a requirement is to be construed accordingly: reg 3(1), (3). 'Notified body' means any person notified to the EC Commission and member states in accordance with the procedure in European Parliament and EC Council Directive 2006/95 (OJ L374, 27.12.2006, p 10) art 11 as being competent to establish marks and certificates in accordance with the provisions of art 10 and any person appointed pursuant to the Plugs and Sockets etc (Safety) Regulations 1994, SI 1994/1768, reg 7: reg 3(1); European Parliament and EC Council Directive 2006/95 (OJ L374, 27.12.2006, p 10) art 14, Annex VI. The Secretary of State may appoint a person as a notified body: Plugs and Sockets etc (Safety) Regulations 1994, SI 1994/1768, reg 7(1). The appointment must be in writing subject to such conditions as he may impose, which may include conditions which are to apply on or following the termination or expiry of the appointment: reg 7(2). In exercising this power of appointment, the Secretary of State may have regard to any matter appearing to him to be relevant, and in particular to any standards relating to the accreditation of any bodies appearing to him to be appropriate: reg 7(3). Subject to the withdrawal of such an appointment, the appointment may be for the time being or for a specified period: reg 7(4). As to the Secretary of State see PARA 601 note 1 ante.

4 Ibid reg 8(1). As to the granting of approvals see reg 8(1)-(7); and as to the refusal or cancellation of approvals, or the imposition of conditions, see reg 9.

5 Ie any electrical device other than a standard plug specified in ibid reg 10(1), Sch 2 col 2. Such devices include (1) round-pin plugs (ie plugs carrying pins substantially cylindrical in form) and sockets and adaptors with which they may be engaged; (2) two-pin reversible plugs and shaver sockets; (3) fuse links suitable for use in a standard plug; (4) cartridge fuse links (rated up to 5 amperes) suitable for use in a round-pin plug conforming to BS 546 (published on 16 March 1950; including supplements published on 30 December 1960 and 23 December 1987; and amended in December 1953 and on 28 November 1961, 16 May 1969, 29 July 1977, 31 August 1982, 23 December 1987 and 31 January 1989); and (5) adaptors except those in head (1) supra: Sch 2 col 2.

6 Ie specified in ibid Sch 2 col 3.

7 Ibid reg 10(1).

8 Ie BS 546: see note 5 supra.

9 Plugs and Sockets etc (Safety) Regulations 1994, SI 1994/1768, reg 10(2). The appropriate standard is BS 646 (published on 31 January 1958; amended on 31 January 1991): Plugs and Sockets etc (Safety) Regulations 1994, SI 1994/1768, reg 10(2).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iii) Consumer Protection/E. ELECTRICAL APPLIANCES/1150. Safety of other electrical appliances intended for domestic use.

1150. Safety of other electrical appliances intended for domestic use.

No manufacturer in or importer into the United Kingdom¹ of any appliance to which these provisions apply², and no person on whose behalf such appliances are so manufactured or imported, may supply, offer for supply, agree to supply, expose for supply or possess for supply any such appliance unless that appliance is correctly fitted with a standard plug which complies with the relevant safety requirements³ and is fitted with a fuse link⁴ which conforms to the prescribed British Standard⁵ and is rated in accordance with the appliance manufacturer's instructions⁶. This prohibition does not, however, apply in relation to any such appliance which does not comply with the above requirements but which is correctly fitted with a non-UK plug⁷ which complies with the relevant safety provisions⁸ and is fitted with a conversion plug⁹ which complies with the prescribed requirements¹⁰ and which encloses the fitted non-UK plug and can only be removed by the use of a tool¹¹. Nor does it prohibit any person from possessing for supply at any time before it is supplied, offered for supply or exposed for supply in the United Kingdom for the first time, or before it is agreed for the first time to supply it in the United Kingdom, any appliance which has been imported into the United Kingdom and which does not comply with the above requirements¹².

1 For the meaning of 'United Kingdom' see PARA 602 note 7 ante.

2 The Plugs and Sockets etc (Safety) Regulations 1994, SI 1994/1768, Pt II (regs 11-12) applies to any appliance which is designed to operate at a voltage of not less than 200 volts and at a maximum rated input of not more than 13 amperes and which (1) is either (a) equipment fitted with a flexible cable or cord and designed to be connected to a socket conforming to BS 1363 (published by the British Standards Institution on 31 August 1984 and amended on 30 April 1985, 31 December 1985, 31 July 1987, 23 December 1987, 30 June 1989 and 28 February 1990) by means of that flexible cable or cord and a plug and is ordinarily intended to be so connected directly without the use of a cable connector; or (b) a flexible cable or cord which is (i) connected to a portable socket or sockets and designed to be connected to a socket conforming to BS 1363 by means of a plug; or (ii) designed to be connected to electrical equipment by means of an appliance coupler and to connect that electrical equipment to a socket conforming to BS 1363 by means of a plug; or (iii) designed to be connected by means of a cable connector to a flexible cable or cord fitted to electrical equipment, and which is intended to connect that electrical equipment to a socket conforming to BS 1363 by means of a plug; and (2) is ordinarily intended for domestic use: Plugs and Sockets etc (Safety) Regulations 1994, SI 1994/1768, reg 11(1). It does not, however, apply to (A) any fixed luminaire which cannot easily be moved from one place to another, either because it can only be removed with the use of a tool, or because it is intended for use out of easy reach; (B) any ceiling-rose connector designed to hold up overhead electric lighting fittings; (C) any electric light designed and intended to be located within a recess in a wall or ceiling; (D) any appliance which is fitted with a red plug (ie a plug which carries three pins substantially rectangular in form, is designed to be engaged with a socket made to the dimensions specified in BS 1363, and which incorporates an auxiliary sensing circuit which will automatically disconnect the main circuit at a predetermined current); (E) any appliance which is fitted with a plug transformer (ie an electrical transformer which carries three pins substantially rectangular in form and which is designed for engagement with a socket made to the dimensions specified in BS 1363); (F) any appliance which is fitted with a plug other than a standard plug which is designed to engage with a compatible portable multiple socket outlet (ie electrical equipment which comprises two or more sockets designed and made to dimensions other than those specified in BS 1363 which is designed to be connected to a socket conforming to BS 1363 by means of a flexible cable or cord and a plug, and which may be used without being mounted onto a fixed surface or structure); or (G) any appliance which is intended to be permanently connected to the fixed wiring of the mains system other than by means of a plug and socket: Plugs and Sockets etc (Safety) Regulations 1994, SI 1994/1768, regs 3(1), 11(2), Sch 3. For the meaning of 'cable connector', 'socket', 'plug', 'luminaire' and 'standard plug' see PARA 1149 note 1 ante; and as to compliance with British Standards see PARA 1149 note 3 ante.

3 le the requirements of ibid reg 8: see PARA 1149 ante.

4 For the meaning of 'fuse link' see PARA 1149 note 1 ante.

5 le which conforms to BS 1362 (see PARA 1149 note 3 ante): Plugs and Sockets etc (Safety) Regulations 1994, SI 1994/1768, reg 12(1)(a).

6 Ibid regs 3(1), 12(1). Part II applies in relation to supply etc by any person (reg 1(3)(b)).

In the absence of the manufacturer's instructions, the fuse link may be rated in accordance with BS 1363 Table 2: Plugs and Sockets etc (Safety) Regulations 1994 reg 12(1)(b).

7 For the meaning of 'non-UK plug' see PARA 1149 note 1 ante.

8 le the safety provisions of IEC 884-1 (see PARA 1149 note 1 ante): Plugs and Sockets etc (Safety) Regulations 1994, SI 1994/1768, reg 12(2).

9 'Conversion plug' means a device which may be engaged with a socket conforming to BS 1363 and which is designed to enable a non-UK plug to be engaged with such a socket: Plugs and Sockets etc (Safety) Regulations 1994, SI 1994/1768, reg 3(1).

10 le the requirements of ibid reg 12(3). A conversion plug must be of a type approved by a notified body for use in conjunction with a non-UK plug which complies with the safety provisions of IEC 884-1 and in respect of which such approval has not been cancelled: Plugs and Sockets etc (Safety) Regulations 1994, SI 1994/1768, reg 12(3). As to the granting of approvals and the imposition of conditions see reg 12(3)(a), (b), (4)-(8). For the meaning of 'notified body' see PARA 1149 note 3 ante.

11 Ibid reg 12(2).

12 Ibid reg 12(9).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iii) Consumer Protection/E. ELECTRICAL APPLIANCES/1151. Information requirements with respect to plugs; offences.

1151. Information requirements with respect to plugs; offences.

No person may supply, offer for supply, agree to supply, expose for supply or possess for supply any standard plug¹ or conversion plug² of a type approved by a notified body³ in respect of which the following requirements are not satisfied⁴.

A standard plug or conversion plug of a type so approved must be legibly marked with, or bear a label legibly marked with, words, marks or abbreviations clearly signifying approval by and identifying the body which approved the type in question⁵. Where it is necessary for the safe operation of any such plug that the user should be aware of any particular characteristic of the plug, the necessary information must be given by markings on the plug itself or, where this is not practicable, in a notice accompanying it⁶. It is not sufficient compliance with this requirement to give information in a language other than English⁷.

Information must not be given in connection with any standard plug or conversion plug by means of a misleading mark or otherwise which purports to indicate or might reasonably be mistaken for an indication that the plug is of a type approved by a notified body or, in the case of a standard plug, conforms to the prescribed British Standard⁸, when the plug is not so approved or does not so conform to the standard, or when any approval has been cancelled⁹.

A person contravening any prohibition contained in the safety provisions relating to plugs, sockets and other electrical appliances for domestic use¹⁰ is guilty of an offence, and is liable on summary conviction to imprisonment for a term not exceeding six months or to a fine not exceeding level 5 on the standard scale, or to both¹¹.

1 For the meaning of 'standard plug' see PARA 1149 note 1 ante.

2 For the meaning of 'conversion plug' see PARA 1150 note 9 ante.

3 For the meaning of 'notified body' see PARA 1149 note 3 ante.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iv) Supply and Safety Provisions/A. POWER TO MAKE REGULATIONS/1152. Power to make regulations concerning supply and safety.

(iv) Supply and Safety Provisions

A. POWER TO MAKE REGULATIONS

1152. Power to make regulations concerning supply and safety.

The Secretary of State¹ may make such regulations² as he thinks fit for the purpose of:

- 2618 (1) securing that supplies³ of electricity are regular and efficient⁴;
- 2619 (2) protecting the public from dangers arising from the generation⁵, transmission⁶, distribution⁷ or supply of electricity, from the use of electricity interconnectors⁸, from the use of electricity supplied or from the installation, maintenance or use of any electric line⁹ or electrical plant¹⁰; and
- 2620 (3) eliminating or reducing the risks of personal injury, or damage to property or interference with its use, arising as mentioned in head (2) above, without prejudice to the generality of that provision¹¹.

Such regulations may include provision for securing the purposes mentioned in heads (1) to (3) above in relation to the territorial sea adjacent to Great Britain¹² or any renewable energy zone¹³. They may, in particular:

- 2621 (a) prohibit the distribution or transmission of electricity except by means of a system approved by the Secretary of State¹⁴;
- 2622 (b) make provision requiring notice in the prescribed form¹⁵ to be given to the Secretary of State, in such cases as may be specified in the regulations, of accidents and of failures in the distribution or transmission of electricity or in the use of electricity interconnectors¹⁶;
- 2623 (c) make provision as to the keeping, by persons authorised by a licence¹⁷ or exemption¹⁸ to distribute or participate in the transmission of electricity¹⁹ or to participate in the operation of an electricity interconnector²⁰, of maps, plans and sections and as to their production (on payment, if so required, of a reasonable fee) for inspection or copying²¹;
- 2624 (d) make provision for relieving electricity distributors²² from any duty to connect²³ or authorising them to disconnect any premises²⁴ or distribution system²⁵ in such cases as may be prescribed²⁶;
- 2625 (e) make provision requiring compliance with notices given by the Secretary of State specifying action to be taken in relation to any electric line or electrical plant, or any electrical appliance under the control of a consumer, for the purpose of preventing or ending a breach of such regulations or eliminating or reducing a risk of personal injury or damage to property or interference with its use²⁷;
- 2626 (f) provide for particular requirements of the regulations to be deemed to be complied with in the case of any electric line or electrical plant complying with specified standards or requirements²⁸;
- 2627 (g) provide for the granting of exemptions from any requirement of the regulations for such periods as may be determined by or under the regulations²⁹.

Such regulations may also provide that any person who contravenes³⁰ any specified provision of the regulations or who does so in specified circumstances is to be liable on summary conviction to a fine not exceeding level 5 on the standard scale³¹; but nothing in this provision affects any liability of any person to pay compensation in respect of any damage or injury which may have been caused by the contravention³². No proceedings may, however, be instituted in England and Wales in respect of such an offence except by or on behalf of the Secretary of State or the Director of Public Prosecutions³³.

Separate regulations impose health and safety requirements with respect to electricity at work³⁴. There are also separate provisions (i) governing the use of electricity and electrical apparatus in mines³⁵; (ii) relating to radioactive substances and materials³⁶; (iii) for securing safety in cinemas³⁷; and (iv) for restricting the use of certain hazardous substances in electric and electronic equipment³⁸.

1 As to the Secretary of State see PARA 601 note 1 ante.

2 As to the making of regulations generally see the Electricity Act 1989 ss 60, 106 (as amended); and PARA 1306 post.

3 For the meaning of 'supply' see PARA 1041 note 10 ante.

4 Electricity Act 1989 s 29(1)(a). See further note 11 infra; and PARA 1153 et seq post.

8 For the meaning of 'electricity interconnector' see PARA 1041 note 11 ante.

9 For the meaning of 'electric line' see PARA 1041 note 5 ante.

10 Electricity Act 1989 s 29(1)(b) (amended by the Utilities Act 2000 s 108, Sch 6 Pt II paras 24, 30(1), (2); the Energy Act 2004 s 147(1), (3)(a)). See further note 11 infra; and PARA 1153 et seq post. For the meaning of 'electrical plant' see PARA 1041 note 5 ante.

11 Electricity Act 1989 s 29(1)(c). In exercise of the powers conferred by s 29 (as amended), the Secretary of State has made the Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665 (as amended), which came into force on 31 January 2003: see reg 1(1). See further PARA 1153 et seq post.

12 As to the territorial sea of the United Kingdom see WATER AND WATERWAYS vol 100 (2009) PARA 31 note 3; and for the meaning of 'Great Britain' see PARA 602 note 7 ante.

13 Electricity Act 1989 s 29(1A) (added by the Energy Act 2004 s 94(1)). For the meaning of 'renewable energy zone' see s 84 (applied by the Electricity Act 1989 s 64(1) (definition added by the Energy Act 2004 s 102(1), (4)(b)); and PARA 1310 post.

14 Electricity Act 1989 s 29(2)(a) (amended by the Utilities Act 2000 s 108, Sch 6 Pt II paras 24, 30(1), (3)(a)).

15 For the prescribed form of notice see the Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, regs 31, 32, Sch 3; and PARAS 1156-1157 post. For the meaning of 'prescribed' see PARA 1096 note 11 ante; and for the meaning of 'notice' see PARA 1047 note 11 ante.

16 Electricity Act 1989 s 29(2)(b) (amended by the Utilities Act 2000 s 108, Sch 6 Pt II paras 24, 30(1), (3)(b); the Energy Act 2004 s 147(1), (3)(b)). For the specified events see the Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, regs 31, 32; and PARAS 1156-1157 post.

17 For the meaning of 'licence' see PARA 1041 note 12 ante.

18 For the meaning of 'exemption' see PARA 1046 note 7 ante.

- 19 For the meaning of references to participating in the transmission of electricity see PARA 1050 note 5 ante.
- 20 For the meaning of references to participating in the operation of an electricity interconnector see PARA 1050 note 7 ante.
- 21 Electricity Act 1989 s 29(2)(c) (amended by the Utilities Act 2000 s 108 Sch 6 Pt II paras 24, 30(1), (3)(c); the Energy Act 2004 ss 143(1), 147(1), (3)(c), Sch 19 paras 3, 10). As to the maps which must be kept of underground networks see the Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, reg 15; and PARA 1164 post.
- 22 For the meaning of 'electricity distributor' see PARA 1065 note 9 ante.
- 23 Is any duty under the Electricity Act 1989 s 16 (as substituted): see PARA 1094 ante.
- 24 For the meaning of 'premises' see PARA 1041 note 5 ante.
- 25 For the meaning of 'distribution system' see PARA 1041 note 5 ante.
- 26 Electricity Act 1989 s 29(2)(d) (amended by the Utilities Act 2000 s 108, Sch 6 Pt II paras 24, 30(1), (3)(d)). See further PARA 1174 post.
- 27 Electricity Act 1989 s 29(2)(e).
- 28 Ibid s 29(2)(f).
- 29 Ibid s 29(2)(g). See the Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, reg 33; and PARA 1158 post.
- 30 For the meaning of 'contravention' and cognate expressions see PARA 1070 note 20 ante.
- 31 Electricity Act 1989 s 29(3). See the Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, reg 35; and PARA 1177 post. As to the standard scale see PARA 613 note 11 ante.
- 32 Electricity Act 1989 s 29(3). See *Hartley v Mayoh & Co* [1953] 2 All ER 525; affd [1954] 1 QB 383, [1954] 1 All ER 375, CA; *Sellars v Best* [1954] 2 All ER 389, [1954] 1 WLR 913.
- 33 Electricity Act 1989 s 29(4).
- 34 See the Electricity at Work Regulations 1989, SI 1989/635 (as amended); para 1036 ante; and HEALTH AND SAFETY AT WORK vol 53 (2009) PARA 605 et seq. As to the implementation of EC legislation relating to electricity in potentially explosive atmospheres see the Equipment and Protective Systems Intended for Use in Potentially Explosive Atmospheres Regulations 1996, SI 1996/192 (as amended); and HEALTH AND SAFETY AT WORK vol 53 (2009) PARA 569.
- 35 See the Coal and Other Mines (Safety-Lamps and Lighting) Order 1956, SI 1956/1765 (as amended); para 1036 ante; and HEALTH AND SAFETY AT WORK vol 53 (2009) PARA 798 et seq. See also the Management and Administration of Safety and Health at Mines Regulations 1993, SI 1993/1897 (as amended); and HEALTH AND SAFETY AT WORK vol 53 (2009) PARA 748 et seq.
- 36 See PARA 1474 et seq post.
- 37 See PARA 1037 ante.
- 38 See the Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment Regulations 2006, SI 2006/1463. Those regulations implement European Parliament and EC Council Directive 2002/95 (OJ L37, 13.3.2003, p 19) (as amended) on the restriction of the use of certain hazardous substances in electrical and electronic equipment establishing the maximum concentration values for certain hazardous substances in electrical and electronic equipment and providing for certain exempt applications. They apply to new electrical and electronic equipment within the categories set out in the Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment Regulations 2006, SI 2006/1463, Sch 1 and to electric light bulbs and to luminaires for use in households that are put on the market on or after 1 July 2006 (see reg 4) but do not apply to (1) spare parts for the repair of electrical and electronic equipment or to the reuse of such equipment put on the market before 1 July 2006 (see reg 5(1)); and (2) the applications of lead, mercury, cadmium, hexavalent chromium and polybrominated diphenyl ethers listed in Sch 2 (see reg 5(2)). General requirements relating to the putting on the market on or after 1 July 2006 of electrical and electronic equipment are set out in regs 7-9. New equipment put on the market must not contain more than the permissible maximum concentration values of hazardous substances (see reg 7). Regulations 8 and 9 set out

requirements relating to technical documentation. The Secretary of State has the duty of enforcing the regulations (see reg 10) and may appoint any person to act on his behalf. The Secretary of State has the power to serve a compliance notice (see reg 11) and make test purchases (see reg 12). Any person who contravenes or fails to comply with a requirement of reg 7, reg 8 or reg 9 is guilty of an offence (see reg 13). Penalties for such offences are set out in reg 14. Proceedings in relation to offences may be commenced within 12 months of the offence being committed (see reg 15). A defence of due diligence is provided in reg 16 and the liability of persons other than the principal offender is set out in reg 17. There is provision for service of documents under the regulations under reg 18.

UPDATE

1152 Power to make regulations concerning supply and safety

TEXT AND NOTES--The following provisions are not yet in force. The Health and Safety at Work etc Act 1974 Pt I (ss 1-54) has effect as if the Electricity Act 1989 s 29, and regulations made under s 29, in so far as they relate to the protection of the public from dangers relating to electricity and to eliminating or reducing the risks of personal injury, were existing statutory provisions within the meaning of the Health and Safety at Work etc Act 1974 Pt I: Energy Act 2008 s 99(1). Without prejudice to the generality of the Health and Safety at Work etc Act 1974 s 15(1) (health and safety regulations), regulations under that provision may (1) repeal or modify a provision mentioned in the Energy Act 2008 s 99(1), (2) make any provision which, but for a repeal or modification under head (1), could be made by regulations made under the Electricity Act 1989 s 29: Energy Act 2008 s 99(2).

NOTES--Certain functions under provisions mentioned in this paragraph are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3, see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

TEXT AND NOTE 38--SI 2006/1463 replaced: Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment Regulations 2008, SI 2008/37 (amended by SI 2009/581).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iv) Supply and Safety Provisions/B. ELECTRICITY SAFETY, QUALITY AND CONTINUITY; IN GENERAL/1153. General adequacy of electrical equipment.

B. ELECTRICITY SAFETY, QUALITY AND CONTINUITY; IN GENERAL

1153. General adequacy of electrical equipment.

Generators¹, distributors² and meter operators³ must ensure that their equipment⁴ is:

- 2628 (1) sufficient for the purposes for and the circumstances in which it is used; and
- 2629 (2) so constructed, installed, protected (both electrically and mechanically), used and maintained as to prevent danger, interference with or interruption of supply⁵, so far as is reasonably practicable⁶.

Generators and distributors must:

- 2630 (a) for each of their overhead lines⁷ or part thereof and for each of their substations⁸, assess the foreseeable risk of danger from interference, vandalism or unauthorised access, having regard to both the nature of the equipment and the use of the surrounding land, and must classify the degree of the risk⁹;
- 2631 (b) enter details of the result of the classification of risk in a register or other permanent record kept updated for the purpose¹⁰;
- 2632 (c) take measures to safeguard the equipment commensurate with the nature and class of risk to which it gives rise¹¹;
- 2633 (d) take reasonable steps to ensure that the public are made aware of dangers which may arise from activities carried out in proximity to overhead lines, and to indicate the means by which those dangers may be avoided¹²;
- 2634 (e) take precautions to prevent, so far as is reasonably practicable, danger¹³ due to the influx of water, or any noxious or explosive liquid or gas, into any enclosed space, arising from the installation or operation of their equipment¹⁴.

Heads (a) to (c) above, however:

- 2635 (i) do not apply, in the case of overhead lines, until five years after 31 January 2003¹⁵; and
- 2636 (ii) did not apply, in the case of substations, until two years after that date¹⁶.

Except as otherwise provided for¹⁷, in so far as the relevant regulations¹⁸ apply to any generator, distributor, supplier¹⁹ or meter operator, they also apply to any agent, contractor or sub-contractor of his acting on his behalf in relation to a matter which is the subject of those regulations²⁰.

The above provisions also apply in relation to activities carried on in the territorial sea adjacent to Great Britain²¹ and the renewable energy zone²² the area of which is designated by the Renewable Energy Zone (Designation of Area) Order 2004²³.

1 'Generator' means a person who generates electricity at high voltage for the purpose of supplying consumer's installations via a network: Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, reg 1(5). 'High voltage' means any voltage exceeding low voltage; and 'low voltage' means (1) in relation to alternating current, a voltage exceeding 50 volts measured between phase conductors (or between phase conductors and earth), but not exceeding 1,000 volts measured between phase conductors (or 600 volts if measured between phase conductors and earth), calculated by taking the square root of the mean of the squares of the instantaneous values of a voltage during a complete cycle; and (2) in relation to direct current, a voltage exceeding 120 volts measured between live conductors (or between live conductors and earth), but not exceeding 1,500 volts measured between live conductors (or 900 volts if measured between live conductors and earth), with any variations of voltage allowed by the 2002 Regulations: reg 1(5). 'Conductor' means an electrical conductor arranged to be electrically connected to a network but does not include conductors used or intended to be used solely for the purposes of control, protection or regulation of supply or for communication; 'phase conductor' means a conductor for the carrying of energy other than a neutral conductor or a protective conductor or a conductor used for earthing purposes; 'neutral conductor' means a conductor which is, or is intended to be, connected to the neutral point of an electrical system and intended to contribute to the carrying of energy; 'protective conductor' means a conductor which is used for protection against electric shock and which connects the exposed conductive parts of equipment with earth; and 'earth' means the general mass of the earth: reg 1(5).

'Network' means an electrical system supplied by one or more sources of voltage and comprising all the conductors and other equipment used to conduct electricity for the purposes of conveying energy from the source or sources of voltage to one or more consumer's installations, street electrical fixtures, or other networks, but does not include an electrical system which is situated entirely on an offshore installation; and 'street electrical fixture' means a permanent fixture which is or is intended to be connected to a supply of electricity and which is in, on, or is associated with a highway: reg 1(5). 'Consumer' means any person supplied or entitled to be supplied by a supplier but in regs 24, 25 and 26 (see PARAS 1172-1174 post) does not include, in respect of any supply to meet haulage or traction requirements, any person who is an operator of a network within the meaning of the Railways Act 1993 Pt I (ss 4-83) (as amended) or an operator of a tramway, a trolley vehicle system or guided transport; and 'consumer's installation' means the electric lines situated upon the consumer's side of the supply terminals together with any equipment permanently connected or intended to be permanently connected thereto on that side: Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, reg 1(5) (definition of 'consumer' amended by SI 2006/1521, reg 3(a)). For these purposes, 'tramway' means a system of transport used wholly or mainly for the carriage of passengers and employing parallel rails which (a) provide support and guidance for vehicles carried on flanged wheels; and (b) are laid wholly or mainly along a street or in any other place to which the public has access (including a place to which the public has access only on making a payment); 'trolley vehicle system' means a system of transport by vehicles constructed or adapted for use on roads without rails under electric power transmitted to them by overhead wires (whether or not there is in addition a source of power on board the vehicles); and 'guided transport' means transport by vehicles guided by means external to the vehicles (whether or not the vehicles are also capable of being operated in some other way): Transport and Works Act 1992 s 67(1) (definitions applied by the Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, reg 1(5) (amended for these purposes by SI 2006/1521, reg 3(b)).

2 'Distributor' means a person who owns or operates a network, except for a network where that person is an operator of a network within the meaning of the Railways Act 1993 Pt I (as amended) or an operator of a tramway, a trolley vehicle system or guided transport: Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, reg 1(5) (definition amended by SI 2006/1521, reg 3(a)).

3 'Meter operator' means a person who installs, maintains or removes metering equipment used for measuring the flow of energy to or from a network at or near the supply terminals; and 'energy' means electrical energy: Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, reg 1(5).

4 'Equipment' includes plant, meters, lines, supports, appliances and associated items used or intended to be used for carrying electricity for the purposes of generating, transmitting or distributing energy, or for using or measuring energy; and 'support' means any structure, pole or other device, in, on, by or from which any electric line is or may be supported, carried or suspended and includes stays and struts, but does not include insulators, their fittings or any building or structure the principal purpose of which is not the support of electric lines or equipment: *ibid* reg 1(5). 'Insulator' means a device which supports a live conductor or which electrically separates the upper and lower parts of a stay wire: *ibid* reg 1(5).

5 'Supply' means the supply of electricity: *ibid* reg 1(5).

6 *Ibid* reg 3(1).

7 'Overhead line' means any electric line which is placed above ground and in the open air; and 'electric line' means any line which is used or intended to be used for carrying electricity for any purpose and includes, unless the context otherwise requires (1) any equipment connected to any such line for the purpose of carrying electricity; and (2) any wire, cable, tube, pipe, insulator or other similar thing (including its casing or coating) which surrounds or supports, or is associated with, any such line: *ibid* reg 1(5).

8 'Substation' means any premises or part thereof which contain equipment for either transforming or converting energy to or from high voltage (other than transforming or converting solely for the operation of switching devices or instruments) or for switching, controlling or regulating energy at high voltage, but does not include equipment mounted on a support to any overhead line: *ibid* reg 1(5).

9 *Ibid* reg 3(2)(a).

10 *Ibid* reg 3(2)(b).

11 *Ibid* reg 3(2)(c).

12 *Ibid* reg 3(3).

13 'Danger' includes danger to health or danger to life or limb from electric shock, burn, injury or mechanical movement to persons, livestock or domestic animals, or from fire or explosion, attendant upon the generation, transmission, transformation, distribution or use of energy: *ibid* reg 1(5).

14 *Ibid* reg 3(4).

15 31 January 2003 is the date when the Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665 (as amended) came into force: see reg 1(1).

16 *Ibid* reg 2(3). For transitional provisions see reg 2(10).

17 *Ie* in *ibid* reg 2(2), which disapplies regs 4, 15, 25-28, 31 and 32 (see *PARAS* 1154, 1164, 1172-1175, 1157-1158 respectively post) to any agent, contractor or sub-contractor.

18 *Ie* the Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665 (as amended): see the text and notes 1-17 *supra*; and *PARA* 1154 *et seq* post.

19 'Supplier' means a person who contracts to supply electricity to consumers: *ibid* reg 1(5).

20 *Ibid* reg 2(1).

21 As to the territorial sea of the United Kingdom see *WATER AND WATERWAYS* vol 100 (2009) *PARA* 31 note 3; and for the meaning of 'Great Britain' see *PARA* 602 note 7 *ante*.

22 'Renewable energy zone' means those areas of the sea designated in the Renewable Energy Zone (Designation of Area) Order 2004, SI 2004/2668 (see *PARA* 1310 post): Electricity Safety, Quality and Continuity (Amendment) Regulations 2006, SI 2006/1521, reg 5(3).

23 See the Electricity Safety, Quality and Continuity (Amendment) Regulations 2006, SI 2006/1521, reg 5(1), (2).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iv) Supply and Safety Provisions/B. ELECTRICITY SAFETY, QUALITY AND CONTINUITY; IN GENERAL/1154. Duty of co-operation.

1154. Duty of co-operation.

Generators¹, distributors², suppliers³ and meter operators⁴ must:

- 2637 (1) disclose such information to each other as might reasonably be required in order to ensure compliance with the relevant regulations⁵; and
- 2638 (2) otherwise co-operate amongst themselves so far as is necessary in order to ensure compliance with those regulations⁶.

This duty of co-operation does not apply to agents, contractors or sub-contractors⁷. It does, however, apply in relation to activities carried on in the territorial sea adjacent to Great Britain⁸ and the renewable energy zone⁹ the area of which is designated by the Renewable Energy Zone (Designation of Area) Order 2004¹⁰.

1 For the meaning of 'generator' see PARA 1153 note 1 ante.

2 For the meaning of 'distributor' see PARA 1153 note 2 ante.

3 For the meaning of 'supplier' see PARA 1153 note 19 ante.

4 For the meaning of 'meter operator' see PARA 1153 note 3 ante.

5 I.e. the Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665 (as amended): see PARA 1153 ante, PARA 1155 et seq post.

6 Ibid reg 4.

7 Ibid reg 2(2).

8 As to the territorial sea of the United Kingdom see WATER AND WATERWAYS vol 100 (2009) PARA 31 note 3; and for the meaning of 'Great Britain' see PARA 602 note 7 ante.

9 For the meaning of 'renewable energy zone' for these purposes see PARA 1153 note 22 ante.

10 See the Electricity Safety, Quality and Continuity (Amendment) Regulations 2006, SI 2006/1521, reg 5(1), (2).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iv) Supply and Safety Provisions/B. ELECTRICITY SAFETY, QUALITY AND CONTINUITY; IN GENERAL/1155. Inspection of networks.

1155. Inspection of networks.

A generator¹ or distributor² must, so far as is reasonably practicable, inspect his network³ with sufficient frequency so that he is aware of what action he needs to take so as to ensure compliance with the relevant regulations⁴. In the case of his substations⁵ and overhead lines⁶, a generator or distributor must maintain for a period of not less than ten years a record of such an inspection including any recommendations arising therefrom⁷.

The above provisions also apply in relation to activities carried on in the territorial sea adjacent to Great Britain⁸ and the renewable energy zone⁹ the area of which is designated by the Renewable Energy Zone (Designation of Area) Order 2004¹⁰.

1 For the meaning of 'generator' see PARA 1153 note 1 ante.

2 For the meaning of 'distributor' see PARA 1153 note 2 ante.

3 For the meaning of 'network' see PARA 1153 note 1 ante. In relation to a distributor, generator or meter operator a reference in the Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665 (as amended) (see PARAS 1153-1154 ante; the text and notes 1-2 supra, 4-7 infra; and PARA 1156 et seq post) to his network, his overhead line, his substation or his equipment is a reference to a network, an overhead line, a substation or equipment (as the case may be) owned or operated by him: *ibid* reg 1(6). For the meaning of 'equipment' see PARA 1153 note 4 ante; and for the meaning of 'meter operator' see PARA 1153 note 3 ante.

4 *Ibid* reg 5.

5 For the meaning of 'substation' see PARA 1153 note 8 ante. See also note 3 supra.

6 For the meaning of 'overhead line' see PARA 1153 note 7 ante. See also note 3 supra.

7 Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, reg 5.

8 As to the territorial sea of the United Kingdom see WATER AND WATERWAYS vol 100 (2009) PARA 31 note 3; and for the meaning of 'Great Britain' see PARA 602 note 7 ante.

9 For the meaning of 'renewable energy zone' for these purposes see PARA 1153 note 22 ante.

10 See the Electricity Safety, Quality and Continuity (Amendment) Regulations 2006, SI 2006/1521, reg 5(1), (2).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iv) Supply and Safety Provisions/B. ELECTRICITY SAFETY, QUALITY AND CONTINUITY; IN GENERAL/1156. Notification of specified events.

1156. Notification of specified events.

Notice¹ must be given to the Secretary of State² in accordance with the following provisions by the distributor³ in respect of any event⁴ which is of a type specified in head (2) below where the event involves a consumer's installation⁵ which is connected to the distributor's network⁶, and by the generator⁷, distributor or meter operator⁸, as the case may be, in respect of any event which is an event of a type otherwise specified in heads (1) to (5) below and involves a network or equipment⁹ which is in the ownership of, under the control of, or used by, the generator, distributor or meter operator, as the case may be¹⁰. The events referred to above are:

- 2639 (1) any event attributable in whole or in part to the generating, transforming, control or carrying of energy¹¹ up to and including the supply terminals¹², which has given rise to:
- 239
- 357. (a) the death of any person other than a person engaged by the generator, distributor or meter operator for the purposes of his business; or
- 358. (b) an injury, including any electric shock, to any person other than a person engaged by the generator, distributor or meter operator for the purposes of his business; or
- 359. (c) any fire; or
- 360. (d) any explosion or implosion¹³;
- 240
- 2640 (2) any event attributable in whole or in part to the presence of energy on the consumer's side of the supply terminals on any non-industrial and non-commercial premises resulting in the death of any person¹⁴;
- 2641 (3) any event, whether or not accompanied by an event specified in head (1) above, which caused an overhead line¹⁵ to be at a height less¹⁶ than that required¹⁷;
- 2642 (4) the occurrence of any damage to any underground cable¹⁸ resulting from an event not specified in heads (1) and (2) above¹⁹; and
- 2643 (5) any event other than those listed in head (1), head (3) or head (4) above which, taking into account the circumstances of that event, was likely to cause any of the events listed in head (1) above²⁰.

The above provisions also apply in relation to activities carried on in the territorial sea adjacent to Great Britain²¹ and the renewable energy zone²² the area of which is designated by the Renewable Energy Zone (Designation of Area) Order 2004²³. They do not, however, apply to agents, contractors or sub-contractors²⁴.

1 As to the requirement to give notice see further notes 13, 19 infra.

2 As to the Secretary of State see PARA 601 note 1 ante.

3 For the meaning of 'distributor' see PARA 1153 note 2 ante.

4 For these purposes, 'event' means any event of the kind specified irrespective of whether it was accidental: Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, reg 31(9).

- 5 For the meaning of 'consumer's installation' see PARA 1153 note 1 ante.
- 6 For the meaning of 'network' see PARA 1153 note 1 ante. See also PARA 1155 note 3 ante.
- 7 For the meaning of 'generator' see PARA 1153 note 1 ante.
- 8 For the meaning of 'meter operator' see PARA 1153 note 3 ante.
- 9 For the meaning of 'equipment' see PARA 1153 note 4 ante.
- 10 Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, reg 31(1).
- 11 For the meaning of 'energy' see PARA 1153 note 3 ante.
- 12 'Supply terminals' means the ends of the electric lines at which the supply is delivered to a consumer's installation: Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, reg 1(5). For the meaning of 'electric line' see PARA 1153 note 7 ante.
- 13 Ibid reg 31(2)(2)(a). In respect of any event specified in reg 31(2)(a): (1) the requirement to give notice in accordance with reg 31(4) (so far as applicable) applies in addition to the requirement to give notice in accordance with reg 31(5) unless the notice given satisfies the requirements of both reg 31(4) and reg 31(5); and (2) the requirement to give notice in accordance with reg 31(4) and reg 31(5) applies in addition to the requirement to give notice in accordance with reg 31(6): reg 31(3). In respect of any event specified in reg 31(2)(a)(i) (see head (1)(a) in the text) or (in the case of a serious injury) in reg 31(2)(a)(ii) (see head (1)(b) in the text), notice of the event must be given to the Secretary of State by telephone or other immediate means of communication immediately after the event becomes known to the generator, distributor or meter operator, as the case may be: reg 31(4). 'Serious injury' means any injury which results in the person injured being admitted into hospital as an in-patient: reg 31(9).

In respect of any event specified in reg 31(2)(a) (see head (1) in the text) or reg 31(2)(b) (see head (2) in the text), notice containing the relevant particulars must, subject to reg 31(8), be given to the Secretary of State in writing by the quickest practicable means as soon as possible after the event becomes known to the generator, distributor or meter operator, as the case may be: reg 31(5). 'Relevant particulars' means (a) in respect of an event specified in reg 31(2)(a), (2)(b) or (2)(d) (see heads (1), (2), (4) in the text), the particulars specified in Sch 3 Pts I, II, IV, respectively; and (b) in respect of an event specified in reg 31(2)(c) or (2)(e) (see heads (3), (5) in the text), the particulars specified in Sch 3 Pt III: reg 31(9).

In respect of any event notifiable under reg 31(2)(a), (2)(c) or (2)(e) (see heads (1), (3), (5) in the text), notice must be given to the Secretary of State by post within 15 days of the end of the month in which the event becomes known to the generator, distributor or meter operator as the case may be, in the form of a computer disc which (i) conforms to the description specified in the Department's publication; and (ii) subject to reg 31(8), contains the information comprising the relevant particulars, arranged in a form which complies with the technical requirements specified in that publication: reg 31(6). 'The Department's publication' means the publication entitled (under the heading 'Electricity Safety, Quality and Continuity Regulations 2002') 'Computerisation of the Notification of Certain Specified Events under Regulation 31', subtitled 'Specification of the Data Files', and published in September 2002 by the then Department of Trade and Industry (now the Department for Business, Enterprise and Regulatory Reform), a copy of which was certified as such by the signature of the Minister of State for Energy and Construction, Department of Trade and Industry: Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, reg 31(9).

The notices required by reg 31(5), (6) must, where the giver of the notice is unable to provide full particulars, contain such of the relevant particulars as are available to the giver of the notice at the time of giving it, and the remaining particulars must be supplied to the Secretary of State in writing by the quickest practicable means immediately after they have become known: reg 31(8).
- 14 Ibid reg 31(2)(b). As to the notice see note 13 supra.
- 15 For the meaning of 'overhead line' see PARA 1153 note 7 ante.
- 16 Ie less than that required by the Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, reg 17(2): see PARA 1166 post.
- 17 Ibid reg 31(2)(c). As to the notice see note 13 supra.
- 18 'Underground cable' means any conductor surrounded by insulation which is placed below ground; and 'insulation' means non-conducting material enclosing or surrounding a conductor or any part thereof and of such quality and thickness as to withstand the operating voltage of the equipment: ibid reg 1(5). For the meaning of 'conductor' see PARA 1153 note 1 ante.

19 Ibid reg 31(2)(d). In respect of any event specified in reg 31(2)(d), notice containing the relevant particulars must be sent to the Secretary of State by means of a return in writing to be submitted within one month of the end of the period of three months ending on 31 March, 30 June, 30 September or 31 December (as the case may be) in which the event became known to the generator, distributor or meter operator as the case may be: reg 31(7). As to the relevant particulars see note 13 supra.

20 Ibid reg 31(2)(e). As to the notice see note 13 supra.

21 As to the territorial sea of the United Kingdom see WATER AND WATERWAYS vol 100 (2009) PARA 31 note 3; and for the meaning of 'Great Britain' see PARA 602 note 7 ante.

22 For the meaning of 'renewable energy zone' for these purposes see PARA 1153 note 22 ante.

23 See the Electricity Safety, Quality and Continuity (Amendment) Regulations 2006, SI 2006/1521, reg 5(1), (2).

24 Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, reg 2(2).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iv) Supply and Safety Provisions/B. ELECTRICITY SAFETY, QUALITY AND CONTINUITY; IN GENERAL/1157. Notification of certain interruptions of supply.

1157. Notification of certain interruptions of supply.

A distributor¹ must give to the Secretary of State² notification in accordance with heads (a) and (b) below of those interruptions of supply³ involving his network⁴ where there has been:

- 2644 (1) any single interruption of supply, to any demand of 20 megawatts or more at the time of the interruption, for a period of three minutes or longer; or
- 2645 (2) any single interruption of supply, to any demand of 5 megawatts or more at the time of the interruption, for a period of one hour or longer; or
- 2646 (3) any single interruption of supply to 5,000 or more consumer's installations⁵ for a period of one hour or longer⁶.

The notification must:

- 2647 (a) be sent in writing by the quickest practicable means immediately after the distributor becomes aware of the interruption; and
- 2648 (b) contain the specified⁷ particulars⁸.

Where the distributor is unable to give the full particulars required⁹, the notification given to the Secretary of State must contain such of the particulars as are available to the distributor at the time of giving the notification, and any remaining particulars must be sent in a supplementary notification in writing to the Secretary of State by the quickest practicable means immediately after they have become known¹⁰.

The above provisions do not apply in relation to activities carried on in the territorial sea adjacent to Great Britain¹¹ and the renewable energy zone¹² the area of which is designated by the Renewable Energy Zone (Designation of Area) Order 2004¹³. Nor do they apply to agents, contractors or sub-contractors¹⁴.

1 For the meaning of 'distributor' see PARA 1153 note 2 ante.

2 As to the Secretary of State see PARA 601 note 1 ante.

3 For the meaning of 'supply' see PARA 1153 note 5 ante.

4 For the meaning of 'network' see PARA 1153 note 1 ante. See also PARA 1155 note 3 ante.

5 For the meaning of 'consumer's installation' see PARA 1153 note 1 ante.

6 Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, reg 32(1).

7 I.e. the particulars specified in *ibid* Sch 4: reg 32(2).

8 *Ibid* reg 32(2).

9 I.e. required by *ibid* Sch 4.

10 *Ibid* reg 32(3).

11 As to the territorial sea of the United Kingdom see WATER AND WATERWAYS vol 100 (2009) PARA 31 note 3; and for the meaning of 'Great Britain' see PARA 602 note 7 ante.

12 For the meaning of 'renewable energy zone' for these purposes see PARA 1153 note 22 ante.

13 See the Electricity Safety, Quality and Continuity (Amendment) Regulations 2006, SI 2006/1521, reg 5(1), (2)(e).

14 Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, reg 2(2).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iv) Supply and Safety Provisions/B. ELECTRICITY SAFETY, QUALITY AND CONTINUITY; IN GENERAL/1158. Exemption from requirements of the regulations.

1158. Exemption from requirements of the regulations.

Where a request is made to the Secretary of State¹ to grant an exemption from a requirement of the relevant regulations², that request must be made in writing and must state the full extent of the reasons for the exemption sought³.

Where the Secretary of State is satisfied that an exemption may be granted without prejudice to safety or interference with the supply⁴ to others, the Secretary of State may grant such an exemption as he thinks appropriate⁵. An exemption so granted is to be for such period as the Secretary of State specifies when granting that exemption or, where no period is so specified, for a period of 25 years⁶.

The above provisions also apply in relation to activities carried on in the territorial sea adjacent to Great Britain⁷ and the renewable energy zone⁸ the area of which is designated by the Renewable Energy Zone (Designation of Area) Order 2004⁹.

1 As to the Secretary of State see PARA 601 note 1 ante.

2 I.e. a requirement of the Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665 (as amended): see PARA 1153 et seq ante, PARA 1159 et seq post.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iv) Supply and Safety Provisions/C. PROTECTION AND EARTHING/1159. Electrical protection; continuity of the supply neutral conductor and earthing connections.

C. PROTECTION AND EARTHING

1159. Electrical protection; continuity of the supply neutral conductor and earthing connections.

A generator¹ or distributor²:

- 2649 (1) is to be responsible for the application of such protective devices to his network³ as will, so far as is reasonably practicable, prevent any current, including any leakage to earth⁴, from flowing in any part of his network for such a period that that part of his network can no longer carry that current without danger⁵;
- 2650 (2) must, in the design, construction, maintenance or operation of his network, take all reasonable precautions to ensure continuity of the supply neutral conductor⁶.

No generator or distributor must introduce or retain any protective device in any supply neutral conductor or any earthing connection of a low voltage network which he owns or operates⁷. This does not, however, apply to any distributor's fusible cut-out brought into use on or before 31 December 1936, until ten years after 31 January 2003⁸ or until a material alteration is made to any part of his network⁹.

The above provisions also apply in relation to activities carried on in the territorial sea adjacent to Great Britain¹⁰ and the renewable energy zone¹¹ the area of which is designated by the Renewable Energy Zone (Designation of Area) Order 2004¹².

1 For the meaning of 'generator' see PARA 1153 note 1 ante.

2 For the meaning of 'distributor' see PARA 1153 note 2 ante.

3 For the meaning of 'network' see PARA 1153 note 1 ante. See also PARA 1155 note 3 ante.

4 For the meaning of 'earth' see PARA 1153 note 1 ante.

5 Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, reg 6. For the meaning of 'danger' see PARA 1153 note 13 ante.

6 Ibid reg 7(1). 'Supply neutral conductor' means the neutral conductor of a low voltage network which is or is intended to be connected with earth, but does not include any part of the neutral conductor on the consumer's side of the supply terminals: reg 1(5). 'Connected with earth' means connected with earth in such manner as will at all times provide a rapid and safe discharge of electrical energy, and cognate expressions are to be construed accordingly: reg 1(5). For the meanings of 'neutral conductor', 'low voltage' and 'consumer' see PARA 1153 note 1 ante; and for the meaning of 'supply terminals' see PARA 1156 note 12 ante.

7 Ibid reg 7(2).

8 Ibid reg 2(4).

9 See ibid reg 2(8). Where any provision of the Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665 (as amended) does not apply to any network, or part of a network, by virtue of any of the provisions of reg 2(4)-(7), any equivalent provision which applied to the network, or part of it, as the case may be,

immediately before 31 January 2003 by virtue of the Electricity Supply Regulations 1988, SI 1988/1057 (revoked) including any approval, authority or exemption granted or given under or pursuant to that provision applies as if that equivalent provision had been contained in the 2002 Regulations: Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, reg 2(9).

10 As to the territorial sea of the United Kingdom see WATER AND WATERWAYS vol 100 (2009) PARA 31 note 3; and for the meaning of 'Great Britain' see PARA 602 note 7 ante.

11 For the meaning of 'renewable energy zone' for these purposes see PARA 1153 note 22 ante.

12 See the Electricity Safety, Quality and Continuity (Amendment) Regulations 2006, SI 2006/1521, reg 5(1), (2).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iv) Supply and Safety Provisions/C. PROTECTION AND EARTHING/1160. General requirements for connection with earth.

1160. General requirements for connection with earth.

A generator¹ or distributor² must:

- 2651 (1) ensure that, so far as is reasonably practicable, his network³ does not become disconnected from earth⁴ in the event of any foreseeable current due to a fault⁵;
- 2652 (2) in respect of any high voltage⁶ network which he owns or operates, ensure that:
 - 241 361. (a) the network is connected with earth at, or as near as is reasonably practicable to, the source of voltage but where there is more than one source of voltage in that network, the connection with earth need only be made at one such point;
 - 362. (b) the earth electrodes⁷ are designed, installed and used in such a manner so as to prevent danger⁸ occurring in any low voltage⁹ network as a result of any fault in the high voltage network; and
 - 363. (c) where the network is connected with earth through a continuously rated arc suppression coil, an automatic warning is given to the generator or distributor (as the case may be) of any fault which causes the arc suppression coil to operate¹⁰;
- 242 2653 (3) in respect of any low voltage network which he owns or operates, ensure that:
 - 243 364. (a) the outer conductor of any electric line¹¹ which has concentric conductors is connected with earth;
 - 365. (b) every supply neutral conductor¹² is connected with earth at, or as near as is reasonably practicable to, the source of voltage except that where there is only one point in a network at which consumer's installations¹³ are connected to a single source of voltage, that connection may be made at that point, or at another point nearer to the source of voltage; and
 - 366. (c) no impedance is inserted in any connection with earth of a low voltage network other than that required for the operation of switching devices¹⁴ or of instruments or equipment¹⁵ for control, telemetry or metering¹⁶.
- 244

Heads (1) to (3) above not apply to a network which is situated within a generating station¹⁷ if, and only if, adequate alternative arrangements are in place to prevent danger¹⁸.

A consumer¹⁹ must not combine the neutral and protective functions in a single conductor in his consumer's installation²⁰.

The above provisions also apply in relation to activities carried on in the territorial sea adjacent to Great Britain²¹ and the renewable energy zone²² the area of which is designated by the Renewable Energy Zone (Designation of Area) Order 2004²³.

- 1 For the meaning of 'generator' see PARA 1153 note 1 ante.

- 21 As to the territorial sea of the United Kingdom see WATER AND WATERWAYS vol 100 (2009) PARA 31 note 3; and for the meaning of 'Great Britain' see PARA 602 note 7 ante.
- 22 For the meaning of 'renewable energy zone' for these purposes see PARA 1153 note 22 ante.
- 23 See the Electricity Safety, Quality and Continuity (Amendment) Regulations 2006, SI 2006/1521, reg 5(1), (2).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iv) Supply and Safety Provisions/C. PROTECTION AND EARTHING/1161. Protective multiple earthing and earthing of metalwork.

1161. Protective multiple earthing and earthing of metalwork.

With regard to distributors¹ low voltage² networks³ in which the neutral and protective functions are combined, a distributor must ensure that, in addition to the required neutral with earth connection⁴, the supply neutral conductor⁵ is connected with earth at:

- 2654 (1) a point no closer to the distributor's source of voltage (as measured along the distributing main⁶) than the junction between that distributing main and the service line⁷ which is most remote from the source; and
- 2655 (2) such other points as may be necessary to prevent, so far as is reasonably practicable, the risk of danger⁸ arising from the supply neutral conductor becoming open circuit⁹.

Head (1) above only applies, however, where the supply neutral conductor of the service line there referred to is connected to the protective conductor¹⁰ of a consumer's installation¹¹.

With respect to such low voltage networks, the distributor must not connect his combined neutral and protective conductor to any metalwork¹² in a caravan or boat¹³.

Without prejudice to any other requirement as to earthing, a generator¹⁴, distributor or meter operator¹⁵, as the case may be, must ensure that any metalwork enclosing, supporting or otherwise associated with his equipment¹⁶ in a network and which is not intended to serve as a phase conductor¹⁷ is, where necessary to prevent danger, connected with earth¹⁸. This does not, however, apply:

- 2656 (a) to any metalwork attached to, or forming part of, a wooden pole support¹⁹, the design and construction of which is such as to prevent, so far as is reasonably practicable, danger within three metres of the ground from any failure of insulation²⁰ or failure of insulators²¹; or
- 2657 (b) to any wall-mounted metal bracket carrying an overhead line²² not connected with earth, where the line is both supported by an insulator and the part of the line in contact with the insulator is itself surrounded by insulation²³.

The above provisions regarding the earthing of metalwork²⁴ also apply, and the above provisions regarding multiple protective earthing²⁵ do not apply, in relation to activities carried on in the territorial sea adjacent to Great Britain²⁶ and the renewable energy zone²⁷ the area of which is designated by the Renewable Energy Zone (Designation of Area) Order 2004²⁸.

1 For the meaning of 'distributor' see PARA 1153 note 2 ante.

2 For the meaning of 'low voltage' see PARA 1153 note 1 ante.

3 For the meaning of 'network' see PARA 1153 note 1 ante. See also PARA 1155 note 3 ante.

4 I.e. the connection required under the Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, reg 8(3)(b): see PARA 1160 ante at head (3)(b) in the text. For the meaning of 'earth' see PARA 1153 note 1 ante; and for the meaning of 'connected with earth' and cognate expressions see PARA 1159 note 6 ante.

- 5 For the meaning of 'supply neutral conductor' see PARA 1159 note 6 ante.
- 6 'Distributing main' means a low voltage electric line which connects a distributor's source of voltage to one or more service lines or directly to a single consumer's installation: Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, reg 1(5). For the meaning of 'electric line' see PARA 1153 note 7 ante; and for the meaning of 'consumer's installation' see PARA 1153 note 1 ante.
- 7 'Service line' means an electric line which connects either a street electrical fixture, or no more than four consumer's installations in adjacent buildings, to a distributing main: *ibid* reg 1(5). For the meaning of 'street electrical fixture' see PARA 1153 note 1 ante.
- 8 For the meaning of 'danger' see PARA 1153 note 13 ante.
- 9 Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, reg 9(1), (2).
- 10 For the meaning of 'protective conductor' see PARA 1153 note 1 ante.
- 11 Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, reg 9(3).
- 12 'Metalwork' does not include any electric line or conductor used for earthing purposes: *ibid* reg 1(5). For the meaning of 'conductor' see PARA 1153 note 1 ante.
- 13 Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, reg 9(1), (4).
- 14 For the meaning of 'generator' see PARA 1153 note 1 ante.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iv) Supply and Safety Provisions/D. SUBSTATIONS/1162. Substation safety.

D. SUBSTATIONS

1162. Substation safety.

Every generator¹ and distributor² must, for every substation³ which he owns or operates:

- 2658 (1) enclose the substation where necessary to prevent, so far as is reasonably practicable, danger⁴ or unauthorised access;
- 2659 (2) enclose any part of the substation, which is open to the air and contains live equipment⁵ which is not encased, with a fence or wall not less than 2.4 metres in height to prevent, so far as is reasonably practicable, danger or unauthorised access;
- 2660 (3) ensure that, so far as is reasonably practicable, there are at all times displayed:
 - 245 367. (a) sufficient safety signs which comply with the prescribed design, colours and proportions⁶ and which are of such size and placed in such positions as are necessary to give due warning of such danger as is reasonably foreseeable in the circumstances;
 - 368. (b) a notice which is placed in a conspicuous position and which gives the location or identification of the substation, the name of each generator or distributor who owns or operates the substation equipment making up the substation and the telephone number where a suitably qualified person appointed for this purpose by the generator or distributor will be in constant attendance; and
 - 369. (c) such other signs, which are of such size and placed in such positions, as are necessary to give due warning of danger having regard to the siting of, the nature of, and the measures taken to ensure the physical security of, the substation equipment; and
- 246 2661 (4) take all reasonable precautions to minimise the risk of fire associated with the equipment⁷.

The above provisions also apply in relation to activities carried on in the territorial sea adjacent to Great Britain⁸ and the renewable energy zone⁹ the area of which is designated by the Renewable Energy Zone (Designation of Area) Order 2004¹⁰.

¹ For the meaning of 'generator' see PARA 1153 note 1 ante.

10 See the Electricity Safety, Quality and Continuity (Amendment) Regulations 2006, SI 2006/1521, reg 5(1), (2).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iv) Supply and Safety Provisions/E. UNDERGROUND CABLES AND EQUIPMENT/1163. General restriction on, and requirements for, the use of underground cables.

E. UNDERGROUND CABLES AND EQUIPMENT

1163. General restriction on, and requirements for, the use of underground cables.

No generator¹ or distributor² must use any of his underground cables³ and associated equipment⁴, except those in generating stations⁵ or substations⁶, which he knows do not comply with the following requirements⁷.

Underground cables and associated equipment which contain conductors⁸ not connected with earth⁹ must be protected in accordance with heads (1) and (2) below¹⁰. That protection must comprise:

- 2662 (1) in respect of joints or terminations of a conductor in a low voltage¹¹ system, some form of mechanical protection; and
- 2663 (2) in respect of any other part of any conductor, an electrically continuous metallic screen connected with earth,

so placed as to ensure that, so far as is reasonably practicable, any tool or device likely to be used in the vicinity will make contact with that protection or screen before it can make contact with any conductors not connected with earth¹².

Every underground cable must be kept at such depth or be otherwise protected so as to avoid, so far as is reasonably practicable, any damage or danger¹³ by reason of such uses of the land which can be reasonably expected¹⁴. In addition to satisfying those requirements, an underground cable containing conductors not connected with earth must be protected, marked or otherwise indicated so as to ensure, so far as is reasonably practicable, that any person excavating the land above the cable will be given sufficient warning of its presence¹⁵. The protection, marking or indication so required must be made by placing the cable in a pipe or duct or by overlaying the cable at a suitable distance with protective tiles or warning tape or by the provision of such other protective or warning device, mark or indication, or by a suitable combination of such measures, as will be likely to provide an appropriate warning¹⁶.

The above provisions also apply in relation to activities carried on in the territorial sea adjacent to Great Britain¹⁷ and the renewable energy zone¹⁸ the area of which is designated by the Renewable Energy Zone (Designation of Area) Order 2004¹⁹.

1 For the meaning of 'generator' see PARA 1153 note 1 ante.

2 For the meaning of 'distributor' see PARA 1153 note 2 ante.

PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iv) Supply and Safety Provisions/E. UNDERGROUND CABLES AND EQUIPMENT/1164. Maps of underground networks.

1164. Maps of underground networks.

The following provisions apply in respect of any network¹ or part thereof, owned or operated by a generator² or distributor³ which is below ground on land which is not under his control⁴.

Every generator or distributor must have and, so far as is reasonably practicable, keep up to date, a map or series of maps indicating the position and depth below surface level of all networks or parts thereof which he owns or operates⁵. The generator or distributor must make a copy of the whole or the relevant part of any map prepared or kept for these purposes available for inspection by any of:

- 2664 (1) the Secretary of State⁶;
- 2665 (2) the local planning authority⁷ for the area where the network or part thereof is situated; and
- 2666 (3) any other person who can show reasonable cause for requiring to inspect any part of the map,

and must, on request, provide a copy of such map or part of the map⁸. The generator or distributor may, at his discretion, require payment of a reasonable fee for the inspection or copying of that map or part of that map⁹.

Any map prepared for these purposes may be prepared and kept by electronic means provided that that means has the capability of reproducing such map in printed form¹⁰. Nothing in these provisions requires the inclusion, on a map prepared or kept for these purposes, of information relating to the position and depth below surface level of networks or parts thereof which were placed below ground before 1 October 1988 where it would not be reasonably practicable to obtain such information¹¹.

These duties do not apply to agents, contractors or sub-contractors¹². They do, however, apply in relation to activities carried on in the territorial sea adjacent to Great Britain¹³ and the renewable energy zone¹⁴ the area of which is designated by the Renewable Energy Zone (Designation of Area) Order 2004¹⁵.

1 For the meaning of 'network' see PARA 1153 note 1 ante.

F. OVERHEAD LINES

1165. General restriction on the use of overhead lines.

No generator¹ or distributor² must use any of his overhead lines³, except those in generating stations⁴ and substations⁵, which he knows do not comply with Part V⁶ of the Electricity Safety, Quality and Continuity Regulations 2002⁷.

No overhead line must be used for the purpose of supply⁸ at a nominal voltage greater than 400,000 volts⁹.

None of the provisions of Part V of the 2002 Regulations apply in relation to activities carried on in the territorial sea adjacent to Great Britain¹⁰ and the renewable energy zone¹¹ the area of which is designated by the Renewable Energy Zone (Designation of Area) Order 2004¹².

1 For the meaning of 'generator' see PARA 1153 note 1 ante.

2 For the meaning of 'distributor' see PARA 1153 note 2 ante.

3 For the meaning of 'overhead line' see PARA 1153 note 7 ante.

4 For the meaning of 'generating station' see PARA 1160 note 17 ante.

5 For the meaning of 'substation' see PARA 1153 note 8 ante.

6 I.e. the Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, Pt V (regs 16-20): see the text and notes 8-9 infra; and PARA 1166 et seq post.

7 Ibid reg 16(1).

8 For the meaning of 'supply' see PARA 1153 note 5 ante.

9 Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, reg 16(2).

10 As to the territorial sea of the United Kingdom see WATER AND WATERWAYS vol 100 (2009) PARA 31 note 3; and for the meaning of 'Great Britain' see PARA 602 note 7 ante.

11 For the meaning of 'renewable energy zone' for these purposes see PARA 1153 note 22 ante.

12 See the Electricity Safety, Quality and Continuity (Amendment) Regulations 2006, SI 2006/1521, reg 5(1), (2)(b).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iv) Supply and Safety Provisions/F. OVERHEAD LINES/1166. Minimum height of overhead lines, wires and cables.

1166. Minimum height of overhead lines, wires and cables.

The height above ground of any overhead line¹, at the maximum likely temperature of that line, must not² be less than the specified³ height⁴. This does not, however, apply to any section of an overhead line at a point where it is not over a road accessible to vehicular traffic and which:

- 2667 (1) is surrounded by insulation⁵; or
- 2668 (2) is not surrounded by insulation but is at least 4.3 metres above ground and connects equipment⁶ mounted on a support⁷ to any overhead line; or
- 2669 (3) is connected with earth⁸.

The height above ground of any wire or cable which is attached to a support carrying any overhead line must not be less than 5.8 metres at any point where it is over a road accessible to vehicular traffic⁹.

1 For the meaning of 'overhead line' see PARA 1153 note 7 ante.

2 I.e. subject to the Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, reg 17(3): see the text and notes 5-8 infra.

3 I.e. the height specified by ibid reg 17(2). In relation to an overhead line used, or intended to be used, at a voltage specified in Sch 2 col 1, the height referred to in reg 17(1) must be: (1) at any point where that line is over a road accessible to vehicular traffic, the height specified in Sch 2 col 2 as appropriate to that voltage; and (2) at any other point, the height specified in Sch 2 col 3 as appropriate to that voltage: reg 17(2).

4 Ibid reg 17(1).

5 For the meaning of 'insulation' see PARA 1156 note 18 ante.

6 For the meaning of 'equipment' see PARA 1153 note 4 ante.

7 For the meaning of 'support' see PARA 1153 note 4 ante.

8 Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, reg 17(3). For the meaning of 'connected with earth' see PARA 1159 note 6 ante.

9 Ibid reg 17(4).

Regulation 17 does not apply in relation to activities carried on in the territorial sea adjacent to Great Britain and the renewable energy zone the area of which is designated by the Renewable Energy Zone (Designation of Area) Order 2004, SI 2004/2668: see PARA 1165 the text and notes 10-12 ante.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iv) Supply and Safety Provisions/F. OVERHEAD LINES/1167. Position, insulation and protection of overhead lines.

1167. Position, insulation and protection of overhead lines.

Any part of an overhead line¹ which is not connected with earth² and which is not ordinarily accessible³ must be supported on insulators⁴ or surrounded by insulation⁵.

Any part of an overhead line which is not connected with earth and which is ordinarily accessible must be:

- 2670 (1) made dead; or
- 2671 (2) so insulated that it is protected, so far as is reasonably practicable, against mechanical damage or interference; or
- 2672 (3) adequately protected to prevent danger⁶.

Any person responsible for erecting a building or structure which will cause any part of an overhead line which is not connected with earth to become ordinarily accessible must give reasonable notice to the generator⁷ or distributor⁸ who owns or operates the overhead line of his intention to erect that building or structure⁹.

Any bare conductor¹⁰ not connected with earth, which is part of a low voltage¹¹ overhead line, must be situated throughout its length directly above a bare conductor which is connected with earth¹².

No overhead line must, so far as is reasonably practicable, come so close to any building, tree or structure as to cause danger¹³.

1 For the meaning of 'overhead line' see PARA 1153 note 7 ante.

2 For the meaning of 'connected with earth' and cognate expressions see PARA 1159 note 6 ante.

3 For these purposes, the expression 'ordinarily accessible' means the overhead line could be reached by hand if any scaffolding, ladder or other construction was erected or placed on, in, against or near to a building or structure: Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, reg 18(6).

4 For the meaning of 'insulator' see PARA 1153 note 4 ante.

5 Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, reg 18(1). For the meaning of 'insulation' see PARA 1156 note 18 ante.

6 Ibid reg 18(2). For the meaning of 'danger' see PARA 1153 note 13 ante.

7 For the meaning of 'generator' see PARA 1153 note 1 ante.

8 For the meaning of 'distributor' see PARA 1153 note 2 ante.

9 Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, reg 18(3).

10 For the meaning of 'conductor' see PARA 1153 note 1 ante.

11 For the meaning of 'low voltage' see PARA 1153 note 1 ante.

12 Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, reg 18(4).

13 Ibid reg 18(5).

Regulation 18 does not apply in relation to activities carried on in the territorial sea adjacent to Great Britain and the renewable energy zone the area of which is designated by the Renewable Energy Zone (Designation of Area) Order 2004, SI 2004/2668: see PARA 1165 the text and notes 10-12 ante.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iv) Supply and Safety Provisions/F. OVERHEAD LINES/1168. Precautions against access and warnings of dangers; fitting of insulators to stay wires.

1168. Precautions against access and warnings of dangers; fitting of insulators to stay wires.

Every support¹ carrying a high voltage² overhead line³ must, if the circumstances reasonably require, be fitted with devices to prevent, so far as is reasonably practicable, any unauthorised person from reaching a position at which any such line would be a source of danger⁴.

Every support carrying a high voltage overhead line, and every support carrying a low voltage⁵ overhead line incorporating bare phase conductors⁶, must have attached to it sufficient safety signs complying with the prescribed design, colours and proportions⁷ of such size and placed in such positions as are necessary to give due warning of such danger as is reasonably foreseeable in the circumstances⁸. This requirement does not, however, apply until ten years after 31 January 2003⁹ or until there is a material alteration in the relevant network¹⁰.

Every stay wire which forms part of, or is attached to, any support carrying an overhead line incorporating bare phase conductors, except where the support is a lattice steel structure or other structure entirely of metal and connected to earth¹¹, must be fitted with an insulator¹² no part of which must be less than three metres above ground or above the normal height of any such line attached to that support¹³. This requirement does not, however, apply until ten years after 31 January 2003¹⁴ or until there is a material alteration in the relevant network¹⁵.

1 For the meaning of 'support' see PARA 1153 note 4 ante.

2 For the meaning of 'high voltage' see PARA 1153 note 1 ante.

3 For the meaning of 'overhead line' see PARA 1153 note 7 ante.

4 Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, reg 19(1). For the meaning of 'danger' see PARA 1153 note 13 ante.

5 For the meaning of 'low voltage' see PARA 1153 note 1 ante.

6 For the meaning of 'phase conductor' see PARA 1153 note 1 ante.

7 ie complying with the Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, reg 19(2), Sch 1.

8 Ibid reg 19(2).

9 Ibid regs 1(1), 2(7).

10 See ibid reg 2(8). For the meaning of 'network' see PARA 1153 note 1 ante. See also reg 2(9), cited in PARA 1159 note 9 ante.

11 For the meaning of 'earth' see PARA 1153 note 1 ante; and for the meaning of 'connected with earth' see PARA 1159 note 6 ante.

12 For the meaning of 'insulator' see PARA 1153 note 4 ante.

14 Ibid regs 1(1), 2(7).

15 See *ibid* reg 2(8). See also reg 2(9), cited in PARA 1159 note 9 *ante*.

Regulations 19, 20 do not apply in relation to activities carried on in the territorial sea adjacent to Great Britain and the renewable energy zone the area of which is designated by the Renewable Energy Zone (Designation of Area) Order 2004, SI 2004/2668: see PARA 1165 the text and notes 10-12 *ante*.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iv) Supply and Safety Provisions/F. OVERHEAD LINES/1169. Avoidance of interference with or interruption of supply caused by trees.

1169. Avoidance of interference with or interruption of supply caused by trees.

A generator¹ or distributor² must, so far as is reasonably practicable, ensure that there is no interference with or interruption of supply³ caused by an insufficient clearance between any of his overhead lines⁴ and a tree or other vegetation⁵. This does not, however, apply until six years after 31 January 2003⁶ or until there is a material change in the relevant network⁷.

1 For the meaning of 'generator' see PARA 1153 note 1 ante.

2 For the meaning of 'distributor' see PARA 1153 note 2 ante.

3 For the meaning of 'supply' see PARA 1153 note 5 ante.

4 For the meaning of 'overhead line' see PARA 1153 note 7 ante. See also PARA 1155 note 3 ante.

5 Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, reg 20A (added by SI 2006/1521).

The Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, reg 20A (as so added) does not apply in relation to activities carried on in the territorial sea adjacent to Great Britain and the renewable energy zone the area of which is designated by the Renewable Energy Zone (Designation of Area) Order 2004, SI 2004/2668 (see PARA 1310 post): see the Electricity Safety, Quality and Continuity (Amendment) Regulations 2006, SI 2006/1521, reg 5(1), (2)(b). As to the territorial sea of the United Kingdom see WATER AND WATERWAYS vol 100 (2009) PARA 31 note 3; and for the meaning of 'Great Britain' see PARA 602 note 7 ante.

6 Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, regs 1(1), 2(7A) (reg 2(7A) added by SI 2006/1521).

7 See the Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, reg 2(8). See also reg 2(9), cited in PARA 1159 note 9 ante.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iv) Supply and Safety Provisions/G. GENERATION/1170. Switched alternative sources of energy and parallel operation.

G. GENERATION

1170. Switched alternative sources of energy and parallel operation.

Where a person operates a source of energy¹ as a switched alternative to a distributor's² network³, he must ensure that that source of energy cannot operate in parallel with that network; and where the source of energy is part of a low voltage⁴ consumer's installation⁵, that installation must comply with British Standard Requirements⁶. Without prejudice to the above provision, no person must install or operate a source of energy which may be connected in parallel with a distributor's network unless he:

- 2673 (1) has the necessary and appropriate equipment⁷ to prevent danger⁸ or interference with that network or with the supply to consumers⁹ so far as is reasonably practicable;
- 2674 (2) has the necessary and appropriate personnel and procedures to prevent danger so far as is reasonably practicable;
- 2675 (3) complies with British Standard Requirements where the source of energy is part of a low voltage consumer's installation; and
- 2676 (4) agrees specific requirements with the distributor who owns or operates the network¹⁰.

Heads (2) and (4) above do not, however, apply to a person who installs or operates a source of energy which may be connected in parallel with a distributor's network provided that heads (1) and (3) above are complied with; and:

- 2677 (a) the source of energy does not produce an electrical output exceeding 16 amperes per phase at low voltage;
- 2678 (b) the source of energy is configured to disconnect itself electrically from the parallel connection when the distributor's equipment disconnects the supply of electricity to the person's installation; and
- 2679 (c) the person installing the source of energy ensures that the distributor is advised of the intention to use the source of energy in parallel with the network before, or at the time of, commissioning the source¹¹.

The above provisions with regard to parallel operation¹² also apply, and the above provision with regard to switched alternative sources of energy¹³ does not apply, in relation to activities carried on in the territorial sea adjacent to Great Britain¹⁴ and the renewable energy zone¹⁵ the area of which is designated by the Renewable Energy Zone (Designation of Area) Order 2004¹⁶.

1 For the meaning of 'energy' see PARA 1153 note 3 ante.

2 For the meaning of 'distributor' see PARA 1153 note 2 ante.

3 For the meaning of 'network' see PARA 1153 note 1 ante. See also PARA 1155 note 3 ante.

- 4 For the meaning of 'low voltage' see PARA 1153 note 1 ante.
- 5 For the meaning of 'consumer's installation' see PARA 1153 note 1 ante.
- 6 Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, reg 21. For these purposes, 'British Standard Requirements' means the British Standard Requirements for Electrical Installations BS 7671 (2001) IEE Wiring Regulations (16th Edn) ISBN 0 85296 988 0 (2001) (as amended by Amendment No 1 (AMD 13628) (February 2002) and as further amended by Amendment No 2 (AMD 14905) (March 2004)): Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, reg 1(5) (definition amended by SI 2006/1521). Any requirement in the 2002 Regulations for goods or materials to comply with a specified standard is to be satisfied by compliance with an equivalent standard or code of practice of a national standards or equivalent body of any EEA state, in so far as the standard or code of practice in question enables electricity safety, quality or continuity considerations to be met in an equivalent manner: Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, reg 1(2). For this purpose, the expression 'EEA state' means a state which is a contracting party to the Agreement on the European Economic Area signed at Oporto on 2 May 1992 as adjusted by the Protocol signed at Brussels on 17 March 1993: Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, reg 1(3).
- 7 For the meaning of 'equipment' see PARA 1153 note 4 ante.
- 8 For the meaning of 'danger' see PARA 1153 note 13 ante.
- 9 For the meaning of 'consumer' see PARA 1153 note 1 ante.
- 10 Electricity Safety, Quality and Continuity Regulations 2002, SI 2002/2665, reg 22(1).

- 15 For the meaning of 'renewable energy zone' for these purposes see PARA 1153 note 22 ante.
- 16 See the Electricity Safety, Quality and Continuity (Amendment) Regulations 2006, SI 2006/1521, reg 5(1), (2)(c).

UPDATE

1170 Switched alternative sources of energy and parallel operation

NOTE 6--In definition of 'British Standard Requirements' for '(2001) ... (2001)' read '(2008) IEE Wiring Regulations (17th Edn) ISBN 978 0 86341 844 0': SI 2002/2665 reg 1(5) (definition amended by SI 2009/639).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iv) Supply and Safety Provisions/H. SUPPLIES TO INSTALLATIONS AND TO OTHER NETWORKS/1171. Precautions against supply failure; discontinuation of supplies for testing etc.

H. SUPPLIES TO INSTALLATIONS AND TO OTHER NETWORKS

1171. Precautions against supply failure; discontinuation of supplies for testing etc.

A distributor¹ must:

- 2680 (1) ensure that his network² is to be:
- 247
- 370. (a) so arranged; and
- 371. (b) so provided, where necessary, with fuses or automatic switching devices³, appropriately located and set,
- 248
- 2681 as to restrict, so far as is reasonably practicable, the number of consumers⁴ affected by any fault in his network⁵;
- 2682 (2) at all times take all reasonably practicable steps to avoid interruptions of supply⁶ resulting from his own acts⁷.

A distributor may discontinue a supply for the purposes of testing or for any other purpose connected with the carrying on of his activities⁸; but only:

- 2683 (i) for such period as may be necessary but no longer; and
- 2684 (ii) if not less than 2 days' notice in writing⁹ has been received by the relevant persons¹⁰.

He may, however, discontinue a supply even if the notice required by head (ii) above has not been received by the relevant persons if:

- 2685 (A) the discontinuation is agreed between the relevant persons and the distributor; or
- 2686 (B) the distributor considers it necessary to discontinue supplies to the relevant persons in order to prevent danger¹¹ or to undertake essential emergency repairs; or
- 2687 (C) if there is an urgent need to discontinue the supply relating to the safe or proper operation of the network; or
- 2688 (D) the notice is not received by the relevant persons due to circumstances not within the control of the distributor¹².

Heads (1) and (2) above also apply, but the above provisions with regard to discontinuation for testing and other purposes¹³ do not apply, in relation to activities carried on in the territorial sea adjacent to Great Britain¹⁴ and the renewable energy zone¹⁵ the area of which is designated by the Renewable Energy Zone (Designation of Area) Order 2004¹⁶.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iv) Supply and Safety Provisions/H. SUPPLIES TO INSTALLATIONS AND TO OTHER NETWORKS/1172. Equipment on a consumer's premises.

1172. Equipment on a consumer's premises.

A distributor¹ or meter operator² must ensure that each item of his equipment³ which is on a consumer's⁴ premises but which is not under the control of the consumer, whether forming part of the consumer's installation⁵ or not, is:

- 2689 (1) suitable for its purpose;
- 2690 (2) installed and, so far as is reasonably practicable, maintained so as to prevent danger⁶; and
- 2691 (3) protected by a suitable fusible cut-out or circuit breaker which is situated as close as is reasonably practicable to the supply terminals⁷;

and every circuit breaker or cut-out fuse forming part of the fusible cut-out mentioned in head (3) above must be enclosed in a locked or sealed container as appropriate⁸.

Where they form part of his equipment which is on a consumer's premises but which is not under the control of the consumer, a distributor or meter operator, as appropriate, must mark permanently, so as clearly to identify the polarity of each of them, the separate conductors⁹ of low voltage¹⁰ electric lines¹¹ which are connected to supply terminals and such markings must be made at a point which is as close as is practicable to the supply terminals in question¹².

Unless he can reasonably conclude that it is inappropriate for reasons of safety, a distributor must, when providing a new connection¹³ at low voltage, make available his supply neutral conductor¹⁴ or, if appropriate, the protective conductor¹⁵ of his network¹⁶ for connection to the protective conductor of the consumer's installation¹⁷.

The above provisions do not apply in relation to activities carried on in the territorial sea adjacent to Great Britain¹⁸ and the renewable energy zone¹⁹ the area of which is designated by the Renewable Energy Zone (Designation of Area) Order 2004²⁰.

1 For the meaning of 'distributor' see PARA 1153 note 2 ante.

- 19 For the meaning of 'renewable energy zone' for these purposes see PARA 1153 note 22 ante.
- 20 See the Electricity Safety, Quality and Continuity (Amendment) Regulations 2006, SI 2006/1521, reg 5(1), (2)(d).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iv) Supply and Safety Provisions/H. SUPPLIES TO INSTALLATIONS AND TO OTHER NETWORKS/1173. Connections to installations or to other networks.

1173. Connections to installations or to other networks.

No person must make or alter a connection from a distributor's¹ network² to a consumer's installation³, to a street electrical fixture⁴ or to another distributor's network without that distributor's consent, unless such consent has been unreasonably withheld⁵. A distributor must not give his consent to the making or altering of the connection referred to above where he has reasonable grounds for believing that:

- 2692 (1) the consumer's installation, street electrical fixture or other distributor's network fails to comply with British Standard Requirements⁶ or the relevant regulations⁷; or
- 2693 (2) the connection itself will not be so constructed, installed, protected and used or arranged for use, so as to prevent, as far as is reasonably practicable, danger⁸ or interruption of supply⁹.

Any dispute between a person desiring to make or alter such a connection¹⁰ and the distributor, arising from delay in giving or refusal to give the required consent by virtue of the provisions of head (1) or head (2) above, which cannot be resolved between them may be referred by either of them to the Secretary of State¹¹ who must appoint a suitably qualified person to determine the dispute and to order as he thinks fit whether the costs, or any part of them, associated with the determination should be borne by one or other of the parties¹². Following the determination by the person appointed by the Secretary of State, the distributor must grant or withhold the required consent as appropriate, subject to any conditions which the person appointed by the Secretary of State may stipulate in his determination¹³.

These provisions do not apply to agents, contractors or sub-contractors¹⁴. Nor do they apply in relation to activities carried on in the territorial sea adjacent to Great Britain¹⁵ and the renewable energy zone¹⁶ the area of which is designated by the Renewable Energy Zone (Designation of Area) Order 2004¹⁷.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iv) Supply and Safety Provisions/H. SUPPLIES TO INSTALLATIONS AND TO OTHER NETWORKS/1174. Disconnection of supply, refusal to connect and resolution of disagreements.

1174. Disconnection of supply, refusal to connect and resolution of disagreements.

Where a connection to a distributor's¹ network² has been made, or is proposed, and the distributor is not satisfied that the consumer's installation³ or other distributor's network or street electrical fixture⁴ which is or would be connected to his network is or would be so constructed, installed, protected and used or arranged for use so as to prevent, so far as is reasonably practicable, danger⁵ or interference with his or any other distributor's network, or with the supply⁶ to any consumer's installation or street electrical fixture, he may issue a notice in writing⁷ to the consumer⁸ or other distributor or owner of the street electrical fixture, as the case may be, requiring remedial works to be carried out within such reasonable period as may be specified in the notice⁹. If the remedial works specified in the notice by the distributor are not carried out by the end of the period specified in the notice the distributor may disconnect or refuse to connect (as the case may be) the supply to the consumer's installation or other distributor's network or street electrical fixture, and in such an event the distributor must by further notice in writing addressed to the consumer or other distributor or owner of the street electrical fixture (as the case may be) set out the reasons for the disconnection or refusal to connect¹⁰. A distributor may disconnect the supply to the consumer's installation or other distributor's network or street electrical fixture without giving notice as required by the above provisions if such disconnection can be justified on grounds of safety, but in such an event the distributor must by notice in writing addressed to the consumer or other distributor or owner of the street electrical fixture (as the case may be) and served as soon as reasonably practicable after the disconnection, give the reasons for such disconnection and if applicable details of any remedial measures required to be taken by the consumer or other distributor or owner of the street electrical fixture¹¹.

The distributor must connect or restore the supply when the stipulated remedial measures have been taken by the consumer or other distributor or owner of the street electrical fixture (as the case may be) to the reasonable satisfaction of the distributor, or if no remedial measures are required, as soon as is reasonably practicable after the grounds for disconnection have ceased to apply¹².

Any dispute between the distributor and the consumer or other distributor or owner of the street electrical fixture (as the case may be), over the disconnection of or refusal to connect the consumer's installation or other distributor's network or street electrical fixture which cannot be resolved between them, may be referred by any of them to the Secretary of State¹³ who must appoint a suitably qualified person to determine the dispute and to order as he thinks fit whether the costs, or any part of them, associated with the determination should be borne by one or other of the parties¹⁴. Where a referral is made to the Secretary of State in accordance with that provision before the expiry of the notice period referred to above¹⁵, the distributor must not take any action¹⁶ until the determination of the dispute¹⁷. Following the determination by the person appointed by the Secretary of State, the distributor must maintain, connect, restore or may disconnect the supply as appropriate, subject to any conditions which the person appointed by the Secretary of State may stipulate in his determination¹⁸.

A copy of these provisions must be indorsed upon or accompany every notice given by the distributor pursuant to them¹⁹.

These provisions do not apply to agents, contractors or sub-contractors²⁰. Nor do they apply in relation to activities carried on in the territorial sea adjacent to Great Britain²¹ and the renewable energy zone²² the area of which is designated by the Renewable Energy Zone (Designation of Area) Order 2004²³.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iv) Supply and Safety Provisions/H. SUPPLIES TO INSTALLATIONS AND TO OTHER NETWORKS/1175. Declaration of phases, frequency and voltage at supply terminals; other information to be provided on request.

1175. Declaration of phases, frequency and voltage at supply terminals; other information to be provided on request.

Before commencing a supply¹ to a consumer's installation², or when the existing supply characteristics have been modified, the supplier³ must ascertain from the distributor⁴ and then declare to the consumer⁵:

- 2694 (1) the number of phases;
- 2695 (2) the frequency; and
- 2696 (3) the voltage,

at which it is proposed to supply electricity and the extent of the permitted variations thereto⁶. Unless otherwise agreed in writing⁷ between the distributor, the supplier and the consumer, and, if necessary, between the distributor and any other distributor likely to be affected, the frequency so declared is to be 50 hertz and the voltage declared in respect of a low voltage⁸ supply is to be 230 volts between the phase and neutral conductors⁹ at the supply terminals¹⁰; and unless otherwise agreed in writing between those persons the permitted variations are:

- 2697 (a) a variation not exceeding 1 per cent above or below the declared frequency;
- 2698 (b) in the case of a low voltage supply, a variation not exceeding 10 per cent above or 6 per cent below the declared voltage at the declared frequency;
- 2699 (c) in the case of a high voltage¹¹ supply operating at a voltage below 132,000 volts, a variation not exceeding 6 per cent above or below the declared voltage at the declared frequency; and
- 2700 (d) in the case of a high voltage supply operating at a voltage of 132,000 volts or above, a variation not exceeding 10 per cent above or below the declared voltage at the declared frequency¹².

Every distributor must ensure that, save in exceptional circumstances, the characteristics of the supplies to consumer's installations connected to his network comply with the declarations so made¹³. The number and rotation of phases in any supply must not be varied by the distributor except with the agreement of the consumer or, in the absence of such agreement, the consent of the Secretary of State¹⁴ who may impose such conditions, if any, as he thinks appropriate¹⁵.

Following an application by any distributor affected by a declaration made pursuant to the above provisions, the Secretary of State may authorise the variation of any of the values or permitted variations contained in a declaration provided that the applicant has previously given notice of his application to such persons and in such terms as the Secretary of State may require¹⁶. Where the Secretary of State has so authorised a variation the distributor must forthwith serve notice of any such variation on every supplier, every other distributor likely to be affected¹⁷ and every consumer to whom it may apply¹⁸.

A distributor must provide, in respect of any existing or proposed consumer's installation which is connected or is to be connected to his network¹⁹, to any person who can show a reasonable cause for requiring the information, a written statement of:

- 2701 (i) the maximum prospective short circuit current at the supply terminals;
- 2702 (ii) for low voltage connections, the maximum earth loop impedance of the earth fault path outside the installation;
- 2703 (iii) the type and rating of the distributor's protective device or devices nearest to the supply terminals;
- 2704 (iv) the type of earthing system applicable to the connection; and
- 2705 (v) the information specified in heads (1) to (3) above,

which apply, or will apply, to that installation²⁰.

The above provisions do not apply to agents, contractors or sub-contractors²¹. Nor do they apply in relation to activities carried on in the territorial sea adjacent to Great Britain²² and the renewable energy zone²³ the area of which is designated by the Renewable Energy Zone (Designation of Area) Order 2004²⁴.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iv) Supply and Safety Provisions/I. BREACHES OF THE RELEVANT REGULATIONS; OFFENCES/1176. Networks, equipment or installations in breach of the safety, quality and continuity regulations.

I. BREACHES OF THE RELEVANT REGULATIONS; OFFENCES

1176. Networks, equipment or installations in breach of the safety, quality and continuity regulations.

The following provisions apply in any case where the Secretary of State¹ is satisfied that:

- 2706 (1) any network² or any part thereof, or any equipment³ which is constructed, placed, erected, maintained, or used otherwise than in accordance with the relevant regulations⁴; or
- 2707 (2) any part of a consumer's installation⁵ which is not enclosed in a building; or
- 2708 (3) any network or any part thereof, any part of a consumer's installation which is not enclosed in a building or any equipment which is in breach of any relevant exemption⁶ or other relevant provision made under those regulations in force at the time when the notice referred to below⁷ is served,

is or is liable to become a source of danger⁸ to others or an interference with a supply⁹ to others or a cause of interruption of a supply to others¹⁰.

The Secretary of State may serve notice on the generator¹¹, distributor¹², meter operator¹³ or consumer¹⁴, as the case may be, specifying the matter of which he is satisfied and require that the network, consumer's installation, or the equipment or the part thereof specified in the notice:

- 2709 (a) must not be used; or
- 2710 (b) must be made dead; or
- 2711 (c) must be removed; or
- 2712 (d) must only be used subject to compliance with such conditions, improvements or modifications as that notice specifies,

within the time specified in that notice; and the person on whom that notice is served must comply with the provisions of that notice¹⁵. Where such a notice has required that any network, consumer's installation, equipment or the part thereof specified in the notice must not be used or must be made dead or must be removed or only used subject to compliance with conditions, improvements or modifications, that notice is to remain in effect until such time as the network, consumer's installation, equipment or the part thereof specified in the notice complies with the relevant regulations¹⁶ or until the Secretary of State withdraws the notice¹⁷.

If, within the period specified by that notice for compliance or such longer period as the Secretary of State may allow, the person on whom the notice is served disputes the basis for, or the requirements of, the notice, he may give notice in writing¹⁸ to the Secretary of State of that dispute and must state the grounds¹⁹. Where a notice is so given to the Secretary of State, the Secretary of State must refer the dispute to an independent person agreed between the Secretary of State and the person giving the notice, or in default of agreement, to a person nominated by the president for the time being of the Institution of Electrical Engineers²⁰. The

person to whom a dispute is referred may and, if so requested by any party to the dispute, must:

- 2713 (i) give the parties to the dispute an opportunity of appearing before and being heard by him; and
- 2714 (ii) make an inspection of the network, consumer's installation, or equipment which is the subject of the dispute²¹.

Where it appears to the person to whom a dispute is referred that any other person, not being a party to the dispute, has an interest in the outcome of that dispute, he may at his discretion treat that other person as if he were a party to the dispute²². The person to whom a dispute is referred may decide:

- 2715 (A) to uphold the notice served by the Secretary of State²³; or
- 2716 (B) to recommend to the Secretary of State that the notice be withdrawn or modified;

and must notify his decision in writing to the Secretary of State and to the person who has given notice²⁴ of the dispute²⁵. Having deliberated upon the dispute, the person to whom a dispute is referred must make a direction as to whether the person giving the notice of the dispute must bear the costs of the reference, including any fees or expenses payable to him, or whether those costs are to be borne by the Secretary of State²⁶.

A copy of the above provisions must be indorsed upon or accompany every notice served by the Secretary of State pursuant to them²⁷.

The above provisions also apply in relation to activities carried on in the territorial sea adjacent to Great Britain²⁸ and the renewable energy zone²⁹ the area of which is designated by the Renewable Energy Zone (Designation of Area) Order 2004³⁰.

PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iv) Supply and Safety Provisions/I. BREACHES OF THE RELEVANT REGULATIONS; OFFENCES/1177. Offences.

1177. Offences.

Any:

- 2717 (1) generator¹, distributor², supplier³, or meter operator⁴ or any agent, contractor or sub-contractor of any of them who fails to comply with any provision of the safety, quality and continuity regulations⁵ which applies to him;
- 2718 (2) person who fails to comply with:
- 249
372. (a) the duty to give reasonable notice of his intention to erect a building or structure which will cause any part of an overhead line⁶ which is not connected with earth⁷ to become ordinarily accessible⁸;
373. (b) the requirements with regard to switched alternative sources of energy⁹;
374. (c) the restrictions on parallel operation¹⁰; or
375. (d) the prohibition on making or altering connections without the distributor's consent¹¹; and
- 250
- 2719 (3) consumer¹² who fails to comply with:
- 251
376. (a) the prohibition on combining the neutral and protective functions in a single conductor¹³ in his consumer's installation¹⁴; or
377. (b) a notice given by the Secretary of State specifying the action to be taken where a network, equipment or installation is in breach of the relevant regulations¹⁵;
- 252

is liable on summary conviction to a fine not exceeding level 5 on the standard scale¹⁶. Where relevant¹⁷, this also applies in relation to activities carried on in the territorial sea adjacent to Great Britain¹⁸ and the renewable energy zone¹⁹ the area of which is designated by the Renewable Energy Zone (Designation of Area) Order 2004²⁰.

Appointment of electrical inspectors; duties of such inspectors.

J. ELECTRICAL INSPECTORS

1178. Appointment of electrical inspectors; duties of such inspectors.

The Secretary of State¹ may appoint competent and impartial persons to be electrical inspectors². The duties of an electrical inspector are to be:

- 2720 (1) to inspect and test, periodically and in special cases, electric lines³ and electrical plant⁴ belonging to persons authorised by a licence⁵ or exemption⁶ to generate⁷, distribute⁸ or participate in the transmission⁹ of electricity or to participate in the operation of electricity interconnectors¹⁰;
- 2721 (2) to examine, periodically and in special cases, the generation, transmission, distribution or supply¹¹ of electricity by such persons;
- 2722 (3) to inspect and test, if and when required by any consumer, any such lines and plant on the consumer's premises¹², for the purpose of determining whether any requirement imposed¹³ in respect of the lines or plant or the conveyance of electricity through or by them has been complied with; and
- 2723 (4) such other duties as may be imposed by regulations¹⁴ or as the Secretary of State may determine¹⁵.

The Secretary of State may by regulations:

- 2724 (a) prescribe the manner in which and the times at which any duties are to be performed by electrical inspectors;
- 2725 (b) require persons authorised by a licence or exemption to carry on licensable activities¹⁶ to furnish electrical inspectors with records or other information¹⁷ and to allow such inspectors access to premises and the use of electrical plant and other facilities;
- 2726 (c) make provision for relieving electricity distributors from any duty to connect on request¹⁸ or authorising them to disconnect any premises or distribution system¹⁹ in such cases as may be prescribed²⁰; and
- 2727 (d) prescribe the amount of the fees which are to be payable to such inspectors²¹.

Any fees received by electrical inspectors must be paid to the Secretary of State; and any sums so received by him must be paid into the Consolidated Fund²².

The regulations that may be made under the above provisions include regulations:

- 2728 (i) imposing duties on electrical inspectors in relation to anything in the territorial sea adjacent to Great Britain²³ or a renewable energy zone²⁴; or
- 2729 (ii) making any other provision authorised by the above provisions in relation to activities carried on there²⁵.

A generator²⁶ or distributor²⁷ whose equipment²⁸ is subject to inspection, test or examination for the purpose of ascertaining whether a breach of the relevant regulations²⁹ may have occurred, by an inspector appointed by the Secretary of State under the above provisions, must afford reasonable facilities for such inspection, test or examination³⁰. A generator or distributor must provide such information to the inspector as he may require for the purposes of performing his statutory³¹ functions³². These duties also apply in relation to activities carried on in the territorial sea adjacent to Great Britain and the renewable energy zone³³ the area of which is designated by the Renewable Energy Zone (Designation of Area) Order 2004³⁴.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(iv) Supply and Safety Provisions/K. SECURITY OF SUPPLIES/1179. Directions for preserving security of electricity supplies etc.

K. SECURITY OF SUPPLIES

1179. Directions for preserving security of electricity supplies etc.

The Secretary of State¹ may, after consultation with any licence holder² or any person authorised by an exemption³ to generate⁴ or supply⁵ electricity⁶, give to that person such directions⁷ of a general character as appear to the Secretary of State to be requisite or expedient for the purpose of (1) preserving the security of buildings or installations used for, or for purposes connected with, the generation, transmission⁸ or supply of electricity; or (2) mitigating the effects of any civil emergency⁹ which may occur¹⁰. If it appears to the Secretary of State to be requisite or expedient to do so for any such purpose, he may, after consultation with any licence holder and any person authorised by an exemption to generate or supply electricity, give to that person a direction requiring him (according to the circumstances of that case) to do, or not to do, a particular thing specified in the direction¹¹.

Any licence holder and any person authorised by an exemption to generate or supply electricity must give effect to any direction so given to him by the Secretary of State notwithstanding any other duty imposed¹² on him¹³.

The Secretary of State must lay before each House of Parliament a copy of every direction so given unless he is of the opinion that disclosure of the direction is against the interests of national security or the commercial interests of any person¹⁴.

A person must not disclose, nor may he be required by virtue of any enactment or otherwise to disclose, anything done by virtue of these provisions if the Secretary of State has notified him that the Secretary of State is of the opinion that disclosure of that thing is against the interests of national security or the commercial interests of some other person¹⁵.

Various other directions may be given to the electricity industry under statute¹⁶.

1 As to the Secretary of State see PARA 601 note 1 ante.

2 For the meaning of 'licence' and 'licence holder' see PARA 1041 note 12 ante.

3 For the meaning of 'exemption' see PARA 1046 note 7 ante.

4 For the meaning of 'generate' see PARA 1041 note 7 ante.

5 For the meaning of 'supply' see PARA 1041 note 10 ante.

6 Electricity Act 1989 s 96(1), (6).

7 As to directions generally see *ibid* s 107; and PARA 1306 post.

8 For the meaning of 'transmission' see PARA 1041 note 6 ante.

9 For these purposes, 'civil emergency' means any natural disaster or other emergency which, in the opinion of the Secretary of State, is or may be likely to disrupt electricity supplies: Electricity Act 1989 s 96(7).

10 *Ibid* s 96(1)(a), (b).

- 11 Ibid s 96(2).
- 12 ie by or under the Electricity Act 1989: see PARA 1041 et seq ante, PARA 1180 et seq post.
- 13 Ibid s 96(3).
- 14 Ibid s 96(4).
- 15 Ibid s 96(5).
- 16 See eg the Energy Act 1976 s 14 (as amended); and PARAS 1216-1217 post.

UPDATE

1179 Directions for preserving security of electricity supplies etc

NOTES--Certain functions under provisions mentioned in this paragraph are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3, see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/ (v) Electricity Meters/A. REQUIREMENTS UNDER THE ELECTRICITY ACT 1989 AND REGULATIONS MADE UNDER THAT ACT/1180. Consumption to be ascertained by appropriate meter.

(v) Electricity Meters

A. REQUIREMENTS UNDER THE ELECTRICITY ACT 1989 AND REGULATIONS MADE UNDER THAT ACT

1180. Consumption to be ascertained by appropriate meter.

Where a customer of an authorised supplier¹ is to be charged for his supply² wholly or partly by reference to the quantity of electricity supplied, the supply must be given through, and the quantity of electricity must be ascertained by, an appropriate meter³. An authorised supplier may, however, give a supply otherwise than through an appropriate meter in such circumstances as may be prescribed⁴.

If the authorised supplier agrees, the meter may be provided by the customer, who may provide a meter which belongs to him or is made available otherwise than in pursuance of arrangements made by the supplier; but otherwise it must be provided by the authorised supplier who may provide a meter which belongs to him or to any person other than the customer⁵. An authorised supplier may refuse to allow one of his customers to provide a meter only if there are reasonable grounds for its refusal⁶.

The meter must be installed on the customer's premises⁷ in a position determined by the authorised supplier, unless in all the circumstances it is more reasonable to place it outside those premises or in some other position⁸.

Where in the case of a meter which has been provided and installed in accordance with the above provisions, it is necessary to replace it in order to secure compliance with the relevant statutory provisions⁹, or where it is otherwise reasonable in all the circumstances, an authorised supplier may require the meter to be replaced and the supplier must provide and install the replacement meter in accordance with the above provisions¹⁰.

If the customer refuses or fails to take his supply through an appropriate meter duly provided and installed, the supplier may refuse to give or may discontinue the supply¹¹.

Any dispute arising between an electricity supplier and a customer under the above provisions is to be determined in accordance with the statutory procedures¹² and, pending the determination of the dispute, the Gas and Electricity Markets Authority ('GEMA') may give directions in respect of the meter, its provision and its installation¹³.

No meter may be used for ascertaining the quantity of electricity supplied by an authorised supplier to a customer unless the meter is of an approved¹⁴ pattern or construction and is installed in an approved manner and certified in accordance with the statutory requirements¹⁵; but the requirement of certification does not apply to a meter used in connection with an exempt supply¹⁶ if the authorised supplier and the customer have agreed in writing to dispense with that requirement¹⁷. Regulations may provide:

2730 (1) for determining the fees to be paid for approvals given by or under the regulations¹⁸;

- 2731 (2) for revoking an approval so given to any particular pattern or construction of meter and requiring meters of that pattern or construction which have been installed to be replaced with meters of an approved pattern or construction within a prescribed period¹⁹;
- 2732 (3) for revoking an approval so given to any particular manner of installation and requiring meters which have been installed in that manner to be installed in an approved manner within such a period²⁰,

and may make different provision for meters of different descriptions or for meters used or intended to be used for different purposes²¹.

If an authorised supplier supplies electricity through a meter which is used for ascertaining the quantity of electricity supplied and (a) it is not of an approved pattern or construction or is not installed in an approved manner; or (b) it requires certification and is not certified, the supplier is liable on summary conviction to a fine not exceeding level 3 on the standard scale²².

Regulations²³ may, however, disapply this provision in such circumstances as may be prescribed, being circumstances in which an authorised supplier is not required to supply electricity through an appropriate meter²⁴. Where the commission by any person of such an offence is due to the act or default of some other person, that other person is taken to be guilty of the offence and a person may be charged and convicted of the offence whether or not proceedings are taken against the first-mentioned person²⁵. In any proceedings in respect of such an offence, it is, however, a defence for the person charged to prove that he took all reasonable steps and exercised all due diligence to avoid committing the offence²⁶.

No proceedings may be instituted in England and Wales in respect of such an offence except by or on behalf of the Authority²⁷.

1 For the meaning of 'authorised supplier' see PARA 1094 note 7 ante.

2 For the meaning of 'supply' see PARA 1041 note 10 ante.

3 Electricity Act 1989 s 31, Sch 7 para 1(1) (Sch 7 paras 1, 2, 3 amended by the Utilities Act 2000 s 52, Sch 5 paras 1, 2(1)). For these purposes, a meter is an appropriate meter for use in connection with any particular supply if it is of a pattern or construction which, having regard to the terms on which the supply is to be charged for, is particularly suitable for such use: Electricity Act 1989 Sch 7 para 1(6).

4 Ibid Sch 7 para 1(1A) (added by the Utilities Act 2000 s 52, Sch 5 paras 1, 3(1), (2)).

An unmetered supply may be given where (1) the electrical load is of a predictable nature; and (2) either (a) the electrical load is less than 500W; or (b) it is not practical for a supply of electricity to be given through an appropriate meter at the premises due to (i) the anticipated metering costs in the particular case being significantly higher than the usual metering costs associated with that size of electrical load; (ii) technical difficulties associated with providing such a meter in the particular case; or (iii) operation of law so as to prohibit or make excessively difficult the provision of such a meter in the particular case: Electricity (Unmetered Supply) Regulations 2001, SI 2001/3263, reg 3(1). Subject to reg 4, an unmetered supply may only be given where the authorised distributor, authorised supplier and the customer have agreed to such a supply: reg 3(2). An unmetered supply which does not fall into the categories given in reg 3(1) and which was first given prior to 1 October 2001 (ie the date on which the 2001 Regulations came into force: see reg 1) and which has been so supplied since that date, may continue to be an unmetered supply where the authorised distributor, authorised supplier and customer concerned agree to such continuation: reg 3(3). For these purposes, 'customer' means any person supplied or requiring to be supplied with electricity at any premises in Great Britain; 'metering costs' means the cost associated with ascertaining by an appropriate meter the quantity of electricity supplied to a customer by an authorised supplier; and 'unmetered supply' means a supply of electricity to premises which is given otherwise than through an appropriate meter: reg 2. For the meaning of 'appropriate meter' see note 3 supra (definition applied by reg 2); and for the meaning of 'authorised distributor' see PARA 1094 note 8 ante.

Any dispute between the authorised distributor, the authorised supplier and the customer as to whether or not reg 3 applies in particular circumstances may be referred to the Gas and Electricity Markets Authority ('GEMA') by any party to the dispute and must, on such reference, be determined (by order in writing to the parties) by the Authority or, if it thinks fit, by such person as it may appoint: reg 4(1). A person making such an order must include in the order the reasons for reaching the decision with respect to the dispute: reg 4(2). Such an order is to be final and is enforceable in England and Wales, as if it were a judgment of a county court: reg 4(3)(a)(i).

The order may include a provision requiring any party to pay a sum in respect of the reasonable costs or expenses incurred by the person making the order: reg 4(3)(b). As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

5 Electricity Act 1989 Sch 7 para 1(2) (substituted by the Competition and Service (Utilities) Act 1992 s 56(6), Sch 1 para 16; amended by the Utilities Act 2000 s 52, Sch 5 paras 1, 2(1), 3(1), (3)).

6 Electricity Act 1989 Sch 7 para 1(2A) (added by the Competition and Service (Utilities) Act 1992 Sch 1 para 16; amended as set out in note 3 supra).

7 For the meaning of 'premises' see PARA 1041 note 5 ante.

8 Electricity Act 1989 Sch 7 para 1(3) (as amended: see note 3 supra).

9 *Ibid* Sch 7 (as amended) (see the text and notes 1-8 supra, 10-27 infra; and PARA 1182 et seq post) or any regulations made thereunder: Sch 7 para 1(4)(a). 'Regulations' means regulations made by the Authority with the consent of the Secretary of State: Sch 7 para 13 (amended by virtue of the Utilities Act 2000 s 3(2)). As to the Secretary of State see PARA 601 note 1 ante.

10 See the Electricity Act 1989 Sch 7 para 1(4) (as amended: see note 3 supra).

11 *Ibid* Sch 7 para 1(5).

12 See *ibid* Sch 7 para 1(7) (amended by the Utilities Act 2000 ss 52, 108, Sch 5 paras 1, 3(1), (5), Sch 8). The provisions of the Electricity Act 1989 s 23 (as amended) (see PARA 1100 ante) apply to a dispute arising under Sch 7 para 1 (as amended) as if it were a dispute arising under ss 16-22 (as amended) (see PARA 1094 et seq ante): Sch 7 para 1(7) (as so amended).

13 *Ibid* Sch 7 para 1(8) (amended by virtue of the Utilities Act 2000 s 3(2)). Directions so given may apply either in cases of particular descriptions or in particular cases: Electricity Act 1989 Sch 7 para 1(8) (as so amended). Part I (ss 3-64) (as amended): see PARA 1041 et seq ante, PARA 1182 et seq post) applies as if any duty or other requirement imposed on an electricity supplier by such directions were imposed by directions under s 23 (as amended) (see PARA 1100 ante): Sch 7 para 1(9) (amended by the Utilities Act 2000 s 52, Sch 5 paras 1, 3(1), (5)). As to directions generally see the Electricity Act 1989 s 107 (as amended); and PARA 1306 post.

14 'Approved' means approved by or under regulations made under *ibid* Sch 7 para 2(1) (as amended): Sch 7 para 2(1). For the exercise of this power by the former Director General of Electricity Supply see the Meters (Approval of Pattern or Construction and Manner of Installation) Regulations 1998, SI 1998/1565 (as amended), which came into force on 1 August 1998: reg 1. As to the procedure for approval see PARA 1181 post. Any meter which was approved for the purposes of the Energy Act 1983 s 12 (repealed) immediately prior to 31 March 1990 (ie the transfer date: see PARA 1034 note 2 ante) is to be treated as being of an approved pattern: Electricity Act 1989 s 112(3), Sch 17 para 11(1). See also the Meters (Approval of Pattern or Construction and Method of Installation) Regulations 1998, SI 1998/1565, reg 11 (meters approved prior to 1 August 1998 deemed to be approved for the purposes of the regulations until the date upon which the approval would have expired or the period for which that approval was granted expires). If, however, a meter which is a relevant instrument for the purposes of the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679 (see PARA 1196 et seq post), is put into use within the meaning of and in accordance with those regulations, then for the purpose of the Electricity Act 1989 Sch 7 paras 2(1)(a), 3(1)(a) (as amended) and Sch 7 para 9(3) (see PARA 1187 post), it is to be deemed to be of an approved pattern or construction and installed in an approved manner; and for the purposes of Sch 7 paras 2(1)(b), 3(1)(b), the meter is to be deemed to be certified under Sch 7 para 5 (as amended) (see PARA 1182 post): Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679, reg 28(1), (2)(a). This does not, however, apply if the error of measurement of the meter exceeds the maximum permissible error as set out in Sch 1 Pt 1 para 15 (see PARA 1196 note 15 head (13) post): reg 28(4). For similar provisions where a meter is of a pattern in respect of which an EC pattern approval has been granted under the Measuring Instruments (EC Requirements) (Electrical Energy Meters) Regulations 1995, SI 1995/2607 (as amended) (see PARA 1191 et seq post) see reg 3(2). See also reg 3(1), (3); and PARA 1191 note 4 post.

15 Electricity Act 1989 Sch 7 para 2(1) (as amended: see note 3 supra). As to certification see Sch 7 para 5 (as amended); and PARA 1182 post.

16 'Exempt supply' means a supply of electricity to any premises where (1) the premises are not premises used wholly or mainly for domestic purposes; or (2) the authorised supplier or the customer is a person authorised by an exemption to supply electricity to those premises: *ibid* Sch 7 para 1(10) (as amended: see note 3 supra).

17 Ibid Sch 7 para 2(2) (as amended: see note 3 supra).

18 Ibid Sch 7 para 2(3)(a). As to the fees payable see the Meters (Approval of Pattern or Construction and Manner of Installation) Regulations 1998, SI 1998/1565, reg 10; as to the functions of the Authority to be taken into account in fixing those fees see the Electricity Act 1989 (Fees) Order 1990, SI 1990/184, art 2, Sch 1 Pt II (amended by virtue of the Utilities Act 2000 s 3(2)); and as to the matters specified in relation to those functions for the purposes of the Finance (No 2) Act 1987 s 102(4) see the Electricity Act 1989 (Fees) Order 1990, SI 1990/184 art 3, Sch 1 Pt II (as so amended), Sch 2 paras 1-8 (as so amended).

19 Electricity Act 1989 Sch 7 para 2(3)(b). As to revocation of approval see the Meters (Approval of Pattern or Construction and Manner of Installation) Regulations 1998, SI 1998/1565, reg 9; and PARA 1181 post.

20 Electricity Act 1989 Sch 7 para 2(3)(c); and see note 19 supra.

21 Ibid Sch 7 para 2(3).

22 Ibid Sch 7 para 3(1) (as amended: see note 3 supra). As to the standard scale see PARA 613 note 11 ante.

23 Ie regulations under ibid Sch 7 para 1(1A) (as added): see the text and note 4 supra.

24 Ibid Sch 7 para 3(1A) (added by the Utilities Act 2000 s 52, Sch 5 paras 1, 4).

25 Electricity Act 1989 Sch 7 para 3(2). As to offences by bodies corporate see s 108; and PARA 1303 post.

26 Ibid Sch 7 para 3(3).

27 Ibid Sch 7 para 3(4) (amended by virtue of the Utilities Act 2000 s 3(2)).

UPDATE

1180-1190 Requirements under the Electricity Act 1989 and Regulations made under that Act

The functions of the Gas and Electricity Markets Authority ('the Authority') under electricity meter legislation are transferred to the Secretary of State: Energy Act 2008 s 95(1). 'Electricity meter legislation' means (1) the Electricity Act 1989 Sch 7 (other than Sch 7 para 12), and (2) electricity meter regulations; and 'electricity meter regulations' means (a) the Measuring Instruments (EC Requirements) (Electrical Energy Meters) Regulations 1995, SI 1995/2607; (b) the Electromagnetic Compatibility Regulations 2006, SI 2006/3418; (c) the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679; (d) any regulations made under the Electricity Act 1989 Sch 7 (other than Sch 7 para 12): Energy Act 2008 s 95(5). References in electricity meter legislation to the Authority (including references in that legislation which, by virtue of the Utilities Act 2000 s 3(2), are treated as references to the Authority) are to be treated, so far as necessary for the purposes or in consequence of the transfer, as if they were references to the Secretary of State: Energy Act 2008 s 95(2). Regulations made, or treated as made, by the Authority under the Electricity Act 1989 Sch 7 (other than Sch 7 para 12) (electricity meters) and in force immediately before commencement have effect on and after commencement as if they had been made by the Secretary of State: Energy Act 2008 s 95(3). 'Commencement' means the day on which s 95 comes into force (ie 1 April 2009: see SI 2009/45): Energy Act 2008 s 95(5). Anything else done by the Authority under electricity meter legislation which has effect immediately before commencement is treated on and after commencement as if it had been done by the Secretary of State: s 95(4).

1180 Consumption to be ascertained by appropriate meter

TEXT AND NOTES 9, 12, 13--Electricity Act 1989 Sch 7 para 1(7) and definition of 'regulations' in Sch 7 para 13 substituted, Sch 7 para 1(8), (9) further amended: Energy Act 2008 s 96(3), (9).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/ (v) Electricity Meters/A. REQUIREMENTS UNDER THE ELECTRICITY ACT 1989 AND REGULATIONS MADE UNDER THAT ACT/1181. Procedure for approval of pattern or construction or manner of installation.

1181. Procedure for approval of pattern or construction or manner of installation.

A meter, other than:

- 2733 (1) a meter which is deemed to be of an approved pattern or construction¹; or
- 2734 (2) a meter which is a relevant instrument for the purposes of the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006² and is put into use within the meaning and in accordance with those regulations,

which is used for ascertaining the quantity of electricity supplied by an electricity supplier³ to a customer is not be regarded as being of an approved pattern or construction unless a notification of approval⁴ in respect of that pattern or construction has been issued, or is deemed to have been issued, and that approval has not been revoked⁵. Nor is it to be regarded as installed in an approved manner unless a notification of approval of that manner of installation has been issued, or is deemed to have been issued, and that approval has not been revoked⁶.

Any person who requires the pattern or construction of a meter or its manner of installation⁷ to be approved must submit to the Gas and Electricity Markets Authority ('GEMA')⁸:

- 2735 (a) an application containing the specified information⁹ and signed by that person;
- 2736 (b) not less than three meters of the pattern or construction and containing the components described in the application; and
- 2737 (c) where a report has been obtained in support of the application from a nominated laboratory¹⁰, a certified test report¹¹.

Where a meter has been so submitted to the Authority, a meter examiner¹² must¹³ carry out or procure the carrying out of such tests as he considers are necessary to determine whether the pattern or construction of the meter or the proposed manner of its installation is such that any meter of that pattern or construction or such a meter installed in that manner will be capable of accurately recording the quantity of electricity for which the meter is intended to operate¹⁴. In carrying out his functions under the above provision, a meter examiner must have regard to any national, European or international technical standards relating to meters of that or a similar pattern or construction¹⁵. He is not, however, to carry out or procure the carrying out of tests in accordance with that provision if he is satisfied that the pattern or construction or the manner of installation complies with any relevant European or international standard recognised for use in any EEA state¹⁶ or:

- 2738 (i) an equivalent standard or code of practice of a national standards body or equivalent body of any EEA state;
- 2739 (ii) an equivalent technical specification acknowledged for use as a standard by a public authority of any EEA state; or

- 2740 (iii) customary procedures of manufacture of an EEA state where these are the subject of a written technical description sufficiently detailed to permit assessment of the meter for this purpose,

provided that a meter complying with head (i), head (ii) or head (iii) above will be of equivalent standard to a meter complying with a relevant European or international standard recognised for use in any EEA state¹⁷. Any meter which a meter examiner is satisfied complies with those standards is to be deemed to be capable of accurately recording the quantity of electricity for which it is intended to operate¹⁸. Nor, unless requested to do so by the person who made the submission, is a meter examiner to carry out or procure the carrying out of tests¹⁹ if, in connection with the submission:

- 2741 (A) a certified test report has been submitted in support of the application for approval in accordance with head (c) above; and
 2742 (B) he is satisfied that the report of the nominated laboratory is sufficient and reliable for the purpose of determining whether the pattern or, as the case may be, the construction or the manner of installation of the meter meets the prescribed requirement²⁰ and, on the basis of the report, that the pattern or construction of the meter or the proposed manner of its installation is such that any meter of that pattern or construction or such a meter installed in that manner will be capable of meeting that requirement²¹.

A meter which has been submitted to the Authority²² must not be repaired or modified by any person, other than by a meter examiner for the purpose of carrying out tests in accordance with the above provisions, until a notification has been issued²³ of approval or refusal of approval²⁴.

If a meter examiner concludes that the pattern or construction of the meter or the proposed manner of its installation is such that any meter of that pattern or construction or any such meter installed in that manner will not be capable of satisfying the prescribed requirement²⁵, the Authority must notify the person applying for approval accordingly, giving the reasons for such refusal²⁶. Where a meter examiner reaches that conclusion before he has completed every test which he had considered necessary for the statutory purposes²⁷, he is not to be required to carry out the remainder of those tests²⁸.

Where a meter examiner concludes that the pattern or construction of the meter or the manner of its installation either complies with any relevant European or international standard recognised for use in any EEA state or with the equivalents set out in heads (i) to (iii) above²⁹ or is such that any meter of that pattern or construction or any such meter installed in that manner will be capable of satisfying the prescribed requirement³⁰, the meter examiner must issue a notification of approval to the applicant, which may notify approval both of the pattern or construction of the meter and of the manner of its installation³¹. A notification of approval for these purposes must specify:

- 2743 (aa) the type or model number referred to in the application submitted to the Authority³²;
 2744 (bb) where the approval is of the pattern or construction of the meter and the meter contains more than one register of or relating to the quantity of electricity supplied, the maximum number of registers for which the approval is given;
 2745 (cc) where the approval is of the manner of installation of the meter, the approved manner of its installation³³; and
 2746 (dd) the conditions as to the use of the meter subject to which the approval is given,

and must relate only to a meter of the pattern or construction and containing the components described in the application³⁴. It may contain a condition that the approval will cease within such period as the Authority is to determine³⁵; and where it contains such a condition, any person may apply to the Authority for the renewal of that approval not more than three months before the date upon which the period will expire³⁶. Such an application must contain the specified information³⁷ and be signed by the person making the application³⁸ and must be accompanied by not less than three meters of the pattern or construction to which the notification in question relates³⁹.

A modification to any part of a meter that has satisfied the prescribed requirement⁴⁰ causes that meter to cease to be of an approved pattern or construction and installed in an approved manner unless a meter examiner issues a notification of approval⁴¹ in respect of the pattern or construction and manner of installation of the meter including that modification⁴².

If the Authority wishes to revoke an approval given under the above provisions, it must publish in such manner as it considers appropriate its wish to revoke the approval, the fact that it has prepared written reasons for the revocation and the date on which it wishes the revocation to take effect, and must invite representations within a period of not less than 28 days from the date of publication⁴³. The Authority must send a copy of its written reasons free of charge to any person who requests one before the approval is revoked⁴⁴. After considering any representations so made, the Authority may revoke the approval in writing stating the date on which the revocation of the approval takes effect and must publish notice of the revocation in such manner as the Authority considers appropriate, provided that the revocation must not take effect earlier than 28 days from the date on which notice of revocation is published⁴⁵. Where the approval of the pattern or construction of a meter has been revoked, every meter of that pattern or construction used to ascertain the quantity of electricity supplied by an electricity supplier must be replaced with a meter of an approved pattern or construction within six months of the date on which the revocation takes effect⁴⁶; and where the approval of the manner of installation of a meter has been revoked, every meter installed in that manner which is used as described above must be installed in an approved manner within six months of the date on which the revocation takes effect⁴⁷.

5 Ibid reg 3(a); Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679, reg 28(5)(b). As to the revocation of approval see the Meters (Approval of Pattern or Construction and Manner of Installation) Regulations 1998, SI 1998/1565, reg 9; and the text and notes 43-47 infra.

6 Meters (Approval of Pattern or Construction and Manner of Installation) Regulations 1998, SI 1998/1565, reg 3(b); Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679, reg 28(5)(b).

7 References for this purpose to the pattern or construction of a meter or to the manner of its installation include references to a modification of a pattern or construction or of a manner of installation which has previously been approved in accordance with the Meters (Approval of Pattern or Construction and Manner of Installation) Regulations 1998, SI 1998/1565 (as amended): reg 4(2).

8 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

9 Ie the information specified in the Meters (Approval of Pattern or Construction and Manner of Installation) Regulations 1998, SI 1998/1565, Schedule, as follows: (1) name and address of the person submitting the application; (2) name and address of the person by whom the meter was manufactured; (3) the type or model

number of the meter; (4) the voltage and current rating of the meter and the frequency at which it is designed to operate; (5) a description of the meter, stating (a) whether the meter is single or polyphase; (b) whether it is an induction or electronic meter; (c) whether it is a prepayment or credit meter; and (d) if it contains more than one register, the number of registers it contains; (6) conceptual designs, manufacturing drawings, circuits and schemes of all components; (7) a description and explanation of the information in head (6) supra sufficient to enable a meter examiner to understand the design and operation of the meter; (8) the manner in which the meter is to be fixed in position; (9) a list of any national, European or international standards with which the meter or any parts of it comply or are believed to comply; (10) a report of any examination or test of the meter; (11) a statement of the instructions for connection of the meter to the electric line when it is in operation which will be permanently fixed to the meter if a notification of approval is issued (unless the instructions are attached to or impressed on the meters submitted under reg 4(1)(b)); (12) a statement of any other body to which the meter has been submitted for an approval having the same or substantially similar effect to a notification of approval; (13) an indication whether the applicant requires approval of the pattern or construction of the meter, or of the manner of its installation, or of both.

10 'Nominated laboratory' means a laboratory nominated by the Authority for the purpose of testing meters: *ibid* reg 2(1) (definition added by SI 2002/3129).

11 Meters (Approval of Pattern or Construction and Manner of Installation) Regulations 1998, SI 1998/1565, reg 4(1) (amended by SI 2002/3129). 'Certified test report' means a copy certified by the nominated laboratory as a true copy of the full report of the tests carried out by the laboratory for the purpose of establishing whether the pattern or construction or manner of installation of the meter is capable of meeting the requirement in reg 5(1) (as amended) and the results of those tests: reg 2(1) (definition added by SI 2002/3129).

12 For these purposes, 'meter examiner' means a person appointed under the Electricity Act 1989 s 31, Sch 7 para 4 (as amended) (see PARA 1182 post): Meters (Approval of Pattern or Construction and Manner of Installation) Regulations 1998, SI 1998/1565, reg 2(1).

13 *Ie* subject to *ibid* reg 5(3), (3A) (reg 5(3A) as added): see the text and notes 16-21 *infra*.

14 *Ibid* reg 5(1) (amended by SI 2002/3129). In relation to any one or more of the tests which the meter examiner considers necessary, he may require the person applying for approval to procure the carrying out of specified tests at any premises approved by the Authority for carrying out tests of the type specified: Meters (Approval of Pattern or Construction and Manner of Installation) Regulations 1998, SI 1998/1565, reg 5(6). A test referred to in reg 5(6) must, if the meter examiner so requires: (1) not be carried out until the meters have been sealed by him for identification purposes; and (2) be carried out in his presence, and the meters must on completion of the test be delivered to the meter examiner: reg 5(7).

15 *Ibid* reg 5(2).

16 For these purposes, 'EEA state' means a state which, at the date of the entry into force of the Meters (Approval of Pattern or Construction and Manner of Installation) Regulations 1998, SI 1998/1565 (as amended), is a contracting party to the EEA Agreement; and 'EEA Agreement' means the Agreement on the European Economic Area signed at Oporto on 2 May 1992 as adjusted by the Protocol signed at Brussels on 17 March 1993: Meters (Approval of Pattern or Construction and Manner of Installation) Regulations 1998, SI 1998/1565, reg 2(1).

17 *Ibid* reg 5(3). For the purpose of reg 5(3) a meter examiner must take into account the results of the tests carried out by the bodies and laboratories of other EEA states where such bodies and laboratories conform with European Standard EN 45001 (1989): Meters (Approval of Pattern or Construction and Manner of Installation) Regulations 1998, SI 1998/1565, reg 5(5).

18 *Ibid* reg 5(4).

19 *Ie* in accordance with *ibid* reg 5(1): see the text and notes 12-14 *supra*.

20 *Ie* the requirement in *ibid* reg 5(1).

21 *Ibid* reg 5(3A) (added by SI 2002/3129).

22 *Ie* under the Meters (Approval of Pattern or Construction and Manner of Installation) Regulations 1998, SI 1998/1565, reg 4 (as amended): see the text and notes 7-11 *supra*.

23 *Ie* under *ibid* reg 6 or reg 7: see the text and notes 25-39 *infra*.

24 *Ibid* reg 5(8).

25 See note 20 *supra*.

26 Meters (Approval of Pattern or Construction and Manner of Installation) Regulations 1998, SI 1998/1565, reg 6(1).

27 Ie for the purposes of ibid reg 5 (as amended): see the text and notes 12-24 supra.

28 Ibid reg 6(2).

29 Ie complies with ibid reg 5(3): see the text and notes 16-17 supra.

30 See note 20 supra.

31 Meters (Approval of Pattern or Construction and Manner of Installation) Regulations 1998, SI 1998/1565, reg 7(1).

32 Ie under ibid reg 4(1)(a) (as amended): see head (a) in the text.

33 The approved manner of installation of a meter must be by affixing it in a vertical position to a secure surface and connecting it to the electric line providing the supply in accordance with the manner specified on the meter, unless the notification of approval otherwise provides: ibid reg 7(3). For these purposes, a meter which is installed at an inclination of not more than three degrees from the vertical in any direction is to be deemed to have been installed in a vertical position: reg 7(7).

34 Ibid reg 7(2).

35 Ibid reg 7(4).

36 Ibid reg 7(5).

UPDATE

1180-1190 Requirements under the Electricity Act 1989 and Regulations made under that Act

The functions of the Gas and Electricity Markets Authority ('the Authority') under electricity meter legislation are transferred to the Secretary of State: Energy Act 2008 s 95(1). 'Electricity meter legislation' means (1) the Electricity Act 1989 Sch 7 (other than Sch 7 para 12), and (2) electricity meter regulations; and 'electricity meter regulations' means (a) the Measuring Instruments (EC Requirements) (Electrical Energy Meters) Regulations 1995, SI 1995/2607; (b) the Electromagnetic Compatibility Regulations 2006, SI 2006/3418; (c) the Measuring Instruments (Active Electrical

Energy Meters) Regulations 2006, SI 2006/1679; (d) any regulations made under the Electricity Act 1989 Sch 7 (other than Sch 7 para 12): Energy Act 2008 s 95(5). References in electricity meter legislation to the Authority (including references in that legislation which, by virtue of the Utilities Act 2000 s 3(2), are treated as references to the Authority) are to be treated, so far as necessary for the purposes or in consequence of the transfer, as if they were references to the Secretary of State: Energy Act 2008 s 95(2). Regulations made, or treated as made, by the Authority under the Electricity Act 1989 Sch 7 (other than Sch 7 para 12) (electricity meters) and in force immediately before commencement have effect on and after commencement as if they had been made by the Secretary of State: Energy Act 2008 s 95(3). 'Commencement' means the day on which s 95 comes into force (ie 1 April 2009: see SI 2009/45): Energy Act 2008 s 95(5). Anything else done by the Authority under electricity meter legislation which has effect immediately before commencement is treated on and after commencement as if it had been done by the Secretary of State: s 95(4).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/ (v) Electricity Meters/A. REQUIREMENTS UNDER THE ELECTRICITY ACT 1989 AND REGULATIONS MADE UNDER THAT ACT/1182. Meter examiners and meter certification.

1182. Meter examiners and meter certification.

The Gas and Electricity Markets Authority ('GEMA')¹ must appoint competent and impartial persons as meter examiners for the statutory purposes².

A meter may be certified by a meter examiner so appointed or by a person authorised³ to certify meters of that description⁴ but no meter must be certified unless the examiner⁵ is satisfied:

- 2747 (1) that the meter is of an approved⁶ pattern or construction; and
- 2748 (2) that it conforms to such standards (including standards framed by reference to margins of error⁷) as may be prescribed⁸.

If, however, a meter which is a relevant instrument for the purposes of the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006⁹ is put into use within the meaning of and in accordance with those regulations, head (1) above is to be disregarded¹⁰ and the meter is deemed to be certified¹¹ for the relevant statutory purposes¹².

An examiner may certify any meter submitted to him notwithstanding that he has not personally examined or tested it, if:

- 2749 (a) the meter is submitted to him by a person authorised by the Authority for the purposes of certification¹³;
- 2750 (b) it is accompanied by a report stating that it has been examined and tested by the person submitting it and containing such other information as may be prescribed¹⁴;
- 2751 (c) the examiner considers that the report indicates that the meter is entitled to be certified¹⁵;
- 2752 (d) the meter is one of a number submitted by the same person at the same time¹⁶,

and the examiner has personally examined and tested as many of those meters as he considers sufficient to provide a reasonable test of all of them¹⁷.

Regulations may make different provision for meters of different descriptions or meters used for different purposes and may include provision:

- 2753 (i) for the termination of certification in the case of meters which no longer conform to the prescribed standards and in such other cases as may be prescribed¹⁸;
- 2754 (ii) for determining the fees to be paid for examining, testing and certifying meters, and the persons by whom they are to be paid¹⁹; and
- 2755 (iii) as to the procedure to be followed in examining, testing and certifying meters²⁰.

Such regulations may also include provision for determining the fee to be paid in respect of any authorisation of examiners²¹, for imposing conditions on any such authorisation and for withdrawing any such authorisation before the end of any period for which it is given if any of those conditions is not satisfied²².

If the Authority is satisfied that a person is competent to carry out the prescribed functions²³, the Authority may authorise that person to be an examiner for the purpose of the Electricity Act 1989²⁴. Such an authorisation may be general or may be limited to one or more descriptions of meters, according to the Authority's determination of the competence of the person authorised, and once given may be modified in the light of further evidence of competence²⁵. An authorisation so granted by the Authority must be subject to the following conditions:

- 2756 (A) that the authorised examiner must only certify meters in the prescribed circumstances²⁶;
- 2757 (B) in the case of an authorised examiner whose authorisation is limited to one or more descriptions of meters²⁷, that he must not certify any meter not falling within the description of meters for which he has been authorised.
- 2758 (C) that he must not certify any meter which he has wholly or partly manufactured or repaired or one which he has examined, tested or regulated in any capacity other than that of authorised examiner²⁸;
- 2759 (D) that, where the provision relating to batch certification²⁹ applies, he must examine and test not less than the number of meters selected in accordance with a sampling procedure determined by the Authority having regard to national or international sampling procedures or plans;
- 2760 (E) that he must send to the Authority not more than seven days after the expiry of each month a report stating the number of meters which have been submitted to him³⁰ and the number of meters in respect of which a certificate has been issued³¹ during the preceding month;
- 2761 (F) that he must retain a copy of each certificate issued by him for a period of not less than one year from the date of issue and must produce the copy to the Authority if requested to do so;
- 2762 (G) that he must take all reasonable steps to maintain his competence to carry out the functions in respect of which he has been authorised;
- 2763 (H) that he must exercise proper care and attention at all times in performing his functions³² with respect to certification³³.

An authorisation so granted by the Authority may be terminated by 28 days' notice in writing by the Authority served upon the authorised examiner³⁴ if in the reasonable opinion of the Authority any of the prescribed circumstances³⁵ applies in his case³⁶. Where, however, the Authority proposes to exercise this power on the grounds that the authorised examiner is no longer competent to carry out the functions for which he has been authorised, or that he has not, for a period of one year, performed the functions for which he has been authorised and that there is no reason to believe that he will do so within the next following period of three months³⁷, the Authority must not terminate an authorisation until it has served notice on the authorised examiner of its intention and the ground on which it proposes to act and provided him with a reasonable opportunity to be heard³⁸. The Authority must take account of all representations received before exercising the power of termination³⁹.

1 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

2 Electricity Act 1989 s 31, Sch 7 para 4(1) (Sch 7 paras 4, 5 amended by virtue of the Utilities Act 2000 s 3(2)). Such remuneration and allowances of meter examiners as may be determined by the Authority with the approval of the Treasury must be paid out of money provided by Parliament and such pensions as may be so determined may be so paid to or in respect of such examiners: Electricity Act 1989 Sch 7 para 4(2) (as so

amended). Any fees payable in respect of the examination of meters carried out by such examiners must be paid to the Authority and the Authority must then pay the sums into the Consolidated Fund: Sch 7 para 4(3) (as so amended). As to the Consolidated Fund see CONSTITUTIONAL LAW AND HUMAN RIGHTS vol 8(2) (Reissue) PARA 711 et seq; PARLIAMENT vol 78 (2010) PARAS 1028-1031. As to the fees to be paid see the Meters (Certification) Regulations 1998, SI 1998/1566, reg 11 (substituted by SI 2002/3129); as to the functions of the Authority to be taken into account in setting those fees see the Electricity Act 1989 (Fees) Order 1990, SI 1990/184, art 2, Sch 1 Pt II (amended by virtue of the Utilities Act 2000 s 3(2)); and as to the matters specified in relation to those functions for the purposes of the Finance (No 2) Act 1987 s 102(4) see the Electricity Act 1989 (Fees) Order 1990, SI 1990/184, art 3, Sch 1 Pt II (as so amended), Sch 2 paras 1-8 (as so amended).

3 Ie by or under regulations made under the Electricity Act 1989 Sch 7 para 5: Sch 7 para 5(1)(b). See the text and notes 24-39 *infra*. For the meaning of 'regulations' for these purposes see PARA 1180 note 9 *ante*.

4 Ibid Sch 7 para 5(1).

5 For these purposes, 'examiner' means a meter examiner or a person authorised in accordance with *ibid* Sch 7 para 5(1)(b): Sch 7 para 5(1).

6 For the meaning of 'approved' see PARA 1180 note 14 *ante*.

7 'Prescribed margins of error' means margins of error prescribed by regulations: Electricity Act 1989 Sch 7 paras 5(2), 13. As to the prescribed margins and standards of error see PARA 1183 *post*.

8 Ibid Sch 7 para 5(2). As to the effect of a meter not being certified see *Joseph v East Ham Corp* [1936] 1 KB 367, CA, where it was held that since there was no certified meter, the value of the supply had not been properly ascertained in accordance with the statutory provisions so that the charges were not recoverable by the undertakers. Any meter which was certified under the Electric Lighting (Clauses) Act 1899 Schedule s 50 (repealed) immediately before 31 March 1990 (ie the transfer date: see PARA 1034 the text and note 2 *ante*) is treated as certified under the Electricity Act 1989 Sch 7 para 5 (as amended): s 112(3), Sch 17 para 11(2). Any regulations made under the Electricity Act 1957 s 30(1) (repealed) which were effective on 31 March 1990 had effect as if made under the Electricity Act 1989 Sch 7 para 5: Sch 17 para 11(3).

9 Ie for the purposes of the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679: see PARA 1196 *et seq post*.

10 Ibid reg 28(1)-(3).

11 Ie under the Electricity Act 1989 Sch 7 para 5 (as amended).

12 See the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679, reg 28(2)(a), cited in PARA 1180 note 14 *ante*.

13 Electricity Act 1989 Sch 7 para 5(3)(a) (amended by the Utilities Act 2000 ss 52, 108, Sch 5 paras 1, 5, Sch 8). As to authorisations see the text and notes 23-39 *infra*.

14 Electricity Act 1989 Sch 7 para 5(3)(b). As to reports see PARA 1183 *post*.

15 Ibid Sch 7 para 5(3)(c).

16 Ibid Sch 7 para 5(3)(d).

17 Ibid Sch 7 para 5(3).

18 Ibid Sch 7 para 5(4)(a). See PARA 1183 *post*.

19 Ibid Sch 7 para 5(4)(b). As to fees see note 2 *supra*.

20 Ibid Sch 7 para 5(4)(c). See the Meters (Certification) Regulations 1998, SI 1998/1566 (as amended), which came into force on 1 August 1998: reg 1. See further the text and notes 23-39 *infra*; and PARA 1183 *post*.

21 Ie under the Electricity Act 1989 Sch 7 para 5(1) or (3) (as amended). At the date at which this title states the law, no fees had been prescribed for such authorisations.

22 Electricity Act 1989 Sch 7 para 5(5). See the text and notes 23-39 *infra*.

23 Ie the functions contained in or referred to in the Meters (Certification) Regulations 1998, SI 1998/1566, reg 7: see PARA 1183 *post*.

24 Ibid reg 5(1) (reg 5 substituted by SI 2002/3129).

25 Meters (Certification) Regulations 1998, SI 1998/1566, reg 5(2) (as substituted: see note 24 supra).

26 Ie (1) if he is employed by an electricity supplier and a meter is submitted to him for certification by that supplier; (2) if he is employed by an authorised manufacturer or authorised repairer and a meter has been manufactured by, or, as the case may be, repaired by, and is submitted to him for certification by, that manufacturer or repairer; (3) if he is employed by a nominated laboratory, and a meter is submitted for certification to the nominated laboratory: ibid reg 5(3)(a)(i)-(iii). For the meaning of 'electricity supplier' see PARA 1065 note 7 ante. 'Nominated laboratory' means a laboratory nominated by the Authority for the purpose of testing meters: ibid reg 2(1) (definition added by SI 2003/3129). As to authorised manufacturers and authorised repairers see PARA 1183 post.

27 Ie whose authorisation is limited pursuant to the Meters (Certification) Regulations 1998, SI 1998/1566, reg 5(2) (as substituted): see the text and note 25 supra.

28 'Authorised examiner' means a person who is authorised in accordance with ibid reg 5 (as substituted): reg 2(1).

29 Ie ibid reg 9 (as amended): see PARA 1183 post.

30 Ie in accordance with ibid reg 6 (as amended): see PARA 1183 post.

31 Ie under ibid reg 7 or reg 9 (as amended): see PARA 1183 post.

32 See note 31 supra.

33 Meters (Certification) Regulations 1998, SI 1998/1566, reg 5(3) (as substituted: see note 24 supra).

34 See ibid reg 5(9), (10) (as substituted: see note 24 supra).

35 Ie any of ibid reg 5(7)-(7) (as substituted): see note 36 infra.

36 Ibid reg 5(4) (as substituted: see note 24 supra). The prescribed circumstances are as follows: (1) the authorised examiner is in breach of any condition of his authorisation and (a) the Authority has notified the authorised examiner of the breach; (b) in the case of a breach which is, in the opinion of the Authority, capable of being remedied, the authorised person has refused or failed within a reasonable time to remedy that breach after notice has been given to him by the Authority notifying him of the breach; and (c) the period specified in reg 5(8) (as substituted) has expired (reg 5(5) (as so substituted)); (2) in the reasonably held opinion of the Authority the authorised examiner is no longer competent to carry out the functions for which he has been authorised (reg 5(6) (as so substituted)); (3) the authorised examiner has not, for a period of one year, performed the functions for which he has been authorised and there is no reason to believe that he will do so within the next following period of three months (reg 5(7) (as so substituted)). The period for the purposes of reg 5(5) (as substituted) is, as the case may be, 28 days: (i) in a case to which head (b) supra applies, from the date on which the Authority notifies the authorised examiner of its opinion that the authorised examiner has refused or failed within a reasonable time to remedy the breach; (ii) in any other case, from the date on which the Authority notified the breach: reg 5(8) (as so substituted).

37 Ie in the circumstances of ibid reg 5(6) or (7) (as substituted): see note 36 heads (2)-(3) supra.

38 Ibid reg 5(10) (as substituted: see note 24 supra).

39 Ibid reg 5(11) (as substituted: see note 24 supra).

UPDATE

1180-1190 Requirements under the Electricity Act 1989 and Regulations made under that Act

The functions of the Gas and Electricity Markets Authority ('the Authority') under electricity meter legislation are transferred to the Secretary of State: Energy Act 2008 s 95(1). 'Electricity meter legislation' means (1) the Electricity Act 1989 Sch 7 (other than Sch 7 para 12), and (2) electricity meter regulations; and 'electricity meter regulations' means (a) the Measuring Instruments (EC Requirements) (Electrical Energy Meters) Regulations 1995, SI 1995/2607; (b) the Electromagnetic Compatibility

Regulations 2006, SI 2006/3418; (c) the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679; (d) any regulations made under the Electricity Act 1989 Sch 7 (other than Sch 7 para 12): Energy Act 2008 s 95(5). References in electricity meter legislation to the Authority (including references in that legislation which, by virtue of the Utilities Act 2000 s 3(2), are treated as references to the Authority) are to be treated, so far as necessary for the purposes or in consequence of the transfer, as if they were references to the Secretary of State: Energy Act 2008 s 95(2). Regulations made, or treated as made, by the Authority under the Electricity Act 1989 Sch 7 (other than Sch 7 para 12) (electricity meters) and in force immediately before commencement have effect on and after commencement as if they had been made by the Secretary of State: Energy Act 2008 s 95(3). 'Commencement' means the day on which s 95 comes into force (ie 1 April 2009: see SI 2009/45): Energy Act 2008 s 95(5). Anything else done by the Authority under electricity meter legislation which has effect immediately before commencement is treated on and after commencement as if it had been done by the Secretary of State: s 95(4).

1182 Meter examiners and meter certification

NOTE 2--Electricity Act 1989 Sch 7 para 4(2) further amended, Sch 7 para 4(2A) added: Energy Act 2008 s 96(4).

TEXT AND NOTE 19--Electricity Act 1989 Sch 7 para 5(4)(b) amended: Energy Act 2008 s 96(5).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/ (v) Electricity Meters/A. REQUIREMENTS UNDER THE ELECTRICITY ACT 1989 AND REGULATIONS MADE UNDER THAT ACT/1183. Certification procedure; revocation of certification.

1183. Certification procedure; revocation of certification.

A person who requires a meter to be certified for the purposes of the Electricity Act 1989 may submit the meter to an authorised examiner¹ who is authorised to certify a meter of that description, to a nominated laboratory² or to a meter examiner³. A nominated laboratory to which a meter is so submitted must direct either a meter examiner or an authorised examiner who is in the employ of the laboratory to carry out the prescribed procedures⁴ for certification⁵.

Subject to the procedure for batch certification⁶, a meter which is submitted to a meter examiner or an authorised examiner must not be certified by him unless, in addition to being satisfied that the meter is of an approved pattern or construction⁷, he is satisfied:

- 2764 (1) either that the meter has been tested in accordance with the specified provisions⁸, conforms to the standards described in those provisions⁹ and can reasonably be expected to operate within the permitted margins of error¹⁰ for not less than the certification period¹¹, or that it has been tested in accordance with and conforms to one of the equivalent European provisions¹²; and
- 2765 (2) that it has been sealed in accordance with directions issued¹³ by the Gas and Electricity Markets Authority ('GEMA')¹⁴.

Where the examiner is satisfied that a meter complies with these requirements, he must issue a certificate of compliance specifying the serial number of the meter, and thereupon that meter is a meter certified for the purpose of the Electricity Act 1989¹⁵. Each such certificate must be numbered in the sequence in which it is issued¹⁶.

Where:

- 2766 (a) a number of meters have been submitted to a meter examiner or an authorised examiner at the same time by the same person;
- 2767 (b) that person is an electricity supplier¹⁷, electricity distributor¹⁸, authorised manufacturer¹⁹ or authorised repairer²⁰;
- 2768 (c) each meter is of an approved pattern or construction and is accompanied by a report verified and signed by the person in charge of manufacture or repair, as the case may be, or by a person nominated by him²¹; and
- 2769 (d) the examiner has examined and tested a sufficient number of the meters to satisfy himself that it provides a reasonable test of all of them,

he may issue a certificate in respect of all the meters so submitted to him specifying or identifying the serial number of each meter and including all the information contained in the report submitted²², and thereupon each of those meters is a meter certified for the purpose of the Electricity Act 1989²³.

A meter certified or deemed to be certified for the purpose of the 1989 Act ceases to be so certified or deemed to be so certified:

- 2770 (i) if the approval of the pattern or construction of the meter is revoked;
- 2771 (ii) if it is or becomes installed in a manner which is not an approved manner of installation;
- 2772 (iii) if any alteration is made to the meter;
- 2773 (iv) if the meter ceases to operate within the permitted margins of error; or
- 2774 (v) at the expiry of its certification period²⁴.

This does not, however, apply to a meter which is a relevant instrument for the purposes of the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006²⁵ and which is put into use within the meaning of and in accordance with those regulations²⁶.

1 For the meaning of 'authorised examiner' see PARA 1182 note 28 ante.

2 For the meaning of 'nominated laboratory' see PARA 1182 note 26 ante.

3 Meters (Certification) Regulations 1998, SI 1998/1566, reg 6(1) (reg 6(1) substituted, and reg 6(1A) added, by SI 2002/3129). 'Meter examiner' means a person appointed under the Electricity Act 1989 s 31, Sch 7 para 4 (as amended) (see PARA 1182 ante): Meters (Certification) Regulations 1998, SI 1998/1566, reg 2(1).

4 I.e. the procedures provided for under the Meters (Certification) Regulations 1998, SI 1998/1566, reg 7 or reg 9 (as amended): see the text and notes 14-23 infra.

5 Ibid reg 6(1A) (as added: see note 3 supra). Regulations 7-9 (as amended) (see the text and notes 14-23 infra) apply as if the meter in question had been submitted to the meter examiner or the authorised examiner so directed: reg 6(1A) (as so added).

6 I.e. subject to ibid reg 9 (as amended): see the text and notes 22-23 infra.

7 I.e. being satisfied as required by the Electricity Act 1989 Sch 7 para 5(2)(a): see PARA 1182 ante. 'Approved' means approved by or under regulations made under Sch 7 para 2 (as amended) (see PARA 1180 ante): Meters (Certification) Regulations 1998, SI 1998/1566, reg 2(1).

8 I.e. in accordance with the provisions of ibid Sch 3 (which makes provision for certification tests and testing methods for alternating current watt-hour metres).

9 I.e. described in ibid Sch 3.

10 The permitted margins of error are to be an error not exceeding plus 2.5% or minus 3.5% at any load at which the meter is designed to operate: ibid regs 2(1), 7(2).

11 'Certification period' means, in the case of a meter of a type specified in ibid Sch 4 cols 1-6, the period stated in relation thereto in Sch 4 col 7, and, in the case of any other meter, the period of ten years, the period beginning in each case on the date on which the meter is certified for the purpose of the Electricity Act 1989: Meters (Certification) Regulations 1998, SI 1998/1566, reg 2(1).

12 'Equivalent European provisions' are (1) the provisions as to verification in EEC Council Directive 76/891 (OJ L336, 4.12.76, p 30) (as amended) (now repealed and replaced by European Parliament and EC Council Directive 2004/22 (OJ L135, 30.4.2004, p 1) on measuring instruments); (2) European Standard EN 61036 (1996); and (3) any standard, technical regulation, manufacturing method or code of practice accepted by other EEA states conformity with which will ensure a level of precision, security, safety, durability and fitness for purpose equivalent to that assured by conformity to the Meters (Certification) Regulations 1998, SI 1998/1566, Sch 3: reg 8(1). A meter examiner or an authorised examiner to whom a meter has been submitted under reg 6 (as amended) must take into account the results of the tests carried out by the bodies and laboratories of other EEA states where such bodies and laboratories conform with European Standard EN 450011 (1989): Meters (Certification) Regulations 1998, SI 1998/1566, reg 8(2).

13 I.e. under the Electricity Act 1989 Sch 7 para 6(1) (as amended): see PARA 1184 post.

14 See the Meters (Certification) Regulations 1998, SI 1998/1566, regs 2(1), 7(1). As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

15 Ibid reg 7(3).

16 Ibid reg 7(4).

17 For the meaning of 'electricity supplier' see PARA 1065 note 7 ante.

18 For the meaning of 'electricity distributor' see PARA 1065 note 9 ante.

19 Ie a person who is authorised in accordance with the Meters (Certification) Regulations 1998, SI 1998/1566, reg 3 (as substituted): see reg 2(1). Any person who manufactures meters and satisfies the Authority that: (1) he owns or has available to him apparatus for the examination, testing and regulation of meters which complies with directions; (2) he operates at a manufacturing unit a quality assurance system in respect of every meter manufactured by him at that unit which conforms to the standard contained in European Standard EN ISO 9001 (2000) or to any standard, technical regulation, manufacturing method or code of practice accepted in other EEA states conformity with which will achieve an equivalent assurance of quality; and (3) he would be capable of complying with the conditions set out in reg 3(7) (as substituted), and, if, at the point of authorisation, reg 3(3) (as substituted) applies, that his proposals for audit are such as would, if implemented, meet the minimum requirements for audit set out in reg 3(4) (as substituted), may, upon payment of the appropriate fee, be authorised by the Authority for the purpose of the Meters (Certification) Regulations 1998, SI 1998/1566 (as amended) for a period not exceeding three years in respect of meters manufactured by him at that unit: reg 3(1) (reg 3 substituted by SI 2002/3129). Any such authorisation as is mentioned in the Meters (Certification) Regulations 1998, SI 1998/1566, reg 3(1) (as substituted) may, from time to time, if the authorised person so requests and for so long as the Authority remains satisfied as to the matters described there, be renewed for a further period not exceeding three years by the Authority: reg 3(2) (as so substituted). Regulation 3(3) (as substituted) applies if the person intends to make arrangements for audit to be carried out otherwise than by the Authority: reg 3(3) (as so substituted).

The minimum requirements for audit are: (a) the audit must be carried out by a nominated laboratory or a meter examiner; (b) a nominated laboratory carrying out an audit must be permitted at least the same level of access as the Authority is to be permitted under reg 3(7)(e) (as substituted); (c) in the course of any period of three months, all relevant apparatus, processes, systems and records must be submitted to audit; (d) the nominated laboratory or, as the case may be, meter examiner must make its or his report of each audit directly to the Authority at the same time as they report to the authorised person; (e) every report must be made within 14 days of completion of the audit to which it relates: reg 3(4) (as so substituted). Without prejudice to other means open to the Authority to satisfy itself as to the matters contained in reg 3(1)(a)-(c) (as substituted), the Authority may be satisfied as to those matters on the basis of a report by a nominated laboratory which concludes that the requirements of each of reg 3(1)(a)-(c) (as substituted) are met in relation to the person seeking authorisation, provided that the report in question is not more than three months old at the point at which the request for authorisation is made: reg 3(5) (as so substituted). A person to whom reg 3(3) (as substituted) did not apply at the point of authorisation who subsequently forms an intention to make arrangements to which that provision refers must inform the Authority of his proposals in such manner as the Authority may direct: reg 3(6) (as so substituted).

An authorisation granted by the Authority to a person who satisfies the provisions of reg 3(1) (as substituted) must be subject to the following conditions: (i) that the authorisation is to apply only in respect of meters which have been examined, tested and regulated using the apparatus referred to in reg 3(1)(a) (as substituted); (ii) that the authorised person must operate at all times in each manufacturing unit a quality assurance system which conforms to the standard referred to in reg 3(1)(b) (as substituted) and must maintain a record in permanent form of the system which he operates and of the actions taken to comply with that system in respect of the meter or meters which he intends to submit for certification in accordance with reg 6 (as amended); (iii) that the authorised person must secure that each meter referred to in head (ii) supra is to be examined and tested in accordance with the provisions of Sch 1 or one of the European provisions; (iv) that the authorised person must cause every meter in respect of which a certificate has been issued under reg 7 or reg 9 (as amended) to be so stored while it remains under his control and so packaged for delivery when it is dispatched from his control as to prevent, so far as reasonably practicable, damage which would cause it to operate in a manner which would not conform with the permitted margins of error; (v) that the authorised person must permit the Authority, a meter examiner or any person acting on behalf of the Authority to have access to any manufacturing unit and to examine and test all apparatus and to inspect all records referred to in reg 3(7) (as substituted) at all reasonable times for the purpose of ensuring that the authorised person is complying with the conditions of his authorisation; (vi) that where the authorised person has made arrangements for audit to be carried out otherwise than by the Authority and either those arrangements have ceased, or no audit has taken place under the arrangements for a period of three months, or he proposes that the arrangements be modified in any material respect, the authorised person must inform the Authority immediately, giving reasons in any case and, in the case of a proposal that the arrangements be modified in any material respect, an account of the proposed modifications in such manner as the Authority may direct; (vii) that the authorised person must comply with directions issued by the Authority under the Electricity Act 1989 Sch 7 para 6(1) (as amended) (see PARA 1184 post); (viii) that the authorised person must promptly pay any fee payable by him in accordance with the Meters (Certification) Regulations 1998, SI 1998/1566, reg 11 (as substituted): reg 3(7) (as so substituted). In the case of proposals made in pursuance of reg 3(6) (as substituted) or of information provided pursuant to reg 3(7)(f)(iii) (ie pursuant to head (vi) supra in a case where the authorised person proposes that the arrangements be modified in any material respect), the Authority

must, within 28 days of being informed of them, notify the authorised person of its view as to whether the requirements of reg 3(4) (as substituted) would be met by such arrangements: reg 3(8) (as so substituted).

An authorisation under reg 4 (as substituted) may be terminated in accordance with reg 3(11) (as substituted) at any time by the Authority if in the reasonable opinion of the Authority the authorised person is in breach of any condition of his authorisation and (A) the Authority has notified the authorised person of the breach; (B) in the case of a breach which is, in the opinion of the Authority, capable of being remedied, the authorised person has refused or failed within a reasonable time to remedy that breach after notice has been given to him by the Authority notifying of the breach; and (C) the period specified in reg 3(10) (as substituted) has expired: reg 3(9) (as so substituted). The period for these purposes is, as the case may be, 28 days: (aa) in a case to which head (B) supra applies, from the date on which the Authority notifies the authorised person of its opinion that the authorised person has refused or failed within a reasonable time to remedy the breach; (bb) in any other case, from the date on which the Authority notified the breach: reg 3(10) (as so substituted). Termination of authorisation must be effected by notice in writing by the Authority served upon the authorised person: reg 3(11) (as so substituted).

For the purposes of reg 3 (as so substituted), Sch 2, a person may be treated as having manufactured a meter notwithstanding that he has not himself manufactured every component part of that meter provided he has assembled the meter; 'assembled' includes the carrying out of repairs or modifications to a meter within a period of 12 months after the date upon which a certificate in respect of that meter was first issued under reg 7 or reg 9 (as amended); 'audit' means an audit of the apparatus, processes, systems (including quality assurance systems) and records available, utilised, operated or maintained by the authorised person in connection with his activities as an authorised person under reg 4 (as substituted); 'inspection' means an inspection to ascertain compliance with any conditions of authorisation and includes any monitoring of directions issued by the Authority; 'manufacturing unit' means any premises specified to the Authority in writing (which may identify the premises by reference to a plan) at which meters are manufactured but excludes any premises which are used, otherwise than as provided for in the definition of 'assembled', for the cleaning and repair of meters which have previously been used for measuring the quantity of electricity supplied: reg 3(12) (as so substituted). Nothing in reg 3 (as substituted) has effect so as to prevent the Authority at any time or in any case carrying out or procuring an audit or an inspection in connection with the performance of its functions under reg 3 (as substituted) or charging the requisite fee for so doing: reg 3(13) (as so substituted). For the requisite fee see reg 11(2), (4)-(6) (as so substituted).

20 le a person who is authorised in accordance with *ibid* reg 4 (as substituted): see reg 2(1). Any person who repairs meters and satisfies the Authority that (1) he owns or has available to him apparatus for the examination, testing and regulation of meters which complies with directions issued by the Authority under the Electricity Act 1989 Sch 7 para 6(1) (as amended); (2) he operates at a repair unit a quality assurance system in respect of every meter repaired by him at that unit which conforms to the standard contained in European Standard EN ISO 9001 (2000) or to any standard, technical regulation, manufacturing method or code of practice accepted in other EEA states conformity with which will achieve an equivalent assurance of quality; and (3) he would be capable of complying with the conditions set out in the Meters (Certification) Regulations 1998, SI 1998/1566, reg 4(7) (as substituted), and, if, at the point of authorisation, reg 4(3) (as substituted) applies, that his proposals for audit are such as would, if implemented, meet the minimum requirements for audit set out in reg 4(4) (as substituted), may, upon payment of the appropriate fee, be authorised by the Authority for the purpose of the 1998 Regulations for a period not exceeding three years in respect of meters repaired by him at that unit: reg 4(1) (reg 4 substituted by SI 2002/3129). Any such authorisation as is mentioned in the Meters (Certification) Regulations 1998, SI 1998/1566, reg 4(1) (as substituted) may, from time to time, if the authorised person so requests and for so long as the Authority remains satisfied as to the matters described there, be renewed for a further period not exceeding three years by the Authority: reg 4(2) (as so substituted). Regulation 4(3) (as substituted) applies if the person intends to make arrangements for audit to be carried out otherwise than by the Authority: reg 4(3).

The minimum requirements for audit are: (a) the audit must be carried out by a nominated laboratory or a meter examiner; (b) a nominated laboratory carrying out an audit must be permitted at least the same level of access as is to be permitted the Authority under reg 4(7)(f) (as substituted); (c) in the course of any period of three months, all relevant apparatus, processes, systems and records must be submitted to audit; (d) the nominated laboratory or, as the case may be, meter examiner must make their report of each audit directly to the Authority at the same time as they report to the authorised person; (e) every report must be made within 14 days of completion of the audit to which it relates: reg 4(4) (as so substituted). Without prejudice to other means open to the Authority to satisfy itself as to the matters contained in reg 4(1)(a)-(c) (as substituted), the Authority may be satisfied as to those matters on the basis of a report by a nominated laboratory which concludes that the requirements of each of reg 4(1)(a)-(c) (as substituted) are met in relation to the person seeking authorisation, provided that the report in question is not more than three months old at the point at which the request for authorisation is made: reg 4(5) (as so substituted). A person to whom reg 4(3) (as substituted) did not apply at the point of authorisation who subsequently forms an intention to make arrangements to which that provision refers must inform the Authority of his proposals in such manner as the Authority may direct: reg 4(6) (as so substituted).

An authorisation granted by the Authority to a person who satisfies the provisions of reg 4(1) (as so substituted) is to be subject to the following conditions: (i) that the authorisation is to apply only in respect of meters which

have been examined, tested and regulated using the apparatus referred to in reg 4(1)(a) (as substituted); (ii) that the authorised person must operate at all times in each repair unit a quality assurance system which conforms to the standard referred to in reg 4(1)(b) (as substituted) and must maintain a record in permanent form of the system which he operates and of the actions taken to comply with that system in respect of the meter or meters which he intends to submit for certification in accordance with reg 6 (as amended); (iii) that the authorised person must cause each meter which is repaired at a repair unit to be repaired to a standard and using such materials as would reasonably be expected to enable it to operate within the permitted margins of error for not less than the certification period; (iv) that the authorised person must secure that each meter referred to in head (ii) supra must be examined and tested in accordance with the provisions of Sch 1 or one of the European provisions; (v) that the authorised person must cause every meter in respect of which a certificate has been issued under reg 7 or reg 9 (as amended) to be so stored while it remains under his control and so packaged for delivery when it is dispatched from his control as to prevent, so far as reasonably practicable, damage which would cause it to operate in a manner which would not conform with the permitted margins of error; (vi) that the authorised person must permit the Authority, a meter examiner or any person acting on behalf of the Authority to have access to any manufacturing unit and to examine and test all apparatus and to inspect all records referred to in this provision at all reasonable times for the purpose of ensuring that the authorised person is complying with the conditions of his authorisation; (vii) that where the authorised person has made arrangements for audit to be carried out otherwise than by the Authority and either those arrangements have ceased, or no audit has taken place under the arrangements for a period of three months, or he proposes that the arrangements be modified in any material respect, the authorised person must inform the Authority immediately, giving reasons in any case and, in the case of a proposal that the arrangements be modified in any material respect, an account of the proposed modifications in such manner as the Authority may direct; (viii) that the authorised person must comply with directions issued by the Authority under the Electricity Act 1989 Sch 7 para 6(1) (as amended); (ix) that the authorised person must promptly pay any fee payable by him in accordance with the Meters (Certification) Regulations 1998, SI 1998/1566, reg 11 (as substituted): reg 4(7) (as so substituted). In the case of proposals made in pursuance of reg 4(6) (as substituted) or of information provided pursuant to head (vii) supra in a case where the authorised person proposed that the arrangements be modified in any material respect, the Authority must, within 28 days of being informed of them, notify the authorised person of its view as to whether the requirements of reg 4(4) (as substituted) would be met by such arrangements: reg 4(8) (as so substituted).

An authorisation under reg 4 (as substituted) may be terminated in accordance with reg 4(11) (as substituted) at any time by the Authority if in the reasonable opinion of the Authority the authorised person is in breach of any condition of his authorisation and (A) the Authority has notified the authorised person of the breach; (B) in the case of a breach which is, in the opinion of the Authority, capable of being remedied, the authorised person has refused or failed within a reasonable time to remedy that breach after notice has been given to him by the Authority notifying of the breach; and (C) the period specified in reg 4(10) (as substituted) has expired: reg 4(9) (as so substituted). The period for these purposes is, as the case may be, 28 days: (aa) in a case to which head (B) supra applies, from the date on which the Authority notifies the authorised person of its opinion that the authorised person has refused or failed within a reasonable time to remedy the breach; (bb) in any other case, from the date on which the Authority notified the breach: reg 4(10) (as so substituted). Termination of authorisation must be effected by notice in writing by the Authority served upon the authorised person: reg 4(11) (as so substituted).

For these purposes and the purposes of Sch 2, 'audit' means an audit of the apparatus, processes, systems (including quality assurance systems) and records available, utilised, operated or maintained by the authorised person in connection with his activities as an authorised person under reg 4 (as substituted); 'inspection' means an inspection to ascertain compliance with any conditions of authorisation and includes any monitoring of directions issued by the Authority under the Electricity Act 1989 Sch 7 para 6(1) (as amended); and 'repair unit' means premises specified to the Authority in writing (which may identify the premises by reference to a plan) at which meters which have previously been used for measuring the quantity of electricity supplied are cleaned, repaired, tested or regulated but excluding any premises which are used for the manufacture or assembly of meters: Meters (Certification) Regulations 1998, SI 1998/1566, reg 4(12) (as so substituted). Nothing in reg 4 (as substituted) has effect so as to prevent the Authority at any time or in any case carrying out or procuring an audit or an inspection in connection with the performance of its functions under reg 4 (as substituted) or charging the requisite fee for so doing: reg 4(13) (as so substituted). For the requisite fee see reg 11(2), (4)-(6) (as so substituted).

21 See *ibid* reg 6(2). Each meter which is submitted for certification in accordance with reg 9 (as amended) must be accompanied by a report such as is described in head (c) in the text: see reg 6(2). Such a report must contain the statements and information specified in Sch 2 including, where that meter is designed to operate with a transformer, the statements and information relating to the transformer: reg 6(3).

22 *Ie* under *ibid* reg 6(2).

23 *Ibid* reg 9 (amended by virtue of the Utilities Act 2000 s 31(1)).

24 See the Meters (Certification) Regulations 1998, SI 1998/1566, reg 10(1)-(5). For transitional provisions see reg 10(6).

25 le for the purposes of the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679: see PARA 1196 et seq post.

26 Ibid reg 28(5)(a).

UPDATE

1180-1190 Requirements under the Electricity Act 1989 and Regulations made under that Act

The functions of the Gas and Electricity Markets Authority ('the Authority') under electricity meter legislation are transferred to the Secretary of State: Energy Act 2008 s 95(1). 'Electricity meter legislation' means (1) the Electricity Act 1989 Sch 7 (other than Sch 7 para 12), and (2) electricity meter regulations; and 'electricity meter regulations' means (a) the Measuring Instruments (EC Requirements) (Electrical Energy Meters) Regulations 1995, SI 1995/2607; (b) the Electromagnetic Compatibility Regulations 2006, SI 2006/3418; (c) the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679; (d) any regulations made under the Electricity Act 1989 Sch 7 (other than Sch 7 para 12): Energy Act 2008 s 95(5). References in electricity meter legislation to the Authority (including references in that legislation which, by virtue of the Utilities Act 2000 s 3(2), are treated as references to the Authority) are to be treated, so far as necessary for the purposes or in consequence of the transfer, as if they were references to the Secretary of State: Energy Act 2008 s 95(2). Regulations made, or treated as made, by the Authority under the Electricity Act 1989 Sch 7 (other than Sch 7 para 12) (electricity meters) and in force immediately before commencement have effect on and after commencement as if they had been made by the Secretary of State: Energy Act 2008 s 95(3). 'Commencement' means the day on which s 95 comes into force (ie 1 April 2009: see SI 2009/45): Energy Act 2008 s 95(5). Anything else done by the Authority under electricity meter legislation which has effect immediately before commencement is treated on and after commencement as if it had been done by the Secretary of State: s 95(4).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/ (v) Electricity Meters/A. REQUIREMENTS UNDER THE ELECTRICITY ACT 1989 AND REGULATIONS MADE UNDER THAT ACT/1184. Apparatus for testing etc of meters.

1184. Apparatus for testing etc of meters.

A person authorised by the Gas and Electricity Markets Authority ('GEMA')¹ for the purposes of certifying meters is under a duty to:

- 2775 (1) provide and maintain such apparatus for the examination, testing and regulation of meters and for the sealing and unsealing of meters as may be specified by a direction of the Authority²;
- 2776 (2) use apparatus so provided and maintained to carry out such examination, testing and regulation of meters, or to seal or unseal meters in such circumstances, as may be so specified³;
- 2777 (3) keep such records and make such reports as to the use of apparatus in connection with such activities as may be so specified⁴; and
- 2778 (4) afford to meter examiners⁵ acting in the exercise of their statutory functions⁶ all necessary facilities for the use of such apparatus⁷.

If the Authority considers that any person to whom this duty applies has made satisfactory arrangements whereby apparatus provided by some other person is available for the examination, testing or regulation of the first mentioned person's meters, the Authority may direct that these duties are not to apply to that person to such extent as may be specified in the direction⁸. Any two or more persons to whom this duty applies may, with the approval of the Authority, enter and carry into effect arrangements for making available apparatus provided by one or more of the parties to all or any of them⁹.

1 Ie a person authorised for the purposes of the Electricity Act 1989 s 31, Sch 7 para 5(3) (as amended): see PARA 1182 ante. As to authorised manufacturers and authorised repairers see PARA 1183 notes 19-20 ante. As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

2 Ibid Sch 7 para 6(1)(a) (amended by the Utilities Act 2000 ss 52, 108, Sch 5 paras 1, 6(a), Sch 8; and by virtue of s 3(2)). As to directions generally see the Electricity Act 1989 s 107; and PARA 1306 post.

3 Ibid Sch 7 para 6(1)(b). See also note 3 supra.

4 Ibid Sch 7 para 6(1)(c).

5 As to meter examiners see PARA 1182 ante.

6 Ie their functions under the Electricity Act 1989 Sch 7 (as amended): see PARA 1180 et seq ante, PARA 1185 et seq post.

7 Ibid Sch 7 para 6(2).

8 Ibid Sch 7 para 6(3) (Sch 7 para 6(3), (4) amended by virtue of the Utilities Act 2000 s 3(2)).

9 Electricity Act 1989 Sch 7 para 6(4) (as amended: see note 8 supra).

UPDATE

1180-1190 Requirements under the Electricity Act 1989 and Regulations made under that Act

The functions of the Gas and Electricity Markets Authority ('the Authority') under electricity meter legislation are transferred to the Secretary of State: Energy Act 2008 s 95(1). 'Electricity meter legislation' means (1) the Electricity Act 1989 Sch 7 (other than Sch 7 para 12), and (2) electricity meter regulations; and 'electricity meter regulations' means (a) the Measuring Instruments (EC Requirements) (Electrical Energy Meters) Regulations 1995, SI 1995/2607; (b) the Electromagnetic Compatibility Regulations 2006, SI 2006/3418; (c) the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679; (d) any regulations made under the Electricity Act 1989 Sch 7 (other than Sch 7 para 12): Energy Act 2008 s 95(5). References in electricity meter legislation to the Authority (including references in that legislation which, by virtue of the Utilities Act 2000 s 3(2), are treated as references to the Authority) are to be treated, so far as necessary for the purposes or in consequence of the transfer, as if they were references to the Secretary of State: Energy Act 2008 s 95(2). Regulations made, or treated as made, by the Authority under the Electricity Act 1989 Sch 7 (other than Sch 7 para 12) (electricity meters) and in force immediately before commencement have effect on and after commencement as if they had been made by the Secretary of State: Energy Act 2008 s 95(3). 'Commencement' means the day on which s 95 comes into force (ie 1 April 2009: see SI 2009/45): Energy Act 2008 s 95(5). Anything else done by the Authority under electricity meter legislation which has effect immediately before commencement is treated on and after commencement as if it had been done by the Secretary of State: s 95(4).

1184 Apparatus for testing etc of meters

TEXT AND NOTE 7--Electricity Act 1989 Sch 7 para 6(2) amended: Energy Act 2008 s 96(6).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/ (v) Electricity Meters/A. REQUIREMENTS UNDER THE ELECTRICITY ACT 1989 AND REGULATIONS MADE UNDER THAT ACT/1185. Testing of meters.

1185. Testing of meters.

A meter examiner¹, upon being required to do so by any person and after giving notice² to such persons as may be prescribed³, is under a duty:

- 2779 (1) to examine and test any meter used or intended to be used for the purpose of ascertaining the quantity of electricity supplied to any premises⁴;
- 2780 (2) to determine whether it is of an approved pattern or construction⁵ and, if it is installed for use, whether it is installed in an approved manner⁶;
- 2781 (3) to determine whether it is in proper order for ascertaining the quantity of electricity supplied within the prescribed margins of error⁷ and, if it has been in use and there is a dispute as to whether it registered correctly at any time, to determine if possible whether it registered within those margins at that time⁸; and
- 2782 (4) to make a written report of his conclusions in respect of the matters mentioned in heads (2) and (3) above⁹.

If a meter examiner determines that a meter is, or was at any time, operating outside the prescribed margins of error, he must if possible give an opinion as to any period for which the meter has or may have been so operating and the accuracy (if any) with which it was or may have been operating for any such period¹⁰.

Regulations¹¹ may make provision for determining the fees to be paid for examining and testing meters, and the persons by whom and the circumstances in which they are to be paid¹².

1 As to the appointment and remuneration etc of meter examiners see PARA 1182 note 2 ante.

2 As to the service of documents see the Electricity Act 1989 s 109; and PARA 1307 post.

3 For the meaning of 'prescribed' see PARA 1096 note 11 ante. At the date at which this title states the law, no regulations had been made prescribing any persons, procedures or matters for these purposes.

4 Electricity Act 1989 s 31, Sch 7 para 7(1)(a). For the meaning of 'premises' see PARA 1041 note 5 ante.

5 As to the approval of the pattern or construction of meters see PARAS 1180-1181 ante. For the meaning of 'approved' see PARA 1180 note 14 ante.

6 Electricity Act 1989 Sch 7 para 7(1)(b). As to the approved manner of installation of meters see PARAS 1180-1181 ante. In the case of a meter which is a relevant instrument for the purposes of the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679 (see PARA 1196 et seq post) and which is put into use within the meaning of and in accordance with those regulations, the Electricity Act 1989 Sch 7 para 7(1)(b) is to be disregarded: Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679, reg 28(1), (3).

7 In relation to a meter used or intended to be used in connection with an exempt supply, the Electricity Act 1989 Sch 7 para 7 has effect as if any reference to prescribed margins of error included a reference to any margins of error agreed between the authorised supplier and the customer ('agreed margins of error'): Sch 7 para 7(4) (amended by the Utilities Act 2000 s 52, Sch 5 paras 1, 2(1)). For the prescribed margins of error for the purposes of Sch 7 para 5 (as amended) (certification of meters) see PARA 1182 note 7 ante; and for the meaning of 'exempt supply' see PARA 1180 note 16 ante. See, however, the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679, reg 28(2)(b) which provides that for the purpose of the application of the Electricity Act 1989 Sch 7 para 7(1)(c), (2) to relevant instruments put into use within the

meaning of and in accordance with those regulations, 'prescribed margins of error' means the maximum permissible error as set out in Sch 1 para 15 (see PARA 1196 post). See also the Measuring Instruments (EC Requirements) (Electrical Energy Meters) Regulations 1995, SI 1995/2607, reg 3(3)(b), applying the definition of 'prescribed margins of error' set out in PARA 1182 note 7 ante.

8 Electricity Act 1989 Sch 7 para 7(1)(c).

9 Ibid Sch 7 para 7(1)(d).

10 Ibid Sch 7 para 7(2).

11 For the meaning of 'regulations' for these purposes see PARA 1180 note 9 ante.

12 Electricity Act 1989 Sch 7 para 7(3). At the date at which this title states the law, no fees had been prescribed for these purposes; but as to the functions of the director which may be taken into account when fixing any such fees, and the matters specified in relation to those functions for the purposes of the Finance (No 2) Act 1987 s 102(4), see the Electricity Act 1989 (Fees) Order 1990, SI 1990/184, arts 2, 3, Sch 1 Pt II, Sch 2 paras 1-8 (amended by virtue of the Utilities Act 2000 s 3(2)).

UPDATE

1180-1190 Requirements under the Electricity Act 1989 and Regulations made under that Act

The functions of the Gas and Electricity Markets Authority ('the Authority') under electricity meter legislation are transferred to the Secretary of State: Energy Act 2008 s 95(1). 'Electricity meter legislation' means (1) the Electricity Act 1989 Sch 7 (other than Sch 7 para 12), and (2) electricity meter regulations; and 'electricity meter regulations' means (a) the Measuring Instruments (EC Requirements) (Electrical Energy Meters) Regulations 1995, SI 1995/2607; (b) the Electromagnetic Compatibility Regulations 2006, SI 2006/3418; (c) the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679; (d) any regulations made under the Electricity Act 1989 Sch 7 (other than Sch 7 para 12): Energy Act 2008 s 95(5). References in electricity meter legislation to the Authority (including references in that legislation which, by virtue of the Utilities Act 2000 s 3(2), are treated as references to the Authority) are to be treated, so far as necessary for the purposes or in consequence of the transfer, as if they were references to the Secretary of State: Energy Act 2008 s 95(2). Regulations made, or treated as made, by the Authority under the Electricity Act 1989 Sch 7 (other than Sch 7 para 12) (electricity meters) and in force immediately before commencement have effect on and after commencement as if they had been made by the Secretary of State: Energy Act 2008 s 95(3). 'Commencement' means the day on which s 95 comes into force (ie 1 April 2009: see SI 2009/45): Energy Act 2008 s 95(5). Anything else done by the Authority under electricity meter legislation which has effect immediately before commencement is treated on and after commencement as if it had been done by the Secretary of State: s 95(4).

1185 Testing of meters

TEXT AND NOTES--Electricity Act 1989 Sch 7 para 7(1), (3) amended: Energy Act 2008 s 96(7).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/ (v) Electricity Meters/A. REQUIREMENTS UNDER THE ELECTRICITY ACT 1989 AND REGULATIONS MADE UNDER THAT ACT/1186. Disputes as to accuracy of meters.

1186. Disputes as to accuracy of meters.

Where there is a genuine dispute¹ as to the accuracy of a meter used for ascertaining the quantity of electricity supplied to any premises² and (1) notice of the dispute is given to the authorised supplier³ by the customer or to the customer by that supplier; or (2) such notice is given to both by any other person interested, the following provisions apply⁴. Except with the approval of a meter examiner⁵ and, if he so requires, under his supervision, a meter must not be removed or altered by the supplier or the customer until either (a) after the dispute has been resolved by agreement; or (b) the meter is examined and tested under the statutory provisions⁶, whichever first occurs⁷.

A supplier or a customer who removes or alters the meter in contravention⁸ of the above provisions is liable on summary conviction to a fine not exceeding level 2 on the standard scale⁹.

1 As to what amounts to a genuine dispute see PARA 1103 note 6 ante.

2 For the meaning of 'premises' see PARA 1041 note 5 ante.

3 For the meaning of 'authorised supplier' see PARA 1094 note 7 ante.

4 Electricity Act 1989 s 31, Sch 7 para 8(1) (amended by the Utilities Act 2000 s 52, Sch 5 paras 1, 2(1)).

5 As to the appointment and remuneration etc of meter examiners see PARA 1182 the text and note 2 ante.

6 Ie under the Electricity Act 1989 Sch 7 para 7 (as amended): see PARA 1185 ante.

7 Ibid Sch 7 para 8(2).

8 For the meaning of 'contravention' see PARA 1070 note 20 ante.

9 Electricity Act 1989 Sch 7 para 8(3). As to the standard scale see PARA 613 note 11 ante.

UPDATE

1180-1190 Requirements under the Electricity Act 1989 and Regulations made under that Act

The functions of the Gas and Electricity Markets Authority ('the Authority') under electricity meter legislation are transferred to the Secretary of State: Energy Act 2008 s 95(1). 'Electricity meter legislation' means (1) the Electricity Act 1989 Sch 7 (other than Sch 7 para 12), and (2) electricity meter regulations; and 'electricity meter regulations' means (a) the Measuring Instruments (EC Requirements) (Electrical Energy Meters) Regulations 1995, SI 1995/2607; (b) the Electromagnetic Compatibility Regulations 2006, SI 2006/3418; (c) the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679; (d) any regulations made under the Electricity Act 1989 Sch 7 (other than Sch 7 para 12): Energy Act 2008 s 95(5). References in electricity meter legislation to the Authority (including references in that legislation which, by virtue of the Utilities Act 2000 s 3(2), are treated as references to

the Authority) are to be treated, so far as necessary for the purposes or in consequence of the transfer, as if they were references to the Secretary of State: Energy Act 2008 s 95(2). Regulations made, or treated as made, by the Authority under the Electricity Act 1989 Sch 7 (other than Sch 7 para 12) (electricity meters) and in force immediately before commencement have effect on and after commencement as if they had been made by the Secretary of State: Energy Act 2008 s 95(3). 'Commencement' means the day on which s 95 comes into force (ie 1 April 2009: see SI 2009/45): Energy Act 2008 s 95(5). Anything else done by the Authority under electricity meter legislation which has effect immediately before commencement is treated on and after commencement as if it had been done by the Secretary of State: s 95(4).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/ (v) Electricity Meters/A. REQUIREMENTS UNDER THE ELECTRICITY ACT 1989 AND REGULATIONS MADE UNDER THAT ACT/1187. Presumptions and evidence.

1187. Presumptions and evidence.

The register of a meter used for ascertaining the quantity of electricity supplied to any premises¹ is to be admissible in any proceedings as evidence of the quantity of electricity supplied through it².

Where electricity has been supplied for any period through a meter which is of an approved pattern or construction³ and is installed in an approved manner⁴, the register of the meter is to be presumed to have been registering for that period within the prescribed margins of error⁵ and, in the case of a meter used in connection with an exempt supply⁶, within any agreed margins of error⁷, unless the contrary is proved⁸.

Where a meter has been operating for any period within the prescribed or, in the case of an exempt supply, within the agreed margins of error, the meter must be conclusively presumed to have been correctly registering for that period the quantity of electricity supplied through it⁹.

The report of a meter examiner¹⁰ on any question relating to such a meter is admissible in evidence in any proceedings in which that question is raised and any conclusions in the report as to the accuracy of the meter when it was tested are to be presumed to be correct unless the contrary is proved¹¹.

1 For the meaning of 'premises' see PARA 1041 note 5 ante.

2 Electricity Act 1989 s 31, Sch 7 para 9(1), (2).

3 For the meaning of 'approved' see PARA 1180 note 14 ante. As to approval of pattern or construction see PARAS 1180-1181 ante.

4 As to the approved manner of installation see PARAS 1180-1181 ante.

5 As to the prescribed margins of error see PARA 1183 ante. See, however, the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679, reg 28(2)(b) which provides that for the purpose of the application of the Electricity Act 1989 Sch 7 para 9(3), (4) to relevant instruments put into use within the meaning of and in accordance with those regulations, 'prescribed margins of error' means the maximum permissible error as set out in Sch 1 para 15 (see PARA 1196 post). See also the Measuring Instruments (EC Requirements) (Electrical Energy Meters) Regulations 1995, SI 1995/2607, reg 3(3)(b), applying the definition of 'prescribed margins of error' set out in PARA 1182 note 7 ante.

6 For the meaning of 'exempt supply' see PARA 1180 note 16 ante.

7 'Agreed margins of error' has the meaning given by the Electricity Act 1989 Sch 7 para 7(4) (see PARA 1185 ante): Sch 7 para 13.

8 Ibid Sch 7 para 9(3).

9 Ibid Sch 7 para 9(4).

10 For the appointment and remuneration etc of meter examiners see PARA 1182 note 2 ante.

11 Electricity Act 1989 Sch 7 para 9(5).

UPDATE

1180-1190 Requirements under the Electricity Act 1989 and Regulations made under that Act

The functions of the Gas and Electricity Markets Authority ('the Authority') under electricity meter legislation are transferred to the Secretary of State: Energy Act 2008 s 95(1). 'Electricity meter legislation' means (1) the Electricity Act 1989 Sch 7 (other than Sch 7 para 12), and (2) electricity meter regulations; and 'electricity meter regulations' means (a) the Measuring Instruments (EC Requirements) (Electrical Energy Meters) Regulations 1995, SI 1995/2607; (b) the Electromagnetic Compatibility Regulations 2006, SI 2006/3418; (c) the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679; (d) any regulations made under the Electricity Act 1989 Sch 7 (other than Sch 7 para 12): Energy Act 2008 s 95(5). References in electricity meter legislation to the Authority (including references in that legislation which, by virtue of the Utilities Act 2000 s 3(2), are treated as references to the Authority) are to be treated, so far as necessary for the purposes or in consequence of the transfer, as if they were references to the Secretary of State: Energy Act 2008 s 95(2). Regulations made, or treated as made, by the Authority under the Electricity Act 1989 Sch 7 (other than Sch 7 para 12) (electricity meters) and in force immediately before commencement have effect on and after commencement as if they had been made by the Secretary of State: Energy Act 2008 s 95(3). 'Commencement' means the day on which s 95 comes into force (ie 1 April 2009: see SI 2009/45): Energy Act 2008 s 95(5). Anything else done by the Authority under electricity meter legislation which has effect immediately before commencement is treated on and after commencement as if it had been done by the Secretary of State: s 95(4).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/ (v) Electricity Meters/A. REQUIREMENTS UNDER THE ELECTRICITY ACT 1989 AND REGULATIONS MADE UNDER THAT ACT/1188. Meters to be kept in proper order.

1188. Meters to be kept in proper order.

A customer of an authorised supplier¹ must at all times, and at his own expense, keep any meter belonging to him in proper order for correctly registering the quantity of electricity supplied to him; and in default of his doing so, the supplier may discontinue the supply² of electricity through that meter³.

An authorised supplier must at all times, at his own expense, keep any meter provided by him to any customer in proper order for correctly registering the quantity of electricity supplied and, in the case of prepayment meters⁴, for operating properly on receipt of the necessary payment⁵.

The duties so imposed on a supplier are without prejudice to any remedy the supplier may have against the customer for failing to take proper care of the meter⁶.

The statutory procedure for the determination of disputes⁷ applies in relation to any dispute arising under these provisions between an electricity supplier⁸ and a customer⁹.

1 For the meaning of 'authorised supplier' see PARA 1094 note 7 ante.

2 For the meaning of 'supply' see PARA 1041 note 10 ante.

3 Electricity Act 1989 s 31, Sch 7 para 10(1) (Sch 7 paras 10(1), (2) amended by the Utilities Act 2000 s 52, Sch 5 paras 1, 2(1), 7(a), (b)).

4 For special provisions relating to prepayment meters see PARA 1190 post.

5 Electricity Act 1989 Sch 7 para 10(2) (as amended: see note 3 supra).

UPDATE

1180-1190 Requirements under the Electricity Act 1989 and Regulations made under that Act

The functions of the Gas and Electricity Markets Authority ('the Authority') under electricity meter legislation are transferred to the Secretary of State: Energy Act 2008 s 95(1). 'Electricity meter legislation' means (1) the Electricity Act 1989 Sch 7 (other than Sch 7 para 12), and (2) electricity meter regulations; and 'electricity meter regulations' means (a) the Measuring Instruments (EC Requirements) (Electrical Energy Meters) Regulations 1995, SI 1995/2607; (b) the Electromagnetic Compatibility Regulations 2006, SI 2006/3418; (c) the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679; (d) any regulations made under the

Electricity Act 1989 Sch 7 (other than Sch 7 para 12): Energy Act 2008 s 95(5). References in electricity meter legislation to the Authority (including references in that legislation which, by virtue of the Utilities Act 2000 s 3(2), are treated as references to the Authority) are to be treated, so far as necessary for the purposes or in consequence of the transfer, as if they were references to the Secretary of State: Energy Act 2008 s 95(2). Regulations made, or treated as made, by the Authority under the Electricity Act 1989 Sch 7 (other than Sch 7 para 12) (electricity meters) and in force immediately before commencement have effect on and after commencement as if they had been made by the Secretary of State: Energy Act 2008 s 95(3). 'Commencement' means the day on which s 95 comes into force (ie 1 April 2009: see SI 2009/45): Energy Act 2008 s 95(5). Anything else done by the Authority under electricity meter legislation which has effect immediately before commencement is treated on and after commencement as if it had been done by the Secretary of State: s 95(4).

1188 Meters to be kept in proper order

TEXT AND NOTE 9--Electricity Act 1989 Sch 7 para 10(2A) substituted: Energy Act 2008 s 96(8).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/ (v) Electricity Meters/A. REQUIREMENTS UNDER THE ELECTRICITY ACT 1989 AND REGULATIONS MADE UNDER THAT ACT/1189. Interference with meters; unlawful abstraction of electricity.

1189. Interference with meters; unlawful abstraction of electricity.

Any person who intentionally or by culpable negligence alters the register of a meter used for ascertaining the quantity of electricity supplied to any premises¹ by an authorised supplier² or prevents any such meter from duly registering the quantity of electricity supplied is liable on summary conviction to a fine not exceeding level 3 on the standard scale³.

Where any person is prosecuted for such an offence, the possession by him of artificial means⁴ for causing an alteration of the register of the meter or the prevention of the meter from duly registering is, if the meter was in his custody or under his control, to be taken as prima facie evidence that the alteration or prevention was intentionally caused by him⁵.

Where such an offence has been committed⁶, the supplier may discontinue the supply⁷ of electricity to the premises until the matter has been remedied and may remove the meter in respect of which the offence was committed⁸. Where an authorised supplier removes a meter under this power, he must keep it safely until the Gas and Electricity Markets Authority ('GEMA')⁹ authorises the supplier to destroy or otherwise dispose of it¹⁰.

Under the Theft Act 1968, a person who dishonestly uses any electricity without due authority or dishonestly causes any electricity to be wasted or diverted¹¹ is liable on conviction on indictment to imprisonment for a term not exceeding five years or on summary conviction to imprisonment for a term not exceeding six months¹² or a fine not exceeding the prescribed sum, or to both¹³. Electricity is not 'property' and so cannot be the subject of theft under the general law¹⁴.

1 For the meaning of 'premises' see PARA 1041 note 5 ante.

2 For the meaning of 'authorised supplier' see PARA 1094 note 7 ante.

3 Electricity Act 1989 s 31, Sch 7 para 11(1) (Sch 7 para 11(1), (4) amended by the Utilities Act 2000 s 52, Sch 5 paras 1, 2(1)). See eg *R v Harrison* [2001] EWCA Crim 2427, [2001] All ER (D) 42 (Nov) (defendant did not tamper with the electrical equipment himself, but took full advantage of a situation where the meter was not recording the consumption of electricity: sentence of 100 hours community service reduced to 50 hours on appeal). Cf the offence of damaging an electricity meter: see PARA 1106 ante. As to the standard scale see PARA 613 note 11 ante.

4 As to what constitutes artificial means see *Keane v Bathgate* 1983 SLT 651n, 1983 SCCR 251 (a case on interference with a gas meter).

5 Electricity Act 1989 Sch 7 para 11(2). See *Semple v Hingston* (19 June 1992, unreported), Scot HC (a finding that the seals on an electricity meter had been broken and a slot cut to allow the insertion of a piece of cardboard to prevent the meter from operating and that the meter had at all times been in the appellant's custody and control, was sufficient justification for a finding that the meter had intentionally been prevented from operating and to convict him of contravention of the Electricity Act 1989 Sch 7 para 11(1) (now as amended) and of stealing a quantity of electricity. The appellant's argument that there was no finding that he had any knowledge of the condition of the meter and insufficient evidence to support a finding of possession of the meter as tampered with was immaterial). See also *Singh v Normand* (1 February 1994, unreported), Scot HC ('the possession by him of artificial means' qualifies both of the offences referred to in the Electricity Act 1989 Sch 7 para 11(1) (now as amended) which are mentioned in the opening words of Sch 7 para 11(2). There are thus two requirements which need to be established before the presumption can be relied on; one is that the

accused was in possession of artificial means for causing the alteration of the register or, alternatively, the prevention of the meter from registering; the other is that the meter was in his custody or under his control).

Where two persons occupy a house, it is not enough to prove that the meter has been improperly disconnected and that one of them is the registered consumer nor that the meter had been tampered with by one or the other unless it can be shown that they were acting in concert: *Collins and Fox v Chief Constable of Merseyside* [1988] Crim LR 247; see also *Swallow v DPP* [1991] Crim LR 610; and *May v Crown Prosecution Service* (11 January 1991, unreported), QBD (CO/70/90).

6 le an offence under the Electricity Act 1989 Sch 7 para 11(1)(a) or (b) (as amended).

7 For the meaning of 'supply' see PARA 1041 note 10 ante.

8 Electricity Act 1989 Sch 7 para 11(3). There is no such power to disconnect, however, where a person has merely allowed the register of a meter to be altered or to be prevented from registering; cf the position where a person allows a meter to be damaged: see PARA 1106 ante.

9 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

10 Electricity Act 1989 Sch 7 para 11(4) (as amended: see note 3 supra).

11 See the Theft Act 1968 s 13. The ingredients of the offence are using a quantity of electricity, doing so without authority and doing so dishonestly; it does not necessarily involve tampering with the meter: see *R v McCreadie, R v Tume* (1992) 96 Cr App Rep 143, 157 JP 541, CA (where it was held that it was quite wrong to suggest that in order to constitute the offence of using electricity without authority, the meter had to be tampered with in some way; the court approved the statement in Smith *The Law of Theft* (6th Edn) (1989) at p 156 that 'use implies some consumption of electricity which would not occur but for the accused's part. If squatters switch on electricity, not intending to pay for it, they appear to use it dishonestly'). The Theft Act 1968 s 2 (meaning of 'dishonestly': see CRIMINAL LAW, EVIDENCE AND PROCEDURE vol 11(1) (2006 Reissue) PARA 283) does not apply for the purposes of s 13: see s 1(3). 'Dishonesty' is a question of fact, to be judged according to the tests in *R v Ghosh* [1982] QB 1053, 75 Cr App Rep 154, CA (see CRIMINAL LAW, EVIDENCE AND PROCEDURE vol 11(1) (2006 Reissue) PARA 283). As to the approach to be taken by the judge when the offence is alleged against a number of occupants of the property in which the meter has been bypassed see *R v Hoar* [1982] Crim LR 606, CA; *Collins and Fox v Chief Constable of Merseyside* [1988] Crim LR 247.

12 As from a day to be appointed this maximum term of imprisonment is increased to a maximum term of 12 months (see the Criminal Justice Act 2003 ss 281(7), 282(2), (3) (not in force); and CRIMINAL LAW, EVIDENCE AND PROCEDURE vol 11(3) (2006 Reissue) PARA 1121), although this does not affect the penalty for any offence committed before that day (see s 282(4) (not in force). At the date at which this title states the law, no such day had been appointed.

13 Theft Act 1968 s 13; Magistrates' Courts Act 1980 ss 17, 32(1), Sch 1 para 28. As to the prescribed sum see PARA 613 note 20 ante.

14 Electricity is not 'property' within the Theft Act 1978 s 4 and is not appropriated by switching on the current: *Low v Blease* (1975) 119 Sol Jo 695, [1975] Crim LR 513, DC. Thus the only proceedings which can be taken are proceedings under the Theft Act 1978 s 13. See also CRIMINAL LAW, EVIDENCE AND PROCEDURE vol 11(1) (2006 Reissue) PARA 301.

UPDATE

1180-1190 Requirements under the Electricity Act 1989 and Regulations made under that Act

The functions of the Gas and Electricity Markets Authority ('the Authority') under electricity meter legislation are transferred to the Secretary of State: Energy Act 2008 s 95(1). 'Electricity meter legislation' means (1) the Electricity Act 1989 Sch 7 (other than Sch 7 para 12), and (2) electricity meter regulations; and 'electricity meter regulations' means (a) the Measuring Instruments (EC Requirements) (Electrical Energy Meters) Regulations 1995, SI 1995/2607; (b) the Electromagnetic Compatibility Regulations 2006, SI 2006/3418; (c) the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679; (d) any regulations made under the Electricity Act 1989 Sch 7 (other than Sch 7 para 12): Energy Act 2008 s 95(5).

References in electricity meter legislation to the Authority (including references in that legislation which, by virtue of the Utilities Act 2000 s 3(2), are treated as references to the Authority) are to be treated, so far as necessary for the purposes or in consequence of the transfer, as if they were references to the Secretary of State: Energy Act 2008 s 95(2). Regulations made, or treated as made, by the Authority under the Electricity Act 1989 Sch 7 (other than Sch 7 para 12) (electricity meters) and in force immediately before commencement have effect on and after commencement as if they had been made by the Secretary of State: Energy Act 2008 s 95(3). 'Commencement' means the day on which s 95 comes into force (ie 1 April 2009: see SI 2009/45): Energy Act 2008 s 95(5). Anything else done by the Authority under electricity meter legislation which has effect immediately before commencement is treated on and after commencement as if it had been done by the Secretary of State: s 95(4).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/ (v) Electricity Meters/A. REQUIREMENTS UNDER THE ELECTRICITY ACT 1989 AND REGULATIONS MADE UNDER THAT ACT/1190. Prepayment meters.

1190. Prepayment meters.

A customer of an authorised supplier¹ who takes his supply² of electricity through a prepayment meter is under a duty to take all reasonable precautions for the safekeeping of any money or tokens inserted into it³.

A prepayment meter installed by an authorised supplier through which a customer of such a supplier takes his supply of electricity must not be used to recover a sum unless:

- 2783 (1) the sum is owed to an authorised supplier in respect of the supply of electricity to the premises⁴ on which the meter is installed or in respect of the provision of the meter; or
- 2784 (2) the recovery of the sum in that manner is permitted by both regulations⁵ and an agreement such as is described below between the customer and the person to whom the sum is owed⁶, namely an agreement where:
 - 253 378. (a) the person to whom the sum is owed is a person who is authorised by regulations to enter into such agreements;
 - 379. (b) the agreement permits that person to use the meter in question to recover such sums as may be specified in or determined under the agreement; and
 - 380. (c) the agreement complies with the requirements specified for these purposes by regulations⁷.
- 254

The sums that regulations under these provisions may permit the recovery of through a prepayment meter include:

- 2785 (i) sums owed to a person other than an authorised supplier;
- 2786 (ii) sums owed in respect of premises other than the premises on which the meter is installed;
- 2787 (iii) sums owed in respect of matters other than the supply of electricity⁸.

A prepayment meter⁹ may be used to recover a sum that is owed to a gas supplier¹⁰ or an electricity supplier¹¹ by a customer in respect of any one or more of the following:

- 2788 (A) at any premises previously owned or occupied by the customer, the supply of gas, the supply of electricity, the provision of a gas meter and the provision of an electricity meter;
- 2789 (B) the provision of a gas meter at the premises on which the prepayment meter is installed; and
- 2790 (C) the supply of gas to the premises on which the prepayment meter is installed¹².

Any sum recoverable through a prepayment meter under head (1) above may be consolidated with a sum specified in heads (A) to (C) above and recovered under the relevant¹³ regulations¹⁴.

An electricity supplier may not, however, recover sums specified in heads (A) to (C) above by means of a prepayment meter unless the supplier has previously entered into an agreement with the customer which complies¹⁵ with the prescribed requirements¹⁶.

1 For the meaning of 'authorised supplier' see PARA 1094 note 7 ante.

2 For the meaning of 'supply' see PARA 1041 note 10 ante.

3 Electricity Act 1989 s 31, Sch 7 para 12(1) (amended by the Utilities Act 2000 s 52, Sch 5 paras 1, 2(1)). If electricity is supplied through a prepayment meter actuated by coins or tokens, payment to the authorised supplier takes place when the coins or tokens are inserted in the meter so that if the coins or tokens are subsequently stolen, the loss, at any rate in the absence of negligence on the consumer's part, falls on the supplier: see *Edmundson v Longton Corp* (1902) 19 TLR 15, DC; *Martin v Marsh* [1955] Crim LR 781, DC. When money is put into a meter, it becomes the property of the supplier: see 119 JP Jo 843.

In *R v Midlands Electricity Board, ex p Busby, R v Midlands Electricity Board, ex p Williamson* (1987) Times, 28 October, QBD, the court, relying, in particular, on the general powers conferred on area electricity boards by the Electricity Act 1947 s 2(5) (now repealed) held that there was nothing in the relevant legislation to prevent the board from entering into an agreement the effect of which was to make the customer wholly responsible for third party theft from a coin-operated prepayment meter. The boards' successors in title have no such general powers. An authorised supplier therefore cannot recover money stolen from a meter if the customer can show that he took all reasonable precautions to keep the contents of the meter safe.

4 For the meaning of 'premises' see PARA 1041 note 5 ante.

5 For the meaning of 'regulations' see PARA 1180 note 9 ante.

6 Electricity Act 1989 Sch 7 para 12(2) (Sch 7 para 12(2) substituted, and Sch 7 paras 12(3)-(5) added, by the Energy Act 2004 s 181(2)).

7 Electricity Act 1989 Sch 7 para 12(3) (as added: see note 6 supra).

8 Ibid Sch 7 para 12(4) (as added: see note 6 supra). Before making such regulations the Gas and Electricity Markets Authority ('GEMA') must consult (1) the Gas and Electricity Consumer Council; (2) all authorised suppliers; and (3) such other persons as the Authority considers appropriate: Sch 7 para 12(5) (as so added). As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante. As to the establishment of the Gas and Electricity Consumer Council see PARA 716 ante; and as to the prospective abolition of the Council and the transfer of its functions to the new National Consumer Council to be established under the Consumers, Estate Agents and Redress Act 2007 see PARA 716 the text and notes 12-13 ante.

As to the exercise of these powers to make regulations see the Electricity (Prepayment Meter) Regulations 2006, SI 2006/2010, which came into force on 1 September 2006: see reg 1. See further notes 9-16 infra.

In the absence of specific provision in the relevant regulations, a prepayment meter cannot be used to recover eg water debts and charges: see *South Wales Electricity plc v Director General of Electricity Supply* [1999] All ER (D) 1152, (1999) Times, 28 October (decided under the Electricity Act 1989 Sch 7 para 12 as originally enacted).

9 For these purposes, 'prepayment meter' means an electricity prepayment meter installed by an authorised supplier through which the customer takes his supply of electricity: *ibid* reg 2.

10 For these purposes, 'gas supplier' means the holder of a licence under the Gas Act 1986 s 7A(1)(a) (as added and amended) (see PARA 807 ante) except where the holder is acting otherwise than for purposes connected with the carrying on of activities authorised by the licence: Electricity (Prepayment Meter) Regulations 2006, SI 2006/2010, reg 2.

11 For the meaning of 'electricity supplier' see PARA 1065 note 7 ante.

12 Electricity (Prepayment Meter) Regulations 2006, SI 2006/2010, reg 3(1). Contrast the position with regard to a gas prepayment meter, which cannot be used to recover sums owed in respect of electricity: see the Gas (Prepayment Meter) Regulations 2006, SI 2006/2011, reg 3(1); and PARA 858 ante.

13 *Ie* under the Electricity (Prepayment Meter) Regulations 2006, SI 2006/2010.

14 *Ibid* reg 3(2).

15 le complies with ibid reg 4(2), (4) and, where applicable, regs 5, 6 (see note 16 infra): reg 4(1).

16 Ibid reg 4(1). The agreement must state in writing: (1) the name of the customer; (2) any charges that the customer will be required to pay in addition to those recovered under reg 3; and (3) that the electricity supplier warrants that he has, orally, provided the customer with details as required under reg 4(3): reg 4(2). The details so required are: (a) other means of payment available to the customer; (b) the operation of the prepayment meter, particularly as regards the recovery of debt and charging for ongoing consumption; and (c) the implications of failing to make any payments in full or in part when they fall due under the agreement: reg 4(3). The agreement must include written terms to the following effect: (i) that the customer can give a notice of cancellation to the electricity supplier; (ii) where notice of cancellation is given, the agreement is to be treated as if it had not been made; (iii) notice of cancellation can be given orally or in writing and must be given within seven working days beginning with the day on which the customer receives written terms of the agreement; and (iv) either party can terminate the agreement on provision of 30 days' oral or written notice: reg 4(4).

Where the prepayment meter is being used to recover a sum owed the agreement must include in writing: (A) the amount of each element of the sum owed and to what it relates; (B) the repayment rate and repayment amount; (C) the date at which the sum owed will be fully repaid if the repayment amount is paid at the repayment rate; (D) a term that the repayment rate and repayment amount have been calculated by the supplier to take into account the customer's ability to pay the total of all charges to be recovered through the prepayment meter; (E) a term that the customer has agreed to the repayment rate and repayment amount; and (F) a term that the repayment rate and repayment amount can only be varied either at the customer's request and if agreed by the electricity supplier, or by the supplier in accordance with head (D) above and with prior notice given to the customer: reg 5. 'Repayment amount' means the amount of each instalment to be paid towards the repayment of the sum owed; 'repayment rate' means the frequency with which instalments are to be paid towards the repayment of the sum owed; and 'sum owed' means the aggregate of sums specified under reg 3 owed at the time an agreement under reg 4 is sent to the customer: reg 2.

Where the prepayment meter is being used to recover a sum that is owed under reg 3(1)(c) for ongoing gas consumption the agreement must include in writing: (aa) the amount and frequency of payments required for ongoing gas consumption; (bb) a term that the supplier will make reasonable endeavours to obtain gas meter readings at least every six months; (cc) a term that the supplier will adjust the amount and frequency of payments required for ongoing gas consumption to reflect the gas meter readings obtained; and (dd) a term that when adjusting the amount and frequency of payments under head (cc) supra the supplier must first give notice of the adjustments to the customer: reg 6. 'Ongoing gas consumption' means gas consumed after the date an agreement under reg 4 is sent to the customer: reg 2.

UPDATE

1180-1190 Requirements under the Electricity Act 1989 and Regulations made under that Act

The functions of the Gas and Electricity Markets Authority ('the Authority') under electricity meter legislation are transferred to the Secretary of State: Energy Act 2008 s 95(1). 'Electricity meter legislation' means (1) the Electricity Act 1989 Sch 7 (other than Sch 7 para 12), and (2) electricity meter regulations; and 'electricity meter regulations' means (a) the Measuring Instruments (EC Requirements) (Electrical Energy Meters) Regulations 1995, SI 1995/2607; (b) the Electromagnetic Compatibility Regulations 2006, SI 2006/3418; (c) the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679; (d) any regulations made under the Electricity Act 1989 Sch 7 (other than Sch 7 para 12): Energy Act 2008 s 95(5). References in electricity meter legislation to the Authority (including references in that legislation which, by virtue of the Utilities Act 2000 s 3(2), are treated as references to the Authority) are to be treated, so far as necessary for the purposes or in consequence of the transfer, as if they were references to the Secretary of State: Energy Act 2008 s 95(2). Regulations made, or treated as made, by the Authority under the Electricity Act 1989 Sch 7 (other than Sch 7 para 12) (electricity meters) and in force immediately before commencement have effect on and after commencement as if they had been made by the Secretary of State: Energy Act 2008 s 95(3). 'Commencement' means the day on which s 95 comes into force (ie 1 April 2009: see SI 2009/45): Energy Act 2008 s 95(5). Anything else done by the Authority under electricity meter legislation which has effect immediately before commencement is

treated on and after commencement as if it had been done by the Secretary of State: s 95(4).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/ (v) Electricity Meters/B. COMPLIANCE WITH EUROPEAN COMMUNITY REQUIREMENTS/(A) Electrical Energy Meters where Pattern or Construction Approved before 30 October 2006/1191. EC initial verification.

B. COMPLIANCE WITH EUROPEAN COMMUNITY REQUIREMENTS

(A) ELECTRICAL ENERGY METERS WHERE PATTERN OR CONSTRUCTION APPROVED BEFORE 30 OCTOBER 2006

1191. EC initial verification.

If a meter which is a relevant instrument¹ for the purposes of the Measuring Instruments (EC Requirements) (Electrical Energy Meters) Regulations 1995² bears the mark of EC initial verification³ it is deemed for specified purposes of the Electricity Act 1989⁴ to be certified⁵ and, subject to certain conditions, to be installed in an approved manner⁶.

An application for the consideration of any relevant instrument for EC initial verification must be made to an electricity meter examiner⁷ in such manner as the Gas and Electricity Markets Authority ('GEMA')⁸ may direct⁹. The electricity meter examiner must determine whether an EC pattern approval¹⁰ is in force in respect of the instrument and, if so, whether it conforms to the approved pattern and to the requirements of the relevant European Directive¹¹; and, where he is satisfied:

- 2791 (1) that the instrument conforms to the requirements of that Directive; and
- 2792 (2) that an EC pattern approval is in force in respect of the instrument and that the instrument conforms to the approved pattern,

he must authorise the seal of EC initial verification¹² to be affixed to the instrument¹³. If the electricity meter examiner refuses to authorise the seal of EC initial verification to be affixed to a relevant instrument, he must give to the applicant a statement in writing of his reasons for refusal¹⁴. Each electricity meter examiner must keep a record of all tests and examinations carried out by him under these provisions¹⁵.

1 Ie an instrument of a category to which EEC Council Directive 76/891 (OJ L336, 4.12.76, p 30) (as amended) 'the Directive on Electrical Meters' (now repealed and replaced by European Parliament and EC Council Directive 2004/22 (OJ L35, 30.4.2004, p 1)) applied: see the Measuring Instruments (EC Requirements) (Electrical Energy Meters) Regulations 1995, SI 1995/2607, reg 2(1)(b), (m).

2 Ie for the purposes of the Measuring Instruments (EC Requirements) (Electrical Energy Meters) Regulations 1995, SI 1995/2607 (as amended). Those regulations, and the provisions of the Measuring Instruments (EEC Requirements) Regulations 1988, SI 1988/186 (as amended), which they apply with prescribed modifications, continue to apply to electrical energy meters of a pattern or construction which was approved before 30 October 2006: see the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679, reg 3(2)(a).

3 For the mark see the Measuring Instruments (EEC Requirements) Regulations 1988, SI 1988/186, reg 4, Sch 1 para 5 (amended by SI 1995/2607).

4 Ie (1) for the purposes of the Electricity Act 1989 Sch 7 paras 2(1)(b), 3(1)(b) (see PARA 1180 ante) in the case of certification; and (2) for the purposes of Sch 7 paras 2(1)(a), 3(1)(a) (as amended) (see PARA 1180 ante), Sch 7 para 7(1)(b) (see PARA 1185 ante) and Sch 7 para 9(3) (see PARA 1187 ante) in the case of installation: see

the Measuring Instruments (EC Requirements) (Electrical Energy Meters) Regulations 1995, SI 1995/2607, reg 3(1), (3)(a), (c), (d). Regulation 3 applies in relation to the use of certification of meters on or after 1 November 1995: reg 3(4).

5 le under the Electricity Act 1989 Sch 7 para 5 (as amended): see PARA 1182 ante. This is subject to any provision in regulations under Sch 7 para 5(4)(a) for the termination of certification: Measuring Instruments (EC Requirements) (Electrical Energy Meters) Regulations 1995, SI 1995/2607, reg 3(a).

6 If the meter is installed and the installer had reason to believe that the manufacturer had given directions about its installation, for the purposes of the Electricity Act 1989 Sch 7 paras 2(1)(a), 3(1)(a) (as amended), Sch 7 paras 7(1)(b), 9(3) it is to be deemed to be installed in an approved manner if (and only if) it is installed in accordance with the directions; and if the meter is installed and the installer had no reason to believe that the manufacturer had given directions about its installation, then for those purposes it is to be deemed to be installed in an approved manner if (and only if) the manner of installation does not impede its operation with the prescribed margins of error; and for this purpose 'prescribed margins of error' is to be construed in accordance with Sch 7 para 13 (see PARA 1182 note 7 ante), notwithstanding that such margins of error were prescribed with respect to certification: Measuring Instruments (EC Requirements) (Electrical Energy Meters) Regulations 1995, SI 1995/2607, reg 3(3)(c), (d).

7 'Electricity meter examiner' means a meter examiner appointed under the Electricity Act 1989 Sch 7 para 4 (as amended) (see PARA 1182 ante): Measuring Instruments (EC Requirements) (Electrical Energy Meters) Regulations 1995, SI 1995/2607, reg 2(1)(h).

8 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

9 Measuring Instruments (EC Requirements) (Electrical Energy Meters) Regulations 1995, SI 1995/2607, reg 9(1). As to the conduct in the United Kingdom of EC initial verification in relation to relevant instruments see reg 9(5), Sch 2.

10 As to EC pattern approval see PARA 1192 post.

11 See note 1 supra.

12 'The seal of EC initial verification' means the seal incorporating the mark of EC initial verification: Measuring Instruments (EC Requirements) (Electrical Energy Meters) Regulations 1995, SI 1995/2607, reg 2(1)(n).

13 Ibid reg 9(2). In the case of any relevant instrument submitted for EC initial verification to a meter examiner employed by the Authority, the Authority may charge such reasonable fee as it may determine in respect of the costs to the Authority of carrying out or procuring such examination or inquiry as may be required for the meter examiner to satisfy himself as to the matters in reg 9(2): reg 10(3) (substituted by SI 2002/3082).

14 Measuring Instruments (EC Requirements) (Electrical Energy Meters) Regulations 1995, SI 1995/2607, reg 9(3).

15 Ibid reg 9(4).

UPDATE

1191 EC initial verification

NOTE 3--SI 1988/186 Sch 1 para 5 further amended: SI 2008/1267.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/ (v) Electricity Meters/B. COMPLIANCE WITH EUROPEAN COMMUNITY REQUIREMENTS/(A) Electrical Energy Meters where Pattern or Construction Approved before 30 October 2006/1192. EC pattern approval and revocation of approval.

1192. EC pattern approval and revocation of approval.

Pattern approval of an electrical energy meter¹ might be granted by the Gas and Electricity Markets Authority ('GEMA')² on submission of an application by the manufacturer³ or his authorised representative which complied with the prescribed requirements⁴. It must have been granted before 30 October 2006⁵ and is valid for ten years⁶.

The Authority may also revoke any pattern approval after consultation with such persons as appear to it to be interested⁷. A pattern approval may be revoked on any one or more of the following grounds:

- 2793 (1) if meters constructed according to the pattern in question reveal in service a defect of a general nature which makes them unsuitable for their intended use;
- 2794 (2) if meters which are exempt from EEC initial verification⁸ on the basis that they are constructed in accordance with the approved pattern do not conform to that pattern or to the relevant requirements⁹;
- 2795 (3) if the metrological requirements specified in the certificate of pattern approval are not satisfied;
- 2796 (4) if the Authority is satisfied that the approval was improperly procured;
- 2797 (5) if any condition imposed¹⁰ is contravened; or
- 2798 (6) if meters constructed according to the pattern in question frequently fail a statistical check of attributes¹¹ and no improvement of the quality level is found once the shortcoming has been brought to the attention of the holder of the pattern approval¹².

If an approval is revoked, the Authority must give a statement in writing of the reasons to any person appearing to the Authority to be interested¹³. Any notice of revocation of approval must be published by the Authority¹⁴.

1 le a relevant instrument for the purposes of the Measuring Instruments (EC Requirements) (Electrical Energy Meters) Regulations 1995, SI 1995/2607 (as amended): see PARA 1191 note 1 ante.

2 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

3 'Manufacturer', where more than one person is responsible for the manufacture of an instrument, means the person responsible for the final stage of manufacture: Measuring Instruments (EC Requirements) (Electrical Energy Meters) Regulations 1995, SI 1995/2607, reg 2(1)(j).

4 See *ibid* reg 5A (added by SI 2002/3082). As to the material to be submitted with such an application see the Measuring Instruments (EC Requirements) (Electrical Energy Meters) Regulations 1995, SI 1995/2607, reg 6, Sch 1 (Sch 1 amended by SI 2002/3082); and as to fees for EC pattern approval see the Measuring Instruments (EC Requirements) (Electrical Energy Meters) Regulations 1995, SI 1995/2607, reg 10(1), (2) (substituted by SI 2002/3082).

With regard to applications made before 1 February 2003, an application for pattern approval was to be made under the Measuring Instruments (EEC Requirements) Regulations 1988, SI 1988/186, reg 8, Schs 1, 2 (as

amended; applied with modifications by SI 1995/2607): see the Measuring Instruments (EC Requirements) (Electrical Energy Meters) (Amendment) Regulations 2002, SI 2002/3082, regs 1, 4.

5 See the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679, reg 3(2) (a).

6 See the Measuring Instruments (EEC Requirements) Regulations 1988, SI 1988/186, reg 8(5) (applied by SI 1995/2607).

7 Measuring Instruments (EEC Requirements) Regulations 1988, SI 1988/186, reg 11(1) (reg 11 amended by SI 1995/2607; and by virtue of the Utilities Act 2000 s 3(2)).

8 As to initial verification see PARA 1191 ante.

9 Ie the requirements of EEC Council Directive 76/891 (OJ L336, 4.12.76, p 30) (as amended) 'the Directive on Electrical Meters' (now repealed and replaced by European Parliament and EC Council Directive 2004/22 (OJ L135, 30.4.2004, p 1) on measuring instruments).

10 Ie under the Measuring Instruments (EEC Requirements) Regulations 1988, SI 1988/186, reg 9(2) (conditions which might be imposed when pattern approval was granted).

11 Ie a statistical check of attributes carried out under *ibid* reg 13(4), Sch 3 para 5. Note, however, that reg 13, Sch 3 is not expressed to apply for these purposes: see the Measuring Instruments (EC Requirements) (Electrical Energy Meters) Regulations 1995, SI 1995/2607, reg 5(1)(b).

12 Measuring Instruments (EEC Requirements) Regulations 1988, SI 1988/186, reg 11(2) (as amended: see note 7 *supra*).

13 *Ibid* reg 11(4) (as amended: see note 7 *supra*).

14 *Ibid* reg 11(3) (as amended: see note 7 *supra*).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/ (v) Electricity Meters/B. COMPLIANCE WITH EUROPEAN COMMUNITY REQUIREMENTS/(A) Electrical Energy Meters where Pattern or Construction Approved before 30 October 2006/1193. Restrictions on the use of meters of approved patterns.

1193. Restrictions on the use of meters of approved patterns.

Where a pattern approval¹ is in force, the manufacturer must cause the sign of EEC pattern approval to be affixed to meters conforming to the approved pattern².

Where:

- 2799 (1) the Gas and Electricity Markets Authority ('GEMA')³ revokes an EC pattern approval⁴ relating to a category of relevant instruments⁵; or
- 2800 (2) it appears to the Authority that any such pattern approval has been revoked by any member state other than the United Kingdom or by any other EEA state⁶,

the Authority must cause a notice to be published in the London Gazette requiring all relevant instruments of the pattern in question used for the purpose of ascertaining the amount of electrical energy supplied to any person in England and Wales to be removed as soon as practicable and in any event within a period of six months beginning with the date of publication of the notice⁷. Such a notice must give particulars of the pattern to which it relates and must include a statement of the grounds for the publication of the notice⁸.

Where the Authority is satisfied that relevant instruments, constructed according to a pattern in respect of which an EC pattern approval granted by a member state or an EEA state other than the United Kingdom is in force, reveal in service a defect of a general nature which makes them unsuitable for their intended use, the Authority must cause a notice to be published in the London Gazette requiring all relevant instruments of the pattern in question used for the purposes of ascertaining the amount of electrical energy supplied to any person in England and Wales to be removed as soon as practicable and in any event within a period of six months beginning with the date of publication of the notice⁹. Such a notice must give particulars of the pattern to which it relates and must include a statement of the grounds for the publication of the notice¹⁰. The Authority may at any time withdraw such a notice by publishing a notice of withdrawal in the London Gazette¹¹.

Where an EEC limited pattern approval¹² is subject to one or more of the following conditions, that is to say:

- 2801 (a) a condition requiring written notice of the place of installation to be given to the competent authorities of member states in which relevant instruments of the pattern in question are to be installed;
- 2802 (b) a condition limiting the use of relevant instruments of the pattern in question;
- 2803 (c) a special condition with respect to the techniques used;

any person who, knowing that any such condition applies to any relevant instrument:

- 2804 (i) uses for ascertaining the quantity of electricity supplied by an electricity supplier¹³ to a customer, or causes or permits any other person so to use, that relevant instrument knowing that notice has not been given as required by the condition mentioned in head (a) above or (as the case may be) in contravention of a condition mentioned in head (b) or head (c) above; or
- 2805 (ii) disposes of the relevant instrument to any other person in a state in which it could be so used without informing that person of the condition,

is guilty of an offence¹⁴ and liable on summary conviction to a fine not exceeding level 3 on the standard scale¹⁵. The relevant instrument is liable to be forfeited¹⁶.

Where an EEC pattern approval¹⁷ is not extended¹⁸ then the relevant regulations¹⁹ apply, in relation to any relevant instrument of the pattern in question which was used for ascertaining the quantity of electricity supplied by an electricity supplier to a customer before the pattern approval ceased to have effect, as if the pattern approval had continued in force²⁰. The manufacturer of any relevant instrument of the pattern in question, bearing any EEC sign or mark related to that pattern approval, which has not been so used is guilty of an offence if, after the pattern approval has ceased to have effect, he disposes of the instrument to any other person²¹. A person guilty of such an offence is liable on summary conviction to a fine not exceeding level 3 on the standard scale²² and the relevant instrument is liable to be forfeited²³.

No proceedings may be instituted in England and Wales in respect of an offence under the above provisions except by or on behalf of the Authority²⁴.

1 Ie whether that approval has been granted by the United Kingdom or any other member state: Measuring Instruments (EEC Requirements) Regulations 1988, SI 1988/186, reg 12(2). For the meaning of 'United Kingdom' see PARA 602 note 7 ante.

2 Ibid reg 12(2). The sign must be affixed at a visible point on the meter and must be legible and indelible: ibid reg 12(4).

3 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

4 'EC pattern approval' includes 'EEC pattern approval': Measuring Instruments (EC Requirements) (Electrical Energy Meters) Regulations 1995, SI 1995/2607, reg 2(1)(d). As to EC pattern approval see PARA 1192 ante.

5 For the meaning of 'relevant instrument' see PARA 1191 note 1 ante.

6 'EEA state' means a state which, at 1 November 1995, was a contracting party to the EEA Agreement; and 'the EEA Agreement' means the Agreement on the European Economic Area signed at Oporto on 2 May 1992, together with the Protocol adjusting that Agreement signed at Brussels on 17 March 1993: Measuring Instruments (EC Requirements) (Electrical Energy Meters) Regulations 1995, SI 1995/2607, reg 2(1)(f), (g).

7 Ibid reg 7(1) (regs 7, 8 amended by virtue of the Utilities Act 2000 s 3(2)).

8 Measuring Instruments (EC Requirements) (Electrical Energy Meters) Regulations 1995, SI 1995/2607, reg 7(2).

9 Ibid reg 8(1) (as amended: see note 7 supra).

10 Ibid reg 8(2).

11 Ibid reg 8(3) (as amended: see note 7 supra).

12 As to limited EEC pattern approval see the Measuring Instruments (EEC Requirements) Regulations 1988, SI 1988/186, reg 10 (amended by SI 1995/2607).

13 For the meaning of 'electricity supplier' see PARA 1065 note 7 ante.

14 Measuring Instruments (EEC Requirements) Regulations 1988, SI 1988/186, reg 16 (amended by SI 1995/2607).

15 Measuring Instruments (EC Requirements) (Electrical Energy Meters) Regulations 1995, SI 1995/2607, reg 14(2). As to the standard scale see PARA 613 note 11 ante. Where an offence under any provision of the 1995 Regulations which has been committed by a body corporate is proved to have been committed with the consent or connivance of, or to be attributable to any neglect on the part of, any director, manager, secretary or other similar officer of the body corporate, or any person who was purporting to act in any such capacity, he as well as the body corporate is guilty of that offence and is liable to be proceeded against and penalised accordingly: reg 13(1). Where the affairs of a body corporate are managed by its members, reg 13(1) applies in relation to the acts and defaults of a member in connection with his functions of management as if he were a director of the body corporate: reg 13(2).

16 See the Measuring Instruments (EEC Requirements) Regulations 1988, SI 1988/186, reg 16 (as amended: see note 14 supra).

17 Is whether that approval has been granted by the United Kingdom or any other member state: Measuring Instruments (EEC Requirements) Regulations 1988, SI 1988/186, reg 18.

18 As to extension of pattern approvals which were originally granted for a period of two years or less for a further period of not more than three years see *ibid* reg 9 (amended by SI 1995/2607).

19 Is the Measuring Instruments (EEC Requirements) Regulations 1988, SI 1988/186 (as amended).

20 *Ibid* reg 18(a) (reg 18 amended by SI 1995/2607).

21 Measuring Instruments (EEC Requirements) Regulations 1988, SI 1988/186, reg 18(b) (as amended: see note 20 supra).

22 See note 15 supra.

23 See the Measuring Instruments (EEC Requirements) Regulations 1988, SI 1988/186, reg 18(b) (as amended: see note 20 supra).

24 Measuring Instruments (EC Requirements) (Electrical Energy Meters) Regulations 1995, SI 1995/2607, reg 15 (amended by virtue of the Utilities Act 2000 s 3(2)).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/ (v) Electricity Meters/B. COMPLIANCE WITH EUROPEAN COMMUNITY REQUIREMENTS/(A) Electrical Energy Meters where Pattern or Construction Approved before 30 October 2006/1194. Obliteration of EC signs and marks.

1194. Obliteration of EC signs and marks.

An electricity meter examiner¹ may remove the seal of EC initial verification² affixed to a relevant instrument³ or obliterate any EC sign or mark⁴ affixed thereto if he is satisfied:

- 2806 (1) that the instrument to which the seal is affixed falls outside the prescribed limits of error⁵; or
- 2807 (2) that the instrument does not comply with the requirements of the relevant European Directive⁶.

Without prejudice to the above provision, where an electricity meter examiner is satisfied that an EC pattern approval⁷ has ceased to have effect, he may, at the request of any person appearing to him to be the owner of a relevant instrument which bears any EC sign or mark related to that EC pattern approval, remove the seal of EC initial verification affixed thereto, or obliterate any EC sign or mark thereon⁸.

Obliteration under these provisions must be carried out by the electricity meter examiner by means of punches or pincers of a prescribed⁹ six-pointed star design¹⁰; but this does not apply where in the opinion of the electricity meter examiner it would be impossible to obliterate any EC sign or mark by that method; and in any such case obliteration must be carried out in such other manner as the Gas and Electricity Markets Authority ('GEMA')¹¹ may direct, whether generally or in relation to signs or marks of any particular description¹².

1 For the meaning of 'electricity meter examiner' see PARA 1191 note 7 ante.

2 For the meaning of 'seal of EC initial verification' see PARA 1191 note 12 ante.

3 For the meaning of 'relevant instrument' see PARA 1191 note 1 ante.

4 For these purposes, 'EC mark' includes 'EEC mark' and 'EC sign' includes 'EEC sign': Measuring Instruments (EC Requirements) (Electrical Energy Meters) Regulations 1995, SI 1995/2607, reg 2(1)(e).

5 I.e. the limits of error referred to in *ibid* reg 3(3)(d): see PARA 1191 note 6 ante.

6 *Ibid* reg 11(1). As to the relevant Directive see PARA 1191 note 1 ante.

7 I.e. whether granted in the United Kingdom or by any other member state or EEA state: *ibid* reg 11(2). As to EC pattern approval see PARA 1192 ante. See also PARA 1193 note 4 ante. For the meaning of 'United Kingdom' see PARA 602 note 7 ante; and for the meaning of 'EEA state' see PARA 1193 note 6 ante.

8 *Ibid* reg 11(2).

9 I.e. the design illustrated in *ibid* reg 11(3).

10 *Ibid* reg 11(3).

11 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 *et seq* ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

12 Measuring Instruments (EC Requirements) (Electrical Energy Meters) Regulations 1995, SI 1995/2607, reg 11(4) (amended by virtue of the Utilities Act 2000 s 3(2)).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/ (v) Electricity Meters/B. COMPLIANCE WITH EUROPEAN COMMUNITY REQUIREMENTS/(A) Electrical Energy Meters where Pattern or Construction Approved before 30 October 2006/1195. Offences relating to EC signs and marks on meters.

1195. Offences relating to EC signs and marks on meters.

Any person who, in the case of a relevant instrument¹:

- 2808 (1) not being an electricity meter examiner² or a person acting under the authority of an electricity meter examiner, marks in any manner any seal or plate used or designed for use for the reception of any EC sign or mark³;
- 2809 (2) not being authorised or required to do so under any provision of the relevant regulations⁴, marks any such instrument with any EC sign or mark;
- 2810 (3) forges, counterfeits or, except pursuant to a duty imposed on an electricity meter examiner, in any way alters or defaces any EC sign or mark⁵;
- 2811 (4) removes any EC sign or mark and inserts it into or attaches it onto any other relevant instrument; or
- 2812 (5) makes any alteration in the instrument after any EC sign or mark has been applied to it in accordance with the regulations referred to in head (2) above, so that it no longer complies with the requirements of the relevant European Directive⁶,

is guilty of an offence⁷ and liable on summary conviction to a fine not exceeding level 5 on the standard scale⁸. A person is not, however, guilty of such an offence by reason solely of the destruction or obliteration of any sign, mark, seal or plate, in the course of the adjustment or repair of any instrument of a category to which the relevant European Directive applied, by or by the duly authorised agent of the person who is a manufacturer⁹ of, or regularly engaged in the business of repairing, such instruments¹⁰.

Any person who supplies electricity through any relevant instrument, which to his knowledge:

- 2813 (a) bears any EC sign or mark which is a forgery or counterfeit, or which has been transferred from another instrument, or which has been altered or defaced otherwise than as permitted by virtue of the above provisions; or
- 2814 (b) does not comply with the requirements of the relevant European Directive by reason of any alteration made in it after any EC sign or mark was applied to it in accordance with the relevant regulations;

is also guilty of an offence¹¹ and liable on summary conviction to a fine not exceeding level 5 on the standard scale¹².

No proceedings in respect of any such offence may be instituted in England and Wales except by or on behalf of the Gas and Electricity Markets Authority ('GEMA')¹³.

1 For the meaning of 'relevant instrument' see PARA 1191 note 1 ante.

2 For the meaning of 'electricity meter examiner' see PARA 1191 note 7 ante.

3 For the meaning of 'EC sign or mark' see PARA 1194 note 4 ante.

4 le the Measuring Instruments (EC Requirements) (Electrical Energy Meters) Regulations 1995, SI 1995/2607 (as amended): see PARA 1191 et seq ante.

5 As to obliteration of marks by meter examiners see PARA 1194 ante.

6 As to the relevant Directive see PARA 1191 note 1 ante.

7 Measuring Instruments (EC Requirements) (Electrical Energy Meters) Regulations 1995, SI 1995/2607, reg 12(1). As to offences by bodies corporate see reg 13, cited in PARA 1193 note 15 ante.

8 Ibid reg 14(1). As to the standard scale see PARA 613 note 11 ante.

9 For the meaning of 'manufacturer' see PARA 1192 note 3 ante.

10 Measuring Instruments (EC Requirements) (Electrical Energy Meters) Regulations 1995, SI 1995/2607, reg 12(2).

11 Ibid reg 12(3).

12 See note 8 supra.

13 Measuring Instruments (EC Requirements) (Electrical Energy Meters) Regulations 1995, SI 1995/2607, reg 15 (amended by virtue of the Utilities Act 2000 s 3(2)). As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/ (v) Electricity Meters/B. COMPLIANCE WITH EUROPEAN COMMUNITY REQUIREMENTS/(B) Requirements of the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006/1196. Relevant instruments.

(B) REQUIREMENTS OF THE MEASURING INSTRUMENTS (ACTIVE ELECTRICAL ENERGY METERS) REGULATIONS 2006

1196. Relevant instruments.

For the purposes of the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006¹, a 'relevant instrument' is an active electrical energy meter² which is for use for trade³.

A relevant instrument is not, however:

2815 (1) an instrument which:

255

381. (a) is of a pattern or construction approved before 30 October 2006 by or under regulations made under the relevant provisions of the Electricity Act 1989⁴ or by or under the corresponding Northern Ireland provisions⁵, where such approval has not been revoked under regulations so made; and

382. (b) is certified⁶ or excepted from the requirement for certification⁷ and is put into use⁸ before 30 October 2016⁹;

256

2816 (2) an instrument:

257

383. (a) in respect of a pattern of which EC pattern approval was granted before 30 October 2006 under the Measuring Instruments (EC Requirements) (Electrical Energy Meters) Regulations 1995¹⁰ or by any other member state¹¹ in accordance with the relevant provisions of measures in force which implement the relevant European Directive¹² and which is in force; and

384. (b) which bears a mark of EC initial verification affixed under those regulations or by any other member state in accordance with those provisions¹³;

258

2817 (3) an instrument which is used under an agreement providing for the supply of active electrical energy where:

259

385. (a) the maximum quantity supplied exceeds 100 kilowatts per hour; and

386. (b) the instrument provides measurement on a half-hourly basis¹⁴;

260

2818 (4) an instrument which is not compliant with the essential requirements¹⁵ and which is displayed or presented at a trade fair, exhibition or demonstration, if a sign displayed visibly on or near the instrument clearly indicates that the instrument:

261

387. (a) is not compliant with those requirements; and

388. (b) cannot be acquired or used until it is made compliant with those requirements by the manufacturer¹⁶.

262

- 1 le the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679: see PARA 1197 et seq post.
- 2 'Active electrical energy meter' means a device which measures the active electrical energy consumed in a circuit: *ibid* reg 2(1).
- 3 *Ibid* reg 3(1).
- 4 le by or under regulations made under the Electricity Act 1989 Sch 7 para 2 (as amended): see PARA 1180 ante.
- 5 le by or under regulations made under the Electricity (Northern Ireland) Order 1992, SI 1992/231, Sch 7 para 3.
- 6 le under the Electricity Act 1989 Sch 7 para 5 (as amended) (see PARA 1182 ante) or the corresponding Northern Ireland provision.
- 7 le excepted under the Electricity Act 1989 Sch 7 para 2(2) (as amended) (see PARA 1180 ante) or the corresponding Northern Ireland provision.
- 8 'Put into use' means the first use of a relevant instrument intended for the end user for the purposes for which it was intended: Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679, reg 2(1).
- 9 *Ibid* reg 3(2), (3).
- 10 le under the Measuring Instruments (EC Requirements) (Electrical Energy Meters) Regulations 1995, SI 1995/2607 (as amended): see PARA 1191 et seq ante. As to pattern approval under those regulations see PARA 1192 ante.
- 11 For these purposes, a reference to a member state includes Norway, Iceland and Liechtenstein: Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679, reg 2(2).
- 12 le EEC Council Directive 76/891 (OJ L336, 4.12.76, p 30) (as amended) 'the Directive on Electrical Meters' (now repealed and replaced by European Parliament and EC Council Directive 2004/22 (OJ L135, 30.4.2004, p 1) on measuring instruments).
- 13 Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679, reg 3(4). As to EC initial verification under the 1995 Regulations see PARA 1191 ante.
- 14 *Ibid* reg 3(5).
- 15 'Essential requirements' means the requirements set out in *ibid* Sch 1 Pt 1 (reg 2(1)) and are the relevant requirements relating to relevant instruments contained in European Parliament and EC Council Directive 2004/22 (OJ L135, 30.4.2004, p 1) on measuring instruments, Annex 1 and Annex M1-002, as so set out (Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679, Sch 1 Pt 1 para 1). Those requirements relate to: (1) allowable errors; (2) reproducibility; (3) repeatability; (4) discrimination and sensitivity; (5) durability; (6) reliability; (7) protection against corruption; (8) information to be borne by and to accompany the relevant instrument; (9) indication of result; (10) conformity evaluation; (11) accuracy; (12) rated operating conditions; (13) maximum permissible error ('MPE'); (14) permissible effect of disturbance (electro-magnetic environment); (15) suitability; and (16) units: see Sch 1 Pt 1 paras 3-18. For the applicable statutory definitions of certain terms used therein see Sch 1 Pt 1 para 2.
- 16 *Ibid* reg 3(6). 'Manufacturer' means a person responsible for the conformity of a relevant instrument with the essential requirements with a view to either placing it on the market under his own name or putting it into use for his own purposes, or both; and 'place on the market' means making available for the first time in a member state a relevant instrument intended for an end user, whether for reward or free of charge: reg 2(1).

UPDATE

1196 Relevant instruments

NOTE 15--Directive 2004/22 Annex M1-002 amended: EC Commission Directive 2009/137 (OJ L294, 11.11.2009, p 7).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/ (v) Electricity Meters/B. COMPLIANCE WITH EUROPEAN COMMUNITY REQUIREMENTS/(B) Requirements of the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006/1197. Requirements for placing on the market and putting into use of active electrical energy meters.

1197. Requirements for placing on the market and putting into use of active electrical energy meters.

No person must place on the market¹ or put into use² a relevant instrument³ unless the following requirements, or the corresponding requirements of the relevant European Directive⁴ as implemented under the law of another member state, are met:

- 2819 (1) the instrument is compliant with the essential requirements⁵;
- 2820 (2) the manufacturer⁶ has demonstrated its compliance with the essential requirements⁷;
- 2821 (3) the instrument has affixed to it the CE marking⁸, the M marking⁹ and the identification number of the notified body¹⁰ which carried out the conformity assessment procedure¹¹ in respect of the instrument; and
- 2822 (4) the instrument is put into use in accordance¹² with the prescribed putting into use requirements¹³.

Where a person fails to comply with the requirements of head (1), head (2) or head (3) above, he is guilty of an offence¹⁴ and any relevant instrument to which the offence relates and which has not been put into use is liable to be forfeited¹⁵.

1 For the meaning of 'place on the market' see PARA 1196 note 16 ante.

2 For the meaning of 'put into use' see PARA 1196 note 8 ante.

3 For the meaning of 'relevant instrument' see PARA 1196 ante.

4 Ie European Parliament and EC Council Directive 2004/22 (OJ L135, 30.4.2004, p 1).

5 As to the essential requirements see PARA 1196 note 15 ante.

6 For the meaning of 'manufacturer' see PARA 1196 note 16 ante.

7 Ie in accordance with the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679, reg 5. A manufacturer may demonstrate that a relevant instrument is compliant with the essential requirements by (1) using any technical solution that is compliant with the essential requirements; (2) correctly applying solutions set out in the relevant national standard; or (3) correctly applying solutions set out in the relevant normative document, and selecting and following one of the conformity assessment procedures: reg 5(1). A relevant instrument which is compliant with the relevant national standard or relevant normative document is to be presumed to be compliant with the essential requirements: reg 5(2). Where the relevant instrument is compliant only in part with the relevant national standard or relevant normative document, it is to be presumed to be compliant only with that part of the essential requirements which corresponds to the element of the relevant national standard or relevant normative document with which the instrument is compliant: reg 5(3). 'Relevant national standard' means a standard applicable to a relevant instrument (1) implementing a harmonised standard that has been published in the Official Journal C series; and (2) the reference of which is published in the United Kingdom by the Secretary of State or in another member state by the competent authority pursuant to the third sub-paragraph of European Parliament and EC Council Directive 2004/22 (OJ L135, 30.4.2004, p 1), art 13.1; 'relevant normative document' means a normative document applicable to a relevant instrument, the reference of which is published in the United Kingdom by the Secretary of State or in another member state by the competent authority pursuant to the third sub-paragraph of art 13.2;

'normative document' means a document containing technical specifications adopted by the Organisation Internationale de Métrologie Légale, subject to the procedure stipulated in art 16.1, the reference of which is published by the Commission in the Official Journal pursuant to art 16.1(b); and 'harmonised standard' means a technical specification adopted by the European Committee for Standardisation ('CEN'), the European Committee for Electrotechnical Standardisation ('CENELEC') or the European Telecommunications Standards Institute ('ETSI') or jointly by two or all of these organisations, at the request of the Commission pursuant to European Parliament and EC Council Directive 98/34 (OJ L204, 21.7.98, p 37) laying down a procedure for the provision of information in the field of technical standards and regulations and of rules on information society services, as amended by European Parliament and EC Council Directive 98/48 (OJ L217, 5.8.98, p 18), and prepared in accordance with the general guidelines agreed between the Commission and one or more of CEN, CENELEC and ETSI: Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679, reg 2(1).

8 As to the CE marking see *ibid* reg 12(3)(a), Sch 4 paras 1, 4-5.

9 As to the M marking see *ibid* reg 12(3)(b), Sch 4 paras 2, 4-5.

10 As to the identification number of the notified body see *ibid* reg 12(3)(c), Sch 4 paras 3-5. 'Notified body' means (1) the Secretary of State; or (2) a United Kingdom notified body (ie a person designated under reg 7: see PARA 1198 post); and (3) for the purposes of reg 4(1)(c) (see head (3) in the text), reg 15(6) (see PARA 1201 post) and reg 17(1)(b) (see PARA 1190 post), a person designated by another member state, who has been notified to the European Commission and the other member states pursuant to European Parliament and EC Council Directive 2004/22 (OJ L135, 30.4.2004, p 1), art 11(1): Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679, reg 2(1).

11 'Conformity assessment procedure' means any procedure referred to in *ibid* reg 6: reg 2(1). The conformity assessment procedures are the procedures as follows: (1) B and F; (2) B and D; and (3) H1; and (a) 'B' means type examination, set out in European Parliament and EC Council Directive 2004/22 (OJ L135, 30.4.2004, p 1), Annex B; (b) 'D' means declaration of conformity to type based on quality assurance of the production process, set out in Annex D; (c) 'F' means declaration of conformity to type based on product verification, set out in Annex F; and (d) 'H1' means declaration of conformity based on full quality assurance plus design examination, set out in Annex H1: Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679, reg 6(1), (3). The manufacturer or his authorised representative must provide to the notified body carrying out the relevant conformity assessment procedure the technical documentation set out in Sch 3: reg 6(2). The technical documentation must render the design, manufacture and operation of the relevant instrument intelligible and must permit an assessment of its conformity with the appropriate requirements of the 2006 Regulations: Sch 3 para 1. It must be sufficiently detailed to ensure the definition of the metrological characteristics, the reproducibility of the metrological performances of produced relevant instruments when properly adjusted using appropriate intended means and the integrity of the instrument: Sch 3 para 2. It must include, in so far as relevant for assessment and identification of the type and/or instrument: (i) a general description of the instrument; (ii) conceptual design and manufacturing drawings and plans of components and circuits; (iii) manufacturing procedures to ensure consistent production; (iv) if applicable, a description of the electronic devices with drawings, diagrams, flow diagrams of the logic and general software information explaining their characteristics and operation; (v) descriptions and explanations necessary for the understanding of heads (ii)-(iv) supra, including the operation of the instrument; (vi) a list of the relevant national standards and/or relevant normative documents, applied in full or in part; (vii) descriptions of the solutions adopted to meet the essential requirements where the relevant national standards and/or relevant normative documents have not been applied; (viii) results of design calculations and examinations; (ix) the appropriate test results, where necessary, to demonstrate that the type and/or instrument is compliant with the requirements of the 2006 Regulations under declared rated operating conditions and under specified environmental disturbances and the durability specifications; and (x) the EC-type examination certificates or EC design examination certificates in respect of instruments containing parts identical to those in the design: Sch 3 para 3. The manufacturer must specify where seals and markings have been applied (Sch 3 para 4); and must indicate the conditions for compatibility with interfaces, where relevant (Sch 3 para 5).

12 *Ie* in accordance with *ibid* Sch 1 Pt 2 (para 19).

13 *Ibid* reg 4(1). Subject to Sch 1 Pt 2 para 19(2), measurements may be performed by means of any relevant instrument provided that the temperature range to which a relevant instrument is exposed is not wider than the range specified by the manufacturer in relation to that relevant instrument in accordance with Sch 1 Pt 1 para 3(1)(a), Table 1: Sch 1 Pt 2 para 19(1). Class A relevant instruments may not be used when operating outside the temperature range of an upper temperature limit of 30°C to a lower temperature limit of 5°C: Sch 1 Pt 2 para 19(2). The person responsible for installing the relevant instrument must determine the correct current range and assess the climatic environment, so that the relevant instrument is appropriate for the accurate measurement of consumption that is foreseen or foreseeable: Sch 1 Pt 2 para 19(3).

14 A person guilty of an offence under the 2006 Regulations is liable, on summary conviction, to a fine not exceeding level 5 on the standard scale: *ibid* reg 21. As to the standard scale see PARA 613 note 11 ante. As to

proceedings for such an offence, the defence of due diligence and the liability of persons other than the principal offender see *PARA 1206* post.

15 *Ibid* reg 4(2).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/ (v) Electricity Meters/B. COMPLIANCE WITH EUROPEAN COMMUNITY REQUIREMENTS/(B) Requirements of the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006/1198. Designation of notified bodies.

1198. Designation of notified bodies.

The Gas and Electricity Markets Authority ('GEMA')¹, on the application of a person resident, incorporated or carrying on business in Great Britain², and the Northern Ireland Authority for Energy Regulation ('NIAER'), on the application of a person resident, incorporated or carrying on business in Northern Ireland, may designate that person to be a United Kingdom notified body³. GEMA (or, as the case may be, NIAER) must not, however, make such a designation unless it is satisfied that the person meets the notified body criteria⁴. A person who meets the criteria laid down in a national standard⁵ is to be presumed to meet that part of the notified body criteria which corresponds to the criteria in the national standard⁶.

A designation must be in writing⁷. It may be made subject to such conditions as may be specified in the designation, which may include conditions which:

- 2823 (1) are to apply upon or following termination of the designation;
- 2824 (2) require the use of test equipment for the purpose of conformity assessment appropriate to the relevant instrument⁸ being assessed; and
- 2825 (3) limit the description of any relevant instrument for which the person is designated⁹.

A designation may¹⁰ be for such period as may be specified in the designation¹¹. It must specify the conformity assessment procedures¹² and specific tasks, which may be framed by reference to any circumstances, which the person has been designated to carry out¹³; and may include a requirement to publish from time to time the scale of fees which the person charges¹⁴ or such information about the basis of calculation of such fees as may be specified¹⁵.

GEMA (except in relation to designations made by NIAER) and NIAER (in relation to designations made by it) must, from time to time, publish a list of notified bodies indicating, in the case of each United Kingdom notified body, the descriptions of any relevant instrument in respect of which that notified body is designated; and such a list may include information concerning any condition to which the designation of any United Kingdom notified body is subject¹⁶. GEMA (in relation to designations made by it) and NIAER (in relation to designations made by it) must also, from time to time, carry out an inspection of each United Kingdom notified body with a view to verifying that it:

- 2826 (a) meets the notified body criteria;
- 2827 (b) complies with any condition to which its designation is subject; and
- 2828 (c) complies with the relevant regulations¹⁷,

but, unless it appears that there are circumstances which make it necessary or expedient to do so, must not carry out an inspection within two years from the date of designation or of any later inspection¹⁸. GEMA or NIAER may charge any person fees to recover the full costs reasonably incurred by it in making a designation or in carrying out such an inspection¹⁹.

GEMA (in relation to designations made by it) or NIAER (in relation to designations made by it) may:

- 2829 (i) vary a designation made under the above provisions if:
 263
 389. (A) the United Kingdom notified body so requests; or
 390. (B) it appears to GEMA (or, as the case may be, NIAER) necessary or expedient to do so²⁰;
 264
 2830 (ii) terminate a designation so made:
 265
 391. (A) on the expiry of 90 days' notice in writing at the request of the United Kingdom notified body;
 392. (B) if it appears to GEMA (or, as the case may be, NIAER) that any condition of the designation is not complied with; or
 393. (C) if in the opinion of GEMA (or, as the case may be, NIAER) the United Kingdom notified body ceases to satisfy the notified body criteria²¹.
 266

Where GEMA or NIAER is minded to vary a designation pursuant to head (i)(B) above or to terminate a designation pursuant to head (ii)(B) or head (ii)(C) above, it must give notice in writing to the United Kingdom notified body of its reasons and give that notified body the opportunity to make representations within a period of 21 days from the date of that notice and consider any representations made to it within that period²². If a designation is terminated, GEMA (or, as the case may be, NIAER) may give such directions, either to the United Kingdom notified body the subject of the termination or to another United Kingdom notified body, for the purposes of making arrangements for the determination of outstanding applications, as it considers appropriate; and may, notwithstanding that power to give directions, authorise another United Kingdom notified body to take over the functions of the United Kingdom notified body the subject of the termination in respect of such cases as GEMA (or, as the case may be, NIAER) may specify²³.

1 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante.

2 For the meaning of 'Great Britain' see PARA 602 note 7 ante.

3 Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679, reg 7(1). In exercising the power so conferred on it by reg 7(1), GEMA (or, as the case may be, NIAER) may (in addition to the matters of which it is required to satisfy itself pursuant to reg 7(2): see the text and note 4 infra) have regard to any matter appearing to it to be relevant: reg 7(5).

4 Ibid reg 7(2). 'Notified body criteria' means the criteria set out in ibid Sch 2 Pt 1 (paras 1-8): reg 2(1). Those criteria are as follows (Sch 2 Pt 1 paras 1-8)), ie:

- 57 (1) the body, its director and staff involved in conformity assessment tasks must not be the designer, manufacturer, supplier, installer or user of the relevant instrument that they inspect, nor the authorised representative of any of them; in addition, they may not be directly involved in the design, manufacture, marketing or maintenance of the relevant instrument, nor represent the parties engaged in these activities; but the preceding criterion does not preclude in any way the possibility of exchanges of technical information between the manufacturer and the body for the purposes of conformity assessment;
- 58 (2) the body, its director and staff involved in conformity assessment tasks must be free from all pressures and inducements, in particular financial inducements, that might influence their judgment or the results of their conformity assessment, especially from persons or groups of persons with an interest in the results of the assessments;

- 59 (3) the conformity assessment must be carried out with the highest degree of professional integrity and requisite competence in the field of metrology; should the body sub-contract specific tasks, it must first ensure that the sub-contractor meets the requirements of the 2006 Regulations, and in particular of Sch 1; and the body must keep the relevant documents assessing the sub-contractor's qualifications and the work carried out by him under those regulations at the disposal of GEMA (or NIAER, where that authority designates the body);
- 60 (4) the body must be capable of carrying out all the conformity assessment tasks for which it has been designated, whether those tasks are carried out by the body itself or on its behalf and under its responsibility; it must have at its disposal the necessary staff and must have access to the necessary facilities for carrying out in a proper manner the technical and administrative tasks entailed in conformity assessment;
- 61 (5) the body's staff must have:
52. (a) sound technical and vocational training, covering all conformity assessment tasks for which the body was designated;
52
53. (b) satisfactory knowledge of the rules governing the tasks which it carries out, and adequate experience of such tasks;
53
54. (c) the requisite ability to draw up the certificates, records and reports demonstrating that the tasks have been carried out;
54
- 62 (6) the impartiality of the body, its director and staff must be guaranteed; the remuneration of the body must not depend on the results of the tasks it carries out and the remuneration of the body's director and staff must not depend on the number of tasks carried out or on the results of such tasks;
- 63 (7) the body must satisfy GEMA (or NIAER, where that authority designates the body) that it has adequate civil liability insurance;
- 64 (8) the body's director and staff must be bound to observe professional secrecy with regard to all information obtained in the performance of their duties pursuant to the 2006 Regulations, except vis-à-vis the authority of GEMA (or NIAER, where that authority designates the body).
- 5 For these purposes, 'national standard' means a standard applicable to the designation of notified bodies (1) implementing a harmonised standard that has been published in the Official Journal; and (2) the reference of which is published in the United Kingdom by the Secretary of State or in another member state by the competent authority pursuant to European Parliament and EC Council Directive 2004/22 (OJ L135, 30.4.2004, p 1), art 11.2: Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679, reg 7(6). For the meaning of 'harmonised standard' see PARA 1197 note 7 ante.
- 6 Ibid reg 7(3).
- 7 Ibid reg 7(4)(a). 'In writing' includes text that is (1) transmitted by electronic means; (2) received in legible form; and (3) capable of being used for subsequent reference: reg 2(1).
- 8 For the meaning of 'relevant instrument' see PARA 1196 ante.
- 9 Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679, reg 7(4)(b).
- 10 Ie subject to ibid reg 10: see the text and notes 20-23 infra.
- 11 Ibid reg 7(4)(c).
- 12 For the meaning of 'conformity assessment procedure' see PARA 1197 note 12 ante.
- 13 Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679, reg 7(4)(d).
- 14 Ie pursuant to ibid reg 11. A United Kingdom notified body may charge such fees in connection with, or incidental to, the carrying out of conformity assessment procedures or specific tasks as it may determine: reg 11(1). Those fees must not, however, exceed the following: (1) the costs incurred or to be incurred by the United Kingdom notified body in performing the relevant function; and (2) an amount on account of profit which is reasonable in the circumstances having regard to the character and extent of the work done or to be done by that notified body on behalf of the applicant and the commercial rate normally charged on account of profit for

that work or similar work: reg 11(2). The power to charge fees includes the power to require the payment of fees or a reasonable estimate of such fees in advance of carrying out the work requested by the applicant: reg 11(3). Where any fees payable to a United Kingdom notified body pursuant to reg 11 remain unpaid 28 days after either the work has been completed or payment of the fees has been requested in writing, whichever is the later, the notified body may by 14 days' notice in writing provide that, unless the fees are paid before the expiry of the notice, the certificate or notification appropriate to the relevant conformity assessment procedure will be suspended until payment of the fees has been received: reg 11(4).

15 Ibid reg 7(4)(e).

16 Ibid reg 9(1).

17 It complies with the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679.

18 Ibid reg 9(2).

19 Ibid reg 11(5). Where, in accordance with reg 25 (which confers power on GEMA to act on behalf of NIAER), GEMA, acting on behalf of NIAER, makes a designation under reg 7 or carries out an inspection under reg 9, GEMA may charge any person fees to recover the full costs reasonably incurred by it in making the designation or carrying out the inspection: reg 11(6).

20 Ibid reg 10(1).

21 Ibid reg 10(2).

22 Ibid reg 10(3).

23 Ibid reg 10(4).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/ (v) Electricity Meters/B. COMPLIANCE WITH EUROPEAN COMMUNITY REQUIREMENTS/(B) Requirements of the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006/1199. Functions of notified bodies.

1199. Functions of notified bodies.

A notified body¹ must carry out the following functions².

It must³ assess an application made by a manufacturer⁴ for the issue of a certificate of conformity, a design or type examination certificate or a notification of approval of the manufacturer's quality system, in accordance with the Annex to the relevant European Directive⁵ which is applicable to the relevant conformity assessment procedure⁶ in respect of a relevant instrument⁷. In determining such an application, the notified body must have regard to the actual or usual environment of the relevant instrument and may have regard to any other standard or other technical criteria appearing to it to be relevant⁸. Where in the opinion of the notified body the relevant instrument to which an application relates is compliant with the essential requirements⁹, it must issue a certificate or notification in accordance with the prescribed procedure¹⁰; and where such a certificate or notification is issued by a United Kingdom notified body¹¹, it must send a copy to the Gas and Electricity Markets Authority ('GEMA'), or to the Northern Ireland Authority for Energy Regulation ('NIAER'), where that authority has designated the body¹². Where, however, in the opinion of the notified body, the relevant instrument to which an application relates is not compliant with the essential requirements, it must issue a notice to the applicant in accordance with the prescribed procedure¹³.

A notified body must not accept an application for a certificate or notification in respect of a relevant instrument unless the application is in writing¹⁴, in English or another language acceptable to that notified body, is accompanied by all relevant documentation, in which all writing is in English or another language acceptable to that notified body, and includes particulars of which applicable standards the manufacturer has applied or proposes to apply in respect of the instrument¹⁵. A notified body is not to be required to determine an application for a certificate or notification where the manufacturer has not:

- 2831 (1) granted the notified body access to a relevant instrument to which the application relates or the production facilities for the instrument, including, where applicable, the production facilities envisaged in relation to a representative instrument, to the extent that the notified body reasonably requests; and
- 2832 (2) made available to the notified body such information as it may reasonably require to determine the application¹⁶;

and a notified body is not to be required to carry out specified conformity assessment procedures and specific tasks¹⁷ if either the person making the application has not submitted with the application the amount of the fee which the notified body requires to be submitted with the application¹⁸ or the notified body reasonably believes that, having regard to the number of applications made to it pursuant to its designation which are outstanding, it will be unable to commence the required work within three months of receiving the application¹⁹.

A notified body may, in exercising its functions, either arrange for some other person to carry out any test, assessment or inspection on its behalf or require the applicant to satisfy another person with respect to any matter at the applicant's expense²⁰; but nothing in this provision

authorises a notified body to rely on the opinion of another person with regard to whether a relevant instrument is compliant with any of the essential requirements²¹.

A certificate or notification issued by a notified body must be in writing and, in addition to the requirements provided for in the conformity assessment procedures, it must be in English and must give the name and address of the applicant and, where the applicant is not the manufacturer, of the manufacturer²². It must be signed by or on behalf of the notified body and give the identification number²³ of the notified body²⁴; and must bear the date of issue and the number of the certificate or notification²⁵. It must also give particulars of the relevant instrument (where applicable, in relation to each variant) to which it relates sufficient to identify it, and must state whether the instrument to which it relates is a single item or a representative, or if it covers a number of variants of that instrument²⁶; and it must certify that the instrument to which it relates is compliant with the essential requirements²⁷.

A certificate or notification may be unconditional or may be subject to such conditions as the notified body considers appropriate²⁸. Such conditions may include:

- 2833 (a) a limitation on the environment for which the relevant instrument is stated to be suitable; or
- 2834 (b) a requirement that the instrument is only to be installed at a specific site²⁹.

The conditions so imposed may be varied³⁰ by the notified body which issued the certificate or notification and such variation may include the imposition of new conditions or the removal of conditions³¹.

The notified body which issued the certificate or notification must withdraw that certificate or notification in accordance with the following provisions if it appears that the relevant instrument to which it relates is not compliant with the essential requirements³². Where a notified body is minded to:

- 2835 (i) refuse to issue a certificate or notification;
- 2836 (ii) vary a certificate or notification, other than at the request of the person to whom it was given; or
- 2837 (iii) withdraw a certificate or notification,

it must give the applicant, or the person to whom the certificate or notification was given, a notice in writing:

- 2838 (A) giving reasons for the refusal, variation or withdrawal;
- 2839 (B) specifying the date on which the refusal, variation or withdrawal is to take effect; and
- 2840 (C) giving the applicant or person the opportunity to make representations within 21 days from the date of the notice and stating that the notified body must consider any representations made to it within that period by that applicant or person³³.

Where a notified body, having considered representations so made to it, remains of the opinion that an application for a certificate or notification should be refused, or that a certificate or notification should be varied or withdrawn, it must give notice in writing to the applicant or the person to whom the certificate or notification was given, and give that applicant or person information about the judicial remedies available to him³⁴.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/ (v) Electricity Meters/B. COMPLIANCE WITH EUROPEAN COMMUNITY REQUIREMENTS/(B) Requirements of the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006/1200. Marking and identification requirements.

1200. Marking and identification requirements.

Where a relevant instrument¹ is compliant with the essential requirements², the manufacturer³ must affix the CE mark⁴ and the M mark⁵ to the instrument and the notified body⁶ which carries out the conformity assessment procedure⁷ in respect of that instrument must affix its identification number⁸ to the instrument, or may agree that the manufacturer is to do so on its behalf⁹. Any other marking may be affixed to the relevant instrument provided that the visibility and legibility of the CE marking, the M marking and the identification number of the notified body are not reduced¹⁰.

Where a relevant instrument falls within the scope of other European Directives¹¹ which provide for the affixing of the CE marking, the affixing of the CE marking under the above provisions indicates that the instrument is also presumed to be compliant with the requirements of those other Directives¹².

1 For the meaning of 'relevant instrument' see PARA 1196 ante.

2 For the meaning of 'the essential requirements' see PARA 1196 note 15 ante.

3 For the meaning of 'manufacturer' see PARA 1196 note 16 ante.

4 As to the CE mark see PARA 1197 note 8 ante.

5 As to the M mark see PARA 1197 note 9 ante.

6 For the meaning of 'notified body' see PARA 1197 note 10 ante.

7 For the meaning of 'conformity assessment procedure' see PARA 1197 note 11 ante.

8 As to the identification number see PARA 1197 note 10 ante.

9 Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679, reg 12(1).

10 Ibid reg 12(2).

11 Ie Directives other than European Parliament and EC Council Directive 2004/22 (OJ L135, 30.4.2004, p 1).

12 Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679, reg 13(1). Where reg 13(1) applies, the publication reference of such other Directives in the Official Journal must be given in the documents, notices or instructions required to accompany the relevant instrument: Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679, reg 13(2).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/ (v) Electricity Meters/B. COMPLIANCE WITH EUROPEAN COMMUNITY REQUIREMENTS/(B) Requirements of the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006/1201. Unauthorised application of authorised marks.

1201. Unauthorised application of authorised marks.

A person is guilty of an offence¹ if, in the case of an relevant instrument², he:

- 2841 (1) affixes an authorised mark³ to the instrument otherwise than in accordance with the relevant regulations⁴;
- 2842 (2) alters or defaces an authorised mark affixed to the instrument⁵;
- 2843 (3) removes an authorised mark affixed to the instrument; or
- 2844 (4) affixes any other marking to the instrument which is likely to deceive any person as to the meaning or form, or both, of an authorised mark⁶.

Where, however, the alteration or defacement of an authorised mark is occasioned solely in the course of the adjustment or repair of a relevant instrument by a person regularly engaged in the business of repair of such instruments, or by his authorised agent, that person or his authorised agent is not guilty of an offence under head (2) above⁷.

A person is also guilty of an offence⁸ if he places on the market⁹ or puts into use¹⁰ a relevant instrument:

- 2845 (a) which, to his knowledge, bears:
 - 267 394. (i) an authorised mark affixed otherwise than in accordance with the relevant regulations¹¹;
 - 395. (ii) an authorised mark that has been altered or defaced otherwise than in the circumstances referred to above¹²;
 - 396. (iii) any marking which is likely to deceive any person as to the meaning or form, or both, of an authorised mark; or
 - 268 2846 (b) from which, to his knowledge, an authorised mark has been removed¹³.

Where an offence under heads (1) to (4) or head (a) or head (b) above has been committed in respect of a relevant instrument which has not been put into use, the instrument, and any implement used in the commissioning of the offence, is liable to be forfeited¹⁴.

1 A person guilty of an offence under the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679, is liable, on summary conviction, to a fine not exceeding level 5 on the standard scale: *ibid* reg 21. As to the standard scale see PARA 613 note 11 ante. As to proceedings for such an offence, the defence of due diligence and the liability of persons other than the principal offender see PARA 1206 post.

2 For the meaning of 'relevant instrument' see PARA 1196 ante.

3 For these purposes, 'authorised mark' means the CE marking, the M marking or the identification number of the notified body which carried out the conformity assessment procedure in respect of the relevant instrument: Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679, reg 15(6).

As to those markings and that number see PARA 1197 notes 8-10 ante; and for the meaning of 'conformity assessment procedure' see PARA 1197 note 11 ante.

4 Ie otherwise than in accordance with the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679. A reference in reg 15 to other provisions of those regulations includes a reference to corresponding provisions under the laws of other member states: reg 15(5). For the meaning of 'member state' for these purposes see PARA 1196 note 11 ante.

5 See, however, *ibid* reg 15(2); and the text and note 7 *infra*.

6 *Ibid* reg 15(1).

7 *Ibid* reg 15(2).

8 See note 1 *supra*.

9 For the meaning of 'place on the market' see PARA 1196 note 16 ante.

10 For the meaning of 'put into use' see PARA 1196 note 8 ante.

11 See note 4 *supra*.

12 Ie other than in the circumstances referred to in the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679, reg 15(2): see the text and note 7 *supra*.

13 *Ibid* reg 15(3).

14 *Ibid* reg 15(4).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/ (v) Electricity Meters/B. COMPLIANCE WITH EUROPEAN COMMUNITY REQUIREMENTS/(B) Requirements of the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006/1202. Compliance notice procedures.

1202. Compliance notice procedures.

Where an enforcement authority¹ establishes that, in the case of a relevant instrument² that has been placed on the market³ or put into use⁴, the CE marking⁵ or the M marking⁶ has, or both have, been affixed unduly⁷, the following provisions have effect⁸. The enforcement authority must serve a compliance notice⁹ on the manufacturer¹⁰ or his authorised representative¹¹ which must:

- 2847 (1) be in writing¹²;
- 2848 (2) describe the relevant instrument to which it relates in a manner sufficient to identify that instrument;
- 2849 (3) state that the enforcement authority is of the opinion that the CE marking or the M marking has, or both have, been affixed unduly to the relevant instrument and give reasons for its opinion;
- 2850 (4) require the person on whom the notice is served to end the infringement under conditions specified in the notice;
- 2851 (5) specify the date, being not less than 21 days from the date of the notice, by which the infringement must be ended; and
- 2852 (6) warn that person that, where the non-conformity continues beyond the date specified in head (5) above, the enforcement authority may take further action¹³ in respect of that relevant instrument¹⁴.

1 The following authorities must enforce the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679, ie: (1) the Gas and Electricity Markets Authority ('GEMA'), in relation to England and Wales; (2) the Northern Ireland Authority for Energy Regulation ('NIAER'), in relation to Northern Ireland; (3) GEMA, in relation to Northern Ireland, to the extent that any arrangements entered into in accordance with reg 25 provide that GEMA is to act on behalf of NIAER for, or in connection with, the carrying out of the functions conferred on NIAER under Pt 3 (regs 14-23); (4) any other third party designated to act on behalf of GEMA or (in relation to Northern Ireland) NIAER: reg 14(1).

2 For the meaning of 'relevant instrument' see PARA 1196 ante.

3 For the meaning of 'place on the market' see PARA 1196 note 16 ante.

4 For the meaning of 'put into use' see PARA 1196 note 8 ante.

5 As to the CE marking see PARA 1197 note 8 ante.

6 As to the M marking see PARA 1197 note 9 ante.

7 For these purposes, the CE marking is to be considered to have been affixed unduly if it is not compliant with the requirements of the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679, reg 12(3)(a) (see PARA 1197 note 8 ante) and the M marking is to be considered to have been affixed unduly if it is not compliant with the requirements of reg 12(3)(b) (see PARA 1197 note 9 ante): reg 16(3).

8 Ibid reg 16(1).

9 Any document required or authorised by the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679, to be served on a person may be so served (1) by delivering it to him or by leaving it at his proper address or by sending it by post to him at that address; (2) if the person is a body

corporate, by serving it in accordance with head (1) supra on the secretary or clerk of that body corporate; or (3) if the person is a partnership, by serving it in accordance with head (1) supra on a partner or on a person having control or management of the partnership business: reg 26(1). For these purposes, and for the purposes of the Interpretation Act 1978 s 7 (which relates to the service of documents by post) in its application to the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679, reg 26(1), the proper address of any person on whom a document is to be served by virtue of the 2006 Regulations is his last known address except that (a) in the case of service on a body corporate or its secretary or clerk, it is the address of the registered or principal office of the body corporate; and (b) in the case of service on a partnership or a partner or a person having the control or management of a partnership business, it is the principal office of the partnership; and for these purposes the principal office of a company registered outside the United Kingdom or of a partnership carrying on business outside the United Kingdom is its principal office within the United Kingdom: reg 26(2).

Where an enforcement authority other than GEMA or NIAER serves a compliance notice, it must at the same time send a copy of the notice to GEMA (or to NIAER, if it is acting on its behalf): reg 16(4). Where GEMA, acting in accordance with reg 25 (which confers power on GEMA to act on behalf of NIAER), serves a compliance notice, it must at the same time send a copy of the notice to NIAER: reg 16(5).

10 For the meaning of 'manufacturer' see PARA 1196 note 16 ante.

11 'Authorised representative' means a person who is established in a member state and is authorised by a manufacturer, in writing, to act on his behalf: Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679, reg 2(1). For the meaning of 'member state' for these purposes see PARA 1196 note 11 ante.

12 For the meaning of 'in writing' see PARA 1198 note 7 ante.

13 Ie under the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679, reg 17: see PARA 1203 post.

14 Ibid reg 16(2).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/ (v) Electricity Meters/B. COMPLIANCE WITH EUROPEAN COMMUNITY REQUIREMENTS/(B) Requirements of the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006/1203. Immediate enforcement action.

1203. Immediate enforcement action.

Where an enforcement authority¹ has reasonable grounds for considering that:

- 2853 (1) the manufacturer² or his authorised representative³ has failed to comply with a compliance notice⁴;
- 2854 (2) a relevant instrument⁵, which is placed on the market⁶ or put into use⁷, does not bear one or more of the CE marking⁸, the M marking⁹ and the identification number¹⁰ of the notified body¹¹ which carried out the conformity assessment procedure¹² in respect of that instrument; or
- 2855 (3) a relevant instrument which bears the marking and identification requirements referred to in head (2) above does not meet the essential requirements¹³ when placed on the market, or properly installed and put into use in accordance with the manufacturer's instructions,

the following provisions have effect¹⁴.

The enforcement authority must serve an enforcement notice¹⁵ on the manufacturer or his authorised representative which must:

- 2856 (a) be in writing¹⁶;
- 2857 (b) describe the relevant instrument to which it relates in a manner sufficient to identify that instrument;
- 2858 (c) specify, with reasons, the respects in which, in the opinion of the enforcement authority, the requirements of the relevant regulations¹⁷ have not been complied with;
- 2859 (d) specify the date, being not less than 21 days from the date of the notice, by which the person to whom the notice is given is required to comply with it; and
- 2860 (e) inform that person of the judicial remedies available to him and of the time limits to which those remedies are subject¹⁸.

Such a notice may:

- 2861 (i) require the relevant instrument to be withdrawn from the market; or
 - 2862 (ii) prohibit or restrict the placing on the market or putting into use of the relevant instrument; and
 - 2863 (iii) specify that unless steps are taken which ensure:
- 269
- 397. (A) that the relevant instrument is compliant with the requirements of the relevant regulations; or
 - 398. (B) that the manufacturer or his authorised representative acts as required under head (i) or head (ii) above,
- 270

any certificate or notification, issued by a notified body in accordance with the relevant conformity assessment procedure applicable to the relevant instrument that the instrument satisfies the essential requirements, may be withdrawn by that notified body¹⁹.

If, in the case of a certificate or notification granted by a United Kingdom notified body²⁰, the Gas and Electricity Markets Authority ('GEMA'), in relation to a notified body which it has designated, or the Northern Ireland Authority for Energy Regulation ('NIAER'), in relation to a notified body which it has designated, is of the opinion that consideration ought to be given to whether the certificate or notification should be withdrawn, GEMA (or, as the case may be, NIAER) must inform that notified body of that fact²¹; and if, in the case of a certificate or notification granted under the law of another member state²², GEMA or NIAER is of the opinion that consideration ought to be given to whether the certificate or notification should be withdrawn, it must inform the relevant competent authority of that fact²³.

1 For the meaning of 'enforcement authority' see PARA 1202 note 1 ante.

2 For the meaning of 'manufacturer' see PARA 1196 note 16 ante.

3 For the meaning of 'authorised representative' see PARA 1202 note 11 ante.

4 As to compliance notices see PARA 1202 ante.

5 For the meaning of 'relevant instrument' see PARA 1196 ante.

6 For the meaning of 'place on the market' see PARA 1196 note 16 ante.

7 For the meaning of 'put into use' see PARA 1196 note 8 ante.

8 As to the CE marking see PARA 1197 note 8 ante.

9 As to the M marking see PARA 1197 note 9 ante.

10 As to the identification number see PARA 1197 note 10 ante.

11 For the meaning of notified body' see PARA 1197 note 10 ante.

12 For the meaning of 'conformity assessment procedure' see PARA 1197 note 11 ante.

13 For the meaning of 'essential requirements' see PARA 1196 note 15 ante.

14 Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679, reg 17(1).

15 'Enforcement notice' means a notice served in accordance with *ibid* reg 17(2) (see the text and notes 16-18 *infra*): reg 2(1). As to service of notices see PARA 1202 note 9 ante.

Where an enforcement authority other than the Gas and Electricity Markets Authority ('GEMA') or the Northern Ireland Authority for Energy Regulation ('NIAER') serves an enforcement notice, it must at the same time send a copy of the notice to GEMA (or to NIAER, if it is acting on its behalf): reg 17(4). Where GEMA, acting in accordance with reg 25 (which confers power on GEMA to act on behalf of NIAER), serves an enforcement notice, it must at the same time send a copy of the notice to NIAER: reg 17(5). As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 *et seq* ante.

16 For the meaning of 'in writing' see PARA 1198 note 7 ante.

17 *Ie* the requirements of the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679: see PARA 1196 *et seq* ante, PARA 1204 *et seq* post.

18 *Ibid* reg 17(2).

19 *Ibid* reg 17(3).

20 For the meaning of 'United Kingdom notified body' see PARA 1197 note 10 ante.

21 Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679, reg 17(6).

- 22 For the meaning of 'member state' for these purposes see PARA 1196 note 11 ante.
- 23 Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679, reg 17(7).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/ (v) Electricity Meters/B. COMPLIANCE WITH EUROPEAN COMMUNITY REQUIREMENTS/(B) Requirements of the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006/1204. Powers of entry and inspection.

1204. Powers of entry and inspection.

Subject to the production if so requested of his credentials¹, an enforcement officer² may:

- 2864 (1) for the purpose of the relevant regulations³, at all reasonable times:
271
399. (a) inspect and test, or remove for testing, any relevant instrument⁴ which has not been put into use⁵ in such manner as he considers appropriate;
400. (b) inspect and take copies of any document relating to such a relevant instrument; and
401. (c) enter any premises at which he has reasonable cause to believe there to be such a relevant instrument, not being premises used only as a private dwelling house⁶;
- 272
- 2865 (2) at any time, seize and detain:
273
402. (a) a relevant instrument which he has reasonable cause to believe is liable to be forfeited under the relevant regulations⁷; and
403. (b) any document or goods which he has reason to believe may be required as evidence in proceedings for an offence under those regulations⁸.
- 274

If a justice of the peace, on written information on oath, is satisfied that there are reasonable grounds to believe that any such relevant instrument or document as is mentioned in head (1) or head (2) above is on any premises, or that an offence under the relevant regulations⁹ has been, is being or is about to be committed on any premises, and is also satisfied either that:

- 2866 (i) admission to the premises has been or is likely to be refused and that notice of intention to apply for a warrant has been given to the occupier; or
- 2867 (ii) an application for admission, or the giving of such a notice, would defeat the object of the entry, or that the case is one of urgency, or that the premises are unoccupied or the occupier is temporarily absent,

the justice may by warrant under his hand, which is to continue in force for a period of one month, authorise the enforcement officer to enter the premises, if need be by force¹⁰.

An enforcement officer entering any premises by virtue of the above provisions may take such other persons and such equipment as may appear to him necessary, and on leaving such premises which he has entered by virtue of a warrant¹¹, being premises which are unoccupied or the occupier of which is temporarily absent, he must leave them as effectively secured against a trespasser as he found them¹². If an enforcement officer or other person who enters any workplace by virtue of the above provisions discloses to any person any information obtained by him in the workplace with regard to any secret manufacturing process or trade secret, he is guilty of an offence¹³, unless the disclosure was made in the performance of his

duty¹⁴. It is not, however, such an offence for a person to disclose information in circumstances where either the person from whom the information was received has consented to its disclosure, or the information is disclosed more than 50 years after it was received¹⁵.

Nothing in the above provisions authorises any person to stop any vehicle on a highway¹⁶.

A person is guilty of an offence¹⁷ if he:

- 2868 (A) wilfully obstructs an enforcement officer in the execution of any of his functions under the relevant regulations¹⁸; or
- 2869 (B) without reasonable cause fails to give that officer any assistance or information which the officer has reasonably required of him for the purpose of the performance by the enforcement authority of its functions under those regulations¹⁹.

A person is also guilty of an offence²⁰ if, in giving an enforcement officer such information as is mentioned in head (B) above, that person gives any information he knows to be false²¹. Nothing in the relevant regulations is, however, to be taken as requiring a person to produce any documents or records if he would be entitled to refuse to produce those documents or records in any proceedings in any court on the grounds that they are the subject of legal professional privilege, or as authorising a person to take possession of any documents or records which are in the possession of a person who would be so entitled²²; and nothing in those regulations is to be construed as requiring a person to answer any question or give any information if to do so would incriminate that person or that person's spouse or civil partner²³.

1 For these purposes, 'credentials' means evidence of appointment or designation as an enforcement officer: Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679, reg 18(9).

2 'Enforcement officer' means a person appointed by an enforcement authority to act on its behalf to enforce the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679: reg 2(1). For the meaning of 'enforcement authority' see PARA 1202 note 1 ante.

3 Ie for the purposes of the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679: see PARA 1196 et seq ante, PARAS 1205-1206 post.

20 See note 13 supra.

21 Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679, reg 19(2).

22 Ibid reg 27(1).

23 Ibid reg 27(2). The Civil Evidence Act 1968 s 14(1) (as amended) (which relates to the privilege against self-incrimination: see CIVIL PROCEDURE vol 11 (2009) PARA 974) applies to the right conferred by the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679, reg 27(2) as it applies to the right described in the Civil Evidence Act 1968 s 14(1) (as amended): Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679, reg 27(3).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/ (v) Electricity Meters/B. COMPLIANCE WITH EUROPEAN COMMUNITY REQUIREMENTS/(B) Requirements of the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006/1205. Review of decisions of enforcement authority.

1205. Review of decisions of enforcement authority.

Where a person is aggrieved¹ by a compliance notice² or an enforcement notice³ served by an enforcement authority⁴ other than the Gas and Electricity Markets Authority ('GEMA')⁵ or the Northern Ireland Authority for Energy Regulation ('NIAER'), that person may apply to GEMA (or to NIAER, where the enforcement authority is acting on NIAER's behalf) to review that notice⁶. Such an application must:

- 2870 (1) be in writing⁷;
- 2871 (2) state the grounds on which the application is made;
- 2872 (3) be sent to GEMA (or, as the case may be, NIAER) within 21 days from the date of the relevant compliance notice or enforcement notice⁸.

GEMA, or, as the case may be, NIAER, may:

- 2873 (a) hold an inquiry in connection with the notice which is the subject of its review; and
- 2874 (b) appoint an assessor for the purposes of assisting it with its review⁹;

and must, within a reasonable time, inform the aggrieved person and the enforcement authority in writing of its decision whether to uphold the decision of that authority, together with reasons for its decision¹⁰. Where GEMA or, as the case may be, NIAER, does not uphold any compliance notice or enforcement notice, it must give reasons for the withdrawal of that notice¹¹.

1 As to the meaning of 'person aggrieved' see JUDICIAL REVIEW vol 61 (2010) PARA 656.

2 As to compliance notices see PARA 1202 ante.

3 For the meaning of 'enforcement notice' see PARA 1203 note 15 ante.

4 For the meaning of 'enforcement authority' see PARA 1202 note 1 ante.

5 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante.

6 Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679, reg 20(1).

7 For the meaning of 'in writing' see PARA 1198 note 7 ante.

10 Ibid reg 20(4).

11 Ibid reg 20(5).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/ (v) Electricity Meters/B. COMPLIANCE WITH EUROPEAN COMMUNITY REQUIREMENTS/(B) Requirements of the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006/1206. Further provisions with regard to offences.

1206. Further provisions with regard to offences.

No proceedings for an offence under the relevant regulations¹ may be instituted in England and Wales except by or on behalf of an enforcement authority².

In proceedings against a person for such an offence, it is³ a defence for that person to show that he took all reasonable steps and exercised all due diligence to avoid committing the offence⁴. Where, however, in proceedings against a person for such an offence, the defence so provided involves an allegation that the commission of the offence was due to the act or default of another, or to reliance on information given by another, that person is not, without the leave of the court, to be entitled to rely on the defence, unless, not less than seven clear days before the hearing of the proceedings, he has served a notice⁵ on the person bringing the proceedings⁶. Such a notice must give such information identifying or assisting in the identification of the person who committed the act or default or gave the information as is in the possession of the person serving the notice at the time he serves it⁷. Furthermore, a person is not to be entitled to rely on the defence so provided by reason of his reliance on information supplied by another, unless he shows it was reasonable in all the circumstances for him to have relied on the information, having regard in particular to:

- 2875 (1) the steps which he took, and those which might reasonably have been taken, for the purpose of verifying the information; and
- 2876 (2) whether he had any reason to disbelieve the information⁸.

Where the commission by a person of an offence under the relevant regulations⁹ is due to the act or default of another person in the course of any business of his, that other person is guilty of the offence and may be proceeded against and punished, whether or not proceedings are taken against the first person¹⁰. Where a body corporate¹¹ commits an offence and it is proved that the offence was committed:

- 2877 (a) with the consent or connivance of an officer of the body corporate¹²; or
- 2878 (b) as a result of the negligence of an officer of the body corporate,

the officer, as well as the body corporate, is guilty of the offence¹³.

¹ I.e. under the Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679: see PARA 1196 et seq ante.

² Ibid reg 14(2). For the meaning of 'enforcement authority' see PARA 1202 note 1 ante.

³ I.e. subject to ibid reg 22(2)-(4): see the text and notes 5-8 infra.

⁴ Ibid reg 22(1).

⁵ I.e. in accordance with ibid reg 22(3): see the text and note 7 infra. As to the service of notices see PARA 1202 note 9 ante.

6 Ibid reg 22(2).

7 Ibid reg 22(3). See, however, reg 27 (savings for certain privileges), cited in PARA 1204 ante.

8 Ibid reg 22(4).

9 See note 1 supra.

10 Measuring Instruments (Active Electrical Energy Meters) Regulations 2006, SI 2006/1679, reg 23(1).

11 For these purposes, references to a 'body corporate' include references to a partnership in Scotland, and in relation to such partnership, any reference to a director, manager, secretary or other similar officer of a body corporate is a reference to a partner: *ibid* reg 23(4).

12 For these purposes, a reference to an officer of a body corporate includes a reference to (1) a director, manager, secretary or other similar officer of the body corporate; (2) a person purporting to act as a director, manager, secretary or other similar officer; and (3) if the affairs of the body corporate are arranged by its members, a member: *ibid* reg 23(3). See also note 11 supra.

PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(vi) Enforcement/A. ORDERS FOR SECURING COMPLIANCE WITH CERTAIN PROVISIONS/1207. Final and provisional orders.

(vi) Enforcement

A. ORDERS FOR SECURING COMPLIANCE WITH CERTAIN PROVISIONS

1207. Final and provisional orders.

Where the Gas and Electricity Markets Authority ('GEMA')¹ is satisfied that a licence holder² is contravening³, or is likely to contravene, any relevant condition⁴ or requirement⁵, the Authority must⁶ by a final order⁷ make such provision as is requisite for the purpose of securing compliance with that condition or requirement⁸. Where, however, it appears to the Authority:

- 2879 (1) that a licence holder is contravening, or is likely to contravene, any relevant condition or requirement; and
- 2880 (2) that it is requisite that a provisional order⁹ be made,

the Authority must¹⁰, instead of taking steps towards the making of a final order, by a provisional order make such provision as appears to it requisite for the purpose of securing compliance with that condition or requirement¹¹. In determining for the purposes of head (2) above whether it is requisite that a provisional order be made, the Authority must have regard, in particular:

- 2881 (a) to the extent to which any person is likely to sustain loss or damage in consequence of anything which, in contravention of the relevant condition or requirement, is likely to be done, or omitted to be done, before a final order may be made; and
- 2882 (b) to the fact that the effect of the relevant statutory provisions¹² is to exclude the availability of any remedy, apart from under those provisions or for negligence, in respect of any contravention of a relevant condition or requirement¹³.

The Authority must¹⁴ confirm a provisional order, with or without modifications¹⁵, if:

- 2883 (i) it is satisfied that the licence holder is contravening, or is likely to contravene, any relevant condition or requirement; and
- 2884 (ii) the provision made by the order, with any modifications, is requisite for the purpose of securing compliance with that condition or requirement¹⁶.

The Authority must not, however, make a final order or make or confirm a provisional order in relation to a licence holder if it is satisfied that the general duties in relation to electricity imposed on it¹⁷ preclude the making or, as the case may be, the confirmation of the order, or that the most appropriate way of proceeding is under the Competition Act 1998¹⁸. Furthermore, the Authority is not required to make a final order or make or confirm a provisional order if it is satisfied:

- 2885 (A) that the licence holder has agreed to take and is taking all such steps as it appears to the Authority for the time being to be appropriate for the licence holder to take for the purpose of securing or facilitating compliance with the condition or requirement in question; or
- 2886 (B) that the contraventions were or the apprehended contraventions are of a trivial nature¹⁹.

Where the Authority is satisfied as mentioned above²⁰, it must give notice that it is so satisfied to the licence holder²¹ and must publish a copy of the notice in such manner as the Authority considers appropriate for the purpose of bringing the matters to which the notice relates to the attention of persons likely to be affected by them²².

A final or provisional order must require the licence holder, according to the circumstances of the case, to do, or not to do, such things as are specified in the order or are of a description so specified²³. It takes effect at such time, being the earliest practicable time, as is determined by or under the order²⁴ and may be revoked at any time by the Authority²⁵.

1 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

2 For the meaning of 'licence holder' see PARA 1041 note 12 ante.

3 For the meaning of 'contravention' and cognate expressions see PARA 1070 note 20 ante.

4 'Relevant condition', in relation to a licence holder, means any condition of his licence: Electricity Act 1989 s 25(8).

5 'Relevant requirement', in relation to a licence holder, means any duty or other requirement imposed on him by or under *ibid* s 9 (see PARA 1065 ante), ss 16-23 (as amended) (see PARA 1094 et seq ante), s 32-32C (as amended) (see PARA 1219 et seq post), s 40 (as amended) (see PARA 1134 ante), s 40A (as added) (see PARA 1135 ante), s 42 (as amended) (see PARA 1138 ante), s 42A (as added) (see PARA 1136 ante), as from a day to be appointed, s 342AB (as prospectively added) (see PARA 708 ante), s 42C (as added) (see PARA 1140 ante), s 43A or s 43B (as added) (see PARA 1143 ante) or under the Utilities Act 2000 s 27(4)(b) (prospectively repealed) (order to comply with a direction under s 24: see PARA 727 ante) (or, as from a day to be appointed under the Consumers, Estate Agents and Redress Act 2007 s 66(2), s 25(5) (directions to comply with requirements under s 24)) or s 43, s 46 or s 47 (complaints): Electricity Act 1989 s 25(8) (definition amended by the Utilities Act 2000 s 108, Sch 6 Pt II paras 24, 28 and, as from a day to be appointed, by the Consumers, Estate Agents and Redress Act 2007 ss 25(8), 45(4), 52(2), Sch 2 para 2, Sch 5 para 2; at the date at which this title states the law, no such day had been appointed and ss 24, 25, 43, 45-47, 52, Schs 2, 5 were not in force). Every requirement or other duty imposed on a licence holder under the Energy Act 2004 s 184 or s 185 (as amended) is to be treated as a relevant requirement: see ss 184(12), 185(13); and PARAS 1278-1279 post.

6 *Ie* subject to the Electricity Act 1989 s 25(2), (5) (as amended), s 25(5A) (as added) (see the text and note 19 *infra*) and s 26 (as amended) (procedural requirements: see PARA 1208 post).

7 'Final order' means an order under *ibid* s 25 (as amended) other than a provisional order: s 25(8).

8 *Ibid* s 25(1) (amended by the Utilities Act 2000 s 60(1), (2); and by virtue of s 3(2)).

9 'Provisional order' means an order under the Electricity Act 1989 s 25 (as amended) which, if not previously confirmed in accordance with s 25(4) (as amended), will cease to have effect at the end of such period (not exceeding three months) as is determined by or under the order: s 25(8).

10 *Ie* subject to *ibid* s 25(5), (5A) (as respectively amended and added): see the text and notes 18-19 *infra*.

11 *Ibid* s 25(2) (amended by the Utilities Act 2000 s 60(1), (3); and by virtue of s 3(2)).

12 *Ie* the provisions of the Electricity Act 1989 s 25 (as amended) and s 27 (as amended) (see PARA 1210 post).

13 *Ibid* s 25(3) (s 25(3)-(5), (6), (7) amended by virtue of the Utilities Act 2000 s 3(2)).

14 *Ie* subject to *ibid* s 25(5), (5A) (as respectively amended and added) and to s 26 (as amended).

- 15 For the meaning of 'modifications' see PARA 1035 note 3 ante.
- 16 Electricity Act 1989 s 25(4) (as amended (see note 13 supra); also amended by the Utilities Act 2000 s 60(1), (3)).
- 17 Ie the duties imposed by the Electricity Act 1989 ss 3A-3C (as added and amended): see PARAS 1041-1043 ante.
- 18 Ibid s 25(5) (as amended) (see note 13 supra); also amended by the Utilities Act 2000 ss 60(1), (4), 108, Sch 6 Pt II paras 24, 27, Sch 8; the Competition Act 1998 s 54(3), Sch 10 para 12(5)). As to proceedings under the Competition Act 1998 see COMPETITION.
- 19 Electricity Act 1989 s 25(5A) (added by the Utilities Act 2000 s 60(1), (5)).
- 20 Ie as mentioned in the Electricity Act 1989 s 25(5), (5A) (as respectively amended and added): see the text and notes 17-19 supra. As from a day to be appointed under the Consumers, Estate Agents and Redress Act 2007 s 66(2), the Authority need be satisfied as mentioned in either the Electricity Act 1989 s 25(5) (as amended) or s 25(5A) (as added): see the Consumers, Estate Agents and Redress Act 2007 s 63(1), Sch 7 paras 7, 9 (not in force).
- 21 Electricity Act 1989 s 25(6)(a) (as amended (see note 13 supra); also amended by the Utilities Act 2000 s 60(1), (3) and, as from a day to be appointed (see note 20 supra) by the Consumers, Estate Agents and Redress Act 2007 Sch 7 paras 7, 9: see note 20 supra). For the meaning of 'notice' see PARA 1047 note 11 ante. As to the service of notices and documents see ibid s 109; and PARA 1307 post.
- 22 Electricity Act 1989 s 25(6)(b) (as amended: see note 13 supra). As to publication by the Authority see PARA 1045 note 6 ante.
- 23 Ibid s 25(7)(a).
- 24 Ibid s 25(7)(b).
- 25 Ibid s 25(7)(c) (as amended: see note 13 supra). As to the validity and effect of orders see s 27 (as amended); and PARA 1210 post. As to the powers of the Authority to require information see s 28 (as amended); and PARA 1214 post. For the obligation of the Authority to keep a register of orders and notices under s 25(6) see s 49(2) (as amended); and PARA 1046 ante.

UPDATE

1207 Final and provisional orders

NOTE 5--Definition of 'relevant requirement' further amended: Energy Act 2008 Sch 5 para 3.

NOTE 20--Consumers, Estate Agents and Redress Act 2007 Sch 7 paras 7, 9 in force 1 October 2008: SI 2008/2550.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(vi) Enforcement/A. ORDERS FOR SECURING COMPLIANCE WITH CERTAIN PROVISIONS/1208. Procedural requirements for making final, or confirming provisional, order.

1208. Procedural requirements for making final, or confirming provisional, order.

Before making a final order¹ or confirming a provisional order², the Gas and Electricity Markets Authority ('GEMA')³ must give notice⁴:

- 2887 (1) stating that it proposes to make or confirm the order and setting out its effect; and
- 2888 (2) setting out the relevant condition⁵ or requirement⁶ for the purpose of securing compliance with which the order is to be made or confirmed, the acts or omissions which, in the Authority's opinion, constitute or would constitute contraventions⁷ of that condition or requirement, and the other facts which, in the Authority's opinion, justify the making or confirmation of the order⁸; and
- 2889 (3) specifying the period, not being less than 21 days from the date of publication of the notice, within which representations or objections to the proposed order or confirmation of the order may be made⁹;

and the Authority must consider any representations or objections which are duly made and not withdrawn¹⁰. Such a notice must be given:

- 2890 (a) by publishing it in such manner as the Authority considers appropriate for the purpose of bringing the matters to which the notice relates to the attention of persons likely to be affected by them¹¹; and
- 2891 (b) by serving a copy of the notice and a copy of the proposed order, or of the order proposed to be confirmed, on the licence holder to whom the order relates¹².

The Authority must not make a final order, or confirm a provisional order, with modifications¹³ except:

- 2892 (i) with the consent of the licence holder; or
- 2893 (ii) after complying with the following requirements¹⁴, namely that the Authority:

275

- 404. (A) must serve on the licence holder to whom the order relates such notice as appears to the Authority requisite of its proposal to make or confirm the order with modifications;
- 405. (B) must specify the period, not being less than 21 days from the service of the notice, within which representations or objections to the proposed modifications may be made; and
- 406. (C) must consider any representations or objections which are duly made and not withdrawn¹⁵.

276

As soon as practicable after making a final order or confirming a provisional order, the Authority must serve a copy of the order on the licence holder to whom the order relates and

must publish the order in such manner as the Authority considers appropriate for the purpose of bringing the order to the attention of persons likely to be affected by it¹⁶.

1 For the meaning of 'final order' see PARA 1207 note 7 ante.

2 For the meaning of 'provisional order' see PARA 1207 note 9 ante.

3 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

4 For the meaning of 'notice' see PARA 1047 note 11 ante. As to service of notices see the Electricity Act 1989 s 109; and PARA 1307 post.

5 For the meaning of 'relevant condition' see PARA 1207 note 4 ante.

6 For the meaning of 'relevant requirement' see PARA 1207 note 5 ante.

7 For the meaning of 'contravention' see PARA 1070 note 20 ante.

8 Electricity Act 1989 s 26(1)(a), (b) (s 26(1)-(5) amended by virtue of the Utilities Act 2000 s 3(2)).

9 Electricity Act 1989 s 26(1)(c) (as amended (see note 8 supra); also amended by the Utilities Act 2000 s 60(1), (6)).

10 Electricity Act 1989 s 26(1) (as amended: see note 8 supra).

11 Ibid s 26(2)(a) (as amended: see note 8 supra). As to publication by the Authority see PARA 1045 note 6 ante.

12 Ibid s 26(2)(b) (as amended: see note 8 supra). For the meaning of 'licence holder' see PARA 1041 note 12 ante.

13 For the meaning of 'modifications' see PARA 1035 note 3 ante.

14 Electricity Act 1989 s 26(3) (as amended: see note 8 supra).

15 Ibid s 26(4) (as amended (see note 8 supra); also amended by the Utilities Act 2000 s 60(1), (6)).

16 Ibid s 26(5) (as amended: see note 8 supra).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(vi) Enforcement/A. ORDERS FOR SECURING COMPLIANCE WITH CERTAIN PROVISIONS/1209. Revocation of final or provisional order.

1209. Revocation of final or provisional order.

Before revoking a final order¹ or a provisional order² which has been confirmed, the Gas and Electricity Markets Authority ('GEMA')³ must give notice⁴ stating that the Authority proposes to revoke the order and setting out its effect and specifying the time, not being less than 28 days from the date of publication of the notice, within which representations or objections to the proposed revocation may be made⁵. The Authority must consider any representations or objections which are duly made and not withdrawn⁶. If, after giving such a notice, the Authority decides not to revoke the order to which the notice relates, it must give notice of its decision⁷.

A notice under the above provisions must be given by publishing it in such manner as the Authority considers appropriate for the purpose of bringing the matters to which the notice relates to the attention of persons likely to be affected by them and by sending a copy of the notice to the licence holder⁸ to whom the order relates⁹.

1 For the meaning of 'final order' see PARA 1207 note 7 ante.

2 For the meaning of 'provisional order' see PARA 1207 note 9 ante.

3 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

4 For the meaning of 'notice' see PARA 1047 note 11 ante. As to service of notices see the Electricity Act 1989 s 109; and PARA 1307 post.

5 Electricity Act 1989 s 26(6)(a), (b) (s 26(6)-(8) amended by virtue of the Utilities Act 2000 s 3(2)).

6 Electricity Act 1989 s 26(6) (as amended: see note 5 supra).

7 Ibid s 26(7) (as amended: see note 5 supra).

8 For the meaning of 'licence holder' see PARA 1041 note 12 ante.

9 Electricity Act 1989 s 26(8) (as amended: see note 5 supra). As to publication by the Authority see PARA 1045 note 6 ante.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(vi) Enforcement/A. ORDERS FOR SECURING COMPLIANCE WITH CERTAIN PROVISIONS/1210. Validity and effect of final and provisional orders.

1210. Validity and effect of final and provisional orders.

If the licence holder¹ to whom a final² or provisional order³ relates is aggrieved by the order and desires to question its validity⁴ on the ground that its making or confirmation was not within the statutory powers of the Gas and Electricity Markets Authority ('GEMA')⁵ or that any of the procedural requirements⁶ have not been complied with, he may make an application to the High Court⁷. The application must be made within 42 days from the date of service on the licence holder of a copy of the order⁸.

On any such application the court may quash the order or any provision of the order if satisfied that its making or confirmation was not within those powers or that the interests of the licence holder have been substantially prejudiced by a failure to comply with those requirements⁹.

The obligation to comply with a final or provisional order is a duty owed to any person who may be affected by a contravention of it¹⁰ and where a duty is so owed to any person, any breach of the duty which causes that person to sustain loss or damage is actionable at the suit or instance of that person¹¹. In any proceedings so brought against a licence holder it is a defence for him to prove that he took all reasonable steps and exercised all due diligence to avoid contravening the order¹². Compliance with any final or provisional order is also enforceable by civil proceedings by the Authority for an injunction or any other appropriate relief¹³.

1 For the meaning of 'licence holder' see PARA 1041 note 12 ante.

2 For the meaning of 'final order' see PARA 1207 note 7 ante.

3 For the meaning of 'provisional order' see PARA 1207 note 9 ante.

4 Except as provided by the Electricity Act 1989 s 27 (as amended) (see the text and notes 1-3 supra, 5-13 infra), the validity of a final or provisional order may not be questioned by any legal proceedings whatever: s 27(3). As to ouster clauses generally see ADMINISTRATIVE LAW vol 1(1) (2001 Reissue) PARA 21.

5 Ie within the powers of the Authority under *ibid* s 25 (as amended): see PARA 1207 ante. As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

6 Ie the procedural requirements under *ibid* s 26 (as amended): see PARA 1208 ante.

7 *Ibid* s 27(1), (8).

8 *Ibid* s 27(1).

9 *Ibid* s 27(2).

10 *Ibid* s 27(4). For the meaning of 'contravention' see PARA 1070 note 20 ante.

11 *Ibid* s 27(5).

12 *Ibid* s 27(6).

13 *Ibid* s 27(7) (amended by virtue of the Utilities Act 2000 s 3(2)). This is without prejudice to any right which any person may have by virtue of the Electricity Act 1989 s 27(5) (see the text and note 11 supra) to bring civil proceedings in respect of any contravention or apprehended contravention of a final or provisional order: s 27(7).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(vi) Enforcement/B. PENALTIES UNDER THE ELECTRICITY ACT 1989/1211. Statement of policy with respect to penalties.

B. PENALTIES UNDER THE ELECTRICITY ACT 1989

1211. Statement of policy with respect to penalties.

The Gas and Electricity Markets Authority ('GEMA')¹ must prepare and publish a statement of policy with respect to the imposition of penalties² and the determination of their amount³. Publication under these provisions must be in such manner as the Authority considers appropriate for the purpose of bringing the matters contained in the statement of policy to the attention of persons likely to be affected by them⁴.

The Authority may revise its statement of policy and where it does so it must publish the revised statement⁵. The Authority must undertake such consultation as it considers appropriate when preparing or revising its statement of policy⁶.

In deciding whether to impose a penalty, and in determining the amount of any penalty, in respect of a contravention⁷ or failure the Authority must have regard to its statement of policy most recently published at the time when the contravention or failure occurred⁸.

1 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

2 As to the power to impose penalties see PARA 1212 post.

3 Electricity Act 1989 s 27B(1) (s 27B added by the Utilities Act 2000 s 59(1)).

4 Electricity Act 1989 s 27B(4) (as added: see note 3 supra).

5 Ibid s 27B(3) (as added: see note 3 supra).

6 Ibid s 27B(5) (as added: see note 3 supra).

7 For the meaning of 'contravention' see PARA 1070 note 20 ante.

8 Electricity Act 1989 s 27B(2) (as added: see note 3 supra).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(vi) Enforcement/B. PENALTIES UNDER THE ELECTRICITY ACT 1989/1212. Power to impose penalties.

1212. Power to impose penalties.

Where the Gas and Electricity Markets Authority ('GEMA')¹ is satisfied that a licence holder² has contravened³ or is contravening any relevant condition⁴ or requirement⁵, or has failed or is failing to achieve any prescribed standard of performance⁶, the Authority may, subject to the statutory time limits⁷, impose on the licence holder a penalty of such amount as is reasonable in all the circumstances of the case⁸. The Authority must not, however, impose such a penalty on a licence holder where it is satisfied that the most appropriate way of proceeding is under the Competition Act 1998⁹.

Before so imposing a penalty on a licence holder the Authority must give notice¹⁰:

- 2894 (1) stating that it proposes to impose a penalty and the amount of the penalty proposed to be imposed;
- 2895 (2) setting out the relevant condition or requirement or the standard of performance in question;
- 2896 (3) specifying the acts or omissions which, in the opinion of the Authority, constitute the contravention or failure in question and the other facts which, in the opinion of the Authority, justify the imposition of a penalty and the amount of the penalty proposed; and
- 2897 (4) specifying the period, not being less than 21 days from the date of publication of the notice, within which representations or objections with respect to the proposed penalty may be made,

and must consider any representations or objections which are duly made and not withdrawn¹¹.

Before varying any proposal stated in a notice under head (1) above, the Authority must give notice¹² setting out the proposed variation and the reasons for it and specifying the period, not being less than 21 days from the date of publication of the notice, within which representations or objections with respect to the proposed variation may be made; and must consider any representations or objections which are duly made and not withdrawn¹³.

As soon as practicable after imposing a penalty, the Authority must give notice¹⁴:

- 2898 (a) stating that it has imposed a penalty on the licence holder and its amount;
- 2899 (b) setting out the relevant condition or requirement or the standard of performance in question;
- 2900 (c) specifying the acts or omissions which, in the opinion of the Authority, constitute the contravention or failure in question and the other facts which, in the opinion of the Authority, justify the imposition of the penalty and its amount; and
- 2901 (d) specifying a date, no earlier than the end of the period of 42 days from the date of service of the notice on the licence holder, by which the penalty is required to be paid¹⁵.

The licence holder may, within 21 days of the date of service on him of a notice under heads (a) to (d) above, make an application to the Authority for it to specify different dates by which different portions of the penalty are to be paid¹⁶.

No penalty imposed by the Authority under the above provisions may exceed 10 per cent of the turnover of the licence holder, determined in accordance with provisions specified in an order made by the Secretary of State¹⁷. For these purposes, the turnover of the licence holder is the applicable turnover¹⁸ for the business year¹⁹ preceding the date of the notice²⁰ proposing the penalty²¹. Where, however, the business year preceding the date of the notice does not equal 12 months the turnover is the amount which bears the same proportion to the applicable turnover during that business year as 12 months does to the period of that business year²². Where there is no preceding business year the turnover is the applicable turnover of the licence holder for the period of 12 months ending on the last day of the month preceding the month in which the date of the notice falls²³; and where in the application of that provision the licence holder has applicable turnover for a period of less than 12 months the turnover is the amount which bears the same proportion to the applicable turnover during the period for which he has applicable turnover as 12 months does to that period²⁴.

Any sums received by the Authority by way of penalty under the above provisions must be paid into the Consolidated Fund²⁵.

Where a penalty so imposed, or any portion of it, has not been paid by the date on which it is required to be paid, and either no application relating to the penalty has been made to the court²⁶ during the period within which such an application can be made, or such an application has been made and determined, the Authority may recover from the licence holder, as a civil debt due to the Authority, any of the penalty and any interest which has not been paid²⁷.

1 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

2 For the meaning of 'licence holder' see PARA 1041 note 12 ante.

3 For the meaning of 'contravention' and cognate expressions see PARA 1070 note 20 ante.

4 For the meaning of 'relevant condition' see PARA 1207 note 4 ante.

5 For the meaning of 'relevant requirement' see PARA 1207 note 5 ante.

6 Ie any standard of performance prescribed under the Electricity Act 1989 s 39 (as amended) or s 39A (as added): see PARAS 1110-1111 ante. For the meaning of 'prescribed' see PARA 1096 note 11 ante; and as to the prescribed standards see PARA 1112 et seq ante.

7 Ie subject to ibid s 27C (as added) (time limits on the imposition of penalties). Where no final or provisional order has been made in relation to a contravention or failure, the Authority may not impose a penalty in respect of the contravention or failure later than the end of the period of 12 months from the time of the contravention or failure, unless before the end of that period (1) the notice under s 27A(3) (as added) (see heads (1)-(4) in the text) relating to the penalty is served on the licence holder under s 27A(7) (as added) (see note 10 infra); or (2) a notice relating to the contravention or failure is served on the licence holder under s 28(2) (as amended) (see PARA 1214 post): s 27C(1) (ss 27A-27F added by the Utilities Act 2000 s 59(1)). Where a final or provisional order has been made in relation to a contravention or failure, the Authority may not impose a penalty in respect of the contravention or failure unless the notice relating to the penalty under the Electricity Act 1989 s 27A(3) (as added) was served on the licence holder under s 27A(7) (as added): (a) within three months from the confirmation of the provisional order or the making of the final order; or (b) where the provisional order is not confirmed, within six months from the making of the provisional order: s 27C(2) (as so added). For the meanings of 'final order' and 'provisional order' see PARA 1207 notes 7, 9 ante.

8 Ibid s 27A(1) (as added: see note 7 supra). The power of the Authority under s 27A(1) (as so added) is not exercisable in respect of any contravention or failure before the commencement of the Utilities Act 2000 s 59 (ie 1 October 2001: see the Utilities Act 2000 (Commencement No 6 and Transitional Provisions) Order 2001, SI 2001/3266, art 2, Schedule): Electricity Act 1989 s 27A(11) (as so added).

9 Ibid s 27A(2) (as added: see note 7 supra). As to proceedings under the Competition Act 1998 see COMPETITION.

10 Any notice required to be given under ibid s 27A (as added) must be given (1) by publishing the notice in such manner as the Authority considers appropriate for the purpose of bringing the matters to which the notice relates to the attention of persons likely to be affected by them; (2) by serving a copy of the notice on the licence holder; and (3) by serving a copy of the notice on the Gas and Electricity Consumer Council: s 27A(7) (as added: see note 7 supra). For the meaning of 'notice' see PARA 1047 note 11 ante; and as to service of notices see PARA 1307 post. As to the establishment of the Gas and Electricity Consumer Council see PARA 716 ante; and as to the prospective abolition of the Council and the transfer of its functions to the new National Consumer Council to be established under the Consumers, Estate Agents and Redress Act 2007 see PARA 716 the text and notes 12-13 ante.

11 Ibid s 27A(3) (as added: see note 7 supra).

12 See note 10 supra.

13 Electricity Act 1989 s 27A(4) (as added: see note 7 supra).

14 See note 10 supra.

15 Electricity Act 1989 s 27A(5) (as added: see note 7 supra).

16 Ibid s 27A(6) (as added: see note 7 supra).

If the whole or any part of a penalty is not paid by the date by which it is required to be paid, the unpaid balance from time to time carries interest at the rate for the time being specified in the Judgments Act 1838 s 17 (as amended) (see CIVIL PROCEDURE vol 12 (2009) PARA 1149): Electricity Act 1989 s 27D(1) (as added: see note 7 supra). If an application is made under s 27A(6) (as added) in relation to a penalty, the penalty is not required to be paid until the application has been determined (s 27D(2) (as so added)); and if the Authority grants such an application in relation to a penalty but any portion of the penalty is not paid by the date specified in relation to it by the Authority under s 27A(6) (as added), the Authority may where it considers it appropriate require so much of the penalty as has not already been paid to be paid immediately (s 27D(3) (as so added)).

17 Ibid s 27A(8) (as added: see note 7 supra). No such order may be made unless a draft of the instrument containing it has been laid before and approved by a resolution of each House of Parliament: s 27A(9) (as so added). As to the Secretary of State see PARA 601 note 1 ante; and as to the exercise of this power to make an order see the Electricity and Gas (Determination of Turnover for Penalties) Order 2002, SI 2002/1111; and the text and notes 18-24 infra.

18 For the meaning of 'applicable turnover' see PARA 973 note 18 ante.

19 For the meaning of 'business year' see PARA 973 note 19 ante.

20 Ie the notice under the Electricity Act 1989 s 27A(3) (as added): see heads (1)-(4) in the text.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(vi) Enforcement/B. PENALTIES UNDER THE ELECTRICITY ACT 1989/1213. Appeals.

1213. Appeals.

If the licence holder¹ on whom a penalty is imposed² is aggrieved by:

- 2902 (1) the imposition of the penalty;
- 2903 (2) the amount of the penalty; or
- 2904 (3) the date by which the penalty is required to be paid, or the different dates by which different portions of the penalty are required to be paid,

the licence holder may make an application to the High Court under these provisions³. Such an application must be made:

- 2905 (a) within 42 days from the date of service on the licence holder of a notice stating that a penalty has been imposed⁴; or
- 2906 (b) where the application relates to a decision of the Gas and Electricity Markets Authority ('GEMA') on an application by the licence holder to specify different dates by which different portions of the penalty are to be paid⁵, within 42 days from the date the licence holder is notified of the decision⁶.

On any such application, where the court considers it appropriate to do so in all the circumstances of the case and is satisfied of one or more of the specified grounds⁷, the court:

- 2907 (i) may quash the penalty;
- 2908 (ii) may substitute a penalty of such lesser amount as the court considers appropriate in all the circumstances of the case; or
- 2909 (iii) in the case of an application under head (3) above, may substitute for the date or dates imposed by the Authority an alternative date or dates⁸.

The specified grounds are that:

- 2910 (A) the imposition of the penalty was not within the statutory power of the Authority⁹;
- 2911 (B) any of the relevant procedural requirements¹⁰ have not been complied with in relation to the imposition of the penalty and the interests of the licence holder have been substantially prejudiced by the non-compliance; or
- 2912 (C) that it was unreasonable of the Authority to require the penalty imposed, or any portion of it, to be paid by the date or dates by which it was required to be paid¹¹.

If an application is made under these provisions in relation to a penalty, the penalty is not required to be paid until the application has been determined¹². Where the court substitutes a penalty of a lesser amount it may require the payment of interest on the substituted penalty at such rate, and from such date, as it considers just and equitable¹³; and where the court specifies as a date by which the penalty, or a portion of the penalty, is to be paid a date before

the determination of the application under these provisions it may require the payment of interest on the penalty, or portion, from that date at such rate as it considers just and equitable¹⁴.

Except as so provided, the validity of a penalty may not be questioned by any legal proceedings whatever¹⁵.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/ (5) DISTRIBUTION, SUPPLY AND USE OF ELECTRICITY/(vi) Enforcement/C. POWER TO REQUIRE INFORMATION/1214. Power to require information etc.

C. POWER TO REQUIRE INFORMATION

1214. Power to require information etc.

Where it appears to the Gas and Electricity Markets Authority ('GEMA')¹ that a licence holder²:

- 2913 (1) may be contravening³, or may have contravened, any relevant condition⁴ or requirement⁵; or
- 2914 (2) may be failing, or may have failed, to achieve any prescribed standard of performance⁶,

the Authority may, for any purpose connected with such of its enforcement functions⁷ as are exercisable in relation to that matter, serve a notice⁸ on any person⁹. Such a notice signed by the Authority may:

- 2915 (a) require the person on whom it is served to produce at a specified time and place, to the Authority or to any person appointed by the Authority for the purpose, any documents which are specified or described in the notice and are in that person's custody or under his control; or
- 2916 (b) require that person, if he is carrying on a business, to furnish to the Authority, at the time and place and in the form and manner specified in the notice, such information¹⁰ as may be specified or described in the notice¹¹.

Where a licence¹² has been or is to be revoked or suspended, or has expired or is about to expire by effluxion of time, and it appears to the Authority, having regard to the general duties imposed on it¹³, to be requisite or expedient to do so for any purpose connected with the revocation, suspension or expiry, the Authority may, with the consent of the Secretary of State¹⁴, by notice in writing:

- 2917 (i) require the licence holder to produce, at a time and place specified in the notice, to the Authority, or to any person so specified, any records which are specified or described in the notice and are in the licence holder's custody or under his control; or
- 2918 (ii) require the licence holder to furnish to the Authority, or to any person specified in the notice, such information as may be specified or described in the notice, and specify the time, the manner and the form in which any such information is to be furnished¹⁵.

No person may, however, be required under the above provisions to produce any documents or records which he could not be compelled to produce in civil proceedings in the High Court, or in complying with any requirement for the furnishing of information to give any information which he could not be compelled to give in evidence in any such proceedings¹⁶.

A person who without reasonable excuse fails to do anything required of him by a notice under heads (a) and (b) or heads (i) and (ii) above is liable on summary conviction to a fine not

exceeding level 5 on the standard scale¹⁷ and a person who intentionally alters, suppresses or destroys any document or record which he has been required by any such notice to produce is liable on summary conviction to a fine not exceeding the statutory maximum, or on conviction on indictment to a fine¹⁸. If a person makes default in complying with such a notice, the High Court may, on the application of the Authority, make such order as it thinks fit for requiring the default to be made good; and any such order may provide that all the costs or expenses of and incidental to the application must be borne by the person in default or by any officers of a company or other association who are responsible for its default¹⁹.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(6) PROTECTION OF THE PUBLIC INTEREST/(i) Fuel Sources and Fuel Stocks/A. INTRODUCTION/1215. Fuel sources and fuel stocks; in general.

(6) PROTECTION OF THE PUBLIC INTEREST

(i) Fuel Sources and Fuel Stocks

A. INTRODUCTION

1215. Fuel sources and fuel stocks; in general.

A number of statutory provisions are concerned with the provision of electricity from renewable sources. The promotion of microgeneration under the Climate Change and Sustainable Energy Act 2006¹ and the imposition of climate change levy by the Finance Act 2000² have already been discussed³. The following are discussed below:

- 2919 (1) controls on the fuelling of new and converted power stations by crude liquid petroleum, petroleum products or natural gas under the Energy Act 1976⁴;
- 2920 (2) the imposition of the renewables obligation by the amendments to the Electricity Act 1989 made by the Utilities Act 2000⁵; and
- 2921 (3) transitional arrangements and savings with regard to the supply of electricity from non-fossil fuel sources⁶ and the imposition of the fossil fuel levy by the Electricity Act 1989⁷.

Also discussed in this section of this title are the powers conferred on the Secretary of State by the Electricity Act 1989 to give directions with regard to fuel stocks at certain power stations⁸.

The offshore production of renewable energy is discussed in a later part of this title⁹, as is nuclear energy¹⁰.

1 See the Climate Change and Sustainable Energy Act 2006 ss 4-10; and PARAS 619 et seq, 1077 ante.

2 See the Finance Act 2000 s 30, Sch 6 (as amended); and PARA 661 et seq ante.

3 See notes 1-2 supra.

4 See PARAS 1216-1218 post.

5 See PARA 1219 et seq post.

6 See PARA 1240 post.

7 See PARA 1241 et seq post.

8 See PARA 1248 post.

9 See PARA 1310 et seq post.

10 See PARA 1337 et seq post.

UPDATE

1215-1219 Fuel sources and fuel stocks; in general ... Power to impose obligation in connection with electricity from renewable sources

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(6) PROTECTION OF THE PUBLIC INTEREST/(i) Fuel Sources and Fuel Stocks/B. FUELLING OF NEW AND CONVERTED POWER STATIONS/1216. Proposals for electricity generating stations to be fuelled by crude liquid petroleum, petroleum products or natural gas.

B. FUELLING OF NEW AND CONVERTED POWER STATIONS

1216. Proposals for electricity generating stations to be fuelled by crude liquid petroleum, petroleum products or natural gas.

A person who proposes to carry out works for the establishment of an electricity generating station to be fuelled by crude liquid petroleum, any petroleum product¹ or natural gas², or for the conversion of an electricity generating station with a view to its being so fuelled, must, unless his case is excepted by order of the Secretary of State³, give written notice of his proposal to the Secretary of State⁴. If the Secretary of State thinks it expedient having regard to current energy policies, he may direct that a proposal so notified is not to be carried out or is to be carried out only in accordance with conditions specified in the direction⁵.

The cases excepted by order of the Secretary of State⁶ may be those where either (1) the plant is of less than a specified capacity or it is used only for specified purposes⁷; or (2) such other circumstances obtain as make it unnecessary in his opinion for him to be given notice⁸.

These provisions do not affect the specified provision of the Electricity Act 1989⁹ whereby the Secretary of State's consent may be required for the construction of power stations and related matters¹⁰.

1 For the meaning of 'petroleum product' see PARA 603 note 4 ante.

2 For the meaning of 'natural gas' see PARA 603 note 3 ante.

3 Ie under the Energy Act 1976 s 14(4): see heads (1)-(2) in the text. As to the Secretary of State see PARA 601 note 1 ante; and as to the making of orders see PARA 603 note 2 ante.

4 Energy Act 1976 s 14(1). As to offences in connection with these provisions see PARA 1218 post.

5 Ibid s 14(3). As to the giving of directions generally see PARA 604 note 3 ante.

6 See ibid s 14(4).

7 Ibid s 14(4)(a). Notice need not be given to the Secretary of State under s 14(1) in any case where the plant to be installed or converted in the electricity generating station to which the proposed works relate will have a capacity such that the generating capacity of the station, when established or converted, will be less than 10 megawatts: Electricity Generating Stations (Fuel Control) Order 1987, SI 1987/2175, art 2.

8 Energy Act 1976 s 14(4)(b).

9 Ie the Electricity Act 1989 s 36 (as amended): see PARA 1249 post.

10 Energy Act 1976 s 14(6) (substituted by the Electricity Act 1989 s 112(1), Sch 16 para 22).

UPDATE

1215-1219 Fuel sources and fuel stocks; in general ... Power to impose obligation in connection with electricity from renewable sources

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(6) PROTECTION OF THE PUBLIC INTEREST/(i) Fuel Sources and Fuel Stocks/B. FUELLING OF NEW AND CONVERTED POWER STATIONS/1217. Proposed contracts for the supply of natural gas to electricity generating stations.

1217. Proposed contracts for the supply of natural gas to electricity generating stations.

A person who proposes to enter into contractual or other arrangements for obtaining a supply of natural gas¹ as a fuel for an electricity generating station² or to extend the duration of any such arrangements³ must, unless the arrangements fall within the scope of a general authority granted by order of the Secretary of State⁴, give written notice of his proposal to the Secretary of State⁵, who, if he thinks it expedient having regard to current energy policies, may direct that a proposal so notified is not to be carried out or is to be carried out only in accordance with conditions specified in the direction⁶.

The Secretary of State may by order grant authority for these purposes for fuel supply arrangements of any description specified in the order⁷, and notice need not be given to him of any proposals for arrangements falling within the scope of such an authority⁸.

These provisions do not affect the specified provision of the Electricity Act 1989⁹ whereby the Secretary of State's consent may be required for the construction of power stations and related matters¹⁰.

1 For the meaning of 'natural gas' see PARA 603 note 3 ante.

2 As to the establishment or conversion of generating stations fuelled by natural gas see PARA 1216 ante.

3 Ie whether such arrangements were made before or after the date of the passing of the Energy Act 1976 (ie 22 November 1976): s 14(2)(b).

4 Ie under ibid s 14(5) (see the text and note 6 infra) and s 4(3) (see PARA 606 the text to note 13 ante). For offences in respect of breaches of this provision see PARA 1218 post. As to the Secretary of State see PARA 601 note 1 ante.

5 Ibid s 14(2).

6 Ibid s 14(3). As to the giving of directions generally see PARA 604 note 3 ante.

7 Ibid s 14(5). As to the making of orders generally see PARA 603 note 2 ante. In exercise of the power so conferred, the Secretary of State has made: (1) the Electricity Generating Stations (Fuel Control) Order 1987, SI 1987/2175, which came into force on 27 January 1988 (art 1); (2) the Electricity Generating Stations (Gas Contracts) Order 1995, SI 1995/2450, which came into force on 16 October 1995 (art 1). Authority is given for any person (1) to enter into contractual or other arrangements for obtaining a supply of natural gas as fuel for an electricity generating station with a generating capacity of less than 10 megawatts; and (2) to extend the duration of any such arrangements, whenever made, without giving notice to the Secretary of State under the Energy Act 1976 s 14(2): Electricity Generating Stations (Fuel Control) Order 1987, SI 1987/2175, art 3. Authority is also given for any fuel supply arrangements the duration of which is expressly limited to a period not exceeding 12 months: Electricity Generating Stations (Gas Contracts) Order 1995, SI 1995/2450, art 2.

8 Energy Act 1976 s 14(2).

9 Ie the Electricity Act 1989 s 36 (as amended): see PARA 1249 post.

10 Energy Act 1976 s 14(6) (substituted by the Electricity Act 1989 s 112(1), Sch 16 para 22).

UPDATE

1215-1219 Fuel sources and fuel stocks; in general ... Power to impose obligation in connection with electricity from renewable sources

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(6) PROTECTION OF THE PUBLIC INTEREST/(i) Fuel Sources and Fuel Stocks/B. FUELLING OF NEW AND CONVERTED POWER STATIONS/1218. Offences relating to supplies of natural gas etc to power stations.

1218. Offences relating to supplies of natural gas etc to power stations.

A person who without reasonable excuse fails when so required¹ to notify the Secretary of State² of proposals to establish an electricity generating station to be fuelled by crude liquid petroleum, any petroleum product or natural gas³, or to convert an existing station to be so fuelled⁴, or to enter into or extend contractual or other arrangements to obtain a supply of natural gas as a fuel for an electricity generating station⁵, is guilty of an offence⁶. A person who without reasonable excuse carries out such proposals in contravention of, or of conditions specified in, a direction of the Secretary of State is also guilty of an offence⁷. In either case such a person is liable on summary conviction to a fine not exceeding level 5 on the standard scale⁸ and on conviction on indictment to a fine⁹.

1 For cases in which notification is not required see PARA 1216 note 7 ante.

2 As to the Secretary of State see PARA 601 note 1 ante.

3 See the Energy Act 1976 s 14(1)(a). For the meanings of 'petroleum product' and 'natural gas' see PARA 603 notes 3-4 ante.

4 See *ibid* s 14(1)(b).

5 See *ibid* s 14(2). For the cases in which notification is not required see PARA 1217 note 7 ante.

7 Energy Act 1976 s 14(3), s 18(2)(a) (as amended: see note 6 *supra*).

8 *Ibid* s 19(1) (amended by virtue of the Criminal Justice Act 1982 ss 38, 46). As to offences by corporations see PARA 613 ante. As to the standard scale see PARA 613 note 11 ante.

9 Energy Act 1976 s 19(2)(b), (c). As to administration and enforcement generally see PARA 609 et seq ante.

UPDATE

1215-1219 Fuel sources and fuel stocks; in general ... Power to impose obligation in connection with electricity from renewable sources

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(6) PROTECTION OF THE PUBLIC INTEREST/(i) Fuel Sources and Fuel Stocks/C. THE RENEWABLES OBLIGATION/(A) Secretary of State's Power to impose Renewables Obligation/1219. Power to impose obligation in connection with electricity from renewable sources.

C. THE RENEWABLES OBLIGATION

(A) SECRETARY OF STATE'S POWER TO IMPOSE RENEWABLES OBLIGATION

1219. Power to impose obligation in connection with electricity from renewable sources.

The Secretary of State¹ may by order² impose on each electricity supplier³ falling within a specified description⁴ (a 'designated electricity supplier') an obligation to do what is set out in heads (1) to (3) below, and that obligation is referred to⁵ as the 'renewables obligation'⁶. The renewables obligation is⁷ that the designated electricity supplier must, by each day specified in the order⁸, have produced to the Gas and Electricity Markets Authority ('GEMA')⁹ evidence of a kind so specified showing:

- 2922 (1) that it has supplied¹⁰ to customers in Great Britain¹¹ during a period specified in the order such amount of electricity generated¹² by using renewable sources¹³ as is so specified in relation to such a supplier; or
- 2923 (2) that another electricity supplier has done so, or that two or more others have done so; or
- 2924 (3) that, between them, they have done so¹⁴.

If the order applies only to electricity suppliers in part of Great Britain, it may specify that the only electricity supplied which counts towards discharging the renewables obligation is electricity supplied to customers in that part of Great Britain¹⁵. Evidence of the supply or other use of electricity may not be produced more than once in relation to the same electricity¹⁶; and in the case of electricity generated by a generating station¹⁷ fuelled or driven partly by renewable sources and partly by fossil fuel, only the proportion attributable to the renewable sources can count¹⁸ towards discharging the renewables obligation¹⁹.

Before making an order, the Secretary of State must consult:

- 2925 (a) the Authority;
- 2926 (b) the Gas and Electricity Consumer Council²⁰;
- 2927 (c) the electricity suppliers to whom the proposed order would apply;
- 2928 (d) such generators of electricity from renewable sources as he considers appropriate; and
- 2929 (e) such other persons, if any, as he considers appropriate²¹.

1 As to the Secretary of State see PARA 601 note 1 ante.

2 No such order may be made unless a draft of the instrument containing it has been laid before, and approved by a resolution of, each House of Parliament: Electricity Act 1989 s 32(9) (s 32 substituted by the Utilities Act 2000 s 62, subject to savings: see PARA 1239 post).

3 For the meaning of 'electricity supplier' see PARA 1065 note 7 ante.

4 For these purposes, 'specified' means specified in the order: Electricity Act 1989 s 32(8) (as substituted: see note 2 supra). The descriptions of electricity supplier upon which an order may impose the renewables obligation are those supplying electricity (1) in Great Britain; (2) in England and Wales; or (3) in Scotland, excluding such categories of supplier (if any) as are specified: s 32(2) (as so substituted).

5 Ie in ibid s 32 (as substituted and amended) (see the text and notes 1-4 supra, 6-21 infra) and ss 32A-32C (as added and amended) (see PARAS 1220-1222 post).

6 Ibid s 32(1) (as substituted: see note 2 supra). In the exercise of this power the Secretary of State has made the Renewables Obligation Order 2006, SI 2006/1004 (as amended), which came into force on 1 April 2006 and extends to England and Wales only: see art 1. For the provisions of that Order see PARA 1223 et seq post. The 2006 Order revokes and replaces the Renewables Obligation Order 2005, SI 2005/926. For transitional provisions see the Renewables Obligation Order 2006, SI 2006/1004, art 32.

7 Ie subject to the provisions of the Electricity Act 1989 s 32 (as substituted and amended) (see the text and notes 1-6 supra, 8-21 infra) and ss 32A-32C (as added and amended) (see PARAS 1220-1222 post).

8 See ibid s 32(8) (as substituted), cited in note 4 supra.

9 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

10 For the meaning of 'supply' and cognate expressions see PARA 1041 note 9 ante.

11 For the meaning of 'Great Britain' see PARA 602 note 7 ante.

12 For these purposes, and the purposes of the Electricity Act 1989 32A-32C (as added and amended) (see PARAS 1220-1222 post) 'generated' means generated at any place whether situated in the United Kingdom or elsewhere, and cognate expressions are to be construed accordingly: s 32(8A) (added by the Energy Act 2004 s 119(3)). For the meaning of 'United Kingdom' see PARA 602 note 7 ante.

13 For these purposes, 'renewable sources' means sources of energy other than fossil fuel or nuclear fuel, but includes waste of which not more than a specified proportion is waste which is, or is derived from, fossil fuel; 'fossil fuel' means coal, substances produced directly or indirectly from coal, lignite, natural gas, crude liquid petroleum, or petroleum products; and 'natural gas' and 'petroleum products' have the same meanings as in the Energy Act 1976 (see PARA 603 notes 3-4 ante): Electricity Act 1989 s 32(8) (as substituted: see note 2 supra).

14 Ibid s 32(3) (as substituted (see note 2 supra); amended by the Energy Act 2004 s 115(1), 119(1)). If an electricity supplier produces a certificate to the Authority that certifies matters within the Electricity Act 1989 s 32B(2) or s 32(2ZA) (as added) (see PARA 1221 post at heads (2), (ii) in the text), it is to count for the purposes of s 32(3) (as substituted and amended) as sufficient evidence of the facts certified: s 32B(3) (added by the Utilities Act 2000 s 64; amended by the Energy Act 2004 s 116(1), (6); the Climate Change and Sustainable Energy Act 2006 s 23(1), (8)).

15 Electricity Act 1989 s 32(4) (as substituted: see note 2 supra).

16 Ibid s 32(5) (as substituted (see note 2 supra); amended by the Climate Change and Sustainable Energy Act 2006 s 24(1)).

17 For the meaning of 'generating station' see PARA 1041 note 6 ante.

18 Ie subject to the Electricity Act 1989 s 32A(1)(g) (as added): see PARA 1220 post.

19 Ibid s 32(6) (as substituted: see note 2 supra).

20 As to the establishment of the Gas and Electricity Consumer Council see PARA 716 ante; and as to the prospective abolition of the Council and the transfer of its functions to the new National Consumer Council to be established under the Consumers, Estate Agents and Redress Act 2007 see PARA 716 the text and notes 12-13 ante.

21 Electricity Act 1989 s 32(7) (amended by the Energy Act 2004 s 119(2)). These consultation requirements may be satisfied (1) in the case of an order containing provision made by virtue of the Energy Act 2004 s 119, by consultation that took place wholly or partly before the commencement of s 119 (ie 5 October 2004: see the Energy Act 2004 (Commencement No 3) Order 2004, SI 2004/2575, art 2(1), Sch 1); (2) in the case of an order containing provision made by virtue of the Climate Change and Sustainable Energy Act 2006 s 23 (which amends the Electricity Act 1989 s 32B (as added) (see PARA 1221 post) or s 24 (see note 16 supra; and PARA

1220 note 27 post) by consultation that took place wholly or partly before the commencement of s 23 or s 24 (ie 21 August 2006: see s 28(1)): Energy Act 2004 s 119(7); Climate Change and Sustainable Energy Act 2006 s 24(4).

UPDATE

1215-1219 Fuel sources and fuel stocks; in general ... Power to impose obligation in connection with electricity from renewable sources

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

1219-1222 Secretary of State's Power to impose Renewables Obligation

The Secretary of State may make a renewables obligation order: Electricity Act 1989 s 32(1) (ss 32-32M substituted for ss 32-32C by Energy Act 2008 s 37). A renewables obligation order is an order which imposes the renewables obligation on each electricity supplier falling within a specified description (a 'designated electricity supplier'): Electricity Act 1989 s 32(4). The descriptions of electricity supplier upon which a renewables obligation order may impose the renewables obligation are those supplying electricity to customers in the relevant part of Great Britain, excluding such categories of supplier (if any) as are specified: s 32(5). 'The relevant part of Great Britain' means in the case of a renewables obligation order made by the Secretary of State, England and Wales (including so much of the internal waters and territorial sea of the United Kingdom as are adjacent to England or Wales): Electricity Act 1989 s 32M(1). For the purposes of the definition of 'the relevant part of Great Britain', the territorial sea adjacent to England is the territorial sea adjacent to the United Kingdom, other than the territorial sea adjacent to Scotland, Wales or Northern Ireland: Electricity Act 1989 s 32M(3). The renewables obligation is that the designated electricity supplier must, by each specified day, have produced to the Authority the required number of renewables obligation certificates in respect of the amount of electricity supplied by it during a specified period to customers in the relevant part of Great Britain: s 32(6). Section 32(6) is subject to ss 32A-32M: s 32(7).

A renewables obligation order may make provision generally in relation to the renewables obligation: see Electricity Act 1989 s 32A. A renewables obligation order may provide for the Authority to issue from time to time, in accordance with such criteria (if any) as are specified in the order, a certificate ('a renewables obligation certificate') to (1) the operator of a generating station, (2) an electricity supplier or a Northern Ireland supplier, or (3) if the order so provides, a person of any other description specified in the order: see Electricity Act 1989 s 32B. Supplemental provision is made for the purposes of s 32B: see Electricity Act 1989 s 32C. A renewables obligation order may specify the amount of electricity to be stated in each renewables obligation certificate, and different amounts may be specified in relation to different cases or circumstances: see Electricity Act 1989 s 32D. Transitional and saving provision is made for the purposes of s 32D: see Electricity Act 1989 s 32E. A renewables obligation order may provide that (a) in such cases as may be specified in the order, and (b) subject to such conditions as may be so specified, an electricity supplier may (to the extent provided for in accordance with the order) discharge its renewables obligation (or its obligation in relation to a particular period) by the production to the Authority of a Northern Ireland certificate: see Electricity Act 1989 s 32F (amended by SI 2009/556). A renewables obligation order may provide (i) that an electricity supplier may (in whole or in part) discharge its renewables obligation by making a payment to the Authority before the last discharge day, and (ii) that an

electricity supplier's renewables obligation that was not discharged in whole or in part before the last discharge day is to be treated as having been discharged to the extent specified in the order where the payment for which the order provides is made to the Authority before the end of the late payment period: see Electricity Act 1989 s 32G. The amounts received by the Authority by virtue of s 32G must be paid by it to electricity suppliers in accordance with a system of allocation specified in a renewables obligation order: see Electricity Act 1989 s 32H. A renewables obligation order may provide for amounts received by the Authority by virtue of s 32G to be used by the Authority (A) to make payments into the Consolidated Fund in respect of costs (or a proportion of costs) which have been or are expected to be incurred by the Authority in connection with the performance of its functions conferred by or under ss 32-32M, or (B) to make payments to the Northern Ireland authority in respect of costs (or a proportion of costs) which have been or are expected to be incurred by that authority in connection with the performance of its functions conferred by or under the Energy (Northern Ireland) Order 2003, SI 2003/419 arts 52-55F: see Electricity Act 1989 s 32I (amended by SI 2009/556). A renewables obligation order may provide for the Authority to require (aa) an electricity supplier to provide the Authority with information, or with information of a particular kind, which in the Authority's opinion is relevant to the question whether the supplier is discharging, or has discharged, its renewables obligation; (bb) a person to provide the Authority with information, or with information of a particular kind, which in the Authority's opinion is relevant to the question whether a renewables obligation certificate is, or was or will in future be, required to be issued to the person: see Electricity Act 1989 s 32J. A renewables obligation order may make general provision about a number of matters, including transitional provisions: see Electricity Act 1989 s 32K (amended by SI 2009/556). The procedure for making an order is set out: see Electricity Act 1989 s 32L.

Supplemental provision is made: see Energy Act 2008 s 38.

1219 Power to impose obligation in connection with electricity from renewable sources

NOTE 6--SI 2006/1004 replaced: Renewables Obligation Order 2009, SI 2009/785.

NOTES 14, 16, 21--Energy Act 2004 s 116 and Climate Change and Sustainable Energy Act 2006 ss 23, 24 repealed: Energy Act 2008 Sch 6.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(6) PROTECTION OF THE PUBLIC INTEREST/(i) Fuel Sources and Fuel Stocks/C. THE RENEWABLES OBLIGATION/(A) Secretary of State's Power to impose Renewables Obligation/1220. Provision that may be made by order imposing the renewables obligation; in general.

1220. Provision that may be made by order imposing the renewables obligation; in general.

An order imposing the renewables obligation¹ may make provision generally in relation to the renewables obligation imposed by the order, and may in particular specify:

- 2930 (1) different obligations for successive periods of time²;
- 2931 (2) that only electricity generated³ using specified⁴ descriptions of renewable source⁵ is to count towards discharging the obligation, or that such electricity is to count only up to a specified amount⁶;
- 2932 (3) that only electricity generated by specified descriptions of generating station⁷ is to count towards discharging the obligation, or that such electricity is to count only up to a specified amount⁸;
- 2933 (4) that a specified minimum amount of electricity generated as mentioned in head (2) or head (3) above is to be counted towards the discharge of the renewables obligation⁹;
- 2934 (5) how the amount of electricity supplied¹⁰ by an electricity supplier¹¹, whether generally or to particular customers or descriptions of customer, is to be determined¹²;
- 2935 (6) how the relevant proportion¹³ is to be determined¹⁴;
- 2936 (7) the consequences for the discharge of the renewables obligation if a generating station fuelled or driven partly by renewable sources and partly by fossil fuel¹⁵ uses more than a specified proportion of fossil fuel during a specified period, which may include the consequence that none of the electricity generated by that generating station during that period is to count towards discharging the obligation¹⁶;
- 2937 (8) that specified information, or information of a specified nature, is to be given¹⁷ to the Gas and Electricity Markets Authority ('GEMA')¹⁸ and the form in which it is to be given¹⁹.

An order may, in relation to any specified period ('the current period'):

- 2938 (a) provide that evidence of electricity supplied in a later period may, when available, be counted towards discharging the renewables obligation for the current period²⁰;
- 2939 (b) provide that evidence of electricity supplied in the current period may, in a later period, be counted towards discharging the renewables obligation for that period²¹;
- 2940 (c) specify how much later the later period referred to in head (a) or head (b) above may be²²;
- 2941 (d) specify a maximum proportion of the renewables obligation for any period which may be discharged as mentioned in head (a) or head (b) above²³;

2942 (e) specify a maximum proportion of electricity supplied in any period evidence of which may be counted towards discharging the renewables obligation for a different period²⁴.

An order may make different provision for different cases or circumstances, different provision in relation to different suppliers, and different provision in relation to generating stations of different descriptions, if the Secretary of State²⁵ is of the opinion that no supplier²⁶ would by virtue of the differences be unduly disadvantaged in competing with other suppliers²⁷.

An order may provide for the Authority to require an electricity supplier to provide it with information, or with information of a particular kind, which is in its opinion relevant to the question whether the supplier is discharging, or has discharged, the renewables obligation²⁸. That information must be given to the Authority in whatever form it requires²⁹; but no person is to be required by virtue of these provisions to provide any information which he could not be compelled to give in evidence in civil proceedings in the High Court³⁰.

An order may make further provision as to the functions of the Authority in relation to the matters dealt with by the order³¹.

1 Ie an order under the Electricity Act 1989 s 32 (as substituted and amended): see PARA 1219 ante.

2 Ibid s 32A(1)(a) (s 32A added by the Utilities Act 2000 s 63).

3 For the meaning of 'generated' for these purposes see PARA 1219 note 12 ante.

4 For the meaning of 'specified' see PARA 1219 note 4 ante.

5 For the meaning of 'renewable sources' 1219 note 13 ante.

6 Electricity Act 1989 s 32A(1)(b) (as added: see note 2 supra).

7 For the meaning of 'generating station' see PARA 1041 note 6 ante.

8 Electricity Act 1989 s 32A(1)(c) (as added: see note 2 supra).

9 Ibid s 32A(1)(d) (as added: see note 2 supra).

10 For the meaning of 'supply' and cognate expressions see PARA 1041 note 10 ante.

11 For the meaning of 'electricity supplier' see PARA 1065 note 7 ante.

12 Electricity Act 1989 s 32A(1)(e) (as added: see note 2 supra).

13 Ie the proportion referred to in ibid s 32(6) (as substituted) (see PARA 1219 the text and notes 16-18 ante) or in the definition of 'renewable sources' in s 32(8) (as substituted) (see PARA 1219 note 13 ante).

14 Ibid s 32A(1)(f) (as added: see note 2 supra).

15 Ie a generating station of the type mentioned in ibid s 32(6) (as substituted). For the meaning of 'fossil fuel' see PARA 1219 note 13 ante.

16 Ibid s 32A(1)(g) (as added: see note 2 supra).

17 Ie in addition to the evidence referred to in ibid s 32(3) (as substituted and amended): see PARA 1219 the text and notes 7-14 ante.

18 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

19 Electricity Act 1989 s 32A(1)(h) (as added: see note 2 supra).

20 Ibid s 32A(2)(a) (as added: see note 2 supra).

- 21 Ibid s 32A(2)(b) (as added: see note 2 supra).
- 22 Ibid s 32A(2)(c) (as added: see note 2 supra).
- 23 Ibid s 32A(2)(d) (as added: see note 2 supra).
- 24 Ibid s 32A(2)(e) (as added: see note 2 supra).
- 25 As to the Secretary of State see PARA 601 note 1 ante.
- 26 For these purposes, 'supplier' means an electricity supplier or a Northern Ireland supplier: Electricity Act 1989 s 32A(3) (added by the Energy Act 2004 s 119(5)). 'Northern Ireland supplier' means an electricity supplier within the meaning of the Energy (Northern Ireland) Order 2003, SI 2003/419, Pt 7: Electricity Act 1989 s 32(8A) (added by the Energy Act 2004 s 119(3)).
- 27 Electricity Act 1989 s 32A(3) (as added (see note 2 supra); amended by the Energy Act 2004 s 119(4); the Climate Change and Sustainable Energy Act 2006 s 24(2)).
- 28 Electricity Act 1989 s 32A(4) (as added: see note 2 supra).
- 29 Ibid s 32A(5) (as added: see note 2 supra).
- 30 Ibid s 32A(6) (as added: see note 2 supra).
- 31 Ibid s 32A(7) (as added (see note 2 supra); amended by the Energy Act 2004 s 119(6)).

UPDATE

1219-1222 Secretary of State's Power to impose Renewables Obligation

The Secretary of State may make a renewables obligation order: Electricity Act 1989 s 32(1) (ss 32-32M substituted for ss 32-32C by Energy Act 2008 s 37). A renewables obligation order is an order which imposes the renewables obligation on each electricity supplier falling within a specified description (a 'designated electricity supplier'): Electricity Act 1989 s 32(4). The descriptions of electricity supplier upon which a renewables obligation order may impose the renewables obligation are those supplying electricity to customers in the relevant part of Great Britain, excluding such categories of supplier (if any) as are specified: s 32(5). 'The relevant part of Great Britain' means in the case of a renewables obligation order made by the Secretary of State, England and Wales (including so much of the internal waters and territorial sea of the United Kingdom as are adjacent to England or Wales): Electricity Act 1989 s 32M(1). For the purposes of the definition of 'the relevant part of Great Britain', the territorial sea adjacent to England is the territorial sea adjacent to the United Kingdom, other than the territorial sea adjacent to Scotland, Wales or Northern Ireland: Electricity Act 1989 s 32M(3). The renewables obligation is that the designated electricity supplier must, by each specified day, have produced to the Authority the required number of renewables obligation certificates in respect of the amount of electricity supplied by it during a specified period to customers in the relevant part of Great Britain: s 32(6). Section 32(6) is subject to ss 32A-32M: s 32(7).

A renewables obligation order may make provision generally in relation to the renewables obligation: see Electricity Act 1989 s 32A. A renewables obligation order may provide for the Authority to issue from time to time, in accordance with such criteria (if any) as are specified in the order, a certificate ('a renewables obligation certificate') to (1) the operator of a generating station, (2) an electricity supplier or a Northern Ireland supplier, or (3) if the order so provides, a person of any other description specified in the order: see Electricity Act 1989 s 32B. Supplemental provision is made for the purposes of s 32B: see Electricity Act 1989 s 32C. A renewables obligation order may specify the amount of electricity to be stated in each renewables obligation certificate, and different amounts may be specified in relation to

different cases or circumstances: see Electricity Act 1989 s 32D. Transitional and saving provision is made for the purposes of s 32D: see Electricity Act 1989 s 32E. A renewables obligation order may provide that (a) in such cases as may be specified in the order, and (b) subject to such conditions as may be so specified, an electricity supplier may (to the extent provided for in accordance with the order) discharge its renewables obligation (or its obligation in relation to a particular period) by the production to the Authority of a Northern Ireland certificate: see Electricity Act 1989 s 32F (amended by SI 2009/556). A renewables obligation order may provide (i) that an electricity supplier may (in whole or in part) discharge its renewables obligation by making a payment to the Authority before the last discharge day, and (ii) that an electricity supplier's renewables obligation that was not discharged in whole or in part before the last discharge day is to be treated as having been discharged to the extent specified in the order where the payment for which the order provides is made to the Authority before the end of the late payment period: see Electricity Act 1989 s 32G. The amounts received by the Authority by virtue of s 32G must be paid by it to electricity suppliers in accordance with a system of allocation specified in a renewables obligation order: see Electricity Act 1989 s 32H. A renewables obligation order may provide for amounts received by the Authority by virtue of s 32G to be used by the Authority (A) to make payments into the Consolidated Fund in respect of costs (or a proportion of costs) which have been or are expected to be incurred by the Authority in connection with the performance of its functions conferred by or under ss 32-32M, or (B) to make payments to the Northern Ireland authority in respect of costs (or a proportion of costs) which have been or are expected to be incurred by that authority in connection with the performance of its functions conferred by or under the Energy (Northern Ireland) Order 2003 arts 52-55F: see Electricity Act 1989 s 32I (amended by SI 2009/556). A renewables obligation order may provide for the Authority to require (aa) an electricity supplier to provide the Authority with information, or with information of a particular kind, which in the Authority's opinion is relevant to the question whether the supplier is discharging, or has discharged, its renewables obligation; (bb) a person to provide the Authority with information, or with information of a particular kind, which in the Authority's opinion is relevant to the question whether a renewables obligation certificate is, or was or will in future be, required to be issued to the person: see Electricity Act 1989 s 32J. A renewables obligation order may make general provision about a number of matters, including transitional provisions: see Electricity Act 1989 s 32K (amended by SI 2009/556). The procedure for making an order is set out: see Electricity Act 1989 s 32L.

Supplemental provision is made: see Energy Act 2008 s 38.

1220 Provision that may be made by order imposing the renewables obligation; in general

NOTE 27--Climate Change and Sustainable Energy Act 2006 s 24 repealed: Energy Act 2008 Sch 6.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(6) PROTECTION OF THE PUBLIC INTEREST/(i) Fuel Sources and Fuel Stocks/C. THE RENEWABLES OBLIGATION/(A) Secretary of State's Power to impose Renewables Obligation/1221. Green certificates.

1221. Green certificates.

An order imposing the renewables obligation¹ may provide for the Gas and Electricity Markets Authority ('GEMA')² to issue from time to time, in accordance with such criteria, if any, as are specified in the order, a certificate to the operator of a generating station³, to an electricity supplier⁴ or to a Northern Ireland supplier⁵ or, if the order so provides, to a person of any other description specified in the order⁶. A certificate is to certify the matters within head (1) or head (2) below⁷, namely:

2943 (1) the following matters:

277

407. (a) that the generating station or, in the case of a certificate issued otherwise than to the operator of a generating station, a generating station specified in the certificate, has generated from renewable sources⁸ the amount of electricity stated in the certificate; and

408. (b) that it has been supplied to customers in Great Britain⁹, or the part of Great Britain stated in the certificate¹⁰; or

278

2944 (2) the following matters:

279

409. (a) that the generating station or, in the case of a certificate issued otherwise than to the operator of a generating station, a generating station specified in the certificate, has generated from renewable sources the amount of electricity stated in the certificate;

410. (b) that the generating station in question is not a generating station mentioned in the specified statutory provision relating to Northern Ireland¹¹; and

411. (c) that the electricity has been supplied to customers in Northern Ireland¹².

280

If, however, the order provides that a certificate may certify the matters within heads (i) to (iv) below, then the certificate must certify those matters¹³, namely:

2945 (i) the following matters:

281

412. (A) that two or more generating stations have, between them, generated from renewable sources the amount of electricity stated in the certificate; and

413. (B) that it has been supplied to customers in Great Britain, or the part of Great Britain stated in the certificate¹⁴; or

282

2946 (ii) the following matters:

283

414. (A) that two or more generating stations have, between them, generated from renewable sources the amount of electricity stated in the certificate;

415. (B) that none of them is a generating station mentioned in the specified statutory provision relating to Northern Ireland¹⁵; and

416. (c) that the electricity has been supplied to customers in Northern Ireland¹⁶; or
 284
 2947 (iii) the following matters:
 285
 417. (A) that the generating station, or, in the case of a certificate issued otherwise
 than to the operator of a generating station, a generating station specified in the
 certificate, has generated from renewable sources the amount of electricity stated in
 the certificate; and
 418. (B) that the electricity has been used in a permitted way¹⁷; or
 286
 2948 (iv) the following matters:
 287
 419. (A) that two or more generating stations have, between them, generated from
 renewable sources the amount of electricity stated in the certificate; and
 420. (B) that the electricity has been used in a permitted way¹⁸.
 288

An order imposing the renewables obligation must prohibit the issue of a certificate certifying matters within head (2) or head (ii) above where the Northern Ireland authority¹⁹ has notified GEMA that it is not satisfied that the electricity in question has been supplied to customers in Northern Ireland²⁰. It must require the revocation of such a certificate if the Northern Ireland authority so notifies GEMA at a time between the issue of the certificate and its production for the purposes of provision made by virtue of²¹ the following provision²².

An order imposing the renewables obligation may provide that in such cases as may be specified in the order, and subject to such conditions as may be so specified, an electricity supplier may, to the extent provided for in accordance with the order, discharge its renewables obligation or its obligation in relation to a particular period by the production to the Authority of a certificate that certifies matters within head (2) above or any of heads (ii) to (iv) above²³. An order imposing that obligation may also provide that, in such cases as may be specified in the order, and subject to such conditions as may be so specified, an electricity supplier may, to the extent provided for in accordance with the order, discharge its renewables obligation, or its obligation in relation to a particular period, by the production to GEMA of a Northern Ireland certificate²⁴.

1 le an order under the Electricity Act 1989 s 32 (as substituted and amended): see PARA 1219 ante.

2 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

3 For the meaning of 'generating station' see PARA 1041 note 6 ante.

4 For the meaning of 'electricity supplier' see PARA 1065 note 7 ante.

5 For the meaning of 'Northern Ireland supplier' see PARA 1220 note 26 ante.

6 Electricity Act 1989 s 32B(1) (s 32B added by the Utilities Act 2000 s 64; the Electricity Act 1989 s 32B(1) amended by the Energy Act 2004 s 116(1), (2); the Climate Change and Sustainable Energy Act 2006 s 23(1), (2)).

7 le the matters within the Electricity Act 1989 s 32B(2), (2A) (as added and amended): s 32B(1A) (added by the Energy Act 2004, s 116(1), (3)).

8 For the meanings of 'generated' and 'renewable sources' for these purposes see PARA 1219 notes 12-13 ante.

9 For the meaning of 'Great Britain' see PARA 602 note 7 ante.

10 Electricity Act 1989 s 32B(2) (as added (see note 6 supra); amended by the Energy Act 2004 s 116(1), (4) (a); the Climate Change and Sustainable Energy Act 2006 s 23(1), (4); and by virtue of s 24(3)).

11 *Ie* the Energy (Northern Ireland) Order 2003, SI 2003/419, art 54(1).

12 Electricity Act 1989 s 32B(2A) (added by the Energy Act 2004 s 116(1), (5); amended by the Climate Change and Sustainable Energy Act 2006 s 23(1), (4)). References for these purposes to the supply of electricity to customers in Northern Ireland are to be construed in accordance with the definition of 'supply' in the Electricity (Northern Ireland) Order 1992, SI 1992/231, art 3: Electricity Act 1989 s 32B(5) (added by the Energy Act 2004 s 116(1), (7)).

13 *Ie* the matters within the Electricity Act 1989 s 32B(2ZA), (2AA), (2AB) or (2AC) (as added): 32B(1A) (as added (see note 7 supra); amended for these purposes by the Climate Change and Sustainable Energy Act 2006, s 23(1), (3)).

14 Electricity Act 1989 s 32B(2ZA) (added by the Climate Change and Sustainable Energy Act 2006 s 23(1), (5)).

15 See note 11 supra.

16 Electricity Act 1989 s 32B(2AA) (s 32B(2AA)-(2AE) added by the Climate Change and Sustainable Energy Act 2006 s 23(1), (6)).

17 Electricity Act 1989 s 32B(AB) (as added: see note 16 supra). For these purposes, and the purposes of s 32B(2AC) (as added) (see head (iv) in the text), electricity generated by a generating station, or generating stations, of any description is used in a permitted way if (1) it is used in one of the ways mentioned in s 32B(2AE) (as added); and (2) that way is specified in the order as a permitted way either in relation to all generating stations, or in relation to generating stations of that description: s 32B(2AD) (as so added). Those ways are: (a) being consumed by the operator of the generating station or generating stations by which it was generated; (b) being provided to a distribution system or a transmission system in circumstances in which its supply to customers cannot be demonstrated; (c) being used, as respects part, as mentioned in head (a) supra and, as respects the remainder, as mentioned in head (b) supra; (d) being used, as respects part, as mentioned in head (a), head (b) or head (c) supra and, as respects the remainder, by being supplied to customers in Great Britain or customers in Northern Ireland, or both: s 32B(2AE) (as so added).

18 *Ibid* s 32B(2AC) (as added: see note 16 supra). See also note 17 supra.

19 'Northern Ireland Authority' means the Northern Ireland Authority for Energy Regulation: *ibid* s 32(8A) (added by the Energy Act 2004 s 119(3)).

20 Electricity Act 1989 s 32B(2B)(a) (added by the Energy Act 2004 s 116(1), (5); amended by the Climate Change and Sustainable Energy Act 2006 s 23(1), (7)).

21 *Ie* by virtue of the Electricity Act 1989 s 32B(4) (as added and amended): see the text and note 23 infra.

22 Electricity Act 1989 s 32B(2B)(b) (as added: see note 20 supra).

23 *Ibid* s 32B(4) (added by the Energy Act 2004 s 116(1), (7); amended by the Climate Change and Sustainable Energy Act 2006 s 23(1), (9)).

24 Electricity Act 1989 s 32BA(1) (added by the Energy Act 2004 s 117(1)). For this purpose, 'Northern Ireland certificate' means a certificate issued by the Northern Ireland authority in accordance with provision included, by virtue of the Energy (Northern Ireland) Order 2003, SI 2003/419, art 54, in an order under art 52 (renewables obligations for Northern Ireland suppliers): Electricity Act 1989 s 32BA(2) (as so added).

UPDATE

1219-1222 Secretary of State's Power to impose Renewables Obligation

The Secretary of State may make a renewables obligation order: Electricity Act 1989 s 32(1) (ss 32-32M substituted for ss 32-32C by Energy Act 2008 s 37). A renewables obligation order is an order which imposes the renewables obligation on each electricity supplier falling within a specified description (a 'designated electricity supplier'): Electricity Act 1989 s 32(4). The descriptions of electricity supplier upon which a renewables obligation order may impose the renewables obligation are those

supplying electricity to customers in the relevant part of Great Britain, excluding such categories of supplier (if any) as are specified: s 32(5). 'The relevant part of Great Britain' means in the case of a renewables obligation order made by the Secretary of State, England and Wales (including so much of the internal waters and territorial sea of the United Kingdom as are adjacent to England or Wales): Electricity Act 1989 s 32M(1). For the purposes of the definition of 'the relevant part of Great Britain', the territorial sea adjacent to England is the territorial sea adjacent to the United Kingdom, other than the territorial sea adjacent to Scotland, Wales or Northern Ireland: Electricity Act 1989 s 32M(3). The renewables obligation is that the designated electricity supplier must, by each specified day, have produced to the Authority the required number of renewables obligation certificates in respect of the amount of electricity supplied by it during a specified period to customers in the relevant part of Great Britain: s 32(6). Section 32(6) is subject to ss 32A-32M: s 32(7).

A renewables obligation order may make provision generally in relation to the renewables obligation: see Electricity Act 1989 s 32A. A renewables obligation order may provide for the Authority to issue from time to time, in accordance with such criteria (if any) as are specified in the order, a certificate ('a renewables obligation certificate') to (1) the operator of a generating station, (2) an electricity supplier or a Northern Ireland supplier, or (3) if the order so provides, a person of any other description specified in the order: see Electricity Act 1989 s 32B. Supplemental provision is made for the purposes of s 32B: see Electricity Act 1989 s 32C. A renewables obligation order may specify the amount of electricity to be stated in each renewables obligation certificate, and different amounts may be specified in relation to different cases or circumstances: see Electricity Act 1989 s 32D. Transitional and saving provision is made for the purposes of s 32D: see Electricity Act 1989 s 32E. A renewables obligation order may provide that (a) in such cases as may be specified in the order, and (b) subject to such conditions as may be so specified, an electricity supplier may (to the extent provided for in accordance with the order) discharge its renewables obligation (or its obligation in relation to a particular period) by the production to the Authority of a Northern Ireland certificate: see Electricity Act 1989 s 32F (amended by SI 2009/556). A renewables obligation order may provide (i) that an electricity supplier may (in whole or in part) discharge its renewables obligation by making a payment to the Authority before the last discharge day, and (ii) that an electricity supplier's renewables obligation that was not discharged in whole or in part before the last discharge day is to be treated as having been discharged to the extent specified in the order where the payment for which the order provides is made to the Authority before the end of the late payment period: see Electricity Act 1989 s 32G. The amounts received by the Authority by virtue of s 32G must be paid by it to electricity suppliers in accordance with a system of allocation specified in a renewables obligation order: see Electricity Act 1989 s 32H. A renewables obligation order may provide for amounts received by the Authority by virtue of s 32G to be used by the Authority (A) to make payments into the Consolidated Fund in respect of costs (or a proportion of costs) which have been or are expected to be incurred by the Authority in connection with the performance of its functions conferred by or under ss 32-32M, or (B) to make payments to the Northern Ireland authority in respect of costs (or a proportion of costs) which have been or are expected to be incurred by that authority in connection with the performance of its functions conferred by or under the Energy (Northern Ireland) Order 2003 arts 52-55F: see Electricity Act 1989 s 32I (amended by SI 2009/556). A renewables obligation order may provide for the Authority to require (aa) an electricity supplier to provide the Authority with information, or with information of a particular kind, which in the Authority's opinion is relevant to the question whether the supplier is discharging, or has discharged, its renewables obligation; (bb) a person to provide the Authority with information, or with information of a particular kind, which in the Authority's opinion is relevant to the question whether

a renewables obligation certificate is, or was or will in future be, required to be issued to the person: see Electricity Act 1989 s 32J. A renewables obligation order may make general provision about a number of matters, including transitional provisions: see Electricity Act 1989 s 32K (amended by SI 2009/556). The procedure for making an order is set out: see Electricity Act 1989 s 32L.

Supplemental provision is made: see Energy Act 2008 s 38.

1221 Green certificates

TEXT AND NOTES--Energy Act 2004 s 116 and Climate Change and Sustainable Energy Act 2006 ss 23, 24 repealed: Energy Act 2008 Sch 6.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(6) PROTECTION OF THE PUBLIC INTEREST/(i) Fuel Sources and Fuel Stocks/C. THE RENEWABLES OBLIGATION/(A) Secretary of State's Power to impose Renewables Obligation/1222. Payment as alternative to complying with an order imposing the renewables obligation.

1222. Payment as alternative to complying with an order imposing the renewables obligation.

An order imposing the renewables obligation¹ may provide:

- 2949 (1) that an electricity supplier² may, in whole or in part, discharge its renewables obligation³ by making a payment to the Gas and Electricity Markets Authority ('GEMA')⁴ before the day specified as the day by which evidence must be produced for the statutory purposes⁵; and
- 2950 (2) that an electricity supplier's renewables obligation that was not discharged in whole or in part before the day so specified is to be treated as having been discharged to the extent specified in the order where the payment for which the order provides is made to the Authority before the end of such period beginning with that day as may be specified in the order⁶.

The order may make provision:

- 2951 (a) as to the sum which for the purposes of heads (1) and (2) above is to correspond to the supply⁷ of a given amount of electricity;
- 2952 (b) for the sums that must be paid in order for an obligation to be treated as having been discharged to increase at a rate specified in the order for each day after the time by which evidence had to be produced for the statutory purposes⁸;
- 2953 (c) for different sums or rates falling within head (a) or head (b) above in relation to different periods;
- 2954 (d) for different such sums or rates in relation to electricity generated⁹ in different ways specified in the order¹⁰; and
- 2955 (e) for any such sum or rate to be adjusted from time to time for inflation by a method specified in the order, which may refer to a specified scale or index or to other specified data of any description, including such a scale or index or such data in a form not current when the order was made, but in a subsequent form attributable to revision or any other cause and taking effect afterwards¹¹.

An order imposing the renewables obligation may provide that, where a renewables obligation is one in relation to which provision made by virtue of head (2) above applies in the case of the electricity supplier who is subject to the obligation, and the period ending with such day, after the day by which the obligation had to be complied with, as may be specified in or determined under the order has not expired, the taking of steps¹² in respect of a contravention¹³ by that supplier of that obligation is prohibited or otherwise restricted to the extent specified in the order¹⁴.

An order imposing the renewables obligation may also provide that, in a case in which the amount received by the Authority or by the Northern Ireland authority¹⁵ by way of discharge payments¹⁶ for a period falls short of the amount due in respect of that period¹⁷, every person who was subject to a renewables obligation for the relevant period¹⁸ or for a subsequent period

specified in or determined under the order, and who is of a description so specified or determined, must, by the time and in the circumstances so specified or determined, make a payment, or further payment, to the Authority of an amount calculated in the manner so specified or determined¹⁹. Such an order may not, however, by virtue of that provision²⁰, confer an entitlement on the Authority to receive a payment in respect of the shortfall for any period:

- 2956 (i) in the case of a shortfall in the amount received by the Authority, if the receipt of the payment is to be while a prohibition or restriction²¹ applies, in one or more cases, to the taking of steps in relation to contraventions of renewables obligations for that period; or
- 2957 (ii) in the case of a shortfall in the amount received by the Northern Ireland authority, if the receipt of the payment is to be while a prohibition or restriction by virtue of a corresponding provision having effect in Northern Ireland applies, in one or more cases, to the taking of steps in relation to contraventions of Northern Ireland obligations for that period²².

The amounts received by the Authority by virtue of the above provisions must be paid by it to electricity suppliers²³ in accordance with a system of allocation specified in an order imposing the renewables obligation²⁴; and the system of allocation specified in the order may provide for payments to specified categories of electricity supplier only²⁵.

1 le an order under the Electricity Act 1989 s 32 (as substituted and amended): see PARA 1219 ante.

2 For the meaning of 'electricity supplier' see PARA 1065 note 7 ante.

3 References for these purposes to an electricity supplier's renewables obligation include references to its renewables obligation in relation to a particular period: Electricity Act 1989 s 32C(6) (s 32C(6)-(8) added by the Energy Act 2004 s 115(5)).

4 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

5 le for the purposes of the Electricity Act 1989 s 32(3) (as substituted and amended): see PARA 1219 ante.

6 Ibid s 32C(1) (s 32C added by the Utilities Act 2000 s 65; the Electricity Act 1989 s 32C(1) amended by the Energy Act 2004 s 115(2)).

7 For the meaning of 'supply' see PARA 1041 note 10 ante.

8 See note 5 supra.

9 For the meaning of 'generate' for these purposes see PARA 1219 note 12 ante.

10 Eg such as those referred to in the Electricity Act 1989 s 32A(1)(b), (c) (as added): see PARA 1220 ante at heads (2)-(3) in the text.

11 Ibid s 32C(2) (as added (see note 6 supra); amended by the Energy Act 2004 s 115(3)).

12 le under the Electricity Act 1989 s 27A (as added) (penalties): see PARA 1212 ante.

13 For the meaning of 'contravention' see PARA 1070 note 20 ante.

14 Electricity Act 1989 s 32C(2A) (s 32C(2A)-(2D) added by the Energy Act 2004 s 115(4)).

15 For the meaning of 'the Northern Ireland Authority' see PARA 1221 note 19 ante.

16 'Discharge payment', in relation to a period, means (1) a payment by virtue of the Electricity Act 1989 s 32C(1)(a) (as substituted) (see head (1) in the text), for discharging (in whole or in part) an electricity supplier's renewables obligation for that period; (2) so much of a payment by virtue of s 32C(1)(b) (as substituted) (see head (2) in the text) for securing that such an obligation is treated as discharged to any extent as does not exceed the payment that would have discharged that obligation to the same extent if it had been made before

the day mentioned in s 32C(1)(b) (as substituted); or (3) so much of any payment to the Northern Ireland authority as corresponds, in relation to a Northern Ireland obligation for that period, to anything falling within head (1) or head (2) supra: s 32C(8) (as added: see note 3 supra). For these purposes, 'Northern Ireland obligation' means a renewables obligation of a Northern Ireland supplier under the Energy (Northern Ireland) Order 2003, SI 2003/419, art 52: Electricity Act 1989 s 32C(8) (as so added). For the meaning of 'Northern Ireland supplier' see PARA 1221 note 19 ante.

17 For these purposes: (1) the amount received by GEMA by way of discharge payments for a period falls short of the amount due in respect of that period; and (2) the amount received by the Northern Ireland authority by way of discharge payments for a period falls short of the amount due in respect of that period, if, and to the extent that, GEMA or (as the case may be) the Northern Ireland authority would have received more by way of discharge payments if every renewables obligation or (as the case may be) Northern Ireland obligation for that period, so far as it was not otherwise discharged, had been discharged by payment: *ibid* s 32C(7) (as added: see note 3 supra).

18 For these purposes, 'the relevant period': (1) in relation to a shortfall in amounts received by GEMA by way of discharge payments for a period, means that period; and (2) in relation to a shortfall in amounts received by the Northern Ireland authority by way of discharge payments for a period, means any period that includes the whole or a part of that period: *ibid* s 32C(8) (as added: see note 3 supra).

19 *Ibid* s 32C(2B) (as added: see note 14 supra). The provision that may be made by virtue of s 32(2B) (as so added) includes (1) provision for the making of adjustments and repayments at times after a requirement to make payments in respect of a shortfall for a period has already arisen; and (2) provision that ss 25-28 (as amended) (enforcement: see PARA 1207 et seq ante) are to apply in relation to a requirement imposed by virtue of s 32C(2B) (as added) on a person who is not a licence holder as if he were a licence holder: s 32C(2D) (as so added). For the meaning of 'licence holder' see PARA 1041 note 12 ante.

20 *Ie* by virtue of *ibid* s 32C(2B) (as added): see the text and notes 15-19 supra.

21 *Ie* by virtue of *ibid* s 32C(2A) (as added): see the text and notes 12-14 supra.

22 *Ibid* s 32C(2C) (as added: see note 14 supra).

23 The references in *ibid* s 32C(3), (4) (as respectively substituted and added) to electricity suppliers include references to persons who are Northern Ireland suppliers: s 32C(5) (added by the Energy Act 2004 s 118(1)).

24 Electricity Act 1989 s 32C(3) (substituted by the Energy Act 2004 s 115(4)).

25 Electricity Act 1989 s 32C(4) (as added: see note 6 supra).

(B) THE RENEWABLES OBLIGATION ORDER 2006

(a) *The Renewables Obligation and its Amount*

UPDATE

1219-1222 Secretary of State's Power to impose Renewables Obligation

The Secretary of State may make a renewables obligation order: Electricity Act 1989 s 32(1) (ss 32-32M substituted for ss 32-32C by Energy Act 2008 s 37). A renewables obligation order is an order which imposes the renewables obligation on each electricity supplier falling within a specified description (a 'designated electricity supplier'): Electricity Act 1989 s 32(4). The descriptions of electricity supplier upon which a renewables obligation order may impose the renewables obligation are those supplying electricity to customers in the relevant part of Great Britain, excluding such categories of supplier (if any) as are specified: s 32(5). 'The relevant part of Great Britain' means in the case of a renewables obligation order made by the Secretary of State, England and Wales (including so much of the internal waters and territorial sea of the United Kingdom as are adjacent to England or Wales): Electricity Act 1989 s 32M(1). For the purposes of the definition of 'the relevant part of Great Britain', the territorial sea adjacent to England is the territorial sea adjacent to the United Kingdom, other than the territorial sea adjacent to Scotland, Wales or Northern Ireland: Electricity Act 1989 s 32M(3). The renewables obligation is that the designated electricity supplier must, by each specified day, have produced to the Authority the required number of renewables obligation certificates in respect of the amount of electricity supplied by it during a specified period to customers in the relevant part of Great Britain: s 32(6). Section 32(6) is subject to ss 32A-32M: s 32(7).

A renewables obligation order may make provision generally in relation to the renewables obligation: see Electricity Act 1989 s 32A. A renewables obligation order may provide for the Authority to issue from time to time, in accordance with such criteria (if any) as are specified in the order, a certificate ('a renewables obligation certificate') to (1) the operator of a generating station, (2) an electricity supplier or a Northern Ireland supplier, or (3) if the order so provides, a person of any other description specified in the order: see Electricity Act 1989 s 32B. Supplemental provision is made for the purposes of s 32B: see Electricity Act 1989 s 32C. A renewables obligation order may specify the amount of electricity to be stated in each renewables obligation certificate, and different amounts may be specified in relation to different cases or circumstances: see Electricity Act 1989 s 32D. Transitional and saving provision is made for the purposes of s 32D: see Electricity Act 1989 s 32E. A renewables obligation order may provide that (a) in such cases as may be specified in the order, and (b) subject to such conditions as may be so specified, an electricity supplier may (to the extent provided for in accordance with the order) discharge its renewables obligation (or its obligation in relation to a particular period) by the production to the Authority of a Northern Ireland certificate: see Electricity Act 1989 s

32F (amended by SI 2009/556). A renewables obligation order may provide (i) that an electricity supplier may (in whole or in part) discharge its renewables obligation by making a payment to the Authority before the last discharge day, and (ii) that an electricity supplier's renewables obligation that was not discharged in whole or in part before the last discharge day is to be treated as having been discharged to the extent specified in the order where the payment for which the order provides is made to the Authority before the end of the late payment period: see Electricity Act 1989 s 32G. The amounts received by the Authority by virtue of s 32G must be paid by it to electricity suppliers in accordance with a system of allocation specified in a renewables obligation order: see Electricity Act 1989 s 32H. A renewables obligation order may provide for amounts received by the Authority by virtue of s 32G to be used by the Authority (A) to make payments into the Consolidated Fund in respect of costs (or a proportion of costs) which have been or are expected to be incurred by the Authority in connection with the performance of its functions conferred by or under ss 32-32M, or (B) to make payments to the Northern Ireland authority in respect of costs (or a proportion of costs) which have been or are expected to be incurred by that authority in connection with the performance of its functions conferred by or under the Energy (Northern Ireland) Order 2003 arts 52-55F: see Electricity Act 1989 s 32I (amended by SI 2009/556). A renewables obligation order may provide for the Authority to require (aa) an electricity supplier to provide the Authority with information, or with information of a particular kind, which in the Authority's opinion is relevant to the question whether the supplier is discharging, or has discharged, its renewables obligation; (bb) a person to provide the Authority with information, or with information of a particular kind, which in the Authority's opinion is relevant to the question whether a renewables obligation certificate is, or was or will in future be, required to be issued to the person: see Electricity Act 1989 s 32J. A renewables obligation order may make general provision about a number of matters, including transitional provisions: see Electricity Act 1989 s 32K (amended by SI 2009/556). The procedure for making an order is set out: see Electricity Act 1989 s 32L.

Supplemental provision is made: see Energy Act 2008 s 38.

1223. The renewables obligation; amount of the renewables obligation.

The renewables obligation is that, subject to the specified provisions¹, each designated electricity supplier² must before each specified day³ produce to the Gas and Electricity Markets Authority ('GEMA')⁴ evidence showing:

- 2958 (1) that it has supplied to customers in Great Britain⁵ during the obligation period⁶ to which the specified day relates such amount of electricity generated from eligible renewable sources⁷ as is determined⁸; or
- 2959 (2) that another electricity supplier has done so, or that two or more others have done so; or
- 2960 (3) that, between them, they have done so⁹.

The evidence referred to is certificates issued by the Authority under and certifying the matters in the specified statutory provisions¹⁰, provided that such certificates relate to electricity generated from eligible renewable sources¹¹. Such a certificate is to be regarded as produced to the Authority as the required evidence, or part of the required evidence, in respect of an obligation period where before the specified day relating to that period the Authority receives from the designated electricity supplier which holds the certificate a notification in writing identifying the certificate to be produced for that purpose and, in the case of a ROC¹², the ROC identifier¹³. The Authority may¹⁴ draw up procedural guidelines for the production of certificates as the evidence or part of the evidence required under heads (1) to (3) above¹⁵.

An electricity supplier has a renewables obligation in respect of an obligation period if it supplies electricity in England and Wales at any time during that period regardless of whether it supplies electricity in England and Wales for the whole of that period¹⁶.

The amount of electricity referred to in head (1) above, in respect of an obligation period, is such amount of electricity as equals the relevant percentage¹⁷ of all the electricity supplied by the designated electricity supplier to customers in England and Wales during the obligation period, as determined by reference to:

- 2961 (a) the estimated figures, for its total sales of electricity to customers in England and Wales for each of the 12 periods of approximately one month falling wholly or mainly within the obligation period, which are furnished to the Department for Business, Enterprise and Regulatory Reform (formerly the Department of Trade and Industry) and the Authority¹⁸, together with
- 2962 (b) any additional or updated figures for such sales as are furnished to the Authority¹⁹, such amount being rounded to the nearest whole megawatt hour with any exact half megawatt hour being rounded upwards²⁰.

Each designated electricity supplier must furnish to the Department for Business, Enterprise and Regulatory Reform, and to the Authority, the estimated figures relating to its total sales of electricity to customers in England and Wales during an obligation period by no later than 1 June immediately following the end of the obligation period²¹. By no later than 1 July immediately following the end of an obligation period, each designated electricity supplier must inform the Authority of the amount of electricity which it has supplied to customers in England and Wales during the obligation period²² and the amount in megawatt hours of its renewables obligation in respect of the obligation period²³. In furnishing the information so specified, the designated electricity supplier must have regard to any sales figures, which it has provided, or intends to provide, to the Department for Business, Enterprise and Regulatory Reform for statistical purposes and publication in 'Energy Trends'²⁴.

For the above purposes, the relevant percentage is the percentage of total supplies set out below with respect to the specified obligation periods:

- 2963 (i) from 1 April 2006 to 31 March 2007, 6.7 per cent;
- 2964 (ii) from 1 April 2007 to 31 March 2008, 7.9 per cent;
- 2965 (iii) from 1 April 2008 to 31 March 2009, 9.1 per cent;
- 2966 (iv) from 1 April 2009 to 31 March 2010, 9.7 per cent;
- 2967 (v) from 1 April 2010 to 31 March 2011, 10.4 per cent;
- 2968 (vi) from 1 April 2011 to 31 March 2012, 11.4 per cent;
- 2969 (vii) from 1 April 2012 to 31 March 2013, 12.4 per cent;
- 2970 (viii) from 1 April 2013 to 31 March 2014, 13.4 per cent;
- 2971 (ix) from 1 April 2014 to 31 March 2015, 14.4 per cent;
- 2972 (x) from 1 April 2015 to 31 March 2016, 15.4 per cent; and
- 2973 (xi) for each subsequent period of 12 months ending with the period of 12 months ending on 31 March 2027, 15.4 per cent²⁵.

1 The subject to the Renewables Obligation Order 2006, SI 2006/1004, arts 11, 12, 13, 13A and 14 (as amended): see PARAS 1226-1227 post.

2 'Designated electricity supplier' means any electricity supplier supplying electricity in England and Wales: *ibid* art 2(1). For the meaning of 'electricity supplier' see PARA 1065 note 7 ante.

3 'Specified day', in relation to an obligation period, means 1 September immediately following it: *ibid* art 2(1).

4 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

5 For the meaning of 'Great Britain' see PARA 602 note 7 ante.

6 'Obligation period' means any of the periods referred to in the Renewables Obligation Order 2006, SI 2006/1004, arts 2(1), 4(1), Sch 1 col 1 (see heads (i)-(xi) in the text): art 2(1).

7 For the meaning of 'eligible renewable sources' see ibid art 5; and PARA 1224 post.

8 Ie under ibid art 4: see the text and notes 17-25 infra.

9 Ibid art 3(1) (art 3(1), (2) amended by SI 2007/1078).

10 Ie the Electricity Act 1989 s 32B(2) or s 32B(2ZA) (as added): see PARA 1221 ante.

11 Renewables Obligation Order 2006, SI 2006/1004, art 3(2) (as amended: see note 9 supra).

12 'ROC' means a certificate issued by the Authority under the Electricity Act 1989 s 32B (as added and amended) (see PARA 1221 ante) and pursuant to the Renewables Obligation Order 2006, SI 2006/1004, art 2(1).

13 Ibid art 3(3). 'ROC identifier' has the meaning given by Sch 2 para 2 (see PARA 1230 post): art 2(1).

14 Ie without prejudice to ibid art 3(3).

15 Ibid art 3(4).

16 Ibid art 3(5).

17 'The relevant percentage' means, in respect of an obligation period, the percentage set out in ibid Sch 1 col 2 against the reference to that obligation period in Sch 1 col 1: art 4(2). See heads (i)-(xi) in the text.

18 Ie under ibid art 4(4): see the text and note 21 infra.

19 Ie under ibid art 4(5)(a): see the text and note 22 infra.

20 Ibid art 4(1), (3).

21 Ibid art 4(4).

22 Ibid art 4(5)(a).

23 Ibid art 4(5)(b).

24 Ibid art 4(6).

1223-1238 The renewables obligation; amount of the renewables obligation ... Preliminary accreditation and accreditation of generating stations

SI 2006/1004 (as amended) replaced: Renewables Obligation Order 2009, SI 2009/785.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(6) PROTECTION OF THE PUBLIC INTEREST/(i) Fuel Sources and Fuel Stocks/C. THE RENEWABLES OBLIGATION/(B) The Renewables Obligation Order 2006/(b) Electricity from Renewable Energy Sources/1224. Eligible renewable sources.

(b) Electricity from Renewable Energy Sources

1224. Eligible renewable sources.

Electricity is¹ to be considered to have been generated from eligible renewable sources to the extent that it has been generated from renewable sources² and provided that it has not been generated by an excluded generating station³. The following are excluded generating stations:

- 2974 (1) large hydro generating stations⁴ except those first commissioned after 1 April 2002;
- 2975 (2) generating stations, other than micro hydro generating stations⁵, which were first commissioned before 1 January 1990 and where the main components have not been renewed⁶ since 31 December 1989;
- 2976 (3) generating stations located outside the United Kingdom⁷, except generating stations which are not located on land and which are directly and exclusively connected to a transmission or distribution network located in Northern Ireland⁸; and
- 2977 (4) generating stations generating electricity under certain arrangements or additional arrangements referred to in the specified statutory provision⁹ applying in Northern Ireland¹⁰.

A generating station is not an excluded generating station by virtue of head (2) above in any month during which it is fuelled partly by fossil fuel¹¹ and partly by biomass¹², and by no other fuel¹³. Nor is it an excluded generating station by virtue of that head in any month during which it is fuelled wholly by biomass, if prior to 1 April 2003 at least 75 per cent of the energy content¹⁴ of the fuel by which it was fuelled was derived from fossil fuel and during no month, being a month after March 2004, after the first month during which it was fuelled wholly by biomass has the energy content of the fuel by which it was fuelled been derived as to more than 75 per cent from fossil fuel¹⁵.

Where:

- 2978 (a) a qualifying arrangement¹⁶ ('the applicable qualifying arrangement') provided for the building of a generating station at a specified location ('the location');
- 2979 (b) the applicable qualifying arrangement was terminated due to the operator of the generating station to which it applied having committed an unremedied breach of it; and
- 2980 (c) the last period in the tables contained in Schedule 1 to the Non-Fossil Fuel Order¹⁷ which relates to the applicable qualifying arrangement has not expired,

then a generating station which is situated at the location¹⁸ and to which the applicable qualifying arrangement applied at the time it was commissioned¹⁹, or which is owned or operated by a person who was a party to the applicable qualifying arrangement (or who is a

connected person²⁰ or a linked person²¹ in relation to any such party), is to be an excluded generating station²². Where an extant qualifying arrangement ('the applicable qualifying arrangement') provides for the building of a generating station ('the specified station') at a specified location ('the location') and the specified station has not been commissioned, then a generating station which is situated at the location and which is owned or operated by a person who is a party to the applicable qualifying arrangement (or is a connected person or a linked person in relation to any such party), is also to be an excluded generating station²³. These provisions excluding a generating station do not, however, apply to a station which during the month in question generates only electricity which is sold pursuant to another extant qualifying arrangement²⁴.

A generating station is also to be an excluded generating station in any month during which it is fuelled wholly or partly by waste²⁵ unless:

- 2981 (i) the only waste or wastes by which it is fuelled in that month is or are biomass or liquids comprised wholly or mainly of hydrocarbon compounds;
- 2982 (ii) all the waste by which it is fuelled in that month which is not biomass has first been manufactured into fuel which is in either a gaseous or liquid form, or both, by means of plant and equipment using advanced conversion technologies²⁶ only; or
- 2983 (iii) the generating station is a qualifying combined heat and power generating station²⁷.

A generating station is to be an excluded generating station:

- 2984 (A) in any month during which it is fuelled partly by fossil fuel and partly by any other fuel, or fuels, other than biomass²⁸;
- 2985 (B) after 31 March 2016, in any month during which it is fuelled partly by fossil fuel and partly by biomass and by no other fuel²⁹;
- 2986 (C) in any month during which it is fuelled wholly or partly by peat³⁰;
- 2987 (D) in any month during which it is fuelled wholly or partly by any substance derived directly or indirectly from coal, lignite, natural gas³¹ or crude liquid petroleum³² unless that substance is a substance derived directly or indirectly from any of the above-mentioned substances which is created for the purpose of being used as a fuel³³ or it is waste or a component of biomass³⁴;
- 2988 (E) in any month during which it is fuelled wholly or partly by waste where all the waste which is neither biomass nor liquids comprised wholly or mainly of hydrocarbon compounds is or is derived directly or indirectly from one or more of the substances³⁵ referred to in head (D) above³⁶.

1 le subject to the Renewables Obligation Order 2006, SI 2006/1004, art 9: see PARA 1225 post.

2 For the meaning of 'renewable sources' see PARA 1219 note 13 ante.

3 Renewables Obligation Order 2006, SI 2006/1004, art 5(1). For the meaning of 'generating station' see PARA 1041 note 6 ante.

4 For these purposes, 'hydro generating station' means a generating station which is wholly or mainly driven by water (other than a generating station driven by tidal flows, waves, ocean currents or geothermal sources) and the 'generating station' extends to all turbines supplied by the same civil works, except that any turbine driven by a compensation flow supplied by those civil works where there is a statutory obligation to maintain such compensation flow in a natural water course is to be regarded as a separate hydro generating station; and 'large hydro generating station' means a hydro generating station which has, or has had at any time since 1 April 2002, a declared net capacity of more than 20 megawatts: *ibid* art 2(1). For the purposes of this definition of 'hydro generating station', the 'civil works' which are to be regarded as supplying a particular turbine ('the relevant turbine') are all the man-made weirs, man-made structures and man-made works for holding water which are located on the inlet side of the relevant turbine, but excluding any such weirs, structures or works

which supply another turbine before water is supplied to the weirs, structures and works which supply the relevant turbine: art 2(2).

'Declared net capacity' means the highest generation of electricity (calculated by adding together the highest generation of electricity at the main terminals of each alternator and dynamo) which, on the assumption that the source of power is available uninterruptedly, can be maintained indefinitely without causing damage to the plant less so much of that electricity as is consumed by the plant: art 2(1).

5 For these purposes, 'micro hydro generating station' means a hydro generating station which (1) has a declared net capacity of 1.25 megawatts or less; (2) has always been in private ownership and operation; and (3) has never generated electricity under an arrangement which has ever been a qualifying arrangement as defined in the Electricity Act 1989 s 33 (as s 33 was originally enacted): Renewables Obligation Order 2006, SI 2006/1004, art 2(1).

6 For the purposes of *ibid* art 5(2)(b) (see head (2) in the text), the main components of a generating station are only to be regarded as having been renewed since 31 December 1989 where (1) in the case of a hydro generating station, the following parts have been installed in the generating station after 31 December 1989 and were not used for the purpose of electricity generation prior to that date: (a) either all the turbine runners or all the turbine blades or the propeller; and (b) either all the inlet guide vanes or all the inlet guide nozzles; or (2) in the case of any other generating station, all the boilers and turbines (driven by any means including wind, water, steam or gas) have been installed in the generating station after 31 December 1989 and were not used for the purpose of electricity generation prior to that date: art 5(5).

7 For these purposes, the expression 'the United Kingdom' includes the territorial sea of the United Kingdom and waters in any area designated under the Continental Shelf Act 1964 s 1(7) (as amended) (see PARA 1636 post; and INTERNATIONAL RELATIONS LAW vol 61 (2010) PARA 172): Renewables Obligation Order 2006, SI 2006/1004, art 2(1). As to the territorial sea of the United Kingdom see WATER AND WATERWAYS vol 100 (2009) PARA 31 note 3.

8 'On land', in relation to the location of a generating station, means wholly or partly on land above mean high water level: *ibid* art 2(1). 'Transmission and distribution network' means any transmission system or any distribution system or both (as transmission system is defined and distribution system is used in the definition of 'distribute', in the Electricity Act 1989 s 4(4) (as amended) (see PARA 1041 notes 5-6 ante) in Great Britain or any equivalent system in another country or in Northern Ireland: Renewables Obligation Order 2006, SI 2006/1004, art 2(1).

9 *Ie* the Electricity (Northern Ireland) Order 1992, SI 1992/231, art 35(1).

10 Renewables Obligation Order 2006, SI 2006/1004, art 5(2).

11 In *ibid* art 8 and in arts 5, 7, 14, Sch 3 'fossil fuel' means (1) coal, lignite, natural gas (as defined in the Energy Act 1976: see PARA 603 note 3 ante) or crude liquid petroleum; (2) anything which is derived directly or indirectly from any of the substances referred to in head (1) *supra* which (except as mentioned below) is created for the purpose of being used as a fuel, other than anything (not being a liquid comprised wholly or mainly of hydrocarbon compounds), which is or is derived directly or indirectly from any of the substances referred to in head (1) *supra*, which is waste or a component of biomass; and for the purposes of head (2) *supra* a liquid comprised wholly or mainly of hydrocarbon compounds need not be created for the purpose of being used as a fuel: Renewables Obligation Order 2006, SI 2006/1004, art 8(1)(a). For the meaning of 'waste' see note 25 *infra*; and for the meaning of 'biomass' see note 12 *infra*.

12 'Biomass' means fuel used in a generating station of which at least 90% of the energy content (measured over such period and with such frequency as the Gas and Electricity Markets Authority ('GEMA') deems appropriate) is derived from plant or animal matter or substances derived directly or indirectly therefrom (whether or not such matter or substances are waste) and includes agricultural, forestry or wood wastes or residues, sewage and energy crops (provided that such plant or animal matter is not or is not derived directly or indirectly from fossil fuel) provided that: (1) this definition does not include any substance that, at the time it is used as fuel in a generating station, is a fraction of any mixture of wastes that, taken as a whole, is not itself biomass; and (2) in determining any period over which and frequency with which measurement must take place for the purposes of this definition, the Authority may take into account such matters as it thinks fit, including the length of time for which the fuel has been used by the generating station or by other generating stations: *ibid* art 2(1). 'Plant', with reference to crops or plant matter, includes shrubs and trees: art 2(1). For the meaning of 'energy content' see note 14 *infra*. As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

For the purposes of the Renewables Obligation Order 2006, SI 2006/1004 (as amended), any fuel used in a generating station (not being biomass) must be treated as biomass if (a) it is one of at least two fuels (not being fossil fuels within the meaning of art 8 (see note 11 *supra*)) used to fuel that generating station (whether or not those fuels are the only ones so used); and (b) at least 90% of the total energy content of those fuels (measured over such period and with such frequency as the Authority deems appropriate) is derived from

material which is of such a nature that, if 90% of the energy content of a single fuel was so derived, that fuel would constitute biomass: art 2(1A) (art 2(1A), (1B) added by SI 2007/1078). Accordingly, any reference in the 2006 Order to biomass is to be construed as a reference to biomass or fuel which is treated as biomass: Renewables Obligation Order 2006, SI 2006/1004, art 2(1B) (as so added).

13 Ibid art 5(3). For the purposes of arts 5, 7 and 14 and in Sch 3, in determining whether a generating station is fuelled by a particular fuel regard is to be had only to fuel which it uses to generate electricity: art 8(2). For those purposes, fossil fuel or waste which a generating station uses for (1) the ignition of gases of low or variable calorific value; (2) the heating of the combustion system to its normal operating temperature or the maintenance of that temperature; (3) emission control; or (4) standby generation or the testing of standby generation capacity, must only be treated as comprising fuel used to generate electricity in any month in which the combined energy content of the fossil fuel or waste, or both, which the generating station uses for those purposes exceeds 10% of the energy content of the energy sources by which it is fuelled: art 8(3). For those purposes, and in art 8, 'standby generation' means the generation of electricity by equipment which is not used frequently or regularly to generate electricity and where all the electricity generated by that equipment is used by the generating station: art 8(1)(c).

14 'Energy content' of a fuel means the gross calorific value of that fuel (as expressed by weight or by volume) multiplied by the weight or volume of that fuel: ibid art 2(1).

15 Ibid art 5(4).

16 'Qualifying arrangement' means (except in the definition of 'micro hydro generating station' (see note 5 supra) and in ibid Sch 3 (conditions of eligibility for NIROCs)) an arrangement which was originally made pursuant to a Non-Fossil Fuel Order (and includes any replacement of such an arrangement where that replacement was made pursuant to an order made under the Utilities Act 2000 s 67: see PARA 1239 post): Renewables Obligation Order 2006, SI 2006/1004, art 2(1). 'Non-Fossil Fuel Order' means (except where used in Sch 3) any of the following orders: the Electricity (Non-Fossil Fuel Sources) (England and Wales) Order 1994, SI 1994/3259; the Electricity (Non-Fossil Fuel Sources) (England and Wales) Order 1997, SI 1997/248; the Electricity (Non-Fossil Fuel Sources) (England and Wales) Order 1998, SI 1998/2353; and corresponding orders relating to Scotland: see the Renewables Obligation Order 2006, SI 2006/1004, art 2(1).

17 I.e. the tables contained in the Electricity (Non-Fossil Fuel Sources) (England and Wales) Order 1994, SI 1994/3259, Sch 1; the Electricity (Non-Fossil Fuel Sources) (England and Wales) Order 1997, SI 1997/248, Sch 1; or the Electricity (Non-Fossil Fuel Sources) (England and Wales) Order 1998, SI 1998/2353, Sch 1: see note 16 supra.

18 For these purposes, a generating station is to be regarded as being situated at a location provided for by an extant qualifying arrangement whether it is situated wholly or partly at that location: Renewables Obligation Order 2006, SI 2006/1004, art 6(8).

19 'Commissioned' means the completion of a process of such procedures and tests as from time to time constitute usual industry standards and practices for commissioning a generating station in order to demonstrate that the generating station is capable of commercial operation: ibid art 2(1).

20 'Connected person', in relation to an owner or operator of a generating station, or a party to a qualifying arrangement, means a person connected to him within the meaning of the Income and Corporation Taxes Act 1988 s 839 (as amended) (see INCOME TAXATION vol 23(2) (Reissue) PARA 1258): Renewables Obligation Order 2006, SI 2006/1004, art 2(1).

21 For the purposes of ibid art 6(2), (4), in relation to a person who is a party to the applicable qualifying arrangement ('the first person'), another person ('the second person') is a 'linked person' where the second person has given or has arranged to give or has ensured or has arranged to ensure that the first person is given, a financial or other inducement relating to any right or interest in, or in respect of, the construction or operation of a generating station at the location: art 6(6). The references in art 6(6) to the first person and the second person include any person who is a connected person in relation to either of them: art 6(7).

22 Ibid art 6(1), (2).

23 Ibid art 6(3), (4).

24 Ibid art 6(5).

25 In ibid art 8 and in arts 5, 7, 14, Sch 3 'waste' is to be regarded as including anything derived directly or indirectly from waste (as that term is defined in art 2(1)): art 8(1)(b). 'Waste' has the meaning given to it in the Environmental Protection Act 1990 s 75(2) (substituted by the Environment Act 1995 Sch 22 para 88 and subsequently amended) (see ENVIRONMENTAL QUALITY AND PUBLIC HEALTH vol 46 (2010) PARA 623), but does not

include gas derived from landfill sites or gas produced from the treatment of sewage: Renewables Obligation Order 2006, SI 2006/1004, art 2(1).

26 'Advanced conversion technologies' means gasification, pyrolysis or anaerobic digestion, or any combination thereof; 'gasification' means the substoichiometric oxidation or steam reformation of a substance to produce a gaseous mixture containing two or all of the following, ie oxides of carbon, methane and hydrogen; 'pyrolysis' means the thermal degradation of a substance in the absence of any oxidising agent (other than that which forms part of the substance itself) to produce char and one or both of gas and liquid; and 'anaerobic digestion' means the bacterial fermentation of organic material in the absence of free oxygen: ibid art 2(1).

27 Ibid art 7(1). 'Combined heat and power generating station' means a station producing electricity that is (or may be) operated for purposes including the supply to any premises of (1) heat produced in association with electricity; or (2) steam produced from, or air or water heated by, such heat; 'qualifying combined heat and power generating station' means a combined heat and power generating station which is fuelled wholly or partly by waste and which has been accredited under CHPQA; 'accreditation' means accreditation as a generating station capable of generating electricity from eligible renewable sources; and 'CHPQA' means the Combined Heat and Power Quality Assurance Standard, Issue 1, November 2000 published by the former Department of the Environment, Transport and the Regions: Renewables Obligation Order 2006, SI 2006/1004, art 2(1).

28 Ibid art 7(2).

29 Ibid art 7(5).

30 Ibid art 7(6).

31 Ie within the meaning of the Energy Act 1976: see PARA 603 note 3 ante.

32 Ie from any of the substances referred to in the Renewables Obligation Order 2006, SI 2006/1004, art 8(1)(a)(i): see note 11 head (1) supra.

33 Ie is a substance falling within ibid art 8(1)(a)(ii): see note 11 head (2) supra.

34 Ibid art 7(7).

35 See note 32 supra.

36 Renewables Obligation Order 2006, SI 2006/1004, art 7(8).

1223-1238 The renewables obligation; amount of the renewables obligation ... Preliminary accreditation and accreditation of generating stations

SI 2006/1004 (as amended) replaced: Renewables Obligation Order 2009, SI 2009/785.

UPDATE

1224 Eligible renewable sources

NOTES--Certain functions under provisions mentioned in this paragraph are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3, see LOCAL GOVERNMENT vol 69 (2009) PARA 733. Certain persons or indorsements mentioned in this paragraph are specified for the purposes of Regulatory Enforcement and Sanctions Act 2008 s 37, Schs 5, 6 (meaning of 'regulator' for the purposes of imposing civil sanctions): see ADMINISTRATIVE LAW vol 1(1) (2001 Reissue) PARA 196A.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(6) PROTECTION OF THE PUBLIC INTEREST/(i) Fuel Sources and Fuel Stocks/C. THE RENEWABLES OBLIGATION/(B) The Renewables Obligation Order 2006/(b) Electricity from Renewable Energy Sources/1225. Calculation of amount of electricity generated from eligible renewable sources.

1225. Calculation of amount of electricity generated from eligible renewable sources.

The amount of electricity generated by a generating station¹ which is to be regarded as having been generated from eligible renewable sources² in any month is to be calculated³ by multiplying the renewable output of that generating station in that month by a proportion which is equal to the proportion which the net output of that generating station in that month bears to the gross output⁴ of that generating station in that month⁵. For the purposes of that calculation:

- 2989 (1) 'the renewable output' is⁶ such amount as is obtained by deducting from the gross output of that generating station in that month the amount of electricity which has been generated in that month from fossil fuel⁷; and
- 2990 (2) 'the net output' is such amount as is obtained by deducting from the gross output of that generating station in that month the input electricity⁸ of that generating station in that month⁹.

In the case of a generating station fuelled wholly or partly by biomass, 10 per cent of the electricity generated from biomass in any month must be treated as having been generated from fossil fuel unless the operator of the generating station satisfies the Gas and Electricity Markets Authority ('GEMA')¹⁰ that during that month a lesser percentage of the energy content¹¹ of the biomass derives from fossil fuel, in which case that lesser percentage must be treated as having been generated from fossil fuel¹².

In calculating 'the renewable output' in the case of a generating station fuelled partly by fossil fuel and partly by another fuel or fuels the amount of electricity which has been generated from fossil fuel is to be determined according to the respective energy contents of the fuels used¹³.

Where the operator of a generating station (or, where ROCs¹⁴ relating to electricity generated in whole or in part by that generating station are issued to an agent¹⁵, that agent and not the operator) satisfies the Authority that in any month the input electricity of the generating station does not exceed 0.5 per cent of its gross output, no input electricity is to be deducted from the gross output in calculating the net output of the generating station for that month and, accordingly, the net output is to be equal to the gross output in that month¹⁶.

In the case of a qualifying combined heat and power generating station¹⁷, the renewable output is to be such amount as is obtained by:

- 2991 (a) deducting from the gross output of that generating station in that month the amount of electricity which has been generated in that month from fossil fuel; and
- 2992 (b) multiplying the figure resulting from that calculation by the relevant proportion¹⁸, namely by a proportion which is equal to the proportion which the qualifying power output¹⁹ of the qualifying combined heat and power generating station bears to the total power output²⁰ of that generating station²¹.

- 1 For the meaning of 'generating station' see PARA 1041 note 6 ante.
- 2 'Eligible renewable sources' has the meaning given to it in the Renewables Obligation Order 2006, SI 2006/1004, art 5 (see PARA 1224 ante): art 2(1).
- 3 Ie subject to ibid art 9(3), (5): see the text and notes 10-12, 14-16 infra.
- 4 For these purposes, 'gross output' means, in relation to any month, the total amount of electricity generated by a generating station in that month: ibid art 9(7)(b).
- 5 Ibid art 9(1).
- 6 Ie subject to ibid art 9(6): see the text and notes 17-18 infra.
- 7 For these purposes, 'fossil fuel' has the meaning given to it by the Electricity Act 1989 s 32 (as substituted and amended) (see PARA 1219 note 13 ante) except that the expression also includes any substance which is derived directly or indirectly from fossil fuel (whether or not such substance is waste or a component of biomass): Renewables Obligation Order 2006, SI 2006/1004, art 9(7)(a). For the meaning of 'biomass' see PARA 1224 note 12 ante.
- 8 For these purposes, 'input electricity' means, in relation to any month, all the electricity used by a generating station in that month (whether or not it is generated by the generating station and whether or not it is used while the generating station is generating electricity) for a purpose directly relating to the operation of that generating station, including fuel handling, fuel preparation, maintenance and pumping water: ibid art 9(7)(c). In the case of a generating station fuelled wholly or partly by hydrogen (not being fossil fuel), 'input electricity' also includes any electricity in respect of which ROCs are or have been issued or which was not generated from eligible renewable sources that is used to produce the hydrogen by which that station is fuelled, regardless of where or by whom the hydrogen is produced: art 9(7)(d). For the meaning of 'ROC' see PARA 1223 note 12 ante.
- 9 Ibid art 9(2).
- 10 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.
- 11 For the meaning of 'energy content' see PARA 1224 note 14 ante.
- 12 Renewables Obligation Order 2006, SI 2006/1004, art 9(3).
- 13 Ibid art 9(4).
- 14 As to ROCs see PARA 1228 et seq post.
- 15 Ie by virtue of the Renewables Obligation Order 2006, SI 2006/1004, art 15A (as added): see PARA 1229 post.
- 16 Ibid art 9(5) (amended by SI 2007/1078).
- 17 For the meaning of 'qualifying combined heat and power generating station' see PARA 1224 note 27 ante.
- 18 Renewables Obligation Order 2006, SI 2006/1004, art 9(6).
- 19 For these purposes, 'qualifying power output' has the meaning given to it in CHPQA: Renewables Obligation Order 2006, SI 2006/1004, art 9(7)(e). For the meaning of 'CHPQA' see PARA 1224 note 27 ante.
- 20 For these purposes, 'total power output' has the meaning given to it in CHPQA: Renewables Obligation Order 2006, SI 2006/1004, art 9(7)(e).
- 21 See ibid art 9(7)(f).

1223-1238 The renewables obligation; amount of the renewables obligation ... Preliminary accreditation and accreditation of generating stations

SI 2006/1004 (as amended) replaced: Renewables Obligation Order 2009, SI 2009/785.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(6) PROTECTION OF THE PUBLIC INTEREST/(i) Fuel Sources and Fuel Stocks/C. THE RENEWABLES OBLIGATION/(B) The Renewables Obligation Order 2006/(c) Alternative Ways of Discharging Renewables Obligation/1226. Buy-out payments to the Gas and Electricity Markets Authority and payments by the Authority out of the buy-out fund.

(c) Alternative Ways of Discharging Renewables Obligation

1226. Buy-out payments to the Gas and Electricity Markets Authority and payments by the Authority out of the buy-out fund.

Instead of producing certificates¹, a designated electricity supplier² may discharge, in whole or in part, its renewables obligation³ in relation to a particular obligation period⁴ by making a payment to the Gas and Electricity Markets Authority ('GEMA')⁵ before the specified day⁶ relating to that obligation period⁷. The payment to be so made is⁸ £33.24 for each megawatt hour of electricity generated from eligible renewable sources for which the designated electricity supplier does not produce certificates⁹ or NIROCs¹⁰ ('the buy-out price')¹¹. If, however, in the case of the calendar year 2006 or any subsequent calendar year, the annual retail prices index¹² for that year ('the later year') is higher or lower than that for the previous year, the buy-out price relating to the obligation period beginning on 1 April immediately following the later year must be increased (if the index is higher) or decreased (if the index is lower) by the annual percentage inflation rate of the retail prices index for the later year¹³. When the buy-out price is so calculated, the result must be rounded to the nearest penny, with any exact half of a penny being rounded upwards¹⁴.

The aggregate of the amounts received by the Authority under the above provisions in respect of an obligation period ('the relevant obligation period') (together with any interest thereon received by the Authority) is referred to as 'the buy-out fund'¹⁵. The Authority must pay out the buy-out fund, by 1 November immediately following the relevant obligation period, in accordance with the prescribed system¹⁶ of allocation¹⁷. The buy-out fund relating to a relevant obligation period must be divided amongst the United Kingdom suppliers¹⁸ who meet one or more of the applicable conditions¹⁹ so that each such United Kingdom supplier receives a proportion of the buy-out fund calculated in accordance with the following provision²⁰. The proportion of the buy-out fund which each United Kingdom supplier is so entitled to receive is equal to the proportion which the amount of the electricity covered by all of the qualifying certificates it has produced²¹ bears to the total amount of the electricity covered by all of the qualifying certificates produced to the Authority or to the Northern Ireland Authority for Energy Regulation in respect of the relevant obligation period, or any period contemporaneous with the relevant obligation period, in discharge of any renewables obligation imposed²² in accordance with the relevant statutory provisions²³.

1 Ie pursuant to the Renewables Obligation Order 2006, SI 2006/1004, art 3: see PARA 1223 ante.

2 For the meaning of 'designated electricity supplier' see PARA 1223 note 2 ante.

3 As to the renewables obligation see the Renewables Obligation Order 2006, SI 2006/1004, art 3; and PARA 1223 ante.

4 For the meaning of 'obligation period' see PARA 1223 note 6 ante.

5 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

- 6 For the meaning of 'specified day' see PARA 1223 note 3 ante.
- 7 Renewables Obligation Order 2006, SI 2006/1004, art 11(1).
- 8 Ie subject to ibid art 11(3), (4): see the text and notes 12-14 infra.
- 9 Ie pursuant to ibid art 3 (see PARA 1223 ante), art 13 (as substituted) (see PARA 1227 post) or art 13A (as added) (see PARA 1227 post).
- 10 Ie pursuant to ibid art 12: see PARA 1227 post. 'NIROC' means a certificate issued by the Northern Ireland Authority for Energy Regulation under the Energy (Northern Ireland) Order 2003, SI 2003/419, art 54 and pursuant to a NIRO order and, save where the context otherwise requires, includes a replacement NIROC; 'NIRO order' means any order made pursuant to art 52; and 'replacement NIROC' means a NIROC issued in accordance with the provisions of a NIRO order to replace another NIROC: Renewables Obligation Order 2006, SI 2006/1004, art 2(1).
- 11 Ibid art 11(2) (amended by SI 2007/1078).
- 12 'Retail prices index' means (1) the general index of retail prices (for all items) published by the Office of National Statistics; or (2) where the index is not published for a year, any substituted index or figures published by that Office: Renewables Obligation Order 2006, SI 2006/1004, art 2(1).
- 13 Ibid art 11(3).
- 14 Ibid art 11(4).
- 15 Ibid art 22(1).
- 16 Ie the system of allocation specified in ibid art 22(3)-(7): see the text and notes 18-23 infra.
- 17 Ibid art 22(2).
- 18 'United Kingdom supplier' means a designated electricity supplier, an electricity supplier supplying electricity in Scotland or a Northern Ireland supplier: ibid art 2(1). 'Northern Ireland supplier' means an electricity supplier within the meaning of the Energy (Northern Ireland) Order 2003, SI 2003/419, Pt 7: Renewables Obligation Order 2006, SI 2006/1004, art 2(1).
- 19 Ie the conditions referred to in ibid art 22(4), (5) and (6). The applicable condition for a designated electricity supplier is that, in respect of the relevant obligation period, it has complied (in whole or in part) with its renewables obligation by producing qualifying certificates to the Authority: art 22(4). 'Qualifying certificate' means a certificate issued pursuant to an order made under the Electricity Act 1989 s 32 (as substituted and amended) (see PARA 1219 ante) and which relates to electricity produced from eligible renewable sources, or an eligible NIROC: art 2(1). For the meaning of 'eligible renewable sources' see art 5; and PARA 1224 ante; and for the meaning of 'eligible NIROC' see PARA 1227 note 6 post. As to the applicable condition for an electricity supplier supplying electricity in Scotland see art 22(5); and as to the applicable condition for a Northern Ireland supplier see art 22(6).
- 20 Ibid art 22(3).
- 21 Ie as mentioned in ibid art 22(4), (5) or (6): see note 19 supra.
- 22 Ie by the Electricity Act 1989 s 32(1) (as substituted) (see PARA 1219 ante) or the corresponding Northern Ireland provision.
- 23 Renewables Obligation Order 2006, SI 2006/1004, art 22(7).

UPDATE

1223-1238 The renewables obligation; amount of the renewables obligation ... Preliminary accreditation and accreditation of generating stations

SI 2006/1004 (as amended) replaced: Renewables Obligation Order 2009, SI 2009/785.

1226 Buy-out payments to the Gas and Electricity Markets Authority and payments by the Authority out of the buy-out fund

NOTE 12--Office of National Statistics replaced by Statistics Board: see REGISTRATION CONCERNING THE INDIVIDUAL vol 39(2) (Reissue) PARA 605.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(6) PROTECTION OF THE PUBLIC INTEREST/(i) Fuel Sources and Fuel Stocks/C. THE RENEWABLES OBLIGATION/(B) The Renewables Obligation Order 2006/(c) Alternative Ways of Discharging Renewables Obligation/1227. Green certificates.

1227. Green certificates.

A designated electricity supplier¹ may discharge up to 25 per cent of its renewables obligation² in respect of an obligation period³ by producing to the Gas and Electricity Markets Authority ('GEMA')⁴ green certificates issued by the Authority⁵ and eligible NIROCs⁶ relating to electricity supplied in the immediately preceding obligation period⁷. In respect of any obligation period which falls:

- 2993 (1) from 1 April 2006 until 31 March 2011, no more than 10 per cent; and
- 2994 (2) from 1 April 2011 until 31 March 2016, no more than 5 per cent,

of a designated electricity supplier's renewables obligation may be satisfied by the production of such certificates issued by the Authority and eligible NIROCs issued in respect of generating stations⁸ which during the month to which a certificate or NIROC relates, have been fuelled partly by fossil fuel⁹ and partly by biomass¹⁰, and by no other fuel¹¹. In the case, however, of certificates or NIROCs issued in respect of a generating station which, during the month to which those certificates or NIROCs relate, has been fuelled partly by fossil fuel¹² and partly by biomass consisting in whole or in part of energy crops¹³, and no other fuel, the limits set out in heads (1) and (2) above do not apply to the production of those certificates or NIROCs if and to the extent that they state the amount of electricity which is attributable to the energy crops¹⁴. A designated electricity supplier must not produce to the Authority a green certificate¹⁵ or a NIROC which has previously been or is simultaneously produced¹⁶ to the Northern Ireland Authority for Energy Regulation¹⁷.

Subject to the above provisions, instead of producing certificates pursuant to the prescribed requirements for evidence¹⁸, a designated electricity supplier may discharge, in whole or in part, its renewables obligation in relation to a particular obligation period by producing to the Authority in accordance with heads (a) to (c) below:

- 2995 (a) eligible NIROCs issued in respect of electricity that has been supplied to customers during that obligation period¹⁹;
- 2996 (b) certificates issued by the Authority and certifying the following matters:
289
- 421. (i) that the generating station or, in the case of a certificate issued otherwise than to the operator of a generating station, a generating station specified in the certificate, has generated from renewable sources the amount of electricity stated in the certificate, that the generating station in question is not a generating station mentioned in the specified statutory provision relating to Northern Ireland²⁰ and that the electricity has been supplied to customers in Northern Ireland²¹; or
- 422. (ii) that two or more generating stations have, between them, generated from renewable sources the amount of electricity stated in the certificate, that none of them is a generating station mentioned in the specified statutory provision relating to Northern Ireland²² and that the electricity has been supplied to customers in Northern Ireland²³,

- 2997 provided that such certificates relate to electricity generated from eligible
renewable sources²⁴;
- 2998 (c) by producing to the Authority certificates issued by the Authority and
certifying the following matters²⁵:
- 291
423. (i) that the generating station, or, in the case of a certificate issued otherwise
than to the operator of a generating station, a generating station specified in the
certificate, has generated from renewable sources the amount of electricity stated in
the certificate and that the electricity has been used in a permitted way²⁶; or
424. (ii) that two or more generating stations have, between them, generated from
renewable sources the amount of electricity stated in the certificate and that the
electricity has been used in a permitted way²⁷.
- 292

- 1 For the meaning of 'designated electricity supplier' see PARA 1223 note 2 ante.
- 2 As to the renewables obligation see the Renewables Obligation Order 2006, SI 2006/1004, art 3; and PARA 1223 ante.
- 3 For the meaning of 'obligation period' see PARA 1223 note 6 ante.
- 4 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.
- 5 I.e. certificates issued under the Electricity Act 1989 s 32B (as added and amended): see PARA 1221 ante.
- 6 'Eligible NIROC' means a NIROC that satisfies the conditions for eligibility set out in the Renewables Obligation Order 2006, SI 2006/1004, art 2(1), Sch 3 (paras 1-26): art 2(1). For the meaning of 'NIROC' see PARA 1226 note 10 ante.
- 7 Ibid art 14(1).
- 8 For the meaning of 'generating station' see PARA 1041 note 6 ante.
- 9 I.e. as defined in the Renewables Obligation Order 2006, SI 2006/1004, art 8(1): see PARA 1224 note 11 ante. See also art 8(2), (3), cited in PARA 1224 note 11 ante.
- 10 For the meaning of 'biomass' see PARA 1224 note 12 ante.
- 11 Renewables Obligation Order 2006, SI 2006/1004, art 14(2) (amended by SI 2007/1078).
- 12 See note 9 supra.
- 13 'Energy crops' means a plant crop planted after 31 December 1989 which is grown primarily for the purpose of being used as fuel or which is one of the following (1) *miscanthus giganteus*; (2) *salix* (also known as short rotation coppice willow); (3) *populus* (also known as short rotation coppice poplar): Renewables Obligation Order 2006, SI 2006/1004, art 2(1) (definition amended by SI 2007/1078). For the meaning of 'plant' see PARA 1224 note 12 ante.
- 14 Renewables Obligation Order 2006, SI 2006/1004, art 14(2A) (added by SI 2007/1078).
- 15 I.e. a certificate issued under the Electricity Act 1989 s 32B (as added and amended): see PARA 1221 ante.
- 16 I.e. under a NIRO order. For the meaning of 'NIRO order' see PARA 1226 note 10 ante.
- 17 Renewables Obligation Order 2006, SI 2006/1004, art 14(3).
- 18 I.e. pursuant to ibid art 3: see PARA 1223 ante.
- 19 Ibid art 12(1). A NIROC referred to in art 12(1) is to be regarded as produced to the Authority in respect of an obligation period where, before the specified day relating to that period, the Authority receives, from the designated electricity supplier which is treated as holding the NIROC for the purposes of the NIRO order under which it was issued, a notification in writing identifying the NIROC to be so produced and giving its NIROC identifier: art 12(2). Without prejudice to art 12(2), the Authority may draw up procedural guidelines for the

production of NIROCs under art 12: art 12(3). 'NIROC identifier' means an identifier unique to a NIROC determined by the Northern Ireland Authority for Energy Regulation ('the Northern Ireland authority') and containing the following information (or reference to that information in coded format): (1) the month and year during which the electricity was generated; (2) the location of the generating station; (3) a description of the generating station including reference to the source or sources of fuel used to generate electricity by that generating station; (4) the date of issue of the NIROC; and (5) a number allocated to a NIROC by the Northern Ireland authority in accordance with a NIRO order: Renewables Obligation Order 2006, SI 2006/1004, art 2(1).

20 Ie the Energy (Northern Ireland) Order 2003, SI 2003/419, art 54(1).

21 Ie the matters in the Electricity Act 1989 s 32B(2A) (as added and amended): see PARA 1221 ante at head (2) in the text.

22 See note 20 supra.

23 Ie the matters in the Electricity Act 1989 s 32B(2AA) (as added): see PARA 1221 ante at head (ii) in the text.

24 Renewables Obligation Order 2006, SI 2006/1004, art 13(1) (amended by SI 2007/1078). A certificate referred to in the Renewables Obligation Order 2006, SI 2006/1004, art 13(1) (as so amended) is to be regarded as produced to the Authority in respect of an obligation period where before the specified day relating to that period the Authority receives from the designated electricity supplier which holds the certificate a notification in writing identifying the certificate to be produced for that purpose and, in the case of a ROC, the ROC identifier: art 13(2). Without prejudice to art 13(2), the Authority may draw up procedural guidelines for the production of certificates under art 13 (as amended): art 13(3). For the meaning of 'ROC' see PARA 1223 note 12 ante. 'ROC identifier' means an identifier unique to the ROC determined by the Authority and containing the following information (or reference to that information in coded format): (1) the month and year during which the electricity was generated; (2) the location of the generating station; (3) a description of the generating station including reference to the eligible renewable source or sources used to generate electricity by that generating station; (4) the date of issue of the ROC; and (5) the ROC sequence number determined by the Authority in accordance with art 18(1)(a) or 20(5) (see PARAS 1228, 1231 post): art 2(1), Sch 2 para 2(b).

25 See *ibid* art 13A(1) (art 13A added by SI 2007/1078). A certificate referred to in the Renewables Obligation Order 2006, SI 2006/1004, art 13A(1) (as so added) is to be regarded as produced to the Authority in respect of an obligation period where before the specified day relating to that period the Authority receives from the designated electricity supplier which holds the certificate a notification in writing identifying the certificate to be produced for that purpose and, in the case of a ROC, the ROC identifier: art 13A(2) (as so added). Without prejudice to art 13A(2) (as so added), the Authority may draw up procedural guidelines for the production of certificates under art 13A (as added): art 13A(3) (as so added).

26 Ie the matters in the Electricity Act 1989 s 32B(2AB) (as added): see PARA 1221 ante at head (iii) in the text. See further note 27 *infra*.

27 Ie the matters in *ibid* s 32B(2AC) (as added) (see PARA 1221 ante at head (iv) in the text): Renewables Obligation Order 2006, SI 2006/1004, art 13A(1) (as added: see note 25 supra). For the purposes of the Electricity Act 1989 s 32B(2AB), (2AC) (as added), electricity generated by any generating station is used in a permitted way if it is used in one of the ways mentioned in s 32B(2AE) (as added) (see PARA 1221 note 17 ante): Renewables Obligation Order 2006, SI 2006/1004, art 13A(4) (as so added).

THE RENEWABLES OBLIGATION/(B) The Renewables Obligation Order 2006/(d) Issue and Revocation of Renewables Obligation Certificates ('ROCs')/1228. Obligation to issue ROCs.

(d) Issue and Revocation of Renewables Obligation Certificates ('ROCs')

1228. Obligation to issue ROCs.

Where each of the relevant criteria¹ has been met, having regard as necessary to the prescribed requirements², the Gas and Electricity Markets Authority ('GEMA')³ must issue ROCs⁴, in accordance with the prescribed procedure⁵ in relation to a generating station⁶ in respect of each month of each obligation period⁷ in which electricity has been generated by the generating station from eligible renewable sources⁸, whether or not for the whole of that month⁹. Except as provided for below¹⁰, ROCs must be issued to the operator of the generating station by which the relevant electricity was generated in a particular month¹¹.

Where, however, electricity is required to be generated by a generating station from eligible renewable sources under a qualifying arrangement¹² or in compliance with such an arrangement to be made available to the nominated person¹³ ('the relevant output'), ROCs must be issued as set out below¹⁴. Where the nominated person is entitled to the relevant output under or in compliance with a qualifying arrangement, ROCs must be issued to electricity suppliers¹⁵ notified to the Authority by the nominated person as being purchasers of the relevant output and to each in such quantities as are appropriate to the amount of the relevant output which the nominated person notifies the Authority each has purchased, subject to the total amount of ROCs available to be so issued¹⁶. Where one or more electricity suppliers are entitled to the relevant output under a qualifying arrangement, ROCs must be issued to those electricity suppliers, each in proportion to its entitlement¹⁷.

The Authority must, when issuing ROCs (other than replacement ROCs which must be issued in accordance with the prescribed procedure¹⁸):

- 2999 (1) allocate a number ('the ROC sequence number') to each ROC issued;
- 3000 (2) allocate ROC sequence numbers sequentially in ascending numerical order to all the ROCs issued in respect of electricity generated from eligible renewable sources by a particular generating station in a particular month; and
- 3001 (3) in the case of a generating station which in a particular month generates electricity from eligible renewable sources under or in compliance with a qualifying arrangement, issue ROCs in respect of that month:

293

425. (a) firstly to the electricity suppliers to whom the relevant provision set out above¹⁹ applies in that month on the basis of information provided to it by the nominated person; and

426. (b) thereafter, in the event that the generating station generates any electricity from eligible renewable sources in that month other than under a qualifying arrangement or which in that month is not required in compliance with such an arrangement to be made available to the nominated person, to the operator of that generating station²⁰.

294

Where it issues ROCs²¹ the Authority must:

- 3002 (i) determine²² the amount of electricity which is to be regarded as having been generated from eligible renewable sources by a generating station in a particular month ('the relevant month');
- 3003 (ii) deduct from the amount so determined any electricity in respect of which in the relevant month any of the relevant criteria²³ were not satisfied;
- 3004 (iii) determine the amount of electricity which results from the calculations in heads (i) and (ii) above and round the amount so determined to the nearest megawatt hour (with any exact half megawatt hour being rounded upwards);
- 3005 (iv) determine the number of ROCs which it is appropriate to issue for the amount of electricity determined pursuant to head (iii) above on the basis that one ROC represents one megawatt hour of electricity; and
- 3006 (v) issue the appropriate number of ROCs determined pursuant to head (iv) above to the operator of the generating station or to the electricity supplier as specified²⁴ above²⁵.

ROCs in respect of the relevant month must be issued no earlier than the relevant date²⁶.

Where the Authority makes a determination under head (i) above on the basis of figures provided to it²⁷ or accepted by it²⁸ and the Authority subsequently becomes aware of figures which it considers to be more accurate, the Authority may, where it considers appropriate, accept the later figures and make new determinations under heads (i) to (iv) above²⁹. It must, where the new determination under head (iv) above differs from the original determination under that head, either:

- 3007 (A) if it has not already issued ROCs under head (v) above, issue ROCs under that head in accordance with the new determination;
- 3008 (B) revoke ROCs in accordance with the prescribed procedure³⁰ where it has issued too many; or
- 3009 (C) issue additional ROCs in accordance with head (v) above where it has issued too few³¹.

Where two or more generating stations constitute a group for the prescribed purposes³², the Authority is entitled to issue a ROC in respect of electricity generated by those generating stations if, and only if, the amount of electricity generated by each of them, calculated in accordance with heads (i) and (ii) above, is added together and rounded in accordance with head (iii) above, that rounded amount is stated in the ROC, and the ROC certifies the specified³³ matters³⁴.

1. The criteria in the Renewables Obligation Order 2006, SI 2006/1004, art 16 (as amended). The criteria for issue of ROCs referred to in art 15 (as amended) (see the text and notes 2-17 *infra*) and issue of replacement ROCs referred to in art 20(4) (see PARA 1231 *post*) are those detailed in art 16(2)-(10) (art 16(2), (4), (7), (8) (10) amended, art 16(8A), (8B), (9A) added, and art 16(9) substituted by SI 2007/1078): Renewables Obligation Order 2006, SI 2006/1004, art 16(1). There are a total of 12 such criteria, relating to:

- 65 (1) previous confirmation in writing that the generating station to which the ROC relates has been granted accreditation (see art 16(2) (as so amended));
- 66 (2) the provision of prescribed information to the Authority which it is satisfied is accurate and reliable (see art 16(3); and for the meaning of 'in writing' see PARA 1229 note 7 *post*);
- 67 (3) in the case of a ROC certifying the matters within the Electricity Act 1989 s 32B(2) (as added and amended), s 32B(2ZA), (2A) or (2AA) (as added) (see PARA 1221 *ante* at heads (1)-(2), (i)-(ii) in the text), the provision of a declaration by the operator of the generating station containing prescribed matters (see the Renewables Obligation Order 2006, SI 2006/1004, art 16(4) (as so amended));

- 68 (4) where the electricity has been generated on land in Northern Ireland and supplied to customers in Great Britain, the provision by the operator of the generating station of evidence of prescribed matters (see art 16(5));
- 69 (5) where the electricity was not generated on land in Great Britain or in Northern Ireland and was supplied to customers in Great Britain, the provision by the operator of the generating station of evidence of prescribed matters (see art 16(6));
- 70 (6) in the case of a ROC certifying the matters within the Electricity Act 1989 32B(2A) or (2AA) (as added) (see PARA 1221 ante at heads (2), (ii) in the text) and which relates to electricity which was generated by a generating station which, at the time the electricity was generated, was not directly and exclusively connected to a transmission or distribution network in Northern Ireland, the provision by the operator of the generating station of satisfactory evidence of prescribed matters (see the Renewables Obligation Order 2006, SI 2006/1004, art 16(7) (as so amended));
- 71 (7) in the case of a ROC certifying the matters within the Electricity Act 1989 32B(2A) or (2AA) (as added) which relates to electricity which was generated by a generating station which, at the time the electricity was generated, was directly and exclusively connected to a transmission or distribution network in Northern Ireland, the provision by the operator of the generating station of satisfactory evidence of prescribed matters (see the Renewables Obligation Order 2006, SI 2006/1004, art 16(8) (as so amended));
- 72 (8) conditions to be met in the case of a ROC certifying the matters within the Electricity Act 1989 s 32B(2ZA), (2AA) or (2AC) (as added) (see PARA 1221 ante at heads (i), (ii), (iv) in the text) (see the Renewables Obligation Order 2006, SI 2006/1004, art 16(8A) (as so added));
- 73 (9) in the case of a ROC certifying the matters within the Electricity Act 1989 32B(2AB) or (2AC) (as added) (see PARA 1221 ante at heads (iii)-(iv) in the text) the provision by the operator of the generating station of a declaration that the electricity generated by the generating station has been used in a permitted way (see the Renewables Obligation Order 2006, SI 2006/1004, art 16(8B) (as so added));
- 74 (10) whether the electricity in respect of which the ROC is to be issued is not or does not include electricity in respect of which a ROC has already been issued and not revoked (see art 16(9) (as so substituted));
- 75 (11) whether the electricity in respect of which the ROC is to be issued has been measured accurately (see art 16(9A) (as so added));
- 76 (12) whether the Authority is prohibited from issuing a ROC on any of the grounds set out in art 17(2) or has refused to issue a ROC on any of the grounds set out in art 17(3) (see note 2 infra) (see art 16(10) (as so amended)).

2 The requirements in *ibid* arts 17, 17A (art 17A as added) (supplemental provisions with regard to the criteria for issuing ROCs). The Authority must not issue a ROC (1) in respect of any electricity generated by a particular generating station in a particular month if it has previously issued a certificate under the Electricity Act 1989 s 32B (as added and amended) in respect of any such electricity other than under the 2006 Order, whether or not any such certificate previously issued has been revoked; or (2) certifying the matters within the Electricity Act 1989 s 32B(2A) (as added), where the Northern Ireland Authority for Energy Regulation has notified the Authority that it is not satisfied that the electricity in question has been supplied to customers in Northern Ireland: Renewables Obligation Order 2006, SI 2006/1004, art 17(2). The Authority may refuse to issue a ROC in any case where the Authority: (a) except in the case of a ROC certifying the matters within the Electricity Act 1989 32B(2A) (as added), considers that the declaration in the Renewables Obligation Order 2006, SI 2006/1004, art 16(4) (as amended) (see note 1 head (3) *supra*) is not accurate in relation to the electricity in respect of which the Authority is considering issuing the ROC; (b) except in the case of a ROC certifying the matters within the Electricity Act 1989 32B(2A) (as added), has reason to believe that the electricity in respect of which the Authority is considering issuing the ROC was consumed in circumstances which resulted in the electricity not having been supplied by an electricity supplier to customers in Great Britain; or (c) is not satisfied that the operator of the generating station has, during the relevant month, complied with any condition to which accreditation of the relevant generating station is subject: Renewables Obligation Order 2006, SI 2006/1004, art 17(3). Article 17(1) supplements art 16(4) (as amended) and art 17(4) supplements art 16(3) (see note 1 head (2) *supra*). As to art 17A (as added) see PARA 1229 post.

3 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

4 For the meaning of 'ROC' see PARA 1223 note 12 ante.

5 le the procedure set out in the Renewables Obligation Order 2006, SI 2006/1004, art 18: see the text and notes 18-31 *infra*.

6 For the meaning of 'generating station' see PARA 1041 note 6 *ante*.

7 For the meaning of 'obligation period' see PARA 1223 note 6 *ante*.

8 For the meaning of 'eligible renewable sources' see the Renewables Obligation Order 2006, SI 2006/1004, art 5; and PARA 1224 *ante*.

9 *Ibid* art 15(1) (art 15(1), (2) amended by SI 2007/1078).

10 le in the Renewables Obligation Order 2006, SI 2006/1004, art 15(3)-(5) (see note 22 *infra*), art 15A (as added) (see PARA 1229 *post*).

11 *Ibid* art 15(2) (as amended: see note 9 *supra*).

12 For the meaning of 'qualifying arrangement' see PARA 1224 note 16 *ante*.

13 'Nominated person' has the same meaning for these purposes as is given to it in the Electricity from Non-Fossil Fuel Sources Saving Arrangements Order 2000, SI 2000/2727 (as amended) (see PARA 1240 *post*): Renewables Obligation Order 2006, SI 2006/1004, art 2(1).

14 *Ibid* art 15(3).

15 For the meaning of 'electricity supplier' see PARA 1065 note 7 *ante*.

16 Renewables Obligation Order 2006, SI 2006/1004, art 15(4). Where a ROC, if issued, will be issued to an electricity supplier pursuant to art 15(4) or (5), the references in art 16(4) (see note 1 head (3) *supra*) to the operator of the generating station are to be treated as references to that electricity supplier; but art 16(4)(c) does not apply: art 17(1).

17 *Ibid* art 15(5).

18 le in accordance with *ibid* art 20(4)(b), (5): see PARA 1231 *post*.

19 le *ibid* art 15(4) or (5).

20 *Ibid* art 18(1).

21 le pursuant to *ibid* Pt 5 (arts 15-21) (as amended): see the text and notes 1-20 *supra*, 22-31 *infra*; and PARA 1229 *et seq post*.

22 le pursuant to *ibid* art 9: see PARA 1225 *ante*. Subject to art 18(4), (5) and (6), for the purpose of art 18(2) (a) (see head (i) in the text), the Authority must use in the case of the amounts for 'gross output' and 'input electricity' (as those two expressions are defined in art 9(7)) either (1) the most accurate figures for those amounts which are provided to the Authority at the end of the second month following the end of the relevant month ('the relevant date'); or (2) where the operator of the generating station satisfies the Authority by the relevant date that it will never be possible for it to provide accurate figures, such figures as are estimated by the operator by the relevant date on a basis agreed in advance by the Authority: art 18(3). Where figures are neither provided under art 18(3)(a) nor estimated under art 18(3)(b), the Authority may, in circumstances which it considers exceptional, accept figures which the operator of the generating station provides after the relevant date: art 18(4). Where figures are provided under art 18(3)(a) or accepted under art 18(4) and, before the Authority makes a determination under art 18(2)(a), the Authority becomes aware of figures which it considers to be more accurate, the Authority may, where it considers appropriate, accept the later figures and make determinations under art 18(2)(a)-(d) (see heads (i)-(iv) in the text) on the basis of the later figures: art 18(5).

23 le the relevant criteria in *ibid* art 16 (as amended): see note 1 *supra*.

24 le in *ibid* art 15 (as amended): see the text and notes 1-17 *supra*.

25 *Ibid* art 18(2).

26 *Ibid* art 18(7). As to the relevant date see note 22 head (1) *supra*.

27 le under *ibid* art 18(3)(a): see note 22 head (1) *supra*.

28 le under ibid art 18(4) or (5): see note 22 supra.

29 Ibid art 18(6)(a).

30 le in accordance with ibid art 20: see PARA 1231 post.

31 Ibid art 18(6)(b).

32 Two or more generating stations constitute a group for these purposes where (1) they have been accredited as generating stations capable of generating electricity from the same eligible renewable source; (2) in respect of each of them the same person has been appointed to act as agent under art 15A (as added) (see PARA 1229 post); and (3) in respect of electricity generated by them, entitlement to ROCs is determined in the same way (either on a monthly basis or on an annual basis, depending on whether a notice has been given to the Authority under art 21(2) (see PARA 1232 post) or not): ibid art 17B(3) (art 17B added by SI 2007/1078).

33 le the matters within the Electricity Act 1989 s 32B(2ZA), (2AA) or (2AC) (as added): see PARA 1221 ante at heads (i), (ii), (iv) in the text.

34 Renewables Obligation Order 2006, SI 2006/1004, art 17B(1) (as added: see note 32 supra).

1223-1238 The renewables obligation; amount of the renewables obligation ... Preliminary accreditation and accreditation of generating stations

SI 2006/1004 (as amended) replaced: Renewables Obligation Order 2009, SI 2009/785.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(6) PROTECTION OF THE PUBLIC INTEREST/(i) Fuel Sources and Fuel Stocks/C. THE RENEWABLES OBLIGATION/(B) The Renewables Obligation Order 2006/(d) Issue and Revocation of Renewables Obligation Certificates ('ROCs')/1229. Issue of ROCs to agents.

1229. Issue of ROCs to agents.

An operator of a generating station¹ with a declared net capacity² of 50 kilowatts or less may³ appoint an agent to receive any ROC⁴ which relates to electricity generated, in whole or in part, by that generating station (a 'relevant ROC')⁵. Where he does so, he must notify the Gas and Electricity Markets Authority ('GEMA')⁶ in writing⁷ of the agent's name and address⁸. Once the Authority has received such a notification, it must issue any relevant ROC to that agent⁹.

Where the operator or agent wishes to terminate the agent's appointment, the operator or, as the case may be, the agent must give written notice of the intended termination to the Authority¹⁰. Where notice is so given and received by the Authority, the termination takes effect¹¹ at the end of the obligation period¹² during which it is given; until the expiration of that obligation period, the Authority must continue to issue any relevant ROCs to the agent¹³. Notwithstanding that provision, after the expiration of that obligation period the Authority must continue to issue relevant ROCs to the agent where those ROCs relate to electricity generated during that obligation period¹⁴. The above provisions¹⁵ do not, however, apply in any case where the Authority is satisfied, by evidence produced to it, that owing to exceptional circumstances the termination should take effect on a date before the end of the obligation period during which the notice is given, in which case the termination takes effect on that date¹⁶.

Where any provision of the Renewables Obligation Order 2006¹⁷ requires or permits something to be done by, to or in respect of an agent appointed under these provisions and the agent's appointment is terminated before that thing is done, references to that agent, however framed, are to be construed:

- 3010 (1) where a successor to him has been appointed under the above provisions, as references to that successor;
- 3011 (2) in any other case, to the operator of the generating station for whom he acted before his appointment was terminated¹⁸.

Where a ROC is to be issued to an agent by virtue of the above provisions, certain of the relevant criteria¹⁹ and the procedural provisions for its issue²⁰ apply with appropriate modifications²¹.

Where an agent appointed under the above provisions acts for two or more generating stations which constitute a group for the prescribed purposes²², he must provide the Authority with:

- 3012 (a) a figure representing the amount of electricity which he believes should be stated in any ROC to be issued in respect of that group; and
- 3013 (b) the data which led him to arrive at that figure²³.

1 For the meaning of 'generating station' see PARA 1041 note 6 ante.

2 For the meaning of 'declared net capacity' see PARA 1224 note 4 ante.

3 le subject to the Renewables Obligation Order 2006, SI 2006/1004, art 15A(3)-(5) (as added): see the text and notes 9-13 infra.

4 For the meaning of 'ROC' see PARA 1223 note 12 ante.

5 Renewables Obligation Order 2006, SI 2006/1004, art 15A(1) (arts 15A, 17A-17B added by SI 2007/1078).

6 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

7 Any reference in the Renewables Obligation Order 2006, SI 2006/1004 (as amended), to the provision of information 'in writing' includes the provision of such information by electronic mail, facsimile or similar means which are capable of producing a document containing the text of any communication: art 2(3).

8 Ibid art 15A(2) (as added: see note 5 supra).

9 Ibid art 15A(3) (as added: see note 5 supra).

10 Ibid art 15A(4) (as added: see note 5 supra).

11 le subject to ibid art 15A(6) (as added): see the text and note 14 infra.

12 For the meaning of 'obligation period' see PARA 1223 note 6 ante.

13 Renewables Obligation Order 2006, SI 2006/1004, art 15A(5) (as added: see note 5 supra).

23 Ibid art 17B(2) (as added: see note 5 supra).

1223-1238 The renewables obligation; amount of the renewables obligation ... Preliminary accreditation and accreditation of generating stations

SI 2006/1004 (as amended) replaced: Renewables Obligation Order 2009, SI 2009/785.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(6) PROTECTION OF THE PUBLIC INTEREST/(i) Fuel Sources and Fuel Stocks/C. THE RENEWABLES OBLIGATION/(B) The Renewables Obligation Order 2006/(d) Issue and Revocation of Renewables Obligation Certificates ('ROCs')/1230. The ROC register.

1230. The ROC register.

The Gas and Electricity Markets Authority ('GEMA')¹ must establish and maintain a register of ROCs² ('the register') which is to be conclusive as to whether or not a ROC subsists and as to the person who is for the time being its registered holder³. The Authority must maintain the register, which may be in electronic form, at any of its premises⁴.

A ROC comprises a register entry of its particulars⁵ and is to be regarded as being issued at the point when those particulars are entered in the register by the Authority⁶. The Authority must ensure that the register contains, by way of entries made in it:

- 3014 (1) an accurate record of the particulars of each ROC as issued by the Authority, amended to reflect any change of registered holder⁷ which may occur, and which remains eligible to be produced as evidence⁸; and
- 3015 (2) in addition to the record of the particulars of each ROC, a list of the names of all persons who are either the registered holder of a ROC or, although not at that time the registered holder of a ROC, have notified the Authority that they wish an entry to be made and maintained in respect of them as prospective registered holders of ROCs⁹.

Only the registered holder of a ROC may use it as the evidence or as part of the evidence required from him in discharge of his renewables obligation¹⁰ and a ROC may not be used by its registered holder or by any other person as the evidence or as part of the evidence so required from any person other than the registered holder¹¹.

Where a ROC is issued¹² or a replacement ROC is issued¹³ or a substitute is recorded as the registered holder¹⁴, the Authority must notify the registered holder (in the case of a ROC or a replacement ROC being issued) and the former and new registered holder (in the case of a substitution) in writing within five banking days of the issue or substitution having taken place¹⁵. The substitute is not to be the registered holder of the ROC until such time as the particulars of the ROC recorded in the register identify him as such¹⁶.

The register may be amended by a decision of the Authority:

- 3016 (a) where the Authority is satisfied that an entry in the register has been obtained by fraud;
- 3017 (b) where a decision of a court of competent jurisdiction or the operation of law requires the amendment of the register;
- 3018 (c) in any other case where by reason of any error or omission on the part of the Authority it is necessary to amend the register¹⁷.

The contents of the register, including the entries referred to in head (2) above, must be available for inspection by the public on request at reasonable notice during the Authority's working hours and at the request of any person the Authority must provide a written statement of any entry on the register including any entry referred to in head (2) above¹⁸. Where any

person considers that an entry maintained in respect of him under that head should be amended or deleted, he may apply to the Authority in writing requesting that the entry be amended or deleted¹⁹.

The Authority must delete from the register any ROC which:

- 3019 (i) has been revoked²⁰;
- 3020 (ii) has been produced²¹ as evidence or as part of the evidence required to discharge the renewables obligation²²;
- 3021 (iii) is no longer eligible to be produced as evidence or as part of the evidence so required;
- 3022 (iv) the registered holder requests should be deleted; or
- 3023 (v) the Northern Ireland Authority for Energy Regulation ('the Northern Ireland authority') has notified the Authority has been produced to the Northern Ireland authority by a Northern Ireland supplier²³ under a NIRO order²⁴;

and where it is so deleted, the ROC cannot thereafter be produced as the evidence or part of the evidence required²⁵ to discharge the renewables obligation²⁶.

1 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

2 For the meaning of 'ROC' see PARA 1223 note 12 ante.

3 Renewables Obligation Order 2006, SI 2006/1004, art 19(1). 'Registered holder' means the person to whom the Authority issues the ROC or, where the Authority has amended the register in dealing with a request for substitution in accordance with Sch 2 para 6, the substitute: see arts 2(1), 19(2), Sch 2 para 2(a). A person may only be the registered holder of a ROC or have an entry made and maintained in respect of him under art 19(4)(b) if he provides to the Authority in writing: (1) evidence of his identity; and (2) details of persons authorised to act on his behalf in respect of the production of ROCs as the evidence or part of the evidence required under art 3(1) and in respect of requests for amendments to be made to the register as provided for in Sch 2: Sch 2 para 3.

4 Ibid Sch 2 para 1. The Authority may from time to time draw up procedural guidelines for itself and others to assist it in maintaining the register and carrying out its functions in respect thereof: Sch 2 para 4. In any procedural guidelines which it produces the Authority must provide details of its usual working hours: Sch 2 para 13.

5 Particulars of a ROC comprise the name of the registered holder and the ROC identifier: see ibid Sch 2 para 2(a), (b). For the meaning of 'ROC identifier' see PARA 1227 note 24 ante.

6 Ibid art 19(3).

7 Where the registered holder of a ROC and a person whom he wishes to be the substitute require in respect of a particular ROC that the register be amended, by substituting for the name of the registered holder the name of a second person ('the substitute') (who must be a person whose name is included on the list maintained pursuant to ibid art 19(4)(b)): (1) the registered holder and the person whom he wishes to be the substitute must each submit to the Authority in writing requests which are identical in all material respects and which include the ROC identifier of the ROC to which the request relates; and (2) the Authority must, within 10 banking days in any August, and in all other instances, within five banking days, after the banking day on which it is first in receipt at the commencement of its working hours of requests which comply with head (1) supra, amend the particulars of the ROC recorded in the register to show the substitute as the registered holder: Sch 2 para 6. Where the Authority receives in writing a request for substitution it must inform both the registered holder of the ROC and the substitute named therein that the request has been received and, in the event that the requests from the registered holder of the ROC and the person whom he wishes to be the substitute are not identical in all material respects or do not include the ROC identifier of the ROC, must draw this to their attention: Sch 2 para 7. 'Banking day' means a day on which banks are generally open in the City of London excluding Saturdays or Sundays: art 2(1).

**1223-1238 The renewables obligation; amount of the renewables obligation ...
Preliminary accreditation and accreditation of generating stations**

SI 2006/1004 (as amended) replaced: Renewables Obligation Order 2009, SI 2009/785.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(6) PROTECTION OF THE PUBLIC INTEREST/(i) Fuel Sources and Fuel Stocks/C. THE RENEWABLES OBLIGATION/(B) The Renewables Obligation Order 2006/(d) Issue and Revocation of Renewables Obligation Certificates ('ROCs')/1231. Revocation of ROCs.

1231. Revocation of ROCs.

The Gas and Electricity Markets Authority ('GEMA')¹:

- 3024 (1) must, where in respect of any electricity generated by a generating station² in a particular month it is satisfied that the declaration provided to it³ is false or that a ROC⁴ was issued on the basis of any fraudulent behaviour, statement or undertaking on the part of the operator of that generating station or any connected person⁵, revoke all ROCs issued in respect of that generating station in that month⁶;
- 3025 (2) must revoke any ROC certifying the specified matters⁷ where the Northern Ireland Authority for Energy Regulation has notified the Authority that it is not satisfied that the electricity in question has been supplied to customers in Northern Ireland⁸;
- 3026 (3) must, in accordance with the prescribed procedure⁹, revoke any ROC where it is otherwise satisfied that the ROC is inaccurate¹⁰;
- 3027 (4) may, in accordance with the prescribed procedure¹¹, revoke any ROC where:
- 295
427. (a) the Authority is no longer satisfied that the ROC should have been issued;
428. (b) the Authority has reasonable doubts as to the accuracy or reliability of the information upon which the Authority relied prior to the issue of the ROC; or
429. (c) the Authority has been unable, due to a failure or refusal by any person (whether inside or outside England and Wales) to provide the Authority with any information reasonably requested by it, to check the accuracy of either the ROC or any information which the Authority relied upon prior to the issue of the ROC¹²; and
- 296
- 3028 (5) must¹³, in reaching a decision as to the inaccuracy of a ROC for the purposes of head (3) above and in exercising its powers to revoke a ROC pursuant to head (4) above, disregard any changes to the amounts for 'gross output' and 'input electricity'¹⁴ which were used by it¹⁵ to determine the amount of electricity to be regarded as having been generated from eligible renewable sources¹⁶ by a particular generating station in a particular month¹⁷.

Head (5) above does not, however, apply where the Authority has accepted later figures¹⁸ and made¹⁹ new determinations²⁰.

Where the Authority revokes ROCs in accordance with head (3) or head (4) above, it must:

- 3029 (i) revoke the appropriate number of ROCs from those issued in respect of the generating station in respect of a particular month in descending numerical order of ROC sequence number²¹; and
- 3030 (ii) delete from the register²² those ROCs previously allocated the highest ROC sequence numbers and remaining on the register in advance of those with lower ROC sequence numbers,

and in determining the number of ROCs which it is appropriate to revoke it must proceed on the basis that one ROC represents one megawatt hour of electricity, with any exact half megawatt hour being rounded upwards²³.

Where the Authority has revoked a ROC it must as soon as practicable give notice in writing²⁴ of such revocation to the registered holder²⁵ of the ROC at the time of revocation²⁶. Other than when a ROC has been revoked in accordance with head (1) above, the Authority may, in circumstances where it considers it appropriate to do so, issue a replacement ROC in accordance with the prescribed procedures²⁷, provided that it is satisfied that each of the relevant criteria²⁸ is met, having regard as necessary to the prescribed requirements²⁹. Where the Authority so issues a replacement ROC it must:

- 3031 (A) allocate to the replacement ROC the lowest ROC sequence number of any ROC previously issued in respect of the same generating station and same month that has been revoked which has not already been allocated to a replacement ROC (unless that replacement ROC has itself been revoked);
- 3032 (B) issue each replacement ROC to the person to whom the ROC issued in respect of that generating station and that month and bearing the same ROC sequence number was previously issued; and
- 3033 (C) proceed on the basis that one ROC represents one megawatt hour of electricity, with any exact half megawatt hour being rounded upwards³⁰.

1 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

- 30 Ibid art 20(5).

**1223-1238 The renewables obligation; amount of the renewables obligation ...
Preliminary accreditation and accreditation of generating stations**

SI 2006/1004 (as amended) replaced: Renewables Obligation Order 2009, SI 2009/785.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(6) PROTECTION OF THE PUBLIC INTEREST/(i) Fuel Sources and Fuel Stocks/C. THE RENEWABLES OBLIGATION/(B) The Renewables Obligation Order 2006/(d) Issue and Revocation of Renewables Obligation Certificates ('ROCs')/1232. Small generators.

1232. Small generators.

The following provisions apply to generating stations¹ with a declared net capacity² of 50 kilowatts or less ('sub-50 kilowatt stations')³. The operator of a sub-50 kilowatt station may:

- 3034 (1) not less than one month before the beginning of the first month ('the relevant month') in respect of which the operator requests the issue of ROCs⁴ in respect of electricity generated by the relevant station; or
- 3035 (2) not less than one month before the beginning of any obligation period⁵ ('the relevant obligation period'),

give notice in writing⁶ to the Gas and Electricity Markets Authority ('GEMA')⁷ that its entitlement to ROCs in respect of electricity generated by that station ('the relevant station') is to be determined on a special basis⁸ prescribed for these purposes⁹.

An operator who has given such notice may by notice in writing to the Authority withdraw that notice:

- 3036 (a) if he gave that notice under head (1) above, not less than one month before the beginning of any obligation period following the obligation period during which the relevant month falls; or
- 3037 (b) if he gave that notice under head (2) above, not less than one month before the beginning of any obligation period following the relevant obligation period¹⁰;

and where an operator so gives notice of withdrawal, the Authority must, from the beginning of the obligation period in respect of which the operator gave that notice, determine the operator's entitlement to ROCs in respect of electricity generated by the relevant station on the normal¹¹ basis¹².

1 For the meaning of 'generating station' see PARA 1041 note 6 ante.

2 For the meaning of 'declared net capacity' see PARA 1224 note 4 ante.

3 Renewables Obligation Order 2006, SI 2006/1004, art 21(1).

4 For the meaning of 'ROC' see PARA 1223 note 12 ante.

5 For the meaning of 'obligation period' see PARA 1223 note 6 ante.

6 For the meaning of 'in writing' see PARA 1229 note 7 ante.

7 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

8 Ie the basis set out in the Renewables Obligation Order 2006, SI 2006/1004, art 21(3), (4): see note 9 infra.

9 Ibid art 21(2). Article 21(4) applies (1) where an operator has given notice as specified in art 21(2)(a) (see head (1) in the text), in the case of the relevant station for the remainder of the obligation period during which the relevant month falls and subsequent obligation periods; and (2) where an operator has given notice as specified in art 21(2)(b) (see head (2) in the text), in the case of the relevant station for the relevant obligation period and subsequent obligation periods: art 21(3). Where art 21(4) applies, the reference to 'month' in each place where it occurs in arts 5, 6, 7, 8, 9, 14, 15, 16, 17, 18 and 20 (as amended) and Sch 2 is to be taken to be a reference to 'obligation period', subject to the following exceptions: (a) in art 15(1) the words 'of each month' are to be omitted; (b) in art 18(3)(a) the reference to 'the second month' is to remain unchanged; (c) in Sch 2 para 2(b)(i) the words 'the month and year' must be replaced by 'the obligation period': art 21(4).

10 Ibid art 21(5).

11 le on the basis set out in ibid art 15(1): see PARA 1228 ante.

12 Ibid art 21(6).

1223-1238 The renewables obligation; amount of the renewables obligation ... Preliminary accreditation and accreditation of generating stations

SI 2006/1004 (as amended) replaced: Renewables Obligation Order 2009, SI 2009/785.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(6) PROTECTION OF THE PUBLIC INTEREST/(i) Fuel Sources and Fuel Stocks/C. THE RENEWABLES OBLIGATION/(B) The Renewables Obligation Order 2006/(e) Additional Payments/1233. Late payments.

(e) Additional Payments

1233. Late payments.

As soon as reasonably practicable after the specified day¹ in relation to an obligation period² ('the obligation period in question'), the Gas and Electricity Markets Authority ('GEMA')³ must notify any designated electricity supplier⁴ that has not discharged its renewables obligation⁵ in full by the specified day ('defaulting supplier') that it has not fully discharged its renewables obligation, and to what extent⁶. If a defaulting supplier makes a late payment⁷ to the Authority before the end of the late payment period⁸ relating to the obligation period in question it must be treated as having discharged its renewables obligation in full for that obligation period⁹; and if a defaulting supplier pays part of a late payment to the Authority before the end of the late payment period relating to the obligation period in question it must be treated as having discharged the same proportion of the amount of its renewables obligation which was not discharged by the specified day as the proportion which the partial payment bears to the total late payment required in order for the supplier to be treated¹⁰ as having discharged its renewables obligation in full for the obligation period in question¹¹.

The Authority must pay out the late payment fund¹² by 1 January immediately following the late payment period, in accordance with the prescribed system¹³ of allocation¹⁴. It must not, during the late payment period, impose a penalty¹⁵ on any defaulting supplier in respect of that supplier's failure to discharge its renewables obligation in full before the specified day¹⁶.

1 For the meaning of 'specified day' see PARA 1223 note 3 ante.

2 For the meaning of 'obligation period' see PARA 1223 note 6 ante.

3 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

4 For the meaning of 'designated electricity supplier' see PARA 1223 note 2 ante.

5 As to the renewables obligations see PARA 1223 ante.

6 Renewables Obligation Order 2006, SI 2006/1004, art 23(1).

7 For these purposes, 'late payment' means the total of (1) the amount, or additional amount, that the defaulting supplier would have paid under *ibid* art 11 (see PARA 1226 ante) to discharge its renewables obligation in full immediately before the specified day, taking into account any payments already made by the defaulting supplier under art 11 and any qualifying certificates produced by the supplier to the Authority; and (2) interest on the amount specified in head (1) *supra* charged at the specified rate and calculated on a daily basis, from the specified day to the date on which payment is received by the Authority: art 23(6)(a). 'Specified rate' means 5 percentage points above the base rate of the Bank of England as at the first day of the late payment period in relation to any obligation period: art 23(6)(c). For the meaning of 'qualifying certificate' see PARA 1226 note 19 ante.

8 'Late payment period' in relation to an obligation period, means the period from the specified day in relation to that obligation period to the 31 October immediately following: *ibid* art 2(1).

9 *Ibid* art 23(2).

10 Ie under ibid art 23(2).

11 Ibid art 23(3).

12 For these purposes, 'the late payment fund' means the aggregate of the amounts received by the Authority under ibid art 23(2), (3) in respect of the obligation period in question (together with any interest received thereon by the Authority): art 23(6)(b).

13 Ie the system specified in ibid art 22(3)-(7) (see PARA 1226 ante), but as if (1) the references in art 22(3) and (7) to 'the buy-out fund' were references to that late payment fund; and (2) the references in art 22(3)-(7) to a 'relevant obligation period' were references to the obligation period in question: art 23(4).

14 Ibid art 23(4).

15 Ie under the Electricity Act 1989 s 27A(1) (as added): see PARA 1212 ante.

16 Renewables Obligation Order 2006, SI 2006/1004, art 23(5).

1223-1238 The renewables obligation; amount of the renewables obligation ... Preliminary accreditation and accreditation of generating stations

SI 2006/1004 (as amended) replaced: Renewables Obligation Order 2009, SI 2009/785.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(6) PROTECTION OF THE PUBLIC INTEREST/(i) Fuel Sources and Fuel Stocks/C. THE RENEWABLES OBLIGATION/(B) The Renewables Obligation Order 2006/(e) Additional Payments/1234. Mutualisation.

1234. Mutualisation.

As soon as reasonably practicable after the end of the late payment period¹ in relation to an obligation period², the Gas and Electricity Markets Authority ('GEMA')³ must determine whether a relevant shortfall⁴ has occurred in relation to the obligation period⁵. Where a relevant shortfall has occurred, the Authority must notify each relevant supplier⁶ of the amount of the shortfall, the amount to be recovered from all relevant suppliers⁷ and the amount of the payment that the relevant supplier is required⁸ to make⁹. Where the Authority so notifies relevant suppliers it must publish a notice stating the amount of the shortfall and the amount to be recovered¹⁰ from all relevant suppliers¹¹.

Where a relevant shortfall has occurred, the specified amount¹² must be recovered from all relevant suppliers as follows¹³. A relevant supplier must make a payment to the Authority which is the same proportion of the sum to be recovered from all relevant suppliers as the proportion which that supplier's renewables obligation for the shortfall period bears to the total of the renewables obligations of all the relevant suppliers for that shortfall period¹⁴. A payment so required must¹⁵ be paid in the following instalments:

- 3038 (1) 25 per cent of the total payment required must be paid to the Authority before 1 September in the mutualisation period¹⁶;
- 3039 (2) 25 per cent of the total payment required must be paid to the Authority before 1 December in the mutualisation period;
- 3040 (3) 25 per cent of the total payment required must be paid to the Authority before 1 March in the mutualisation period; and
- 3041 (4) 25 per cent of the total payment required must be paid to the Authority before 1 June in the obligation period immediately following the mutualisation period¹⁷.

Where a person so required to make a payment fails to make payment in full in accordance with these provisions, and at any time during or after the end of the shortfall period in question, ceases to hold a licence to supply electricity¹⁸, the enforcement provisions of the Electricity Act 1989¹⁹ apply in respect of that person in respect of the obligations imposed by the above provisions, as if that person still held a licence to supply electricity²⁰.

The Authority must pay out the mutualisation fund²¹ in accordance with the prescribed system of allocation²² by the following dates:

- 3042 (a) 1 November in the mutualisation period;
- 3043 (b) 1 February in the mutualisation period;
- 3044 (c) 1 May in the obligation period immediately following the mutualisation period; and
- 3045 (d) 1 August in the obligation period immediately following the mutualisation period²³.

The mutualisation fund relating to a shortfall period must be divided amongst the compliant United Kingdom suppliers²⁴ who meet one or more of the applicable conditions²⁵ so that each

such compliant United Kingdom supplier receives a proportion of the mutualisation fund calculated as follows²⁶. The proportion of the mutualisation fund which each compliant United Kingdom supplier is so entitled to receive is equal to the proportion which the amount of the electricity covered by all of the qualifying certificates it has produced²⁷ bears to the total amount of the electricity covered by all of the qualifying certificates produced to the Authority or to the Northern Ireland Authority for Energy Regulation in respect of the shortfall period, or any period contemporaneous with the shortfall period, in discharge of any renewables obligation imposed in accordance with the relevant statutory provisions²⁸, excluding any qualifying certificates produced by non-compliant United Kingdom suppliers²⁹.

Where a relevant shortfall has occurred, if a designated electricity supplier makes a payment to other United Kingdom suppliers in relation to its failure to discharge its renewables obligation in full in relation to the shortfall period, excluding any payments made by the first supplier in respect of mutualisation payments³⁰ made by the other designated electricity suppliers:

- 3046 (i) the designated electricity supplier who made such payment must notify the Authority, immediately after making the payment, of the United Kingdom suppliers to which the payments were made, how much each supplier received and to which obligation period the payment relates; and
- 3047 (ii) any designated electricity supplier who received such payment must notify the Authority, immediately after receiving the payment, of the amount it received³¹.

Where, before 1 August in the obligation period immediately following the mutualisation period, the Authority receives a notification from a United Kingdom supplier in relation to a payment made by a designated electricity supplier in respect of the designated electricity supplier's failure to discharge its renewables obligation in full for the shortfall period, the Authority must, as soon as reasonably practicable:

- 3048 (A) recalculate the amount to be recovered³² by reducing the specified amount by the total amount received by the United Kingdom suppliers;
- 3049 (B) issue a revised notification to each relevant supplier detailing the recalculated amount to be recovered³³ from all relevant suppliers and the recalculated amount of the total payment the relevant supplier is required to make³⁴ ('recalculated supplier payment') and a breakdown of any instalment payments required after the date of the notification in respect of the recalculated supplier payment³⁵ ('future instalment payments')³⁶.

Where the instalment payments already made by a relevant supplier are less than the recalculated supplier payment required from a relevant supplier, that supplier must make future instalment payments on the dates mentioned in heads (1) to (4) above which have not yet passed, each instalment payment being equal to the outstanding amount³⁷ divided by the number of future instalment payments³⁸. Where, following such a recalculation, a relevant supplier has paid more than the recalculated supplier payment, the Authority must, where it has received instalment payments under heads (1) to (4) above but has not yet paid out the mutualisation fund, repay to each relevant supplier from the mutualisation fund the difference, together with any interest received thereon by the Authority, between the amount that the supplier has paid and the recalculated supplier payment³⁹; and where the Authority is so required to repay sums to each relevant supplier and the mutualisation fund is insufficient to enable the Authority to repay each relevant supplier in full, the Authority must reduce the sum to be paid to each supplier by a proportion equal to the proportion which that deficit bears to the amount that would have sufficed for that purpose and the supplier is not to be entitled to any further payments from the Authority in this regard⁴⁰. Where, following such a recalculation, a relevant supplier has paid more than the recalculated supplier payment but there is no

mutualisation fund to pay out, the supplier is not to be entitled to any repayment from the Authority⁴¹.

If the Authority receives a notification from a United Kingdom supplier in relation to a payment made by a designated electricity supplier in respect of the designated electricity supplier's failure to discharge its renewables obligation in full for the shortfall period and, due to any recalculations required⁴², it is not reasonably practicable for it to pay out the mutualisation fund by the date required by heads (a) to (d) above, the Authority must pay out the mutualisation fund as soon as reasonably practicable after that date⁴³.

1 For the meaning of 'late payment period' see PARA 1233 note 8 ante.

2 For the meaning of 'obligation period' see PARA 1223 note 6 ante.

3 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

4 For these purposes, 'relevant shortfall' means, in relation to any obligation period set out in the Renewables Obligation Order 2006, SI 2006/1004, art 27(1)(i), Sch 4 col 1, a shortfall which is equal to or greater than the corresponding amount set out in Sch 4 col 2; and 'shortfall' means the difference between (1) the payment total; and (2) what the payment total would have been if all the designated electricity suppliers who, at the end of the late payment period in relation to an obligation period had not discharged or were not treated as if they had discharged their renewables obligation in full under art 23(2) (see PARA 1233 ante), had made a payment referred to in art 23(6)(a)(i) (see PARA 1233 note 7 ante at head (1)): art 27(1)(i), (k). 'Payment total' means the total of (a) the buy-out fund in relation to the obligation period in question, immediately before it was paid out in accordance with art 22 (see PARA 1226 ante); and (b) the late payment fund (see PARA 1233 ante) in relation to the obligation period in question (less any sums paid to the Authority as referred to in art 23(6)(a)(ii): see PARA 1233 note 7 head (2) ante) immediately before it is paid out in accordance with art 23: art 27(1)(g). For the meaning of 'designated electricity supplier' see PARA 1223 note 2 ante; and as to the renewables obligation see art 3(1); and PARA 1223 ante.

5 Ibid art 24(1)(a).

6 For these purposes, 'relevant supplier' means any designated electricity supplier with a renewables obligation for the shortfall period, which at the end of the late payment period in relation to the shortfall period, had discharged or is treated as if it had discharged the whole or part of its renewables obligation: ibid art 27(1)(j). 'Shortfall period' means an obligation period in respect of which a relevant shortfall occurs: art 27(1)(l).

7 Ie in accordance with ibid art 24(3): see the text and notes 12-13 infra.

8 Ie under ibid art 24(4): see the text and note 14 infra.

9 Ibid art 24(1)(b).

10 See note 7 supra.

11 Renewables Obligation Order 2006, SI 2006/1004, art 24(2).

12 For these purposes, 'specified amount' means, subject to ibid arts 24(5), (6), 26(3) (see note 13 infra and the text and notes 32-36 infra) and art 27(2), the whole of the relevant shortfall, except to the extent that it exceeds £200m: art 27(1)(m). If, in the case of the calendar year 2006 or any subsequent calendar year, the annual retail prices index for that year ('the later year') is higher or lower than that for the previous year, the figure of £200m used in the definition of 'specified amount' must, in relation to the obligation period beginning on 1 April immediately following the later year, be increased (if the index is higher) or decreased (if the index is lower) by the annual percentage inflation rate of the retail prices index for the later year: art 27(2). Where the figure of £200m is so modified, the resulting figure must be rounded to the nearest pound (with any exact amount of 50 pence being rounded upwards: art 27(3). For the meaning of 'retail prices index' see PARA 1226 note 12 ante.

13 Ibid art 24(3). When calculating the amount to be recovered from all relevant suppliers in accordance with art 24(3), the Authority must, where a non-compliant United Kingdom supplier has complied in part with any renewables obligation imposed on that supplier in accordance with the Electricity Act 1989 s 32(1) (as substituted) (see PARA 1219 ante) or the corresponding Northern Ireland legislation by producing qualifying certificates to the Authority or to the Northern Ireland Authority for Energy Regulation (the Northern Ireland authority) in respect of a shortfall period or any period contemporaneous with the shortfall period, reduce the

specified amount in accordance with the Renewables Obligation Order 2006, SI 2006/1004, art 24(6): art 24(5). Where art 24(5) applies, the specified amount must be reduced by a proportion which is equal to the proportion which the amount of the electricity covered by all the qualifying certificates produced by the non-compliant United Kingdom supplier as mentioned in art 24(5) bears to the total amount of the electricity covered by all of the qualifying certificates produced to the Authority or to the Northern Ireland authority in respect of that shortfall period or any period contemporaneous with that shortfall period in discharge of any renewables obligation imposed in accordance with the Electricity Act 1989 s 32(1) (as substituted) (see PARA 1219 ante) or the corresponding Northern Ireland legislation: Renewables Obligation Order 2006, SI 2006/1004, art 24(6). For these purposes, 'non-compliant United Kingdom supplier' means a United Kingdom supplier which, at the end of the late payment period, has not discharged or is not treated as if it had discharged in full every renewables obligation imposed on that supplier in accordance with the Electricity Act 1989 s 32(1) (as substituted) (see PARA 1219 ante) or the corresponding Northern Ireland legislation, in respect of the obligation period to which that late payment period relates, or any period contemporaneous with that obligation period: Renewables Obligation Order 2006, SI 2006/1004, art 27(1)(e). For the meaning of 'United Kingdom supplier' see PARA 1226 note 18 ante; and for the meaning of 'qualifying certificate' see PARA 1226 note 19 ante.

14 Ibid art 24(4).

15 Ie subject to ibid art 26(3), (4): see the text and notes 32-38 infra.

16 For these purposes, 'mutualisation period' means the second obligation period following a shortfall period: ibid art 27(1)(d).

17 Ibid art 24(7).

18 Ie under the Electricity Act 1989 s 6(1) (as substituted and amended): see PARA 1065 ante.

19 Ie ibid ss 25-28 (as amended): see PARA 1207 et seq ante.

20 Renewables Obligation Order 2006, SI 2006/1004, art 24(8).

21 For these purposes, 'mutualisation fund' means the aggregate at any given time of the amounts (excluding any amounts repaid under ibid art 26(5): see the text and note 39 infra) received by the Authority under arts 24, 26 in respect of a shortfall period (together with any interest received thereon by the Authority): art 27(1)(b).

22 Ie the system of allocation specified in ibid art 25(2)-(6): see the text and notes 24-29 infra.

23 Ibid art 25(1).

24 For these purposes, 'compliant United Kingdom supplier' means a United Kingdom supplier which at the end of the late payment period has discharged or is treated as if it had discharged in full every renewables obligation imposed on that supplier in accordance with the Electricity Act 1989 s 32(1) (as substituted) (see PARA 1219 ante) or the corresponding Northern Ireland provision, in respect of the obligation period to which that late payment period relates, or any period contemporaneous with that obligation period: Renewables Obligation Order 2006, SI 2006/1004, art 27(1)(a).

25 Ie the conditions specified in ibid art 25(3), (4) and (5). The applicable condition for a designated electricity supplier is that, in respect of that shortfall period, it has complied (in whole or in part) with its renewables obligation by producing qualifying certificates to the Authority: art 25(3). As to the applicable condition for an electricity supplier supplying electricity in Scotland see art 25(4); and as to the applicable condition for a Northern Ireland supplier see art 25(5). For the meaning of 'qualifying certificate' see PARA 1226 note 19 ante; and for the meaning of 'Northern Ireland supplier' see PARA 1226 note 18 ante.

26 Ibid art 25(2).

27 Ie as mentioned in ibid art 25(3), (4) and (5): see note 25 supra.

28 Ie imposed in accordance with the Electricity Act 1989 s 32(1) (as substituted) (see PARA 1219 ante) or the corresponding Northern Ireland provision.

29 Renewables Obligation Order 2006, SI 2006/1004, art 25(6).

30 For these purposes, 'mutualisation payment' means a payment required under ibid art 24(4): art 27(1)(c).

31 Ibid art 26(1). Where a designated electricity supplier receives a payment from an electricity supplier supplying electricity in Scotland in relation to the electricity supplier's failure to discharge in full any renewables obligation imposed on it in accordance with the Electricity Act 1989 s 32(1) (as substituted and amended), the

designated electricity supplier must notify the Authority, immediately after receiving the payment, of the amount it received: Renewables Obligation Order 2006, SI 2006/1004, art 26(8).

32 Ie under ibid art 24(3).

33 See note 32 *supra*.

34 Ie under the Renewables Obligation Order 2006, SI 2006/1004, art 24(4).

35 Ie in accordance with ibid art 26(4): see the text and notes 37-38 *infra*.

36 Ibid arts 26(3), 27(1)(h).

37 For these purposes, 'outstanding amount' means the recalculated supplier payment less the total of any instalment payments already made by the relevant supplier in accordance with ibid art 24(7) (see heads (1)-(4) in the text): art 27(1)(f).

38 Ibid art 26(4).

39 Ibid art 26(5).

40 Ibid art 26(6).

41 Ibid art 26(7).

42 Ie under ibid art 26(3): see the text and notes 32-36 *supra*.

43 Ibid art 26(2).

1223-1238 The renewables obligation; amount of the renewables obligation ... Preliminary accreditation and accreditation of generating stations

SI 2006/1004 (as amended) replaced: Renewables Obligation Order 2009, SI 2009/785.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(6) PROTECTION OF THE PUBLIC INTEREST/(i) Fuel Sources and Fuel Stocks/C. Provision of information to the Gas and Electricity Markets Authority.

(f) Provision of Information and Functions of the Gas and Electricity Markets Authority

1235. Provision of information to the Gas and Electricity Markets Authority.

The Gas and Electricity Markets Authority ('GEMA')¹ may require a designated electricity supplier² to provide it with such information in such form and within such time as it may reasonably require which is, in the Authority's opinion, relevant to the question whether the supplier is discharging, or has discharged, its renewables obligation³ in relation to any obligation period⁴. The Authority may request any person who generates, supplies, distributes or transmits electricity in relation to which a ROC⁵ has been or may be issued, or any person who buys or sells such electricity or ROCs, otherwise than as a consumer, to provide the Authority with such information in such form and within such time as it may reasonably request in order to carry out any of its functions under the Renewables Obligation Order 2006⁶.

1 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

2 For the meaning of 'designated electricity supplier' see PARA 1223 note 2 ante.

3 As to the renewables obligation see PARA 1223 ante.

4 Renewables Obligation Order 2006, SI 2006/1004, art 28(1).

5 For the meaning of 'ROC' see PARA 1223 note 12 ante.

6 Renewables Obligation Order 2006, SI 2006/1004, art 28(2). As to the Authority's functions under that Order see PARA 1237 post.

1223-1238 The renewables obligation; amount of the renewables obligation ... Preliminary accreditation and accreditation of generating stations

SI 2006/1004 (as amended) replaced: Renewables Obligation Order 2009, SI 2009/785.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(6) PROTECTION OF THE PUBLIC INTEREST/(i) Fuel Sources and Fuel Stocks/C. THE RENEWABLES OBLIGATION/(B) The Renewables Obligation Order 2006/(f) Provision of Information and Functions of the Gas and Electricity Markets Authority/1236. Exchange of information with the Northern Ireland Authority for Energy Regulation.

1236. Exchange of information with the Northern Ireland Authority for Energy Regulation.

The Gas and Electricity Markets Authority ('GEMA')¹ must, as soon as reasonably practicable after the specified day², notify the Northern Ireland Authority for Energy Regulation ('the Northern Ireland authority') of the NIROC identifier³ of each NIROC produced to it⁴ by a designated electricity supplier⁵ and the name of the designated electricity supplier which produced that NIROC and of the total number of NIROCs produced to GEMA⁶ in respect of the obligation period⁷ to which the specified day relates⁸.

GEMA must, as soon as reasonably practicable after receiving a notification from the Northern Ireland authority as to the ROC identifiers⁹ of ROCs produced to it by the Northern Ireland suppliers¹⁰ under any NIRO order¹¹, inform the Northern Ireland authority of:

- 3050 (1) the ROC identifier of any ROC so notified which it has revoked¹² and whether it has issued a replacement ROC¹³ in respect of any such ROC, unless that replacement ROC has itself been revoked;
- 3051 (2) the ROC identifier of any ROC so notified that has also been produced by a designated electricity supplier¹⁴ and the date on which it was also produced¹⁵.

GEMA must as soon as reasonably practicable after the specified day notify the Northern Ireland authority as to the number of certificates produced to it¹⁶ and the number of certificates certifying the specified matters¹⁷ produced to it by each designated electricity supplier¹⁸ in respect of the obligation period to which the specified day relates¹⁹.

1 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see generally para 708 note 5 ante. In the text and notes 2-19, however, the abbreviation 'GEMA' has been used, rather than 'the Authority', despite the fact that the relevant regulations are made under the Electricity Act 1989, in order to avoid any possible confusion with the Northern Ireland authority.

2 For the meaning of 'specified day' see PARA 1223 note 3 ante.

3 For the meaning of 'NIROC identifier' see PARA 1227 note 19 ante; and for the meaning of 'NIROC' see PARA 1226 note 10 ante.

**1223-1238 The renewables obligation; amount of the renewables obligation ...
Preliminary accreditation and accreditation of generating stations**

SI 2006/1004 (as amended) replaced: Renewables Obligation Order 2009, SI 2009/785.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(6) PROTECTION OF THE PUBLIC INTEREST/(i) Fuel Sources and Fuel Stocks/C. THE RENEWABLES OBLIGATION/(B) The Renewables Obligation Order 2006/(f) Provision of Information and Functions of the Gas and Electricity Markets Authority/1237. Functions of the Gas and Electricity Markets Authority.

1237. Functions of the Gas and Electricity Markets Authority.

In addition to the functions assigned to it elsewhere in the Renewables Obligation Order 2006¹, the Gas and Electricity Markets Authority ('GEMA')² has the following specific functions:

- 3052 (1) keeping, maintaining and making available to the public a list of generating stations³ granted preliminary accreditation and accreditation⁴, together with any applicable conditions attached to the preliminary accreditation or accreditation;
 - 3053 (2) keeping and maintaining a list of ROCs⁵ which have been revoked and making that list available to the public;
 - 3054 (3) calculating and publishing before the start of each obligation period⁶, with the exception of the first obligation period to which the 2006 Order relates, the amount of the payment per megawatt hour of electricity referred to in the provision allowing payments as an alternative way of discharging the renewables obligation⁷ which results from the adjustments made to reflect changes in the retail prices index⁸;
 - 3055 (4) calculating and publishing before the start of each obligation period, with the exception of the first obligation period to which that Order relates, the figure limiting the relevant shortfall⁹ which results from the adjustments made to reflect changes in the retail prices index;
 - 3056 (5) publishing from time to time the total ROC claim¹⁰;
 - 3057 (6) by 1 April each year (with the exception of 1 April 2006 and 1 April 2007) publishing an annual report in relation to the obligation period ending on 31 March in the previous calendar year, such report to include details or, in the case of head (i) below, a summary of:
- 297
- 430. (a) the compliance of each designated electricity supplier¹¹ with its renewables obligation¹², including the extent to which that obligation has been met by the production of ROCs¹³, payments made under the provision described in head (3) above¹⁴ or the production of NIROCs¹⁵, or treated as met by payments made under the provision allowing for late payments¹⁶;
 - 431. (b) the sums received by each United Kingdom supplier¹⁷ under the provisions for payment out of the buy-out fund¹⁸ and the late payments fund¹⁹;
 - 432. (c) the number of ROCs issued by the Authority²⁰, the number of ROCs and other certificates accepted by it as evidence²¹, the number of NIROCs accepted by it²², the number of ROCs and other certificates accepted by it under the specified statutory provision²³, and the number of ROCs issued but not yet deleted in respect of the obligation period;
 - 433. (d) the number of ROCs issued by the Authority²⁴ broken down into different descriptions of generating stations²⁵;
 - 434. (e) any notices of shortfall published by the Authority²⁶;
 - 435. (f) any instalment payments made to the Authority²⁷ during the period to which the annual report relates;
 - 436. (g) the sums received by each compliant United Kingdom supplier²⁸ during the period to which the annual report relates;

437. (h) any recalculations carried out by the Authority²⁹ during the period to which the annual report relates;
438. (i) the outcome of any inquiries or investigations conducted by the Authority pursuant to head (7) below; and
439. (j) any other matters which the Authority considers relevant to the implementation of the 2006 Order;
- 298
- 3058 (7) monitoring implementation of the renewables obligation and compliance with the 2006 Order by designated electricity suppliers and operators of generating stations, including compliance by operators of generating stations with any conditions attached to their accreditation; and such monitoring may include conducting inquiries or investigations into:
- 299
440. (a) the quantities of electricity generated from eligible renewable sources³⁰ by accredited generating stations;
441. (b) the quantities of such electricity supplied to customers in Great Britain;
442. (c) the transfer and holding of ROCs;
443. (d) the effect of such matters on the making and allocation of payments under the specified statutory provisions³¹; and
444. (e) the effect of the renewables obligation on designated electricity suppliers and the operators of generating stations;
- 300
- 3059 (8) publishing at its discretion reports of inquiries or investigations conducted by the Authority pursuant to head (7) above; and
- 3060 (9) the provision of such information to the Northern Ireland Authority for Energy Regulation as the Authority considers may be relevant to the exercise of the Northern Ireland authority's functions under any NIRO order³².

1 le in the Renewables Obligation Order 2006, SI 2006/1004 (as amended): see PARA 1223 et seq ante, PARA 1238 post.

2 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

3 For the meaning of 'generating station' see PARA 1041 note 6 ante.

4 le in accordance with the Renewables Obligation Order 2006, SI 2006/1004, art 31: see PARA 1238 post. For the meaning of 'accreditation' see PARA 1224 note 27 ante.

1223-1238 The renewables obligation; amount of the renewables obligation ... Preliminary accreditation and accreditation of generating stations

SI 2006/1004 (as amended) replaced: Renewables Obligation Order 2009, SI 2009/785.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(6) PROTECTION OF THE PUBLIC INTEREST/(i) Fuel Sources and Fuel Stocks/C. THE RENEWABLES OBLIGATION/(B) The Renewables Obligation Order 2006/(f) Provision of Information and Functions of the Gas and Electricity Markets Authority/1238. Preliminary accreditation and accreditation of generating stations.

1238. Preliminary accreditation and accreditation of generating stations.

The following provisions apply to the granting and withdrawing of preliminary accreditation and accreditation¹ of generating stations².

Where a generating station in respect of which:

- 3061 (1) the consent of the Secretary of State³ has been obtained; or
- 3062 (2) planning permission⁴ has been granted,

has not been commissioned⁵, the Gas and Electricity Markets Authority ('GEMA')⁶ may, upon the application of the person who proposes to construct or operate the generating station⁷, grant the station preliminary accreditation as being capable of generating electricity from eligible renewable sources⁸.

Where a generating station has been commissioned, the Authority may, upon the application of its operator, grant the station accreditation for the purposes of the specified⁹ relevant criterion¹⁰. Where a station has been granted preliminary accreditation, and such preliminary accreditation has not been withdrawn, and an application for its accreditation is validly made under the above provision, the Authority must not grant that application if:

- 3063 (a) in the Authority's view there has been a material change in circumstances since the preliminary accreditation was granted;
- 3064 (b) the Authority has reason to believe that the information on which the decision to grant the preliminary accreditation was based was incorrect in a material particular; or
- 3065 (c) there has been a change in applicable legislation since the preliminary accreditation was granted such that, had the application for preliminary accreditation been made under the amended legislation, it would not in the Authority's view have been granted¹¹.

Otherwise, however, the Authority must grant the application¹².

The Authority may, in granting preliminary accreditation or accreditation, attach such conditions as appear to it to be appropriate¹³.

Where any of the circumstances mentioned in heads (A) to (D) below apply, the Authority may:

- 3066 (i) withdraw the preliminary accreditation or accreditation from any generating station;
- 3067 (ii) amend conditions attached to the preliminary accreditation or accreditation;
- 3068 (iii) attach conditions to the preliminary accreditation or accreditation¹⁴.

Those circumstances are as follows:

- 3069 (A) in the Authority's view there has been a material change in circumstances since the preliminary accreditation or accreditation was granted;
- 3070 (B) any condition subject to which preliminary accreditation or accreditation was granted has not been complied with;
- 3071 (C) the Authority has reason to believe that the information on which the decision to grant the preliminary accreditation or accreditation was based was incorrect in a material particular;
- 3072 (D) there has been a change in applicable legislation since the preliminary accreditation or accreditation was granted such that, had the application for preliminary accreditation or accreditation been made under the amended legislation, it would not in the Authority's view have been granted¹⁵.

The Authority must notify the applicant in writing¹⁶ of its decision on an application for preliminary accreditation or accreditation of a generating station, of any conditions attached to the preliminary accreditation or accreditation and of any withdrawal of preliminary accreditation or accreditation¹⁷. In providing such written notification, the Authority must specify the date on which the grant or withdrawal of preliminary accreditation or accreditation is to take effect and, where applicable, the date on which any conditions attached to the preliminary accreditation or accreditation are to take effect¹⁸.

ELECTRICITY FROM NON-FOSSIL FUEL SOURCES AND FOSSIL FUEL LEVY; TRANSITIONAL ARRANGEMENTS AND SAVINGS/1239. Secretary of State's power to make relevant orders.

D. ELECTRICITY FROM NON-FOSSIL FUEL SOURCES AND FOSSIL FUEL LEVY; TRANSITIONAL ARRANGEMENTS AND SAVINGS

1239. Secretary of State's power to make relevant orders.

The Secretary of State¹ may by order made by statutory instrument² make such provision as he considers necessary or expedient for the purpose of:

- 3073 (1) saving orders made before 1 October 2001³ under the provision of the Electricity Act 1989⁴ which, before its substitution by the Utilities Act 2000⁵, made provision with regard to electricity from non-fossil fuel sources⁶;
- 3074 (2) preserving, modifying, replacing or otherwise dealing with arrangements (as mentioned in that provision) made pursuant to such an order, including making provision for substituting different parties to the arrangements or for replacement arrangements to be between parties different from those party to the replaced arrangements⁷;
- 3075 (3) requiring the continued payment of any fossil fuel levy payable by virtue of the provision of the Electricity Act 1989 imposing that levy⁸ and providing for payments out of that levy despite the repeal of that provision⁹.

Such an order may, in particular:

- 3076 (a) provide for the specified provisions of the Electricity Act 1989¹⁰ to continue to have effect with modifications specified in the order¹¹;
- 3077 (b) provide for what is to happen in relation to the fossil fuel levy and payments out of it in certain specified circumstances¹²;
- 3078 (c) provide in such a case as is referred to in head (b) above payments of amounts determined in accordance with the order¹³ to be made by, instead of to, the person to whom payments out of the fossil fuel levy would otherwise have been made¹⁴.

Such an order may provide:

- 3079 (i) that any specified requirement contained in it is to be treated as a relevant requirement for the purposes of Part I of the Electricity Act 1989¹⁵; and
- 3080 (ii) for one of those requirements to be that a person referred to in head (A) or head (B) below is not to act or omit to act as set out there¹⁶.

The persons, acts and omissions referred to in head (ii) above are:

- 3081 (A) an act or omission by a person subject to requirements contained in the order which prevents any arrangements made pursuant to the order from securing such results as are specified in the order; and

3082 (B) an act or omission by a party to arrangements made pursuant to an order under the specified provision of the Electricity Act 1989¹⁷ made before 1 October 2001, or such arrangements as modified or replaced by virtue of an order under the above provisions, which prevents the arrangements from securing the specified¹⁸ result¹⁹.

An order under the above provisions may make different provision for different areas²⁰.

1 As to the Secretary of State see PARA 601 note 1 ante.

2 A statutory instrument containing an order under the Utilities Act 2000 is subject to annulment in pursuance of a resolution of either House of Parliament: s 67(8).

3 Ie before the coming into force of *ibid* s 62: see the Utilities Act 2000 (Commencement No 6 and Transitional Provisions) Order 2001, SI 2001/3266, art 2, Schedule.

4 Ie the Electricity Act 1989 s 32 (as originally enacted and as amended by the Environment Act 1995 s 120(1), Sch 22 para 39(1)-(3)).

5 Ie by the Utilities Act 2000 s 62: see PARA 1219 ante.

6 *Ibid* s 67(1)(b).

7 *Ibid* s 67(1)(c). The power in s 67(1)(c) might be exercised before, and may be exercised after, 1 October 2001: s 67(2).

8 Ie the Electricity Act 1989 s 33 (as amended) (now repealed with savings by the Utilities Act 2000 ss 66, 108, Sch 8).

9 Utilities Act 2000 s 67(1)(d). The Secretary of State also had power to make provision by order made by statutory instrument providing for the Electricity Act 1989 s 32 (as originally enacted and as amended by the Environment Act 1995 s 120(1), Sch 22 para 39(1)-(3)) to have effect, before its substitution by the Utilities Act 2000 s 62, with modifications specified in the order (but if this power was exercised the modifications were to include the omission of the Electricity Act 1989 s 32(3) and (4)): see the Utilities Act 2000 s 67(1)(a).

10 Ie the Electricity Act 1989 s 32 (apart from s 32(3) and (4)) as it had effect immediately before 1 October 2001 or s 33 as it had effect immediately before 21 November 2000 (ie the date of the coming into force of the Utilities Act 2000 s 66: see the Utilities Act 2000 (Commencement No 1 and Saving) Order 2000, SI 2000/2412, art 3(1)).

11 Utilities Act 2000 s 67(3).

12 *Ibid* s 67(4)(a). The specified circumstances are if in any month (1) the cost referred to in the Electricity Act 1989 s 33(5)(b) (repealed with savings) is greater than the cost referred to in s 33(5)(a) (repealed with savings); or (2) the same is true in relation to any other corresponding measures referred to in s 33 (repealed with savings) as modified under the Utilities Act 2000 s 67(3): see s 67(4)(a)(i), (ii).

13 Ie but not exceeding the difference between the sums referred to in *ibid* s 67(4)(a): see note 12 *supra*.

14 *Ibid* s 67(4)(b).

15 Ie for the purposes of the Electricity Act 1989 Pt I (ss 3A-64) (as amended): see PARA 1041 *et seq* ante, PARA 1240 *et seq* post. For the meaning of 'relevant requirement' see PARA 1207 note 5 ante.

16 Utilities Act 2000 s 67(5). While, however, the Electricity Act 1989 s 32(3), (4) (as originally enacted) remained in force, such an order might not provide for anything which would have been an offence under s 32(3) (as originally enacted) to be treated as a relevant requirement: Utilities Act 2000 s 67(5).

17 Ie under the Electricity Act 1989 s 32 (as originally enacted and as amended by the Environment Act 1995 s 120(1), Sch 22 para 39(1)-(3)).

18 Ie the result mentioned in the Electricity Act 1989 s 67(2) (as originally enacted) or that subsection as modified by virtue of an order under the Utilities Act 2000 s 67, or such corresponding result as is specified in the order: see s 67(6)(b).

19 Ibid s 67(6)(a), (b).

20 Ibid s 67(7).

UPDATE

1239-1240 Secretary of State's power to make relevant orders, Arrangements for securing the availability of generating capacity from non- fossil fuel sources

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

1239 Secretary of State's power to make relevant orders

TEXT AND NOTE 7--Utilities Act 2000 s 67(1)(c) amended: Energy Act 2008 s 39.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(6) PROTECTION OF THE PUBLIC INTEREST/(i) Fuel Sources and Fuel Stocks/D. ELECTRICITY FROM NON-FOSSIL FUEL SOURCES AND FOSSIL FUEL LEVY; TRANSITIONAL ARRANGEMENTS AND SAVINGS/1240. Arrangements for securing the availability of generating capacity from non-fossil fuel sources.

1240. Arrangements for securing the availability of generating capacity from non-fossil fuel sources.

As originally enacted, the Electricity Act 1989 contained powers for the Secretary of State¹ to make orders requiring each public electricity supplier² in England and Wales, before a day specified in the order, to make (in so far as it had not already done so), and produce evidence showing that it had made, (1) such arrangements; or (2) where a previous order had effect in relation to that supplier, such additional arrangements, as would secure the required result³. That result was that for a period specified in the order there would be available to the public electricity supplier from non-fossil fuel generating stations⁴ or, if the order so provided, from non-fossil fuel generating stations of any particular description⁵, an aggregate amount of generating capacity which was not less than that specified in relation to that supplier in the order⁶. Such an order might make different provision for different suppliers⁷. The relevant statutory provisions were amended by the Environment Act 1995 so as to provide that combined heat and power stations⁸, whether generally or of any particular description, were to be taken as being particular descriptions of non-fossil fuel generating stations⁹.

Despite the substitution by the Utilities Act 2000 for the provisions described above of new provisions conferring power on the Secretary of State to impose, by order, the renewables obligation on designated electricity suppliers, as already discussed¹⁰, the earlier provisions, and certain orders made under them¹¹, continue to have effect with prescribed modifications¹² for the purposes¹³ set out below¹⁴.

Each supply successor company¹⁵ was to ensure that before the thirtieth day following the commencement of the order period¹⁶ it had produced evidence to the Gas and Electricity Markets Authority ('GEMA')¹⁷ that it had made arrangements (or amendments to previously existing arrangements) jointly with all other supply successor companies to secure that the nominated person¹⁸ had made arrangements to secure (or which continued to secure) that the statutory requirements¹⁹ ('the requirements') were complied with²⁰. At all times during the order period each supply successor company is under a duty to secure that the requirements are complied with²¹ and it must not by any act or omission prevent any new arrangements²² from securing that there is available to the nominated person from the specified non-fossil fuel generating stations the required aggregate amount of generating capacity²³.

Each supply successor company must supply the Authority with such information, or with information of a particular kind, requested by the Authority and which in that company's opinion is relevant to the question whether the supply successor company, either acting individually or jointly with other supply successor companies, is discharging, or has discharged, its statutory²⁴ obligations²⁵. Information so requested by the Authority must be given to it in whatever form it requires²⁶; but no person is to be required by virtue of these provisions to provide any information which he could not be compelled to give in evidence in civil proceedings in the High Court²⁷.

If, by 27 March 2001, any generator had not entered into the new arrangements with the nominated person, the generator was to be deemed:

- 3083 (a) to have entered into an agreement with the nominated person on and with effect from 27 March 2001 on those terms last offered to him in writing by the nominated person prior to 27 March 2001, to the extent that those terms comply with all prescribed requirements²⁸ in relation to new arrangements²⁹; and
- 3084 (b) to have terminated the original arrangements to which he was a party, without prejudice to any rights or liabilities existing prior to such termination, with termination having effect immediately before he was deemed to have entered into the agreement referred to in head (a) above³⁰.

A supply successor company ('the company') must notify the Secretary of State in writing immediately upon the occurrence of any of the following events and such notification must include the identity of any relevant third parties (as referred to in heads (vi) and (viii) below):

- 3085 (i) the company passes a resolution that it would be wound up;
- 3086 (ii) a court makes a winding-up order in relation to the company or the company enters administration;
- 3087 (iii) the company makes a composition or arrangement with its creditors;
- 3088 (iv) an administrative receiver, receiver or manager is appointed to the company by a creditor or by a court;
- 3089 (v) the company ceases to carry on business as an electricity supplier;
- 3090 (vi) the company makes arrangements to transfer its supply licence to a third party;
- 3091 (vii) the company has, or makes arrangements to have, its supply licence revoked or modified; or
- 3092 (viii) the company makes arrangements to transfer all or part of its electricity supply business to a third party³¹.

Where it appears to either the Secretary of State or to the Authority that in relation to the company any of the events listed in heads (i) to (viii) above has taken or will take place, all or part of the obligations of the company under the above provisions³² may be transferred by the Secretary of State to any third party, including any other existing supply successor company, who appears to the Secretary of State to have already or to be about to take over, continue or to have transferred to it all or part of the electricity supply business or the supply licence of the company³³. In those circumstances the Secretary of State must notify the relevant third party and the company in writing of the transfer of obligations³⁴ and that third party becomes a supply successor company with effect from a date specified by the Secretary of State and is to take over all or part of the obligations of the company under the above provisions³⁵ as specified by the Secretary of State³⁶. On making that written notification the Secretary of State must release the company from all or the appropriate part of its obligations under the above provisions³⁷ and must notify the company accordingly and specify the date on which such release is to take effect³⁸.

For enforcement purposes, the obligations of each supply successor company set out above are to be treated as relevant requirements³⁹ for the purposes of Part I⁴⁰ of the Electricity Act 1989⁴¹.

1 As to the Secretary of State see PARA 601 note 1 ante.

2 Public electricity suppliers have now been replaced by electricity suppliers and electricity distributors: see the Utilities Act 2000 s 31(1), cited in PARA 1065 note 9 ante.

3 Electricity Act 1989 s 32(1) (as originally enacted). In exercise of the power so conferred, the Secretary of State made the following orders: (1) the Electricity (Non-Fossil Fuel Sources) (England and Wales) Order 1990, SI 1990/263 (amended by SI 1990/494); (2) the Electricity (Non-Fossil Fuel Sources) (England and Wales) (No 2) Order 1990, SI 1990/1859; (3) the Electricity (Non-Fossil Fuel Sources) (England and Wales) Order 1991, SI

1991/2490; (4) the Electricity (Non-Fossil Fuel Sources) (England and Wales) Order 1994, SI 1994/3259 (amended by SI 1995/68); (5) the Electricity (Non-Fossil Fuel Sources) (England and Wales) Order 1997, SI 1997/248; and (6) the Electricity (Non-Fossil Fuel Sources) (England and Wales) Order 1998, SI 1998/2353 (made after the amendments to the Electricity Act 1989 s 32 discussed in the text and notes 8-9 *infra*). For transitional provisions with regard to arrangements made before the day specified in the order referred to in head (1) *supra* (ie 1 April 1990) see the Electricity Act 1989 s 32(7) (as originally enacted). Contracts for the 1990 and 1991 Orders have now terminated.

4 Electricity Act 1989 s 32(2)(a) (as originally enacted). For these purposes, a 'non-fossil fuel generating station' meant a generating station which is (or may be) fuelled or driven otherwise than by a fossil fuel; and 'fossil fuel' meant coal, coal products, lignite, natural gas, crude liquid petroleum or petroleum products: s 32(8) (as originally enacted). 'Coal products' meant any substances produced directly or indirectly from coal; and 'natural gas' and 'petroleum products' had the same meanings as in the Energy Act 1976 (see PARA 603 notes 3-4 *ante*): Electricity Act 1989 s 32(8) (as originally enacted). For the meaning of 'generating station' see PARA 1041 note 12 *ante*.

5 *Ibid* s 32(2)(b) (as originally enacted). See eg the Electricity (Non-Fossil Fuel Sources) (England and Wales) Order 1991, SI 1991/2490, art 2, Sch 1, Tables A-F.

6 Electricity Act 1989 s 32(2) (as originally enacted). See further note 3 heads (1)-(6) *supra*.

Subject to s 32(6) (as originally enacted), if throughout any period a public electricity supplier (1) was entitled under a contract to purchase, at any wattage specified in the contract, electricity generated by a particular non-fossil fuel generating station; or (2) himself operated a non-fossil fuel generating station and, of the station's capacity, any wattage did not fall to be regarded, by virtue of head (1) *supra*, as available to any other person, a generating capacity of that wattage was to be regarded for the purposes of s 32 (as originally enacted) as available to that supplier from that station for that period: s 32(5) (as originally enacted). The amount of a non-fossil fuel generating station's capacity which might be regarded as available for these purposes was not to exceed that station's declared net capacity; and where different parts of such a station's capacity fell to be regarded as available to different persons, any excess over that station's declared net capacity was to be apportioned between those persons: see s 32(6) (as originally enacted). 'Declared net capacity', in relation to a non-fossil fuel generating station, meant the highest generation of electricity (at the main alternator terminals) which could be maintained indefinitely without causing damage to the plant less (a) so much of that capacity as was consumed by the plant; and (b) in the case of a station which was capable of being fuelled by a fossil fuel, so much of that capacity as the former Director General of Electricity Supply (now replaced by the Gas and Electricity Markets Authority ('GEMA')) might determine: see s 32(8) (as originally enacted).

The Secretary of State might by regulations provide (i) that s 32(5)-(8) (as originally enacted) was to have effect in relation to any non-fossil fuel generating station which was driven by water, wind or solar power with such modifications as might be prescribed; and (ii) that electricity generated outside the United Kingdom was to be treated for the purposes of s 32(5)(a) (as originally enacted) (see head (2) *supra*) as generated by a non-fossil fuel generating station in such circumstances and to such extent as might be prescribed: see s 32(9) (as originally enacted). As to the exercise of the power under head (i) *supra* see the Electricity Act 1989 (Modifications of Section 32(5) to (8)) Regulations 1990, SI 1990/264; and as to the exercise of the power under head (ii) *supra* see the Electricity (Imported Capacity) Regulations 1990, SI 1990/265.

7 Electricity Act 1989 s 32(2) (as originally enacted). See eg the Electricity (Non-Fossil Fuel Sources) (England and Wales) Order 1990, SI 1990/263, art 3, Sch 1.

8 For these purposes, 'combined heat and power station' meant a non-fossil fuel generating station which was, or might be, operated for purposes including the supply to any premises of: (1) heat produced in association with electricity; or (2) steam produced from, or air and water heated by, such heat: see the Electricity Act 1989 s 32(8) (as originally enacted; definition added by the Environment Act 1995 s 120(1), Sch 22 para 39(1), (3)).

9 See the Electricity Act 1989 s 32(2A)-(2C) (added by the Environment Act 1995 s 120(1), Sch 22 para 39(1), (2)).

10 See PARA 1219 *ante*.

11 *Ie* the orders cited in note 3 heads (4)-(6) *supra*. Those orders are referred to as 'NFFO Orders 3, 4 and 5': see the Electricity from Non-Fossil Fuel Sources Saving Arrangements Order 2000, SI 2000/2727, art 2(1). Contracts under the 1997 and 1998 Orders (ie NFFO Orders 4 and 5) have been amended by the Electricity from Non-Fossil Fuel Sources Arrangements (England and Wales) Order 2006, SI 2006/2388.

12 For the prescribed modifications see the Electricity from Non-Fossil Fuel Sources Saving Arrangements Order 2000, SI 2000/2727, art 8, which repeals the Electricity Act 1989 s 32(3), (4) (as originally enacted) (enforcement provisions).

13 le for the purposes of the Electricity from Non-Fossil Fuel Sources Saving Arrangements Order 2000, SI 2000/2727 (as amended): see the text and notes 15-41 *infra*.

14 Ibid arts 2(1), 8A (art 8A added by SI 2001/3268).

15 'Supply successor company' means a person who became the holder of a supply licence under the Electricity Act 1989 s 6(1)(d) (as substituted) (see PARA 1065 *ante*) on 1 October 2001 by virtue of a licensing scheme made in relation to a public electricity supplier under the Utilities Act 2000 Sch 7 Pt II (paras 13-22) (see PARA 1034 note 23 *ante*) or such other person who has become a supply successor company by virtue of the Electricity from Non-Fossil Fuel Sources Saving Arrangements Order 2000, SI 2000/2727, art 7(3) (see the text and notes 34-36 *infra*); and 'public electricity supplier' means a person who, prior to 1 October 2001, was authorised by a licence to supply electricity under the Electricity Act 1989 s 6(1)(c) as that provision had effect immediately before the coming into force of the Utilities Act 2000 s 30, as to which see PARA 1065 *ante*) and whose 'authorised area' (as defined in the Electricity Act 1989 s 6(9) as that provision had effect immediately before the coming into force of the Utilities Act 2000 s 30) was situated wholly or mainly in England and Wales: Electricity from Non-Fossil Fuel Sources Saving Arrangements Order 2000, SI 2000/2727, art 2(1) (definitions respectively added and substituted by SI 2001/3268).

16 'Order period' means the period starting on 1 October 2001 and ending on 30 November 2018: Electricity from Non-Fossil Fuel Sources Saving Arrangements Order 2000, SI 2000/2727, art 2(1) (definition substituted by SI 2001/3268).

17 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 *et seq ante*; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 *ante*.

18 'Nominated person' means the person who was nominated by the public electricity suppliers in compliance with the Electricity from Non-Fossil Fuel Sources Saving Arrangements Order 2000, SI 2000/2727, art 3 and approved by the Secretary of State under art 5 (as those provisions had effect immediately before the coming into force of the amendments to the 2000 Order by the Electricity from Non-Fossil Fuel Sources Saving Arrangements (Amendment) Order 2001, SI 2001/3268) unless approval of that person has been withdrawn by the Secretary of State in which case it means the person approved by the Secretary of State under the Electricity from Non-Fossil Fuel Sources Saving Arrangements Order 2000, SI 2000/2727, art 5 (as amended): art 2(1) (definition added by SI 2001/3268). The nominated person is the Non-Fossil Purchasing Agency Ltd.

A person may only become or continue to be a nominated person if that person is registered under the Companies Act 1985 or the Companies Act 2006 as a company limited by shares and is approved by the Secretary of State: Electricity from Non-Fossil Fuel Sources Saving Arrangements Order 2000, SI 2000/2727, art 5(1); Companies Act 2006 s 1297(5). Without prejudice to the Electricity from Non-Fossil Fuel Sources Saving Arrangements Order 2000, SI 2000/2727, art 10 (as substituted) (enforcement: see the text and notes 39-41 *infra*), if any of the requirements set out in note 19 *infra* are not being met at any time, the Secretary of State may withdraw his approval of the nominated person at any time on such notice as is reasonable in the circumstances. Where the Secretary of State withdraws his approval he may either himself nominate one or more persons to be the nominated person or he may request that the supply successor companies nominate a replacement: art 5(2) (art 5(2), (3) amended, art 5(4), (5) substituted, and art 5(6), (7) added, by SI 2001/3268). Where the Secretary of State has withdrawn his approval of the nominated person in accordance with the above provision, the supply successor companies must jointly bear the administrative costs incurred as a result of this change in proportions to be determined by the Secretary of State: Electricity from Non-Fossil Fuel Sources Saving Arrangements Order 2000, SI 2000/2727, art 5(3) (as so amended). If the supply successor companies wish to change the person who is to be the nominated person for the purposes of the 2000 Order they must jointly nominate the person they wish to become the nominated person and request in writing that the Secretary of State both approve the person so nominated and withdraw approval of the then existing nominated person: art 5(4) (as so substituted). Where there is a change in the person who is nominated to be the nominated person (either at the instigation of the supply successor companies or the Secretary of State) the Secretary of State's approval of the person so nominated may be conditional on new arrangements having been entered into by the new nominated person by a date specified by the Secretary of State: art 5(5) (as so substituted). In the circumstances described in art 5(5) (as so substituted), the dates referred to in arts 3, 4 and 6 (as amended) may be replaced with dates specified by the Secretary of State and the reference in art 6(1)(b) to the 'original arrangements' is to be read as a reference to arrangements which replace those original arrangements to which the generator (or his successor) was party immediately prior to the date specified by the Secretary of State to be inserted into art 6(1)(a): art 5(6) (as so added). Where requested in writing to approve a person nominated for the purposes of the 2000 Order, the Secretary of State must decide whether to so approve or not and must notify the supply successor companies in writing of that decision within 30 days of receipt of such request: art 5(7) (as so added).

19 le the requirements listed in the Electricity from Non-Fossil Fuel Sources Saving Arrangements Order 2000, SI 2000/2727, art 4(1). The requirements are as follows (art 4(1) (amended by SI 2001/3268; and by virtue of the Utilities Act 2000 s 3(2)), ie:

- 77 (1) the nominated person must by the commencement of the order period have made arrangements ('the new arrangements') which replace (in so far as it is necessary to comply with the 2000 Order) the original arrangements but with the nominated person replacing the relevant public electricity supplier as contracting party to those arrangements in each case;
- 78 (2) subject to the Electricity from Non-Fossil Fuel Sources Saving Arrangements Order 2000, SI 2000/2727, art 4(2), the new arrangements must secure that there is available to the nominated person from the non-fossil fuel generating stations described in the orders cited in note 3 heads (3)-(6) supra the aggregate amount of generating capacity which, immediately before 1 October 2001, would have been required by those orders to have been available to public electricity suppliers from that date until the end of the order period, had the 2000 Order not been made;
- 79 (3) having entered into the new arrangements, the nominated person must not by any act or omission of his prevent those arrangements made by him from securing the result mentioned in head (2) supra;
- 80 (4) the new arrangements must be on terms such that generators who are party to them are in substantially the same economic position as regards matters relating to contract price, indexation and term under those new arrangements as they had been in as party to the original arrangements;
- 81 (5) all electricity made available to the nominated person under the new arrangements must be offered for sale to persons who must include all licensed electricity suppliers;
- 82 (6) the nominated person must use his reasonable endeavours to receive the best price reasonably attainable for such electricity;
- 83 (7) the nominated person must conduct himself at all times in relation to his operations in general and in particular in relation to the selling of such electricity in a manner so as to ensure and satisfy the Authority that he does not show any undue preference or exercise any undue discrimination in relation to any licensed electricity supplier or class of licensed electricity supplier; and
- 84 (8) any owner must not gain any advantage from his ownership (save that expressly permitted under either the 2000 Order or regulations made under the Electricity Act 1989 s 33 (repealed with savings: see PARA 1241 post)) in relation to the purchase or sale by the nominated person of electricity which has been made available to him under the new arrangements and arrangements must be in place so as to ensure at all times that any owner does not gain such advantage.

The amount of generating capacity required by head (2) supra to be available to the nominated person must be reduced in the same manner that the Electricity (Non-Fossil Fuel Sources) (England and Wales) Order 1997, SI 1997/248, art 4 reduced the amount of generating capacity required to be made available to public electricity suppliers by that Order, but the reduction in generating capacity so provided for must be calculated by reference to any adapted conditions instead of by reference to the conditions precedent and termination events set out in the Electricity (Non-Fossil Fuel Sources) (England and Wales) Order 1997, SI 1997/248, Schs 2, 3; and for these purposes an 'adapted condition' means a condition set out in the new arrangements which has broadly equivalent effect to a provision contained in Sch 2 or Sch 3 taking into account the existence of any new electricity trading arrangements and the fact that it is the nominated person, not a public electricity supplier, who enters into the new arrangements: Electricity from Non-Fossil Fuel Sources Saving Arrangements Order 2000, SI 2000/2727, art 4(2), (3). Any case of dispute as to whether a condition in the new arrangements is an 'adapted condition' may be referred to and determined by the Secretary of State on application by either the nominated person or a generator who is party to those new arrangements: art 4(4).

'Licensed electricity supplier' means any person falling within the definition of 'electricity supplier' in the Electricity Act 1989 s 6(9) (as substituted) (see PARA 1065 note 7 ante); 'new arrangements' means arrangements made by the nominated person which comply with all the requirements of the Electricity from Non-Fossil Fuel Sources Saving Arrangements Order 2000, SI 2000/2727, art 4(1)(a), (b) and (e) (as amended) (see heads (1)-(4) supra); 'generator' means any operator of a non-fossil fuel generating station described in any of the orders cited in note 3 heads (4)-(6) supra who immediately before 27 March 2001 was party to any original arrangements; 'original arrangements' means the additional arrangements referred to in the Electricity Act 1989 s 32 prior to its substitution by the Utilities Act 2000 s 62 which were entered into by public electricity suppliers in compliance with their obligations under the orders cited in note 3 heads (4)-(6) supra; and 'owner' means any person who either directly or indirectly owns or has any interest in the nominated person (and the term 'ownership' is to be construed accordingly): Electricity from Non-Fossil Fuel Sources Saving Arrangements Order 2000, SI 2000/2727, art 2(1) (definitions of 'generator', 'licensed electricity supplier' and 'original arrangements' substituted by SI 2001/3268).

20 Electricity from Non-Fossil Fuel Sources Saving Arrangements Order 2000, SI 2000/2727, art 3(1) (substituted by SI 2001/3268). Within 45 days after the commencement of the order period (or at such later or additional dates as the Secretary of State might consider necessary) the Authority was to report to the Secretary of State the extent to which it was satisfied that the supply successor companies had complied with their obligation in the Electricity from Non-Fossil Fuel Sources Saving Arrangements Order 2000, SI 2000/2727, art 3(1) (now as substituted): see art 3(6) (added by SI 2001/3268).

21 Electricity from Non-Fossil Fuel Sources Saving Arrangements Order 2000, SI 2000/2727, art 3(2) (arts 3(2), (3) amended by SI 2001/3268).

22 See note 19 *supra*.

23 It must not prevent any new arrangements from securing the result mentioned in the Electricity from Non-Fossil Fuel Sources Saving Arrangements Order 2000, SI 2000/2727, art 4(1)(b) (as substituted) (see note 19 head (2) *supra*): art 3(2) (as amended: see note 21 *supra*).

24 Its obligations in the Electricity from Non-Fossil Fuel Sources Saving Arrangements Order 2000, SI 2000/2727 (as amended).

25 *Ibid* art 3(3) (as amended (see note 21 *supra*); also amended by virtue of the Utilities Act 2000 s 3(2)).

26 Electricity from Non-Fossil Fuel Sources Saving Arrangements Order 2000, SI 2000/2727, art 3(4) (amended by virtue of the Utilities Act 2000 s 3(2)).

27 Electricity from Non-Fossil Fuel Sources Saving Arrangements Order 2000, SI 2000/2727, art 3(5).

28 It all the requirements of the Electricity from Non-Fossil Fuel Sources Saving Arrangements Order 2000, SI 2000/2727 (as amended).

29 Any dispute as to whether the terms of the agreement referred to in head (1) in the text comply with the requirements of the Electricity from Non-Fossil Fuel Sources Saving Arrangements Order 2000, SI 2000/2727 (as amended) in relation to the new arrangements might be referred to and determined by the Secretary of State where application to the Secretary of State had been made in writing before 1 December 2001. In making his determination under this provision the Secretary of State might give such directions to the nominated person or the generator as appeared to him to be appropriate for varying the terms of the agreement so that they comply with the requirements of the 2000 Order in relation to the new arrangements: art 6(3) (art 6(1)-(3) amended by SI 2001/3268).

30 Electricity from Non-Fossil Fuel Sources Saving Arrangements Order 2000, SI 2000/2727, art 6(1) (as amended: see note 29 *supra*). Where art 6(1) (as amended) applies, the nominated person was to notify the generator in writing within 14 days after 27 March 2001 of the terms of the agreement which are deemed to apply to him: art 6(2) (as so amended).

31 *Ibid* art 7(1) (amended by SI 2001/3268; SI 2003/2096).

32 It under the Electricity from Non-Fossil Fuel Sources Saving Arrangements Order 2000, SI 2000/2727 (as amended).

33 *Ibid* art 7(2).

34 Its obligations under the Electricity from Non-Fossil Fuel Sources Saving Arrangements Order 2000, SI 2000/2727 (as amended).

35 See note 32 *supra*.

36 Electricity from Non-Fossil Fuel Sources Saving Arrangements Order 2000, SI 2000/2727, art 7(3).

37 See note 32 *supra*.

38 Electricity from Non-Fossil Fuel Sources Saving Arrangements Order 2000, SI 2000/2727, art 7(4).

39 For the meaning of 'relevant requirement' see PARA 1207 note 5 *ante*.

40 It for the purposes of the Electricity Act 1989 Pt I (ss 3A-64) (as amended): see PARA 1041 *et seq ante*, PARA 1241 *et seq post*.

41 Electricity from Non-Fossil Fuel Sources Saving Arrangements Order 2000, SI 2000/2727, art 10 (substituted by SI 2001/3268).

UPDATE

**1239-1240 Secretary of State's power to make relevant orders,
Arrangements for securing the availability of generating capacity from non-fossil fuel sources**

Certain functions under provisions mentioned in these paragraphs are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

1240 Arrangements for securing the availability of generating capacity from non-fossil fuel sources

NOTES--Certain functions under provisions mentioned in this paragraph are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3, see LOCAL GOVERNMENT vol 69 (2009) PARA 733.

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(6) PROTECTION OF THE PUBLIC INTEREST/(i) Fuel Sources and Fuel Stocks/D. ELECTRICITY FROM NON-FOSSIL FUEL SOURCES AND FOSSIL FUEL LEVY; TRANSITIONAL ARRANGEMENTS AND SAVINGS/1241. Power to impose fossil fuel levy.

1241. Power to impose fossil fuel levy.

For the period beginning on 1 October 2001 and ending on 30 November 2018¹, the following provisions continue to have effect².

The Secretary of State³ may by regulations provide⁴:

- 3093 (1) for the imposition on electricity suppliers⁵ of a levy in respect of each qualifying month⁶;
- 3094 (2) for the collection of payments in respect of that levy by a prescribed⁷ person⁸; and
- 3095 (3) for the making of payments by that person to the nominated person⁹ out of the payments so collected¹⁰.

The amount of any payment required to be made to the nominated person by regulations under these provisions must be the difference between:

- 3096 (a) the total cost incurred by the nominated person in purchasing electricity which was generated in pursuance of qualifying arrangements¹¹; and
- 3097 (b) the total amount received by the nominated person in relation to the sale of such electricity or rights relating thereto,

calculated, in each case, by such method and with reference to such periods of time as may be specified by such regulations, and the total cost referred to in head (a) above is to include such costs as are reasonably incurred by the nominated person in relation to the sale and purchase of such electricity and any advance or deferred payments¹². Where the amount referred to in head (b) above is greater than the cost referred to in head (a) above the difference must be paid by the nominated person to the prescribed person referred to in head (2) above, such difference being calculated by such method as may be specified by regulations under these provisions¹³.

Regulations under these provisions may:

- 3098 (i) impose requirements, whether as to the furnishing of records or other information¹⁴ or the affording of facilities for the examination and testing of meters or otherwise, on the nominated person and on persons authorised by a licence to supply, transmit, distribute or generate electricity¹⁵;
- 3099 (ii) make provision as to the times at which payments falling to be made in pursuance of the regulations, whether payments by way of levy or payments to or by the nominated person, are to be so made¹⁶;
- 3100 (iii) require the amount of any overpayment or underpayment which is made by or to any person, whether it arises because an estimate turns out to be wrong or otherwise, to be set off against or added to any subsequent liability or entitlement of that person¹⁷;

- 3101 (iv) make provision for a debt recovery procedure to be followed by the nominated person, including provision for the consequences for the nominated person of that procedure not being followed¹⁸; and
- 3102 (v) include certain transitional measures¹⁹.

The Secretary of State must exercise the powers so conferred on him in the manner which he considers is best calculated to secure that the sums realised by the levy are sufficient, after payment of the administrative expenses of the prescribed person, to pay to the nominated person each qualifying month the payment required to be made to him by the regulations²⁰.

1 le the 'order period': see the Electricity from Non-Fossil Fuel Sources Saving Arrangements Order 2000, SI 2000/2727, art 2(1) (as amended); and PARA 1240 note 16 ante.

2 See *ibid* art 11(1), which provides that the Electricity Act 1989 s 32 (as originally enacted) is to have effect from 21 November 2000, notwithstanding its repeal by the Utilities Act 2000 s 66; and the Electricity from Non-Fossil Fuel Sources Saving Arrangements Order 2000, SI 2000/2727, art 11(2), which modifies the Electricity Act 1989 s 33 with effect from the beginning of the order period.

3 As to the Secretary of State see PARA 601 note 1 ante.

4 Electricity Act 1989 s 33(1) (amended by the Electricity from Non-Fossil Fuel Sources Saving Arrangements Order 2000, SI 2000/2727, art 11(2)(a)). As to the making of regulations generally see the Electricity Act 1989 ss 60, 106 (as amended); and PARA 1306 post.

5 For the meaning of 'electricity supplier' see PARA 1065 note 7 ante.

6 Electricity Act 1989 s 33(1)(a) (s 33(1)(a), (c) substituted by the Non-Fossil Fuel Sources Saving Arrangements (Amendment) Order 2001, SI 2001/3268, art 3(1), (2)). 'Qualifying month' in relation to an electricity supplier or a public electricity supplier, means a month beginning on or after the day appointed by the first order under the Electricity Act 1989 s 32 (as originally enacted) (see PARA 1240 note 3 ante) which has effect in relation to that supplier and in relation to the nominated person the meaning is to be specified in regulations made under s 33 (as amended and repealed with savings): s 33(8) (substituted by the Non-Fossil Fuel Sources Saving Arrangements (Amendment) Order 2001, SI 2001/3268, art 3(1), (5)). 'Public electricity supplier' means a person who, prior to 1 October 2001, was authorised by a licence to supply electricity under the Electricity Act 1989 s 6(1)(c) (as that provision had effect immediately before the coming into force of the Utilities Act 2000 s 30 (as to which see PARA 1065 ante)) and whose 'authorised area' (as defined in the Electricity Act 1989 s 6(9) as that provision had effect immediately before the coming into force of the Utilities Act 2000 s 30) was situated wholly or mainly in England and Wales: Electricity Act 1989 s 33(8) (as so substituted). For the meaning of 'nominated person' see note 9 *infra*.

The amount of any payment which is required by regulations under s 33 (as amended; repealed with savings by the Utilities Act 2000 s 66) to be made by any person in respect of the levy must be calculated, by such method as may be specified by the regulations, by reference to the aggregate amount charged by that person for leviable electricity supplied by him during the qualifying month: Electricity Act 1989 s 33(2). 'Leviable electricity' means electricity which (1) is generated by a fossil fuel generating station; (2) is generated by a generating station fuelled by nuclear fuel; or (3) is generated in pursuance of qualifying arrangements by a generating station fuelled or driven otherwise than by a fossil fuel or nuclear fuel; and 'fossil fuel generating station' means a generating station fuelled by a fossil fuel: s 33(8) (as so substituted). For the meaning of 'qualifying arrangements' see note 11 *infra*. For the meanings of 'generating station' and 'generate' see PARA 1041 notes 6-7 ante. The Secretary of State may by regulations amend s 33 (as amended) (repealed with savings) so as to (a) omit the word 'leviable' in s 33(2); and (b) omit the definition of 'leviable electricity' in s 33(8) (as substituted): s 33(9) (added by the Fossil Fuel Levy Act 1998 s 1(1), (3)).

7 For the meaning of 'prescribed' see PARA 1096 note 11 ante.

8 Electricity Act 1989 s 33(1)(b). The prescribed person to collect payments and to make payments to the nominated person (see head (3) in the text) is the Gas and Electricity Markets Authority ('GEMA'): Fossil Fuel Levy Regulations 1990, SI 1990/266, reg 4 (substituted by SI 2001/1200).

9 'Nominated person' has the meaning given in the Electricity from Non-Fossil Fuel Sources Saving Arrangements Order 2000, SI 2000/2727 (as amended) (see PARA 1240 note 18 ante): Electricity Act 1989 s 33(8) (as substituted: see note 6 *supra*).

10 Electricity Act 1989 s 33(1)(c) (as substituted: see note 6 *supra*).

11 For these purposes, references to qualifying arrangements in relation to the nominated person are to any arrangements which: (1) are new arrangements, as defined in the Electricity from Non-Fossil Fuel Sources Saving Arrangements Order 2000, SI 2000/2727 (as amended) (see PARA 1240 note 19 ante); or (2) would be new arrangements but for the fact that the parties to them have modified the arrangements by changing the location of the generating station which is the subject of the arrangements ('modified new arrangements'), and satisfy the requirements specified in the Electricity Act 1989 s 33(7B) (as added), and which satisfy such other requirements as may be specified in regulations made under the Electricity Act 1989 s 33 (as amended): s 33(7A) (added by the Deregulation (Non-Fossil Fuel) Order 1997, SI 1997/1185 art 11(1), (2)(j)); substituted by the Electricity from Non-Fossil Fuel Sources (Locational Flexibility) Order 2001, SI 2001/3914, art 2(1), (2)). The requirements mentioned in head (2) supra are that: (a) the new location of the generating station is anywhere within Great Britain, including (unless the relevant NFFO order requires the generating station to be 'on-shore') any part of the territorial sea of the United Kingdom which is adjacent to Great Britain; (b) planning permission and all necessary consents (including any necessary wayleave consents), easements, servitudes and rights to enable the generating station to be constructed and operated at the new location in accordance with and as contemplated by the terms of the modified new arrangements have been obtained; (c) no generating station has been built pursuant to the arrangements prior to the change of location; (d) the modified new arrangements do not relate to a generating station built at the new location prior to the change of location; and (e) evidence of the modified new arrangements has been produced to the Authority: Electricity Act 1989 s 33(7B) (ss 33(7B)-(7D) added by the Electricity from Non-Fossil Fuel Sources (Locational Flexibility) Order 2001, SI 2001/3914, art 2(1), (2)). The relevant NFFO order referred to in head (a) supra is the order mentioned in heads (i)-(iii) infra pursuant to which the arrangements were first produced to the former Director General of Electricity Supply (prior to the abolition of that office by the Utilities Act 2000 s 1(3)), in compliance with the Electricity Act 1989 s 32 as originally enacted: s 33(7C) (as so added). The Orders are (i) the Electricity (Non-Fossil Fuel Sources) (England and Wales) Order 1994, SI 1994/3259 (amended by SI 1995/68); (ii) the Electricity (Non-Fossil Fuel Sources) (England and Wales) Order 1997, SI 1997/248; and (iii) the Electricity (Non-Fossil Fuel Sources) (England and Wales) Order 1998, SI 1998/2353: Electricity Act 1989 s 33(7D) (as so added).

12 Ibid s 33(5) (substituted by the Electricity from Non-Fossil Fuel Sources Saving Arrangements (Amendment) Order 2001, SI 2001/3268, art 3(1), (3)). 'Advance payment' means any payment made or expense incurred in relation to a particular generating station before electricity is first generated by that station; and 'deferred payment' means any payment made or expense incurred in relation to a particular generating station after electricity ceases to be generated by that station: Electricity Act 1989 s 33(8) (as substituted: see note 6 supra).

13 Ibid s 33(5A) (added by the Electricity from Non-Fossil Fuel Sources Saving Arrangements Order 2000, SI 2000/2727, art 11(1), (2)(f); substituted by the Non-Fossil Fuel Sources Saving Arrangements (Amendment) Order 2001, SI 2001/3268, art 3(1), (3)). The Authority must collect payments from the nominated person pursuant to the Electricity Act 1989 s 33(5A) (as substituted): Fossil Fuel Levy Regulations 1990, SI 1990/266, reg 4 (as substituted: see note 8 supra).

14 For the meaning of 'information' see PARA 1044 note 10 ante.

15 Electricity Act 1989 s 33(6)(a) (s 33(6) substituted by the Non-Fossil Fuel Sources Saving Arrangements (Amendment) Order 2001, SI 2001/3268, art 3(1), (3)). As to licences to supply, transmit, distribute or generate electricity see PARA 1065 ante at heads (1)-(4) in the text.

16 Electricity Act 1989 s 33(6)(b) (as substituted: see note 15 supra).

17 Ibid s 33(6)(c) (as substituted: see note 15 supra).

18 Ibid s 33(6)(d) (as substituted: see note 15 supra). As to the prescribed debt recovery procedure see the Fossil Fuel Levy Regulations 1990, SI 1990/266, reg 5A (added by SI 2001/1200).

19 See the Electricity Act 1989 s 33(10) (added by the Electricity from Non-Fossil Fuel Sources Saving Arrangements Order 2000, SI 2000/2727, art 11(1), (2)(n); substituted by the Non-Fossil Fuel Sources Saving Arrangements (Amendment) Order 2001, SI 2001/3268, art 3(1), (6)).

20 Electricity Act 1989 s 33(7) (amended by the Electricity from Non-Fossil Fuel Sources Saving Arrangements Order 2000, SI 2000/2727, art 11(1), (2)(i); the Non-Fossil Fuel Sources Saving Arrangements (Amendment) Order 2001, SI 2001/3268, art 3(1), (4)).

Halsbury's Laws of England/FUEL AND ENERGY (VOLUME 19(1) (2007 REISSUE) PARAS 601-775; VOLUME 19(2) (2007 REISSUE) PARAS 776-1328); VOLUME 19(3) (2007 REISSUE) PARAS 1329-1927)/4. PARTICULAR PROVISIONS RELATING TO ELECTRICITY/(6) PROTECTION OF THE PUBLIC INTEREST/(i) Fuel Sources and Fuel Stocks/D. ELECTRICITY FROM NON-FOSSIL FUEL SOURCES AND FOSSIL FUEL LEVY; TRANSITIONAL ARRANGEMENTS AND SAVINGS/1242. Calculation and payments of fossil fuel levy.

1242. Calculation and payments of fossil fuel levy.

Each licensed supplier¹ must pay a levy² in respect of each qualifying month³ in accordance with the following provisions⁴. In relation to a levy payment date⁵ the method of calculating the amount of the payment required to be made⁶ ('the amount') is as described in the relevant⁷ regulation⁸.

From time to time the Gas and Electricity Markets Authority ('GEMA')⁹ must calculate the rate of the levy in accordance with the prescribed method¹⁰; and the rate of the levy must be reviewed by the Authority according to that method at least once in any period of 12 months¹¹. At least 14 days before any notification of that rate is issued¹², the Authority must consult the Secretary of State¹³ on the calculation or review of the levy rate and must provide him with all assumptions, information and data upon which the calculation or review is based. The Secretary of State may make representations to the Authority in relation to the intended rate of the levy and the Authority must take account of any such representations before issuing the notification¹⁴. Having calculated or reviewed the rate of the levy the Authority must notify the rate of the levy to the Secretary of State, the nominated person and each licensed supplier; and any change in the rate of the levy must be notified to the above persons at least three months before the commencement of the qualifying month, or the first of the qualifying months, to which it applies¹⁵. The Authority must also notify the rate of the levy to the applicant for a licence to supply electricity to premises¹⁶ at the time the licence is granted¹⁷. The Authority must arrange for the publication of the rate of levy calculated by it in accordance with these provisions in such form and such manner as the Authority considers appropriate for bringing it to the attention of consumers of electricity supplied by licensed suppliers¹⁸.

In relation to supplies of electricity other than leviable electricity, where a licensed supplier is exclusively entitled under any agreement with the operator of a generating station¹⁹ specified, or of a description specified, in the agreement or with any person who is entitled to procure the delivery of electricity generated by any such station to direct the delivery to him or to a licensed distributor²⁰ or to a licensed transmitter²¹ of all or part of the electricity generated by such station and:

3103 (1) a direction is given by or on behalf of the supplier in or pursuant to that agreement requiring the delivery during a qualifying month of a quantity, specified in or calculated in accordance with the direction and being either the whole or a part less than the whole, of the electricity generated by that station;

3104 (2) the specified quantity of electricity is so generated and is delivered in accordance with such direction;

3105 (3) at the time of delivery it is not physically impossible for an amount of electricity equal to the specified quantity of electricity to have been conveyed from the station to the point of delivery or, as the case may be, in the aggregate to the points of supply; and

3106 (4) the supplier supplies in the same qualifying month a quantity of electricity at least equal to the quantity specified in or calculated in accordance with his direction,

then, and subject to evidence of the above-mentioned matters being provided to the reasonable satisfaction of the Authority, the licensed supplier is to be regarded²² as having supplied during that qualifying month a quantity of electricity other than leviabale electricity generated by the generating station mentioned in head (1) above equal to whichever is the lesser of the quantity mentioned in that head and the quantity of electricity generated and delivered as mentioned in head (2) above²³. In relation to supplies of leviabale electricity, this provision applies as if it referred to leviabale electricity instead of to electricity other than leviabale electricity with the exception that evidence of the matters mentioned heads (1) to (4) above only need be provided to the Authority if it so requests²⁴. When calculating any quantity of electricity purchased or supplied by or otherwise attributed to licensed suppliers, due allowance must be made for any quantities of such electricity which are lost or consumed during its transmission and distribution²⁵; and when calculating any quantity of electricity purchased by a licensed supplier from an embedded generator²⁶, due allowance must be made for the fact that in such circumstances the loss or consumption of electricity during its distribution may not be the same as it is for electricity generated by generators who are not embedded generators²⁷.

Each licensed supplier must make payments in respect of the levy in accordance with the following provisions²⁸. In respect of each qualifying month, the licensed supplier must calculate²⁹ the amount of the payment due from him by applying the rate of levy notified to him by the Authority³⁰ to the aggregate amount (exclusive of the levy, value added tax and climate change levy) charged, whether or not a bill or invoice has been delivered to a customer, by him for leviabale electricity supplied by him³¹. Not more than one month after the end of each qualifying month the licensed supplier must make the payment which he has calculated to be due from him in respect of that month to the Authority³². If the licensed supplier makes that payment later than one month after the end of the qualifying month in question but before any default notice has been served on him³³ he must also pay³⁴ an amount in respect of interest³⁵. At the same time as he makes a payment in accordance with the above provision, and without prejudice to any other provision of the relevant regulations³⁶ which requires the licensed supplier to furnish the Authority with any description of statement, information or other material, the licensed supplier must furnish to the Authority a statement in accordance with the following provisions³⁷. Such a statement must:

- 3107 (a) set out the manner in which the licensed supplier has calculated the amount of the payment; and
- 3108 (b) without prejudice to the generality of head (a) above, include the best estimate the supplier can make³⁸ of the quantities (expressed in kilowatt hours) of leviabale electricity, and electricity other than leviabale electricity, supplied by him during the qualifying month in question; and
- 3109 (c) set out the price per kilowatt hour at which the supplier purchased the supplies of leviabale electricity supplied by him during the qualifying month in question³⁹.

With each such statement the licensed supplier must also furnish to the Authority such evidence as may be available to him to justify the estimate mentioned in head (b) above⁴⁰. Where any quantity of electricity mentioned in a statement so furnished to the Authority is generated by a fossil fuel⁴¹ generating station which is capable of being fuelled or driven otherwise than by a fossil fuel, the licensed supplier furnishing that statement must also furnish to the Authority an additional statement describing the fuels used in that generating station during the qualifying month⁴².

If at any time the Authority considers⁴³ that any one or more of the licensed suppliers is or are purporting to have supplied during any qualifying month quantities of electricity generated by a relevant station or stations⁴⁴:

- 3110 (i) which are greater than the quantities which the Authority has reason to believe were generated by such station or stations⁴⁵ during that qualifying month;
or
3111 (ii) which the Authority is not satisfied⁴⁶ were attributable to electricity generated by such station or stations⁴⁷ during that qualifying month,

the Authority may⁴⁸ reduce the quantities which the relevant supplier is purporting to have supplied in the appropriate manner⁴⁹. As soon as the Authority has reduced quantities in accordance with the above provisions, it must serve on each licensed supplier concerned a notice setting out any quantities so reduced and the quantities from which they have been reduced which are relevant to that supplier⁵⁰. As soon as he receives a notice so served, the licensed supplier must forthwith recalculate the amount of the payment in respect of the levy due from him in respect of the qualifying month in question on the basis of the reduced quantities set out in that notice, and as the circumstances may require:

- 3112 (A) the supplier must forthwith thereafter pay to the Authority the difference between the amount already due from him in respect of that month and the amount shown to be due by the recalculation in accordance with this provision; or
3113 (B) the supplier may deduct from the next payment due from him an amount equal to the difference between the amounts mentioned in head (A) above,

together, in each case, with an amount in respect of interest⁵¹. At the same time as he makes a payment in accordance with head (A) or head (B) above, the licensed supplier must furnish the Authority with a copy of the recalculation so made⁵².

1 'Licensed supplier' means an electricity supplier as defined in the Electricity Act 1989 s 6(9) (added by the Utilities Act 2000 s 30) (see PARA 1065 note 7 ante) who supplies customers in England and Wales: Fossil Fuel Levy Regulations 1990, SI 1990/266, reg 2(1) (definition substituted by SI 2001/3286).

2 'Levy' means the levy imposed by the Fossil Fuel Levy Regulations 1990, SI 1990/266 (as amended): reg 2(1) (regs 2-5, 6-8, 11, 12, 20, 21 substituted by SI 2001/1200).

3 'Qualifying month' in relation to the nominated person means the period from 27 March 2001 to 30 April 2001 and thereafter it means a month beginning on or after 1 May 2001: Fossil Fuel Levy Regulations 1990, SI 1990/266, reg 2(1) (as substituted: see note 2 supra). 'Nominated person' has the same meaning for these purposes as is given to it in the Electricity from Non-Fossil Fuel Sources Saving Arrangements Order 2000, SI 2000/2727 (as amended) (see PARA 1240 note 18 ante): Fossil Fuel Levy Regulations 1990, SI 1990/266, reg 2(1) (as so substituted).

4 Ibid reg 3 (as substituted: see note 2 supra).

5 'Levy payment date' in relation to any month after May 2001, means the fifth banking day of each qualifying month and the first levy payment date was 8 May 2001: ibid reg 2(1) (definition substituted by SI 2001/3286). 'Banking day' means a day on which banks are generally open in the City of London excluding Saturdays or Sundays: Fossil Fuel Levy Regulations 1990, SI 1990/266, reg 2(1) (as substituted: see note 2 supra).

6 Ie by either the Electricity Act 1989 s 33(5) (as substituted; repealed with savings) or s 33(5A) (as added and substituted; repealed with savings): see PARA 1241 ante.

7 Ie as described in the Fossil Fuel Levy Regulations 1990, SI 1990/266, reg 5 (as substituted: see note 2 supra).

8 See ibid reg 5(1) (as substituted: see note 2 supra). Where the amount is a positive number that number represents the amount which is required to be paid to the nominated person by the Electricity Act 1989 s 33(5) (as substituted; repealed with savings) (see PARA 1241 ante) in accordance with the Fossil Fuel Levy Regulations 1990, SI 1990/266, reg 28 (as substituted) (see PARA 1245 post): reg 5(8) (as so substituted). Where the amount is a negative number that number represents the amount which is required to be paid by the nominated person to the prescribed person (ie by the Gas and Electricity Markets Authority) by the Electricity Act 1989 s 33(5A)

(as added; repealed with savings) (see PARA 1241 ante) in accordance with the Fossil Fuel Levy Regulations 1990, SI 1990/266, reg 41 (as substituted) (see PARA 1245 post): reg 5(9) (as so substituted).

9 As to the establishment and general functions of the Gas and Electricity Markets Authority see PARA 708 et seq ante; and as to the use of the abbreviation 'GEMA' in this context see PARA 708 note 5 ante.

10 In calculating or reviewing the rate of the levy the Authority must take the following matters into account in relation to a period of time defined by it (which must not exceed 12 months): (1) the likely amount required by the Fossil Fuel Levy Regulations 1990, SI 1990/266, reg 5 (as substituted) to be paid by or to the nominated person; (2) the likely aggregate amount of all interest payments to be paid pursuant to reg 29(1) (as amended) less the likely aggregate amount of all interest payments to be paid pursuant to reg 29(2) (as amended); (3) the amount of the administrative expenses of the Authority likely to be deducted and retained by it in accordance with reg 28(2) (as substituted and amended: see PARA 1245 post); (4) the aggregate amount of all interest payments likely to be received pursuant to reg 30 (as amended) (see PARA 1245 post); (5) the aggregate amount of any money likely to be held or invested by the Authority having been received pursuant to the Fossil Fuel Levy Regulations 1990, SI 1990/266 (as amended); and (6) the aggregate amount (exclusive of the levy, value added tax and climate change levy) likely to be charged (whether or not a bill or invoice has been delivered to a customer) by licensed suppliers for leviabie electricity supplied by them: reg 6(2) (as substituted: see note 2 supra). As to climate change levy see PARA 661 et seq ante. For these purposes, any reference to leviabie electricity is to leviabie electricity supplied to customers in England and Wales: reg 2(2)(e) (as so substituted). For the meaning of 'leviabie electricity' see PARA 1241 note 6 ante.

11 Ibid reg 6(1) (as substituted: see note 2 supra).

12 Ie under ibid reg 6(4) (as substituted): see the text and note 15 infra.

13 As to the Secretary of State see PARA 601 note 1 ante.

14 Fossil Fuel Levy Regulations 1990, SI 1990/266, reg 6(3) (as substituted: see note 2 supra).

15 Ibid reg 6(4) (as substituted: see note 2 supra). Any document required or authorised by the 1990 Regulations to be served (whether the expression 'serve' or the expression 'send' or 'give' or any other expression is used) on any person is, if sent by first class post, to be deemed to have been delivered 48 hours from the time of posting: reg 38(1). This applies only for the purpose of determining when, for the purposes of those regulations, a document sent by post is deemed to be delivered, and does not affect any obligation of any person to furnish any information set out in the document: reg 38(2).

16 Ie the applicant for a licence under the Electricity Act 1989 s 6(1)(d) (as substituted and amended): see PARA 1065 ante.

17 Fossil Fuel Levy Regulations 1990, SI 1990/266, reg 6(5) (substituted by SI 2001/3286).

18 Fossil Fuel Levy Regulations 1990, SI 1990/266, reg 7 (as substituted: see note 2 supra).

19 For the meaning of 'generating station' see PARA 1041 note 6 ante.

20 'Licensed distributor' means an electricity distributor as defined in the Electricity Act 1989 s 6(9) (added by the Utilities Act 2000) (see PARA 1065 note 9 ante): Fossil Fuel Levy Regulations 1990, SI 1990/266, reg 2(1) (as substituted: see note 2 supra).

21 'Licensed transmitter' means a person authorised by a licence to transmit electricity (see PARA 1065 ante): ibid reg 2(1) (as substituted: see note 2 supra).

22 Ie for the purposes of the Fossil Fuel Levy Regulations 1990, SI 1990/266 (as amended) and subject to regs 9, 10 (see the text and notes 25-27 infra).

23 Ibid reg 8(1) (as substituted: see note 2 supra).

24 Ibid reg 8(2) (as substituted: see note 2 supra).

25 Ibid reg 9.

26 For these purposes, 'embedded generator' means the operator of a generating station which is connected directly to a system of electric lines and electrical plant operated by a licensed supplier or a licensed distributor: ibid reg 10(2) (amended by SI 2001/3286). For the meanings of 'electric line' and 'electrical plant' see PARA 1041 note 5 ante.

27 Fossil Fuel Levy Regulations 1990, SI 1990/266, reg 10(1).

28 Ibid reg 11(1) (as substituted: see note 2 supra). Any person who ceases to be a licensed supplier must, as regards any qualifying month or part of a qualifying month during which he was a licensed supplier, continue to be treated as if he were a licensed supplier for so long as there is in relation to him (1) any liability arising under the Fossil Fuel Levy Regulations 1990, SI 1990/266 (as amended), and not fully discharged; or (2) any right so arising and not fully satisfied: reg 40(1). Where any person who ceases to be a licensed supplier is not liable, by reason of such cessation, to make any further payments under reg 11 (as substituted), any requirement in the 1990 Regulations to make a payment with any further payment under reg 11 (as substituted) (however such further payment may be described) is to be construed as a requirement to make the payment forthwith, and reg 29 (as amended) (interest) applies as appropriate: reg 40(2).

29 Ie and, in doing so, must take into account any deductions which he may make in accordance with the Fossil Fuel Levy Regulations 1990, SI 1990/266 (as amended): reg 11(2) (as substituted: see note 2 supra).

30 Ie in accordance with ibid reg 6 (as substituted): see the text and notes 1-17 supra.

31 Ibid reg 11(2) (as substituted: see note 2 supra).

32 Ibid reg 11(3) (as substituted: see note 2 supra).

33 Ie under ibid reg 16(1) or reg 17(1): see PARA 1243 post.

34 Ie in accordance with ibid reg 29(1) (as amended). Interest at the prescribed interest rate and for the prescribed period must be paid by any licensed supplier on the amount of any payment made in accordance with reg 11(4) (as substituted): reg 29(1)(a). 'Prescribed interest rate' means a rate which is 4% per annum above the base rate of Barclays Bank plc current from time to time: reg 2(1) (as substituted: see note 2 supra). 'Prescribed period' means the period beginning on the day which is one month after the expiry of the qualifying month to which the payment mentioned in reg 29(1) or, as the case may be, the deduction mentioned in reg 29(2) relates and ending on the day on which the payment or deduction is actually made or, in the case of a payment, would have been made but for a deduction in accordance with the 1990 Regulations: reg 29(3).

35 Ibid reg 11(4) (as substituted: see note 2 supra).

36 Ie any other provision of the Fossil Fuel Levy Regulations 1990, SI 1990/266 (as amended).

37 Ibid reg 12(1) (as substituted: see note 2 supra).

38 Ie after taking into account the effect in relation to him of regs 8-10 (as amended) during the qualifying month in question.

39 Ibid reg 12(2) (as substituted: see note 2 supra). If, in the statement mentioned in reg 12 (as substituted), the price at which the licensed supplier purchased leviable electricity exceeds the price at which such electricity was sold by him, the licensed supplier must furnish the Authority with a statement setting out (1) any price below the purchase price which he is charging for leviable electricity; (2) the manner in which that price has been calculated; and (3) any reasons which the supplier may have to justify a belief on his part that it is appropriate in all the circumstances for amounts payable by him in respect of the levy to be calculated by reference to that lower price: reg 20(1) (as substituted: see note 2 supra). That statement must be furnished to the Authority at the same time as the licensed supplier furnishes the Authority with the statement in accordance with reg 12 (as substituted and amended): reg 20(2) (as so substituted). The licensed supplier must furnish the Authority with a further statement on each occasion when there is a change in any matter set out in the statement mentioned in reg 20(1) (as substituted); and such a further statement must set out the change which has taken place, and the reasons for that change: reg 20(3), (4) (as so substituted).
